TRIGGER EVENTS	
Asset Amount debited to AAA Principal Deficiency Sub Ledger, unless certain criteria are met	None
Non Asset Insolvency Event occurs in relation to Seller. Seller's role as Servicer terminated & new servicer appointed within 60 days. The then current Seller Share is less than the Minimum Seller Share.	None None None
An Arrears Trigger Event will occur if: (i) the Outstanding Principal Balance of the Loans in arrears for more than 90 days divided by the Outstanding Principal Balance of all of the Loans in the Mortgages Trust (expressed as a percentage) exceeds 2 per cent.; or (ii) the Issuer does not exercise its option to redeem the Issuing Entity Notes on the relevant step-up date pursuant to the Terms and Conditions of the Issuing Entity Notes (but only where such right of redemption arises on or after a particular specified date and not as a result of the occurrence of any event specified in the Terms and Conditions of the relevant Issuing Entity Notes)	None None
Full details of all Trigger Events can be found within the Holmes Master Issuer plc. base prospectus	

Definitions

1 Current value of mortgages

Includes all amounts of principal, interest and fees as yet unpaid by the borrower. Current Value of Mortgage Loans in Pool in 'Mortgage Loan Profile' and 'Trust Asset' is different due to the 'Mortgage Loan Profile' value including the accrued interest over the reporting period.

2 Arrears

This arrears multiplier is calculated as the arrears amount (which is the difference between the expected monthly repayments and the amount that has actually been paid, i.e. a total of under and/or over payments) divided by the monthly amount repayable. It is recalculated every time the arrears amount changes, i.e. on the date when a payment is due.

3 Defaults

For the purpose of the Bank of England Market Notice dated 30 November 2010 "defaults" is defined as properties been taken into possession.

4 1 month CPR

On any trust calculation date, the total principal receipts received during the immediately preceding trust calculation period divided by the aggregate current balance of the loans comprised in the trust property calculated on the previous trust calculation date in respect of the previous trust calculation period.

5 1 month annualised CPR

Calculated as $1 - ((1 - R) ^ 12)$ where R is (i) total principal receipts received scheduled and unscheduled during the relevant period, divided by (ii) the aggregate outstanding principal balance of the loans in the expected portfolio as at the start of that period.

6 3 month average CPR

The total principal receipts received during the immediately preceding trust calculation period for the last 3 months divided by the average aggregate current balance of the last 3 months of the loans comprised in the trust property.

7 3 month annualised CPR

Calculated as $1 - ((1 - R) ^ 4)$ where R is (i) total principal receipts received scheduled and unscheduled during the relevant period, divided by (ii) the average aggregate

12 month average CPR

8

The total principal receipts received during the immediately preceding trust calculation period for the last 12 months divided by the average aggregate current balance of the last 12

9

Savings balance

10 X

Current balance of Loans in the trust property multiplied by 4.4%

11 Y

Flexible drawings set-off risk

12 Z

Breach of Mortgage Sale Agreement

13 AA

Reward loans cashbacks

14 Excess Spread calculation

After a review of the calculation and reporting, Excess Spread has been updated to include 4 reporting components:

1. Quarterly including Z Notes 2. Quarterly excluding Z Notes 3. Monthly including Z Notes 4. Monthly excluding Z Notes

In all cases Excess Spread is calculated by dividing excess cash available (pre and post Z Note payment) divided by a. Quarterly = the weighted average Funding Share for the relevant period and b. Monthly = the current Funding Share for the relevant period

Notes Risk retention

The seller confirms that if it sells one or more new loans and their related security to the mortgages trustee on or after 1 January 2015, the seller, in its capacity as originator, (i) on or immediately following the relevant sale date, will retain, on an on-going basis, a material net economic interest of not less than 5 per cent. in the nominal value of the securitised exposures in accordance with the text of Article 405 of Regulation (EU) No 575/2013 and Article 51 of Regulation (EU) No 231/2013, and (ii) will disclose via an RNS announcement (or in such other manner as the seller may determine) such retained interest and the manner in which it is held. Any change to the manner in which such interest is held will be notified to noteholders in accordance with the conditions.

All capitalised terms used in this investor report have the meaning or descriptions assigned to them in the Holmes Master Issuer plc. base prospectus.
