- (a) Subject to sub-clause 19.4 below, the Note Trustee may without the consent or sanction of the Noteholders at any time and from time to time:
 - (i) concur with the Master Issuer or any other person; or
 - (ii) direct the Master Issuer Security Trustee to concur with the Master Issuer or any other person;

in making any modification (other than, in the case of (i) below, a Basic Terms Modification (as defined in paragraph 5 of Schedule 4 hereto)) to these presents or any of the other Transaction Documents which in the sole opinion of the Note Trustee it may be proper to make PROVIDED THAT

- (i) the Note Trustee is of the opinion that (A) such modifications will not be materially prejudicial to the interests of the Noteholders of any Class of any Series of Master Issuer Notes and (B) such modifications will not be materially prejudicial to the interests of the Master Issuer Swap Providers or, if it is not of that opinion in relation to the Master Issuer Swap Providers, the steps required pursuant to Clause 19.4(b)

and (c) have been taken and the Master Issuer Swap Providers have consented in writing or have been deemed to have consented to such modification; or

- (ii) in the opinion of the Note Trustee such modification is to correct a manifest or proven error established as such to the satisfaction of the Note Trustee or is of a formal, minor or technical nature or is to comply with the mandatory provisions of law.

For the avoidance of doubt, the Note Trustee shall be entitled to assume, without further investigation or inquiry, that such modification will not be materially prejudicial to the interests of the Noteholders if each of the Rating Agencies has confirmed in writing that the then current ratings of the applicable Series and/or Class/es of Master Issuer Notes would not be adversely affected by such modification). Any such modification may be made on such terms and subject to such conditions (if any) as the Note Trustee may determine, shall be binding upon the Noteholders and, unless the Note Trustee agrees otherwise, shall be notified by the Master Issuer to the Noteholders and the Rating Agencies in accordance with Condition 14 as soon as practicable thereafter.

The Note Trustee shall not be obliged to agree to any modification pursuant to this paragraph which (in the sole opinion of the Note Trustee and/or the Mortgages Trustee) would have the effect of (a) exposing the Note Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction; and (b) increasing the obligations or duties, or decreasing the protections of the Note Trustee in the Transaction Documents and/or the Conditions of the Notes.

Deleted:

The Noteholders of any Series or Class of Notes and any other Issuer Secured Creditor shall be deemed to have instructed the Note Trustee to concur with such modifications and shall be bound by such modifications regardless of whether or not such modifications are materially prejudicial to the interests of the Noteholders or the other Issuer Secured Creditors.

without prejudice to its right in respect of any further or other breach, in waiving or authorising any breach or proposed breach by the Master Issuer or any other party thereto of any of the covenants or provisions contained in these presents or any of the other Transaction Documents (other than a waiver or authorisation the subject of which falls within the definition of a Basic Terms Modification (as defined in paragraph 5 of Schedule 4 hereto)) from time to time and at any time, PROVIDED THAT the Note Trustee is of the opinion that (A) such waiver or authorisation will not be materially prejudicial to the interests of the Noteholders of any Class of any Series of Master Issuer Notes and (B) such waiver or authorisation will not be materially prejudicial to the interests of the Master Issuer Swap Providers or, if it is not of that opinion in relation to the Master Issuer Swap Providers, the steps required pursuant to Clause 19.4(b) and (c) have been taken and the Master Issuer Swap Providers have consented in writing or have been deemed to have consented to such authorisation or waiver, on such terms and conditions (if any) as shall seem expedient to it.

For the avoidance of doubt, the Note Trustee shall be entitled to assume, without further investigation or inquiry, that such waiver or authorisation will not be materially prejudicial to the interests of the Noteholders if each of the Rating Agencies has confirmed in writing that the then current ratings of the applicable Series and/or Class/es of Master Issuer Notes would not be adversely affected by such modification).

Any such waiver or authorisation may be given or made on such terms and subject to such conditions (if any) as the Note Trustee may determine, shall be binding on the Noteholders and, if the Note Trustee shall so require, shall be notified by the Master Issuer to the Noteholders and the Rating Agencies in accordance with Condition 14 as soon as practicable thereafter.

For the avoidance of doubt, the Note Trustee shall be entitled to assume, without further investigation or inquiry, that such determination will not be materially prejudicial to the interests of the holders of the most senior Class of any Series of Master Issuer Notes if each of the Rating Agencies has confirmed in writing that the then current ratings of the applicable Series and/or Class/es of Master Issuer Notes would not be adversely affected by such determination). Any such determination may be given or made on such terms and subject to such conditions (if any) as the Note Trustee may determine, shall be binding on the Noteholders and, if the Note Trustee shall so require, shall be notified by the Master Issuer to

For the avoidance of doubt, the Note Trustee shall not have any duty to the Noteholders in relation to such matters other than that which is contained in this clause. Any such consent or approval may be given on such terms and subject to such conditions (if any) as the Note Trustee thinks fit and notwithstanding anything to the contrary in these presents or any other Transaction Document may be given retrospectively. For the avoidance of doubt, the Note Trustee shall be entitled to assume, without further investigation or inquiry, that such consent will not be materially prejudicial to the interests of the Noteholders if each of the Rating Agencies has confirmed in writing that the then current ratings of the applicable Series and/or Class/es of Master Issuer Notes would not be adversely affected by such consent.

- (b) If the Note Trustee determines within the five Business Day period referred to in paragraph (a) above that the proposed waiver, authorisation or modification would not in its opinion, be materially prejudicial to the interests of any of the Master Issuer Swap Providers then the Note Trustee shall not be obliged to seek the written consent of the Master Issuer Swap Providers thereto, or to take any further action pursuant to this Clause 19.4.

have been satisfied; and

- (ii) in respect of the matters set out in paragraphs (a)(i) to (a)(vii) inclusive, the Note Trustee has received written confirmation from each of the Rating Agencies that the relevant modifications will not result in a reduction, qualification or withdrawal of the current ratings of the Master Issuer Notes.
- (c) Each Noteholder hereby acknowledges that the Note Trustee is required to make the modifications set out in paragraph (a) above (subject to paragraph (b)), and each Noteholder further acknowledges that such modifications may adversely affect the manner in which the Mortgages Trustee allocates monies to Funding and/or the amount of monies available to Funding and to the Master Issuer to meet the Funding Secured Liabilities and the Master Issuer Secured Liabilities. Each Noteholder agrees that such modifications shall be binding on it and unless the Note Trustee otherwise agrees, notice thereof shall be given by the Master Issuer Cash Manager to the Noteholders as soon as practicable after the modifications have been made.

19.6 Rating Agencies

So long as any of the Master Issuer Notes are rated by the Rating Agencies, the Master Issuer shall notify the Rating Agencies in writing as soon as reasonably practicable thereafter of any modification to the provisions of these presents, the Master Issuer Notes or any of the other Transaction Documents.

19.7 Breach

Any breach or failure by the Master Issuer to comply with any such terms and conditions as are referred to in sub-clauses 19.1, 19.2 and 19.3 shall constitute a default by the Master Issuer in the performance or observance of a covenant or provision binding on it under or pursuant to these presents.

20. ENTITLEMENT TO TREAT NOTEHOLDER AS ABSOLUTE OWNER

The Master Issuer, the Note Trustee, the Paying Agents, the Transfer Agent and the Registrar may (to the fullest extent permitted by applicable laws) deem and treat the registered holder of any Master Issuer Note or of a particular principal amount of the Master Issuer Notes as the absolute owner of such Master Issuer Note or principal amount, as the case may be, for all purposes (whether or not such Master Issuer Note or principal amount shall be overdue and notwithstanding any notice of ownership thereof or of trust or other interest with regard thereto, any notice of loss or theft thereof or any writing thereon), and the Master Issuer, the Note Trustee, the Paying Agents, the Transfer Agent and the Registrar shall not be affected by any notice to the contrary. All payments made to any such registered holder of a Definitive Note or Global Master Issuer Note shall be valid and, to the extent of the sums so paid, effective to satisfy and discharge the liability for the monies payable in respect of such Master Issuer Note or principal amount, as the case may be.

21. CURRENCY INDEMNITY

The Master Issuer shall indemnify the Note Trustee, every appointee of the Note Trustee and the Noteholders and keep them indemnified against:

- (a) any liability incurred by any of them arising from the non-payment by the Master Issuer of any amount due to the Note Trustee or the Noteholders under these presents by reason of any variation in the rates of exchange between those used for the purposes of calculating the amount due under a judgment or order in respect thereof and those prevailing at the date of actual payment by the Master Issuer; and
- (b) any deficiency arising or resulting from any variation in rates of exchange between (i) the date as of which the local currency equivalent of the amounts due or contingently due under these presents (other than this Clause 21) is calculated for the purposes of any bankruptcy, insolvency or liquidation of the Master Issuer and (ii) the final date for ascertaining the amount of claims in such bankruptcy, insolvency or liquidation. The amount of such deficiency shall be deemed not to be reduced by any variation in rates of exchange occurring between the said final date and the date of any distribution of assets in connection with any such bankruptcy, insolvency or liquidation.

The above indemnity (and the indemnities given by the Master Issuer in sub-clause 15.5 and sub-clause 16(l)) shall constitute obligations of the Master Issuer separate and independent from its obligations under the other provisions of these presents and the Master Issuer Notes and shall apply irrespective of any indulgence granted by the Note Trustee or the Noteholders from time to time and shall continue in full force and effect notwithstanding the judgment or filing of any proof or proofs in any bankruptcy, insolvency or liquidation of the Master Issuer for a liquidated sum or sums in respect of amounts due under these presents (other than this Clause 21). Any such deficiency as aforesaid shall be deemed to constitute a loss suffered by the Noteholders and no proof or evidence of any actual loss shall be required by the Master Issuer or its liquidator or liquidators.

22. NEW NOTE TRUSTEE, SEPARATE AND CO-TRUSTEES

22.1 New Note Trustee

- (a) [INTENTIONALLY BLANK].
- (b) The power to appoint a new trustee of these presents shall be vested in the Master Issuer but no person shall be appointed who shall not previously have been approved by an Extraordinary Resolution of the Class A Noteholders, the Class B Noteholders, the Class M Noteholders, the Class C Noteholders and the Class Z Noteholders. One or more persons may hold office as trustee or trustees of these presents but such trustee or trustees shall be or include a Trust Corporation. Whenever there shall be more than two trustees of these presents the majority of such trustees shall be competent to execute and exercise all the duties, powers, trusts, authorities and discretions vested in the Note Trustee by these presents provided that a Trust Corporation shall be included in such majority. Any appointment of a new trustee of these presents shall as soon as practicable thereafter be notified by the Master Issuer to the Principal Paying Agent, the Transfer Agent, the Registrar, the Noteholders and the Rating Agencies.
- (c) Any new trustee must (i) meet the requirements of Section 26(a)(1) of the U.S. Investment Company Act of 1940; (ii) not be an affiliate (as defined in Rule 405 of

the Securities Act) of the Master Issuer or of any person involved in the organisation or operation of the Master Issuer; (iii) not offer or provide credit or credit enhancement to the Master Issuer; and (iv) execute an agreement or instrument concerning the Master Issuer Notes containing provisions to the effect set forth in Section 26(a)(3) of the U.S. Investment Company Act of 1940.

22.2 Separate and Co-Trustees

Notwithstanding the provisions of sub-clause 22.1 above, the Note Trustee may, upon giving prior notice to the Master Issuer (but without requiring the consent of the Master Issuer or the Noteholders), appoint any person established or resident in any jurisdiction (whether a Trust Corporation or not) to act either as a separate trustee or as a co-trustee jointly with the Note Trustee:

- (a) if the Note Trustee considers such appointment to be in the interests of the Noteholders;
- (b) for the purposes of conforming to any legal requirements, restrictions or conditions in any jurisdiction in which any particular act or acts is or are to be performed; or
- (c) for the purposes of obtaining a judgment in any jurisdiction or the enforcement in any jurisdiction of either a judgment already obtained or any of the provisions of these presents or any of the other Master Issuer Transaction Documents against the Master Issuer or any other party thereto.

The Master Issuer irrevocably appoints the Note Trustee to be its attorney in its name and on its behalf to execute any such instrument of appointment. Such a person shall (subject always to the provisions of these presents) have such trusts, powers, authorities and discretions (not exceeding those conferred on the Note Trustee by these presents) and such duties and obligations as shall be conferred or imposed by the instrument of appointment. The Note Trustee shall have power in like manner to remove any such person. Such reasonable remuneration as the Note Trustee may pay to any such person, together with any attributable costs, charges and expenses incurred by it in performing its function as such separate trustee or co-trustee, shall for the purposes of this Deed be treated as costs, charges and expenses incurred by the Note Trustee.

23. NOTE TRUSTEE'S RETIREMENT AND REMOVAL

A trustee of this Deed may retire at any time on giving not less than three months' prior written notice to the Master Issuer without giving any reason and without being responsible for any costs incurred by reason of such retirement. The Noteholders may by Extraordinary Resolution of each Class of Noteholders remove any trustee or trustees for the time being of these presents. The Master Issuer undertakes that in the event of the only trustee of these presents which is a Trust Corporation giving notice under this Clause or being removed by Extraordinary Resolution of each Class of Noteholders it will use its best endeavours to procure that a new trustee of these presents being a Trust Corporation is appointed as soon as reasonably practicable thereafter. The retirement or removal of any such trustee shall not become effective until a successor trustee being a Trust Corporation is appointed. If a successor trustee being a Trust Corporation has not been appointed within two months after the date of the notice of retirement of the Note Trustee, then the retiring Note Trustee may appoint its own successor trustee being a Trust Corporation.

24. NOTE TRUSTEE'S POWERS TO BE ADDITIONAL

The powers conferred upon the Note Trustee by these presents shall be in addition to any powers which may from time to time be vested in the Note Trustee by the general law or as a holder of any of the Master Issuer Notes.

26. RIGHTS OF THIRD PARTIES

A person who is not a party to this Deed has no right under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Deed, but this does not affect any right or remedy of a third party which exists or is available apart from that Act.

Except to the extent expressly provided in this Clause 28, the Note Trustee shall release property from the security constituted by the Master Issuer Deed of Charge only upon receipt of a request from the Master Issuer accompanied by an Officers' Certificate, and an Opinion of Counsel.

Prior to the release of any property or securities subject to the lien of the Master Issuer Deed of Charge, the Master Issuer shall, in addition to any obligation imposed in this Clause 28 or elsewhere in this Deed, furnish to the Note Trustee an Officers' Certificate certifying or stating the opinion of each person signing such certificate as to the fair value to the Master Issuer of the property or securities to be so released. The officers so certifying may consult with, and may conclusively rely upon a certificate as to the fair value of such property provided to such officers by an internationally recognised financial institution with expertise in such matters.

Whenever the Master Issuer is required to furnish to the Note Trustee an Officers' Certificate certifying or stating the opinion of any signer thereof as to the matters described in the preceding paragraph, the Master Issuer shall also deliver to the Note Trustee an Independent Certificate as to the same matters, if the fair value to the Master Issuer of the property to be so released and of all other such property made the basis of any such release since the commencement of the then current fiscal year of the Master Issuer, as set forth in the certificates delivered pursuant to this Clause 28, is 10 per cent. or more of the Principal Amount Outstanding of the Master Issuer Notes, but such a certificate need not be furnished with respect to any property so released if the fair value thereof to the Master Issuer as set forth in the related Officers' Certificate is less than \$25,000 or less than one per cent. of the Principal Amount Outstanding of the Master Issuer Notes.

Whenever any property is to be released from the security constituted by the Master Issuer Deed of Charge, the Master Issuer shall also furnish to the Note Trustee an Officer's Certificate certifying or stating the opinion of each person signing such certificate that in the opinion of such person the proposed release will not impair the security under this Deed in contravention of the provisions hereof.

31. SUBMISSION TO JURISDICTION

Each party to this Deed hereby irrevocably submits to the non-exclusive jurisdiction of the English courts in any action or proceeding arising out of or relating to this Deed (including any non-contractual obligations arising out of or in connection with it) and hereby irrevocably agrees that all claims in respect of such action or proceeding may be heard and determined by such courts. Each party to this Deed hereby irrevocably waives, to the fullest extent it may possibly do so, any defence or claim that the English courts are inconvenient forum for the maintenance or hearing of such action or proceeding.

IN WITNESS WHEREOF this Deed has been executed as a deed by the Master Issuer and the Note Trustee and delivered on the date first stated on page 1.

5. Interest

5.1 Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest payable, subject as provided in these Conditions, in arrear on the Interest Payment Date(s) in each year specified for such note up to (and including) the Final Maturity Date.

Except as provided in the applicable Final Terms, the amount of interest payable in respect of any Fixed Rate Note on each Interest Payment Date for a Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified for such note in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Conditions, **Fixed Interest Period** means the period from and including an Interest Payment Date (or the Interest Commencement Date) to but excluding the next (or the first) Interest Payment Date.

If interest is required to be calculated in respect of any Fixed Rate Note for a period other than a Fixed Interest Period, such interest shall be calculated by applying the Rate of Interest specified for such note in the applicable Final Terms to the Principal Amount Outstanding on such note, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Day Count Fraction means, in respect of the calculation of an amount of interest for any Fixed Rate Note in accordance with this **Condition 5.1**:

- (a) if "Actual/Actual (ICMA)" is specified for such note in the applicable Final Terms:
 - (i) in the case of Master Issuer Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date for such notes (or, if none, the Interest Commencement Date) to (but excluding) the relevant Interest Payment Date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (A) the number of days in such Determination Period and (B) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (ii) in the case of Master Issuer Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (I) the number of days in such Determination Period and (II) the number of Determination Dates that would occur in one calendar year; and
- (b) if "30/360" is specified for such note in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date for such note (or, if none, the Interest Commencement Date) to (but excluding) the relevant Interest Payment Date (such number of days being calculated on the basis of a year of 360 days with twelve 30-day months) divided by 360.

As used in these Conditions, **Determination Period** means each period from and including a Determination Date (as defined in the applicable Final Terms) to but excluding the next Determination Date (including where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

5.2 *Interest on Floating Rate Notes*

(a) *Interest payment dates*

Each Floating Rate Note bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date and such interest will be payable in arrear on the Interest Payment Date(s) in each year specified for such note. Such interest will be payable in respect of each Floating Interest Period.

As used in these Conditions, **Floating Interest Period** means the period from and including an Interest Payment Date (or the Interest Commencement Date) to but excluding the next (or the first) Interest Payment Date.

If a Business Day Convention is specified for a Floating Rate Note in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which a Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (i) the "Following Business Day Convention", the Interest Payment Date for such note shall be postponed to the next day which is a Business Day; or
- (ii) the "Modified Following Business Day Convention", the Interest Payment Date for such note shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (iii) the "Preceding Business Day Convention", the Interest Payment Date for such note shall be brought forward to the immediately preceding Business Day.

In these Conditions, **Business Day** means a day which is both:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and any Additional Business Centre specified in the applicable Final Terms; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than London and any Additional Business Centre) or (2) in relation to any sum payable in euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET) System (the **TARGET System**) is open.

(b) *Rate of interest*

The Rate of Interest payable from time to time in respect of a Floating Rate Note will be determined in the manner specified for such note in the applicable Final Terms.

- (i) ISDA Determination for Floating Rate Notes

Where "ISDA Determination" is specified for such note in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest

for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated for such note in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (i), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent Bank or other person specified in the applicable Final Terms under an interest rate swap transaction if the Agent Bank or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (A) the Floating Rate Option is as specified for such note in the applicable Final Terms;
- (B) the Designated Maturity is the period specified for such note in the applicable Final Terms; and
- (C) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on LIBOR, USD-LIBOR, EURIBOR, AUD-BBR-BBSW, JPY-LIBOR or CDOR for a currency, the first day of that Interest Period, or (ii) in any other case, as specified for such note in the applicable Final Terms.

For the purposes of this subparagraph (i), **Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions.

(ii) Screen rate determination for Floating Rate Notes

Where **Screen Rate Determination** is specified for a Floating Rate Note in the applicable Final Terms as the manner in which the Rate of Interest is to be determined for such note, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation (if there is only one quotation on the Relevant Screen Page); or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. London time (in the case of LIBOR, USD-LIBOR or JPY-LIBOR), 10.15 a.m. Toronto time (in the case of CDOR), 11.00 a.m. Brussels time (in the case of EURIBOR) or 10:10 a.m. Sydney time (in the case of AUD-BBR-BBSW) (the **Specified Time**) on the Determination Date in question plus or minus the Margin (if any), all as determined by the Agent Bank. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent Bank for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of clause (ii)(A), no offered quotation appears or, in the case of clause (ii)(B), fewer than three offered quotations appear, in each case as at the Specified Time, the Agent Bank shall request each of the Reference Banks to provide the Agent Bank with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Agent Bank with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Agent Bank.

If on any Interest Determination Date one only or none of the Reference Banks provides the Agent Bank with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Agent Bank determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Agent Bank by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR, USD-LIBOR or JPY-LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or the Canadian inter-bank market (if the Reference Rate is CDOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Agent Bank with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Master Issuer suitable for the purpose) informs the Agent Bank it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR, USD-LIBOR or JPY-LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or the Canadian inter-bank market (if the Reference Rate is CDOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest.

(c) *Minimum rate of interest and/or maximum rate of interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for a Floating Rate Note for any Interest Period, then, in the event that the Rate of Interest for such note in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such note for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for such note for any Interest Period, then, in the event that the Rate of Interest for such note in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such note for such Interest Period shall be such Maximum Rate of Interest.

(d) *Determination of rate of interest and calculation of interest amounts*

The Agent Bank will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent Bank will calculate the amount of interest payable on the Floating Rate Notes in respect of each Specified Denomination (each an **Interest Amount**) for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to the Principal Amount Outstanding of each Master Issuer Note, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Day Count Fraction means, in respect of the calculation of an amount of interest for a Floating Rate Note in accordance with this **Condition 5.2(d)** for any Interest Period:

- (i) if **Actual/365** or **Actual/Actual (ISDA)** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by

366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);

- (ii) if **Actual/365 (Fixed)** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if **Actual/365 (Sterling)** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of a Interest Payment Date falling in a leap year, 366;
- (iv) if **Actual/360** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if **30/360, 360/360** or **Bond Basis** is specified for such note in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with twelve 30-day months (unless (a) the last day of the Interest Period is the 31st day of a month but the first day of the Interest Period is a day other than the 30th or 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month, or (b) the last day of the Interest Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month)); and
- (vi) if **30E/360** or **Eurobond Basis** is specified for such note in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with twelve 30-day months, without regard to the date of the first day or last day of the Interest Period unless, in the case of the final Interest Period, the Final Maturity Date is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month).

(e) *Notification of rate of interest and interest amounts*

The Agent Bank will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Note Trustee, the Master Issuer Security Trustee, the Master Issuer Cash Manager, the Paying Agents, the Registrar and to any stock exchange or other relevant competent authority or quotation system on which the relevant Floating Rate Notes are for the time being listed, quoted and/or traded or by which they have been admitted to listing and to be published in accordance with **Condition 12.10** as soon as possible after their determination but in no event later than the fourth Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. Any such amendment or alternative arrangements will be promptly notified to the Note Trustee and each stock exchange or other relevant authority on which the relevant Floating Rate Notes are for the time being listed or by which they have been admitted to listing and to the Noteholders in accordance with **Condition 12.10**.

(f) *Determination or calculation by Note Trustee*

If for any reason at any relevant time, the Agent Bank or, as the case may be, the Calculation Agent defaults in its obligation to determine the Rate of Interest for a Floating Rate Note or the Agent Bank defaults in its obligation to calculate any Interest Amount for such note in accordance with **subparagraph (b)(i)** or **(ii)** above or as otherwise specified for such note in the applicable Final Terms, as the case may be, and in each case in accordance with **Condition 5.2(d) above**, the Note Trustee shall determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified for such note in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Note Trustee shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in

all the circumstances and each such determination or calculation shall be deemed to have been made by the Agent Bank or the Calculation Agent, as the case may be.

(g) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this **Condition 5.2**, whether by the Agent Bank or the Calculation Agent or the Note Trustee shall (in the absence of wilful default, bad faith or manifest error) be binding on the Master Issuer, the Master Issuer Cash Manager, the Principal Paying Agent, the Calculation Agent, the other Paying Agents, the Note Trustee and all Noteholders and (in the absence of wilful default or bad faith) no liability to the Master Issuer or the Noteholders shall attach to the Agent Bank or the Calculation Agent or the Note Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

5.3 *Accrual of interest*

Interest (if any) will cease to accrue on each Master Issuer Note (or in the case of the redemption of part only of an Master Issuer Note, that part only of such note) on the due date for redemption thereof unless, upon due presentation thereof, payment of principal is improperly withheld or refused in which event, interest will continue to accrue until the earlier of:

- (a) the date on which all amounts due in respect of such note have been paid; and
- (b) the seventh day after notice is duly given by the Principal Paying Agent or the U.S. Paying Agent (as the case may be) to the Holder thereof that such payment will be made, provided that subsequently, payment is in fact made.

5.4 *Deferred interest*

To the extent that, subject to and in accordance with the relevant Master Issuer Priority of Payments, the funds available to the Master Issuer to pay interest on any Series and Class (or Sub-Class) of Master Issuer Notes (other than the most senior Class (or Sub-Class) of Master Issuer Notes of any Series then outstanding) on an Interest Payment Date (after discharging the Master Issuer's liabilities of a higher priority) are insufficient to pay the full amount of such interest, payment of the shortfall attributable to such Series and Class (or Sub-Class) of Master Issuer Notes (**Deferred Interest**) will not then fall due but will instead be deferred until the first Interest Payment Date for such notes thereafter on which sufficient funds are available (after allowing for the Master Issuer's liabilities of a higher priority and subject to and in accordance with the relevant Master Issuer Priority of Payments) to fund the payment of such Deferred Interest to the extent of such available funds.

Such Deferred Interest will accrue interest (**Additional Interest**) at the rate of interest applicable from time to time to the applicable Series and Class (or Sub-Class) of Master Issuer Notes and payment of any Additional Interest will also be deferred until the first Interest Payment Date for such notes thereafter on which funds are available (after allowing for the Master Issuer's liabilities of a higher priority subject to and in accordance with the relevant Master Issuer Priority of Payments) to the Master Issuer to pay such Additional Interest to the extent of such available funds.

Amounts of Deferred Interest and Additional Interest shall not be deferred beyond the Final Maturity Date of the applicable Series and Class (or Sub-Class) of Master Issuer Notes, when such amounts will become due and payable.

Payments of interest due on an Interest Payment Date in respect of the most senior Class of Master Issuer Notes of any Series then outstanding will not be deferred. In the event of the delivery of a Note Enforcement Notice (as described in **Condition 10**), the amount of interest in respect of such Master Issuer Notes that was due but not paid on such Interest Payment Date will itself bear interest at the applicable rate until both the unpaid interest and the interest on that interest are paid as provided in the Trust Deed.

6. **Redemption, Purchase and Cancellation**

6.1 *Final Redemption*

Unless previously redeemed in full as provided in this **Condition 6**, the Master Issuer shall redeem a Series and Class (or Sub-Class) of Master Issuer Notes at their then Principal Amount Outstanding together with all accrued interest on the Final Maturity Date in respect of such Series and Class (or Sub-Class) of Master Issuer Notes.

The Master Issuer may not redeem such notes in whole or in part prior to their Final Maturity Date except as provided in **Conditions 6.2, 6.4 or 6.5**, but without prejudice to **Condition 10**.

6.2 *Mandatory Redemption*

On each Interest Payment Date, other than an Interest Payment Date on which a Series and Class (or Sub-Class) of Master Issuer Notes are to be redeemed under **Condition 6.1 above**, and **Conditions 6.4 and 6.5 below** and the Master Issuer shall repay principal in respect of such notes in an amount equal to the amount (if any) repaid on such Interest Payment Date in respect of the related Term Advance, and pursuant to, the Master Intercompany Loan Agreement converted, where the Specified Currency for such notes is not sterling, into the Specified Currency at the Specified Currency Exchange Rate for such notes.

To the extent that there are insufficient funds available to the Master Issuer to repay the amount due to be paid on such Interest Payment Date the Master Issuer will be required to repay the shortfall, to the extent that it receives funds therefor (and subject to the terms of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement) on subsequent Interest Payment Dates in respect of such notes.

6.3 *Note Principal Payments, Principal Amount Outstanding and Pool Factor*

The principal amount redeemable (the **Note Principal Payment**) in respect of each Master Issuer Note of a particular Series and Class (or Sub-Class) on any Interest Payment Date under **Condition 6.2** shall be a proportion of the amount required as at that Interest Payment Date to be applied in redemption of such Series and Class (or Sub-Class) of Master Issuer Notes on such date equal to the proportion that the Principal Amount Outstanding of the relevant Master Issuer Note bears to the aggregate Principal Amount Outstanding of such Series and Class (or Sub-Class) of Master Issuer Notes rounded down to the nearest sub-unit of the Specified Currency; provided always that no such Note Principal Payment may exceed the Principal Amount Outstanding of the relevant Master Issuer Note.

On each Note Determination Date the Master Issuer shall determine (or cause the Agent Bank to determine) (a) the amount of any Note Principal Payment payable in respect of each Master Issuer Note of the relevant Series and Class (or Sub-Class) on the immediately following Interest Payment Date and (b) the Principal Amount Outstanding of each such note which shall be the Specified Denomination less (in each case) the aggregate amount of all Note Principal Payments in respect of such note that has been paid since the relevant Closing Date and on or prior to that Note Determination Date (the **Principal Amount Outstanding**) and (c) the fraction expressed as a decimal to the fifth decimal point (the **Pool Factor**), of which the numerator is the Principal Amount Outstanding of such note (as referred to in (b) above) and the denominator is the Specified Denomination. Each determination by or on behalf of the Master Issuer of Note Principal Payment of an Master Issuer Note, the Principal Amount Outstanding of an Master Issuer Note and the Pool Factor shall in each case (in the absence of wilful default, bad faith or manifest error) be final and binding on all persons.

The Master Issuer will cause each determination of the Note Principal Payment and the Principal Amount Outstanding and the Pool Factor in respect of a Series and Class (or Sub-Class) of Master Issuer Notes to be notified forthwith, and in any event not later than 1.00 p.m. (London time) on the Business Day immediately succeeding the Note Determination Date, to the Note Trustee, the Master Issuer Security Trustee, the Paying Agents, the Agent Bank, the Registrar and (for so long as such notes are listed on one or more stock exchanges) the relevant stock exchanges, and will cause

notice of each determination of the Note Principal Payment and the Principal Amount Outstanding to be given to Noteholders in accordance with **Condition 12.10** by no later than the Business Day after the relevant Interest Payment Date.

If the Master Issuer does not at any time for any reason determine (or cause the Agent Bank to determine) a Note Principal Payment, the Principal Amount Outstanding or the Pool Factor in accordance with the preceding provisions of this **Condition 6.3**, such Note Principal Payment and/or Principal Amount Outstanding and/or Pool Factor may be determined by the Note Trustee in accordance with this **Condition 6.3** in the manner the Note Trustee in its discretion considers fair and reasonable in the circumstances, having regard to this **Condition 6.3**, and each such determination or calculation shall be deemed to have been made by the Master Issuer. Any such determination shall (in the absence of wilful default, bad faith or manifest error) be binding on the Master Issuer, the Agent Bank and the Noteholders.

6.4 *Optional Redemption in Full*

Provided a Note Enforcement Notice has not been served and subject to the provisos below, upon giving not more than 60 nor less than 30 days' prior notice to the Note Trustee, the Noteholders and the relevant Master Issuer Swap Provider(s) in accordance with **Condition 12.10**, the Master Issuer may redeem a Series and Class (or Sub-Class) of Master Issuer Notes at their aggregate Redemption Amount together with any accrued and unpaid interest in respect thereof on the following dates:

- (a) the date specified as the Step-Up Date for such notes in the applicable Final Terms and on any Interest Payment Date for such notes thereafter; or
- (b) on any Interest Payment Date on which the aggregate Principal Amount Outstanding of such notes and all other Classes of Master Issuer Notes of the same Series is less than 10 per cent. of the aggregate Principal Amount Outstanding of such Series of Master Issuer Notes as at the Closing Date on which such Series of Master Issuer Notes were issued,
- (c) the date specified as the Optional Redemption Date for such notes in the applicable Final Terms and on each Interest Payment Date for such notes thereafter,

PROVIDED THAT (in either of the cases above), on or prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that (i) it will have the funds, not subject to any interest of any other person, required to redeem such notes as aforesaid and any amounts required to be paid in priority to or *pari passu* with such notes outstanding in accordance with the terms and conditions of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement and (ii) the Repayment Tests will be satisfied following the making of such redemptions and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof in which event it shall be conclusive and binding on the Noteholders and all other persons.

6.5 *Optional Redemption for Tax and other Reasons*

Provided a Note Enforcement Notice has not been served, if the Master Issuer at any time satisfies the Note Trustee immediately prior to the giving of the notice referred to below that on the next Interest Payment Date either:

- (a) the Master Issuer would by virtue of a change in the law or regulations of the United Kingdom or any other jurisdiction (or the application or interpretation thereof) be required to deduct or withhold from any payment of principal or interest or any other amount under a Series and Class (or Sub-Class) of Master Issuer Notes any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature (other than where the relevant Holder or beneficial owner has some connection with the relevant jurisdiction other than the holding of the Master Issuer Notes); or

- (b) Funding would be required to deduct or withhold from amounts due in respect of the Term Advance under the Master Intercompany Loan Agreement which was funded by such notes any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature; and
- (c) in relation to either the events described in (a) and (b) above, such obligation of the Master Issuer or Funding (as the case may be) cannot be avoided by the Master Issuer or Funding (as the case may be) taking reasonable measures available to the Master Issuer or Funding (as the case may be),

then the Master Issuer shall use its reasonable endeavours to arrange the substitution of a company incorporated in another jurisdiction approved by the Note Trustee as principal debtor under such notes and/or as lender of such Term Advance as the case may be, upon the Note Trustee being satisfied that (1) such substitution will not be materially prejudicial to the interests of the Noteholders of any Series and Class, and (2) upon the Master Issuer Security Trustee being satisfied that (A) the position of the Master Issuer Secured Creditors will not thereby be adversely affected, and (B) such substitution would not require registration of any new security under United States securities laws or materially increase the disclosure requirements under United States law or the costs of issuance. Only if the Master Issuer is unable to arrange a substitution will the Master Issuer be entitled to redeem the Master Issuer Notes as described in this **Condition 6.5**.

Subject to the proviso below, if the Master Issuer is unable to arrange a substitution as described above and, as a result, one or more of the events described in (a) and (b) above (as the case may be) is continuing, then the Master Issuer may, having given not more than 60 nor less than 30 days' notice to the Note Trustee, the Noteholders and the relevant Master Issuer Swap Provider(s) in accordance with **Condition 12.10**, redeem all (but not some only) of such notes on the immediately succeeding Interest Payment Date for such notes at their aggregate Redemption Amount together with any accrued and unpaid interest in respect thereof provided that (in either case), prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee:

- (i) a certificate signed by two directors of the Master Issuer stating the circumstances referred to in (a) or (b) and (c) above prevail and setting out details of such circumstances; and
- (ii) an opinion in form and substance satisfactory to the Note Trustee of independent legal advisors of recognised standing to the effect that the Master Issuer and/or Funding has or will become obliged to deduct or withhold such amounts as a result of such change or amendment.

The Note Trustee shall be entitled to accept such certificate and opinion as sufficient evidence of the satisfaction of the circumstance set out in (a) or (b) and (c) above, in which event they shall be conclusive and binding on the Noteholders. The Master Issuer may only redeem such notes as aforesaid, if on or prior to giving such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that it will have the funds, not subject to any interest of any other person, required to redeem such notes as aforesaid and any amounts required to be paid in priority to or *pari passu* with such notes outstanding in accordance with the terms and conditions of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof in which event it shall be conclusive and binding on the Noteholders and all other persons.

In addition to the foregoing, if, at any time, the Master Issuer delivers a certificate to Funding, the Note Trustee and the Master Issuer Security Trustee to the effect that it would be unlawful for the Master Issuer to make, fund or allow to remain outstanding a Term Advance made by it under the Master Intercompany Loan Agreement and stating that the Master Issuer may require Funding to prepay the relevant Term Advance on an Interest Payment Date subject to and in accordance with the provisions of the Master Intercompany Loan Agreement to the extent necessary to cure such illegality and the Master Issuer may redeem all (but not some only) of the relevant Master Issuer Notes at their Redemption Amount together with any accrued interest upon giving not more than 60 days' nor less than 30 days' (or such shorter period as may be required under any relevant law) prior written notice

to the Master Issuer Security Trustee, the Note Trustee, the relevant Master Issuer Swap Provider(s) and the Noteholders in accordance with **Condition 12.10** provided that, prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that it will have the funds, not subject to the interest of any other person, required to redeem the Master Issuer Notes as provided above and any amount to be paid in priority to or *pari passu* with the Master Issuer Notes and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof in which event it shall be conclusive and binding on the Noteholders and all other persons. Such monies received by the Master Issuer shall be used to redeem the relevant Master Issuer Notes in full, together with any accrued and unpaid interest on the equivalent Interest Payment Date.

6.6 *Redemption Amounts*

For the purposes of this **Condition 6.6**, **Redemption Amount** means, in respect of any Series and Class (or Sub-Class) of Master Issuer Notes, the amount specified in relation to such notes in the applicable Final Terms or, if not so specified:

- (a) in respect of each Master Issuer Note (other than a Zero Coupon Note), the Principal Amount Outstanding of such note; and
- (b) in respect of each Zero Coupon Note, an amount (the **Amortised Face Amount**) calculated in accordance with the following formula:

$$\text{Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

RP = the Reference Price;

AY = the Accrual Yield expressed as a decimal; and

y = a fraction, the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the first Closing Date of the applicable Series and Class (or Sub-Class) of Master Issuer Notes to (but excluding) the date fixed for redemption or, as the case may be, the date upon which such note becomes due and payable and the denominator of which is 360.

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to Condition 6.1, 6.2, 6.4 or 6.5 or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such note shall be the amount calculated as provided in this paragraph as though the reference therein to the date fixed for the redemption or, as the case may be, the date upon which such note becomes due and payable were replaced by reference to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such note have been paid; and
- (ii) the date on which the full amount of the monies payable in respect of such note has been received by the Principal Paying Agent or the Note Trustee or the Registrar and notice to that effect has been given to the Noteholders in accordance with **Condition 12.9**.

6.7 *Money Market Note Mandatory Transfer*

- (a) If remarketing arrangements are specified as applicable in the relevant Final Terms in relation to a Series and Class (or Sub-Class) of Money Market Notes, such Money Market Notes shall, subject to paragraph (c) below, be transferred in accordance with paragraph (b) below on each Transfer Date prior to the occurrence of a Mandatory Transfer Termination Event, as confirmed by the Remarketing Bank providing a Conditional Purchase Confirmation to the Master Issuer and the Principal Paying Agent, in exchange for payment of the Transfer Price

and the Master Issuer and the Principal Paying Agent will procure payment of the Transfer Price to the Noteholders of the Money Market Notes on the relevant Transfer Date.

- (b) Subject to paragraphs (a) above and (c) below, all the interests of the Noteholders of the Money Market Notes in the Money Market Notes shall be transferred on the relevant Transfer Date to the account of the Remarketing Bank on behalf of the relevant purchasers or as otherwise notified by or on behalf of the Remarketing Bank prior to such date or if Money Market Notes in definitive form are then issued, the Money Market Notes will be registered in the name of the Remarketing Bank or as otherwise notified by or on behalf of the Remarketing Bank by the Registrar and the Register will be amended accordingly with effect from the relevant Transfer Date.
- (c) Any Noteholder of a Money Market Note may exercise his right to retain such Money Market Note through the facilities of DTC at any time prior to the commencement of the Remarketing Period that ends immediately before the relevant Transfer Date.

6.8 *Optional Purchase*

- (a) If specified in the relevant Final Terms, Santander UK has the right (the **Purchase Option**), by delivering a notice to the relevant Noteholders, the Registrar and the Note Trustee pursuant to the Santander UK Optional Purchase Agreement, to require the relevant Noteholders, subject to and in accordance with any applicable conditions specified in the relevant Final Terms, to sell to Santander UK or otherwise allow Santander UK to be substituted as the Holder of all, but not some only, of the Class B Notes and/or the Class M Notes and/or the Class C Notes and/or the Class Z Notes as so specified (collectively the **Called Notes**) on any Interest Payment Date (prior to the date specified in the Final Terms (the **Final Purchase Date**) or such later date as may be permitted by the Central Bank) falling on or after the Interest Payment Date (the **Initial Purchase Date**) specified in the applicable Final Terms (if any) for a price equal to the aggregate redemption amount of any of the Called Notes, together with any accrued and unpaid interest on the Called Notes and, on the date therefor specified in the notice (being an Interest Payment Date falling on or after the Initial Purchase Date), the Registrar shall effect the transfer to Santander UK of such Called Notes by entering such transfer in the Register.
- (b) Immediately after such transfer or substitution of Santander UK as the Holder of the Called Notes, each former Holder of the Called Notes shall cease to have any interest in the Called Notes.
- (c) The Called Notes transferred to Santander UK pursuant to the Purchase Option shall, subject as provided in the Transaction Documents, remain outstanding until the date on which they would otherwise be redeemed or cancelled in accordance with their terms and conditions.
- (d) By subscribing to or purchasing the Called Notes, each Holder of the Called Notes (i) is deemed to have notice of and be bound by the provisions of the Santander UK Optional Purchase Agreement and (ii) directs, authorises and requests the Note Trustee to enter into the Santander UK Optional Purchase Agreement. Each Holder of Called Notes also irrevocably authorises and instructs the Master Issuer, the Registrar, DTC, Euroclear or, as the case may be, Clearstream, Luxembourg to effect the transfer of its Called Notes on the relevant Interest Payment Date to Santander UK, in accordance with the relevant Final Terms and the rules for the time being of DTC, Euroclear or, as the case may be, Clearstream, Luxembourg.

A Holder of an Master Issuer Note shall not be entitled to any interest or other payment in respect of any delay in payment resulting from (i) the due date for a payment not being a Business Day or (ii) a cheque mailed in accordance with this **Condition 7.5** arriving after the due date for payment or being lost in the mail.

7.6 *Partial Payment*

If a Paying Agent makes a partial payment in respect of any Master Issuer Note, the Master Issuer shall procure and the Registrar will ensure that the amount and date of such payment are noted on the Register and, in the case of partial payment upon presentation of an Master Issuer Note, that a statement indicating the amount and date of such payment is endorsed on the relevant Master Issuer Note.

7.7 *Record Date*

Each payment in respect of an Master Issuer Note will be made to the persons shown as the Holder in the Register (i) where the Master Issuer Note is in global form, at the close of the business

In this **Condition 8**, the **relevant date**, in respect of a payment under an Master Issuer Note, is the date on which the payment in respect thereof first becomes due or (if the full amount of the monies payable in respect of those payments under all the Master Issuer Notes due on or before that date has not been duly received by the Principal Paying Agent or the Note Trustee on or prior to such date) the date on which, the full amount of such monies having been so received, notice to that effect is duly given to Noteholders in accordance with **Condition 12.10**.

9. Taxation

All payments in respect of the Master Issuer Notes will be made without withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature unless the Master Issuer or any relevant Paying Agent is required by applicable law to make any payment in respect of the Master Issuer Notes subject to any such withholding or deduction. In that event, the Master Issuer or such Paying Agent shall make such payment after such withholding or deduction has been made and shall account to the relevant authorities for the amount so required to be withheld or deducted. 11. Enforcement of Master Issuer Notes

11.1 *Enforcement*

The Note Trustee may, at its discretion and without notice at any time and from time to time, take such steps or actions and institute such proceedings against the Master Issuer or any other person as it may think fit to enforce the provisions of the Master Issuer Notes, the Trust Deed (including these Conditions) or any of the other Master Issuer Transaction Documents to which it is a

party and the Note Trustee may, at its discretion without notice, at any time after the Master Issuer Security has become enforceable (including after the service of a Note Enforcement Notice in accordance with **Condition 10**), instruct the Master Issuer Security Trustee to take such steps as it may think fit to enforce the Master Issuer Security. The Note Trustee shall not be bound to take such steps or institute such proceedings or give such instructions unless:

- (a) (subject in all cases to restrictions contained in the Trust Deed to protect the interests of any higher ranking Class of Noteholders) it shall have been so directed by an Extraordinary Resolution of the Class A Noteholders, the Class B Noteholders, the Class M Noteholders, the Class C Noteholders and the Class Z Noteholders (which for this purpose means the Holders of all Series of the Class A Notes, the Class B Notes, the Class M Notes, the Class C Notes or the Class Z Notes (as applicable)) or so requested in writing by the Holders of at least 25 per cent. in aggregate Principal Amount Outstanding of the Class A Notes, the Class B Notes, the Class M Notes, the Class C Notes and the Class Z Notes (as applicable) of all Series then outstanding; and
- (b) it shall have been indemnified and/or secured to its satisfaction.

The Master Issuer Security Trustee shall not, and shall not be bound to, take such steps or take any such action unless it is so directed by the Note Trustee and indemnified and/or secured to its satisfaction.

Amounts available for distribution after enforcement of the Master Issuer Security shall be distributed in accordance with the terms of the Master Issuer Deed of Charge.

No Noteholder shall be entitled to proceed directly against the Master Issuer unless the Note Trustee or the Master Issuer Security Trustee (as the applicable), having become bound so to do, fails to do so within a reasonable period and such failure shall be continuing, provided that no Class B Noteholder, Class M Noteholder, Class C Noteholder or Class Z Noteholder will be entitled to commence proceedings for the winding-up or administration of the Master Issuer at any time unless:

- there are no outstanding Master Issuer Notes of a Class with higher priority; or
- if Master Issuer Notes of a Class with higher priority are outstanding, there is consent of Noteholders of at least one quarter of the aggregate Principal Amount Outstanding of the Master Issuer Notes outstanding of the Class or Classes of Master Issuer Notes with higher priority or pursuant to an Extraordinary Resolution of the Holders of such Class of Master Issuer Notes.

Notwithstanding any other condition or any provision of any Transaction Document, all obligations of the Master Issuer to the Noteholders are limited in recourse to the Master Issuer Security. If:

- there is no Master Issuer Security remaining which is capable of being realised or otherwise converted into cash;
- all amounts available from the Master Issuer Security have been applied to meet or provide for the relevant obligations specified in, and in accordance with, the provisions of the Master Issuer Deed of Charge; and
- there are insufficient amounts available from the Master Issuer Security to pay in full, in accordance with the provisions of the Master Issuer Deed of Charge, amounts outstanding under the Notes (including payments of principal, premium (if any) and interest),

then the Noteholders shall have no further claim against the Master Issuer in respect of any amounts owing to them which remain unpaid (including, for the avoidance of doubt, payments of principal, premium (if any) and/or interest in respect of the notes) and such unpaid amounts shall be deemed to be discharged in full and any relevant payment rights shall be deemed to cease.

12. Meetings of Noteholders, Modifications and Waiver

12.1 Meetings of Noteholders

The Trust Deed contains provisions for convening meetings of Noteholders of any Series and Class (or Sub-Class) to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of any provision of these Conditions or the provisions of any of the Master Issuer Transaction Documents.

In respect of the Class A Notes, the Trust Deed provides that, subject to **Condition 12.2**:

- (i) a resolution which, in the opinion of the Note Trustee, affects the interests of the Holders of the Class A Notes of one Sub-Class or Series (as the case may be) only shall be deemed to have been duly passed if passed at a meeting of the Holders of the Class A Notes of that Sub-Class or Series (as the case may be);
- (ii) a resolution which, in the opinion of the Note Trustee, affects the interests of the Holders of the Class A Notes of any two or more Sub-Classes or Series (as the case may be) but does not give rise to a conflict of interest between the Holders of any such two or more Sub-Classes or Series (as the case may be) of Class A Notes, shall be deemed to have been duly passed if passed at a single meeting of the Holders of such two or more Sub-Classes or Series (as the case may be) of Class A Notes; and
- (iii) a resolution which, in the opinion of the Note Trustee, affects the interests of the Holders of the Class A Notes of any two or more Sub-Classes or Series (as the case may be) and gives or may give rise to a conflict of interest between the Holders of any such Sub-Classes or Series (as the case may be) of Class A Notes, shall be deemed to have been duly passed only if, in lieu of being passed at a single meeting of the Holders of such two or more Sub-Classes or Series (as the case may be) of Class A Notes, it shall be duly passed at a separate meeting of the Holders of each such Sub-Class or Series (as the case may be) of Class A Notes.

In the case of a single meeting of the Holders of the Class A Notes of any two or more Sub-Classes or Series (as the case may be) which are not all denominated in the same currency, the Principal Amount Outstanding of any Class A Note denominated in a currency other than sterling shall be converted into sterling at the relevant swap rate.

The Trust Deed contains provisions similar to those in the preceding two paragraphs in relation to requests in writing from Class A Noteholders upon which the Note Trustee or, as the case may be, the Master Issuer Security Trustee is bound to act.

Neither the Note Trustee nor the Master Issuer Security Trustee will be responsible for any loss, expense or liability which may be suffered as a result of any assets comprised in the Master Issuer Security, or any deeds or documents of title thereto, being uninsured or inadequately insured or being held by clearing organisations or their operators or by intermediaries such as banks, brokers or other similar persons on behalf of the Note Trustee and/or the Master Issuer Security Trustee, as applicable.

Furthermore, the Note Trustee and the Master Issuer Security Trustee will be relieved of liability for making searches or other inquiries in relation to the assets comprising the Master Issuer Security. Neither the Note Trustee nor the Master Issuer Security Trustee will be responsible for any deficiency that may arise because it is liable to tax in respect of the proceeds of any Master Issuer Security.

12.9 *Replacement of Master Issuer Notes*

If Definitive Notes are lost, stolen, mutilated, defaced or destroyed, the Noteholder can replace them at the Specified Office of any Paying Agent subject to all applicable laws and stock exchange requirements. The Noteholder will be required both to pay the expenses of producing a replacement and to comply with the Master Issuer's, the Registrar's and the Paying Agent's reasonable requests for evidence and indemnity.

If a Global Note is lost, stolen, mutilated, defaced or destroyed, the Master Issuer will deliver a replacement Global Note to the registered holder upon receipt of satisfactory evidence and surrender of any defaced or mutilated Global Note. A replacement will only be made upon payment of the expenses for a replacement and compliance with the Master Issuer's, Registrar's and Paying Agents' reasonable requests as to evidence and indemnity.

Defaced or mutilated Master Issuer Notes must be surrendered before replacements will be issued.

6. If within 15 minutes (or such longer period not exceeding 30 minutes as the Chairman may decide) after the time appointed for any such meeting a quorum is not present for the transaction of any particular business, then, subject and without prejudice to the transaction of the business (if any) for which a quorum is present, the meeting shall if convened upon the requisition of Noteholders be dissolved. 9. At any meeting unless a poll is (before or on the declaration of the result of the show of hands) demanded by the Chairman, the Master Issuer, the Note Trustee or any person present holding a Definitive Note or a voting certificate or being a proxy or representative (whatever the principal amount of the Master Issuer Notes so held or represented by him) a declaration by the Chairman that a resolution has been carried or carried by a particular majority or lost or not carried by a particular majority shall be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against such resolution.
10. Subject to paragraph 12 below, if at any such meeting a poll is so demanded it shall be taken in such manner and subject as hereinafter provided either at once or after an adjournment as the Chairman directs and the result of such poll shall be deemed to be the resolution of the meeting at which the poll was demanded as at the date of the taking of the poll. The demand for a poll shall not prevent the continuance of the meeting for the transaction of any business other than the motion on which the poll has been demanded.
11. The Chairman may with the consent of (and shall if directed by) any such meeting adjourn the same from time to time and from place to place but no business shall be transacted at any adjourned meeting except business which might lawfully (but for lack of required quorum) have been transacted at the meeting from which the adjournment took place.

14. Subject as provided in paragraph 13 above, at any meeting:
 - (a) on a show of hands every person who is present in person and produces a voting certificate or is a holder of Notes or is a proxy or representative shall have one vote; and

A notarially certified copy of each block voting instruction and form of proxy shall be deposited with the Note Trustee before the commencement of the meeting or adjourned meeting but the Note Trustee shall not thereby be obliged to investigate or be concerned with the validity of or the authority of the proxies named in any such block voting instruction or form of proxy.
17. Any vote given in accordance with the terms of a block voting instruction or form of proxy shall be valid notwithstanding the previous revocation or amendment of the block voting

instruction or form of proxy or of any of the Noteholders' instructions pursuant to which it was executed provided that no intimation in writing of such revocation or amendment shall have been received from the relevant Paying Agent or in the case of a Definitive Note from the holder thereof by the Master Issuer at its registered office (or such other place as may have been required or approved by the Note Trustee for the purpose) by the time being 24 hours and 48 hours respectively before the time appointed for holding the meeting or adjourned meeting at which the block voting instruction or form of proxy is to be used.

above will occur or exist within six months of the proposed effective date of such Base Rate Modification;

- (b) such Alternative Base Rate is a base rate published, endorsed, approved or recognised by the Federal Reserve, the Bank of England or the European Central Bank, any regulator in the United States, the United Kingdom or the European Union or any stock exchange on which the Master Issuer Notes are listed (or any relevant committee or other body established, sponsored or approved by any of the foregoing);
- (c) each of the Rating Agencies confirms in writing to the Issuer (copied to the Note Trustee) that the then current ratings of any Rated Notes will not be downgraded, withdrawn or qualified as a result of such Base Rate Modification (it being acknowledged that none of the Rating Agencies has any obligation to provide such confirmation at any time and that the confirmation of one of the Rating Agencies may be sufficient for that purpose; provided that (i) a written request for confirmation or response has been delivered to each Rating Agency by or on behalf of the Master Issuer (copied to the Note Trustee) and (ii) one or more Rating Agencies either (x) indicates it does not consider such confirmation or response necessary, or (y) provides no confirmation or response within a reasonable timeframe); and
- (d) the Seller or the Master Issuer pays all fees, costs and expenses (including legal fees) properly incurred by the Master Issuer, the Note Trustee and or any other Transaction Party in connection with such Base Rate Modification,

provided that:

- (x) at least 35 calendar days' prior written notice of any such proposed Base Rate Modification has been given to the Note Trustee;
- (y) the Base Rate Modification Certificate in relation to such Base Rate Modification shall be provided to the Note Trustee both at the time the Note Trustee is notified of the proposed Base Rate Modification and on the date that such Base Rate Modification takes effect; and
- (z) the Master Issuer Cash Manager, acting on behalf of the Master Issuer, certifies in writing to the Note Trustee (which certification may be in the Base Rate Modification Certificate) that the Master Issuer has provided at least 30 calendar days' notice to the Noteholders of the proposed Base Rate Modification in accordance with Condition 12.10 (Notice to Noteholders) and Noteholders representing at least 10 per cent. of the Aggregate Principal Amount Outstanding of the most senior Class of Floating Rate Master Issuer Notes then outstanding have not contacted the Master Issuer or the Principal Paying Agent (acting on behalf of the Master Issuer) in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Floating Rate Master Issuer Notes may be held) within such notification period notifying the Master Issuer or the Principal Paying Agent (acting on behalf of the Master Issuer) that such Noteholders do not consent to the Base Rate Modification.

If Noteholders representing at least 10 per cent. of the Aggregate Principal Amount Outstanding of the most senior Class of Floating Rate Master Issuer Notes then outstanding have notified the Master Issuer or the Principal Paying Agent (acting on behalf of the Master Issuer) in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Floating Rate Master Issuer Notes may be held) within the notification period referred to above that they do not consent to the Base Rate Modification, then such Base Rate Modification will not be made unless an Extraordinary Resolution of the Noteholders of the most senior Class of Floating Rate Master Issuer Notes then outstanding is passed in favour of such Base Rate Modification in accordance with Condition 12 (*Meetings of Noteholders, Modifications and Waiver*).

Objections made other than through the applicable clearing system must be in writing and accompanied by evidence to the Note Trustee's satisfaction (having regard to prevailing market practices) of the relevant Noteholder's holding of the Master Issuer Notes.

Nothing in this Clause 19.8 affects the rights of the Noteholders of Master Issuer Notes issued prior to 5 March 2018 in relation to amendments to the Funding Swaps.

Notwithstanding anything to the contrary in this Clause 19.8, Condition 12 (*Meetings of Noteholders, Modifications and Waiver*) or any Transaction Document, when implementing any Base Rate Modification pursuant to this Clause 19.8:

- (A) the Note Trustee shall not consider the interests of the Noteholders, any other Secured Creditor or any other person and shall act and rely solely, and without further enquiry or liability, on any certificate (including any Base Rate Modification Certificate) or evidence provided to it by the Master Issuer or the Master Issuer Cash Manager acting on behalf of the Master Issuer and shall not be liable to the Noteholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such Base Rate Modification is or may be materially prejudicial to the interests of any such person; and
- (B) the Note Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Note Trustee, would have the effect of (i) exposing the Note Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Note Trustee in the Master Issuer Transaction Documents and/or the Conditions.

Any such Base Rate Modification shall be binding on all Noteholders and shall be notified by the Master Issuer as soon as reasonably practicable to each Rating Agency, the Note Trustee and the Noteholders in accordance with Condition 12.10 (*Notice to Noteholders*).

For the avoidance of doubt, the Master Issuer (or the Master Issuer Cash Manager, acting on behalf of the Master Issuer) may propose an Alternative Base Rate on more than one occasion provided that, on each such occasion, the conditions set out in this Clause 19.8 are satisfied.

Each Master Issuer Note will be numbered serially with an identifying number which will be recorded in the Register.

1.4 Transfers

- (a) Title to the Master Issuer Notes shall pass by and upon registration in the Register. Subject as provided otherwise in this **Condition 1.4**, a Master Issuer Note may be transferred upon surrender of the relevant note certificate, with the endorsed form of transfer duly completed, at the Specified Office of the Registrar or the Transfer Agent, together with such evidence as the Registrar or (as the case may be) such Transfer Agent may reasonably require to prove the title of the transferor and the authority of the individuals who have executed the form of transfer; provided, however, that a Master Issuer Note may only be transferred in the minimum denominations specified in the relevant Final Terms. Within five Business Days of such surrender of a note certificate, the Registrar will register the transfer in question and deliver a new note certificate of a like principal amount to the Master Issuer Notes transferred to each relevant Holder at its Specified Office or (as the case may be) the Specified Office of the Transfer Agent or (at the request and risk of any such relevant Holder) by uninsured first class mail (and by airmail if the Holder is overseas) to the address specified for such purpose by such relevant Holder.

The transfer of a Master Issuer Note will be effected without charge by or on behalf of the Master Issuer, the Registrar or any Transfer Agent, but against such indemnity as the Registrar or (as the case may be) any Transfer Agent may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such transfer.

Noteholders may not require transfers of Master Issuer Notes to be registered during the period of 15 days ending on the due date for any payment of principal or interest in respect of the Master Issuer Notes.

All transfers of Master Issuer Notes and entries on the Register are subject to the detailed regulations concerning the transfer of Master Issuer Notes scheduled to the Master Issuer Paying Agent and Agent Bank Agreement. The regulations may be changed by the Master Issuer with the prior written approval of the Note Trustee and the Registrar. A copy of the current regulations will be mailed (free of charge) by the Registrar to any Noteholder who requests in writing a copy of such regulations.

- (b) Title to a Class Z Variable Funding Note shall only pass by and upon registration of the transfer in the Class Z Variable Funding Note register provided that no transferee shall be registered as a new holder of the Class Z Variable Funding Note unless (i) the prior written consent of the Master Issuer and (for so long as any Rated Notes are outstanding) the Note Trustee has been obtained (and the Note Trustee shall give its consent to such a transfer if the same has been sanctioned by an Extraordinary Resolution of the holders of the Rated Notes) and (ii) such transferee has certified to, *inter alios*, the Registrar and the Master Issuer that it is (A) a person falling within paragraph 3(1) of Schedule 2A to the Insolvency Act 1986, (B) an independent person in relation to the Master Issuer within the meaning of regulation 2(1) of the Taxation of Securitisation Companies Regulations 2006 and (C) a Qualifying Noteholder. - (a) for so long as there are any Class A Notes outstanding, only to the interests of the Class A Noteholders if, in the opinion of the Note Trustee, there is or may be a conflict between the interests of the Class A Noteholders and the interests of the Class B Noteholders and/or the interests of the Class M Noteholders and/or the interests of the Class C Noteholders and/or the interests of the Class Z Noteholders;
- (b) subject to (a) above and for so long as there are any Class B Notes outstanding, only to the interests of the Class B Noteholders if, in the opinion of the Note Trustee there is or may be a conflict between the interests of the Class B Noteholders and the interest of the Class M Noteholders and/or the interests of the Class C Noteholders and/or the interests of the Class Z Noteholders;
- (c) subject to (a) and (b) above and for so long as there are any Class M Notes outstanding, only to the interests of the Class M Noteholders if, in the opinion of the Note Trustee, there is or may be a conflict between the interests of the Class M Noteholders and the interests of the Class C Noteholders and/or the interests of the Class Z Noteholders; and
- (d) subject to (a), (b) and (c) above and for so long as there are any Class C Notes outstanding, only to the interests of the Class C Noteholders if, in the opinion of the Note Trustee, there is or may be a conflict between the interests of the Class C Noteholders and the Class Z Noteholders.

The Trust Deed also contains provisions:

- (i) limiting the powers of the Class B Noteholders, the Class M Noteholders, the Class C Noteholders and the Class Z Noteholders in each case, of any Series, *inter alia*, to request or direct the Note Trustee to take any action or to pass an effective Extraordinary Resolution according to the effect thereof on the interests of the Class A Noteholders of that Series or of any other Series. Except in certain circumstances described in Condition 12, the Trust Deed contains no such limitation on the powers of the Class A Noteholders, the exercise of which will be binding on the Class B Noteholders, the Class M Noteholders, the Class C Noteholders and the Class Z Noteholders in each case, of any Series, irrespective of the effect thereof on their respective interests;
- (ii) limiting the powers of the Class M Noteholders, the Class C Noteholders and the Class Z Noteholders in each case, of any Series, *inter alia*, to request or direct the Note Trustee to take any action or to pass an effective Extraordinary Resolution according to the effect thereof on the interests of the Class B Noteholders of that Series or of any other Series. Except in certain circumstances described above and in Condition 12, the Trust Deed contains no such limitation on the powers of the Class B Noteholders, the exercise of which will be binding on the Class M Noteholders, the Class C Noteholders and the Class Z Noteholders, in each case, of any Series, irrespective of the effect thereof on their respective interests;
- (iii) limiting the powers of the Class C Noteholders and the Class Z Noteholders in each case, of any Series, *inter alia*, to request or direct the Note Trustee to take any action or to pass an effective Extraordinary Resolution according to the effect thereof on the interests of the Class M Noteholders of that Series or of any other Series. Except in certain circumstances described above and in Condition 12, the Trust Deed contains no such limitation on the powers of the Class M Noteholders, the exercise of which will be binding on the Class C Noteholders and the Class Z Noteholders in each case, of any Series, irrespective of the effect thereof on their interests; and

Notwithstanding that none of the Note Trustee, the Master Issuer Security Trustee and the Noteholders may have any right of recourse against the Rating Agencies in respect of any confirmation given by them and relied upon by the Note Trustee or the Master Issuer Security Trustee pursuant to this Condition 3, the Note Trustee and the Master Issuer Security Trustee shall each be entitled to assume, for the purpose of exercising any right, power, trust, authority,

duty or discretion under or in relation to these Conditions or any of the Master Issuer Transaction Documents, that such exercise will not be materially prejudicial to the interests of the Noteholders (or any series and/or class thereof) if the Rating Agencies have confirmed that the then current ratings of the applicable series and/or class or classes of Master Issuer Notes would not be adversely affected by such exercise. It is agreed and acknowledged that, notwithstanding the foregoing, a credit rating is an assessment of credit and does not address other matters that may be of relevance to the Noteholders. In being entitled to rely on the fact that the Rating Agencies have confirmed that the then current rating of the relevant series and/or class or classes of Master Issuer Notes would not be adversely affected, it is expressly agreed and acknowledged by the Note Trustee and the Master Issuer Security Trustee and specifically notified to the Noteholders (and to which they are bound by the Conditions) that the above does not impose or extend any actual or contingent liability for the Rating Agencies to the Note Trustee or the Master Issuer Security Trustee, the Noteholders or any other person or create any legal relations between the Rating Agencies and the Note Trustee, the Master Issuer Security Trustee, the Noteholders or any other person whether by way of contract or otherwise.

As security for, *inter alia*, the payment of all monies payable in respect of the Master Issuer Notes, the Master Issuer has entered into the Master Issuer Deed of Charge creating, *inter alia*, the Master Issuer Security in favour of the Master Issuer Security Trustee for itself and on trust for the Noteholders and the other persons expressed to be secured parties under the Master Issuer Deed of Charge (the **Master Issuer Secured Creditors**).

5. Interest

5.1 Interest on Fixed Rate Master Issuer Notes

Each Fixed Rate Master Issuer Note bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest payable, subject as provided in these Conditions, in arrear on the Interest Payment Date(s) in each year specified for such note up to (and including) the Final Maturity Date.

Except as provided in the applicable Final Terms, the amount of interest payable in respect of any Fixed Rate Master Issuer Note on each Interest Payment Date for a Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified for such note in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Conditions, **Fixed Interest Period** means the period from and including an Interest Payment Date (or the Interest Commencement Date) to but excluding the next (or the first) Interest Payment Date.

If interest is required to be calculated in respect of any Fixed Rate Master Issuer Note for a period other than a Fixed Interest Period, such interest shall be calculated by applying the Rate of Interest specified for such note in the applicable Final Terms to the Principal Amount Outstanding on such note, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Day Count Fraction means, in respect of the calculation of an amount of interest for any Fixed Rate Master Issuer Note in accordance with this **Condition 5.1**:

- (a) if "Actual/Actual (ICMA)" is specified for such note in the applicable Final Terms:
 - (i) in the case of Master Issuer Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date for such notes (or, if none, the Interest

Commencement Date) to (but excluding) the relevant Interest Payment Date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (A) the number of days in such Determination Period and (B) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or

- (ii) in the case of Master Issuer Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (I) the number of days in such Determination Period and (II) the number of Determination Dates that would occur in one calendar year; and
- (b) if "30/360" is specified for such note in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date for such note (or, if none, the Interest Commencement Date) to (but excluding) the relevant Interest Payment Date (such number of days being calculated on the basis of a year of 360 days with twelve 30-day months) divided by 360.

As used in these Conditions, **Determination Period** means each period from and including a Determination Date (as defined in the applicable Final Terms) to but excluding the next Determination Date (including where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

5.2 **Interest on Floating Rate Master Issuer Notes**

(a) *Interest payment dates*

Each Floating Rate Master Issuer Note bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date and such interest will be payable in arrear on the Interest Payment Date(s) in each year specified for such note. Such interest will be payable in respect of each Floating Interest Period.

As used in these Conditions, **Floating Interest Period** means the period from and including an Interest Payment Date (or the Interest Commencement Date) to but excluding the next (or the first) Interest Payment Date.

If a Business Day Convention is specified for a Floating Rate Master Issuer Note in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which a Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (i) the "Following Business Day Convention", the Interest Payment Date for such note shall be postponed to the next day which is a Business Day; or
- (ii) the "Modified Following Business Day Convention", the Interest Payment Date for such note shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (iii) the "Preceding Business Day Convention", the Interest Payment Date for such note shall be brought forward to the immediately preceding Business Day.

In these Conditions, **Business Day** means a day which is both:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and any Additional Business Centre specified in the applicable Final Terms; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than London and any Additional Business Centre) or (2) in relation to any sum payable in euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET) System (the **TARGET System**) is open.

(b) *Rate of interest*

The Rate of Interest payable from time to time in respect of a Floating Rate Master Issuer Note will be determined in the manner specified for such note in the applicable Final Terms.

(i) ISDA Determination for Floating Rate Master Issuer Notes

Where "ISDA Determination" is specified for such note in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated for such note in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (i), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent Bank or other person specified in the applicable Final Terms under an interest rate swap transaction if the Agent Bank or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (A) the Floating Rate Option is as specified for such note in the applicable Final Terms;
- (B) the Designated Maturity is the period specified for such note in the applicable Final Terms; and
- (C) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on LIBOR, USD-LIBOR, EURIBOR, AUD-BBR-BBSW, JPY-LIBOR or CDOR for a currency, the first day of that Interest Period, or (ii) in any other case, as specified for such note in the applicable Final Terms.

For the purposes of this subparagraph (i), **Floating Rate**, **Calculation Agent**, **Floating Rate Option**, **Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions.

(ii) Screen rate determination for Floating Rate Master Issuer Notes

Where **Screen Rate Determination** is specified for a Floating Rate Master Issuer Note in the applicable Final Terms as the manner in which the Rate of Interest is to be determined for such note, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation (if there is only one quotation on the Relevant Screen Page); or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. London time (in the case of LIBOR, USD-LIBOR or JPY-LIBOR), 10.15 a.m. Toronto time (in the case of CDOR), 11.00 a.m. Brussels time (in the case of EURIBOR) or 10:10 a.m. Sydney time (in the case of AUD-BBR-BBSW) (the **Specified Time**) on the Determination Date in question plus or minus the Margin (if any), all as determined by the Agent Bank. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the

lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent Bank for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of clause (ii)(A), no offered quotation appears or, in the case of clause (ii)(B), fewer than three offered quotations appear, in each case as at the Specified Time, the Agent Bank shall request each of the Reference Banks to provide the Agent Bank with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Agent Bank with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Agent Bank.

If on any Interest Determination Date one only or none of the Reference Banks provides the Agent Bank with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Agent Bank determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Agent Bank by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR, USD-LIBOR or JPY-LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or the Canadian inter-bank market (if the Reference Rate is CDOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Agent Bank with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Master Issuer suitable for the purpose) informs the Agent Bank it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR, USD-LIBOR or JPY-LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or the Canadian inter-bank market (if the Reference Rate is CDOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

(c) *Minimum rate of interest and/or maximum rate of interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for a Floating Rate Master Issuer Note for any Interest Period, then, in the event that the Rate of Interest for such note in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such note for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for such note for any Interest Period, then, in the event that the Rate of Interest for such note in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such note for such Interest Period shall be such Maximum Rate of Interest.

(d) *Determination of rate of interest and calculation of interest amounts*

The Agent Bank will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period (provided that no provision of these Conditions or the Paying Agent and Agency Bank Agreement shall require an Agent to do anything which may be illegal or contrary to applicable law or regulation).

The Agent Bank will calculate the amount of interest payable on the Floating Rate Master Issuer Notes in respect of each Specified Denomination (each an **Interest Amount**) for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to the Principal Amount Outstanding of each Master Issuer Note, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Day Count Fraction means, in respect of the calculation of an amount of interest for a Floating Rate Master Issuer Note in accordance with this **Condition 5.2(d)** for any Interest Period:

- (i) if **Actual/365** or **Actual/Actual (ISDA)** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
 - (ii) if **Actual/365 (Fixed)** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
 - (iii) if **Actual/365 (Sterling)** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of a Interest Payment Date falling in a leap year, 366;
 - (iv) if **Actual/360** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
 - (v) if **30/360**, **360/360** or **Bond Basis** is specified for such note in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with twelve 30-day months (unless (a) the last day of the Interest Period is the 31st day of a month but the first day of the Interest Period is a day other than the 30th or 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month, or (b) the last day of the Interest Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month)); and
 - (vi) if **30E/360** or **Eurobond Basis** is specified for such note in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with twelve 30-day months, without regard to the date of the first day or last day of the Interest Period unless, in the case of the final Interest Period, the Final Maturity Date is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month).
- (e) *Notification of rate of interest and interest amounts*

The Agent Bank will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Note Trustee, the Master Issuer Security Trustee, the Master Issuer Cash Manager, the Paying Agents, the Registrar and to any stock exchange or other relevant competent authority or quotation system on which the relevant Floating Rate Master Issuer Notes are for the time being listed, quoted and/or traded or by which they have been admitted to listing and to be published in accordance with **Condition 12.10** as soon as possible after their determination but in no event later than the fourth Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. Any such amendment or alternative arrangements will be promptly notified to the Note Trustee and each stock exchange or other relevant authority on which the relevant Floating Rate Master Issuer Notes are for the time being listed or by which they have been admitted to listing and to the Noteholders in accordance with **Condition 12.10**.

(f) *Determination or calculation by Note Trustee*

13.4.8

If for any reason at any relevant time, the Agent Bank or, as the case may be, the Calculation Agent defaults in its obligation to determine the Rate of Interest for a Floating Rate Master Issuer Note or the Agent Bank defaults in its obligation to calculate any Interest Amount for such note in accordance with **subparagraph (b)(i)** or **(ii)** above or as otherwise specified for such note in the applicable Final Terms, as the case may be, and in each case in accordance with **Condition 5.2(d)**, the Note Trustee may determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified for such note in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Note Trustee shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Agent Bank or the Calculation Agent, as the case may be.

(g) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this **Condition 5.2**, whether by the Agent Bank or the Calculation Agent or the Note Trustee shall (in the absence of wilful default, bad faith or manifest error) be binding on the Master Issuer, the Master Issuer Cash Manager, the Principal Paying Agent, the Calculation Agent, the other Paying Agents, the Note Trustee and all Noteholders and (in the absence of wilful default or bad faith) no liability to the Master Issuer or the Noteholders shall attach to the Agent Bank or the Calculation Agent or the Note Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

5.3 *Accrual of interest*

Interest (if any) will cease to accrue on each Master Issuer Note (or in the case of the redemption of part only of a Master Issuer Note, that part only of such note) on the due date for redemption thereof unless, upon due presentation thereof, payment of principal is improperly withheld or refused in which event, interest will continue to accrue until the earlier of:

- (a) the date on which all amounts due in respect of such note have been paid; and
- (b) the seventh day after notice is duly given by the Principal Paying Agent or the U.S. Paying Agent (as the case may be) to the Holder thereof that such payment will be made, provided that subsequently, payment is in fact made.

5.4 *Deferred interest*

To the extent that, subject to and in accordance with the relevant Master Issuer Priority of Payments, the funds available to the Master Issuer to pay interest on any Series and Class (or Sub-Class) of Master Issuer Notes (other than the most senior Class (or Sub-Class) of Master Issuer Notes of any Series then outstanding) on an Interest Payment Date (after discharging the Master Issuer's liabilities of a higher priority) are insufficient to pay the full amount of such interest, payment of the shortfall attributable to such Series and Class (or Sub-Class) of Master Issuer Notes (**Deferred Interest**) will not then fall due but will instead be deferred until the first Interest Payment Date for such notes thereafter on which sufficient funds are available (after allowing for the Master Issuer's liabilities of a higher priority and subject to and in accordance with the relevant Master Issuer Priority of Payments) to fund the payment of such Deferred Interest to the extent of such available funds.

Such Deferred Interest will accrue interest (**Additional Interest**) at the rate of interest applicable from time to time to the applicable Series and Class (or Sub-Class) of Master Issuer Notes and payment of any Additional Interest will also be deferred until the first Interest Payment Date for such notes thereafter on which funds are available (after allowing for the Master Issuer's liabilities of a higher priority subject to and in accordance with the relevant Master Issuer Priority of Payments) to the Master Issuer to pay such Additional Interest to the extent of such available funds.

Amounts of Deferred Interest and Additional Interest shall not be deferred beyond the Final Maturity Date of the applicable Series and Class (or Sub-Class) of Master Issuer Notes, when such amounts will become due and payable.

Payments of interest due on an Interest Payment Date in respect of the most senior Class of Master Issuer Notes of any Series then outstanding will not be deferred. In the event of the delivery of a Note Enforcement Notice (as described in **Condition 10**), the amount of interest in respect of such Master Issuer Notes that was due but not paid on

such Interest Payment Date will itself bear interest at the applicable rate until both the unpaid interest and the interest on that interest are paid as provided in the Trust Deed.

5.5 Interest Where There is an Increase Amount of a Class Z Variable Funding Note

If, in the Floating Interest Period immediately preceding an Interest Payment Date, there has been a subscription of an Increase Amount in respect of a Class Z Variable Funding Note pursuant to **Condition 6.10** below, the Interest payable shall be determined as the sum of:

(a) the interest determined as being payable in respect of the Class Z Variable Funding Note as if the Principal Amount Outstanding were the Principal Amount Outstanding of the Class Z Variable Funding Note at the beginning of such Floating Interest Period; plus

(b) the interest determined as being payable in respect of each Increase Amount made in such Floating Interest Period calculated on the basis set out in **Condition 5.2** as if references in **Condition 5.2** to the Principal Amount Outstanding in respect of such Class Z Variable Funding Note were to the Increase Amount and the Floating Interest Period in respect of such Increase Amount commenced on the Increase Date. The Rate of Interest in respect of any Increase Amount made on an Increase Date which is not an Interest Payment Date shall be the same rate as that determined in respect of the Principal Amount Outstanding of the Class Z Variable Funding Note immediately prior to such Increase Date or such other rate as may be specified in the applicable Final Terms in respect of such Class Z Variable Funding Note.

In all other cases, the interest payable in respect of each Class Z Variable Funding Note shall be determined pursuant to **Condition 5.2** above.

6. Redemption, Purchase and Cancellation

6.1 Final Redemption

Unless previously redeemed in full as provided in this **Condition 6**, the Master Issuer shall redeem a Series and Class (or Sub-Class) of Master Issuer Notes at their then Principal Amount Outstanding together with all accrued interest on the Final Maturity Date in respect of such Series and Class (or Sub-Class) of Master Issuer Notes.

The Master Issuer may not redeem such notes in whole or in part prior to their Final Maturity Date except as provided in **Conditions 6.2, 6.4 or 6.5**, but without prejudice to **Condition 10**.

6.2 Mandatory Redemption

On each Interest Payment Date, other than an Interest Payment Date on which a Series and Class (or Sub-Class) of Master Issuer Notes are to be redeemed under **Condition 6.1 above**, and **Conditions 6.4 and 6.5 below** and the Master Issuer shall repay principal in respect of such notes in an amount equal to the amount (if any) repaid on such Interest Payment Date in respect of the related Term Advance, and pursuant to, the Master Intercompany Loan Agreement converted, where the Specified Currency for such notes is not sterling, into the Specified Currency at the Specified Currency Exchange Rate for such notes.

To the extent that there are insufficient funds available to the Master Issuer to repay the amount due to be paid on such Interest Payment Date the Master Issuer will be required to repay the shortfall, to the extent that it receives funds therefor (and subject to the terms of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement) on subsequent Interest Payment Dates in respect of such notes.

6.3 Note Principal Payments, Principal Amount Outstanding and Pool Factor

The principal amount redeemable (the **Note Principal Payment**) in respect of each Master Issuer Note of a particular Series and Class (or Sub-Class) on any Interest Payment Date under **Condition 6.2** shall be a proportion of the amount required as at that Interest Payment Date to be applied in redemption of such Series and Class (or Sub-Class) of Master Issuer Notes on such date equal to the proportion that the Principal Amount Outstanding of the relevant Master Issuer Note bears to the aggregate Principal Amount Outstanding of such Series and Class (or Sub-Class) of Master Issuer Notes rounded down to the nearest sub-unit of the Specified Currency; provided always that no such Note Principal Payment may exceed the Principal Amount Outstanding of the relevant Master Issuer Note.

On each Note Determination Date the Master Issuer shall determine (or cause the Agent Bank to determine) (a) the amount of any Note Principal Payment payable in respect of each Master Issuer Note of the relevant Series and

Class (or Sub-Class) on the immediately following Interest Payment Date and (b) the Principal Amount Outstanding of each such note which shall be the Specified Denomination plus (in the case of each Class Z Variable Funding Note) the aggregate of all relevant Increase Amounts, less the aggregate amount of all Note Principal Payments in respect of such note that has been paid since the relevant Closing Date and on or prior to that Note Determination Date (the **Principal Amount Outstanding**) and (c) the fraction expressed as a decimal to the fifth decimal point (the **Pool Factor**), of which the numerator is the Principal Amount Outstanding of such note (as referred to in (b) above) and the denominator is the Specified Denomination. Each determination by or on behalf of the Master Issuer of Note Principal Payment of a Master Issuer Note, the Principal Amount Outstanding of a Master Issuer Note and the Pool Factor shall in each case (in the absence of wilful default, bad faith or manifest error) be final and binding on all persons.

The Master Issuer will cause each determination of the Note Principal Payment and the Principal Amount Outstanding and the Pool Factor in respect of a Series and Class (or Sub-Class) of Master Issuer Notes to be notified forthwith, and in any event not later than 1.00 p.m. (London time) on the Business Day immediately succeeding the Note Determination Date, to the Note Trustee, the Master Issuer Security Trustee, the Paying Agents, the Agent Bank, the Registrar and (for so long as such notes are listed on one or more stock exchanges) the relevant stock exchanges, and will cause notice of each determination of the Note Principal Payment and the Principal Amount Outstanding to be given to Noteholders in accordance with **Condition 12.10** by no later than the Business Day after the relevant Interest Payment Date.

If the Master Issuer does not at any time for any reason determine (or cause the Agent Bank to determine) a Note Principal Payment, the Principal Amount Outstanding or the Pool Factor in accordance with the preceding provisions of this **Condition 6.3**, such Note Principal Payment and/or Principal Amount Outstanding and/or Pool Factor may be determined by the Note Trustee in accordance with this **Condition 6.3** in the manner the Note Trustee in its discretion considers fair and reasonable in the circumstances, having regard to this **Condition 6.3**, and each such determination or calculation shall be deemed to have been made by the Master Issuer. Any such determination shall (in the absence of wilful default, bad faith or manifest error) be binding on the Master Issuer, the Agent Bank and the Noteholders.

6.4 Optional Redemption in Full

Provided a Note Enforcement Notice has not been served and subject to the provisos below, upon giving not more than 60 nor less than 30 days' prior notice to the Note Trustee, the Noteholders and the relevant Master Issuer Swap Provider(s) in accordance with **Condition 12.10**, the Master Issuer may redeem a Series and Class (or Sub-Class) of Master Issuer Notes at their aggregate Redemption Amount together with any accrued and unpaid interest in respect thereof on the following dates:

- (a) the date specified as the Step-Up Date for such notes in the applicable Final Terms and on any Interest Payment Date for such notes thereafter; or
- (b) on any Interest Payment Date on which the aggregate Principal Amount Outstanding of such notes and all other Classes of Master Issuer Notes of the same Series is less than 10 per cent. of the aggregate Principal Amount Outstanding of such Series of Master Issuer Notes as at the Closing Date on which such Series of Master Issuer Notes were issued,
- (c) the date specified as the Optional Redemption Date for such notes in the applicable Final Terms and on each Interest Payment Date for such notes thereafter,

PROVIDED THAT (in either of the cases above), on or prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that (i) it will have the funds, not subject to any interest of any other person, required to redeem such notes as aforesaid and any amounts required to be paid in priority to or *pari passu* with such notes outstanding in accordance with the terms and conditions of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement and (ii) the Repayment Tests will be satisfied following the making of such redemptions and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof in which event it shall be conclusive and binding on the Noteholders and all other persons.

6.5 Optional Redemption for Tax and other Reasons

Provided a Note Enforcement Notice has not been served, if the Master Issuer at any time satisfies the Note Trustee immediately prior to the giving of the notice referred to below that on the next Interest Payment Date either:

- (a) the Master Issuer would by virtue of a change in the law or regulations of the United Kingdom or any other jurisdiction (or the application or interpretation thereof) be required to deduct or withhold from any payment of principal or interest or any other amount under a Series and Class (or Sub-Class) of Master Issuer Notes any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature (other than where the relevant Holder or beneficial owner has some connection with the relevant jurisdiction other than the holding of the Master Issuer Notes); or
- (b) Funding would be required to deduct or withhold from amounts due in respect of the Term Advance under the Master Intercompany Loan Agreement which was funded by such notes any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature; and
- (c) in relation to either the events described in (a) and (b) above, such obligation of the Master Issuer or Funding (as the case may be) cannot be avoided by the Master Issuer or Funding (as the case may be) taking reasonable measures available to the Master Issuer or Funding (as the case may be),

then the Master Issuer shall use its reasonable endeavours to arrange the substitution of a company incorporated in another jurisdiction approved by the Note Trustee as principal debtor under such notes and/or as lender of such Term Advance as the case may be, upon the Note Trustee being satisfied that (1) such substitution will not be materially prejudicial to the interests of the Noteholders of any Series and Class, and (2) upon the Master Issuer Security Trustee being satisfied that (A) the position of the Master Issuer Secured Creditors will not thereby be adversely affected, and (B) such substitution would not require registration of any new security under United States securities laws or materially increase the disclosure requirements under United States law or the costs of issuance. Only if the Master Issuer is unable to arrange a substitution will the Master Issuer be entitled to redeem the Master Issuer Notes as described in this **Condition 6.5**.

Subject to the proviso below, if the Master Issuer is unable to arrange a substitution as described above and, as a result, one or more of the events described in (a) and (b) above (as the case may be) is continuing, then the Master Issuer may, having given not more than 60 nor less than 30 days' notice to the Note Trustee, the Noteholders and the relevant Master Issuer Swap Provider(s) in accordance with **Condition 12.10**, redeem all (but not some only) of such notes on the immediately succeeding Interest Payment Date for such notes at their aggregate Redemption Amount together with any accrued and unpaid interest in respect thereof provided that (in either case), prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee:

- (i) a certificate signed by two directors of the Master Issuer stating the circumstances referred to in (a) or (b) and (c) above prevail and setting out details of such circumstances; and
- (ii) an opinion in form and substance satisfactory to the Note Trustee of independent legal advisors of recognised standing to the effect that the Master Issuer and/or Funding has or will become obliged to deduct or withhold such amounts as a result of such change or amendment.

The Note Trustee shall be entitled to accept such certificate and opinion as sufficient evidence of the satisfaction of the circumstance set out in (a) or (b) and (c) above, in which event they shall be conclusive and binding on the Noteholders. The Master Issuer may only redeem such notes as aforesaid, if on or prior to giving such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that it will have the funds, not subject to any interest of any other person, required to redeem such notes as aforesaid and any amounts required to be paid in priority to or *pari passu* with such notes outstanding in accordance with the terms and conditions of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof in which event it shall be conclusive and binding on the Noteholders and all other persons.

In addition to the foregoing, if, at any time, the Master Issuer delivers a certificate to Funding, the Note Trustee and the Master Issuer Security Trustee to the effect that it would be unlawful for the Master Issuer to make, fund or allow to remain outstanding a Term Advance made by it under the Master Intercompany Loan Agreement and stating that the Master Issuer may require Funding to prepay the relevant Term Advance on an Interest Payment Date subject to and in accordance with the provisions of the Master Intercompany Loan Agreement to the extent necessary to cure such illegality and the Master Issuer may redeem all (but not some only) of the relevant Master Issuer Notes at their Redemption Amount together with any accrued interest upon giving not more than 60 days' nor less than 30 days' (or

such shorter period as may be required under any relevant law) prior written notice to the Master Issuer Security Trustee, the Note Trustee, the relevant Master Issuer Swap Provider(s) and the Noteholders in accordance with **Condition 12.10** provided that, prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that it will have the funds, not subject to the interest of any other person, required to redeem the Master Issuer Notes as provided above and any amount to be paid in priority to or *pari passu* with the Master Issuer Notes and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof in which event it shall be conclusive and binding on the Noteholders and all other persons. Such monies received by the Master Issuer shall be used to redeem the relevant Master Issuer Notes in full, together with any accrued and unpaid interest on the equivalent Interest Payment Date.

6.6 Redemption Amounts

For the purposes of this **Condition 6.6, Redemption Amount** means, in respect of any Series and Class (or Sub-Class) of Master Issuer Notes, the amount specified in relation to such notes in the applicable Final Terms or, if not so specified:

- (a) in respect of each Master Issuer Note (other than a Zero Coupon Master Issuer Note), the Principal Amount Outstanding of such note; and
- (b) in respect of each Zero Coupon Master Issuer Note, an amount (the **Amortised Face Amount**) calculated in accordance with the following formula:

$$\text{Redemption Amount} = \text{RP} \times (1 + \text{AY}) \times y$$

where:

RP = the Reference Price;

AY = the Accrual Yield expressed as a decimal; and

y = a fraction, the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the first Closing Date of the applicable Series and Class (or Sub-Class) of Master Issuer Notes to (but excluding) the date fixed for redemption or, as the case may be, the date upon which such note becomes due and payable and the denominator of which is 360.

If the amount payable in respect of any Zero Coupon Master Issuer Note upon redemption of such Zero Coupon Master Issuer Note pursuant to Condition 6.1, 6.2, 6.4 or 6.5 or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such note shall be the amount calculated as provided in this paragraph as though the reference therein to the date fixed for the redemption or, as the case may be, the date upon which such note becomes due and payable were replaced by reference to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such note have been paid; and
- (ii) the date on which the full amount of the monies payable in respect of such note has been received by the Principal Paying Agent or the Note Trustee or the Registrar and notice to that effect has been given to the Noteholders in accordance with **Condition 12.9**.

6.7 Money Market Note Mandatory Transfer

7.6 *Partial Payment*

If a Paying Agent makes a partial payment in respect of any Master Issuer Note, the Master Issuer shall procure and the Registrar will ensure that the amount and date of such payment are noted on the Register and, in the case of partial payment upon presentation of a Master Issuer Note, that a statement indicating the amount and date of such payment is endorsed on the relevant Master Issuer Note.

In this **Condition 8**, the **relevant date**, in respect of a payment under a Master Issuer Note, is the date on which the payment in respect thereof first becomes due or (if the full amount of the monies payable in respect of those payments under all the Master Issuer Notes due on or before that date has not been duly received by the Principal Paying Agent or the Note Trustee on or prior to such date) the date on which, the full amount of such monies having been so received, notice to that effect is duly given to Noteholders in accordance with **Condition 12.10**.

9. Taxation

All payments in respect of the Master Issuer Notes will be made without withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature unless the Master Issuer or any relevant Paying Agent is required by applicable law to make any payment in respect of the Master Issuer Notes subject to any such withholding or deduction. In that event, the Master Issuer or such Paying Agent shall make such payment after such withholding or deduction has been made and shall account to the relevant authorities for the amount so required to be withheld or deducted. 11. Enforcement of Master Issuer Notes

11.1 Enforcement

The Note Trustee may, at its discretion and without notice at any time and from time to time, take such steps or actions and institute such proceedings against the Master Issuer or any other person as it may think fit to enforce the provisions of the Master Issuer Notes, the Trust Deed (including these Conditions) or any of the other Master Issuer Transaction Documents to which it is a party and the Note Trustee may, at its discretion without notice, at any time after the Master Issuer Security has become enforceable (including after the service of a Note Enforcement Notice in accordance with **Condition 10**), instruct the Master Issuer Security Trustee to take such steps as it may think fit to enforce the Master Issuer Security. The Note Trustee shall not be bound to take such steps or institute such proceedings or give such instructions unless:

- (a) (subject in all cases to restrictions contained in the Trust Deed to protect the interests of any higher ranking Class of Noteholders) it shall have been so directed by an Extraordinary Resolution of the Class A Noteholders, the Class B Noteholders, the Class M Noteholders, the Class C Noteholders and the Class Z Noteholders (which for this purpose means the Holders of all Series of the Class A Notes, the Class B Notes, the Class M Notes, the Class C Notes or the Class Z Notes (as applicable)) or so requested in writing by the Holders of at least 25 per cent. in aggregate Principal Amount Outstanding of the Class A Notes, the Class B Notes, the Class M Notes, the Class C Notes and the Class Z Notes (as applicable) of all Series then outstanding; and
- (b) it shall have been indemnified and/or secured to its satisfaction.

The Master Issuer Security Trustee shall not, and shall not be bound to, take such steps or take any such action unless it is so directed by the Note Trustee and indemnified and/or secured to its satisfaction.

Amounts available for distribution after enforcement of the Master Issuer Security shall be distributed in accordance with the terms of the Master Issuer Deed of Charge.

No Noteholder shall be entitled to proceed directly against the Master Issuer unless the Note Trustee or the Master Issuer Security Trustee (as the applicable), having become bound so to do, fails to do so within a reasonable period and such failure shall be continuing, provided that no Class B Noteholder, Class M Noteholder, Class C Noteholder or Class Z Noteholder will be entitled to commence proceedings for the winding-up or administration of the Master Issuer at any time unless:

- there are no outstanding Master Issuer Notes of a Class with higher priority; or
- if Master Issuer Notes of a Class with higher priority are outstanding, there is consent of Noteholders of at least one quarter of the aggregate Principal Amount Outstanding of the Master Issuer Notes outstanding of the Class or Classes of Master Issuer Notes with higher priority or pursuant to an Extraordinary Resolution of the Holders of such Class of Master Issuer Notes.

Notwithstanding any other condition or any provision of any Transaction Document, all obligations of the Master Issuer to the Noteholders are limited in recourse to the Master Issuer Security. If:

- there is no Master Issuer Security remaining which is capable of being realised or otherwise converted into cash;
- all amounts available from the Master Issuer Security have been applied to meet or provide for the relevant obligations specified in, and in accordance with, the provisions of the Master Issuer Deed of Charge; and
- there are insufficient amounts available from the Master Issuer Security to pay in full, in accordance with the provisions of the Master Issuer Deed of Charge, amounts outstanding under the Master Issuer Notes (including payments of principal, premium (if any) and interest),

then the Noteholders shall have no further claim against the Master Issuer in respect of any amounts owing to them which remain unpaid (including, for the avoidance of doubt, payments of principal, premium (if any) and/or interest in

respect of the Master Issuer Notes) and such unpaid amounts shall be deemed to be discharged in full and any relevant payment rights shall be deemed to cease.

- (i) the Master Issuer (or the Master Issuer Cash Manager, acting on behalf of the Master Issuer) certifies to the Note Trustee in writing (such certificate, a **Base Rate Modification Certificate**) that such Base Rate Modification is being undertaken due to:
- (A) a material disruption to LIBOR, EURIBOR or any other relevant interest rate benchmark, an adverse change in the methodology of calculating such interest rate benchmark or such interest rate benchmark ceasing to exist or be published;

- (iv) the Seller or the Master Issuer pays all fees, costs and expenses (including legal fees) properly incurred by the Master Issuer, the Note Trustee and or any other Transaction Party in connection with such Base Rate Modification,

provided that:

- (x) at least 35 calendar days' prior written notice of any such proposed Base Rate Modification has been given to the Note Trustee;
- (y) the Base Rate Modification Certificate in relation to such Base Rate Modification shall be provided to the Note Trustee both at the time the Note Trustee is notified of the proposed Base Rate Modification and on the date that such Base Rate Modification takes effect; and
- (z) the Master Issuer Cash Manager, acting on behalf of the Master Issuer, certifies in writing to the Note Trustee (which certification may be in the Base Rate Modification Certificate) that the Master Issuer has provided at least 30 calendar days' notice to the Noteholders of the proposed Base Rate Modification in accordance with Condition 12.10 (Notice to Noteholders) and Noteholders representing at least 10 per cent. of the Aggregate Principal Amount Outstanding of the most senior Class of Floating Rate Master Issuer Notes then outstanding have not contacted the Master Issuer or the Principal Paying Agent (acting on behalf of the Master Issuer) in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Floating Rate Master Issuer Notes may be held) within such notification period notifying the Master Issuer or the Principal Paying Agent (acting on behalf of the Master Issuer) that such Noteholders do not consent to the Base Rate Modification.

If Noteholders representing at least 10 per cent. of the Aggregate Principal Amount Outstanding of the most senior Class of Floating Rate Master Issuer Notes then outstanding have notified the Master Issuer or the Principal Paying Agent (acting on behalf of the Master Issuer) in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Floating Rate Master Issuer Notes may be held) within the notification period referred to above that they do not consent to the Base Rate Modification, then such Base Rate Modification will not be made unless an Extraordinary Resolution of the Noteholders of the most senior Class of Floating Rate Master Issuer Notes then outstanding is passed in favour of such Base Rate Modification in accordance with this Condition 12.

Objections made other than through the applicable clearing system must be in writing and accompanied by evidence to the Note Trustee's satisfaction (having regard to prevailing market practices) of the relevant Noteholder's holding of the Master Issuer Notes.

Nothing in this paragraph (b) affects the rights of the Noteholders of Master Issuer Notes issued prior to 5 March 2018 in relation to amendments to the Funding Swaps.

Notwithstanding anything to the contrary in this Condition 12 or any Transaction Document, when implementing any Base Rate Modification pursuant to this Condition 12.5(b):

- (1) the Note Trustee shall not consider the interests of the Noteholders, any other Secured Creditor or any other person and shall act and rely solely, and without further enquiry or liability, on any certificate (including any Base Rate Modification Certificate) or evidence provided to it by the Master Issuer or the Master Issuer Cash Manager acting on behalf of the Master Issuer and shall not be liable to the Noteholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such Base Rate Modification is or may be materially prejudicial to the interests of any such person; and
- (2) the Note Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Note Trustee, would have the effect of (i) exposing the Note Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Note Trustee in the Master Issuer Transaction Documents and/or these Conditions.

For the avoidance of doubt, the Master Issuer (or the Master Issuer Cash Manager, acting on behalf of the Master Issuer) may propose an Alternative Base Rate on more than one occasion provided that the conditions set out in this Condition 12.5(b) are satisfied.

- (c) Without prejudice to (i) Clauses 19.1, 19.2, 19.3 and 19.4 of the Trust Deed and (ii) Clause 25.8 of the Funding Deed of Charge, subject to Clause 19.5(b) of the Trust Deed, the Note Trustee shall, without the consent of any holders of any Series or Class of Notes, be required to give its consent to any modifications to any Funding Agreement or the Master Definitions and Construction Schedule that are requested by Funding or the Cash Manager, provided that Funding or the Cash Manager, as the case may be, has certified to the Note Trustee in writing that such modifications are required in order to accommodate:
- (i) Master Issuer Notes to be issued and/or Master Issuer Term Advances to be made available by the Master Issuer to Funding under the Master Intercompany Loan Agreement;

 - (vi) changes to the Funding Reserve Fund Required Amount, the Funding Liquidity Reserve Required Amount and/or the manner in which the Funding Reserve Fund or the Funding Liquidity Reserve Fund is funded;
 - (vii) different Interest Payment Dates and/or Interest Periods for any Master Issuer Notes to be issued by the Master Issuer (including modification of the Interest Payment Dates and/or Interest Periods and/or the basis for the calculation of interest in respect of any outstanding Master Issuer Notes) and/or different Interest Payment Dates and/or Interest Periods (including modification of the basis for the calculation of interest) in respect of any outstanding Master Issuer Term Advances under the Master Intercompany Loan Agreement, and consequential modifications in respect of (i) the amounts payable under, the rates for calculating the amounts payable under and the periods for payment and the dates for payment under the Funding Swap Agreement and (ii) the amounts payable under, the rates for calculating the amounts payable under and the periods for payment under and the dates for payment under the Master Issuer Swap Agreements; and/or
 - (viii) the Master Issuer to comply, with respect only to Master Issuer Notes to be issued on or after 27 August 2013, with any requirements which apply to it under European Regulation 648/2012 of 4 July 2012, known as the European Market Infrastructure Regulation (**EMIR**) and which accordingly will be mandatory under EMIR irrespective of whether such modifications are materially prejudicial to the interests of the Noteholders of any Series or Class of Master Issuer Notes or any other Master Issuer Secured Creditor and provided such modifications do not relate to a Basic Terms Modification. The Note Trustee shall not be obliged to agree to any modification pursuant to this Condition 12.5(c)(viii) which (in the sole opinion of the Note Trustee) would have the effect of (a) exposing the Note Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction; and (b) increasing the obligations or duties, or decreasing the protections of the Note Trustee in the Transaction Documents and/or the Conditions of the Master Issuer Notes. The Noteholders and the Master Issuer Secured Creditors shall be deemed to have instructed the Note Trustee to concur with such EMIR amendments and shall be bound by them regardless of whether they are materially prejudicial to their interests.

Any modification, waiver, authorisation or determination made pursuant to this Condition 12.5 shall be binding on the Noteholders and, unless the Note Trustee agrees otherwise, any such modification shall be notified to the Noteholders and the Rating Agencies in accordance with **Condition 12.10** as soon as practicable thereafter.

12.6 Redenomination

The Note Trustee may agree, without the consent of the Holders of the Sterling Notes on or after the Specified Date (as defined below), to such modifications to the Sterling Notes and the Trust Deed in respect of redenomination of such Sterling Notes in euro and associated reconventioning, renominatisation and related matters in respect of such Sterling Notes as may be proposed by the Master Issuer (and confirmed by an independent financial institution

approved by the Note Trustee to be in conformity with then applicable market conventions) and to provide for redemption at the euro equivalent of the sterling principal amount of the Sterling Notes. For these purposes, **Specified Date** means the date on which the United Kingdom participates in the third stage of European economic and monetary union pursuant to the Treaty establishing the European Community, as amended by the Treaty on European Union, or otherwise participates in European economic and monetary union in a manner with an effect similar to such third stage.

Any such modification shall be binding on the Holders of the Sterling Notes and, unless the Note Trustee agrees otherwise, any such modification shall be notified to such Noteholders in accordance with **Condition 12.10** as soon as practicable thereafter.

12.7 *Exercise of Note Trustee's or Master Issuer Security Trustee's Functions*

Where the Note Trustee or the Master Issuer Security Trustee is required, in connection with the exercise of its powers, trusts, authorities, duties and discretions under these Conditions or any Transaction Document, to have regard to the interests of the Noteholders of any Class, it shall have regard to the interests of such Noteholders as a class and, in particular but without prejudice to the generality of the foregoing, neither the Note Trustee nor the Master Issuer Security Trustee shall have regard to, or be in any way liable for, the consequences of such exercise for individual Noteholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory. In connection with any such exercise, neither the Note Trustee nor the Master Issuer Security Trustee shall be entitled to require, and no Noteholder shall be entitled to claim, from the Master Issuer or any other person, any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders.

12.8 *Indemnification of the Note Trustee and the Master Issuer Security Trustee*

Noteholders may not require transfers of Master Issuer Notes to be registered during the period of 15 days ending on the due date for any payment of principal or interest in respect of the Master Issuer Notes.

5. Interest

5.1 Interest on Fixed Rate Master Issuer Notes

Each Fixed Rate Master Issuer Note bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest payable, subject as provided in these Conditions, in arrear on the Interest Payment Date(s) in each year specified for such note up to (and including) the Final Maturity Date.

Except as provided in the applicable Final Terms, the amount of interest payable in respect of any Fixed Rate Master Issuer Note on each Interest Payment Date for a Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified for such note in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Conditions, **Fixed Interest Period** means the period from and including an Interest Payment Date (or the Interest Commencement Date) to but excluding the next (or the first) Interest Payment Date.

If interest is required to be calculated in respect of any Fixed Rate Master Issuer Note for a period other than a Fixed Interest Period, such interest shall be calculated by applying the Rate of Interest specified for such note in the applicable Final Terms to the Principal Amount Outstanding on such note, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Day Count Fraction means, in respect of the calculation of an amount of interest for any Fixed Rate Master Issuer Note in accordance with this **Condition 5.1**:

- (a) if "Actual/Actual (ICMA)" is specified for such note in the applicable Final Terms:
 - (i) in the case of Master Issuer Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date for such notes (or, if none, the Interest

Commencement Date) to (but excluding) the relevant Interest Payment Date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (A) the number of days in such Determination Period and (B) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or

- (ii) in the case of Master Issuer Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (I) the number of days in such Determination Period and (II) the number of Determination Dates that would occur in one calendar year; and
- (b) if "30/360" is specified for such note in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date for such note (or, if none, the Interest Commencement Date) to (but excluding) the relevant Interest Payment Date (such number of days being calculated on the basis of a year of 360 days with twelve 30-day months) divided by 360.

As used in these Conditions, **Determination Period** means each period from and including a Determination Date (as defined in the applicable Final Terms) to but excluding the next Determination Date (including where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

5.2 *Interest on Floating Rate Master Issuer Notes*

(a) *Interest payment dates*

Each Floating Rate Master Issuer Note bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date and such interest will be payable in arrear on the Interest Payment Date(s) in each year specified for such note. Such interest will be payable in respect of each Floating Interest Period.

As used in these Conditions, **Floating Interest Period** means the period from and including an Interest Payment Date (or the Interest Commencement Date) to but excluding the next (or the first) Interest Payment Date.

If a Business Day Convention is specified for a Floating Rate Master Issuer Note in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which a Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (i) the "Following Business Day Convention", the Interest Payment Date for such note shall be postponed to the next day which is a Business Day; or
- (ii) the "Modified Following Business Day Convention", the Interest Payment Date for such note shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (iii) the "Preceding Business Day Convention", the Interest Payment Date for such note shall be brought forward to the immediately preceding Business Day.

In these Conditions, **Business Day** means a day which is both:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and any Additional Business Centre specified in the applicable Final Terms; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than London and any Additional Business Centre) or (2) in relation to any sum payable in euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET) System (the **TARGET System**) is open.

(b) *Rate of interest*

The Rate of Interest payable from time to time in respect of a Floating Rate Master Issuer Note will be determined in the manner specified for such note in the applicable Final Terms.

(i) ISDA Determination for Floating Rate Master Issuer Notes

Where "ISDA Determination" is specified for such note in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated for such note in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (i), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent Bank or other person specified in the applicable Final Terms under an interest rate swap transaction if the Agent Bank or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (A) the Floating Rate Option is as specified for such note in the applicable Final Terms;
- (B) the Designated Maturity is the period specified for such note in the applicable Final Terms; and
- (C) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on LIBOR, USD-LIBOR, EURIBOR, AUD-BBR-BBSW, JPY-LIBOR or CDOR for a currency, the first day of that Interest Period, or (ii) in any other case, as specified for such note in the applicable Final Terms.

For the purposes of this subparagraph (i), **Floating Rate**, **Calculation Agent**, **Floating Rate Option**, **Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions.

(ii) Screen rate determination for Floating Rate Master Issuer Notes

Where **Screen Rate Determination** is specified for a Floating Rate Master Issuer Note in the applicable Final Terms as the manner in which the Rate of Interest is to be determined for such note, and the Reference Rate is specified in the applicable Final Terms as being a rate other than SONIA, Compounded Daily SOFR or Weighted Average SOFR, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation (if there is only one quotation on the Relevant Screen Page); or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. London time (in the case of LIBOR, USD-LIBOR or JPY-LIBOR), 10.15 a.m. Toronto time (in the case of CDOR), 11.00 a.m. Brussels time (in the case of EURIBOR) or 10:10 a.m. Sydney time (in the case of AUD-BBR-BBSW) (the **Specified Time**) on the Determination Date in question plus or minus the Margin (if any), all as determined by

the Agent Bank. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent Bank for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of clause (ii)(A), no offered quotation appears or, in the case of clause (ii)(B), fewer than three offered quotations appear, in each case as at the Specified Time, the Agent Bank shall request each of the Reference Banks to provide the Agent Bank with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Agent Bank with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Agent Bank.

If on any Interest Determination Date one only or none of the Reference Banks provides the Agent Bank with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Agent Bank determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Agent Bank by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR, USD-LIBOR or JPY-LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or the Canadian inter-bank market (if the Reference Rate is CDOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Agent Bank with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Master Issuer suitable for the purpose) informs the Agent Bank it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR, USD-LIBOR or JPY-LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or the Canadian inter-bank market (if the Reference Rate is CDOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

SONIA

Where Screen Rate Determination is specified for a Floating Rate Master Issuer Note in the applicable Final Terms as the manner in which the Rate of Interest is to be determined for such note, and the Reference Rate is specified in the applicable Final Terms as being SONIA, the Rate of Interest for each Interest Period will, subject as provided below, be Compounded Daily SONIA plus or minus (as indicated in the applicable Final Terms) the Margin (if any), as calculated by the Principal Paying Agent (or any such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms).

Compounded Daily SONIA means the rate of return of a daily compound interest investment (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) and will be calculated by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) on the Interest Determination Date, as follows, and the resulting percentage will be rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{SONIA_{i-pLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

d is the number of calendar days in the relevant Interest Period;

d_o is the number of London Banking Days in the relevant Interest Period;

i is a series of whole numbers from one to *d_o*, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in the relevant Interest Period;

London Banking Day or **LBD** means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

n_i, for any day *i*, means the number of calendar days from and including such day *i* up to but excluding the following London Banking Day;

Observation Period means the period from and including the date falling *p* London Banking Days prior to the first day of the relevant Interest Period (and the first Interest Period shall begin on and include the Interest Commencement Date) and ending on, but excluding, the date falling *p* London Banking Days prior to the Interest Payment Date for such Interest Period (or the date falling *p* London Banking Days prior to such earlier date, if any, on which the Floating Rate Master Issuer Notes become due and payable);

p means, for any Interest Period, the number of London Banking Days included in the **Observation Look-back Period**, being not less than 5 London Banking Days, as specified in the applicable Final Terms;

the **SONIA reference rate**, in respect of any London Banking Day, is a reference rate equal to the daily Sterling Overnight Index Average (**SONIA**) rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors (on the London Banking Day immediately following such London Banking Day); and

SONIA_{*i-pLBD*} means, in respect of any London Banking Day falling in the relevant Interest Period, the SONIA reference rate for the London Banking Day falling *p* London Banking Days prior to the relevant London Banking Day *i*.

If, in respect of any London Banking Day in the relevant Observation Period, the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) determines that the SONIA reference rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA reference rate shall be: (i) the Bank of England's Bank Rate (the **Bank Rate**) prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA reference rate to the Bank Rate over the previous five days on which a SONIA reference rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate.

Notwithstanding the paragraph above, in the event the Bank of England publishes guidance as to (i) how the SONIA reference rate is to be determined; or (ii) any rate that is to replace the SONIA reference rate, the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) shall, subject to receiving written Instructions from the Master Issuer and to the extent that it is reasonably practicable, follow such guidance in order to determine SONIA_{*i*} for the purpose of the relevant Floating Rate Master Issuer Notes for so long as the SONIA reference rate is not available or has not been published by the authorised distributors. To the extent that any amendments or modifications to the Conditions or the Transaction Documents are required in order for the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) to follow such guidance in order to determine SONIA_{*i*}, the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) shall have no obligation to act until such amendments or modifications have been made in accordance with the Conditions and the Transaction Documents.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms), the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Period); or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Floating Rate Master Issuer Notes for the first Interest Period had the Floating Rate Master Issuer Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Period).

If the relevant Floating Rate Master Issuer Notes become due and payable in accordance with Conditions 10 (*Events of Default*) or 11 (*Enforcement of Master Issuer Notes*), the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Final Terms, be deemed to be the date on which such Floating Rate Master Issuer Notes became due and payable and the Rate of Interest on such Floating Rate Master

Issuer Notes shall, for so long as any such Floating Rate Master Issuer Note remains outstanding, be that determined on such date.

Compounded Daily SOFR

Where **Screen Rate Determination** is specified for a Floating Rate Master Issuer Note in the applicable Final Terms as the manner in which the Rate of Interest is to be determined for such note, and the Reference Rate is specified in the applicable Final Terms as being Compounded Daily SOFR, the Rate of Interest for each Interest Period will be Compounded Daily SOFR plus or minus (as indicated in the applicable Final Terms) the Margin (if any).

Compounded Daily SOFR means the rate of return of a daily compound interest investment (with the Secured Overnight Financing Rate as the reference rate for the calculation of interest) and will be calculated by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) on each Interest Determination Date as follows, with the resulting percentage being rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{SOFR_{i-pUSBD} \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

where:

d means the number of calendar days in the relevant Interest Period;

d₀, for any Interest Period, means the number of U.S. Government Securities Business Days in the relevant Interest Period;

i means a series of whole numbers from one to **d₀**, each representing the relevant U.S. Government Securities Business Days in chronological order from, and including, the first U.S. Government Securities Business Day in the relevant Interest Period;

SOFR_i means, for any U.S. Government Securities Business Day **i**

- (a) where in the applicable Final Terms “Lag” is specified as the Observation Method, the SOFR in respect of such U.S. Government Securities Business Day;
- (b) where in the applicable Final Terms “Lock-out” is specified as the Observation Method:
 - (i) for any such U.S. Government Securities Business Day that is a SOFR Reset Date, the SOFR in respect of the U.S. Government Securities Business Day immediately preceding such SOFR Reset Date, and
 - (ii) for any such U.S. Government Securities Business Day that is not a SOFR Reset Date, the SOFR in respect of the U.S. Government Securities Business Day immediately preceding the last SOFR Reset Date of the relevant Interest Period;

p means

- (a) where in the applicable Final Terms “Lag” is specified as the Observation Method, the number of U.S. Government Securities Business Days included in the Observation Look-back Period specified in the applicable Final Terms (or, if no such number is specified, five U.S. Government Securities Business Days);
- (b) where in the applicable Final Terms “Lock-out” is specified as the Observation Method, zero;

USBD means U.S. Government Securities Business Day;

n_i , for any U.S. Government Securities Business Day, means the number of calendar days from, and including, such U.S. Government Securities Business Day up to, but excluding, the following U.S. Government Securities Business Day; and

SOFR_{i-pUSBD} means, in respect of any U.S. Government Securities Business Day falling in the relevant Interest Period, the SOFR for the U.S. Government Securities Business Day falling p U.S. Government Securities Business Days prior to the relevant U.S. Government Securities Business Day *i*.

Weighted Average SOFR

Where **Screen Rate Determination** is specified for a Floating Rate Master Issuer Note in the applicable Final Terms as the manner in which the Rate of Interest is to be determined for such note, and the Reference Rate is specified in the applicable Final Terms as being Weighted Average SOFR, the Rate of Interest for each Interest Period will be Weighted Average SOFR plus or minus (as indicated in the applicable Final Terms) the Margin (if any).

Weighted Average SOFR, in relation to any Interest Period, means the arithmetic mean of $SOFR_i$ in effect during such Interest Period (each such U.S. Government Securities Business Day, \hat{i}), and will be calculated by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms Document) on each Interest Determination Date by multiplying the relevant $SOFR_i$ by the number of days such $SOFR_i$ is in effect, determining the sum of such products and dividing such sum by the number of calendar days in the relevant Interest Period.

(c) *Minimum rate of interest and/or maximum rate of interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for a Floating Rate Master Issuer Note for any Interest Period, then, in the event that the Rate of Interest for such note in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such note for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for such note for any Interest Period, then, in the event that the Rate of Interest for such note in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such note for such Interest Period shall be such Maximum Rate of Interest.

(d) *Determination of rate of interest and calculation of interest amounts*

The Agent Bank will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period (provided that no provision of these Conditions or the Paying Agent and Agency Bank Agreement shall require an Agent to do anything which may be illegal or contrary to applicable law or regulation).

The Agent Bank will calculate the amount of interest payable on the Floating Rate Master Issuer Notes in respect of each Specified Denomination (each an **Interest Amount**) for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to the Principal Amount Outstanding of each Master Issuer

Note, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Day Count Fraction means, in respect of the calculation of an amount of interest for a Floating Rate Master Issuer Note in accordance with this **Condition 5.2(d)** for any Interest Period:

- (i) if **Actual/365** or **Actual/Actual (ISDA)** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
 - (ii) if **Actual/365 (Fixed)** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
 - (iii) if **Actual/365 (Sterling)** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
 - (iv) if **Actual/360** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
 - (v) if **30/360**, **360/360** or **Bond Basis** is specified for such note in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with twelve 30-day months (unless (a) the last day of the Interest Period is the 31st day of a month but the first day of the Interest Period is a day other than the 30th or 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month, or (b) the last day of the Interest Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month)); and
 - (vi) if **30E/360** or **Eurobond Basis** is specified for such note in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with twelve 30-day months, without regard to the date of the first day or last day of the Interest Period unless, in the case of the final Interest Period, the Final Maturity Date is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month).
- (e) *Notification of rate of interest and interest amounts*

The Agent Bank will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Note Trustee, the Master Issuer Security Trustee, the Master Issuer Cash Manager, the Paying Agents, the Registrar and to any stock exchange or other relevant competent authority or quotation system on which the relevant Floating Rate Master Issuer Notes are for the time being listed, quoted and/or traded or by which they have been admitted to listing and to be published in accordance with **Condition 12.10** as soon as possible after their determination but in no event later than the fourth Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. Any such amendment or alternative arrangements will be promptly notified to the Note Trustee and each stock exchange or other relevant authority on which the relevant Floating Rate Master Issuer Notes are for the time being listed or by which they have been admitted to listing and to the Noteholders in accordance with **Condition 12.10**.

- (f) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this **Condition 5.2**, whether by the Agent Bank or the Calculation Agent (as defined in **Condition 5.2(b)(i)**) or the Note Trustee shall (in the absence of wilful default, bad faith or manifest error) be binding on the Master Issuer, the Master Issuer Cash Manager, the Principal Paying Agent,

the Calculation Agent, the other Paying Agents, the Note Trustee and all Noteholders and (in the absence of wilful default or bad faith) no liability to the Master Issuer or the Noteholders shall attach to the Agent Bank or the Calculation Agent or the Note Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

5.3 Accrual of interest

Interest (if any) will cease to accrue on each Master Issuer Note (or in the case of the redemption of part only of a Master Issuer Note, that part only of such note) on the due date for redemption thereof unless, upon due presentation thereof, payment of principal is improperly withheld or refused in which event, interest will continue to accrue until the earlier of:

- (a) the date on which all amounts due in respect of such note have been paid; and
- (b) the seventh day after notice is duly given by the Principal Paying Agent or the U.S. Paying Agent (as the case may be) to the Holder thereof that such payment will be made, provided that subsequently, payment is in fact made.

5.4 Deferred interest

To the extent that, subject to and in accordance with the relevant Master Issuer Priority of Payments, the funds available to the Master Issuer to pay interest on any Series and Class (or Sub-Class) of Master Issuer Notes (other than the most senior Class (or Sub-Class) of Master Issuer Notes of any Series then outstanding) on an Interest Payment Date (after discharging the Master Issuer's liabilities of a higher priority) are insufficient to pay the full amount of such interest, payment of the shortfall attributable to such Series and Class (or Sub-Class) of Master Issuer Notes (**Deferred Interest**) will not then fall due but will instead be deferred until the first Interest Payment Date for such notes thereafter on which sufficient funds are available (after allowing for the Master Issuer's liabilities of a higher priority and subject to and in accordance with the relevant Master Issuer Priority of Payments) to fund the payment of such Deferred Interest to the extent of such available funds.

Such Deferred Interest will accrue interest (**Additional Interest**) at the rate of interest applicable from time to time to the applicable Series and Class (or Sub-Class) of Master Issuer Notes and payment of any Additional Interest will also be deferred until the first Interest Payment Date for such notes thereafter on which funds are available (after allowing for the Master Issuer's liabilities of a higher priority subject to and in accordance with the relevant Master Issuer Priority of Payments) to the Master Issuer to pay such Additional Interest to the extent of such available funds.

Amounts of Deferred Interest and Additional Interest shall not be deferred beyond the Final Maturity Date of the applicable Series and Class (or Sub-Class) of Master Issuer Notes, when such amounts will become due and payable.

Payments of interest due on an Interest Payment Date in respect of the most senior Class of Master Issuer Notes of any Series then outstanding will not be deferred. In the event of the delivery of a Note Enforcement Notice (as described in **Condition 10**), the amount of interest in respect of such Master Issuer Notes that was due but not paid on such Interest Payment Date will itself bear interest at the applicable rate until both the unpaid interest and the interest on that interest are paid as provided in the Trust Deed.

5.5 Interest Where There is an Increase Amount of a Class Z Variable Funding Note

If, in the Floating Interest Period immediately preceding an Interest Payment Date, there has been a subscription of an Increase Amount in respect of a Class Z Variable Funding Note pursuant to **Condition 6.10** below, the Interest payable shall be determined as the sum of:

- (a) the interest determined as being payable in respect of the Class Z Variable Funding Note as if the Principal Amount Outstanding were the Principal Amount Outstanding of the Class Z Variable Funding Note at the beginning of such Floating Interest Period; plus
- (b) the interest determined as being payable in respect of each Increase Amount made in such Floating Interest Period calculated on the basis set out in **Condition 5.2** as if references in **Condition 5.2** to the Principal Amount Outstanding in respect of such Class Z Variable Funding Note were to the Increase Amount and the Floating Interest Period in respect of such Increase Amount commenced on the Increase Date. The Rate of Interest in respect of any Increase Amount made on an Increase Date which is not an Interest Payment Date shall be the same rate as that

determined in respect of the Principal Amount Outstanding of the Class Z Variable Funding Note immediately prior to such Increase Date or such other rate as may be specified in the applicable Final Terms in respect of such Class Z Variable Funding Note.

In all other cases, the interest payable in respect of each Class Z Variable Funding Note shall be determined pursuant to **Condition 5.2** above.

6. Redemption, Purchase and Cancellation

6.1 Final Redemption

Unless previously redeemed in full as provided in this **Condition 6**, the Master Issuer shall redeem a Series and Class (or Sub-Class) of Master Issuer Notes at their then Principal Amount Outstanding together with all accrued interest on the Final Maturity Date in respect of such Series and Class (or Sub-Class) of Master Issuer Notes.

The Master Issuer may not redeem such notes in whole or in part prior to their Final Maturity Date except as provided in **Conditions 6.2, 6.4 or 6.5**, but without prejudice to **Condition 10**.

6.2 Mandatory Redemption

On each Interest Payment Date, other than an Interest Payment Date on which a Series and Class (or Sub-Class) of Master Issuer Notes are to be redeemed under **Condition 6.1 above**, and **Conditions 6.4 and 6.5 below** and the Master Issuer shall repay principal in respect of such notes in an amount equal to the amount (if any) repaid on such Interest Payment Date in respect of the related Term Advance, and pursuant to, the Master Intercompany Loan Agreement converted, where the Specified Currency for such notes is not sterling, into the Specified Currency at the Specified Currency Exchange Rate for such notes.

To the extent that there are insufficient funds available to the Master Issuer to repay the amount due to be paid on such Interest Payment Date the Master Issuer will be required to repay the shortfall, to the extent that it receives funds therefor (and subject to the terms of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement) on subsequent Interest Payment Dates in respect of such notes.

6.3 Note Principal Payments, Principal Amount Outstanding and Pool Factor

The principal amount redeemable (the **Note Principal Payment**) in respect of each Master Issuer Note of a particular Series and Class (or Sub-Class) on any Interest Payment Date under **Condition 6.2** shall be a proportion of the amount required as at that Interest Payment Date to be applied in redemption of such Series and Class (or Sub-Class) of Master Issuer Notes on such date equal to the proportion that the Principal Amount Outstanding of the relevant Master Issuer Note bears to the aggregate Principal Amount Outstanding of such Series and Class (or Sub-Class) of Master Issuer Notes rounded down to the nearest sub-unit of the Specified Currency; provided always that no such Note Principal Payment may exceed the Principal Amount Outstanding of the relevant Master Issuer Note.

On each Note Determination Date the Master Issuer shall determine (or cause the Agent Bank to determine) (a) the amount of any Note Principal Payment payable in respect of each Master Issuer Note of the relevant Series and Class (or Sub-Class) on the immediately following Interest Payment Date and (b) the Principal Amount Outstanding of each such note which shall be the Specified Denomination plus (in the case of each Class Z Variable Funding Note) the aggregate of all relevant Increase Amounts, less the aggregate amount of all Note Principal Payments in respect of such note that has been paid since the relevant Closing Date and on or prior to that Note Determination Date (the **Principal Amount Outstanding**) and (c) the fraction expressed as a decimal to the fifth decimal point (the **Pool Factor**), of which the numerator is the Principal Amount Outstanding of such note (as referred to in (b) above) and the denominator is the Specified Denomination. Each determination by or on behalf of the Master Issuer of Note Principal Payment of a Master Issuer Note, the Principal Amount Outstanding of a Master Issuer Note and the Pool Factor shall in each case (in the absence of wilful default, bad faith or manifest error) be final and binding on all persons.

The Master Issuer will cause each determination of the Note Principal Payment and the Principal Amount Outstanding and the Pool Factor in respect of a Series and Class (or Sub-Class) of Master Issuer Notes to be notified forthwith, and in any event not later than 1.00 p.m. (London time) on the Business Day immediately succeeding the Note Determination Date, to the Note Trustee, the Master Issuer Security Trustee, the Paying Agents, the Agent Bank, the Registrar and (for so long as such notes are listed on one or more stock exchanges) the relevant stock exchanges, and will cause notice of each determination of the Note Principal Payment and the Principal Amount Outstanding to be

given to Noteholders in accordance with **Condition 12.10** by no later than the Business Day after the relevant Interest Payment Date.

6.4 Optional Redemption in Full

Provided a Note Enforcement Notice has not been served and subject to the provisos below, upon giving not more than 60 nor less than 30 days' prior notice to the Note Trustee, the Noteholders and the relevant Master Issuer Swap Provider(s) in accordance with **Condition 12.10**, the Master Issuer may redeem a Series and Class (or Sub-Class) of Master Issuer Notes at their aggregate Redemption Amount together with any accrued and unpaid interest in respect thereof on the following dates:

- (a) the date specified as the Step-Up Date for such notes in the applicable Final Terms and on any Interest Payment Date for such notes thereafter; or
- (b) on any Interest Payment Date on which the aggregate Principal Amount Outstanding of such notes and all other Classes of Master Issuer Notes of the same Series is less than 10 per cent. of the aggregate Principal Amount Outstanding of such Series of Master Issuer Notes as at the Closing Date on which such Series of Master Issuer Notes were issued,
- (c) the date specified as the Optional Redemption Date for such notes in the applicable Final Terms and on each Interest Payment Date for such notes thereafter,

PROVIDED THAT (in either of the cases above), on or prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that (i) it will have the funds, not subject to any interest of any other person, required to redeem such notes as aforesaid and any amounts required to be paid in priority to or *pari passu* with such notes outstanding in accordance with the terms and conditions of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement and (ii) the Repayment Tests will be satisfied following the making of such redemptions and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof (without liability and without further investigation) in which event it shall be conclusive and binding on the Noteholders and all other persons.

6.5 Optional Redemption for Tax and other Reasons

Provided a Note Enforcement Notice has not been served, if the Master Issuer at any time satisfies the Note Trustee in writing immediately prior to the giving of the notice referred to below that on the next Interest Payment Date either:

- (a) the Master Issuer would by virtue of a change in the law or regulations of the United Kingdom or any other jurisdiction (or the application or interpretation thereof) be required to deduct or withhold from any payment of principal or interest or any other amount under a Series and Class (or Sub-Class) of Master Issuer Notes any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature (other than where the relevant Holder or beneficial owner has some connection with the relevant jurisdiction other than the holding of the Master Issuer Notes); or
- (b) Funding would be required to deduct or withhold from amounts due in respect of the Term Advance under the Master Intercompany Loan Agreement which was funded by such notes any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature; and
- (c) in relation to either the events described in (a) and (b) above, such obligation of the Master Issuer or Funding (as the case may be) cannot be avoided by the Master Issuer or Funding (as the case may be) taking reasonable measures available to the Master Issuer or Funding (as the case may be),

then the Master Issuer shall use its reasonable endeavours to arrange the substitution of a company incorporated in another jurisdiction approved by the Note Trustee as principal debtor under such notes and/or as lender of such Term Advance as the case may be, upon the Note Trustee being satisfied that (1) such substitution will not be materially prejudicial to the interests of the Noteholders of any Series and Class, and (2) upon the Master Issuer Security Trustee being satisfied that (A) the position of the Master Issuer Secured Creditors will not thereby be

adversely affected, and (B) such substitution would not require registration of any new security under United States securities laws or materially increase the disclosure requirements under United States law or the costs of issuance. Only if the Master Issuer is unable to arrange a substitution will the Master Issuer be entitled to redeem the Master Issuer Notes as described in this **Condition 6.5**.

Subject to the proviso below, if the Master Issuer is unable to arrange a substitution as described above and, as a result, one or more of the events described in (a) and (b) above (as the case may be) is continuing, then the Master Issuer may, having given not more than 60 nor less than 30 days' notice to the Note Trustee, the Noteholders and the relevant Master Issuer Swap Provider(s) in accordance with **Condition 12.10**, redeem all (but not some only) of such notes on the immediately succeeding Interest Payment Date for such notes at their aggregate Redemption Amount together with any accrued and unpaid interest in respect thereof provided that (in either case), prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee:

- (i) a certificate signed by two directors of the Master Issuer stating the circumstances referred to in (a) or (b) and (c) above prevail and setting out details of such circumstances; and
- (ii) an opinion in form and substance satisfactory to the Note Trustee of independent legal advisors of recognised standing to the effect that the Master Issuer and/or Funding has or will become obliged to deduct or withhold such amounts as a result of such change or amendment.

The Note Trustee shall be entitled to accept such certificate and opinion as sufficient evidence (without liability and without further investigation) of the satisfaction of the circumstance set out in (a) or (b) and (c) above, in which event they shall be conclusive and binding on the Noteholders. The Master Issuer may only redeem such notes as aforesaid, if on or prior to giving such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that it will have the funds, not subject to any interest of any other person, required to redeem such notes as aforesaid and any amounts required to be paid in priority to or *pari passu* with such notes outstanding in accordance with the terms and conditions of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof in which event it shall be conclusive and binding on the Noteholders and all other persons.

In addition to the foregoing, if, at any time, the Master Issuer delivers a certificate to Funding, the Note Trustee and the Master Issuer Security Trustee to the effect that it would be unlawful for the Master Issuer to make, fund or allow to remain outstanding a Term Advance made by it under the Master Intercompany Loan Agreement and stating that the Master Issuer may require Funding to prepay the relevant Term Advance on an Interest Payment Date subject to and in accordance with the provisions of the Master Intercompany Loan Agreement to the extent necessary to cure such illegality and the Master Issuer may redeem all (but not some only) of the relevant Master Issuer Notes at their Redemption Amount together with any accrued interest upon giving not more than 60 days' nor less than 30 days' (or such shorter period as may be required under any relevant law) prior written notice to the Master Issuer Security Trustee, the Note Trustee, the relevant Master Issuer Swap Provider(s) and the Noteholders in accordance with **Condition 12.10** provided that, prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that it will have the funds, not subject to the interest of any other person, required to redeem the Master Issuer Notes as provided above and any amount to be paid in priority to or *pari passu* with the Master Issuer Notes and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof (without liability and without further investigation) in which event it shall be conclusive and binding on the Noteholders and all other persons. Such monies received by the Master Issuer shall be used to redeem the relevant Master Issuer Notes in full, together with any accrued and unpaid interest on the equivalent Interest Payment Date.

6.6 Redemption Amounts

For the purposes of this **Condition 6.6, Redemption Amount** means, in respect of any Series and Class (or Sub-Class) of Master Issuer Notes, the amount specified in relation to such notes in the applicable Final Terms or, if not so specified:

- (a) in respect of each Master Issuer Note (other than a Zero Coupon Master Issuer Note), the Principal Amount Outstanding of such note; and
- (b) in respect of each Zero Coupon Master Issuer Note, an amount (the **Amortised Face Amount**) calculated in accordance with the following formula:

$$\text{Redemption Amount} = \text{RP} \times (1 + \text{AY}) \times y$$

where:

RP = the Reference Price;

AY = the Accrual Yield expressed as a decimal; and

y = a fraction, the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the first Closing Date of the applicable Series and Class (or Sub-Class) of Master Issuer Notes to (but excluding) the date fixed for redemption or, as the case may be, the date upon which such note becomes due and payable and the denominator of which is 360.

If the amount payable in respect of any Zero Coupon Master Issuer Note upon redemption of such Zero Coupon Master Issuer Note pursuant to Condition 6.1, 6.2, 6.4 or 6.5 or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such note shall be the amount calculated as provided in this paragraph as though the reference therein to the date fixed for the redemption or, as the case may be, the date upon which such note becomes due and payable were replaced by reference to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such note have been paid; and
- (ii) the date on which the full amount of the monies payable in respect of such note has been received by the Principal Paying Agent or the Note Trustee or the Registrar and notice to that effect has been given to the Noteholders in accordance with **Condition 12.9**.

6.7 Money Market Note Mandatory Transfer

- (a) If remarketing arrangements are specified as applicable in the relevant Final Terms in relation to a Series and Class (or Sub-Class) of Money Market Notes, such Money Market Notes shall, subject to paragraph (c) below, be transferred in accordance with paragraph (b) below on each Transfer Date prior to the occurrence of a Mandatory Transfer Termination Event, as confirmed by the Remarketing Bank providing a Conditional Purchase Confirmation to the Master Issuer and the Principal Paying Agent, in exchange for payment of the Transfer Price and the Master Issuer and the Principal Paying Agent will procure payment of the Transfer Price to the Noteholders of the Money Market Notes on the relevant Transfer Date.
- (b) Subject to paragraphs (a) above and (c) below, all the interests of the Noteholders of the Money Market Notes in the Money Market Notes shall be transferred on the relevant Transfer Date to the account of the Remarketing Bank on behalf of the relevant purchasers or as otherwise notified by or on behalf of the Remarketing Bank prior to such date or if Money Market Notes in definitive form are then issued, the Money Market Notes will be registered in the name of the Remarketing Bank or as otherwise notified by or on behalf of the Remarketing Bank by the Registrar and the Register will be amended accordingly with effect from the relevant Transfer Date.
- (c) Any Noteholder of a Money Market Note may exercise his right to retain such Money Market Note through the facilities of DTC at any time prior to the commencement of the Remarketing Period that ends immediately before the relevant Transfer Date.

6.8 Optional Purchase

- (a) If specified in the relevant Final Terms, Santander UK has the right (the **Purchase Option**), by delivering a notice to the relevant Noteholders, the Registrar and the Note Trustee pursuant to the Santander UK Optional Purchase Agreement, to require the relevant Noteholders, subject to and in accordance with any applicable conditions specified in the relevant Final Terms, to sell to Santander UK or otherwise allow Santander UK to be substituted as the Holder of all, but not some only, of the Class B Notes and/or the Class M Notes and/or the Class C Notes and/or the Class Z Notes as so specified (collectively the **Called Notes**) on any Interest Payment Date (prior to the date specified in the Final Terms (the **Final Purchase Date**) or such later date as may be permitted by the FCA) falling on or after the Interest Payment Date (the **Initial Purchase Date**) specified in

the applicable Final Terms (if any) for a price equal to the aggregate redemption amount of any of the Called Notes, together with any accrued and unpaid interest on the Called Notes and, on the date therefor specified in the notice (being an Interest Payment Date falling on or after the Initial Purchase Date), the Registrar shall effect the transfer to Santander UK of such Called Notes by entering such transfer in the Register.

- (b) Immediately after such transfer or substitution of Santander UK as the Holder of the Called Notes, each former Holder of the Called Notes shall cease to have any interest in the Called Notes.
- (c) The Called Notes transferred to Santander UK pursuant to the Purchase Option shall, subject as provided in the Transaction Documents, remain outstanding until the date on which they would otherwise be redeemed or cancelled in accordance with their terms and conditions.
- (d) By subscribing to or purchasing the Called Notes, each Holder of the Called Notes (i) is deemed to have notice of and be bound by the provisions of the Santander UK Optional Purchase Agreement and (ii) directs, authorises and requests the Note Trustee to enter into the Santander UK Optional Purchase Agreement. Each Holder of Called Notes also irrevocably authorises and instructs the Master Issuer, the Registrar, DTC, Euroclear or, as the case may be, Clearstream, Luxembourg to effect the transfer of its Called Notes on the relevant Interest Payment Date to Santander UK, in accordance with the relevant Final Terms and the rules for the time being of DTC, Euroclear or, as the case may be, Clearstream, Luxembourg.

6.9 Optional Redemption in Part

Provided a Note Acceleration Notice has not been served and subject to the provisos below, upon giving not more than 30 nor less than 15 days' prior notice to the Note Trustee and the Noteholders in accordance with **Condition 12.10**, the Master Issuer may redeem a Series and Class of Notes in the Instalment Amounts specified in the applicable Final Terms, together with any accrued and unpaid interest in respect thereof, on the date specified as the Optional Partial Redemption Date in respect of such Instalment Amount for such Master Issuer Notes in the applicable Final Terms and on any Interest Payment Date for such Master Issuer Notes thereafter, PROVIDED THAT on or prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that (i) it will have the funds, not subject to any interest of any other person, required to redeem such Master Issuer Notes as aforesaid and any amounts required to be paid in priority to or pari passu with such Master Issuer Notes in accordance with the terms and conditions of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement, and (ii) the Repayment Tests will be satisfied following the making of such redemptions, and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof, without further enquiry or investigation and without liability to any person in which event it shall be conclusive and binding on the Noteholders and all other persons. Such optional redemption will be reflected in the records of Euroclear and Clearstream, Luxembourg as either a Pool Factor or a reduction in nominal amount, at their discretion.

6.10 Increase in a Class Z Variable Funding Note

A Class Z Variable Funding Noteholder may on any date (each an **Increase Date**) increase the Principal Amount Outstanding of a Class Z Variable Funding Note and cause a corresponding increase in the Specified Denomination of such Class Z Variable Funding Note, provided that such increase shall not cause the Seller Share to be reduced below the Minimum Seller Share, by:

- (a) delivering to the Master Issuer, the Registrar and the Master Issuer Cash Manager a written notice (with a copy to the Note Trustee) indicating:
 - (i) the amount of the increase (the **Increase Amount**);
 - (ii) the date of the proposed increase (which may be the date on which the notice is provided); and
 - (iii) with satisfactory evidence, that it is the relevant Class Z Variable Funding Noteholder; and
- (b) subscribing for and paying an amount equal to the Increase Amount to the Master Issuer Transaction Account or such other account as the Master Issuer (or the Master Issuer Cash Manager) may direct from time to time).

I. The Master Issuer undertakes to lend the proceeds of the Increase Amount to Funding by way of an increase in the size of the relevant NR VFN Term Advance.

7. Payments

7.1 *Presentation of Master Issuer Notes*

Payments of principal shall be made by cheque in the Specified Currency, drawn on a Designated Bank, or upon application by a Holder of the relevant Master Issuer Note to the Specified Office of the Principal Paying Agent not later than the fifth Business Day before the Record Date (as defined in **Condition 7.7**), by transfer to a Designated Account maintained by the payee with a Designated Bank and (in the case of final redemption) upon surrender of the relevant Master Issuer Note at the Specified Office of any Paying Agent.

7.2 *Laws and Regulations*

Payments of principal and interest in respect of the Master Issuer Notes are subject, in all cases, to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto. Noteholders will not be charged commissions or expenses on payments.

7.3 *Payment of Interest following a failure to pay Principal*

If payment of principal is improperly withheld or refused on or in respect of any Master Issuer Note or part thereof, the interest which continues to accrue in respect of such Master Issuer Note in accordance with **Condition 5** will be paid in accordance with this **Condition 7**.

7.4 *Change of Paying Agents*

The initial Principal Paying Agent, the Registrar, the Transfer Agent and the Paying Agents are listed in these Conditions. The Master Issuer reserves the right, subject to the prior written approval of the Note Trustee, at any time to vary or terminate the appointment of the Principal Paying Agent, the Registrar, the Transfer Agent and the U.S. Paying Agent and to appoint additional or other Paying Agents. The Master Issuer will at all times maintain a Paying Agent with a Specified Office in London and a U.S. Paying Agent with a Specified Office in New York and a Registrar. Except where otherwise provided in the Trust Deed, the Master Issuer will cause at least 30 days' notice of any change in or addition to the Paying Agents, the Transfer Agent or the Registrar or their Specified Offices to be given in accordance with **Condition 12.10** and will notify the Rating Agencies of such change or addition.

7.5 *No payment on non-Business Day*

Where payment is to be made by transfer to a Designated Account, payment instructions (for value the due date or, if the due date is not a Business Day, for value the next succeeding Business Day) will be initiated and, where payment is to be made by cheque, the cheque will be mailed (a) (in the case of payments of principal and interest payable on redemption) on the later of the due date for payment and the day on which the relevant Master Issuer Note is surrendered (or, in the case of part payment only, endorsed) at the Specified Office of a Paying Agent and (b) (in the case of payments of interest payable other than on redemption) on the due date for payment. A Holder of a Master Issuer Note shall not be entitled to any interest or other payment in respect of any delay in payment resulting from (i) the due date for a payment not being a Business Day or (ii) a cheque mailed in accordance with this **Condition 7.5** arriving after the due date for payment or being lost in the mail.

7.6 *Partial Payment*

If a Paying Agent makes a partial payment in respect of any Master Issuer Note, the Master Issuer shall procure and the Registrar will ensure that the amount and date of such payment are noted on the Register and, in the case of partial payment upon presentation of a Master Issuer Note, that a statement indicating the amount and date of such payment is endorsed on the relevant Master Issuer Note.

7.7 *Record Date*

Each payment in respect of a Master Issuer Note will be made to the persons shown as the Holder in the Register (i) where the Master Issuer Note is in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, (ii) where the Master Issuer Note is in definitive form, at the opening of business in the place of the Registrar's Specified Office on the fifteenth day before the due date for such payment (the **Record Date**).

7.8 *Payment of Interest*

Subject as provided otherwise in these Conditions, if interest is not paid in respect of a Master Issuer Note of any Class on the date when due and payable (other than because the due date is not a Business Day) or by reason of non-compliance with **Condition 7.1**, then such unpaid interest shall itself bear interest at the Rate of Interest applicable from time to time to such note until such interest and interest thereon are available for payment and notice thereof has been duly given in accordance with **Condition 12.10**.

8. **Prescription**

Claims against the Master Issuer for payment of interest and principal on redemption shall be prescribed and become void if the relevant Master Issuer Notes are not surrendered for payment within a period of 10 years from the relevant date in respect thereof. After the date on which a payment under a Master Issuer Note becomes void in its entirety, no claim may be made in respect thereof. In this **Condition 8**, the **relevant date**, in respect of a payment under a Master Issuer Note, is the date on which the payment in respect thereof first becomes due or (if the full amount of the monies payable in respect of those payments under all the Master Issuer Notes due on or before that date has not been duly received by the Principal Paying Agent or the Note Trustee on or prior to such date) the date on which, the full amount of such monies having been so received, notice to that effect is duly given to Noteholders in accordance with **Condition 12.10**.

9. **Taxation**

All payments in respect of the Master Issuer Notes will be made without withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature unless the Master Issuer or any relevant Paying Agent is required by applicable law to make any payment in respect of the Master Issuer Notes subject to any such withholding or deduction. In that event, the Master Issuer or such Paying Agent shall make such payment after such withholding or deduction has been made and shall account to the relevant authorities for the amount so required to be withheld or deducted. No Paying Agent nor the Master Issuer will be obliged to make any additional payments to Noteholders in respect of such withholding or deduction.

10. **Events of Default**

10.1 *Class A Noteholders*

The Note Trustee in its absolute discretion may, and if so requested in writing by the Holders of not less than 25 per cent. in aggregate Principal Amount Outstanding of the Class A Notes then outstanding (which for this purpose and the purpose of any Extraordinary Resolution referred to in this **Condition 10.1** means the Class A Notes of all Series constituted by the Trust Deed) or if so directed by or pursuant to an Extraordinary Resolution passed at a meeting of the Holders of the Class A Notes shall (subject, in each case, to being indemnified and/or secured and/or prefunded to its satisfaction) give notice (a **Class A Note Enforcement Notice**) to the Master Issuer, the Master Issuer Security Trustee and the Security Trustee of a Note Event of Default (as defined below) declaring (in writing) the Class A Notes and all other Master Issuer Notes to be due and repayable (and they shall forthwith become due and repayable) at any time after the happening of any of the following events (each a **Note Event of Default**) which is continuing or unwaived:

- (a) default being made for a period of three Business Days in the payment of any amount of principal of the Class A Notes of any Series when and as the same ought to be paid in accordance with these Conditions or default being made for a period of three Business Days in the payment of any amount of interest on the Class A Notes of any Series when and as the same ought to be paid in accordance with these Conditions; or

- (b) the Master Issuer failing duly to perform or observe any other obligation binding upon it under the Class A Notes of any Series, the Trust Deed, the Master Issuer Deed of Charge or any other Master Issuer Transaction Document and, in any such case (except where the Note Trustee certifies that, in its opinion, such failure is incapable of remedy, in which case no notice will be required), such failure is continuing unremedied for a period of 20 days following the service by the Note Trustee on the Master Issuer of notice requiring the same to be remedied and the Note Trustee has certified that the failure to perform or observe is materially prejudicial to the interests of the Holders of the Class A Notes of such Series; or
- (c) the Master Issuer, otherwise than for the purposes of such amalgamation or reconstruction as is referred to in subparagraph (d) below, ceases or threatens to cease to carry on its business or a substantial part of its business or the Master Issuer is deemed unable to pay its debts within the meaning of Section 123(1)(a), (b), (c) or (d) of the Insolvency Act 1986 (as that section may be amended, modified or re-enacted) or becomes unable to pay its debts as they fall due or the value of its assets falls to less than the amount of its liabilities (taking into account for both these purposes its contingent and prospective liabilities) or otherwise becomes insolvent; or
- (d) an order being made or an effective resolution being passed for the winding-up of the Master Issuer except a winding-up for the purposes of or pursuant to an amalgamation, restructuring or merger the terms of which have previously been approved by the Note Trustee in writing or by an Extraordinary Resolution of the Holders of the Class A Notes; or

11. **Enforcement of Master Issuer Notes**

11.1 *Enforcement*

The Note Trustee may, at its discretion and without notice at any time and from time to time, take such steps or actions and institute such proceedings against the Master Issuer or any other person as it may think fit to enforce the provisions of the Master Issuer Notes, the Trust Deed (including these Conditions) or any of the other Master Issuer Transaction Documents to which it is a party and the Note Trustee may, at its discretion without notice, at any time after the Master Issuer Security has become enforceable (including after the service of a Note Enforcement Notice in accordance with **Condition 10**), instruct the Master Issuer Security Trustee to take such steps as it may think fit to enforce the Master Issuer Security. The Note Trustee shall not be bound to take such steps or institute such proceedings or give such instructions unless:

- (a) (subject in all cases to restrictions contained in the Trust Deed to protect the interests of any higher ranking Class of Noteholders) it shall have been so directed by an Extraordinary Resolution of the Class A Noteholders, the Class B Noteholders, the Class M Noteholders, the Class C Noteholders and the Class Z Noteholders (which for this purpose means the Holders of all Series of the Class A Notes, the Class B Notes, the Class M Notes, the Class C Notes or the Class Z Notes (as applicable)) or so requested in writing by the Holders of at least 25 per cent. in aggregate Principal Amount Outstanding of the Class A Notes, the Class B Notes, the Class M Notes, the Class C Notes and the Class Z Notes (as applicable) of all Series then outstanding; and

Amounts available for distribution after enforcement of the Master Issuer Security shall be distributed in accordance with the terms of the Master Issuer Deed of Charge.

No Noteholder shall be entitled to proceed directly against the Master Issuer unless the Note Trustee or the Master Issuer Security Trustee (as the applicable), having become bound so to do, fails to do so within a reasonable period and such failure shall be continuing, provided that no Class B Noteholder, Class M Noteholder, Class C Noteholder or Class Z Noteholder will be entitled to commence proceedings for the winding-up or administration of the Master Issuer at any time unless:

- there are no outstanding Master Issuer Notes of a Class with higher priority; or

Notwithstanding any other condition or any provision of any Transaction Document, all obligations of the Master Issuer to the Noteholders are limited in recourse to the Master Issuer Security. If:

- there is no Master Issuer Security remaining which is capable of being realised or otherwise converted into cash;
- all amounts available from the Master Issuer Security have been applied to meet or provide for the relevant obligations specified in, and in accordance with, the provisions of the Master Issuer Deed of Charge; and
- there are insufficient amounts available from the Master Issuer Security to pay in full, in accordance with the provisions of the Master Issuer Deed of Charge, amounts outstanding under the Master Issuer Notes (including payments of principal, premium (if any) and interest),

then the Noteholders shall have no further claim against the Master Issuer in respect of any amounts owing to them which remain unpaid (including, for the avoidance of doubt, payments of principal, premium (if any) and/or interest in respect of the Master Issuer Notes) and such unpaid amounts shall be deemed to be discharged in full and any relevant payment rights shall be deemed to cease.

- (i) the Master Issuer (or the Master Issuer Cash Manager, acting on behalf of the Master Issuer) certifies to the Note Trustee in writing (such certificate, a **Base Rate Modification Certificate**) that such Base Rate Modification is being undertaken due to:
 - (A) a material disruption to LIBOR, EURIBOR or any other relevant interest rate benchmark, an adverse change in the methodology of calculating such interest rate benchmark or such interest rate benchmark ceasing to exist or be published;

If Noteholders representing at least 10 per cent. of the Aggregate Principal Amount Outstanding of the most senior Class of Floating Rate Master Issuer Notes then outstanding have notified the Master Issuer or the Principal Paying Agent (acting on behalf of the Master Issuer) in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Floating Rate Master Issuer Notes may be held) within the notification period referred to above that they do not consent to the Base Rate Modification, then such Base Rate Modification will not be made unless an Extraordinary Resolution of the Noteholders of the most senior Class of Floating Rate Master Issuer Notes then outstanding is passed in favour of such Base Rate Modification in accordance with this Condition 12.

Objections made other than through the applicable clearing system must be in writing and accompanied by evidence to the Note Trustee's satisfaction (having regard to prevailing market practices) of the relevant Noteholder's holding of the Master Issuer Notes.

Nothing in this paragraph (b) affects the rights of the Noteholders of Master Issuer Notes issued prior to 5 March 2018 in relation to amendments to the Funding Swaps.

- (2) the Note Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Note Trustee, would have the effect of (i) exposing the Note Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction and/or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Note Trustee in the Master Issuer Transaction Documents and/or these Conditions.

For the avoidance of doubt, the Master Issuer (or the Master Issuer Cash Manager, acting on behalf of the Master Issuer) may propose an Alternative Base Rate on more than one occasion provided that the conditions set out in this Condition 12.5(b) are satisfied.

- (c) Without prejudice to (i) Clauses 19.1, 19.2, 19.3 and 19.4 of the Trust Deed and (ii) Clause 25.8 of the Funding Deed of Charge, subject to Clause 19.5(b) of the Trust Deed, the Note Trustee shall, without the consent of any holders of any Series or Class of Notes, be required to give its consent to any modifications to any Funding Agreement or the Master Definitions and Construction Schedule that are requested by Funding or the Cash Manager, provided that Funding or the Cash Manager, as the case may be, has certified to the Note Trustee in writing that such modifications are required in order to accommodate:

The Note Trustee shall not be obliged to agree to any modification pursuant to this Condition 12.5(c)(viii) which (in the sole opinion of the Note Trustee) would have the effect of (a) exposing the Note Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction; and/or (b) increasing the obligations or duties, or decreasing the protections of the Note Trustee in the Transaction Documents and/or the Conditions of the Master Issuer Notes. The Noteholders and the Master Issuer Secured Creditors shall be deemed to have instructed the Note Trustee to concur with such EMIR amendments and shall be bound by them regardless of whether they are materially prejudicial to their interests.

Any modification, waiver, authorisation or determination made pursuant to this Condition 12.5 shall be binding on the Noteholders and, unless the Note Trustee agrees otherwise, any such modification shall be notified to the Noteholders and the Rating Agencies in accordance with **Condition 12.10** as soon as practicable thereafter.

12.6 Redenomination

The Note Trustee may agree, without the consent of the Holders of the Sterling Notes on or after the Specified Date (as defined below), to such modifications to the Sterling Notes and the Trust Deed in respect of redenomination of such Sterling Notes in euro and associated reconventioning, renominatisation and related matters in respect of such Sterling Notes as may be proposed by the Master Issuer (and confirmed by an independent financial institution approved by the Note Trustee to be in conformity with then applicable market conventions) and to provide for redemption at the euro equivalent of the sterling principal amount of the Sterling Notes. For these purposes, **Specified Date** means the date on which the United Kingdom participates in the third stage of European economic and monetary union pursuant to the Treaty establishing the European Community, as amended by the Treaty on European Union, or otherwise participates in European economic and monetary union in a manner with an effect similar to such third stage.

In connection with any such exercise, neither the Note Trustee nor the Master Issuer Security Trustee shall be entitled to require, and no Noteholder shall be entitled to claim, from the Master

The following is a summary of such provisions and is subject to the more detailed provisions of the Trust Deed and the Master Issuer Deed of Charge.

Neither the Note Trustee nor the Master Issuer Security Trustee will be responsible for any loss, expense or liability which may be suffered as a result of any assets comprised in the Master Issuer Security, or any deeds or documents of title thereto, being uninsured or inadequately insured or being held by clearing organisations or their operators or by intermediaries such as banks, brokers or other similar persons on behalf of the Note Trustee and/or the Master Issuer Security Trustee, as applicable.

Neither the Note Trustee nor the Master Issuer Security Trustee is obliged to monitor or investigate the performance of any other person under the Master Issuer Transaction Documents and is entitled to assume, until it has actual knowledge to the contrary, that all such persons are properly performing their duties, unless it receives express notice to the contrary.

Neither the Note Trustee nor the Master Issuer Security Trustee will be responsible for any deficiency that may arise because it is liable to tax in respect of the proceeds of any Master Issuer Security.

If a Global Note is lost, stolen, mutilated, defaced or destroyed, the Master Issuer will deliver a replacement Global Note to the registered holder upon receipt of satisfactory evidence and surrender of any defaced or mutilated Global Note. SONIA _{$i-p$ LBD} means:

- (a) where in the applicable Final Terms “Lag” is specified as the Observation Method, (save as specified in the applicable Final Terms) in respect of any London Banking Day i falling in the relevant Interest Period, the SONIA reference rate for the London Banking Day falling p London Banking Days prior to such day;

- (b) where in the applicable Final Terms “Lock-out” is specified as the Observation Method, (save as specified in the applicable Final Terms) during each relevant Interest Period, the SONIA reference rate determined in accordance with paragraph (a) above, except that in respect of each London Banking Day *i* falling on or after the “Lock-out date” specified in the applicable Final Terms (or, where no “Lock-out date” is specified, five London Banking Days prior to each relevant Interest Payment Date) until the end of each relevant Interest Period, the SONIA determined in accordance with paragraph (a) above in respect of such “Lock-out date”; or
- (c) where in the applicable Final Terms “Shift” is specified as the Observation Method, (save as specified in the applicable Final Terms) the SONIA reference rate on the London Banking Day *i*.

If, in respect of any London Banking Day in the relevant SONIA Observation Period or the relevant Interest Period (as the case may be), the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) determines that the SONIA reference rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA reference rate shall be: (i) the Bank of England’s Bank Rate (the **Bank Rate**) prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA reference rate to the Bank Rate over the previous five days on which a SONIA reference rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate.

Notwithstanding the paragraph above, in the event the Bank of England publishes guidance as to (i) how the SONIA reference rate is to be determined; or (ii) any rate that is to replace the SONIA reference rate, the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) shall, subject to receiving written Instructions from the Master Issuer and to the extent that it is reasonably practicable, follow such

guidance in order to determine SONIA_i for the purpose of the relevant Floating Rate Master Issuer Notes for so long as the SONIA reference rate is not available or has not been published by the authorised distributors. To the extent that any amendments or modifications to the Conditions or the Transaction Documents are required in order for the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) to follow such guidance in order to determine SONIA_i, the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) shall have no obligation to act until such amendments or modifications have been made in accordance with the Conditions and the Transaction Documents.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms), the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Period); or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Floating Rate Master Issuer Notes for the first Interest Period had the Floating Rate Master Issuer Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Period).

If the relevant Floating Rate Master Issuer Notes become due and payable in accordance with Conditions 10 (Events of Default) or 11 (Enforcement of Master Issuer Notes), the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Final Terms, be deemed to be the date on which such Floating Rate Master Issuer Notes became due and payable and the Rate of Interest on such Floating Rate Master Issuer Notes shall, for so long as any such Floating Rate Master Issuer Note remains outstanding, be that determined on such date.

2.3 Effect of Benchmark Transition Event

The Master Issuer and the Note Trustee agree that, with effect on and from the date hereof, with respect to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR issued on or after the date hereof only and not with respect to any Notes issued prior to the date hereof, the Terms and Conditions of such Notes shall be amended and the following provisions shall be included at the end of Condition 12.5(b) (*Modifications and Determinations by Note Trustee*):

Effect of Benchmark Transition Event on USD-LIBOR or SOFR linked Floating Rate Master Issuer Notes

Notwithstanding the provisions of Condition 5.2(b)(ii) (*Interest on Floating Rate Master Issuer Notes—Rate of interest—Screen rate determination for Floating Rate Master Issuer Notes*) and Condition 12.5(b) (*Modifications and Determinations by Note Trustee*), if the Designated Transaction Representative determines on or prior to the relevant determination date that a Benchmark Transition Event has occurred with respect to USD-LIBOR or SOFR, then the Note Trustee shall be obliged, without the consent or sanction of the Noteholders (including without the requirement to provide to noteholders an opportunity to object) or any confirmation from any Rating Agencies, to concur with the Designated Transaction Representative, and to direct the Master Issuer Security Trustee and the Security Trustee to concur with the Designated Transaction Representative, in making any modification (other than a Basic Terms Modification, provided that neither replacing the then-current Benchmark with the Benchmark Replacement nor any Benchmark Replacement Conforming Changes (each as defined below) shall constitute Basic Terms Modifications) of these Conditions or any of the Transaction Documents solely with respect to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR and issued on or after 4 March 2020 that the Designated Transaction Representative decides may be appropriate to give effect to the provisions set forth under this section titled “*Effect of Benchmark Transition Event on USD-LIBOR or SOFR linked Floating Rate Master Issuer Notes*” in relation only to all determinations of the rate of interest payable on any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR (and any related swap agreements) and issued on or after 4 March 2020:

- I. If the Designated Transaction Representative determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any determination of the Benchmark on any date applicable to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR in respect of such determination on such date and all determinations on all subsequent dates.
- II. In connection with the implementation of a Benchmark Replacement with respect to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR, the Designated Transaction Representative will have the right to make

Benchmark Replacement Conforming Changes with respect to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR from time to time.

- III. Any determination, decision or election that may be made by the Designated Transaction Representative pursuant to this section titled “*Effect of Benchmark Transition Event on USD-LIBOR or SOFR linked Floating Rate Master Issuer Notes*”, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, in each case, solely with respect to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR, will be conclusive and binding absent manifest error, may be made in the Designated Transaction Representative’s sole discretion, and, notwithstanding anything to the contrary in the documentation relating to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR, shall become effective without consent, sanction or absence of objection from any other party (including Noteholders).
- IV. Notwithstanding the definitions of Business Day, Federal Reserve Bank of New York’s Website, OBFR, OBFR Index Cessation Date, OBFR Index Cessation Event, SOFR, SOFR Index Cessation Date, SOFR Index Cessation Event, and U.S. Government Securities Business Day set out under Condition 13.4 (*Definitions*), the following definitions shall apply with respect to this section titled “*Effect of Benchmark Transition Event on USD-LIBOR or SOFR linked Floating Rate Master Issuer Notes*”:

Benchmark means, initially, (in respect of USD-LIBOR linked Floating Rate Master Issuer Notes) USD-LIBOR or (in respect of SOFR linked Floating Rate Master Issuer Notes) SOFR, as applicable; provided that if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to USD-LIBOR or SOFR, as applicable or the then-current Benchmark, then “Benchmark” means the applicable Benchmark Replacement.

Benchmark Replacement means (in respect of USD-LIBOR, if the Designated Transaction Representative can determine the interpolated benchmark as of the benchmark replacement date) the Interpolated Benchmark; or (in respect of USD-LIBOR if the Designated Transaction Representative cannot determine the Interpolated Benchmark as of the Benchmark Replacement Date or in respect of SOFR), then the first alternative set forth in the order below that can be determined by the Designated Transaction Representative as of the Benchmark Replacement Date:

- (1) (in respect of USD-LIBOR) the sum of: (a) Term SOFR and (b) the Benchmark Replacement Adjustment;
- (2) (in respect of USD-LIBOR) the sum of: (a) Compounded SOFR and (b) the applicable Benchmark Replacement Adjustment;
- (3) the sum of: (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark for the applicable Corresponding Tenor and (b) the Benchmark Replacement Adjustment;
- (4) the sum of: (a) the ISDA Fallback Rate and (b) the Benchmark Replacement Adjustment;

- (5) the sum of: (a) the alternate rate of interest that has been selected by the Designated Transaction Representative as the replacement for the then-current Benchmark for the applicable Corresponding Tenor giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR, as applicable at such time and (b) the Benchmark Replacement Adjustment.

If a Benchmark Replacement in respect of USD-LIBOR is selected pursuant to paragraph (2) above, then on the first day of each calendar quarter following such selection, if a redetermination of the Benchmark Replacement on such date would result in the selection of a Benchmark Replacement under paragraph (1) above, then (x) the Benchmark Replacement Adjustment shall be redetermined on such date utilizing the Unadjusted Benchmark Replacement corresponding to the Benchmark Replacement under paragraph (1) above and (y) such redetermined Benchmark Replacement shall become the Benchmark on each Interest Determination Date on or after such date. If redetermination of the Benchmark Replacement in respect of USD-LIBOR on such date as described in the preceding sentence would not result in the selection of a Benchmark Replacement under paragraph (1), then the Benchmark shall remain the Benchmark Replacement as previously determined pursuant to paragraph (2) above.

Benchmark Replacement Adjustment means the first alternative set forth in the order below that can be determined by the Designated Transaction Representative as of the Benchmark Replacement Date:

- (1) the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected, endorsed or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;
- (2) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, then the ISDA Fallback Adjustment;
- (3) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Designated Transaction Representative giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR at such time.

Benchmark Replacement Conforming Changes means, with respect to any Benchmark Replacement, any technical, administrative or operational changes with respect to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR (including changes to the definition of “Interest Period”, timing and frequency of determining rates and making payments of interest, changes to the definition of “Corresponding Tenor” solely when such tenor is longer than the Interest Period and other administrative matters) and any related swap agreements that the Designated Transaction Representative decides may be appropriate to reflect the adoption of such Benchmark Replacement with respect to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR in a manner substantially consistent with market practice (or, if the Designated Transaction Representative decides that adoption of any portion of such market practice is not administratively feasible or if the Designated Transaction Representative determines that no market practice for use of the Benchmark

Replacement exists, in such other manner as the Designated Transaction Representative determines is reasonably necessary).

Benchmark Replacement Date means:

- (1) in the case of paragraph (1) or (2) of the definition of “Benchmark Transition Event,” the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the relevant Benchmark permanently or indefinitely ceases to provide such Benchmark, or
- (2) in the case of paragraph (3) of the definition of “Benchmark Transition Event,” the date of the public statement or publication of information;

provided, however, that on or after the 60th day preceding the date on which such Benchmark Replacement Date would otherwise occur (if applicable), the Designated Transaction Representative may give written notice to holders of any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR in which the Designated Transaction Representative designates an earlier date (but not earlier than the 30th day following such notice) and represents that such earlier date will facilitate an orderly transition of any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR to the Benchmark Replacement, in which case such earlier date shall be the Benchmark Replacement Date.

For the avoidance of doubt, if the event giving rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination.

Benchmark Transition Event means the occurrence of one or more of the following events with respect to the then-current Benchmark:

- (1) a public statement or publication of information by or on behalf of the administrator of the Benchmark announcing that the administrator has ceased or will cease to provide the Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark;
- (2) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark, the central bank for the currency of the Benchmark, an insolvency official with jurisdiction over the administrator for the Benchmark, a resolution authority with jurisdiction over the administrator for the Benchmark or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark has ceased or will cease to provide the Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark; or
- (3) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative.

Compounded SOFR means, for purposes of determining a replacement benchmark for USD-LIBOR pursuant to this section titled “*Effect of Benchmark Transition Event on USD-LIBOR or SOFR linked Floating Rate Master Issuer Notes*”, the compounded average of

SOFRs for the applicable Corresponding Tenor, with the rate, or methodology for this rate, and conventions for this rate (which, for example, may be compounded in arrears with a lookback and/or suspension period as a mechanism to determine the interest amount payable prior to the end of each Interest Period or compounded in advance) being established by the Designated Transaction Representative in accordance with:

- (1) the rate, or methodology for this rate, and conventions for this rate selected or recommended by the Relevant Governmental Body for determining compounded SOFR; provided that:
- (2) if, and to the extent that, the Designated Transaction Representative determines that Compounded SOFR cannot be determined in accordance with paragraph (1) above, then the rate, or methodology for this rate, and conventions for this rate that have been selected by the Designated Transaction Representative giving due consideration to any industry-accepted market practice for similar U.S. dollar denominated securitisation transactions at such time.

Notwithstanding the foregoing, Compounded SOFR will be calculated in advance and be determined in accordance with the provision set out under “*Compounded Daily SOFR*” and “*Average SOFR*” under Condition 5.2(b)(ii) (*Interest on Floating Rate Master Issuer Notes—Rate of interest—Screen rate determination for Floating Rate Master Issuer Notes*).

Corresponding Tenor with respect to a Benchmark Replacement means a tenor (including overnight) having approximately the same length (disregarding business day adjustment) as the applicable tenor for the then-current Benchmark.

Designated Transaction Representative means, with respect to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR and a particular obligation to be performed in connection with the transition to a Benchmark Replacement, the Master Issuer (acting on the advice of the Master Issuer Cash Manager).

Federal Reserve Bank of New York’s Website means the website of the Federal Reserve Bank of New York at <http://www.newyorkfed.org>, or any successor source (for the avoidance of doubt, this website (and/or any successor source) and the contents thereof do not form part of this supplement).

Interpolated Benchmark with respect to the Benchmark, means the rate determined for the Corresponding Tenor by interpolating on a linear basis between: (1) the Benchmark for the longest period (for which the Benchmark is available) that is shorter than the Corresponding Tenor and (2) the Benchmark for the shortest period (for which the Benchmark is available) that is longer than the Corresponding Tenor.

ISDA Definitions means the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. or any successor thereto, as amended or supplemented from time to time, or any successor definitional booklet for interest rate derivatives published from time to time.

ISDA Fallback Adjustment means the spread adjustment, (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA Definitions to be determined upon the occurrence of an index cessation event with respect to the Benchmark for the applicable tenor.

ISDA Fallback Rate means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of an index cessation date with respect to the Benchmark for the applicable tenor excluding the applicable ISDA Fallback Adjustment.

Reference Time with respect to any determination of the Benchmark means (1) if the Benchmark is USD-LIBOR, 11:00 a.m. (London time) on the day that is two London banking days preceding the date of such determination, (2) if the Benchmark is SOFR, 2:00 p.m. (London time) on the day that is two London banking days preceding the date of such determination, and (3) if the Benchmark is not USD-LIBOR or SOFR, the time determined by the Designated Transaction Representative in accordance with the Benchmark Replacement Conforming Changes.

- VI. Nothing in this section titled "*Effect of Benchmark Transition Event on USD-LIBOR or SOFR linked Floating Rate Master Issuer Notes*" affects the rights of the Noteholders of Master Issuer Notes other than any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR.
- VII. Notwithstanding anything to the contrary in this section titled "*Effect of Benchmark Transition Event on USD-LIBOR or SOFR linked Floating Rate Master Issuer Notes*" or any Transaction Document, when implementing any replacement of the then-current Benchmark with the Benchmark Replacement or any Benchmark Replacement Conforming Changes pursuant to this section:
 - a. the Note Trustee shall not consider the interests of the Noteholders, any other Secured Creditor or any other person and shall act and rely solely, and without further enquiry or liability, on any certificate or evidence provided to it (including but not limited to any certificate which is required to be provided pursuant to the Master Issuer Trust Deed) by the Master Issuer or the Master Issuer Cash Manager acting on behalf of the Master Issuer and shall not be liable to the Noteholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such replacement of the then-current Benchmark with the Benchmark Replacement or any Benchmark

Replacement Conforming Changes is or may be materially prejudicial to the interests of any such person; and

- b. the Note Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Note Trustee, would have the effect of (i) exposing the Note Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction and/or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Note Trustee in the Master Issuer Transaction Documents and/or these Conditions.

VIII. For the avoidance of doubt, the Master Issuer (or the Master Issuer Cash Manager, acting on behalf of the Master Issuer) may propose that a Benchmark Replacement replace the then-current Benchmark and any Benchmark Replacement Conforming Changes on more than one occasion provided that the conditions set out in this section titled "*Effect of Benchmark Transition Event on USD-LIBOR or SOFR linked Floating Rate Master Issuer Notes*" are satisfied.

3. CERTIFICATIONS TO THE NOTE TRUSTEE

The Master Issuer and the Note Trustee agree that, with effect on and from the date hereof, with respect to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR issued on or after the date hereof only and not with respect to any Notes issued prior to the date hereof, the following provision shall be included as a new Clause 16(gg) of the Existing Master Issuer Trust Deed:

- (i) limiting the powers of the Class B Noteholders, the Class M Noteholders, the Class C Noteholders and the Class Z Noteholders in each case, of any Series, *inter alia*, to request or direct the Note Trustee to take any action or to pass an effective Extraordinary Resolution

according to the effect thereof on the interests of the Class A Noteholders of that Series or of any other Series. Except in certain circumstances described in Condition 12, the Trust Deed contains no such limitation on the powers of the Class A Noteholders, the exercise of which will be binding on the Class B Noteholders, the Class M Noteholders, the Class C Noteholders and the Class Z Noteholders in each case, of any Series, irrespective of the effect thereof on their respective interests;

- (ii) limiting the powers of the Class M Noteholders, the Class C Noteholders and the Class Z Noteholders in each case, of any Series, *inter alia*, to request or direct the Note Trustee to take any action or to pass an effective Extraordinary Resolution according to the effect thereof on the interests of the Class B Noteholders of that Series or of any other Series. Except in certain circumstances described above and in Condition 12, the Trust Deed contains no such limitation on the powers of the Class B Noteholders, the exercise of which will be binding on the Class M Noteholders, the Class C Noteholders and the Class Z Noteholders, in each case, of any Series, irrespective of the effect thereof on their respective interests;
- (iii) limiting the powers of the Class C Noteholders and the Class Z Noteholders in each case, of any Series, *inter alia*, to request or direct the Note Trustee to take any action or to pass an effective Extraordinary Resolution according to the effect thereof on the interests of the Class M Noteholders of that Series or of any other Series. Except in certain circumstances described above and in Condition 12, the Trust Deed contains no such limitation on the powers of the Class M Noteholders, the exercise of which will be binding on the Class C Noteholders and the Class Z Noteholders in each case, of any Series, irrespective of the effect thereof on their interests; and
- (iv) limiting the powers of the Class Z Noteholders of any Series, *inter alia*, to request or direct the Note Trustee to take any action or to pass an effective Extraordinary Resolution according to the effect thereof on the interests of the Class C Noteholders of that Series or of any other Series. Except in certain circumstances described above and in Condition 12, the Trust Deed contains no such limitation on the powers of the Class C Noteholders, the exercise of which will be binding on the Class Z Noteholders of any Series, irrespective of the effect thereof on their respective interests.

Notwithstanding that none of the Note Trustee, the Master Issuer Security Trustee and the Noteholders may have any right of recourse against the Rating Agencies in respect of any confirmation given by them and relied upon by the Note Trustee or the Master Issuer Security Trustee pursuant to this Condition 3, the Note Trustee and the Master Issuer Security Trustee shall each be entitled to assume, for the purpose of exercising any right, power, trust, authority, duty or discretion under or in relation to these Conditions or any of the Master Issuer Transaction Documents, that such exercise will not be materially prejudicial to the interests of the Noteholders (or any series and/or class thereof) if the Rating Agencies have confirmed that the then current ratings of the applicable series and/or class or classes of Master Issuer Notes would not be adversely affected by such exercise. It is agreed and acknowledged that, notwithstanding the foregoing, a credit rating is an assessment of credit and does not address other matters that may be of relevance to the Noteholders. In being entitled to rely on the fact that the Rating Agencies have confirmed that the then current rating of the relevant series and/or class or classes of Master Issuer Notes would not be adversely affected, it is expressly agreed and acknowledged by the Note Trustee and the Master Issuer Security Trustee and specifically notified to the Noteholders (and to which they are bound by the Conditions) that the above does not impose or extend any actual or contingent liability for the Rating Agencies to the Note Trustee or the Master Issuer Security Trustee, the Noteholders or any other person or create any legal relations between the Rating Agencies and the Note Trustee, the Master Issuer Security Trustee, the Noteholders or any other person whether by way of contract or otherwise.

As security for, *inter alia*, the payment of all monies payable in respect of the Master Issuer Notes, the Master Issuer has entered into the Master Issuer Deed of Charge creating, *inter alia*, the Master Issuer

Security in favour of the Master Issuer Security Trustee for itself and on trust for the Noteholders and the other persons expressed to be secured parties under the Master Issuer Deed of Charge (the **Master Issuer Secured Creditors**).

5. **Interest**

5.1 *Interest on Fixed Rate Master Issuer Notes*

Each Fixed Rate Master Issuer Note bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest payable, subject as provided in these Conditions, in arrear on the Interest Payment Date(s) in each year specified for such note up to (and including) the Final Maturity Date.

Except as provided in the applicable Final Terms, the amount of interest payable in respect of any Fixed Rate Master Issuer Note on each Interest Payment Date for a Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified for such note in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Conditions, **Fixed Interest Period** means the period from and including an Interest Payment Date (or the Interest Commencement Date) to but excluding the next (or the first) Interest Payment Date.

If interest is required to be calculated in respect of any Fixed Rate Master Issuer Note for a period other than a Fixed Interest Period, such interest shall be calculated by applying the Rate of Interest specified for such note in the applicable Final Terms to the Principal Amount Outstanding on such note, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Day Count Fraction means, in respect of the calculation of an amount of interest for any Fixed Rate Master Issuer Note in accordance with this **Condition 5.1**:

- (a) if "Actual/Actual (ICMA)" is specified for such note in the applicable Final Terms:
- (i) in the case of Master Issuer Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date for such notes (or, if none, the Interest Commencement Date) to (but excluding) the relevant Interest Payment Date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (A) the number of days in such Determination Period and (B) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (ii) in the case of Master Issuer Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (I) the number of days in such Determination Period and (II) the number of Determination Dates that would occur in one calendar year; and
- (b) if "30/360" is specified for such note in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date for such note (or, if none, the Interest Commencement Date) to (but excluding) the relevant Interest Payment Date (such number of days being calculated on the basis of a year of 360 days with twelve 30-day months) divided by 360.

As used in these Conditions, **Determination Period** means each period from and including a Determination Date (as defined in the applicable Final Terms) to but excluding the next Determination Date (including where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

5.2 *Interest on Floating Rate Master Issuer Notes*

(a) *Interest payment dates*

Each Floating Rate Master Issuer Note bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date and such interest will be payable in arrear on the Interest Payment Date(s) in each year specified for such note. Such interest will be payable in respect of each Floating Interest Period.

As used in these Conditions, **Floating Interest Period** means the period from and including an Interest Payment Date (or the Interest Commencement Date) to but excluding the next (or the first) Interest Payment Date.

If a Business Day Convention is specified for a Floating Rate Master Issuer Note in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (i) the "Following Business Day Convention", the Interest Payment Date for such note shall be postponed to the next day which is a Business Day; or
- (ii) the "Modified Following Business Day Convention", the Interest Payment Date for such note shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (iii) the "Preceding Business Day Convention", the Interest Payment Date for such note shall be brought forward to the immediately preceding Business Day.

In these Conditions, **Business Day** means a day which is both:

- (iv) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and any Additional Business Centre specified in the applicable Final Terms; and
- (v) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than London and any Additional Business Centre) or (2) in relation to any sum payable in euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET) System (the **TARGET System**) is open.

(b) *Rate of interest*

The Rate of Interest payable from time to time in respect of a Floating Rate Master Issuer Note will be determined in the manner specified for such note in the applicable Final Terms.

(i) ISDA Determination for Floating Rate Master Issuer Notes

Where "ISDA Determination" is specified for such note in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated for such note in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (i), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent Bank or other person specified in the applicable Final Terms under an interest rate swap transaction if the Agent Bank or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (A) the Floating Rate Option is as specified for such note in the applicable Final Terms;
- (B) the Designated Maturity is the period specified for such note in the applicable Final Terms; and
- (C) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on LIBOR, USD-LIBOR, EURIBOR, AUD-BBR-BBSW, JPY-LIBOR or CDOR for a currency, the first day of that Interest Period, or (ii) in any other case, as specified for such note in the applicable Final Terms.

For the purposes of this subparagraph (i), **Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity and Reset Date** have the meanings given to those terms in the ISDA Definitions.

(ii) Screen rate determination for Floating Rate Master Issuer Notes

Where **Screen Rate Determination** is specified for a Floating Rate Master Issuer Note in the applicable Final Terms as the manner in which the Rate of Interest is to be determined for such note, and the Reference Rate is specified in the applicable Final Terms as being a rate other than SONIA, Compounded Daily SOFR or Weighted Average SOFR, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation (if there is only one quotation on the Relevant Screen Page); or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. London time (in the case of LIBOR, USD-LIBOR or JPY-LIBOR), 10.15 a.m. Toronto time (in the case of CDOR), 11.00 a.m. Brussels time (in the case of EURIBOR) or 10:10 a.m. Sydney time (in the case of AUD-BBR-BBSW) (the **Specified Time**) on the Determination Date in question plus or minus the Margin (if any), all as determined by the Agent Bank. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent Bank for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of clause (ii)(A), no offered quotation appears or, in the case of clause (ii)(B), fewer than three offered quotations appear, in each case as at the Specified Time, the Agent Bank shall request each of the Reference Banks to provide the Agent Bank with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Agent Bank with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Agent Bank.

If on any Interest Determination Date one only or none of the Reference Banks provides the Agent Bank with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Agent Bank determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Agent Bank by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR, USD-LIBOR or JPY-LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or the Canadian inter-bank market (if the Reference Rate is CDOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Agent Bank with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered

rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Master Issuer suitable for the purpose) informs the Agent Bank it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR, USD-LIBOR or JPY-LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or the Canadian inter-bank market (if the Reference Rate is CDOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

Compounded Daily SONIA

Where **Screen Rate Determination** is specified for a Floating Rate Master Issuer Note in the applicable Final Terms as the manner in which the Rate of Interest is to be determined for such note, and the Reference Rate is specified in the applicable Final Terms as being Compounded Daily SONIA, the Rate of Interest for each Interest Period will, subject as provided below, be Compounded Daily SONIA plus or minus (as indicated in the applicable Final Terms) the Margin (if any), as calculated by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms).

Compounded Daily SONIA means the rate of return of a daily compound interest investment (with the daily Sterling Overnight Index Average as the Reference Rate for the calculation of interest) and will be calculated by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) on the Interest Determination Date (i) as further specified in the applicable Final Terms; (ii) (if "Index Determination" is specified as being applicable in the applicable Final Terms) by reference to the screen rate or index administered by the administrator of the Sterling Overnight Index Average reference rate that is published or displayed by such administrator or other information service from time to time at the relevant time on the Interest Determination Date, as further specified in the applicable Final Terms; or (iii) (if "Index Determination" is specified as being not applicable in the applicable Final Terms or "Index Determination" is specified as being applicable in the applicable Final Terms but such screen rate or index is not available at the relevant time on the Interest Determination Date) as follows, and the resulting percentage will be rounded if necessary to the fourth decimal place, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{SONIA_{i-pLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

d means the number of calendar days in (where in the applicable Final Terms "Lag" or "Lock-out" is specified as the Observation Method) the relevant Interest Period or (where in the applicable Final Terms "Shift" is specified as the Observation Method) the relevant SONIA Observation Period;

d_o means (where in the applicable Final Terms "Lag" or "Lock-out" is specified as the Observation Method) for any Interest Period, the number of London Banking Days in the relevant Interest Period or (where in the applicable Final Terms "Shift"

i means a series of whole numbers from 1 to d_0 , each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day (where in the applicable Final Terms “Lag” or “Lock-out” is specified as the Observation Method) in the relevant Interest Period or (where in the applicable Final Terms “Shift” is specified as the Observation Method) the SONIA Observation Period;

London Banking Day or **LBD** means any day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

SONIA Observation Period means the period from and including the date falling p London Banking Days prior to the first day of the relevant Interest Period (and the first Interest Period shall begin on and include the Interest Commencement Date) and ending on, but excluding, the date falling p London Banking Days prior to the Interest Payment Date for such Interest Period (or the date falling p London Banking Days prior to such earlier date, if any, on which the Floating Rate Master Issuer Notes become due and payable);

SONIA reference rate, in respect of any London Banking Day, is a reference rate equal to the daily Sterling Overnight Index Average (**SONIA**) rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors (on the London Banking Day immediately following such London Banking Day); and

SONIA _{$i-p$ LBD} means (save as specified in the applicable Final Terms):

- (a) where in the applicable Final Terms “Lag” is specified as the Observation Method, (save as specified in the applicable Final Terms) in respect of any London Banking Day i falling in the relevant Interest Period, the SONIA reference rate for the London Banking Day falling p London Banking Days prior to such day;
- (b) where in the applicable Final Terms “Lock-out” is specified as the Observation Method, (save as specified in the applicable Final Terms) during each relevant Interest Period, the SONIA reference rate determined in accordance with paragraph (a) above, except that in respect of each London Banking Day i falling on or after the “Lock-out date” specified in the applicable Final Terms (or, where no “Lock-out date” is specified, five London Banking Days prior to each relevant Interest Payment Date) until the end of each relevant Interest Period, the SONIA reference rate determined in accordance with paragraph (a) above in respect of such “Lock-out date”; or

- (c) where in the applicable Final Terms “Shift” is specified as the Observation Method, (save as specified in the applicable Final Terms) $SONIA_i$, where $SONIA_i$ is, in respect of any London Banking Day i falling in the relevant SONIA Observation Period, the SONIA reference rate for such day.

Average SONIA

Where **Screen Rate Determination** is specified for a Floating Rate Master Issuer Note in the applicable Final Terms as the manner in which the Rate of Interest is to be determined for such note, and the Reference Rate is specified in the applicable Final Terms as being Average SONIA, the Rate of Interest for each Interest Period will, subject as provided below, be Average SONIA plus or minus (as indicated in the applicable Final Terms) the Margin (if any), as calculated by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms).

Average SONIA, in relation to any Interest Period, means the arithmetic mean of $SONIA_i$ in effect during such Interest Period and will be calculated by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) on the Interest Determination Date as follows, and the resulting percentage will be rounded if necessary to the fourth decimal place, with 0.00005 being rounded upwards:

$$\left[\frac{\sum_{i=1}^{d_0} SONIA_i \times n}{d} \right] \times \frac{365}{d}$$

where:

d , d_0 , i , **London Banking Day**, p and **SONIA reference rate** have the meanings set out under the section entitled *Compounded Daily SONIA* above;

n , for any London Banking Day, means the number of calendar days from and including, such London Banking Day up to but excluding the following London Banking Day;

- (a) where in the applicable Final Terms “Lag” is specified as the Observation Method, (save as specified in the applicable Final Terms) the SONIA reference rate in respect of the London Banking Day i falling p London Banking Days prior to such day;
- (b) where in the applicable Final Terms “Lock-out” is specified as the Observation Method, (save as specified in the applicable Final Terms) during each relevant Interest Period, the SONIA reference rate determined in accordance with paragraph (a) above, except that in respect of each London Banking Day i falling on or after the “Lock-out date” specified in the applicable Final Terms (or, where no “Lock-out date” is specified, five London Banking Days prior to each relevant Interest Payment Date) until the end of each relevant Interest Period, the SONIA determined in accordance with paragraph (a) above in respect of such “Lock-out date”; or
- (c) where in the applicable Final Terms “Shift” is specified as the Observation

Method, (save as specified in the applicable Final Terms) the SONIA reference rate on the London Banking Day *i*.

If, in respect of any London Banking Day in the relevant SONIA Observation Period or the relevant Interest Period (as the case may be), the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) determines that the SONIA reference rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA reference rate shall be: (i) the Bank of England's Bank Rate (the **Bank Rate**) prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA reference rate to the Bank Rate over the previous five London Banking Days on which a SONIA reference rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate.

Notwithstanding the paragraph above, in the event the Bank of England publishes guidance as to (i) how the SONIA reference rate is to be determined; or (ii) any rate that is to replace the SONIA reference rate, the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) shall, subject to receiving written Instructions from the Master Issuer and to the extent that it is reasonably practicable, follow such guidance in order to determine SONIA_{*i*} for the purpose of the relevant Floating Rate Master Issuer Notes for so long as the SONIA reference rate is not available or has not been published by the authorised distributors. To the extent that any amendments or modifications to the Conditions or the Transaction Documents are required in order for the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) to follow such guidance in order to determine SONIA_{*i*}, the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) shall have no obligation to act until such amendments or modifications have been made in accordance with the Conditions and the Transaction Documents.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms), the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Period); or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Floating Rate Master Issuer Notes for the first Interest Period had the Floating Rate Master Issuer Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Period).

If the relevant Floating Rate Master Issuer Notes become due and payable in accordance with Conditions 10 (Events of Default) or 11 (Enforcement of Master Issuer Notes), the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Final Terms, be deemed to be the date on which such Floating Rate Master Issuer Notes became due and payable and the Rate of Interest on such Floating Rate Master Issuer Notes shall, for so long as any such Floating Rate Master Issuer Note remains outstanding, be that determined on such date.

Compounded Daily SOFR

Where **Screen Rate Determination** is specified for a Floating Rate Master Issuer Note in the applicable Final Terms as the manner in which the Rate of Interest is to be determined for such note, and the Reference Rate is specified in the applicable Final Terms as being Compounded Daily SOFR, the Rate of Interest for each Interest Period will, subject as provided below, be Compounded Daily SOFR plus or minus (as indicated in the applicable Final Terms) the Margin (if any).

Compounded Daily SOFR means the rate of return of a daily compound interest investment (with the daily Secured Overnight Financing Rate as the Reference Rate for the calculation of interest) and will be calculated by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) on the Interest Determination Date (i) as further specified in the applicable Final Terms; (ii) (if "Index Determination" is specified as being applicable in the applicable Final Terms) by reference to the screen rate or index administered by the administrator of the Secured Overnight Financing Rate that is published or displayed by such administrator or other information service from time to time at the relevant time on the Interest Determination Date, as further specified in the applicable Final Terms; or (iii) (if "Index Determination" is specified as being not applicable in the applicable Final Terms or "Index Determination" is specified as being applicable in the applicable Final Terms but such screen rate or index is not available at the relevant time on the Interest Determination Date) as follows, and the resulting percentage will be rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{SOFR_{i-pUSBD} \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

where:

d means the number of calendar days in (where in the applicable Final Terms "Lag" or "Lock-out" is specified as the Observation Method) the relevant Interest Period or (where in the applicable Final Terms "Shift" is specified as the Observation Method) the relevant SOFR Observation Period;

i means a series of whole numbers from 1 to *d₀*, each representing the relevant U.S. Government Securities Business Days in chronological order from, and including, the first U.S. Government Securities Business Day (where in the applicable Final Terms "Lag" or "Lock-out" is specified as the Observation Method) in the relevant Interest Period or (where in the applicable Final Terms "Shift" is specified as the Observation Method) the relevant SOFR Observation Period;

$$\left[\frac{\sum_{i=1}^{d_0} SOFR_i \times n}{d} \right] \times \frac{360}{d}$$

where:

d, *d*₀, *i*, *n* and *p* have the meanings set out under the section entitled *Compounded Daily SOFR* above;

(c) *Minimum rate of interest and/or maximum rate of interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for a Floating Rate Master Issuer Note for any Interest Period, then, in the event that the Rate of Interest for such note in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such note for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for such note for any Interest Period, then, in the event that the Rate of Interest for such note in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such note for such Interest Period shall be such Maximum Rate of Interest.

(d) *Determination of rate of interest and calculation of interest amounts*

The Agent Bank will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period (provided that no provision of these Conditions or the Paying Agent and Agency Bank Agreement shall require an Agent to do anything which may be illegal or contrary to applicable law or regulation).

The Agent Bank will calculate the amount of interest payable on the Floating Rate Master Issuer Notes in respect of each Specified Denomination (each an **Interest Amount**) for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to the Principal Amount Outstanding of each Master Issuer Note, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Day Count Fraction means, in respect of the calculation of an amount of interest for a Floating Rate Master Issuer Note in accordance with this **Condition 5.2(d)** for any Interest Period:

- (i) if **Actual/365** or **Actual/Actual (ISDA)** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if **Actual/365 (Fixed)** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if **Actual/365 (Sterling)** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iv) if **Actual/360** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if **30/360**, **360/360** or **Bond Basis** is specified for such note in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with twelve 30-day months (unless (a) the last day of the Interest Period is the 31st day of a month but the first day of the Interest Period is a day other than the 30th or 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month, or (b) the last day of the Interest Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month)); and
- (vi) if **30E/360** or **Eurobond Basis** is specified for such note in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with twelve 30-day months, without regard to the date of the first day or last day of the Interest Period unless, in the case of the final Interest Period, the Final Maturity Date is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month).

(e) *Notification of rate of interest and interest amounts*

The Agent Bank will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Note Trustee, the Master Issuer Security Trustee, the Master Issuer Cash Manager, the Paying Agents, the Registrar and to any stock exchange or other relevant competent authority or quotation system on which the relevant Floating Rate Master Issuer Notes are for the time being listed, quoted and/or traded or by which they have been admitted to listing and to be published in accordance with **Condition 12.10** as soon as possible after their determination but in no event later than the fourth Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. Any such amendment or alternative arrangements will be promptly notified to the Note Trustee and each stock exchange or other relevant

authority on which the relevant Floating Rate Master Issuer Notes are for the time being listed or by which they have been admitted to listing and to the Noteholders in accordance with **Condition 12.10**.

(f) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this **Condition 5.2**, whether by the Agent Bank or the Calculation Agent (as defined in **Condition 5.2(b)(i)**) or the Note Trustee shall (in the absence of wilful default, bad faith or manifest error) be binding on the Master Issuer, the Master Issuer Cash Manager, the Principal Paying Agent, the Calculation Agent, the other Paying Agents, the Note Trustee and all Noteholders and (in the absence of wilful default or bad faith) no liability to the Master Issuer or the Noteholders shall attach to the Agent Bank or the Calculation Agent or the Note Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

5.3 *Accrual of interest*

Interest (if any) will cease to accrue on each Master Issuer Note (or in the case of the redemption of part only of a Master Issuer Note, that part only of such note) on the due date for redemption thereof unless, upon due presentation thereof, payment of principal is improperly withheld or refused in which event, interest will continue to accrue until the earlier of:

- (a) the date on which all amounts due in respect of such note have been paid; and
- (b) the seventh day after notice is duly given by the Principal Paying Agent or the U.S. Paying Agent (as the case may be) to the Holder thereof that such payment will be made, provided that subsequently, payment is in fact made.

5.4 *Deferred interest*

To the extent that, subject to and in accordance with the relevant Master Issuer Priority of Payments, the funds available to the Master Issuer to pay interest on any Series and Class (or Sub-Class) of Master Issuer Notes (other than the most senior Class (or Sub-Class) of Master Issuer Notes of any Series then outstanding) on an Interest Payment Date (after discharging the Master Issuer's liabilities of a higher priority) are insufficient to pay the full amount of such interest, payment of the shortfall attributable to such Series and Class (or Sub-Class) of Master Issuer Notes (**Deferred Interest**) will not then fall due but will instead be deferred until the first Interest Payment Date for such notes thereafter on which sufficient funds are available (after allowing for the Master Issuer's liabilities of a higher priority and subject to and in accordance with the relevant Master Issuer Priority of Payments) to fund the payment of such Deferred Interest to the extent of such available funds.

Such Deferred Interest will accrue interest (**Additional Interest**) at the rate of interest applicable from time to time to the applicable Series and Class (or Sub-Class) of Master Issuer Notes and payment of any Additional Interest will also be deferred until the first Interest Payment Date for such notes thereafter on which funds are available (after allowing for the Master Issuer's liabilities of a higher priority subject to and in accordance with the relevant Master Issuer Priority of Payments) to the Master Issuer to pay such Additional Interest to the extent of such available funds.

Amounts of Deferred Interest and Additional Interest shall not be deferred beyond the Final Maturity Date of the applicable Series and Class (or Sub-Class) of Master Issuer Notes, when such amounts will become due and payable.

Payments of interest due on an Interest Payment Date in respect of the most senior Class of Master Issuer Notes of any Series then outstanding will not be deferred. In the event of the delivery of a Note Enforcement Notice (as described in **Condition 10**), the amount of interest in respect of such Master Issuer Notes that was due but not paid on such Interest Payment Date will itself bear interest at the applicable rate until both the unpaid interest and the interest on that interest are paid as provided in the Trust Deed.

5.5 Interest Where There is an Increase Amount of a Class Z Variable Funding Note

If, in the Floating Interest Period immediately preceding an Interest Payment Date, there has been a subscription of an Increase Amount in respect of a Class Z Variable Funding Note pursuant to **Condition 6.10** below, the Interest payable shall be determined as the sum of:

(a) the interest determined as being payable in respect of the Class Z Variable Funding Note as if the Principal Amount Outstanding were the Principal Amount Outstanding of the Class Z Variable Funding Note at the beginning of such Floating Interest Period; plus

(b) the interest determined as being payable in respect of each Increase Amount made in such Floating Interest Period calculated on the basis set out in **Condition 5.2** as if references in **Condition 5.2** to the Principal Amount Outstanding in respect of such Class Z Variable Funding Note were to the Increase Amount and the Floating Interest Period in respect of such Increase Amount commenced on the Increase Date. The Rate of Interest in respect of any Increase Amount made on an Increase Date which is not an Interest Payment Date shall be the same rate as that determined in respect of the Principal Amount Outstanding of the Class Z Variable Funding Note immediately prior to such Increase Date or such other rate as may be specified in the applicable Final Terms in respect of such Class Z Variable Funding Note.

In all other cases, the interest payable in respect of each Class Z Variable Funding Note shall be determined pursuant to **Condition 5.2** above.

6. Redemption, Purchase and Cancellation

6.1 Final Redemption

Unless previously redeemed in full as provided in this **Condition 6**, the Master Issuer shall redeem a Series and Class (or Sub-Class) of Master Issuer Notes at their then Principal Amount Outstanding together with all accrued interest on the Final Maturity Date in respect of such Series and Class (or Sub-Class) of Master Issuer Notes.

The Master Issuer may not redeem such notes in whole or in part prior to their Final Maturity Date except as provided in **Conditions 6.2, 6.4** or **6.5**, but without prejudice to **Condition 10**.

6.2 Mandatory Redemption

On each Interest Payment Date, other than an Interest Payment Date on which a Series and Class (or Sub-Class) of Master Issuer Notes are to be redeemed under **Condition 6.1** above, and **Conditions 6.4** and **6.5** below and the Master Issuer shall repay principal in respect of such notes in an amount equal to the amount (if any) repaid on such Interest Payment Date in respect of the related Term Advance, and pursuant to, the Master Intercompany Loan Agreement converted, where the Specified Currency for such notes is not sterling, into the Specified Currency at the Specified Currency Exchange Rate for such notes.

To the extent that there are insufficient funds available to the Master Issuer to repay the amount due to be paid on such Interest Payment Date the Master Issuer will be required to repay the shortfall, to the extent that it receives funds therefor (and subject to the terms of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement) on subsequent Interest Payment Dates in respect of such notes.

6.3 Note Principal Payments, Principal Amount Outstanding and Pool Factor

The principal amount redeemable (the **Note Principal Payment**) in respect of each Master Issuer Note of a particular Series and Class (or Sub-Class) on any Interest Payment Date under **Condition 6.2** shall be a proportion of the amount required as at that Interest Payment Date to be applied in redemption of such Series and Class (or Sub-Class) of Master Issuer Notes on such date equal to the proportion that the Principal Amount Outstanding of the relevant Master Issuer Note bears to the aggregate Principal Amount Outstanding of such Series and Class (or Sub-Class) of Master Issuer Notes rounded down to the nearest sub-

unit of the Specified Currency; provided always that no such Note Principal Payment may exceed the Principal Amount Outstanding of the relevant Master Issuer Note.

On each Note Determination Date the Master Issuer shall determine (or cause the Agent Bank to determine) (a) the amount of any Note Principal Payment payable in respect of each Master Issuer Note of the relevant Series and Class (or Sub-Class) on the immediately following Interest Payment Date and (b) the Principal Amount Outstanding of each such note which shall be the Specified Denomination plus (in the case of each Class Z Variable Funding Note) the aggregate of all relevant Increase Amounts, less the aggregate amount of all Note Principal Payments in respect of such note that has been paid since the relevant Closing Date and on or prior to that Note Determination Date (the **Principal Amount Outstanding**) and (c) the fraction expressed as a decimal to the fifth decimal point (the **Pool Factor**), of which the numerator is the Principal Amount Outstanding of such note (as referred to in (b) above) and the denominator is the Specified Denomination. Each determination by or on behalf of the Master Issuer of Note Principal Payment of a Master Issuer Note, the Principal Amount Outstanding of a Master Issuer Note and the Pool Factor shall in each case (in the absence of wilful default, bad faith or manifest error) be final and binding on all persons.

The Master Issuer will cause each determination of the Note Principal Payment and the Principal Amount Outstanding and the Pool Factor in respect of a Series and Class (or Sub-Class) of Master Issuer Notes to be notified forthwith, and in any event not later than 1.00 p.m. (London time) on the Business Day immediately succeeding the Note Determination Date, to the Note Trustee, the Master Issuer Security Trustee, the Paying Agents, the Agent Bank, the Registrar and (for so long as such notes are listed on one or more stock exchanges) the relevant stock exchanges, and will cause notice of each determination of the Note Principal Payment and the Principal Amount Outstanding to be given to Noteholders in accordance with **Condition 12.10** by no later than the Business Day after the relevant Interest Payment Date.

6.4 Optional Redemption in Full

Provided a Note Enforcement Notice has not been served and subject to the provisos below, upon giving not more than 60 nor less than 30 days' prior notice to the Note Trustee, the Noteholders and the relevant Master Issuer Swap Provider(s) in accordance with **Condition 12.10**, the Master Issuer may redeem a Series and Class (or Sub-Class) of Master Issuer Notes at their aggregate Redemption Amount together with any accrued and unpaid interest in respect thereof on the following dates:

- (a) the date specified as the Step-Up Date for such notes in the applicable Final Terms and on any Interest Payment Date for such notes thereafter; or
- (b) on any Interest Payment Date on which the aggregate Principal Amount Outstanding of such notes and all other Classes of Master Issuer Notes of the same Series is less than 10 per cent. of the aggregate Principal Amount Outstanding of such Series of Master Issuer Notes as at the Closing Date on which such Series of Master Issuer Notes were issued,
- (c) the date specified as the Optional Redemption Date for such notes in the applicable Final Terms and on each Interest Payment Date for such notes thereafter,

PROVIDED THAT (in either of the cases above), on or prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that (i) it will have the funds, not subject to any interest of any other person, required to redeem such notes as aforesaid and any amounts required to be paid in priority to or *pari passu* with such notes outstanding in accordance with the terms and conditions of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement and (ii) the Repayment Tests will be satisfied following the making of such redemptions and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof (without liability and without further investigation) in which event it shall be conclusive and binding on the Noteholders and all other persons.

6.5 Optional Redemption for Tax and other Reasons

Provided a Note Enforcement Notice has not been served, if the Master Issuer at any time satisfies the Note Trustee in writing immediately prior to the giving of the notice referred to below that on the next Interest Payment Date either:

- (a) the Master Issuer would by virtue of a change in the law or regulations of the United Kingdom or any other jurisdiction (or the application or interpretation thereof) be required to deduct or withhold from any payment of principal or interest or any other amount under a Series and Class (or Sub-Class) of Master Issuer Notes any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature (other than where the relevant Holder or beneficial owner has some connection with the relevant jurisdiction other than the holding of the Master Issuer Notes); or
- (b) Funding would be required to deduct or withhold from amounts due in respect of the Term Advance under the Master Intercompany Loan Agreement which was funded by such notes any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature; and
- (c) in relation to either the events described in (a) and (b) above, such obligation of the Master Issuer or Funding (as the case may be) cannot be avoided by the Master Issuer or Funding (as the case may be) taking reasonable measures available to the Master Issuer or Funding (as the case may be),

then the Master Issuer shall use its reasonable endeavours to arrange the substitution of a company incorporated in another jurisdiction approved by the Note Trustee as principal debtor under such notes and/or as lender of such Term Advance as the case may be, upon the Note Trustee being satisfied that (1) such substitution will not be materially prejudicial to the interests of the Noteholders of any Series and Class, and (2) upon the Master Issuer Security Trustee being satisfied that (A) the position of the Master Issuer Secured Creditors will not thereby be adversely affected, and (B) such substitution would not require registration of any new security under United States securities laws or materially increase the disclosure requirements under United States law or the costs of issuance. Only if the Master Issuer is unable to arrange a substitution will the Master Issuer be entitled to redeem the Master Issuer Notes as described in this **Condition 6.5**.

Subject to the proviso below, if the Master Issuer is unable to arrange a substitution as described above and, as a result, one or more of the events described in (a) and (b) above (as the case may be) is continuing, then the Master Issuer may, having given not more than 60 nor less than 30 days' notice to the Note Trustee, the Noteholders and the relevant Master Issuer Swap Provider(s) in accordance with **Condition 12.10**, redeem all (but not some only) of such notes on the immediately succeeding Interest Payment Date for such notes at their aggregate Redemption Amount together with any accrued and unpaid interest in respect thereof provided that (in either case), prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee:

- (i) a certificate signed by two directors of the Master Issuer stating the circumstances referred to in (a) or (b) and (c) above prevail and setting out details of such circumstances; and
- (ii) an opinion in form and substance satisfactory to the Note Trustee of independent legal advisors of recognised standing to the effect that the Master Issuer and/or Funding has or will become obliged to deduct or withhold such amounts as a result of such change or amendment.

The Note Trustee shall be entitled to accept such certificate and opinion as sufficient evidence (without liability and without further investigation) of the satisfaction of the circumstance set out in (a) or (b) and (c) above, in which event they shall be conclusive and binding on the Noteholders. The Master Issuer may only redeem such notes as aforesaid, if on or prior to giving such notice, the Master Issuer shall have

provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that it will have the funds, not subject to any interest of any other person, required to redeem such notes as aforesaid and any amounts required to be paid in priority to or *pari passu* with such notes outstanding in accordance with the terms and conditions of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof in which event it shall be conclusive and binding on the Noteholders and all other persons.

In addition to the foregoing, if, at any time, the Master Issuer delivers a certificate to Funding, the Note Trustee and the Master Issuer Security Trustee to the effect that it would be unlawful for the Master Issuer to make, fund or allow to remain outstanding a Term Advance made by it under the Master Intercompany Loan Agreement and stating that the Master Issuer may require Funding to prepay the relevant Term Advance on an Interest Payment Date subject to and in accordance with the provisions of the Master Intercompany Loan Agreement to the extent necessary to cure such illegality and the Master Issuer may redeem all (but not some only) of the relevant Master Issuer Notes at their Redemption Amount together with any accrued interest upon giving not more than 60 days' nor less than 30 days' (or such shorter period as may be required under any relevant law) prior written notice to the Master Issuer Security Trustee, the Note Trustee, the relevant Master Issuer Swap Provider(s) and the Noteholders in accordance with **Condition 12.10** provided that, prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that it will have the funds, not subject to the interest of any other person, required to redeem the Master Issuer Notes as provided above and any amount to be paid in priority to or *pari passu* with the Master Issuer Notes and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof (without liability and without further investigation) in which event it shall be conclusive and binding on the Noteholders and all other persons. Such monies received by the Master Issuer shall be used to redeem the relevant Master Issuer Notes in full, together with any accrued and unpaid interest on the equivalent Interest Payment Date.

6.6 Redemption Amounts

- (b) in respect of each Zero Coupon Master Issuer Note, an amount (the **Amortised Face Amount**) calculated in accordance with the following formula:

$$\text{Redemption Amount} = \text{RP} \times (1 + \text{AY}) \times y$$

where:

RP = the Reference Price;

AY = the Accrual Yield expressed as a decimal; and

y = a fraction, the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the first Closing Date of the applicable Series and Class (or Sub-Class) of Master Issuer Notes to (but excluding) the date fixed for redemption or, as the case may be, the date upon which such note becomes due and payable and the denominator of which is 360.

If the amount payable in respect of any Zero Coupon Master Issuer Note upon redemption of such Zero Coupon Master Issuer Note pursuant to Condition 6.1, 6.2, 6.4 or 6.5 or upon its becoming due and

repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such note shall be the amount calculated as provided in this paragraph as though the reference therein to the date fixed for the redemption or, as the case may be, the date upon which such note becomes due and payable were replaced by reference to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such note have been paid; and
- (ii) the date on which the full amount of the monies payable in respect of such note has been received by the Principal Paying Agent or the Note Trustee or the Registrar and notice to that effect has been given to the Noteholders in accordance with **Condition 12.9**.

A Class Z Variable Funding Noteholder may on any date (each an **Increase Date**) increase the Principal Amount Outstanding of a Class Z Variable Funding Note and cause a corresponding increase in the Specified Denomination of such Class Z Variable Funding Note, provided that such increase shall not cause the Seller Share to be reduced below the Minimum Seller Share, by:

- (a) delivering to the Master Issuer, the Registrar and the Master Issuer Cash Manager a written notice (with a copy to the Note Trustee) indicating:
 - (i) the amount of the increase (the **Increase Amount**);

- (b) subscribing for and paying an amount equal to the Increase Amount to the Master Issuer Transaction Account or such other account as the Master Issuer (or the Master Issuer Cash Manager) may direct from time to time).

The Master Issuer undertakes to lend the proceeds of the Increase Amount to Funding by way of an increase in the size of the relevant NR VFN Term Advance.

7.1 *Presentation of Master Issuer Notes*

Payments of principal shall be made by cheque in the Specified Currency, drawn on a Designated Bank, or upon application by a Holder of the relevant Master Issuer Note to the Specified Office of the Principal Paying Agent not later than the fifth Business Day before the Record Date (as defined in **Condition 7.7**), by transfer to a Designated Account maintained by the payee with a Designated Bank and (in the case of final redemption) upon surrender of the relevant Master Issuer Note at the Specified Office of any Paying Agent.

Payments of interest shall be made by cheque in the Specified Currency drawn on a Designated Bank, or upon application by a Holder of the relevant Master Issuer Note to the Specified Office of the Principal Paying Agent not later than the fifth Business Day before the Record Date (as defined in **Condition 7.7**), by transfer to a Designated Account maintained by the payee with a Designated Bank and (in the case of interest payable on final redemption) upon surrender of the relevant Master Issuer Note at the Specified Office of any Paying Agent.

7.2 *Laws and Regulations*

Payments of principal and interest in respect of the Master Issuer Notes are subject, in all cases, to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto. Noteholders will not be charged commissions or expenses on payments.

7.3 *Payment of Interest following a failure to pay Principal*

If payment of principal is improperly withheld or refused on or in respect of any Master Issuer Note or part thereof, the interest which continues to accrue in respect of such Master Issuer Note in accordance with **Condition 5** will be paid in accordance with this **Condition 7**.

7.4 *Change of Paying Agents*

The initial Principal Paying Agent, the Registrar, the Transfer Agent and the Paying Agents are listed in these Conditions. The Master Issuer reserves the right, subject to the prior written approval of the Note Trustee, at any time to vary or terminate the appointment of the Principal Paying Agent, the Registrar, the Transfer Agent and the U.S. Paying Agent and to appoint additional or other Paying Agents. The Master Issuer will at all times maintain a Paying Agent with a Specified Office in London and a U.S. Paying Agent with a Specified Office in New York and a Registrar. Except where otherwise provided in the Trust Deed, the Master Issuer will cause at least 30 days' notice of any change in or addition to the Paying Agents, the Transfer Agent or the Registrar or their Specified Offices to be given in accordance with **Condition 12.10** and will notify the Rating Agencies of such change or addition.

7.5 *No payment on non-Business Day*

Where payment is to be made by transfer to a Designated Account, payment instructions (for value the due date or, if the due date is not a Business Day, for value the next succeeding Business Day) will be initiated and, where payment is to be made by cheque, the cheque will be mailed (a) (in the case of payments of principal and interest payable on redemption) on the later of the due date for payment and the day on which the relevant Master Issuer Note is surrendered (or, in the case of part payment only, endorsed) at the Specified Office of a Paying Agent and (b) (in the case of payments of interest payable other than on

redemption) on the due date for payment. A Holder of a Master Issuer Note shall not be entitled to any interest or other payment in respect of any delay in payment resulting from (i) the due date for a payment not being a Business Day or (ii) a cheque mailed in accordance with this **Condition 7.5** arriving after the due date for payment or being lost in the mail.

7.6 Partial Payment

If a Paying Agent makes a partial payment in respect of any Master Issuer Note, the Master Issuer shall procure and the Registrar will ensure that the amount and date of such payment are noted on the Register and, in the case of partial payment upon presentation of a Master Issuer Note, that a statement indicating the amount and date of such payment is endorsed on the relevant Master Issuer Note.

7.7 Record Date

Each payment in respect of a Master Issuer Note will be made to the persons shown as the Holder in the Register (i) where the Master Issuer Note is in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, (ii) where the Master Issuer Note is in definitive form, at the opening of business in the place of the Registrar's Specified Office on the fifteenth day before the due date for such payment (the **Record Date**).

7.8 Payment of Interest

Subject as provided otherwise in these Conditions, if interest is not paid in respect of a Master Issuer Note of any Class on the date when due and payable (other than because the due date is not a Business Day) or by reason of non-compliance with **Condition 7.1**, then such unpaid interest shall itself bear interest at the Rate of Interest applicable from time to time to such note until such interest and interest thereon are available for payment and notice thereof has been duly given in accordance with **Condition 12.10**.

8. Prescription

Claims against the Master Issuer for payment of interest and principal on redemption shall be prescribed and become void if the relevant Master Issuer Notes are not surrendered for payment within a period of 10 years from the relevant date in respect thereof. After the date on which a payment under a Master Issuer Note becomes void in its entirety, no claim may be made in respect thereof. In this **Condition 8**, the **relevant date**, in respect of a payment under a Master Issuer Note, is the date on which the payment in respect thereof first becomes due or (if the full amount of the monies payable in respect of those payments under all the Master Issuer Notes due on or before that date has not been duly received by the Principal Paying Agent or the Note Trustee on or prior to such date) the date on which, the full amount of such monies having been so received, notice to that effect is duly given to Noteholders in accordance with **Condition 12.10**.

9. Taxation

All payments in respect of the Master Issuer Notes will be made without withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature unless the Master Issuer or any relevant Paying Agent is required by applicable law to make any payment in respect of the Master Issuer Notes subject to any such withholding or deduction. In that event, the Master Issuer or such Paying Agent shall make such payment after such withholding or deduction has been made and shall account to the relevant authorities for the amount so required to be withheld or deducted. No Paying Agent nor the Master Issuer will be obliged to make any additional payments to Noteholders in respect of such withholding or deduction.

11. Enforcement of Master Issuer Notes

11.1 Enforcement

The Note Trustee may, at its discretion and without notice at any time and from time to time, take such steps or actions and institute such proceedings against the Master Issuer or any other person as it may think fit to enforce the provisions of the Master Issuer Notes, the Trust Deed (including these Conditions) or any of the other Master Issuer Transaction Documents to which it is a party and the Note Trustee may, at its discretion without notice, at any time after the Master Issuer Security has become enforceable (including after the service of a Note Enforcement Notice in accordance with **Condition 10**), instruct the Master Issuer Security Trustee to take such steps as it may think fit to enforce the Master Issuer Security. The Note Trustee shall not be bound to take such steps or institute such proceedings or give such instructions unless:

- (a) (subject in all cases to restrictions contained in the Trust Deed to protect the interests of any higher ranking Class of Noteholders) it shall have been so directed by an Extraordinary Resolution of the Class A Noteholders, the Class B Noteholders, the Class M Noteholders, the Class C Noteholders and the Class Z Noteholders (which for this purpose means the Holders of all Series of the Class A Notes, the Class B Notes, the Class M Notes, the Class C Notes or the Class Z Notes (as applicable)) or so requested in writing by the Holders of at least 25 per cent. in aggregate Principal Amount Outstanding of the Class A Notes, the Class B Notes, the Class M Notes, the Class C Notes and the Class Z Notes (as applicable) of all Series then outstanding; and
- (b) it shall have been indemnified and/or secured and/or pre-funded to its satisfaction.

The Master Issuer Security Trustee shall not, and shall not be bound to, take such steps or take any such action unless it is so directed by the Note Trustee and indemnified and/or secured and/or pre-funded to its satisfaction.

Amounts available for distribution after enforcement of the Master Issuer Security shall be distributed in accordance with the terms of the Master Issuer Deed of Charge.

No Noteholder shall be entitled to proceed directly against the Master Issuer unless the Note Trustee or the Master Issuer Security Trustee (as the applicable), having become bound so to do, fails to do so within a reasonable period and such failure shall be continuing, provided that no Class B Noteholder, Class M Noteholder, Class C Noteholder or Class Z Noteholder will be entitled to commence proceedings for the winding-up or administration of the Master Issuer at any time unless:

- there are no outstanding Master Issuer Notes of a Class with higher priority; or

- if Master Issuer Notes of a Class with higher priority are outstanding, there is consent of Noteholders of at least one quarter of the aggregate Principal Amount Outstanding of the Master Issuer Notes outstanding of the Class or Classes of Master Issuer Notes with higher priority or pursuant to an Extraordinary Resolution of the Holders of such Class of Master Issuer Notes.

Notwithstanding any other condition or any provision of any Transaction Document, all obligations of the Master Issuer to the Noteholders are limited in recourse to the Master Issuer Security. If:

- there is no Master Issuer Security remaining which is capable of being realised or otherwise converted into cash;
- all amounts available from the Master Issuer Security have been applied to meet or provide for the relevant obligations specified in, and in accordance with, the provisions of the Master Issuer Deed of Charge; and
- there are insufficient amounts available from the Master Issuer Security to pay in full, in accordance with the provisions of the Master Issuer Deed of Charge, amounts outstanding under the Master Issuer Notes (including payments of principal, premium (if any) and interest),

then the Noteholders shall have no further claim against the Master Issuer in respect of any amounts owing to them which remain unpaid (including, for the avoidance of doubt, payments of principal, premium (if any) and/or interest in respect of the Master Issuer Notes) and such unpaid amounts shall be deemed to be discharged in full and any relevant payment rights shall be deemed to cease.

In respect of the Class Z Notes, the Trust Deed provides that, subject to **Condition 12.2**:

- (i) a resolution which, in the opinion of the Note Trustee, affects the interests of the Holders of the Class Z Notes of one Sub-Class or Series (as the case may be) only shall be deemed to have been duly passed if passed at a meeting of the Holders of the Class Z Notes of that Sub-Class or Series (as the case may be);
- (ii) a resolution which, in the opinion of the Note Trustee, affects the interests of the Holders of the Class Z Notes of any two or more Sub-Classes or Series (as the case may be) but does not give rise to a conflict of interest between the Holders of any such two or more Sub-Classes or Series (as the case may be) of Class Z Notes, shall be deemed to have been duly passed if passed at a single meeting of the Holders of such two or more Sub-Classes or Series (as the case may be) of Class Z Notes; and
- (iii) a resolution which, in the opinion of the Note Trustee, affects the interests of the Holders of the Class Z Notes of any two or more Sub-Classes or Series (as the case may be) and gives or may give rise to a conflict of interest between the Holders of any such Sub-Classes or Series (as the case may be) of Class Z Notes, shall be deemed to have been duly passed only if, in lieu of being passed at a single meeting of the Holders of such two or more Sub-Classes or Series (as the case may be) of Class Z Notes, it shall be duly passed at a separate meeting of the Holders of each such Sub-Class or Series (as the case may be) of Class Z Notes.

In the case of a single meeting of the Holders of the Class Z Notes of any two or more Sub-Classes or Series (as the case may be) which are not all denominated in the same currency, the Principal Amount Outstanding of any Class Z Note denominated in a currency other than sterling shall be converted into sterling at the relevant swap rate.

The Trust Deed contains provisions similar to those in the preceding two paragraphs in relation to requests in writing from Class Z Noteholders upon which the Note Trustee or, as the case may be, the Master Issuer Security Trustee is bound to act.

A **resolution** means a resolution (excluding an Extraordinary Resolution or a Programme Resolution) passed at a meeting of Noteholders duly convened and held in accordance with the provisions of the Trust Deed by a simple majority of the persons voting thereat upon a show of hands or if a poll is duly demanded by a simple majority of the votes cast on such poll.

Subject to the following paragraph, the quorum at any meeting of the Holders of any Series or Class (or Sub-Class) of Master Issuer Notes or of any Class of Master Issuer Notes of more than one Series of Master Issuer Notes convened to consider the passing of an Extraordinary Resolution (including, for the

avoidance of doubt, a Programme Resolution (as defined in **Condition 12.2**) shall (subject as provided below) be one or more persons holding or representing not less than 50 per cent. of the aggregate principal amount outstanding of the Master Issuer Notes of the relevant Series and Class (or Sub-Class) or of the Class of Master Issuer Notes of more than one Series of Master Issuer Notes or, at any adjourned and reconvened meeting, not less than one or more persons being or representing Noteholders whatever the principal amount outstanding of the Master Issuer Notes of the relevant Series and Class (or Sub-Class) or of the Class of Master Issuer Notes of more than one Series of Master Issuer Notes.

The quorum at any meeting of the Holders of any Series and Class (or Sub-Class) of Master Issuer Notes or of any Class of Master Issuer Notes of more than one Series of Master Issuer Notes convened to consider an Extraordinary Resolution which includes the sanctioning of a modification which would have the effect of altering the amount or timing of payments of principal on the Master Issuer Notes of such Series and Class (or Sub-Class) or of such Class or the rate, the day or the timing of payments of interest thereon or of the currency of payment of the Master Issuer Notes of such Series and Class (or Sub-Class) or of such Class or altering the priority of payments or altering the quorum or majority required in relation to any resolution (each, a **Basic Terms Modification**, as more fully defined in the Trust Deed), shall be one or more persons holding or representing not less than 75 per cent. of the aggregate Principal Amount Outstanding then outstanding of the Master Issuer Notes of the relevant Series and Class (or Sub-Class) or of the Class of Master Issuer Notes of more than one Series of Master Issuer Notes or, at any adjourned and reconvened meeting, 25 per cent. of the aggregate Principal Amount Outstanding then outstanding of the Master Issuer Notes of the relevant Series and Class (or Sub-Class).

An Extraordinary Resolution passed at any meeting of Noteholders shall be binding on all of the Noteholders of the relevant Series and Class (or Sub-Class) or of the Class of Master Issuer Notes of more than one Series of Master Issuer Notes whether or not they are present or represented at the meeting.

A resolution signed by or on behalf of all the Noteholders of the relevant Series and Class (or Sub-Class) or of the relevant Class of more than one Series of Master Issuer Notes who for the time being are entitled to receive notice of a meeting under the Trust Deed shall for all purposes be as valid and effective as an Extraordinary Resolution passed at a meeting of Holders of such Series and Class (or Sub-Class) or of the relevant Class of more than one Series of Master Issuer Notes.

Every such meeting shall be held at such time and place as the Note Trustee may appoint or approve, provided that the place shall be a location in the United Kingdom (or, if applicable, the European Union). At least 21 days' (and no more than 365 days') notice specifying the place, day and hour of meeting shall be given to the relevant Noteholders prior to any meeting of such Noteholders.

12.2 Programme Resolution

Notwithstanding the provisions of **Condition 12.1**, any Extraordinary Resolution of the Noteholders of any Class to direct the Note Trustee to give a Note Enforcement Notice pursuant to **Condition 10** or take any enforcement action or instruct the Master Issuer Security Trustee to enforce the Master Issuer Security pursuant to **Condition 11** (a **Programme Resolution**) shall only be capable of being passed at a single meeting of the Noteholders of all Series of such Class of Master Issuer Notes. The quorum at any such meeting for passing a Programme Resolution shall be one or more persons holding or representing not less than 50 per cent. of the aggregate Principal Amount Outstanding then outstanding of the Master Issuer Notes of such Class or, at any adjourned and reconvened meeting, one or more persons being or representing Master Issuer Noteholders of such Class of Master Issuer Notes, whatever the aggregate Principal Amount Outstanding of such Class of Master Issuer Notes so held or represented by them.

- (a) Subject as provided in the Trust Deed, the Note Trustee may, without the consent of the Noteholders:
 - (i) agree to any modification (other than a Basic Terms Modification) of, or to the waiver or authorisation of any breach or proposed breach of, these Conditions of any Series and Class (or Sub-Class) of Master Issuer Notes or any of the Master Issuer Transaction Documents, which is not, in the opinion of the Note Trustee, materially prejudicial to the interests of the Noteholders of any Class of any Series of Master Issuer Notes or materially prejudicial to the interests of any of the Master Issuer Swap Providers; or

Security Trustee and the Security Trustee to concur with the Master Issuer, in making any modification (other than a Basic Terms Modification, provided that a Base Rate Modification (as defined below) shall not constitute a Basic Terms Modification) of these Conditions or any of the Transaction Documents that the Master Issuer (acting on the advice of the Master Issuer Cash Manager) considers necessary for the purpose of changing the screen rate or base rate (other than USD LIBOR or SOFR) (the **Applicable Base Rate**) that then applies in respect of the Floating Rate Master Issuer Notes, the Master Issuer Swap Agreements, the Master Issuer Term Advances, in each case, in relation only to Master Issuer Notes issued on or after 5 March 2018 and/or the Funding Swaps (such replacement rate, an **Alternative Base Rate**) and making, such other related or consequential amendments as are necessary or advisable in the reasonable judgment of the Master Issuer and/or Funding (in each case, acting on the advice of the Master Issuer Cash Manager) to facilitate such change (a **Base Rate Modification**), provided that, in relation to any such Base Rate Modification:

- (i) the Master Issuer (or the Master Issuer Cash Manager, acting on behalf of the Master Issuer) certifies to the Note Trustee in writing (such certificate, a **Base Rate Modification Certificate**) that such Base Rate Modification is being undertaken due to:
 - (A) a material disruption to LIBOR, EURIBOR or any other relevant interest rate benchmark, an adverse change in the methodology of calculating such interest rate benchmark or such interest rate benchmark ceasing to exist or be published;
 - (B) the insolvency or cessation of business of the administrator of LIBOR, EURIBOR or any other relevant interest rate benchmark (in circumstances where no successor administrator has been appointed);
 - (C) a public statement by the administrator of LIBOR, EURIBOR or any other relevant interest rate benchmark that it has or will cease publishing the relevant interest rate benchmark permanently or indefinitely (in circumstances where no successor administrator has been appointed) or has or will change such interest rate benchmark in an adverse manner;
 - (D) a public statement by the supervisor of the administrator of LIBOR, EURIBOR or any other relevant interest rate benchmark that the relevant interest rate benchmark has been or will be permanently or indefinitely discontinued or will be changed in an adverse manner;

 - (F) a public announcement of the permanent or indefinite discontinuation of the relevant screen rate or base rate that applies to the Floating Rate Master Issuer Notes at such time;
 - (G) it becoming unlawful for any Paying Agent, the Agent Bank, any calculation agent, the Master Issuer or the Master Issuer Cash Manager to calculate any payments due to be made to any Noteholder or any party to the Transaction Documents using the Applicable Base Rate; or
 - (H) the reasonable expectation of the Master Issuer (or the Master Issuer Cash Manager, acting on behalf of the Master Issuer) that any of the events specified in paragraphs (A) to (G) above will occur or exist within six months of the proposed effective date of such Base Rate Modification;

- (ii) such Alternative Base Rate is a base rate published, endorsed, approved or recognised by the Federal Reserve, the Bank of England or the European Central Bank, any regulator in the United States, the United Kingdom or the European Union or any stock exchange on which the Master Issuer Notes are listed (or any relevant committee or other body established, sponsored or approved by any of the foregoing);
- (iii) each of the Rating Agencies confirms in writing to the Master Issuer (copied to the Note Trustee) that the then current ratings of any Rated Notes will not be downgraded, withdrawn or qualified as a result of such Base Rate Modification (it being acknowledged that none of the Rating Agencies has any obligation to provide such confirmation at any time and that the confirmation of one of the Rating Agencies may be sufficient for that purpose; provided that (i) a written request for confirmation or response has been delivered to each Rating Agency by or on behalf of the Master Issuer (copied to the Note Trustee) and (ii) one or more Rating Agencies either (x) indicates it does not consider such confirmation or response necessary, or (y) provides no confirmation or response within a reasonable timeframe)); and
- (iv) the Seller or the Master Issuer pays all fees, costs and expenses (including legal fees) properly incurred by the Master Issuer, the Note Trustee and or any other Transaction Party in connection with such Base Rate Modification,

provided that:

- (x) at least 35 calendar days' prior written notice of any such proposed Base Rate Modification has been given to the Note Trustee;
- (y) the Base Rate Modification Certificate in relation to such Base Rate Modification shall be provided to the Note Trustee both at the time the Note Trustee is notified of the proposed Base Rate Modification and on the date that such Base Rate Modification takes effect; and
- (z) the Master Issuer Cash Manager, acting on behalf of the Master Issuer, certifies in writing to the Note Trustee (which certification may be in the Base Rate Modification Certificate) that the Master Issuer has provided at least 30 calendar days' notice to the Noteholders of the proposed Base Rate Modification in accordance with Condition 12.10 (Notice to Noteholders) and Noteholders representing at least 10 per cent. of the Aggregate Principal Amount Outstanding of the most senior Class of Floating Rate Master Issuer Notes then outstanding have not contacted the Master Issuer or the Principal Paying Agent (acting on behalf of the Master Issuer) in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Floating Rate Master Issuer Notes may be held) within such notification period notifying the Master Issuer or the Principal Paying Agent (acting on behalf of the Master Issuer) that such Noteholders do not consent to the Base Rate Modification.

If Noteholders representing at least 10 per cent. of the Aggregate Principal Amount Outstanding of the most senior Class of Floating Rate Master Issuer Notes then outstanding have notified the Master Issuer or the Principal Paying Agent (acting on behalf of the Master Issuer) in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Floating Rate Master Issuer Notes may be held) within the notification period referred to above that they do not consent to the Base Rate Modification, then such Base Rate Modification will not be made unless an Extraordinary Resolution of the Noteholders of the most senior Class of Floating Rate Master Issuer Notes then outstanding is passed in favour of such Base Rate Modification in accordance with this Condition 12.

Objections made other than through the applicable clearing system must be in writing and accompanied by evidence to the Note Trustee's satisfaction (having regard to prevailing market practices) of the relevant Noteholder's holding of the Master Issuer Notes.

Nothing in this paragraph (b) affects the rights of the Noteholders of Master Issuer Notes issued prior to 5 March 2018 in relation to amendments to the Funding Swaps.

Notwithstanding anything to the contrary in this Condition 12 or any Transaction Document, when implementing any Base Rate Modification pursuant to this Condition 12.5(b):

- (1) the Note Trustee shall not consider the interests of the Noteholders, any other Secured Creditor or any other person and shall act and rely solely, and without further enquiry or liability, on any certificate (including any Base Rate Modification Certificate) or evidence provided to it by the Master Issuer or the Master Issuer Cash Manager acting on behalf of the Master Issuer and shall not be liable to the Noteholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such Base Rate Modification is or may be materially prejudicial to the interests of any such person; and
- (2) the Note Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Note Trustee, would have the effect of (i) exposing the Note Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction and/or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Note Trustee in the Master Issuer Transaction Documents and/or these Conditions.

For the avoidance of doubt, the Master Issuer (or the Master Issuer Cash Manager, acting on behalf of the Master Issuer) may propose an Alternative Base Rate on more than one occasion provided that the conditions set out in this Condition 12.5(b) are satisfied.

Effect of Benchmark Transition Event on USD-LIBOR or SOFR linked Floating Rate Master Issuer Notes

Notwithstanding the provisions of Condition 5.2(b)(ii) (*Interest on Floating Rate Master Issuer Notes—Rate of interest—Screen rate determination for Floating Rate Master Issuer Notes*) and Condition 12.5(b) (*Modifications and Determinations by Note Trustee*), if the Designated Transaction Representative determines on or prior to the relevant determination date that a Benchmark Transition Event has occurred with respect to USD-LIBOR or SOFR, then the Note Trustee shall be obliged, without the consent or sanction of the Noteholders (including without the requirement to provide to noteholders an opportunity to object) or any confirmation from any Rating Agencies, to concur with the Designated Transaction Representative, and to direct the Master Issuer Security Trustee and the Security Trustee to concur with the Designated Transaction Representative, in making any modification (other than a Basic Terms Modification, provided that neither replacing the then-current Benchmark with the Benchmark Replacement nor any Benchmark Replacement Conforming Changes (each as defined below) shall constitute Basic Terms Modifications) of these Conditions or any of the Transaction Documents solely with respect to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR and issued on or after 4 March 2020 that the Designated Transaction Representative decides may be appropriate to give effect to the provisions set forth under this section titled “*Effect of Benchmark Transition Event on USD-LIBOR or SOFR linked Floating Rate Master Issuer Notes*” in relation only to all determinations of the rate of interest payable on any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR (and any related swap agreements) and issued on or after 4 March 2020:

- I. If the Designated Transaction Representative determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any determination of the Benchmark on any date applicable to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or

SOFR, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR in respect of such determination on such date and all determinations on all subsequent dates.

- II. In connection with the implementation of a Benchmark Replacement with respect to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR, the Designated Transaction Representative will have the right to make Benchmark Replacement Conforming Changes with respect to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR from time to time.
- III. Any determination, decision or election that may be made by the Designated Transaction Representative pursuant to this section titled “*Effect of Benchmark Transition Event on USD-LIBOR or SOFR linked Floating Rate Master Issuer Notes*”, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, in each case, solely with respect to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR, will be conclusive and binding absent manifest error, may be made in the Designated Transaction Representative’s sole discretion, and, notwithstanding anything to the contrary in the documentation relating to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR, shall become effective without consent, sanction or absence of objection from any other party (including Noteholders).
- IV. Notwithstanding the definitions of Business Day, Federal Reserve Bank of New York’s Website, OBFR, OBFR Index Cessation Date, OBFR Index Cessation Event, SOFR, SOFR Index Cessation Date, SOFR Index Cessation Event, and U.S. Government Securities Business Day set out under Condition 13.4 (*Definitions*), the following definitions shall apply with respect to this section titled “*Effect of Benchmark Transition Event on USD-LIBOR or SOFR linked Floating Rate Master Issuer Notes*”:

Benchmark means, initially, (in respect of USD-LIBOR linked Floating Rate Master Issuer Notes) USD-LIBOR or (in respect of SOFR linked Floating Rate Master Issuer Notes) SOFR, as applicable; provided that if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to USD-LIBOR or SOFR, as applicable, or the then-current Benchmark, then “Benchmark” means the applicable Benchmark Replacement.

Benchmark Replacement means (in respect of USD-LIBOR, if the Designated Transaction Representative can determine the interpolated benchmark as of the benchmark replacement date) the Interpolated Benchmark; or (in respect of USD-LIBOR if the Designated Transaction Representative cannot determine the Interpolated Benchmark as of the Benchmark Replacement Date or in respect of SOFR), then the first alternative set forth in the order below that can be determined by the Designated Transaction Representative as of the Benchmark Replacement Date:

- (1) (in respect of USD-LIBOR) the sum of: (a) Term SOFR and (b) the Benchmark Replacement Adjustment;
- (2) (in respect of USD-LIBOR) the sum of: (a) Compounded SOFR and (b) the applicable Benchmark Replacement Adjustment;
- (3) the sum of: (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for

- the then-current Benchmark for the applicable Corresponding Tenor and (b) the Benchmark Replacement Adjustment;
- (4) the sum of: (a) the ISDA Fallback Rate and (b) the Benchmark Replacement Adjustment;
 - (5) the sum of: (a) the alternate rate of interest that has been selected by the Designated Transaction Representative as the replacement for the then-current Benchmark for the applicable Corresponding Tenor giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR, as applicable, at such time and (b) the Benchmark Replacement Adjustment.

If a Benchmark Replacement in respect of USD-LIBOR is selected pursuant to paragraph (2) above, then on the first day of each calendar quarter following such selection, if a redetermination of the Benchmark Replacement on such date would result in the selection of a Benchmark Replacement under paragraph (1) above, then (x) the Benchmark Replacement Adjustment shall be redetermined on such date utilizing the Unadjusted Benchmark Replacement corresponding to the Benchmark Replacement under paragraph (1) above and (y) such redetermined Benchmark Replacement shall become the Benchmark on each Interest Determination Date on or after such date. If redetermination of the Benchmark Replacement in respect of USD-LIBOR on such date as described in the preceding sentence would not result in the selection of a Benchmark Replacement under paragraph (1), then the Benchmark shall remain the Benchmark Replacement as previously determined pursuant to paragraph (2) above.

Benchmark Replacement Adjustment means the first alternative set forth in the order below that can be determined by the Designated Transaction Representative as of the Benchmark Replacement Date:

- (1) the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected, endorsed or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;
- (2) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, then the ISDA Fallback Adjustment;
- (3) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Designated Transaction Representative giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR at such time.

Benchmark Replacement Conforming Changes means, with respect to any Benchmark Replacement, any technical, administrative or operational changes with respect to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR (including changes to the definition of "Interest Period", timing and frequency of determining rates and making payments of interest, changes to the definition of "Corresponding Tenor" solely when such tenor is longer than the Interest Period and other administrative matters) and any related swap agreements that the Designated Transaction Representative decides may be appropriate to reflect the adoption of such Benchmark

Replacement with respect to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR in a manner substantially consistent with market practice (or, if the Designated Transaction Representative decides that adoption of any portion of such market practice is not administratively feasible or if the Designated Transaction Representative determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Designated Transaction Representative determines is reasonably necessary).

Benchmark Replacement Date means:

- (1) in the case of paragraph (1) or (2) of the definition of “Benchmark Transition Event,” the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the relevant Benchmark permanently or indefinitely ceases to provide such Benchmark, or
- (2) in the case of paragraph (3) of the definition of “Benchmark Transition Event,” the date of the public statement or publication of information;

provided, however, that on or after the 60th day preceding the date on which such Benchmark Replacement Date would otherwise occur (if applicable), the Designated Transaction Representative may give written notice to holders of any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR in which the Designated Transaction Representative designates an earlier date (but not earlier than the 30th day following such notice) and represents that such earlier date will facilitate an orderly transition of any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to USD-LIBOR or SOFR to the Benchmark Replacement, in which case such earlier date shall be the Benchmark Replacement Date.

For the avoidance of doubt, if the event giving rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination.

Benchmark Transition Event means the occurrence of one or more of the following events with respect to the then-current Benchmark:

- (1) a public statement or publication of information by or on behalf of the administrator of the Benchmark announcing that the administrator has ceased or will cease to provide the Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark;
- (2) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark, the central bank for the currency of the Benchmark, an insolvency official with jurisdiction over the administrator for the Benchmark, a resolution authority with jurisdiction over the administrator for the Benchmark or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark has ceased or will cease to provide the Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark; or

- (3) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative.

Compounded SOFR means, for purposes of determining a replacement benchmark for USD-LIBOR pursuant to this section titled “*Effect of Benchmark Transition Event on USD-LIBOR or SOFR linked Floating Rate Master Issuer Notes*”, the compounded average of SOFRs for the applicable Corresponding Tenor, with the rate, or methodology for this rate, and conventions for this rate (which, for example, may be compounded in arrears with a lookback and/or suspension period as a mechanism to determine the interest amount payable prior to the end of each Interest Period or compounded in advance) being established by the Designated Transaction Representative in accordance with:

- (1) the rate, or methodology for this rate, and conventions for this rate selected or recommended by the Relevant Governmental Body for determining compounded SOFR; provided that:
- (2) if, and to the extent that, the Designated Transaction Representative determines that Compounded SOFR cannot be determined in accordance with paragraph (1) above, then the rate, or methodology for this rate, and conventions for this rate that have been selected by the Designated Transaction Representative giving due consideration to any industry-accepted market practice for similar U.S. dollar denominated securitisation transactions at such time.

It is agreed and acknowledged that, notwithstanding the foregoing, a credit rating is an assessment of credit and does not address other matters that may be of relevance to the Noteholders. In being entitled to rely on the fact that the Rating Agencies have confirmed that the then current rating of the relevant series and/or class or classes of Master Issuer Notes would not be adversely affected, it is expressly agreed and acknowledged by the Note Trustee and the Master Issuer Security Trustee and specifically notified to the Noteholders (and to which they are bound by the Conditions) that the above does not impose or extend any actual or contingent liability for the Rating Agencies to the Note Trustee or the Master Issuer Security Trustee, the Noteholders or any other person or create any legal relations between the Rating Agencies and the Note Trustee, the Master Issuer Security Trustee, the Noteholders or any other person whether by way of contract or otherwise.

5. Interest

5.1 Interest on Fixed Rate Master Issuer Notes

Each Fixed Rate Master Issuer Note bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest payable, subject as provided in these Conditions, in arrear on the Interest Payment Date(s) in each year specified for such note up to (and including) the Final Maturity Date.

Except as provided in the applicable Final Terms, the amount of interest payable in respect of any Fixed Rate Master Issuer Note on each Interest Payment Date for a Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified for such note in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Conditions, **Fixed Interest Period** means the period from and including an Interest Payment Date (or the Interest Commencement Date) to but excluding the next (or the first) Interest Payment Date.

If interest is required to be calculated in respect of any Fixed Rate Master Issuer Note for a period other than a Fixed Interest Period, such interest shall be calculated by applying the Rate of Interest specified for such note in the applicable Final Terms to the Principal Amount Outstanding on such note, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Day Count Fraction means, in respect of the calculation of an amount of interest for any Fixed Rate Master Issuer Note in accordance with this **Condition 5.1**:

- (a) if "Actual/Actual (ICMA)" is specified for such note in the applicable Final Terms:
 - (i) in the case of Master Issuer Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date for such notes (or, if none, the Interest Commencement Date) to (but excluding) the relevant Interest Payment Date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (A) the number of days in such Determination Period and (B) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (ii) in the case of Master Issuer Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (I) the number of days in such Determination Period and (II) the number of Determination Dates that would occur in one calendar year; and
- (b) if "30/360" is specified for such note in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date for such note (or, if none, the Interest Commencement Date) to (but excluding) the relevant Interest Payment Date (such number of days being calculated on the basis of a year of 360 days with twelve 30-day months) divided by 360.

As used in these Conditions, **Determination Period** means each period from and including a Determination Date (as defined in the applicable Final Terms) to but excluding the next Determination Date (including where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

5.2 Interest on Floating Rate Master Issuer Notes

(a) Interest payment dates

Each Floating Rate Master Issuer Note bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date and such interest will be payable in arrear on the Interest Payment Date(s) in each year specified for such note. Such interest will be payable in respect of each Floating Interest Period.

As used in these Conditions, **Floating Interest Period** means the period from and including an Interest Payment Date (or the Interest Commencement Date) to but excluding the next (or the first) Interest Payment Date.

If a Business Day Convention is specified for a Floating Rate Master Issuer Note in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (i) the "Following Business Day Convention", the Interest Payment Date for such note shall be postponed to the next day which is a Business Day; or
- (ii) the "Modified Following Business Day Convention", the Interest Payment Date for such note shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (iii) the "Preceding Business Day Convention", the Interest Payment Date for such note shall be brought forward to the immediately preceding Business Day.

In these Conditions, **Business Day** means a day which is both:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and any Additional Business Centre specified in the applicable Final Terms; and

(b) Rate of interest

The Rate of Interest payable from time to time in respect of a Floating Rate Master Issuer Note will be determined in the manner specified for such note in the applicable Final Terms.

- (i) ISDA Determination for Floating Rate Master Issuer Notes

Where "ISDA Determination" is specified for such note in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated for such note in

the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (i), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent Bank or other person specified in the applicable Final Terms under an interest rate swap transaction if the Agent Bank or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (A) the Floating Rate Option is as specified for such note in the applicable Final Terms;
- (B) the Designated Maturity is the period specified for such note in the applicable Final Terms; and
- (C) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on EURIBOR, AUD-BBR-BBSW or CDOR for a currency, the first day of that Interest Period, or (ii) in any other case, as specified for such note in the applicable Final Terms.

For the purposes of this subparagraph (i), **Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions.

- (ii) Screen rate determination for Floating Rate Master Issuer Notes

Where **Screen Rate Determination** and **Overnight Rate** are specified as "Applicable", the **Reference Rate** is specified as being "Compounded Daily SONIA" and **Index Determination** is specified as "Not Applicable" for a Floating Rate Master Issuer Note in the applicable Final Terms, the following provisions shall apply and the Rate of Interest for each Interest Period will, subject as provided below, be Compounded Daily SONIA plus or minus (as indicated in the applicable Final Terms) the Margin (if any), as calculated by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms).

Compounded Daily SONIA means, in relation to an Interest Period, the rate of return of a daily compound interest investment (with the daily Sterling Overnight Index Average as the Reference Rate for the calculation of interest) and will be calculated by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) on the Interest Determination Date (i) as further specified in the applicable Final Terms; or (ii) in accordance with the following formula, and the resulting percentage will be rounded if necessary to the fourth decimal place, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{Daily SONIA} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

d means the number of calendar days in:

Where **Screen Rate Determination**, **Overnight Rate** and **Index Determination** are specified as "Applicable" and the **Reference Rate** is specified as being "Compounded Daily SONIA" for a Floating Rate Master Issuer Note in the applicable Final Terms, the following provisions shall apply and the Rate of Interest for each Interest Period will, subject as provided below, be Compounded Daily SONIA plus or minus (as indicated in the applicable Final Terms) the Margin (if any), as calculated by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms).

Compounded Daily SONIA means, in relation to an Interest Period, the rate of return of a daily compound interest investment (with the daily Sterling Overnight Index Average as the Reference Rate for the calculation of interest) and will be calculated by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) on the Interest Determination Date (i) as further specified in the applicable Final Terms; (ii) by reference to the screen rate or index for compounded daily SONIA rates administered by the administrator of the SONIA reference rate that is published or displayed by such administrator or other information service from time to time on the relevant Interest Determination Date, as further specified in the applicable Final Terms (the **SONIA Index**); or (iii) in accordance with the following formula, and the resulting percentage will be rounded if necessary to the fourth decimal place, with 0.00005 being rounded upwards:

$$\left(\frac{\text{SONIA Index}_{\text{End}}}{\text{SONIA Index}_{\text{Start}}} - 1 \right) \times \frac{365}{d}$$

where:

d means the number of calendar days from (and including) the day in relation to which SONIA Index_{Start} is determined to (but excluding) the day in relation to which SONIA Index_{End} is determined;

If, as at any relevant Interest Determination Date, the relevant SONIA Index is not published or displayed by the administrator of the SONIA reference rate or other information service by 5.00 p.m. (London time) (or, if later, by the time falling one hour after the customary or scheduled time for publication thereof in accordance with the then-prevailing operational procedures of the administrator of the SONIA reference rate or of such other information service, as the case may be), the Compounded Daily SONIA for the applicable Interest Period for which the relevant SONIA Index is not available shall be "Compounded Daily SONIA" determined as set out under the section entitled "Compounded Daily SONIA (Non-Index Determination)" above and as if Index Determination were specified in the applicable Final Terms as being "Not Applicable", and for these purposes: (i) the "Observation Method" shall be deemed to be "Shift"; and (ii) the "Observation Look-Back Period" shall be deemed to be equal to p London Business Days, as if such alternative elections had been made in the applicable Final Terms.

If, in respect of any London Business Day in the relevant SONIA Observation Period or the relevant Interest Period (as the case may be), the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) determines that the SONIA reference rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA reference rate shall be: (i) the Bank of England's Bank Rate (the "Bank Rate") prevailing at close of business on the relevant London Business Day; plus (ii) the mean of the spread of the SONIA reference rate to the Bank Rate over the previous five London Business Days on which a SONIA reference rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate.

Notwithstanding the paragraph above, in the event the Bank of England publishes guidance as to (i) how the SONIA reference rate is to be determined; or (ii) any rate that is to replace the SONIA reference rate, the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) shall, subject to receiving written Instructions from the Issuer and to the extent that it is reasonably practicable, follow such guidance in order to determine Daily SONIA for the purpose of the relevant Series of Floating Rate Master Issuer Notes for so long as the SONIA reference rate is not available or has not been published by the authorised distributors. To the extent that any amendments or modifications to the Conditions or the Transaction Documents are required in order for the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) to follow such guidance in order to determine Daily SONIA, the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) shall have no obligation to act until such amendments or modifications have been made in accordance with the Conditions and the Transaction Documents.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms), the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Period); or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Series of Floating Rate Master Issuer Notes for the first Interest Period had the Floating Rate Master Issuer Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Period).

If the relevant Series of Floating Rate Master Issuer Notes become due and payable in accordance with Condition 10, the final Interest Determination Date shall, notwithstanding

any Interest Determination Date specified in the applicable Final Terms, be deemed to be the date on which such Floating Rate Master Issuer Notes became due and payable and the Rate of Interest on such Floating Rate Master Issuer Notes shall, for so long as any such Floating Rate Master Issuer Note remains outstanding, be that determined on such date.

If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent Bank for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of clause (A), no offered quotation appears or, in the case of clause (B), fewer than three offered quotations appear,

in each case as at the Specified Time, the Agent Bank shall request each of the Reference Banks to provide the Agent Bank with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Agent Bank with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Agent Bank.

If on any Interest Determination Date one only or none of the Reference Banks provides the Agent Bank with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Agent Bank determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Agent Bank by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or the Canadian inter-bank market (if the Reference Rate is CDOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Agent Bank with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Master Issuer suitable for the purpose) informs the Agent Bank it is quoting to leading banks in the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or the Canadian inter-bank market (if the Reference Rate is CDOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

(c) *Minimum rate of interest and/or maximum rate of interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for a Floating Rate Master Issuer Note for any Interest Period, then, in the event that the Rate of Interest for such note in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such note for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for such note for any Interest Period, then, in the event that the Rate of Interest for such note in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such note for such Interest Period shall be such Maximum Rate of Interest.

(d) *Determination of rate of interest and calculation of interest amounts*

The Agent Bank will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period (provided that no provision of these Conditions or the Paying Agent and Agency Bank Agreement shall require an Agent to do anything which may be illegal or contrary to applicable law or regulation).

The Agent Bank will calculate the amount of interest payable on the Floating Rate Master Issuer Notes in respect of each Specified Denomination (each an **Interest Amount**) for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to the Principal Amount Outstanding of each Master Issuer Note, multiplying such sum by the applicable Day Count Fraction, and

rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Day Count Fraction means, in respect of the calculation of an amount of interest for a Floating Rate Master Issuer Note in accordance with this **Condition 5.2(d)** for any Interest Period:

- (i) if **Actual/365** or **Actual/Actual (ISDA)** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
 - (ii) if **Actual/365 (Fixed)** is specified for such for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
 - (iii) if **Actual/365 (Sterling)** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
 - (iv) if **Actual/360** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
 - (v) if **30/360**, **360/360** or **Bond Basis** is specified for such note in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with twelve 30-day months (unless (a) the last day of the Interest Period is the 31st day of a month but the first day of the Interest Period is a day other than the 30th or 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month, or (b) the last day of the Interest Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month)); and
 - (vi) if **30E/360** or **Eurobond Basis** is specified for such note in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with twelve 30-day months, without regard to the date of the first day or last day of the Interest Period unless, in the case of the final Interest Period, the Final Maturity Date is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month).
- (e) *Notification of rate of interest and interest amounts*

The Agent Bank will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Note Trustee, the Master Issuer Security Trustee, the Master Issuer Cash Manager, the Paying Agents, the Registrar and to any stock exchange or other relevant competent authority or quotation system on which the relevant Floating Rate Master Issuer Notes are for the time being listed, quoted and/or traded or by which they have been admitted to listing and to be published in accordance with **Condition 12.10** as soon as possible after their determination but in no event later than the fourth Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. Any such amendment or alternative arrangements will be promptly notified to the Note Trustee and each stock exchange or other relevant authority on which the relevant Floating Rate Master Issuer Notes are for the time being listed or by which they have been admitted to listing and to the Noteholders in accordance with **Condition 12.10**.

- (f) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this **Condition 5.2**, whether by the Agent Bank or the Calculation Agent (as defined in **Condition 5.2(b)(i)**) or the Note Trustee shall (in the absence of wilful default, bad faith or manifest error) be binding on the Master Issuer, the Master Issuer

Cash Manager, the Principal Paying Agent, the Calculation Agent, the other Paying Agents, the Note Trustee and all Noteholders and (in the absence of wilful default or bad faith) no liability to the Master Issuer or the Noteholders shall attach to the Agent Bank or the Calculation Agent or the Note Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

5.3 Accrual of interest

Interest (if any) will cease to accrue on each Master Issuer Note (or in the case of the redemption of part only of a Master Issuer Note, that part only of such note) on the due date for redemption thereof unless, upon due presentation thereof, payment of principal is improperly withheld or refused in which event, interest will continue to accrue until the earlier of:

- (a) the date on which all amounts due in respect of such note have been paid; and
- (b) the seventh day after notice is duly given by the Principal Paying Agent or the U.S. Paying Agent (as the case may be) to the Holder thereof that such payment will be made, provided that subsequently, payment is in fact made.

5.4 Deferred interest

To the extent that, subject to and in accordance with the relevant Master Issuer Priority of Payments, the funds available to the Master Issuer to pay interest on any Series and Class (or Sub-Class) of Master Issuer Notes (other than the most senior Class (or Sub-Class) of Master Issuer Notes of any Series then outstanding) on an Interest Payment Date (after discharging the Master Issuer's liabilities of a higher priority) are insufficient to pay the full amount of such interest, payment of the shortfall attributable to such Series and Class (or Sub-Class) of Master Issuer Notes (**Deferred Interest**) will not then fall due but will instead be deferred until the first Interest Payment Date for such notes thereafter on which sufficient funds are available (after allowing for the Master Issuer's liabilities of a higher priority and subject to and in accordance with the relevant Master Issuer Priority of Payments) to fund the payment of such Deferred Interest to the extent of such available funds.

Such Deferred Interest will accrue interest (**Additional Interest**) at the rate of interest applicable from time to time to the applicable Series and Class (or Sub-Class) of Master Issuer Notes and payment of any Additional Interest will also be deferred until the first Interest Payment Date for such notes thereafter on which funds are available (after allowing for the Master Issuer's liabilities of a higher priority subject to and in accordance with the relevant Master Issuer Priority of Payments) to the Master Issuer to pay such Additional Interest to the extent of such available funds.

Amounts of Deferred Interest and Additional Interest shall not be deferred beyond the Final Maturity Date of the applicable Series and Class (or Sub-Class) of Master Issuer Notes, when such amounts will become due and payable.

Payments of interest due on an Interest Payment Date in respect of the most senior Class of Master Issuer Notes of any Series then outstanding will not be deferred. In the event of the delivery of a Note Enforcement Notice (as described in **Condition 10**), the amount of interest in respect of such Master Issuer Notes that was due but not paid on such Interest Payment Date will itself bear interest at the applicable rate until both the unpaid interest and the interest on that interest are paid as provided in the Trust Deed.

5.5 Interest Where There is an Increase Amount of a Class Z Variable Funding Note

If, in the Floating Interest Period immediately preceding an Interest Payment Date, there has been a subscription of an Increase Amount in respect of a Class Z Variable Funding Note pursuant to **Condition 6.10** below, the Interest payable shall be determined as the sum of:

- (a) the interest determined as being payable in respect of the Class Z Variable Funding Note as if the Principal Amount Outstanding were the Principal Amount Outstanding of the Class Z Variable Funding Note at the beginning of such Floating Interest Period; plus
- (b) the interest determined as being payable in respect of each Increase Amount made in such Floating Interest Period calculated on the basis set out in **Condition 5.2** as if references in **Condition 5.2** to the Principal Amount Outstanding in respect of such Class Z Variable Funding Note were to the Increase Amount and the Floating Interest Period in respect of such Increase Amount commenced on the Increase

Date. The Rate of Interest in respect of any Increase Amount made on an Increase Date which is not an Interest Payment Date shall be the same rate as that determined in respect of the Principal Amount Outstanding of the Class Z Variable Funding Note immediately prior to such Increase Date or such other rate as may be specified in the applicable Final Terms in respect of such Class Z Variable Funding Note.

In all other cases, the interest payable in respect of each Class Z Variable Funding Note shall be determined pursuant to **Condition 5.2** above.

6. Redemption, Purchase and Cancellation

6.1 Final Redemption

Unless previously redeemed in full as provided in this **Condition 6**, the Master Issuer shall redeem a Series and Class (or Sub-Class) of Master Issuer Notes at their then Principal Amount Outstanding together with all accrued interest on the Final Maturity Date in respect of such Series and Class (or Sub-Class) of Master Issuer Notes.

The Master Issuer may not redeem such notes in whole or in part prior to their Final Maturity Date except as provided in **Conditions 6.2, 6.4 or 6.5**, but without prejudice to **Condition 10**.

6.2 Mandatory Redemption

On each Interest Payment Date, other than an Interest Payment Date on which a Series and Class (or Sub-Class) of Master Issuer Notes are to be redeemed under **Condition 6.1 above**, and **Conditions 6.4 and 6.5 below** and the Master Issuer shall repay principal in respect of such notes in an amount equal to the amount (if any) repaid on such Interest Payment Date in respect of the related Term Advance, and pursuant to, the Master Intercompany Loan Agreement converted, where the Specified Currency for such notes is not sterling, into the Specified Currency at the Specified Currency Exchange Rate for such notes.

To the extent that there are insufficient funds available to the Master Issuer to repay the amount due to be paid on such Interest Payment Date the Master Issuer will be required to repay the shortfall, to the extent that it receives funds therefor (and subject to the terms of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement) on subsequent Interest Payment Dates in respect of such notes.

6.3 Note Principal Payments, Principal Amount Outstanding and Pool Factor

The principal amount redeemable (the **Note Principal Payment**) in respect of each Master Issuer Note of a particular Series and Class (or Sub-Class) on any Interest Payment Date under **Condition 6.2** shall be a proportion of the amount required as at that Interest Payment Date to be applied in redemption of such Series and Class (or Sub-Class) of Master Issuer Notes on such date equal to the proportion that the Principal Amount Outstanding of the relevant Master Issuer Note bears to the aggregate Principal Amount Outstanding of such Series and Class (or Sub-Class) of Master Issuer Notes rounded down to the nearest sub-unit of the Specified Currency; provided always that no such Note Principal Payment may exceed the Principal Amount Outstanding of the relevant Master Issuer Note.

On each Note Determination Date the Master Issuer shall determine (or cause the Agent Bank to determine) (a) the amount of any Note Principal Payment payable in respect of each Master Issuer Note of the relevant Series and Class (or Sub-Class) on the immediately following Interest Payment Date and (b) the Principal Amount Outstanding of each such note which shall be the Specified Denomination plus (in the case of each Class Z Variable Funding Note) the aggregate of all relevant Increase Amounts, less the aggregate amount of all Note Principal Payments in respect of such note that has been paid since the relevant Closing Date and on or prior to that Note Determination Date (the **Principal Amount Outstanding**) and (c) the fraction expressed as a decimal to the fifth decimal point (the **Pool Factor**), of which the numerator is the Principal Amount Outstanding of such note (as referred to in (b) above) and the denominator is the Specified Denomination. Each determination by or on behalf of the Master Issuer of Note Principal Payment of a Master Issuer Note, the Principal Amount Outstanding of a Master Issuer Note and the Pool Factor shall in each case (in the absence of wilful default, bad faith or manifest error) be final and binding on all persons.

The Master Issuer will cause each determination of the Note Principal Payment and the Principal Amount Outstanding and the Pool Factor in respect of a Series and Class (or Sub-Class) of Master Issuer Notes to be notified forthwith, and in any event not later than 1.00 p.m. (London time) on the Business Day

immediately succeeding the Note Determination Date, to the Note Trustee, the Master Issuer Security Trustee, the Paying Agents, the Agent Bank, the Registrar and (for so long as such notes are listed on one or more stock exchanges) the relevant stock exchanges, and will cause notice of each determination of the Note Principal Payment and the Principal Amount Outstanding to be given to Noteholders in accordance with **Condition 12.10** by no later than the Business Day after the relevant Interest Payment Date.

6.4 Optional Redemption in Full

Provided a Note Enforcement Notice has not been served and subject to the provisos below, upon giving not more than 60 nor less than 30 days' prior notice to the Note Trustee, the Noteholders and the relevant Master Issuer Swap Provider(s) in accordance with **Condition 12.10**, the Master Issuer may redeem a Series and Class (or Sub-Class) of Master Issuer Notes at their aggregate Redemption Amount together with any accrued and unpaid interest in respect thereof on the following dates:

- (a) the date specified as the Step-Up Date for such notes in the applicable Final Terms and on any Interest Payment Date for such notes thereafter; or
- (b) on any Interest Payment Date on which the aggregate Principal Amount Outstanding of such notes and all other Classes of Master Issuer Notes of the same Series is less than 10 per cent. of the aggregate Principal Amount Outstanding of such Series of Master Issuer Notes as at the Closing Date on which such Series of Master Issuer Notes were issued,
- (c) the date specified as the Optional Redemption Date for such notes in the applicable Final Terms and on each Interest Payment Date for such notes thereafter,

PROVIDED THAT (in either of the cases above), on or prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that (i) it will have the funds, not subject to any interest of any other person, required to redeem such notes as aforesaid and any amounts required to be paid in priority to or *pari passu* with such notes outstanding in accordance with the terms and conditions of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement and (ii) the Repayment Tests will be satisfied following the making of such redemptions and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof (without liability and without further investigation) in which event it shall be conclusive and binding on the Noteholders and all other persons.

6.5 Optional Redemption for Tax and other Reasons

Provided a Note Enforcement Notice has not been served, if the Master Issuer at any time satisfies the Note Trustee in writing immediately prior to the giving of the notice referred to below that on the next Interest Payment Date either:

- (a) the Master Issuer would by virtue of a change in the law or regulations of the United Kingdom or any other jurisdiction (or the application or interpretation thereof) be required to deduct or withhold from any payment of principal or interest or any other amount under a Series and Class (or Sub-Class) of Master Issuer Notes any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature (other than where the relevant Holder or beneficial owner has some connection with the relevant jurisdiction other than the holding of the Master Issuer Notes); or
- (b) Funding would be required to deduct or withhold from amounts due in respect of the Term Advance under the Master Intercompany Loan Agreement which was funded by such notes any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature; and
- (c) in relation to either the events described in (a) and (b) above, such obligation of the Master Issuer or Funding (as the case may be) cannot be avoided by the Master Issuer or Funding (as the case may be) taking reasonable measures available to the Master Issuer or Funding (as the case may be),

then the Master Issuer shall use its reasonable endeavours to arrange the substitution of a company incorporated in another jurisdiction approved by the Note Trustee as principal debtor under such notes and/or as lender of such Term Advance as the case may be, upon the Note Trustee being satisfied that (1) such substitution will not be materially prejudicial to the interests of the Noteholders of any Series and Class, and (2) upon the Master Issuer Security Trustee being satisfied that (A) the position of the Master Issuer Secured Creditors will not thereby be adversely affected, and (B) such substitution would not require registration of any new security under United States securities laws or materially increase the disclosure requirements under United States law or the costs of issuance. Only if the Master Issuer is unable to arrange a substitution will the Master Issuer be entitled to redeem the Master Issuer Notes as described in this **Condition 6.5**.

Subject to the proviso below, if the Master Issuer is unable to arrange a substitution as described above and, as a result, one or more of the events described in (a) and (b) above (as the case may be) is continuing, then the Master Issuer may, having given not more than 60 nor less than 30 days' notice to the Note Trustee, the Noteholders and the relevant Master Issuer Swap Provider(s) in accordance with **Condition 12.10**, redeem all (but not some only) of such notes on the immediately succeeding Interest Payment Date for such notes at their aggregate Redemption Amount together with any accrued and unpaid interest in respect thereof provided that (in either case), prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee:

- (i) a certificate signed by two directors of the Master Issuer stating the circumstances referred to in (a) or (b) and (c) above prevail and setting out details of such circumstances; and
- (ii) an opinion in form and substance satisfactory to the Note Trustee of independent legal advisors of recognised standing to the effect that the Master Issuer and/or Funding has or will become obliged to deduct or withhold such amounts as a result of such change or amendment.

The Note Trustee shall be entitled to accept such certificate and opinion as sufficient evidence (without liability and without further investigation) of the satisfaction of the circumstance set out in (a) or (b) and (c) above, in which event they shall be conclusive and binding on the Noteholders. The Master Issuer may only redeem such notes as aforesaid, if on or prior to giving such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that it will have the funds, not subject to any interest of any other person, required to redeem such notes as aforesaid and any amounts required to be paid in priority to or *pari passu* with such notes outstanding in accordance with the terms and conditions of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof in which event it shall be conclusive and binding on the Noteholders and all other persons.

In addition to the foregoing, if, at any time, the Master Issuer delivers a certificate to Funding, the Note Trustee and the Master Issuer Security Trustee to the effect that it would be unlawful for the Master Issuer to make, fund or allow to remain outstanding a Term Advance made by it under the Master Intercompany Loan Agreement and stating that the Master Issuer may require Funding to prepay the relevant Term Advance on an Interest Payment Date subject to and in accordance with the provisions of the Master Intercompany Loan Agreement to the extent necessary to cure such illegality and the Master Issuer may redeem all (but not some only) of the relevant Master Issuer Notes at their Redemption Amount together with any accrued interest upon giving not more than 60 days' nor less than 30 days' (or such shorter period as may be required under any relevant law) prior written notice to the Master Issuer Security Trustee, the Note Trustee, the relevant Master Issuer Swap Provider(s) and the Noteholders in accordance with **Condition 12.10** provided that, prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that it will have the funds, not subject to the interest of any other person, required to redeem the Master Issuer Notes as provided above and any amount to be paid in priority to or *pari passu* with the Master Issuer Notes and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof (without liability and without further investigation) in which event it shall be conclusive and binding on the Noteholders and all other persons. Such monies received by the Master Issuer shall be used to redeem the relevant Master Issuer Notes in full, together with any accrued and unpaid interest on the equivalent Interest Payment Date.

6.6 Redemption Amounts

For the purposes of this **Condition 6.6, Redemption Amount** means, in respect of any Series and Class (or Sub-Class) of Master Issuer Notes, the amount specified in relation to such notes in the applicable Final Terms or, if not so specified:

- (a) in respect of each Master Issuer Note (other than a Zero Coupon Master Issuer Note), the Principal Amount Outstanding of such note; and
- (b) in respect of each Zero Coupon Master Issuer Note, an amount (the **Amortised Face Amount**) calculated in accordance with the following formula:

$$\text{Redemption Amount} = \text{RP} \times (1 + \text{AY}) \times y$$

where:

RP = the Reference Price;

AY = the Accrual Yield expressed as a decimal; and

y = a fraction, the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the first Closing Date of the applicable Series and Class (or Sub-Class) of Master Issuer Notes to (but excluding) the date fixed for redemption or, as the case may be, the date upon which such note becomes due and payable and the denominator of which is 360.

If the amount payable in respect of any Zero Coupon Master Issuer Note upon redemption of such Zero Coupon Master Issuer Note pursuant to Condition 6.1, 6.2, 6.4 or 6.5 or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such note shall be the amount calculated as provided in this paragraph as though the reference therein to the date fixed for the redemption or, as the case may be, the date upon which such note becomes due and payable were replaced by reference to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such note have been paid; and
- (ii) the date on which the full amount of the monies payable in respect of such note has been received by the Principal Paying Agent or the Note Trustee or the Registrar and notice to that effect has been given to the Noteholders in accordance with **Condition 12.9**.

6.7 Money Market Note Mandatory Transfer

- (a) If remarketing arrangements are specified as applicable in the relevant Final Terms in relation to a Series and Class (or Sub-Class) of Money Market Notes, such Money Market Notes shall, subject to paragraph (c) below, be transferred in accordance with paragraph (b) below on each Transfer Date prior to the occurrence of a Mandatory Transfer Termination Event, as confirmed by the Remarketing Bank providing a Conditional Purchase Confirmation to the Master Issuer and the Principal Paying Agent, in exchange for payment of the Transfer Price and the Master Issuer and the Principal Paying Agent will procure payment of the Transfer Price to the Noteholders of the Money Market Notes on the relevant Transfer Date.
- (b) Subject to paragraphs (a) above and (c) below, all the interests of the Noteholders of the Money Market Notes in the Money Market Notes shall be transferred on the relevant Transfer Date to the account of the Remarketing Bank on behalf of the relevant purchasers or as otherwise notified by or on behalf of the Remarketing Bank prior to such date or if Money Market Notes in definitive form are then issued, the Money Market Notes will be registered in the name of the Remarketing Bank or as otherwise notified by or on behalf of the Remarketing Bank by the Registrar and the Register will be amended accordingly with effect from the relevant Transfer Date.

A Class Z Variable Funding Noteholder may on any date (each an **Increase Date**) increase the Principal Amount Outstanding of a Class Z Variable Funding Note and cause a corresponding increase in the Specified Denomination of such Class Z Variable Funding Note, provided that such increase shall not cause the Seller Share to be reduced below the Minimum Seller Share, by:

Payments of principal and interest in respect of the Master Issuer Notes are subject, in all cases, to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto. Noteholders will not be charged commissions or expenses on payments.

7.3 Payment of Interest following a failure to pay Principal

If payment of principal is improperly withheld or refused on or in respect of any Master Issuer Note or part thereof, the interest which continues to accrue in respect of such Master Issuer Note in accordance with **Condition 5** will be paid in accordance with this **Condition 7**.

7.4 Change of Paying Agents

The initial Principal Paying Agent, the Registrar, the Transfer Agent and the Paying Agents are listed in these Conditions. The Master Issuer reserves the right, subject to the prior written approval of the Note Trustee, at any time to vary or terminate the appointment of the Principal Paying Agent, the Registrar, the Transfer Agent and the U.S. Paying Agent and to appoint additional or other Paying Agents. The Master Issuer will at all times maintain a Paying Agent with a Specified Office in London and a U.S. Paying Agent with a Specified Office in New York and a Registrar. Except where otherwise provided in the Trust Deed, the Master Issuer will cause at least 30 days' notice of any change in or addition to the Paying Agents, the Transfer Agent or the Registrar or their Specified Offices to be given in accordance with **Condition 12.10** and will notify the Rating Agencies of such change or addition.

7.5 No payment on non-Business Day

Where payment is to be made by transfer to a Designated Account, payment instructions (for value the due date or, if the due date is not a Business Day, for value the next succeeding Business Day) will be initiated and, where payment is to be made by cheque, the cheque will be mailed (a) (in the case of payments of principal and interest payable on redemption) on the later of the due date for payment and the day on which the relevant Master Issuer Note is surrendered (or, in the case of part payment only, endorsed) at the Specified Office of a Paying Agent and (b) (in the case of payments of interest payable other than on redemption) on the due date for payment. A Holder of a Master Issuer Note shall not be entitled to any interest or other payment in respect of any delay in payment resulting from (i) the due date for a payment not being a Business Day or (ii) a cheque mailed in accordance with this **Condition 7.5** arriving after the due date for payment or being lost in the mail.

7.6 Partial Payment

If a Paying Agent makes a partial payment in respect of any Master Issuer Note, the Master Issuer shall procure and the Registrar will ensure that the amount and date of such payment are noted on the Register and, in the case of partial payment upon presentation of a Master Issuer Note, that a statement indicating the amount and date of such payment is endorsed on the relevant Master Issuer Note.

7.7 Record Date

Each payment in respect of a Master Issuer Note will be made to the persons shown as the Holder in the Register (i) where the Master Issuer Note is in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, (ii) where the Master Issuer Note is in definitive form, at the opening of business in the place of the Registrar's Specified Office on the fifteenth day before the due date for such payment (the **Record Date**).

7.8 Payment of Interest

Subject as provided otherwise in these Conditions, if interest is not paid in respect of a Master Issuer Note of any Class on the date when due and payable (other than because the due date is not a Business Day) or by reason of non-compliance with **Condition 7.1**, then such unpaid interest shall itself bear interest at the Rate of Interest applicable from time to time to such note until such interest and interest thereon are available for payment and notice thereof has been duly given in accordance with **Condition 12.10**.

8. Prescription

Claims against the Master Issuer for payment of interest and principal on redemption shall be prescribed and become void if the relevant Master Issuer Notes are not surrendered for payment within a period of 10 years from the relevant date in respect thereof. After the date on which a payment under a Master Issuer Note becomes void in its entirety, no claim may be made in respect thereof. In this **Condition 8**, the **relevant date**, in respect of a payment under a Master Issuer Note, is the date on which the payment in respect thereof first becomes due or (if the full amount of the monies payable in respect of those payments under all the Master Issuer Notes due on or before that date has not been duly received by the Principal Paying Agent or the Note Trustee on or prior to such date) the date on which, the full amount of such monies having been so received, notice to that effect is duly given to Noteholders in accordance with **Condition 12.10**.

9. Taxation

All payments in respect of the Master Issuer Notes will be made without withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature unless the Master Issuer or any relevant Paying Agent is required by applicable law to make any payment in respect of the Master Issuer Notes subject to any such withholding or deduction. In that event, the Master Issuer or such Paying Agent shall make such payment after such withholding or deduction has been made and shall account to the relevant authorities for the amount so required to be withheld or deducted. No Paying Agent nor the Master Issuer will be obliged to make any additional payments to Noteholders in respect of such withholding or deduction.

The Note Trustee shall not be bound to take such steps or institute such proceedings or give such instructions unless:

- (a) (subject in all cases to restrictions contained in the Trust Deed to protect the interests of any higher ranking Class of Noteholders) it shall have been so directed by an Extraordinary Resolution of the Class A Noteholders, the Class B Noteholders, the Class M Noteholders, the Class C Noteholders and the Class Z Noteholders (which for this purpose means the Holders of all Series of the Class A Notes, the Class B Notes, the Class M Notes, the Class C Notes or the Class Z Notes (as applicable)) or so requested in writing by the Holders of at least 25 per cent. in aggregate Principal Amount Outstanding of the Class A Notes, the Class B Notes, the Class M Notes, the Class C Notes and the Class Z Notes (as applicable) of all Series then outstanding; and

In the case of a single meeting of the Holders of the Class Z Notes of any two or more Sub-Classes or Series (as the case may be) which are not all denominated in the same currency, the Principal Amount Outstanding of any Class Z Note denominated in a currency other than sterling shall be converted into sterling at the relevant swap rate.

The Trust Deed contains provisions similar to those in the preceding two paragraphs in relation to requests in writing from Class Z Noteholders upon which the Note Trustee or, as the case may be, the Master Issuer Security Trustee is bound to act.

The quorum for any meeting of the Holders of any Series and Class (or Sub-Class) of Master Issuer Notes or of any Class of Master Issuer Notes of more than one Series convened to consider a resolution (except for the purpose of passing an Extraordinary Resolution or a Programme Resolution) will be one or more persons holding or representing not less than 50 per cent. of the aggregate Principal Amount Outstanding then outstanding of such Series and Class (or Sub-Class) of Master Issuer Notes or such Class of Master Issuer Notes of more than one Series or, at any adjourned meeting, one or more persons being or representing Noteholders of such Series and Class (or Sub-Class) of Master Issuer Notes or such Class of Master Issuer Notes of more than one Series, whatever the aggregate Principal Amount Outstanding then outstanding of the relevant Master Issuer Notes so held or represented. A **resolution** means a resolution (excluding an Extraordinary Resolution or a Programme Resolution) passed at a meeting of Noteholders duly convened and held in accordance with the provisions of the Trust Deed by a simple majority of the persons voting thereat upon a show of hands or if a poll is duly demanded by a simple majority of the votes cast on such poll.

Subject to the following paragraph, the quorum at any meeting of the Holders of any Series or Class (or Sub-Class) of Master Issuer Notes or of any Class of Master Issuer Notes of more than one Series of Master Issuer Notes convened to consider the passing of an Extraordinary Resolution (including, for the avoidance of doubt, a Programme Resolution (as defined in **Condition 12.2**)) shall (subject as provided below) be one or more persons holding or representing not less than 50 per cent. of the aggregate principal amount outstanding of the Master Issuer Notes of the relevant Series and Class (or Sub-Class) or of the Class of Master Issuer Notes of more than one Series of Master Issuer Notes or, at any adjourned and reconvened meeting, not less than one or more persons being or representing Noteholders whatever the principal amount outstanding of the Master Issuer Notes of the relevant Series and Class (or Sub-Class) or of the Class of Master Issuer Notes of more than one Series of Master Issuer Notes.

The quorum at any meeting of the Holders of any Series and Class (or Sub-Class) of Master Issuer Notes or of any Class of Master Issuer Notes of more than one Series of Master Issuer Notes convened to consider an Extraordinary Resolution which includes the sanctioning of a modification which would have the effect of altering the amount or timing of payments of principal on the Master Issuer Notes of such Series and Class (or Sub-Class) or of such Class or the rate, the day or the timing of payments of interest thereon or of the currency of payment of the Master Issuer Notes of such Series and Class (or Sub-Class) or of such Class or altering the priority of payments or altering the quorum or majority required in relation to any resolution (each, a **Basic Terms Modification**, as more fully defined in the Trust Deed), shall be one or more persons holding or representing not less than 75 per cent. of the aggregate Principal Amount Outstanding then outstanding of the Master Issuer Notes of the relevant Series and Class (or Sub-Class) or of the Class of Master Issuer Notes of more than one Series of Master Issuer Notes or, at any adjourned and reconvened meeting, 25 per cent. of the aggregate Principal Amount Outstanding then outstanding of the Master Issuer Notes of the relevant Series and Class (or Sub-Class).

An Extraordinary Resolution passed at any meeting of Noteholders shall be binding on all of the Noteholders of the relevant Series and Class (or Sub-Class) or of the Class of Master Issuer Notes of more than one Series of Master Issuer Notes whether or not they are present or represented at the meeting.

A resolution signed by or on behalf of all the Noteholders of the relevant Series and Class (or Sub-Class) or of the relevant Class of more than one Series of Master Issuer Notes who for the time being are entitled to receive notice of a meeting under the Trust Deed shall for all purposes be as valid and effective as an Extraordinary Resolution passed at a meeting of Holders of such Series and Class (or Sub-Class) or of the relevant Class of more than one Series of Master Issuer Notes.

Every such meeting shall be held at such time and place as the Note Trustee may appoint or approve, provided that the place shall be a location in the UK (or, if applicable, the European Union). At least 21 days' (and no more than 365 days') notice specifying the place, day and hour of meeting shall be given to the relevant Noteholders prior to any meeting of such Noteholders.

12.2 Programme Resolution

Notwithstanding the provisions of **Condition 12.1**, any Extraordinary Resolution of the Noteholders of any Class to direct the Note Trustee to give a Note Enforcement Notice pursuant to **Condition 10** or take any enforcement action or instruct the Master Issuer Security Trustee to enforce the Master Issuer Security pursuant to **Condition 11** (a **Programme Resolution**) shall only be capable of being passed at a single meeting of the Noteholders of all Series of such Class of Master Issuer Notes. The quorum at any such meeting for passing a Programme Resolution shall be one or more persons holding or representing not less than 50 per cent. of the aggregate Principal Amount Outstanding then outstanding of the Master Issuer Notes of such Class or, at any adjourned and reconvened meeting, one or more persons being or representing Master Issuer Noteholders of such Class of Master Issuer Notes, whatever the aggregate Principal Amount Outstanding of such Class of Master Issuer Notes so held or represented by them.

A Programme Resolution passed at any meeting of all Series of any Class of Master Issuer Notes shall be binding on all Noteholders of all Series of that Class of Master Issuer Notes, whether or not they are present or represented at the meeting.

- (i) the Master Issuer (or the Master Issuer Cash Manager, acting on behalf of the Master Issuer) certifies to the Note Trustee in writing (such certificate, a **Base Rate Modification Certificate**) that such Base Rate Modification is being undertaken due to:

If Noteholders representing at least 10 per cent. of the Aggregate Principal Amount Outstanding of the most senior Class of Floating Rate Master Issuer Notes then outstanding

have notified the Master Issuer or the Principal Paying Agent (acting on behalf of the Master Issuer) in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Floating Rate Master Issuer Notes may be held) within the notification period referred to above that they do not consent to the Base Rate Modification, then such Base Rate Modification will not be made unless an Extraordinary Resolution of the Noteholders of the most senior Class of Floating Rate Master Issuer Notes then outstanding is passed in favour of such Base Rate Modification in accordance with this Condition 12.

Objections made other than through the applicable clearing system must be in writing and accompanied by evidence to the Note Trustee's satisfaction (having regard to prevailing market practices) of the relevant Noteholder's holding of the Master Issuer Notes.

Nothing in this paragraph (b) affects the rights of the Noteholders of Master Issuer Notes issued prior to 30 June 2021 in relation to amendments to the Funding Swaps.

Notwithstanding anything to the contrary in this Condition 12 or any Transaction Document, when implementing any Base Rate Modification pursuant to this Condition 12.5(b):

- (1) the Note Trustee shall not consider the interests of the Noteholders, any other Secured Creditor or any other person and shall act and rely solely, and without further enquiry or liability, on any certificate (including any Base Rate Modification Certificate) or evidence provided to it by the Master Issuer or the Master Issuer Cash Manager acting on behalf of the Master Issuer and shall not be liable to the Noteholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such Base Rate Modification is or may be materially prejudicial to the interests of any such person; and
- (2) the Note Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Note Trustee, would have the effect of (i) exposing the Note Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction and/or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Note Trustee in the Master Issuer Transaction Documents and/or these Conditions.

For the avoidance of doubt, the Master Issuer (or the Master Issuer Cash Manager, acting on behalf of the Master Issuer) may propose an Alternative Base Rate on more than one occasion provided that the conditions set out in this Condition 12.5(b) are satisfied.

Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes

Notwithstanding the provisions of Condition 5.2(b)(ii) (*Interest on Floating Rate Master Issuer Notes—Rate of interest—Screen rate determination for Floating Rate Master Issuer Notes*) and Condition 12.5(b) (*Modifications and Determinations by Note Trustee*), if the Designated Transaction Representative determines on or prior to the relevant Interest Determination Date that a Benchmark Transition Event has occurred with respect to SOFR, then the Note Trustee shall be obliged, without the consent or sanction of the Noteholders (including without the requirement to provide to noteholders an opportunity to object) or any confirmation from any Rating Agencies, to concur with the Designated Transaction Representative, and to direct the Master Issuer Security Trustee and the Security Trustee to concur with the Designated Transaction Representative, in making any modification (other than a Basic Terms Modification, provided that neither replacing the then-current Benchmark with the Benchmark Replacement nor any Benchmark Replacement Conforming Changes (each as defined below) shall constitute Basic Terms Modifications) of these Conditions or any of the Transaction Documents solely with respect to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to SOFR and issued on or after 30 June 2021 that the Designated Transaction Representative decides may be appropriate to give effect to the provisions set forth under this section titled "*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*" in relation only to all determinations of the rate of interest payable on any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to SOFR (and any related swap agreements) and issued on or after 30 June 2021:

Terms and Conditions of the Notes

- I. If the Designated Transaction Representative determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any determination of the Benchmark on any date applicable to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes in respect of such determination on such date and all determinations on all subsequent dates.
- II. In connection with the implementation of a Benchmark Replacement with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes, the Designated Transaction Representative will have the right to make Benchmark Replacement Conforming Changes with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes from time to time.
- III. Any determination, decision or election that may be made by the Designated Transaction Representative pursuant to this section titled "*Effect of Benchmark Transition Event SOFR linked Floating Rate Master Issuer Notes*", including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, in each case, solely with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes, will be conclusive and binding absent manifest error, may be made in the Designated Transaction Representative's sole discretion, and, notwithstanding anything to the contrary in the documentation relating to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes, shall become effective without consent, sanction or absence of objection from any other party (including Noteholders).
- IV. The following definitions shall apply to this section titled "*Effect of Benchmark Transition Event SOFR linked Floating Rate Master Issuer Notes*":

Benchmark means, initially, SOFR; provided that if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to SOFR, or the then-current Benchmark, then "Benchmark" means the applicable Benchmark Replacement.

Benchmark Replacement means the first alternative set forth in the order below that can be determined by the Designated Transaction Representative as of the Benchmark Replacement Date:

- (1) the sum of: (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark for the applicable Corresponding Tenor and (b) the Benchmark Replacement Adjustment;
- (2) the sum of: (a) the ISDA Fallback Rate and (b) the Benchmark Replacement Adjustment;
- (3) the sum of: (a) the alternate rate of interest that has been selected by the Designated Transaction Representative as the replacement for the then-current Benchmark for the applicable Corresponding Tenor giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes, at such time and (b) the Benchmark Replacement Adjustment.

Benchmark Replacement Adjustment means the first alternative set forth in the order below that can be determined by the Designated Transaction Representative as of the Benchmark Replacement Date:

- (1) the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected, endorsed or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;

Terms and Conditions of the Notes

- (2) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, then the ISDA Fallback Adjustment;
- (3) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Designated Transaction Representative giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes at such time.

Benchmark Replacement Conforming Changes means, with respect to any Benchmark Replacement, any technical, administrative or operational changes with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes (including changes to the definition of "Interest Period", timing and frequency of determining rates and making payments of interest, changes to the definition of "Corresponding Tenor" solely when such tenor is longer than the Interest Period and other administrative matters) and any related swap agreements that the Designated Transaction Representative decides may be appropriate to reflect the adoption of such Benchmark Replacement with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes in a manner substantially consistent with market practice (or, if the Designated Transaction Representative decides that adoption of any portion of such market practice is not administratively feasible or if the Designated Transaction Representative determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Designated Transaction Representative determines is reasonably necessary).

Benchmark Replacement Date means:

- (1) in the case of paragraph (1) or (2) of the definition of "Benchmark Transition Event," the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the relevant Benchmark permanently or indefinitely ceases to provide such Benchmark, or
- (2) in the case of paragraph (3) of the definition of "Benchmark Transition Event," the date of the public statement or publication of information;

provided, however, that on or after the 60th day preceding the date on which such Benchmark Replacement Date would otherwise occur (if applicable), the Designated Transaction Representative may give written notice to holders of any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes in which the Designated Transaction Representative designates an earlier date (but not earlier than the 30th day following such notice) and represents that such earlier date will facilitate an orderly transition of any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes to the Benchmark Replacement, in which case such earlier date shall be the Benchmark Replacement Date.

For the avoidance of doubt, if the event giving rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination.

Benchmark Transition Event means the occurrence of one or more of the following events with respect to the then-current Benchmark (including any daily published component used in the calculation thereof):

- (1) a public statement or publication of information by or on behalf of the administrator of the Benchmark announcing that the administrator has ceased or will cease to provide the Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark;

- (2) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark, the central bank for the currency of the Benchmark, an insolvency official with jurisdiction over the administrator for the Benchmark, a resolution authority with jurisdiction over the administrator for the Benchmark or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark has ceased or will cease to provide the Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark; or
- (3) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative.

Compounded SOFR means, for purposes of determining a replacement benchmark pursuant to this section titled “*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*”, the compounded average of SOFRs for the applicable Corresponding Tenor, with the rate, or methodology for this rate, and conventions for this rate (which, for example, may be compounded in arrears with a lookback and/or suspension period as a mechanism to determine the interest amount payable prior to the end of each Interest Period or compounded in advance) being established by the Designated Transaction Representative in accordance with:

- (1) the rate, or methodology for this rate, and conventions for this rate selected or recommended by the Relevant Governmental Body for determining compounded SOFR; provided that:
- (2) if, and to the extent that, the Designated Transaction Representative determines that Compounded SOFR cannot be determined in accordance with paragraph (1) above, then the rate, or methodology for this rate, and conventions for this rate that have been selected by the Designated Transaction Representative giving due consideration to any industry-accepted market practice for similar U.S. dollar denominated securitisation transactions at such time.

Corresponding Tenor with respect to a Benchmark Replacement means a tenor (including overnight) having approximately the same length (disregarding business day adjustment) as the applicable tenor for the then-current Benchmark.

Designated Transaction Representative means, with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes and a particular obligation to be performed in connection with the transition to a Benchmark Replacement, the Master Issuer (acting on the advice of the Master Issuer Cash Manager).

Federal Reserve Bank of New York’s Website means the website of the Federal Reserve Bank of New York at <http://www.newyorkfed.org>, or any successor source (for the avoidance of doubt, this website (and/or any successor source) and the contents thereof do not form part of this supplement).

Interpolated Benchmark with respect to the Benchmark, means the rate determined for the Corresponding Tenor by interpolating on a linear basis between: (1) the Benchmark for the longest period (for which the Benchmark is available) that is shorter than the Corresponding Tenor and (2) the Benchmark for the shortest period (for which the Benchmark is available) that is longer than the Corresponding Tenor.

ISDA Definitions means the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. or any successor thereto, as amended or supplemented from time to time, or any successor definitional booklet for interest rate derivatives published from time to time.

ISDA Fallback Adjustment means the spread adjustment, (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA Definitions to be determined upon the occurrence of an index cessation event with respect to the Benchmark for the applicable tenor.

ISDA Fallback Rate means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of an index cessation date with respect to the Benchmark for the applicable tenor excluding the applicable ISDA Fallback Adjustment.

Reference Time with respect to any determination of the Benchmark means (1) if the Benchmark is SOFR, 3:00 p.m. (London time) on the day that is two London business days preceding the date of such determination, and (2) if the Benchmark is not SOFR, the time determined by the Designated Transaction Representative in accordance with the Benchmark Replacement Conforming Changes.

Relevant Governmental Body means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto.

SOFR with respect to any day means the secured overnight financing rate published for such day by the Federal Reserve Bank of New York, as the administrator of the benchmark, (or a successor administrator) on the Federal Reserve Bank of New York's Website.

Term SOFR means the forward-looking term rate for the applicable Corresponding Tenor based on SOFR that has been selected or recommended by the Relevant Governmental Body.

Unadjusted Benchmark Replacement means the Benchmark Replacement excluding the applicable Benchmark Replacement Adjustment.

- V. To the extent that there is any inconsistency between the conditions set out in this section titled "*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*" and any other Condition, the statements in this section shall prevail with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes.
- VI. Nothing in this section titled "*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*" affects the rights of the Noteholders of Master Issuer Notes other than any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes.
- VII. Notwithstanding anything to the contrary in this section titled "*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*" or any Transaction Document, when implementing any replacement of the then-current Benchmark with the Benchmark Replacement or any Benchmark Replacement Conforming Changes pursuant to this section:
 - a. the Note Trustee shall not consider the interests of the Noteholders, any other Secured Creditor or any other person and shall act and rely solely, and without further enquiry or liability, on any certificate or evidence provided to it (including but not limited to any certificate which is required to be provided pursuant to the Trust Deed) by the Master Issuer or the Master Issuer Cash Manager acting on behalf of the Master Issuer and shall not be liable to the Noteholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such replacement of the then-current Benchmark with the Benchmark Replacement or any Benchmark Replacement Conforming Changes is or may be materially prejudicial to the interests of any such person; and

It is agreed and acknowledged that, notwithstanding the foregoing, a credit rating is an assessment of credit and does not address other matters that may be of relevance to the Noteholders. In being entitled to rely on the fact that the Rating Agencies have confirmed that the then current rating of the relevant series and/or class or classes of Master Issuer Notes would not be adversely affected, it is expressly agreed and acknowledged by the Note Trustee and the Master Issuer Security Trustee and specifically notified to the Noteholders (and to which they are bound by the Conditions) that the above does not impose or extend any actual or contingent liability for the Rating Agencies to the Note Trustee or the Master Issuer Security Trustee, the Noteholders or any other person or create any legal relations between the Rating Agencies and the Note Trustee, the Master Issuer Security Trustee, the Noteholders or any other person whether by way of contract or otherwise.

5. Interest

5.1 *Interest on Fixed Rate Master Issuer Notes*

Each Fixed Rate Master Issuer Note bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest payable, subject as provided in these Conditions, in arrear on the Interest Payment Date(s) in each year specified for such note up to (and including) the Final Maturity Date.

Except as provided in the applicable Final Terms, the amount of interest payable in respect of any Fixed Rate Master Issuer Note on each Interest Payment Date for a Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified for such note in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Conditions, **Fixed Interest Period** means the period from and including an Interest Payment Date (or the Interest Commencement Date) to but excluding the next (or the first) Interest Payment Date.

If interest is required to be calculated in respect of any Fixed Rate Master Issuer Note for a period other than a Fixed Interest Period, such interest shall be calculated by applying the Rate of Interest specified for such note in the applicable Final Terms to the Principal Amount Outstanding on such note, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Day Count Fraction means, in respect of the calculation of an amount of interest for any Fixed Rate Master Issuer Note in accordance with this **Condition 5.1**:

- (a) if "Actual/Actual (ICMA)" is specified for such note in the applicable Final Terms:
 - (i) in the case of Master Issuer Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date for such notes (or, if none, the Interest Commencement Date) to (but excluding) the relevant Interest Payment Date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (A) the number of days in such Determination Period and (B) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (ii) in the case of Master Issuer Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (I) the number of days in such Determination Period and (II) the number of Determination Dates that would occur in one calendar year; and
- (b) if "30/360" is specified for such note in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date for such note (or, if none, the Interest Commencement Date) to (but excluding) the relevant Interest Payment Date (such number of days being calculated on the basis of a year of 360 days with twelve 30-day months) divided by 360.

As used in these Conditions, **Determination Period** means each period from and including a Determination Date (as defined in the applicable Final Terms) to but excluding the next Determination Date (including where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

5.2 **Interest on Floating Rate Master Issuer Notes**

(a) *Interest payment dates*

Each Floating Rate Master Issuer Note bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date and such interest will be payable in arrear on the Interest Payment Date(s) in each year specified for such note. Such interest will be payable in respect of each Floating Interest Period.

As used in these Conditions, **Floating Interest Period** means the period from and including an Interest Payment Date (or the Interest Commencement Date) to but excluding the next (or the first) Interest Payment Date.

If a Business Day Convention is specified for a Floating Rate Master Issuer Note in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (i) the "Following Business Day Convention", the Interest Payment Date for such note shall be postponed to the next day which is a Business Day; or
- (ii) the "Modified Following Business Day Convention", the Interest Payment Date for such note shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (iii) the "Preceding Business Day Convention", the Interest Payment Date for such note shall be brought forward to the immediately preceding Business Day.

In these Conditions, **Business Day** means a day which is both:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and any Additional Business Centre specified in the applicable Final Terms; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than London and any Additional Business Centre) or (2) in relation to any sum payable in euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET) System (the **TARGET System**) is open.

(b) *Rate of interest*

The Rate of Interest payable from time to time in respect of a Floating Rate Master Issuer Note will be determined in the manner specified for such note in the applicable Final Terms.

- (i) **ISDA Determination for Floating Rate Master Issuer Notes**

Where "ISDA Determination" is specified for such note in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated for such note in

the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (i), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent Bank or other person specified in the applicable Final Terms under an interest rate swap transaction if the Agent Bank or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (A) the Floating Rate Option is as specified for such note in the applicable Final Terms;
- (B) the Designated Maturity is the period specified for such note in the applicable Final Terms; and
- (C) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on EURIBOR for a currency, the first day of that Interest Period, or (ii) in any other case, as specified for such note in the applicable Final Terms.

For the purposes of this subparagraph (i), **Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions.

- (ii) Screen rate determination for Floating Rate Master Issuer Notes

Other Reference Rates

Where **Screen Rate Determination** is specified as "Applicable" for a Floating Rate Master Issuer Note and the Reference Rate is specified as being EURIBOR in the applicable Final Terms, the following provisions shall apply and the Rate of Interest for each Interest Period will, subject as provided below, be the published rate for EURIBOR which appears on the Relevant Screen Page as at 11.00 a.m. Brussels time (or such other time as specified in the applicable Final Terms) on the Interest Determination Date in question plus or minus the Margin (if any) as determined by the Agent Bank.

If the Relevant Screen Page is not available or no published rate for EURIBOR appears, unless both an Index Cessation Event and an Index Cessation Event Effective Date have occurred, the Rate of Interest will be determined by the Agent Bank using the published rate for EURIBOR which appeared on the Relevant Screen Page as at 11.00 a.m. Brussels time (or such other time as specified in the applicable Final Terms) on the last preceding Business Day prior to the Interest Determination Date for which the Relevant Screen Page was available or in respect of which such published rate was available, plus or minus the Margin (if any).

If the Relevant Screen Page is not available or no published rate for EURIBOR appears at the Specified Time, and both an Index Cessation Event and an Index Cessation Effective Date have occurred, the Rate of Interest shall be determined by the Agent Bank as if references in these Conditions to "EURIBOR" were references to the rate (inclusive of any spread(s) or adjustment(s)) that was recommended as the replacement for EURIBOR by the European Central Bank (or any successor thereof) or any relevant committee or other body established, sponsored or approved by the European Central Bank (or any successor thereof), in each case for the purpose of recommending a replacement for such rate (and each such replacement rate having been notified in writing by the Master Issuer to the Agent Bank), provided that, if no such rate has been recommended before the end of the first Interest Determination Date following the date on which the relevant Index Cessation Event occurred, the Rate of Interest to be determined on such Interest Determination Date (and any other Interest Determination Date occurring prior to such recommendation having been made) shall be determined as the Rate of Interest as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

In this Condition:

Index Cessation Effective Date means the first date on which EURIBOR is no longer provided by the administrator of EURIBOR; and

(B) a public statement or publication of information by the regulatory supervisor for the administrator of EURIBOR, the central bank for the currency of euro, an insolvency official with jurisdiction over the administrator of EURIBOR, a resolution authority with jurisdiction over the administrator of EURIBOR or a court or an entity with similar insolvency or resolution authority over the administrator of EURIBOR, which states that the administrator of EURIBOR has ceased or will cease to provide EURIBOR permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide EURIBOR.

(c) *Minimum rate of interest and/or maximum rate of interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for a Floating Rate Master Issuer Note for any Interest Period, then, in the event that the Rate of Interest for such note in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such note for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for such note for any Interest Period, then, in the event that the Rate of Interest for such note in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such note for such Interest Period shall be such Maximum Rate of Interest.

(d) *Determination of rate of interest and calculation of interest amounts*

The Agent Bank will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period (provided that no provision of these Conditions or the Paying Agent and Agency Bank Agreement shall require an Agent to do anything which may be illegal or contrary to applicable law or regulation).

The Agent Bank will calculate the amount of interest payable on the Floating Rate Master Issuer Notes in respect of each Specified Denomination (each an **Interest Amount**) for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to the Principal Amount Outstanding of each Master Issuer Note, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Day Count Fraction means, in respect of the calculation of an amount of interest for a Floating Rate Master Issuer Note in accordance with this **Condition 5.2(d)** for any Interest Period:

- (ii) if **Actual/365 (Fixed)** is specified for such for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if **Actual/365 (Sterling)** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iv) if **Actual/360** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if **30/360**, **360/360** or **Bond Basis** is specified for such note in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with twelve 30-day months (unless (a) the last day of the Interest Period is the 31st day of a month but the first day of the Interest Period is a day other than the 30th or 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month, or (b) the last day of the Interest Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month)); and
- (vi) if **30E/360** or **Eurobond Basis** is specified for such note in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with twelve 30-day months, without regard to the date of the first day or last day of the Interest Period unless, in the case of the final Interest Period,

the Final Maturity Date is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month).

(e) *Notification of rate of interest and interest amounts*

The Agent Bank will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Note Trustee, the Master Issuer Security Trustee, the Master Issuer Cash Manager, the Paying Agents, the Registrar and to any stock exchange or other relevant competent authority or quotation system on which the relevant Floating Rate Master Issuer Notes are for the time being listed, quoted and/or traded or by which they have been admitted to listing and to be published in accordance with **Condition 12.10** as soon as possible after their determination but in no event later than the fourth Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. Any such amendment or alternative arrangements will be promptly notified to the Note Trustee and each stock exchange or other relevant authority on which the relevant Floating Rate Master Issuer Notes are for the time being listed or by which they have been admitted to listing and to the Noteholders in accordance with **Condition 12.10**.

(f) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this **Condition 5.2**, whether by the Agent Bank or the Calculation Agent (as defined in **Condition 5.2(b)(i)**) or the Note Trustee shall (in the absence of wilful default, bad faith or manifest error) be binding on the Master Issuer, the Master Issuer Cash Manager, the Principal Paying Agent, the Calculation Agent, the other Paying Agents, the Note Trustee and all Noteholders and (in the absence of wilful default or bad faith) no liability to the Master Issuer or the Noteholders shall attach to the Agent Bank or the Calculation Agent or the Note Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

5.3 **Accrual of interest**

Interest (if any) will cease to accrue on each Master Issuer Note (or in the case of the redemption of part only of a Master Issuer Note, that part only of such note) on the due date for redemption thereof unless, upon due presentation thereof, payment of principal is improperly withheld or refused in which event, interest will continue to accrue until the earlier of:

- (a) the date on which all amounts due in respect of such note have been paid; and
- (b) the seventh day after notice is duly given by the Principal Paying Agent or the U.S. Paying Agent (as the case may be) to the Holder thereof that such payment will be made, provided that subsequently, payment is in fact made.

5.4 **Deferred interest**

To the extent that, subject to and in accordance with the relevant Master Issuer Priority of Payments, the funds available to the Master Issuer to pay interest on any Series and Class (or Sub-Class) of Master Issuer Notes (other than the most senior Class (or Sub-Class) of Master Issuer Notes of any Series then outstanding) on an Interest Payment Date (after discharging the Master Issuer's liabilities of a higher priority) are insufficient to pay the full amount of such interest, payment of the shortfall attributable to such Series and Class (or Sub-Class) of Master Issuer Notes (**Deferred Interest**) will not then fall due but will instead be deferred until the first Interest Payment Date for such notes thereafter on which sufficient funds are available (after allowing for the Master Issuer's liabilities of a higher priority and subject to and in accordance with the relevant Master Issuer Priority of Payments) to fund the payment of such Deferred Interest to the extent of such available funds.

Such Deferred Interest will accrue interest (**Additional Interest**) at the rate of interest applicable from time to time to the applicable Series and Class (or Sub-Class) of Master Issuer Notes and payment of any Additional Interest will also be deferred until the first Interest Payment Date for such notes thereafter on which funds are available (after allowing for the Master Issuer's liabilities of a higher priority subject to and in

accordance with the relevant Master Issuer Priority of Payments) to the Master Issuer to pay such Additional Interest to the extent of such available funds.

Amounts of Deferred Interest and Additional Interest shall not be deferred beyond the Final Maturity Date of the applicable Series and Class (or Sub-Class) of Master Issuer Notes, when such amounts will become due and payable.

Payments of interest due on an Interest Payment Date in respect of the most senior Class of Master Issuer Notes of any Series then outstanding will not be deferred. In the event of the delivery of a Note Enforcement Notice (as described in **Condition 10**), the amount of interest in respect of such Master Issuer Notes that was due but not paid on such Interest Payment Date will itself bear interest at the applicable rate until both the unpaid interest and the interest on that interest are paid as provided in the Trust Deed.

5.5 Interest Where There is an Increase Amount of a Class Z Variable Funding Note

If, in the Floating Interest Period immediately preceding an Interest Payment Date, there has been a subscription of an Increase Amount in respect of a Class Z Variable Funding Note pursuant to **Condition 6.10** below, the Interest payable shall be determined as the sum of:

(a) the interest determined as being payable in respect of the Class Z Variable Funding Note as if the Principal Amount Outstanding were the Principal Amount Outstanding of the Class Z Variable Funding Note at the beginning of such Floating Interest Period; plus

(b) the interest determined as being payable in respect of each Increase Amount made in such Floating Interest Period calculated on the basis set out in **Condition 5.2** as if references in **Condition 5.2** to the Principal Amount Outstanding in respect of such Class Z Variable Funding Note were to the Increase Amount and the Floating Interest Period in respect of such Increase Amount commenced on the Increase Date. The Rate of Interest in respect of any Increase Amount made on an Increase Date which is not an Interest Payment Date shall be the same rate as that determined in respect of the Principal Amount Outstanding of the Class Z Variable Funding Note immediately prior to such Increase Date or such other rate as may be specified in the applicable Final Terms in respect of such Class Z Variable Funding Note.

In all other cases, the interest payable in respect of each Class Z Variable Funding Note shall be determined pursuant to **Condition 5.2** above.

6. Redemption, Purchase and Cancellation

6.1 Final Redemption

Unless previously redeemed in full as provided in this **Condition 6**, the Master Issuer shall redeem a Series and Class (or Sub-Class) of Master Issuer Notes at their then Principal Amount Outstanding together with all accrued interest on the Final Maturity Date in respect of such Series and Class (or Sub-Class) of Master Issuer Notes.

The Master Issuer may not redeem such notes in whole or in part prior to their Final Maturity Date except as provided in **Conditions 6.2, 6.4** or **6.5**, but without prejudice to **Condition 10**.

6.2 Mandatory Redemption

On each Interest Payment Date, other than an Interest Payment Date on which a Series and Class (or Sub-Class) of Master Issuer Notes are to be redeemed under **Condition 6.1 above**, and **Conditions 6.4** and **6.5 below** and the Master Issuer shall repay principal in respect of such notes in an amount equal to the amount (if any) repaid on such Interest Payment Date in respect of the related Term Advance, and pursuant to, the Master Intercompany Loan Agreement converted, where the Specified Currency for such notes is not sterling, into the Specified Currency at the Specified Currency Exchange Rate for such notes.

To the extent that there are insufficient funds available to the Master Issuer to repay the amount due to be paid on such Interest Payment Date the Master Issuer will be required to repay the shortfall, to the extent that it receives funds therefor (and subject to the terms of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement) on subsequent Interest Payment Dates in respect of such notes.

6.3 Note Principal Payments, Principal Amount Outstanding and Pool Factor

The principal amount redeemable (the **Note Principal Payment**) in respect of each Master Issuer Note of a particular Series and Class (or Sub-Class) on any Interest Payment Date under **Condition 6.2** shall be a proportion of the amount required as at that Interest Payment Date to be applied in redemption of such Series and Class (or Sub-Class) of Master Issuer Notes on such date equal to the proportion that the Principal Amount Outstanding of the relevant Master Issuer Note bears to the aggregate Principal Amount Outstanding of such Series and Class (or Sub-Class) of Master Issuer Notes rounded down to the nearest sub-unit of the Specified Currency; provided always that no such Note Principal Payment may exceed the Principal Amount Outstanding of the relevant Master Issuer Note.

On each Note Determination Date the Master Issuer shall determine (or cause the Agent Bank to determine) (a) the amount of any Note Principal Payment payable in respect of each Master Issuer Note of the relevant Series and Class (or Sub-Class) on the immediately following Interest Payment Date and (b) the Principal Amount Outstanding of each such note which shall be the Specified Denomination plus (in the case of each Class Z Variable Funding Note) the aggregate of all relevant Increase Amounts, less the aggregate amount of all Note Principal Payments in respect of such note that has been paid since the relevant Closing Date and on or prior to that Note Determination Date (the **Principal Amount Outstanding**) and (c) the fraction expressed as a decimal to the fifth decimal point (the **Pool Factor**), of which the numerator is the Principal Amount Outstanding of such note (as referred to in (b) above) and the denominator is the Specified Denomination. Each determination by or on behalf of the Master Issuer of Note Principal Payment of a Master Issuer Note, the Principal Amount Outstanding of a Master Issuer Note and the Pool Factor shall in each case (in the absence of wilful default, bad faith or manifest error) be final and binding on all persons.

The Master Issuer will cause each determination of the Note Principal Payment and the Principal Amount Outstanding and the Pool Factor in respect of a Series and Class (or Sub-Class) of Master Issuer Notes to be notified forthwith, and in any event not later than 1.00 p.m. (London time) on the Business Day immediately succeeding the Note Determination Date, to the Note Trustee, the Master Issuer Security Trustee, the Paying Agents, the Agent Bank, the Registrar and (for so long as such notes are listed on one or more stock exchanges) the relevant stock exchanges, and will cause notice of each determination of the Note Principal Payment and the Principal Amount Outstanding to be given to Noteholders in accordance with **Condition 12.10** by no later than the Business Day after the relevant Interest Payment Date.

6.4 Optional Redemption in Full

Provided a Note Enforcement Notice has not been served and subject to the provisos below, upon giving not more than 60 nor less than 30 days' prior notice to the Note Trustee, the Noteholders and the relevant Master Issuer Swap Provider(s) in accordance with **Condition 12.10**, the Master Issuer may redeem a Series and Class (or Sub-Class) of Master Issuer Notes at their aggregate Redemption Amount together with any accrued and unpaid interest in respect thereof on the following dates:

- (a) the date specified as the Step-Up Date for such notes in the applicable Final Terms and on any Interest Payment Date for such notes thereafter; or
- (b) on any Interest Payment Date on which the aggregate Principal Amount Outstanding of such notes and all other Classes of Master Issuer Notes of the same Series is less than 10 per cent. of the aggregate Principal Amount Outstanding of such Series of Master Issuer Notes as at the Closing Date on which such Series of Master Issuer Notes were issued,
- (c) the date specified as the Optional Redemption Date for such notes in the applicable Final Terms and on each Interest Payment Date for such notes thereafter,

PROVIDED THAT (in either of the cases above), on or prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that (i) it will have the funds, not subject to any interest of any other person, required to redeem such notes as aforesaid and any amounts required to be paid in priority to or *pari passu* with such notes outstanding in accordance with the terms and conditions of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement and (ii) the Repayment Tests will be satisfied following the making of such redemptions and the Note Trustee shall be entitled to accept such certificate as sufficient

evidence thereof (without liability and without further investigation) in which event it shall be conclusive and binding on the Noteholders and all other persons.

6.5 Optional Redemption for Tax and other Reasons

Provided a Note Enforcement Notice has not been served, if the Master Issuer at any time satisfies the Note Trustee in writing immediately prior to the giving of the notice referred to below that on the next Interest Payment Date either:

- (a) the Master Issuer would by virtue of a change in the law or regulations of the United Kingdom or any other jurisdiction (or the application or interpretation thereof) be required to deduct or withhold from any payment of principal or interest or any other amount under a Series and Class (or Sub-Class) of Master Issuer Notes any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature (other than where the relevant Holder or beneficial owner has some connection with the relevant jurisdiction other than the holding of the Master Issuer Notes); or
- (b) Funding would be required to deduct or withhold from amounts due in respect of the Term Advance under the Master Intercompany Loan Agreement which was funded by such notes any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature; and
- (c) in relation to either the events described in (a) and (b) above, such obligation of the Master Issuer or Funding (as the case may be) cannot be avoided by the Master Issuer or Funding (as the case may be) taking reasonable measures available to the Master Issuer or Funding (as the case may be),

then the Master Issuer shall use its reasonable endeavours to arrange the substitution of a company incorporated in another jurisdiction approved by the Note Trustee as principal debtor under such notes and/or as lender of such Term Advance as the case may be, upon the Note Trustee being satisfied that (1) such substitution will not be materially prejudicial to the interests of the Noteholders of any Series and Class, and (2) upon the Master Issuer Security Trustee being satisfied that (A) the position of the Master Issuer Secured Creditors will not thereby be adversely affected, and (B) such substitution would not require registration of any new security under United States securities laws or materially increase the disclosure requirements under United States law or the costs of issuance. Only if the Master Issuer is unable to arrange a substitution will the Master Issuer be entitled to redeem the Master Issuer Notes as described in this **Condition 6.5**.

Subject to the proviso below, if the Master Issuer is unable to arrange a substitution as described above and, as a result, one or more of the events described in (a) and (b) above (as the case may be) is continuing, then the Master Issuer may, having given not more than 60 nor less than 30 days' notice to the Note Trustee, the Noteholders and the relevant Master Issuer Swap Provider(s) in accordance with **Condition 12.10**, redeem all (but not some only) of such notes on the immediately succeeding Interest Payment Date for such notes at their aggregate Redemption Amount together with any accrued and unpaid interest in respect thereof provided that (in either case), prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee:

- (i) a certificate signed by two directors of the Master Issuer stating the circumstances referred to in (a) or (b) and (c) above prevail and setting out details of such circumstances; and
- (ii) an opinion in form and substance satisfactory to the Note Trustee of independent legal advisors of recognised standing to the effect that the Master Issuer and/or Funding has or will become obliged to deduct or withhold such amounts as a result of such change or amendment.

The Note Trustee shall be entitled to accept such certificate and opinion as sufficient evidence (without liability and without further investigation) of the satisfaction of the circumstance set out in (a) or (b) and (c) above, in which event they shall be conclusive and binding on the Noteholders. The Master Issuer may only redeem such notes as aforesaid, if on or prior to giving such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that it will

have the funds, not subject to any interest of any other person, required to redeem such notes as aforesaid and any amounts required to be paid in priority to or *pari passu* with such notes outstanding in accordance with the terms and conditions of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof in which event it shall be conclusive and binding on the Noteholders and all other persons.

In addition to the foregoing, if, at any time, the Master Issuer delivers a certificate to Funding, the Note Trustee and the Master Issuer Security Trustee to the effect that it would be unlawful for the Master Issuer to make, fund or allow to remain outstanding a Term Advance made by it under the Master Intercompany Loan Agreement and stating that the Master Issuer may require Funding to prepay the relevant Term Advance on an Interest Payment Date subject to and in accordance with the provisions of the Master Intercompany Loan Agreement to the extent necessary to cure such illegality and the Master Issuer may redeem all (but not some only) of the relevant Master Issuer Notes at their Redemption Amount together with any accrued interest upon giving not more than 60 days' nor less than 30 days' (or such shorter period as may be required under any relevant law) prior written notice to the Master Issuer Security Trustee, the Note Trustee, the relevant Master Issuer Swap Provider(s) and the Noteholders in accordance with **Condition 12.10** provided that, prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that it will have the funds, not subject to the interest of any other person, required to redeem the Master Issuer Notes as provided above and any amount to be paid in priority to or *pari passu* with the Master Issuer Notes and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof (without liability and without further investigation) in which event it shall be conclusive and binding on the Noteholders and all other persons. Such monies received by the Master Issuer shall be used to redeem the relevant Master Issuer Notes in full, together with any accrued and unpaid interest on the equivalent Interest Payment Date.

6.6 Redemption Amounts

For the purposes of this **Condition 6.6, Redemption Amount** means, in respect of any Series and Class (or Sub-Class) of Master Issuer Notes, the amount specified in relation to such notes in the applicable Final Terms or, if not so specified:

- (a) in respect of each Master Issuer Note (other than a Zero Coupon Master Issuer Note), the Principal Amount Outstanding of such note; and
- (b) in respect of each Zero Coupon Master Issuer Note, an amount (the **Amortised Face Amount**) calculated in accordance with the following formula:

$$\text{Redemption Amount} = \text{RP} \times (1 + \text{AY}) \times y$$

where:

RP = the Reference Price;

AY = the Accrual Yield expressed as a decimal; and

y = a fraction, the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the first Closing Date of the applicable Series and Class (or Sub-Class) of Master Issuer Notes to (but excluding) the date fixed for redemption or, as the case may be, the date upon which such note becomes due and payable and the denominator of which is 360.

If the amount payable in respect of any Zero Coupon Master Issuer Note upon redemption of such Zero Coupon Master Issuer Note pursuant to Condition 6.1, 6.2, 6.4 or 6.5 or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such note shall be the amount calculated as provided in this paragraph as though the reference therein to the date fixed for the redemption or, as the case may be, the date upon which such note becomes due and payable were replaced by reference to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such note have been paid; and

- (ii) the date on which the full amount of the monies payable in respect of such note has been received by the Principal Paying Agent or the Note Trustee or the Registrar and notice to that effect has been given to the Noteholders in accordance with **Condition 12.9**.

6.7 Money Market Note Mandatory Transfer

- (a) If remarketing arrangements are specified as applicable in the relevant Final Terms in relation to a Series and Class (or Sub-Class) of Money Market Notes, such Money Market Notes shall, subject to paragraph (c) below, be transferred in accordance with paragraph (b) below on each Transfer Date prior to the occurrence of a Mandatory Transfer Termination Event, as confirmed by the Remarketing Bank providing a Conditional Purchase Confirmation to the Master Issuer and the Principal Paying Agent, in exchange for payment of the Transfer Price and the Master Issuer and the Principal Paying Agent will procure payment of the Transfer Price to the Noteholders of the Money Market Notes on the relevant Transfer Date.
- (b) Subject to paragraphs (a) above and (c) below, all the interests of the Noteholders of the Money Market Notes in the Money Market Notes shall be transferred on the relevant Transfer Date to the account of the Remarketing Bank on behalf of the relevant purchasers or as otherwise notified by or on behalf of the Remarketing Bank prior to such date or if Money Market Notes in definitive form are then issued, the Money Market Notes will be registered in the name of the Remarketing Bank or as otherwise notified by or on behalf of the Remarketing Bank by the Registrar and the Register will be amended accordingly with effect from the relevant Transfer Date.
- (c) Any Noteholder of a Money Market Note may exercise his right to retain such Money Market Note through the facilities of DTC at any time prior to the commencement of the Remarketing Period that ends immediately before the relevant Transfer Date.

6.8 Optional Purchase

- (a) If specified in the relevant Final Terms, Santander UK has the right (the **Purchase Option**), by delivering a notice to the relevant Noteholders, the Registrar and the Note Trustee pursuant to the Santander UK Optional Purchase Agreement, to require the relevant Noteholders, subject to and in accordance with any applicable conditions specified in the relevant Final Terms, to sell to Santander UK or otherwise allow Santander UK to be substituted as the Holder of all, but not some only, of the Class B Notes and/or the Class M Notes and/or the Class C Notes and/or the Class Z Notes as so specified (collectively the **Called Notes**) on any Interest Payment Date (prior to the date specified in the Final Terms (the **Final Purchase Date**) or such later date as may be permitted by the FCA) falling on or after the Interest Payment Date (the **Initial Purchase Date**) specified in the applicable Final Terms (if any) for a price equal to the aggregate redemption amount of any of the Called Notes, together with any accrued and unpaid interest on the Called Notes and, on the date therefor specified in the notice (being an Interest Payment Date falling on or after the Initial Purchase Date), the Registrar shall effect the transfer to Santander UK of such Called Notes by entering such transfer in the Register.
- (b) Immediately after such transfer or substitution of Santander UK as the Holder of the Called Notes, each former Holder of the Called Notes shall cease to have any interest in the Called Notes.
- (c) The Called Notes transferred to Santander UK pursuant to the Purchase Option shall, subject as provided in the Transaction Documents, remain outstanding until the date on which they would otherwise be redeemed or cancelled in accordance with their terms and conditions.
- (d) By subscribing to or purchasing the Called Notes, each Holder of the Called Notes (i) is deemed to have notice of and be bound by the provisions of the Santander UK Optional Purchase Agreement and (ii) directs, authorises and requests the Note Trustee to enter into the Santander UK Optional Purchase Agreement. Each Holder of Called Notes also irrevocably authorises and instructs the Master Issuer, the Registrar, DTC, Euroclear or, as the case may be, Clearstream, Luxembourg to effect the transfer of its Called Notes on the relevant Interest Payment Date to Santander UK, in accordance with the relevant Final Terms and the rules for the time being of DTC, Euroclear or, as the case may be, Clearstream, Luxembourg.

6.9 Optional Redemption in Part

Provided a Note Acceleration Notice has not been served and subject to the provisos below, upon giving not more than 30 nor less than 15 days' prior notice to the Note Trustee and the Noteholders in accordance with **Condition 12.10**, the Master Issuer may redeem a Series and Class of Notes in the Instalment Amounts specified in the applicable Final Terms, together with any accrued and unpaid interest in respect thereof, on the date specified as the Optional Partial Redemption Date in respect of such Instalment Amount for such Master Issuer Notes in the applicable Final Terms and on any Interest Payment Date for such Master Issuer Notes thereafter, PROVIDED THAT on or prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that (i) it will have the funds, not subject to any interest of any other person, required to redeem such Master Issuer Notes as aforesaid and any amounts required to be paid in priority to or pari passu with such Master Issuer Notes in accordance with the terms and conditions of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement, and (ii) the Repayment Tests will be satisfied following the making of such redemptions, and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof, without further enquiry or investigation and without liability to any person in which event it shall be conclusive and binding on the Noteholders and all other persons. Such optional redemption will be reflected in the records of Euroclear and Clearstream, Luxembourg as either a Pool Factor or a reduction in nominal amount, at their discretion.

6.10 Increase in a Class Z Variable Funding Note

A Class Z Variable Funding Noteholder may on any date (each an **Increase Date**) increase the Principal Amount Outstanding of a Class Z Variable Funding Note and cause a corresponding increase in the Specified Denomination of such Class Z Variable Funding Note, provided that such increase shall not cause the Seller Share to be reduced below the Minimum Seller Share, by:

- (a) delivering to the Master Issuer, the Registrar and the Master Issuer Cash Manager a written notice (with a copy to the Note Trustee) indicating:
 - (i) the amount of the increase (the **Increase Amount**);

The Master Issuer undertakes to lend the proceeds of the Increase Amount to Funding by way of an increase in the size of the relevant NR VFN Term Advance.

7. Payments

7.1 Presentation of Master Issuer Notes

Payments of principal shall be made by cheque in the Specified Currency, drawn on a Designated Bank, or upon application by a Holder of the relevant Master Issuer Note to the Specified Office of the Principal Paying Agent not later than the fifth Business Day before the Record Date (as defined in **Condition 7.7**), by transfer to a Designated Account maintained by the payee with a Designated Bank and (in the case of final redemption) upon surrender of the relevant Master Issuer Note at the Specified Office of any Paying Agent.

7.2 *Laws and Regulations*

Noteholders will not be charged commissions or expenses on payments.

7.3 *Payment of Interest following a failure to pay Principal*

If payment of principal is improperly withheld or refused on or in respect of any Master Issuer Note or part thereof, the interest which continues to accrue in respect of such Master Issuer Note in accordance with **Condition 5** will be paid in accordance with this **Condition 7**.

7.4 *Change of Paying Agents*

The initial Principal Paying Agent, the Registrar, the Transfer Agent and the Paying Agents are listed in these Conditions. The Master Issuer reserves the right, subject to the prior written approval of the Note Trustee, at any time to vary or terminate the appointment of the Principal Paying Agent, the Registrar, the Transfer Agent and the U.S. Paying Agent and to appoint additional or other Paying Agents. The Master Issuer will at all times maintain a Paying Agent with a Specified Office in London and a U.S. Paying Agent with a Specified Office in New York and a Registrar. Except where otherwise provided in the Trust Deed, the Master Issuer will cause at least 30 days' notice of any change in or addition to the Paying Agents, the Transfer Agent or the Registrar or their Specified Offices to be given in accordance with **Condition 12.10** and will notify the Rating Agencies of such change or addition.

7.5 *No payment on non-Business Day*

Where payment is to be made by transfer to a Designated Account, payment instructions (for value the due date or, if the due date is not a Business Day, for value the next succeeding Business Day) will be initiated and, where payment is to be made by cheque, the cheque will be mailed (a) (in the case of payments of principal and interest payable on redemption) on the later of the due date for payment and the day on which the relevant Master Issuer Note is surrendered (or, in the case of part payment only, endorsed) at the Specified Office of a Paying Agent and (b) (in the case of payments of interest payable other than on redemption) on the due date for payment. A Holder of a Master Issuer Note shall not be entitled to any interest or other payment in respect of any delay in payment resulting from (i) the due date for a payment not being a Business Day or (ii) a cheque mailed in accordance with this **Condition 7.5** arriving after the due date for payment or being lost in the mail.

7.6 *Partial Payment*

If a Paying Agent makes a partial payment in respect of any Master Issuer Note, the Master Issuer shall procure and the Registrar will ensure that the amount and date of such payment are noted on the Register and, in the case of partial payment upon presentation of a Master Issuer Note, that a statement indicating the amount and date of such payment is endorsed on the relevant Master Issuer Note.

7.7 *Record Date*

Each payment in respect of a Master Issuer Note will be made to the persons shown as the Holder in the Register (i) where the Master Issuer Note is in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, (ii) where the Master Issuer Note is in definitive form, at the opening of business in the place of the Registrar's Specified Office on the fifteenth day before the due date for such payment (the **Record Date**).

7.8 *Payment of Interest*

Subject as provided otherwise in these Conditions, if interest is not paid in respect of a Master Issuer Note of any Class on the date when due and payable (other than because the due date is not a Business Day) or by reason of non-compliance with **Condition 7.1**, then such unpaid interest shall itself bear interest at the Rate of Interest applicable from time to time to such note until such interest and interest thereon are available for payment and notice thereof has been duly given in accordance with **Condition 12.10**.

8. *Prescription*

Claims against the Master Issuer for payment of interest and principal on redemption shall be prescribed and become void if the relevant Master Issuer Notes are not surrendered for payment within a period of 10 years from the relevant date in respect thereof. After the date on which a payment under a Master Issuer Note becomes void in its entirety, no claim may be made in respect thereof. In this **Condition 8**, the **relevant date**, in respect of a payment under a Master Issuer Note, is the date on which the payment in respect thereof first becomes due or (if the full amount of the monies payable in respect of those payments under all the Master Issuer Notes due on or before that date has not been duly received by the Principal Paying Agent or the Note Trustee on or prior to such date) the date on which, the full amount of such monies having been so received, notice to that effect is duly given to Noteholders in accordance with **Condition 12.10**.

9. *Taxation*

All payments in respect of the Master Issuer Notes will be made without withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature unless the Master Issuer or any relevant Paying Agent is required by applicable law to make any payment in respect of the Master Issuer Notes subject to any such withholding or deduction. In that event, the Master Issuer or such Paying Agent shall make such payment after such withholding or deduction has been made and shall account to the relevant authorities for the amount so required to be withheld or deducted. No Paying Agent nor the Master Issuer will be obliged to make any additional payments to Noteholders in respect of such withholding or deduction.

10. *Events of Default*

10.1 *Class A Noteholders*

The Note Trustee in its absolute discretion may, and if so requested in writing by the Holders of not less than 25 per cent. in aggregate Principal Amount Outstanding of the Class A Notes then outstanding (which for this purpose and the purpose of any Extraordinary Resolution referred to in this **Condition 10.1** means the Class A Notes of all Series constituted by the Trust Deed) or if so directed by or pursuant to an Extraordinary Resolution passed at a meeting of the Holders of the Class A Notes shall (subject, in each case, to being indemnified and/or secured and/or prefunded to its satisfaction) give notice (a **Class A Note Enforcement Notice**) to the Master Issuer, the Master Issuer Security Trustee and the Security Trustee of a Note Event of Default (as defined below) declaring (in writing) the Class A Notes and all other Master Issuer Notes to be due and repayable (and they shall forthwith become due and repayable) at any time after the happening of any of the following events (each a **Note Event of Default**) which is continuing or unwaived:

- (a) default being made for a period of three Business Days in the payment of any amount of principal of the Class A Notes of any Series when and as the same ought to be paid in accordance with these Conditions or default being made for a period of three Business Days in the payment of any amount of interest on the Class A Notes of any Series when and as the same ought to be paid in accordance with these Conditions; or
- (b) the Master Issuer failing duly to perform or observe any other obligation binding upon it under the Class A Notes of any Series, the Trust Deed, the Master Issuer Deed of Charge or any other Master Issuer Transaction Document and, in any such case (except where the Note Trustee certifies that, in its opinion, such failure is incapable of remedy, in which case no notice will be required), such failure is continuing unremedied for a period of 20 days following the service by the Note Trustee on the Master Issuer of notice requiring the same

to be remedied and the Note Trustee has certified that the failure to perform or observe is materially prejudicial to the interests of the Holders of the Class A Notes of such Series; or

- (c) the Master Issuer, otherwise than for the purposes of such amalgamation or reconstruction as is referred to in subparagraph (d) below, ceases or threatens to cease to carry on its business or a substantial part of its business or the Master Issuer is deemed unable to pay its debts within the meaning of Section 123(1)(a), (b), (c) or (d) of the Insolvency Act 1986 (as that section may be amended, modified or re-enacted) or becomes unable to pay its debts as they fall due or the value of its assets falls to less than the amount of its liabilities (taking into account for both these purposes its contingent and prospective liabilities) or otherwise becomes insolvent; or
- (d) an order being made or an effective resolution being passed for the winding-up of the Master Issuer except a winding-up for the purposes of or pursuant to an amalgamation, restructuring or merger the terms of which have previously been approved by the Note Trustee in writing or by an Extraordinary Resolution of the Holders of the Class A Notes; or
- (e) proceedings being otherwise initiated against the Master Issuer under any applicable liquidation, insolvency, composition, reorganisation or other similar laws (including, but not limited to, presentation for a petition for an administration order, the filing of documents with the court for an administration or the service of a notice of intention to appoint an administrator) and (except in the case of presentation of a petition for an administration order) such proceedings are not, in the sole opinion of the Note Trustee, being disputed in good faith with a reasonable prospect of success, or an administration order being granted or the appointment of an administrator takes effect or an administrative receiver or other receiver, liquidator or other similar official being appointed in relation to the Master Issuer or in relation to the whole or any substantial part of the undertaking or assets of the Master Issuer, or an encumbrancer taking possession of the whole or any substantial part of the undertaking or assets of the Master Issuer, or a distress, execution, diligence or other process being levied or enforced upon or sued out against the whole or any substantial part of the undertaking or assets of the Master Issuer and such possession or process (as the case may be) not being discharged or not otherwise ceasing to apply within 30 days, or the Master Issuer initiating or consenting to the foregoing proceedings relating to itself under applicable liquidation, insolvency, composition, reorganisation or other similar laws or making a conveyance or assignment for the benefit of its creditors generally or a composition or similar arrangement with the creditors or takes steps with a view to obtaining a moratorium in respect of any of its indebtedness, including without limitation, the filing of documents with the court; or
- (f) if a Master Intercompany Loan Enforcement Notice is served under the Master Intercompany Loan Agreement, while the Class A Notes of any Series are outstanding.

10.2 **Class B Noteholders**

This **Condition 10.2** shall have no effect if, and for as long as, any Class A Notes of any Series are outstanding. The Note Trustee may, at its discretion and without notice at any time and from time to time, take such steps or actions and institute such proceedings against the Master Issuer or any other person as it may think fit to enforce the provisions of the Master Issuer Notes, the Trust Deed (including these Conditions) or any of the other Master Issuer Transaction Documents to which it is a party and the Note Trustee may, at its discretion without notice, at any time after the Master Issuer Security has become enforceable (including after the service of a Note Enforcement Notice in accordance with **Condition 10**), instruct the Master Issuer Security Trustee to take such steps as it may think fit to enforce the Master Issuer Security. The Note Trustee shall not be bound to take such steps or institute such proceedings or give such instructions unless:

- (a) (subject in all cases to restrictions contained in the Trust Deed to protect the interests of any higher ranking Class of Noteholders) it shall have been so directed by an Extraordinary Resolution of the Class A Noteholders, the Class B Noteholders, the Class M Noteholders, the Class C Noteholders and the Class Z Noteholders (which for this purpose means the Holders of all Series of the Class A Notes, the Class B Notes, the Class M Notes, the Class C Notes or the Class Z Notes (as applicable)) or so requested in writing by the Holders of at least 25 per cent. in aggregate Principal Amount Outstanding of the Class A Notes, the Class B Notes, the Class M Notes, the Class C Notes and the Class Z Notes (as applicable) of all Series then outstanding; and

- there is no Master Issuer Security remaining which is capable of being realised or otherwise converted into cash;
- all amounts available from the Master Issuer Security have been applied to meet or provide for the relevant obligations specified in, and in accordance with, the provisions of the Master Issuer Deed of Charge; and

- (b) No Extraordinary Resolution of the Noteholders of any one or more Series of Class B Notes to sanction a modification of, or any waiver or authorisation of any breach or proposed breach of, any of the provisions of the Master Issuer Transaction Documents or the Conditions of the Master Issuer Notes shall take effect unless it has been sanctioned by an Extraordinary Resolution of the Class M Noteholders, an Extraordinary Resolution of the Class C Noteholders and an Extraordinary Resolution of the Class Z Noteholders, in each case of each Series, or the Note Trustee is of the opinion that it would not be materially prejudicial to the respective interests of the Class M Noteholders, the Class C Noteholders and the Class Z Noteholders of any Series.
- (c) No Extraordinary Resolution of the Noteholders of any one or more Series of Class M Notes to sanction a modification of, or any waiver or authorisation of any breach or proposed breach of, any of the provisions of the Master Issuer Transaction Documents or the Conditions of the Master Issuer Notes shall take effect unless it has been sanctioned by an Extraordinary Resolution of the Class C Noteholders and an Extraordinary Resolution of the Class Z Noteholders, in each case of each Series, or the Note Trustee is of the opinion that it would not be materially prejudicial to the respective interests of the Class C Noteholders and the Class Z Noteholders of any Series.
- (d) No Extraordinary Resolution of the Noteholders of any one or more Series of Class C Notes to sanction a modification of, or any waiver or authorisation of any breach or proposed breach of, any of the provisions of the Master Issuer Transaction Documents or the Conditions of the Master Issuer Notes shall take effect unless it has been sanctioned by an Extraordinary Resolution of the Class Z Noteholders of each Series, or the Note Trustee is of the opinion that it would not be materially prejudicial to the respective interests of the Class Z Noteholders of any Series.

12.5 **Modifications and Determinations by Note Trustee**

- (a) Subject as provided in the Trust Deed, the Note Trustee may, without the consent of the Noteholders:
 - (i) agree to any modification (other than a Basic Terms Modification) of, or to the waiver or authorisation of any breach or proposed breach of, these Conditions of any Series and Class (or Sub-Class) of Master Issuer Notes or any of the Master Issuer Transaction Documents, which is not, in the opinion of the Note Trustee, materially prejudicial to the interests of the Noteholders of any Class of any Series of Master Issuer Notes or materially prejudicial to the interests of any of the Master Issuer Swap Providers; or
 - (ii) determine that any Note Event of Default shall not be treated as such provided that it is not in the opinion of the Note Trustee materially prejudicial to the interest of the Holders of the most senior Class of any Series of Master Issuer Notes then outstanding; or
 - (iii) agree to any modification (including a Basic Terms Modification) of these Conditions or any of the Master Issuer Transaction Documents which, in the opinion of the Note Trustee, is of a formal, minor or technical nature or is to correct a manifest error or an error established as such to the satisfaction of the Note Trustee or is to comply with the mandatory provisions of law; or
 - (iv) agree to any modification of any of these Conditions or any Master Issuer Transaction Documents as expressly provided for in the Master Issuer Transaction Documents;
- (b) Subject as provided in the Trust Deed, the Note Trustee shall be obliged, without the consent or sanction of the Noteholders, to concur with the Master Issuer, and to direct the Master Issuer Security Trustee and the Security Trustee to concur with the Master Issuer, in making any modification (other than a Basic Terms Modification, provided that a Base Rate Modification (as defined below) shall not constitute a Basic Terms Modification) of these Conditions or any of the Transaction Documents that the Master Issuer (acting on the advice of the Master Issuer Cash Manager) considers necessary for the purpose of changing the base rate (the **Applicable Base Rate**) that then applies in respect of the Floating Rate Master Issuer Notes, the Master Issuer Swap Agreements, the Master Issuer Term Advances, in each case, in relation only to Master Issuer Notes issued on or after 24 May 2022 and/or the Funding Swaps (such replacement rate, an **Alternative Base Rate**) and making, such other related or consequential amendments as are necessary or

advisable in the reasonable judgment of the Master Issuer and/or Funding (in each case, acting on the advice of the Master Issuer Cash Manager) to facilitate such change (a **Base Rate Modification**), provided that, in relation to any such Base Rate Modification:

- (i) the Master Issuer (or the Master Issuer Cash Manager, acting on behalf of the Master Issuer) certifies to the Note Trustee in writing (such certificate, a **Base Rate Modification Certificate**) that such Base Rate Modification is being undertaken due to:
 - (A) a material disruption to the Applicable Base Rate or any other relevant interest rate benchmark, an adverse change in the methodology of calculating such interest rate benchmark or such interest rate benchmark ceasing to exist or be published;
 - (B) the insolvency or cessation of business of the administrator of the Applicable Base Rate or any other relevant interest rate benchmark (in circumstances where no successor administrator has been appointed);
 - (C) a public statement by the administrator of the Applicable Base Rate or any other relevant interest rate benchmark that it has or will cease publishing the relevant interest rate benchmark permanently or indefinitely (in circumstances where no successor administrator has been appointed) or has or will change such interest rate benchmark in an adverse manner;
 - (D) a public statement by the supervisor of the administrator of the Applicable Base Rate or any other relevant interest rate benchmark or the central bank for the currency of the relevant Applicable Base Rate or any other relevant interest rate benchmark that the relevant interest rate benchmark has been or will be permanently or indefinitely discontinued or will be changed in an adverse manner;
 - (E) a public statement by the supervisor of the administrator of the Applicable Base Rate or any other relevant interest rate benchmark or the central bank for the currency of the relevant Applicable Base Rate or any other relevant interest rate benchmark that means the relevant interest rate benchmark may no longer be used or that its use is or will be subject to restrictions or adverse consequences;
 - (F) a public announcement of the permanent or indefinite discontinuation of the relevant screen rate or base rate that applies to the Floating Rate Master Issuer Notes at such time;
 - (G) it becoming unlawful for any Paying Agent, the Agent Bank, any calculation agent, the Master Issuer or the Master Issuer Cash Manager to calculate any payments due to be made to any Noteholder or any party to the Transaction Documents using the Applicable Base Rate; or
 - (H) the reasonable expectation of the Master Issuer (or the Master Issuer Cash Manager, acting on behalf of the Master Issuer) that any of the events specified in paragraphs (A) to (G) above will occur or exist within six months of the proposed effective date of such Base Rate Modification;
- (ii) such Alternative Base Rate is either:
 - (A) a base rate published, endorsed, approved or recognised by the Federal Reserve, the Bank of England or the European Central Bank, any regulator in the United States, the United Kingdom or the European Union (as the case may be) or any stock exchange on which the Master Issuer Notes are listed (or any relevant committee or other body established, sponsored or approved by any of the foregoing); or
 - (B) a base rate that has replaced the Applicable Base Rate or any other relevant interest rate benchmark in customary market usage in the international debt capital markets for the purposes of determining floating rates of interest (or the relevant

component part thereof) denominated in the Specified Currency in respect of notes, bonds or securities and with an interest period of a comparable duration to the relevant Interest Periods or if the Master Issuer (acting in good faith and in a commercially reasonable manner) determines that there is no such rate, such other rate as the Master Issuer (acting in a good faith and in a commercially reasonable manner) determines in its sole discretion is most comparable to the relevant Applicable Base Rate or any other relevant interest rate benchmark;

- (iii) each of the Rating Agencies confirms in writing to the Master Issuer (copied to the Note Trustee) that the then current ratings of any Rated Notes will not be downgraded, withdrawn or qualified as a result of such Base Rate Modification (it being acknowledged that none of the Rating Agencies has any obligation to provide such confirmation at any time and that the confirmation of one of the Rating Agencies may be sufficient for that purpose; provided that (i) a written request for confirmation or response has been delivered to each Rating Agency by or on behalf of the Master Issuer (copied to the Note Trustee) and (ii) one or more Rating Agencies either (x) indicates it does not consider such confirmation or response necessary, or (y) provides no confirmation or response within a reasonable timeframe)); and
- (iv) the Seller or the Master Issuer pays all fees, costs and expenses (including legal fees) properly incurred by the Master Issuer, the Note Trustee and or any other Transaction Party in connection with such Base Rate Modification,

provided that:

- (x) at least 35 calendar days' prior written notice of any such proposed Base Rate Modification has been given to the Note Trustee;
- (y) the Base Rate Modification Certificate in relation to such Base Rate Modification shall be provided to the Note Trustee both at the time the Note Trustee is notified of the proposed Base Rate Modification and on the date that such Base Rate Modification takes effect; and
- (z) the Master Issuer Cash Manager, acting on behalf of the Master Issuer, certifies in writing to the Note Trustee (which certification may be in the Base Rate Modification Certificate) that the Master Issuer has provided at least 30 calendar days' notice to the Noteholders of the proposed Base Rate Modification in accordance with Condition 12.10 (Notice to Noteholders) and Noteholders representing at least 10 per cent. of the Aggregate Principal Amount Outstanding of the most senior Class of Floating Rate Master Issuer Notes then outstanding have not contacted the Master Issuer or the Principal Paying Agent (acting on behalf of the Master Issuer) in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Floating Rate Master Issuer Notes may be held) within such notification period notifying the Master Issuer or the Principal Paying Agent (acting on behalf of the Master Issuer) that such Noteholders do not consent to the Base Rate Modification.

If Noteholders representing at least 10 per cent. of the Aggregate Principal Amount Outstanding of the most senior Class of Floating Rate Master Issuer Notes then outstanding have notified the Master Issuer or the Principal Paying Agent (acting on behalf of the Master Issuer) in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Floating Rate Master Issuer Notes may be held) within the notification period referred to above that they do not consent to the Base Rate Modification, then such Base Rate Modification will not be made unless an Extraordinary Resolution of the Noteholders of the most senior Class of Floating Rate Master Issuer Notes then outstanding is passed in favour of such Base Rate Modification in accordance with this Condition 12.

Objections made other than through the applicable clearing system must be in writing and accompanied by evidence to the Note Trustee's satisfaction (having regard to prevailing market practices) of the relevant Noteholder's holding of the Master Issuer Notes.

Nothing in this paragraph (b) affects the rights of the Noteholders of Master Issuer Notes issued prior to 24 May 2022 in relation to amendments to the Funding Swaps.

Notwithstanding anything to the contrary in this Condition 12 or any Transaction Document, when implementing any Base Rate Modification pursuant to this Condition 12.5(b):

- (1) the Note Trustee shall not consider the interests of the Noteholders, any other Secured Creditor or any other person and shall act and rely solely, and without further enquiry or liability, on any certificate (including any Base Rate Modification Certificate) or evidence provided to it by the Master Issuer or the Master Issuer Cash Manager acting on behalf of the Master Issuer and shall not be liable to the Noteholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such Base Rate Modification is or may be materially prejudicial to the interests of any such person; and
- (2) the Note Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Note Trustee, would have the effect of (i) exposing the Note Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction and/or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Note Trustee in the Master Issuer Transaction Documents and/or these Conditions.

For the avoidance of doubt, the Master Issuer (or the Master Issuer Cash Manager, acting on behalf of the Master Issuer) may propose an Alternative Base Rate on more than one occasion provided that the conditions set out in this Condition 12.5(b) are satisfied.

Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes

Notwithstanding the provisions of Condition 5.2(b)(ii) (*Interest on Floating Rate Master Issuer Notes—Rate of interest—Screen rate determination for Floating Rate Master Issuer Notes*) and Condition 12.5(b) (*Modifications and Determinations by Note Trustee*), if the Designated Transaction Representative determines on or prior to the relevant Interest Determination Date that a Benchmark Transition Event has occurred with respect to SOFR, then the Note Trustee shall be obliged, without the consent or sanction of the Noteholders (including without the requirement to provide to noteholders an opportunity to object) or any confirmation from any Rating Agencies, to concur with the Designated Transaction Representative, and to direct the Master Issuer Security Trustee and the Security Trustee to concur with the Designated Transaction Representative, in making any modification (other than a Basic Terms Modification, provided that neither replacing the then-current Benchmark with the Benchmark Replacement nor any Benchmark Replacement Conforming Changes (each as defined below) shall constitute Basic Terms Modifications) of these Conditions or any of the Transaction Documents solely with respect to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to SOFR and issued on or after 24 May 2022 that the Designated Transaction Representative decides may be appropriate to give effect to the provisions set forth under this section titled “*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*” in relation only to all determinations of the rate of interest payable on any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to SOFR (and any related swap agreements) and issued on or after 24 May 2022:

- I. If the Designated Transaction Representative determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any determination of the Benchmark on any date applicable to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes in respect of such determination on such date and all determinations on all subsequent dates.
- II. In connection with the implementation of a Benchmark Replacement with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes, the Designated Transaction Representative will have the right to make Benchmark Replacement Conforming Changes with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes from time to time.

- III. Any determination, decision or election that may be made by the Designated Transaction Representative pursuant to this section titled “*Effect of Benchmark Transition Event SOFR linked Floating Rate Master Issuer Notes*”, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, in each case, solely with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes, will be conclusive and binding absent manifest error, may be made in the Designated Transaction Representative’s sole discretion, and, notwithstanding anything to the contrary in the documentation relating to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes, shall become effective without consent, sanction or absence of objection from any other party (including Noteholders).
- IV. The following definitions shall apply to this section titled “*Effect of Benchmark Transition Event SOFR linked Floating Rate Master Issuer Notes*”:

Benchmark means, initially, SOFR; provided that if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to SOFR, or the then-current Benchmark, then “Benchmark” means the applicable Benchmark Replacement.

Benchmark Replacement means the first alternative set forth in the order below that can be determined by the Designated Transaction Representative as of the Benchmark Replacement Date:

- (1) the sum of: (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark for the applicable Corresponding Tenor and (b) the Benchmark Replacement Adjustment;
- (2) the sum of: (a) the ISDA Fallback Rate and (b) the Benchmark Replacement Adjustment;
- (3) the sum of: (a) the alternate rate of interest that has been selected by the Designated Transaction Representative as the replacement for the then-current Benchmark for the applicable Corresponding Tenor giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes, at such time and (b) the Benchmark Replacement Adjustment.

Benchmark Replacement Adjustment means the first alternative set forth in the order below that can be determined by the Designated Transaction Representative as of the Benchmark Replacement Date:

- (1) the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected, endorsed or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;
- (2) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, then the ISDA Fallback Adjustment;
- (3) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Designated Transaction Representative giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes at such time.

Benchmark Replacement Conforming Changes means, with respect to any Benchmark Replacement, any technical, administrative or operational changes with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes (including changes

to the definition of “Interest Period”, timing and frequency of determining rates and making payments of interest, changes to the definition of “Corresponding Tenor” solely when such tenor is longer than the Interest Period and other administrative matters) and any related swap agreements that the Designated Transaction Representative decides may be appropriate to reflect the adoption of such Benchmark Replacement with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes in a manner substantially consistent with market practice (or, if the Designated Transaction Representative decides that adoption of any portion of such market practice is not administratively feasible or if the Designated Transaction Representative determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Designated Transaction Representative determines is reasonably necessary).

Benchmark Replacement Date means:

- (1) in the case of paragraph (1) or (2) of the definition of “Benchmark Transition Event,” the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the relevant Benchmark permanently or indefinitely ceases to provide such Benchmark, or
- (2) in the case of paragraph (3) of the definition of “Benchmark Transition Event,” the date of the public statement or publication of information;

provided, however, that on or after the 60th day preceding the date on which such Benchmark Replacement Date would otherwise occur (if applicable), the Designated Transaction Representative may give written notice to holders of any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes in which the Designated Transaction Representative designates an earlier date (but not earlier than the 30th day following such notice) and represents that such earlier date will facilitate an orderly transition of any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes to the Benchmark Replacement, in which case such earlier date shall be the Benchmark Replacement Date.

For the avoidance of doubt, if the event giving rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination.

Benchmark Transition Event means the occurrence of one or more of the following events with respect to the then-current Benchmark (including any daily published component used in the calculation thereof):

- (1) a public statement or publication of information by or on behalf of the administrator of the Benchmark announcing that the administrator has ceased or will cease to provide the Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark;
- (2) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark, the central bank for the currency of the Benchmark, an insolvency official with jurisdiction over the administrator for the Benchmark, a resolution authority with jurisdiction over the administrator for the Benchmark or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark has ceased or will cease to provide the Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark; or

- (3) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative.

Compounded SOFR means, for purposes of determining a replacement benchmark pursuant to this section titled "*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*", the compounded average of SOFRs for the applicable Corresponding Tenor, with the rate, or methodology for this rate, and conventions for this rate (which, for example, may be compounded in arrears with a lookback and/or suspension period as a mechanism to determine the interest amount payable prior to the end of each Interest Period or compounded in advance) being established by the Designated Transaction Representative in accordance with:

- (1) the rate, or methodology for this rate, and conventions for this rate selected or recommended by the Relevant Governmental Body for determining compounded SOFR; provided that:
- (2) if, and to the extent that, the Designated Transaction Representative determines that Compounded SOFR cannot be determined in accordance with paragraph (1) above, then the rate, or methodology for this rate, and conventions for this rate that have been selected by the Designated Transaction Representative giving due consideration to any industry-accepted market practice for similar U.S. dollar denominated securitisation transactions at such time.

Corresponding Tenor with respect to a Benchmark Replacement means a tenor (including overnight) having approximately the same length (disregarding business day adjustment) as the applicable tenor for the then-current Benchmark.

Designated Transaction Representative means, with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes and a particular obligation to be performed in connection with the transition to a Benchmark Replacement, the Master Issuer (acting on the advice of the Master Issuer Cash Manager).

Federal Reserve Bank of New York's Website means the website of the Federal Reserve Bank of New York at <http://www.newyorkfed.org>, or any successor source (for the avoidance of doubt, this website (and/or any successor source) and the contents thereof do not form part of this supplement).

Interpolated Benchmark with respect to the Benchmark, means the rate determined for the Corresponding Tenor by interpolating on a linear basis between: (1) the Benchmark for the longest period (for which the Benchmark is available) that is shorter than the Corresponding Tenor and (2) the Benchmark for the shortest period (for which the Benchmark is available) that is longer than the Corresponding Tenor.

ISDA Definitions means the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. or any successor thereto, as amended or supplemented from time to time, or any successor definitional booklet for interest rate derivatives published from time to time.

ISDA Fallback Adjustment means the spread adjustment, (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA Definitions to be determined upon the occurrence of an index cessation event with respect to the Benchmark for the applicable tenor.

ISDA Fallback Rate means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of an index cessation date with respect to the Benchmark for the applicable tenor excluding the applicable ISDA Fallback Adjustment.

Reference Time with respect to any determination of the Benchmark means (1) if the Benchmark is SOFR, 3:00 p.m. (London time) on the day that is two London business days

preceding the date of such determination, and (2) if the Benchmark is not SOFR, the time determined by the Designated Transaction Representative in accordance with the Benchmark Replacement Conforming Changes.

Relevant Governmental Body means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto.

SOFR with respect to any day means the secured overnight financing rate published for such day by the Federal Reserve Bank of New York, as the administrator of the benchmark, (or a successor administrator) on the Federal Reserve Bank of New York's Website.

Term SOFR means the forward-looking term rate for the applicable Corresponding Tenor based on SOFR that has been selected or recommended by the Relevant Governmental Body.

Unadjusted Benchmark Replacement means the Benchmark Replacement excluding the applicable Benchmark Replacement Adjustment.

- V. To the extent that there is any inconsistency between the conditions set out in this section titled "*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*" and any other Condition, the statements in this section shall prevail with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes.
 - VI. Nothing in this section titled "*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*" affects the rights of the Noteholders of Master Issuer Notes other than any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes.
 - VII. Notwithstanding anything to the contrary in this section titled "*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*" or any Transaction Document, when implementing any replacement of the then-current Benchmark with the Benchmark Replacement or any Benchmark Replacement Conforming Changes pursuant to this section:
 - a. the Note Trustee shall not consider the interests of the Noteholders, any other Secured Creditor or any other person and shall act and rely solely, and without further enquiry or liability, on any certificate or evidence provided to it (including but not limited to any certificate which is required to be provided pursuant to the Trust Deed) by the Master Issuer or the Master Issuer Cash Manager acting on behalf of the Master Issuer and shall not be liable to the Noteholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such replacement of the then-current Benchmark with the Benchmark Replacement or any Benchmark Replacement Conforming Changes is or may be materially prejudicial to the interests of any such person; and
 - b. the Note Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Note Trustee, would have the effect of (i) exposing the Note Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction and/or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Note Trustee in the Master Issuer Transaction Documents and/or these Conditions.
 - VIII. For the avoidance of doubt, the Master Issuer (or the Master Issuer Cash Manager, acting on behalf of the Master Issuer) may propose that a Benchmark Replacement replace the then-current Benchmark and any Benchmark Replacement Conforming Changes on more than one occasion provided that the conditions set out in this section titled "*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*" are satisfied.
- (c) Without prejudice to (i) Clauses 19.1, 19.2, 19.3 and 19.4 of the Trust Deed and (ii) Clause 25.8 of the Funding Deed of Charge, subject to Clause 19.5(b) of the Trust Deed, the Note Trustee shall,

without the consent of any holders of any Series or Class of Notes, be required to give its consent to any modifications to any Funding Agreement or the Master Definitions and Construction Schedule that are requested by Funding or the Cash Manager, provided that Funding or the Cash Manager, as the case may be, has certified to the Note Trustee in writing that such modifications are required in order to accommodate:

- (i) Master Issuer Notes to be issued and/or Master Issuer Term Advances to be made available by the Master Issuer to Funding under the Master Intercompany Loan Agreement;
- (ii) the entry by Funding into New Intercompany Loan Agreements, the issue of new types of notes by New Issuers or the issue of notes by Funding directly;
- (iii) the addition of other relevant Funding Secured Creditors to the Transaction Documents;
- (iv) the assignment of New Loans or their Related Security to the Mortgages Trustee;
- (v) amendments to the representations and warranties set out in Schedule 1 of the Mortgage Sale Agreement;
- (vi) changes to the Funding Reserve Fund Required Amount, the Funding Liquidity Reserve Required Amount and/or the manner in which the Funding Reserve Fund or the Funding Liquidity Reserve Fund is funded;
- (vii) different Interest Payment Dates and/or Interest Periods for any Master Issuer Notes to be issued by the Master Issuer (including modification of the Interest Payment Dates and/or Interest Periods and/or the basis for the calculation of interest in respect of any outstanding Master Issuer Notes) and/or different Interest Payment Dates and/or Interest Periods (including modification of the basis for the calculation of interest) in respect of any outstanding Master Issuer Term Advances under the Master Intercompany Loan Agreement, and consequential modifications in respect of (i) the amounts payable under, the rates for calculating the amounts payable under and the periods for payment and the dates for payment under the Funding Swap Agreements and (ii) the amounts payable under, the rates for calculating the amounts payable under and the periods for payment under and the dates for payment under the Master Issuer Swap Agreements; and/or
- (viii) compliance by the Master Issuer, with respect only to Master Issuer Notes issued on or after 27 August 2013, with any requirements which apply to it under European Regulation 648/2012 of 4 July 2012, known as the European Market Infrastructure Regulation (**EU EMIR**) and Regulation 348/2012 of the European Parliament and Council on OTC derivatives, central counterparties and trade repositories dated 4 July 2012, as it forms part of UK domestic law by virtue of the EUWA (**UK EMIR**) and which accordingly will be mandatory under EU EMIR and/or UK EMIR irrespective of whether such modifications are materially prejudicial to the interests of the Noteholders of any Series or Class of Notes or any other Master Issuer Secured Creditor and provided such modifications do not relate to a Basic Terms Modification. The Note Trustee shall not be obliged to agree to any modification pursuant to this Condition 12.5(c)(viii) which (in the sole opinion of the Note Trustee) would have the effect of (a) exposing the Note Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction; and/or (b) increasing the obligations or duties, or decreasing the protections of the Note Trustee in the Transaction Documents and/or the Conditions of the Master Issuer Notes. The Noteholders and the Master Issuer Secured Creditors shall be deemed to have instructed the Note Trustee to concur with such EMIR amendments and shall be bound by them regardless of whether they are materially prejudicial to their interests.

Any modification, waiver, authorisation or determination made pursuant to this Condition 12.5 shall be binding on the Noteholders and, unless the Note Trustee agrees otherwise, any such modification shall be notified to the Noteholders and the Rating Agencies in accordance with **Condition 12.10** as soon as practicable thereafter.

12.6 Redenomination

The Note Trustee may agree, without the consent of the Holders of the Sterling Notes on or after the Specified Date (as defined below), to such modifications to the Sterling Notes and the Trust Deed in respect of redenomination of such Sterling Notes in euro and associated reconventioning, renominatisation and related matters in respect of such Sterling Notes as may be proposed by the Master Issuer (and confirmed by an independent financial institution approved by the Note Trustee to be in conformity with then applicable market conventions) and to provide for redemption at the euro equivalent of the sterling principal amount of the Sterling Notes. For these purposes, **Specified Date** means the date on which the United Kingdom participates in the third stage of European economic and monetary union pursuant to the Treaty establishing the European Community, as amended by the Treaty on European Union, or otherwise participates in European economic and monetary union in a manner with an effect similar to such third stage.

Any such modification shall be binding on the Holders of the Sterling Notes and, unless the Note Trustee agrees otherwise, any such modification shall be notified to such Noteholders in accordance with **Condition 12.10** as soon as practicable thereafter.

12.7 Exercise of Note Trustee's or Master Issuer Security Trustee's Functions

Where the Note Trustee or the Master Issuer Security Trustee is required, in connection with the exercise of its powers, trusts, authorities, duties and discretions under these Conditions or any Transaction Document, to have regard to the interests of the Noteholders of any Class, it shall have regard to the interests of such Noteholders as a class and, in particular but without prejudice to the generality of the foregoing, neither the Note Trustee nor the Master Issuer Security Trustee shall have regard to, or be in any way liable for, the consequences of such exercise for individual Noteholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory. In connection with any such exercise, neither the Note Trustee nor the Master Issuer Security Trustee shall be entitled to require, and no Noteholder shall be entitled to claim, from the Master Issuer or any other person, any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders.

12.8 Indemnification of the Note Trustee and the Master Issuer Security Trustee

The Trust Deed and the Master Issuer Deed of Charge set out certain provisions for the benefit of the Note Trustee and the Master Issuer Security Trustee. The following is a summary of such provisions and is subject to the more detailed provisions of the Trust Deed and the Master Issuer Deed of Charge.

The Master Issuer Transaction Documents contain provisions governing the responsibility (and relief from responsibility) of the Note Trustee and the Master Issuer Security Trustee, respectively, and providing for its indemnification in certain circumstances, including, among others, provisions relieving the Master Issuer Security Trustee from taking enforcement proceedings or enforcing the Master Issuer Security unless indemnified and/or secured and/or pre-funded to its satisfaction.

The Note Trustee and the Master Issuer Security Trustee and their related companies are entitled to enter into business transactions with the Master Issuer, the Master Issuer Cash Manager and/or the related companies of any of them and to act as note trustee or security trustee, for the holders of any new notes and/or any other person who is a party to any Master Issuer Transaction Document or whose obligations are comprised in the Master Issuer Security and/or any of their subsidiary or associated companies without accounting for any profit resulting therefrom.

Neither the Note Trustee nor the Master Issuer Security Trustee will be responsible for any loss, expense or liability which may be suffered as a result of any assets comprised in the Master Issuer Security, or any deeds or documents of title thereto, being uninsured or inadequately insured or being held by clearing organisations or their operators or by intermediaries such as banks, brokers or other similar persons on behalf of the Note Trustee and/or the Master Issuer Security Trustee, as applicable.

Furthermore, the Note Trustee and the Master Issuer Security Trustee will be relieved of liability for making searches or other inquiries in relation to the assets comprising the Master Issuer Security. The Note Trustee and the Master Issuer Security Trustee do not have any responsibility in relation to the legality and the enforceability of the trust arrangements, the related Master Issuer Security and the Transaction Documents. Neither the Note Trustee nor the Master Issuer Security Trustee will be obliged to take any action that might result in its incurring personal liabilities. Neither the Note Trustee nor the Master Issuer Security Trustee is obliged to monitor or investigate the performance of any other person under the Master Issuer Transaction Documents and is entitled to assume, until it has actual knowledge to the contrary, that all such persons are properly performing their duties, unless it receives express notice to the contrary.

reasonably practicable, follow such guidance in order to determine Daily €STR for the purpose of the relevant Series of Floating Rate Master Issuer Notes for so long as the €STR reference rate is not available or has not been published by the Designated Source. To the extent that any amendments or modifications to the Conditions or the Transaction Documents are required in order for the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) to follow such guidance in order to determine Daily €STR, the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) shall have no obligation to act until such amendments or modifications have been made in accordance with the Conditions and the Transaction Documents.

Other Reference Rates

Where **Screen Rate Determination** is specified as "Applicable" for a Floating Rate Master Issuer Note and the Reference Rate is specified as being EURIBOR in the applicable Final Terms, the following provisions shall apply and the Rate of Interest for each Interest Period will, subject as provided below, be the published rate for EURIBOR which appears on the Relevant Screen Page as at 11.00 a.m. Brussels time (or such other time as specified in the applicable Final Terms) on the Interest Determination Date in question plus or minus the Margin (if any) as determined by the Agent Bank.

If the Relevant Screen Page is not available or no published rate for EURIBOR appears, unless both an Index Cessation Event and an Index Cessation Event Effective Date have occurred, the Rate of Interest will be determined by the Agent Bank using the published rate for EURIBOR which appeared on the Relevant Screen Page as at 11.00 a.m. Brussels time (or such other time as specified in the applicable Final Terms) on the last preceding Business Day prior to the Interest Determination Date for which the Relevant Screen Page was available or in respect of which such published rate was available, plus or minus the Margin (if any).

If the Relevant Screen Page is not available or no published rate for EURIBOR appears at the Specified Time, and both an Index Cessation Event and an Index Cessation Effective Date have occurred, the Rate of Interest shall be determined by the Agent Bank as if references in these Conditions to "EURIBOR" were references to the rate (inclusive of any spread(s) or adjustment(s)) that was recommended as the replacement for EURIBOR by the European Central Bank (or any successor thereof) or any relevant committee or other body

established, sponsored or approved by the European Central Bank (or any successor thereof), in each case for the purpose of recommending a replacement for such rate (and each such replacement rate having been notified in writing by the Master Issuer to the Agent Bank), provided that, if no such rate has been recommended before the end of the first Interest Determination Date following the date on which the relevant Index Cessation Event occurred, the Rate of Interest to be determined on such Interest Determination Date (and any other Interest Determination Date occurring prior to such recommendation having been made) shall be determined as the Rate of Interest as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

In this Condition:

Index Cessation Effective Date means the first date on which EURIBOR is no longer provided by the administrator of EURIBOR; and

(B) a public statement or publication of information by the regulatory supervisor for the administrator of EURIBOR, the central bank for the currency of euro, an insolvency official with jurisdiction over the administrator of EURIBOR, a resolution authority with jurisdiction over the administrator of EURIBOR or a court or an entity with similar insolvency or resolution authority over the administrator of EURIBOR, which states that the administrator of EURIBOR has ceased or will cease to provide EURIBOR permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide EURIBOR.

(c) *Minimum rate of interest and/or maximum rate of interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for a Floating Rate Master Issuer Note for any Interest Period, then, in the event that the Rate of Interest for such note in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such note for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for such note for any Interest Period, then, in the event that the Rate of Interest for such note in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such note for such Interest Period shall be such Maximum Rate of Interest.

(d) *Determination of rate of interest and calculation of interest amounts*

The Agent Bank will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period (provided that no provision of these Conditions or the Paying Agent and Agency Bank Agreement shall require an Agent to do anything which may be illegal or contrary to applicable law or regulation).

The Agent Bank will calculate the amount of interest payable on the Floating Rate Master Issuer Notes in respect of each Specified Denomination (each an **Interest Amount**) for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to the Principal Amount Outstanding of each Master Issuer Note, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit (as defined in Condition 5.6 (Business Day, Business

Day Convention, Day Count Fractions and other adjustments)) of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

(e) *Notification of rate of interest and interest amounts*

The Agent Bank will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Note Trustee, the Master Issuer Security Trustee, the Master Issuer Cash Manager, the Paying Agents, the Registrar and to any stock exchange or other relevant competent authority or quotation system on which the relevant Floating Rate Master Issuer Notes are for the time being listed, quoted and/or traded or by which they have been admitted to listing and to be published in accordance with **Condition 12.10** as soon as possible after their determination but in no event later than the fourth Business Day (as defined in **Condition 5.6** (*Business Day, Business Day Convention, Day Count Fractions and other adjustments*)) thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. Any such amendment or alternative arrangements will be promptly notified to the Note Trustee and each stock exchange or other relevant authority on which the relevant Floating Rate Master Issuer Notes are for the time being listed or by which they have been admitted to listing and to the Noteholders in accordance with **Condition 12.10**.

(f) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this **Condition 5.2**, whether by the Agent Bank or the Calculation Agent (as defined in **Condition 5.2(b)(i)**) or the Note Trustee shall (in the absence of wilful default, bad faith or manifest error) be binding on the Master Issuer, the Master Issuer Cash Manager, the Principal Paying Agent, the Calculation Agent, the other Paying Agents, the Note Trustee and all Noteholders and (in the absence of wilful default or bad faith) no liability to the Master Issuer or the Noteholders shall attach to the Agent Bank or the Calculation Agent or the Note Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

5.3 **Accrual of interest**

Interest (if any) will cease to accrue on each Master Issuer Note (or in the case of the redemption of part only of a Master Issuer Note, that part only of such note) on the due date for redemption thereof unless, upon due presentation thereof, payment of principal is improperly withheld or refused in which event, interest will continue to accrue until the earlier of:

- (a) the date on which all amounts due in respect of such note have been paid; and
- (b) the seventh day after notice is duly given by the Principal Paying Agent or the U.S. Paying Agent (as the case may be) to the Holder thereof that such payment will be made, provided that subsequently, payment is in fact made.

5.4 **Deferred interest**

To the extent that, subject to and in accordance with the relevant Master Issuer Priority of Payments, the funds available to the Master Issuer to pay interest on any Series and Class (or Sub-Class) of Master Issuer Notes (other than the most senior Class (or Sub-Class) of Master Issuer Notes of any Series then outstanding) on an Interest Payment Date (after discharging the Master Issuer's liabilities of a higher priority) are insufficient to pay the full amount of such interest, payment of the shortfall attributable to such Series and Class (or Sub-Class) of Master Issuer Notes (**Deferred Interest**) will not then fall due but will instead be deferred until the first Interest Payment Date for such notes thereafter on which sufficient funds are available (after allowing for the Master Issuer's liabilities of a higher priority and subject to and in accordance with the relevant Master Issuer Priority of Payments) to fund the payment of such Deferred Interest to the extent of such available funds.

Such Deferred Interest will accrue interest (**Additional Interest**) at the rate of interest applicable from time to time to the applicable Series and Class (or Sub-Class) of Master Issuer Notes and payment of any Additional Interest will also be deferred until the first Interest Payment Date for such notes thereafter on which funds are available (after allowing for the Master Issuer's liabilities of a higher priority subject to and in

accordance with the relevant Master Issuer Priority of Payments) to the Master Issuer to pay such Additional Interest to the extent of such available funds.

Amounts of Deferred Interest and Additional Interest shall not be deferred beyond the Final Maturity Date of the applicable Series and Class (or Sub-Class) of Master Issuer Notes, when such amounts will become due and payable.

Payments of interest due on an Interest Payment Date in respect of the most senior Class of Master Issuer Notes of any Series then outstanding will not be deferred. In the event of the delivery of a Note Enforcement Notice (as described in **Condition 10**), the amount of interest in respect of such Master Issuer Notes that was due but not paid on such Interest Payment Date will itself bear interest at the applicable rate until both the unpaid interest and the interest on that interest are paid as provided in the Trust Deed.

5.5 Interest Where There is an Increase Amount of a Class Z Variable Funding Note

If, in the Floating Interest Period immediately preceding an Interest Payment Date, there has been a subscription of an Increase Amount in respect of a Class Z Variable Funding Note pursuant to **Condition 6.10** below, the Interest payable shall be determined as the sum of:

(a) the interest determined as being payable in respect of the Class Z Variable Funding Note as if the Principal Amount Outstanding were the Principal Amount Outstanding of the Class Z Variable Funding Note at the beginning of such Floating Interest Period; plus

(b) the interest determined as being payable in respect of each Increase Amount made in such Floating Interest Period calculated on the basis set out in **Condition 5.2** as if references in **Condition 5.2** to the Principal Amount Outstanding in respect of such Class Z Variable Funding Note were to the Increase Amount and the Floating Interest Period in respect of such Increase Amount commenced on the Increase Date. The Rate of Interest in respect of any Increase Amount made on an Increase Date which is not an Interest Payment Date shall be the same rate as that determined in respect of the Principal Amount Outstanding of the Class Z Variable Funding Note immediately prior to such Increase Date or such other rate as may be specified in the applicable Final Terms in respect of such Class Z Variable Funding Note.

In all other cases, the interest payable in respect of each Class Z Variable Funding Note shall be determined pursuant to **Condition 5.2** above.

5.6 Business Day, Business Day Convention, Day Count Fractions and other adjustments

If a **Business Day Convention** is specified for a Fixed Rate Master Issuer note or a Floating Rate Master Issuer note in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (i) in any case where Specified Periods are specified in accordance with Condition 5.2(b)(ii) (*Screen Rate Determination for Floating Rate Master Issuer notes*), the "**Floating Rate Convention**", such Interest Payment Date (A) in the case of (x)

above, shall be the last day that is a Business Day in the relevant month and the provisions of (II) below shall apply mutatis mutandis, or (B) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (I) such Interest Payment Date shall be brought forward to the immediately preceding Business Day, and (II) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or

- (ii) the "**Following Business Day Convention**", the Interest Payment Date for such note shall be postponed to the next day which is a Business Day; or
- (iii) the "**Modified Following Business Day Convention**", the Interest Payment Date for such note shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or

- (v) the "**Modified Preceding Business Day Convention**", such Interest Payment Date shall be brought forward to the immediately preceding Business Day unless it would thereby fall into the previous calendar month, in which event such Interest Payment Date shall be postponed to the next day which is a Business Day.

- (a) if **Actual/Actual (ICMA)** is specified for such note in the applicable Final Terms:
 - (i) in the case of Master Issuer Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date for such notes (or, if none, the Interest Commencement Date) to (but excluding) the relevant Interest Payment Date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (A) the number of days in such Determination Period and (B) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (ii) in the case of Master Issuer Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (I) the number of days in such Determination Period and (II) the number of Determination Dates that would occur in one calendar year; and
- (iii) if **Actual/365** or **Actual/Actual (ISDA)** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);

- (iv) if **Actual/365 (Fixed)** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;

- (vii) if **30/360, 360/360** or **Bond Basis** is specified for such note in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with twelve 30-day months (unless (a) the last day of the Interest Period is the 31st day of a month but the first day of the Interest Period is a day other than the 30th or 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month, or (b) the last day of the Interest Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month)); and

- (ix) such other Day Count Fraction as may be specified in the applicable Final Terms Document.

As used in these Conditions, **Determination Period** means each period from and including a Determination Date (as defined in the applicable Final Terms) to but excluding the next Determination Date (including where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

6. Redemption, Purchase and Cancellation

6.1 Final Redemption

Unless previously redeemed in full as provided in this **Condition 5.66**, the Master Issuer shall redeem a Series and Class (or Sub-Class) of Master Issuer Notes at their then Principal Amount Outstanding together with all accrued interest on the Final Maturity Date in respect of such Series and Class (or Sub-Class) of Master Issuer Notes.

The Master Issuer may not redeem such notes in whole or in part prior to their Final Maturity Date except as provided in **Conditions 6.2, 6.4 or 6.5**, but without prejudice to **Condition 10**.

6.2 Mandatory Redemption

On each Interest Payment Date, other than an Interest Payment Date on which a Series and Class (or Sub-Class) of Master Issuer Notes are to be redeemed under **Condition 6.1 above**, and **Conditions 6.4 and 6.5 below** and the Master Issuer shall repay principal in respect of such notes in an amount equal to the amount (if any) repaid on such Interest Payment Date in respect of the related Term Advance, and pursuant to, the Master Intercompany Loan Agreement converted, where the Specified Currency for such notes is not sterling, into the Specified Currency at the Specified Currency Exchange Rate for such notes.

To the extent that there are insufficient funds available to the Master Issuer to repay the amount due to be paid on such Interest Payment Date the Master Issuer will be required to repay the shortfall, to the extent that it receives funds therefor (and subject to the terms of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement) on subsequent Interest Payment Dates in respect of such notes.

6.3 Note Principal Payments, Principal Amount Outstanding and Pool Factor

The principal amount redeemable (the **Note Principal Payment**) in respect of each Master Issuer Note of a particular Series and Class (or Sub-Class) on any Interest Payment Date under **Condition 6.2** shall be a proportion of the amount required as at that Interest Payment Date to be applied in redemption of such Series and Class (or Sub-Class) of Master Issuer Notes on such date equal to the proportion that the Principal Amount Outstanding of the relevant Master Issuer Note bears to the aggregate Principal Amount Outstanding of such Series and Class (or Sub-Class) of Master Issuer Notes rounded down to the nearest sub-unit (as defined in Condition 5.6 (Business Day, Business Day Convention, Day Count Fractions and other adjustments) of the Specified Currency; provided always that no such Note Principal Payment may exceed the Principal Amount Outstanding of the relevant Master Issuer Note.

On each Note Determination Date the Master Issuer shall determine (or cause the Agent Bank to determine) (a) the amount of any Note Principal Payment payable in respect of each Master Issuer Note of the relevant Series and Class (or Sub-Class) on the immediately following Interest Payment Date and (b) the Principal Amount Outstanding of each such note which shall be the Specified Denomination plus (in the case of each Class Z Variable Funding Note) the aggregate of all relevant Increase Amounts, less the aggregate amount of all Note Principal Payments in respect of such note that has been paid since the relevant Closing Date and on or prior to that Note Determination Date (the **Principal Amount Outstanding**) and (c) the fraction expressed as a decimal to the fifth decimal point (the **Pool Factor**), of which the numerator is the Principal Amount Outstanding of such note (as referred to in (b) above) and the denominator is the Specified Denomination. Each determination by or on behalf of the Master Issuer of Note Principal Payment of a Master Issuer Note, the Principal Amount Outstanding of a Master Issuer Note and the Pool Factor shall in each case (in the absence of wilful default, bad faith or manifest error) be final and binding on all persons.

The Master Issuer will cause each determination of the Note Principal Payment and the Principal Amount Outstanding and the Pool Factor in respect of a Series and Class (or Sub-Class) of Master Issuer Notes to be notified forthwith, and in any event not later than 1.00 p.m. (London time) on the Business Day immediately succeeding the Note Determination Date, to the Note Trustee, the Master Issuer Security Trustee, the Paying Agents, the Agent Bank, the Registrar and (for so long as such notes are listed on one or more stock exchanges) the relevant stock exchanges, and will cause notice of each determination of the Note Principal Payment and the Principal Amount Outstanding to be given to Noteholders in accordance with **Condition 12.10** by no later than the Business Day after the relevant Interest Payment Date.

6.4 Optional Redemption in Full

Provided a Note Enforcement Notice has not been served and subject to the provisos below, upon giving not more than 60 nor less than 30 days' prior notice to the Note Trustee, the Noteholders and the relevant Master Issuer Swap Provider(s) in accordance with **Condition 12.10**, the Master Issuer may redeem a Series and Class (or Sub-Class) of Master Issuer Notes at their aggregate Redemption Amount together with any accrued and unpaid interest in respect thereof on the following dates:

- (a) the date specified as the Step-Up Date for such notes in the applicable Final Terms and on any Interest Payment Date for such notes thereafter; or
- (b) on any Interest Payment Date on which the aggregate Principal Amount Outstanding of such notes and all other Classes of Master Issuer Notes of the same Series is less than 10 per cent. of the aggregate Principal Amount Outstanding of such Series of Master Issuer Notes as at the Closing Date on which such Series of Master Issuer Notes were issued,
- (c) the date specified as the Optional Redemption Date for such notes in the applicable Final Terms and on each Interest Payment Date for such notes thereafter,

PROVIDED THAT (in either of the cases above), on or prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that (i) it will have the funds, not subject to any interest of any other person, required to redeem such notes as aforesaid and any amounts required to be paid in priority to or *pari passu* with such notes outstanding in accordance with the terms and conditions of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement and (ii) the Repayment Tests will be satisfied following the making of such redemptions and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof (without liability and without further investigation) in which event it shall be conclusive and binding on the Noteholders and all other persons.

6.5 Optional Redemption for Tax and other Reasons

Provided a Note Enforcement Notice has not been served, if the Master Issuer at any time satisfies the Note Trustee in writing immediately prior to the giving of the notice referred to below that on the next Interest Payment Date either:

- (a) the Master Issuer would by virtue of a change in the law or regulations of the United Kingdom or any other jurisdiction (or the application or interpretation thereof) be required to deduct or withhold from any payment of principal or interest or any other amount under a Series and Class (or Sub-Class) of Master Issuer Notes any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature (other than where the relevant Holder or beneficial owner has some connection with the relevant jurisdiction other than the holding of the Master Issuer Notes); or
- (b) Funding would be required to deduct or withhold from amounts due in respect of the Term Advance under the Master Intercompany Loan Agreement which was funded by such notes any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature; and
- (c) in relation to either the events described in (a) and (b) above, such obligation of the Master Issuer or Funding (as the case may be) cannot be avoided by the Master Issuer or Funding (as the case may be) taking reasonable measures available to the Master Issuer or Funding (as the case may be),

then the Master Issuer shall use its reasonable endeavours to arrange the substitution of a company incorporated in another jurisdiction approved by the Note Trustee as principal debtor under such notes and/or as lender of such Term Advance as the case may be, upon the Note Trustee being satisfied that (1) such substitution will not be materially prejudicial to the interests of the Noteholders of any Series and Class, and (2) upon the Master Issuer Security Trustee being satisfied that (A) the position of the Master Issuer Secured Creditors will not thereby be adversely affected, and (B) such substitution would not require registration of any new security under United States securities laws or materially increase the disclosure requirements under United States law or the costs of issuance. Only if the Master Issuer is unable to arrange a substitution will the Master Issuer be entitled to redeem the Master Issuer Notes as described in this **Condition 6.5**.

Subject to the proviso below, if the Master Issuer is unable to arrange a substitution as described above and, as a result, one or more of the events described in (a) and (b) above (as the case may be) is continuing, then the Master Issuer may, having given not more than 60 nor less than 30 days' notice to the Note Trustee, the Noteholders and the relevant Master Issuer Swap Provider(s) in accordance with

Condition 12.10, redeem all (but not some only) of such notes on the immediately succeeding Interest Payment Date for such notes at their aggregate Redemption Amount together with any accrued and unpaid interest in respect thereof provided that (in either case), prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee:

- (i) a certificate signed by two directors of the Master Issuer stating the circumstances referred to in (a) or (b) and (c) above prevail and setting out details of such circumstances; and
- (ii) an opinion in form and substance satisfactory to the Note Trustee of independent legal advisors of recognised standing to the effect that the Master Issuer and/or Funding has or will become obliged to deduct or withhold such amounts as a result of such change or amendment.

The Note Trustee shall be entitled to accept such certificate and opinion as sufficient evidence (without liability and without further investigation) of the satisfaction of the circumstance set out in (a) or (b) and (c) above, in which event they shall be conclusive and binding on the Noteholders. The Master Issuer may only redeem such notes as aforesaid, if on or prior to giving such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that it will have the funds, not subject to any interest of any other person, required to redeem such notes as aforesaid and any amounts required to be paid in priority to or *pari passu* with such notes outstanding in accordance with the terms and conditions of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof in which event it shall be conclusive and binding on the Noteholders and all other persons.

In addition to the foregoing, if, at any time, the Master Issuer delivers a certificate to Funding, the Note Trustee and the Master Issuer Security Trustee to the effect that it would be unlawful for the Master Issuer to make, fund or allow to remain outstanding a Term Advance made by it under the Master Intercompany Loan Agreement and stating that the Master Issuer may require Funding to prepay the relevant Term Advance on an Interest Payment Date subject to and in accordance with the provisions of the Master Intercompany Loan Agreement to the extent necessary to cure such illegality and the Master Issuer may redeem all (but not some only) of the relevant Master Issuer Notes at their Redemption Amount together with any accrued interest upon giving not more than 60 days' nor less than 30 days' (or such shorter period as may be required under any relevant law) prior written notice to the Master Issuer Security Trustee, the Note Trustee, the relevant Master Issuer Swap Provider(s) and the Noteholders in accordance with **Condition 12.10** provided that, prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that it will have the funds, not subject to the interest of any other person, required to redeem the Master Issuer Notes as provided above and any amount to be paid in priority to or *pari passu* with the Master Issuer Notes and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof (without liability and without further investigation) in which event it shall be conclusive and binding on the Noteholders and all other persons. Such monies received by the Master Issuer shall be used to redeem the relevant Master Issuer Notes in full, together with any accrued and unpaid interest on the equivalent Interest Payment Date.

6.6 Redemption Amounts

For the purposes of this **Condition 6.6, Redemption Amount** means, in respect of any Series and Class (or Sub-Class) of Master Issuer Notes, the amount specified in relation to such notes in the applicable Final Terms or, if not so specified in respect of each Master Issuer Note, the Principal Amount Outstanding of such note.

6.7 Money Market Note Mandatory Transfer

- (a) If remarketing arrangements are specified as applicable in the relevant Final Terms in relation to a Series and Class (or Sub-Class) of Money Market Notes, such Money Market Notes shall, subject to paragraph (c) below, be transferred in accordance with paragraph (b) below on each Transfer Date prior to the occurrence of a Mandatory Transfer Termination Event, as confirmed by the Remarketing Bank providing a Conditional Purchase Confirmation to the Master Issuer and the Principal Paying Agent, in exchange for payment of the Transfer Price and the Master Issuer and the Principal Paying Agent will procure payment of the Transfer Price to the Noteholders of the Money Market Notes on the relevant Transfer Date.

Each Holder of Called Notes also irrevocably authorises and instructs the Master Issuer, the Registrar, DTC, Euroclear or, as the case may be, Clearstream, Luxembourg to effect the transfer of its Called Notes on the relevant Interest Payment Date to Santander UK, in accordance with the relevant Final Terms and the rules for the time being of DTC, Euroclear or, as the case may be, Clearstream, Luxembourg.

A Holder of a Master Issuer Note shall not be entitled to any interest or other payment in respect of any delay in payment resulting from the due date for a payment not being a Business Day.

7.6 Partial Payment

If a Paying Agent makes a partial payment in respect of any Master Issuer Note, the Master Issuer shall procure and the Registrar will ensure that the amount and date of such payment are noted on the Register and, in the case of partial payment upon presentation of a Master Issuer Note, that a statement indicating the amount and date of such payment is endorsed on the relevant Master Issuer Note.

The Note Trustee may, at its discretion and without notice at any time and from time to time, take such steps or actions and institute such proceedings against the Master Issuer or any other person as it may think fit to enforce the provisions of the Master Issuer Notes, the Trust Deed (including these Conditions) or any of the other Master Issuer Transaction Documents to which it is a party and the Note Trustee may, at its discretion without notice, at any time after the Master Issuer Security has become enforceable (including after the service of a Note Enforcement Notice in accordance with **Condition 10**), instruct the Master Issuer Security Trustee to take such steps as it may think fit to enforce the Master Issuer Security. The Note Trustee shall not be bound to take such steps or institute such proceedings or give such instructions unless:

- (a) (subject in all cases to restrictions contained in the Trust Deed to protect the interests of any higher ranking Class of Noteholders) it shall have been so directed by an Extraordinary Resolution of the Class A Noteholders, the Class B Noteholders, the Class M Noteholders, the Class C Noteholders and the Class Z Noteholders (which for this purpose means the Holders of all Series of the Class A Notes, the Class B Notes, the Class M Notes, the Class C Notes or the Class Z Notes (as applicable)) or so requested in writing by the Holders of at least 25 per cent. in aggregate Principal Amount Outstanding of the Class A Notes, the Class B Notes, the Class M Notes, the Class C Notes and the Class Z Notes (as applicable) of all Series then outstanding; and

No Noteholder shall be entitled to proceed directly against the Master Issuer unless the Note Trustee or the Master Issuer Security Trustee (as the applicable), having become bound so to do, fails to do so within a reasonable period and such failure shall be continuing, provided that no Class B Noteholder, Class M Noteholder, Class C Noteholder or Class Z Noteholder will be entitled to commence proceedings for the winding-up or administration of the Master Issuer at any time unless:

if Master Issuer Notes of a Class with higher priority are outstanding, there is consent of Noteholders of at least one quarter of the aggregate Principal Amount Outstanding of the Master Issuer Notes outstanding of the Class or Classes of Master Issuer Notes with higher priority or pursuant to an Extraordinary Resolution of the Holders of such Class of Master Issuer Notes.

Notwithstanding any other condition or any provision of any Transaction Document, all obligations of the Master Issuer to the Noteholders are limited in recourse to the Master Issuer Security. If:

there is no Master Issuer Security remaining which is capable of being realised or otherwise converted into cash;

all amounts available from the Master Issuer Security have been applied to meet or provide for the relevant obligations specified in, and in accordance with, the provisions of the Master Issuer Deed of Charge; and

there are insufficient amounts available from the Master Issuer Security to pay in full, in accordance with the provisions of the Master Issuer Deed of Charge, amounts outstanding under the Master Issuer Notes (including payments of principal, premium (if any) and interest),

then the Noteholders shall have no further claim against the Master Issuer in respect of any amounts owing to them which remain unpaid (including, for the avoidance of doubt, payments of principal, premium (if any) and/or interest in respect of the Master Issuer Notes) and such unpaid amounts shall be deemed to be discharged in full and any relevant payment rights shall be deemed to cease.

12.5 Modifications and Determinations by Note Trustee

- (a) Subject as provided in the Trust Deed, the Note Trustee may, without the consent of the Noteholders:
 - (i) agree to any modification (other than a Basic Terms Modification) of, or to the waiver or authorisation of any breach or proposed breach of, these Conditions of any Series and Class (or Sub-Class) of Master Issuer Notes or any of the Master Issuer Transaction Documents,

which is not, in the opinion of the Note Trustee, materially prejudicial to the interests of the Noteholders of any Class of any Series of Master Issuer Notes or materially prejudicial to the interests of any of the Master Issuer Swap Providers; or

- (ii) determine that any Note Event of Default shall not be treated as such provided that it is not in the opinion of the Note Trustee materially prejudicial to the interest of the Holders of the most senior Class of any Series of Master Issuer Notes then outstanding; or
 - (iii) agree to any modification (including a Basic Terms Modification) of these Conditions or any of the Master Issuer Transaction Documents which, in the opinion of the Note Trustee, is of a formal, minor or technical nature or is to correct a manifest error or an error established as such to the satisfaction of the Note Trustee or is to comply with the mandatory provisions of law; or
 - (iv) agree to any modification of any of these Conditions or any Master Issuer Transaction Documents as expressly provided for in the Master Issuer Transaction Documents;
- (b) Subject as provided in the Trust Deed, the Note Trustee shall be obliged, without the consent or sanction of the Noteholders, to concur with the Master Issuer, and to direct the Master Issuer Security Trustee and the Security Trustee to concur with the Master Issuer, in making any modification (other than a Basic Terms Modification, provided that a Base Rate Modification (as defined below) shall not constitute a Basic Terms Modification) of these Conditions or any of the Transaction Documents that the Master Issuer (acting on the advice of the Master Issuer Cash Manager) considers necessary for the purpose of changing the base rate (the **Applicable Base Rate**) that then applies in respect of the Floating Rate Master Issuer Notes, the Master Issuer Swap Agreements, the Master Issuer Term Advances, in each case, in relation only to Master Issuer Notes issued on or after 12 May 2023 and/or the Funding Swaps (such replacement rate, an **Alternative Base Rate**) and making, such other related or consequential amendments as are necessary or advisable in the reasonable judgment of the Master Issuer and/or Funding (in each case, acting on the advice of the Master Issuer Cash Manager) to facilitate such change (a **Base Rate Modification**), provided that, in relation to any such Base Rate Modification:
- (i) the Master Issuer (or the Master Issuer Cash Manager, acting on behalf of the Master Issuer) certifies to the Note Trustee in writing (such certificate, a **Base Rate Modification Certificate**) that such Base Rate Modification is being undertaken due to:
 - (A) a material disruption to the Applicable Base Rate or any other relevant interest rate benchmark, an adverse change in the methodology of calculating such interest rate benchmark or such interest rate benchmark ceasing to exist or be published;
 - (B) the insolvency or cessation of business of the administrator of the Applicable Base Rate or any other relevant interest rate benchmark (in circumstances where no successor administrator has been appointed);
 - (C) a public statement by the administrator of the Applicable Base Rate or any other relevant interest rate benchmark that it has or will cease publishing the relevant interest rate benchmark permanently or indefinitely (in circumstances where no successor administrator has been appointed) or has or will change such interest rate benchmark in an adverse manner;
 - (D) a public statement by the supervisor of the administrator of the Applicable Base Rate or any other relevant interest rate benchmark or the central bank for the currency of the relevant Applicable Base Rate or any other relevant interest rate benchmark that the relevant interest rate benchmark has been or will be permanently or indefinitely discontinued or will be changed in an adverse manner;
 - (E) a public statement by the supervisor of the administrator of the Applicable Base Rate or any other relevant interest rate benchmark or the central bank for the currency of the relevant Applicable Base Rate or any other relevant interest rate

benchmark that means the relevant interest rate benchmark may no longer be used or that its use is or will be subject to restrictions or adverse consequences;

- (F) a public announcement of the permanent or indefinite discontinuation of the relevant screen rate or base rate that applies to the Floating Rate Master Issuer Notes at such time;
 - (G) it becoming unlawful for any Paying Agent, the Agent Bank, any calculation agent, the Master Issuer or the Master Issuer Cash Manager to calculate any payments due to be made to any Noteholder or any party to the Transaction Documents using the Applicable Base Rate; or
 - (H) the reasonable expectation of the Master Issuer (or the Master Issuer Cash Manager, acting on behalf of the Master Issuer) that any of the events specified in paragraphs (A) to (G) above will occur or exist within six months of the proposed effective date of such Base Rate Modification;
- (ii) such Alternative Base Rate is either:
- (A) a base rate published, endorsed, approved or recognised by the Federal Reserve, the Bank of England or the European Central Bank, any regulator in the United States, the United Kingdom or the European Union (as the case may be) or any stock exchange on which the Master Issuer Notes are listed (or any relevant committee or other body established, sponsored or approved by any of the foregoing); or
 - (B) a base rate that has replaced the Applicable Base Rate or any other relevant interest rate benchmark in customary market usage in the international debt capital markets for the purposes of determining floating rates of interest (or the relevant component part thereof) denominated in the Specified Currency in respect of notes, bonds or securities and with an interest period of a comparable duration to the relevant Interest Periods or if the Master Issuer (acting in good faith and in a commercially reasonable manner) determines that there is no such rate, such other rate as the Master Issuer (acting in a good faith and in a commercially reasonable manner) determines in its sole discretion is most comparable to the relevant Applicable Base Rate or any other relevant interest rate benchmark;
- (iii) each of the Rating Agencies confirms in writing to the Master Issuer (copied to the Note Trustee) that the then current ratings of any Rated Notes will not be downgraded, withdrawn or qualified as a result of such Base Rate Modification (it being acknowledged that none of the Rating Agencies has any obligation to provide such confirmation at any time and that the confirmation of one of the Rating Agencies may be sufficient for that purpose; provided that (i) a written request for confirmation or response has been delivered to each Rating Agency by or on behalf of the Master Issuer (copied to the Note Trustee) and (ii) one or more Rating Agencies either (x) indicates it does not consider such confirmation or response necessary, or (y) provides no confirmation or response within a reasonable timeframe)); and
- (iv) the Seller or the Master Issuer pays all fees, costs and expenses (including legal fees) properly incurred by the Master Issuer, the Note Trustee and or any other Transaction Party in connection with such Base Rate Modification,

provided that:

- (x) at least 35 calendar days' prior written notice of any such proposed Base Rate Modification has been given to the Note Trustee;
- (y) the Base Rate Modification Certificate in relation to such Base Rate Modification shall be provided to the Note Trustee both at the time the Note Trustee is notified of the proposed Base Rate Modification and on the date that such Base Rate Modification takes effect; and

- (z) the Master Issuer Cash Manager, acting on behalf of the Master Issuer, certifies in writing to the Note Trustee (which certification may be in the Base Rate Modification Certificate) that the Master Issuer has provided at least 30 calendar days' notice to the Noteholders of the proposed Base Rate Modification in accordance with Condition 12.10 (Notice to Noteholders) and Noteholders representing at least 10 per cent. of the Aggregate Principal Amount Outstanding of the most senior Class of Floating Rate Master Issuer Notes then outstanding have not contacted the Master Issuer or the Principal Paying Agent (acting on behalf of the Master Issuer) in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Floating Rate Master Issuer Notes may be held) within such notification period notifying the Master Issuer or the Principal Paying Agent (acting on behalf of the Master Issuer) that such Noteholders do not consent to the Base Rate Modification.

If Noteholders representing at least 10 per cent. of the Aggregate Principal Amount Outstanding of the most senior Class of Floating Rate Master Issuer Notes then outstanding have notified the Master Issuer or the Principal Paying Agent (acting on behalf of the Master Issuer) in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Floating Rate Master Issuer Notes may be held) within the notification period referred to above that they do not consent to the Base Rate Modification, then such Base Rate Modification will not be made unless an Extraordinary Resolution of the Noteholders of the most senior Class of Floating Rate Master Issuer Notes then outstanding is passed in favour of such Base Rate Modification in accordance with this Condition 12.

Objections made other than through the applicable clearing system must be in writing and accompanied by evidence to the Note Trustee's satisfaction (having regard to prevailing market practices) of the relevant Noteholder's holding of the Master Issuer Notes.

Nothing in this paragraph (b) affects the rights of the Noteholders of Master Issuer Notes issued prior to 12 May 2023 in relation to amendments to the Funding Swaps.

Notwithstanding anything to the contrary in this Condition 12 or any Transaction Document, when implementing any Base Rate Modification pursuant to this Condition 12.5(b):

- (1) the Note Trustee shall not consider the interests of the Noteholders, any other Secured Creditor or any other person and shall act and rely solely, and without further enquiry or liability, on any certificate (including any Base Rate Modification Certificate) or evidence provided to it by the Master Issuer or the Master Issuer Cash Manager acting on behalf of the Master Issuer and shall not be liable to the Noteholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such Base Rate Modification is or may be materially prejudicial to the interests of any such person; and
- (2) the Note Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Note Trustee, would have the effect of (i) exposing the Note Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction and/or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Note Trustee in the Master Issuer Transaction Documents and/or these Conditions.

For the avoidance of doubt, the Master Issuer (or the Master Issuer Cash Manager, acting on behalf of the Master Issuer) may propose an Alternative Base Rate on more than one occasion provided that the conditions set out in this Condition 12.5(b) are satisfied.

Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes

Notwithstanding the provisions of Condition 5.2(b)(ii) (*Interest on Floating Rate Master Issuer Notes—Rate of interest—Screen rate determination for Floating Rate Master Issuer Notes*) and Condition 12.5(b) (*Modifications and Determinations by Note Trustee*), if the Designated Transaction

Representative determines on or prior to the relevant Interest Determination Date that a Benchmark Transition Event has occurred with respect to SOFR, then the Note Trustee shall be obliged, without the consent or sanction of the Noteholders (including without the requirement to provide to noteholders an opportunity to object) or any confirmation from any Rating Agencies, to concur with the Designated Transaction Representative, and to direct the Master Issuer Security Trustee and the Security Trustee to concur with the Designated Transaction Representative, in making any modification (other than a Basic Terms Modification, provided that neither replacing the then-current Benchmark with the Benchmark Replacement nor any Benchmark Replacement Conforming Changes (each as defined below) shall constitute Basic Terms Modifications) of these Conditions or any of the Transaction Documents solely with respect to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to SOFR and issued on or after 12 May 2023 that the Designated Transaction Representative decides may be appropriate to give effect to the provisions set forth under this section titled “*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*” in relation only to all determinations of the rate of interest payable on any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to SOFR (and any related swap agreements) and issued on or after 12 May 2023:

- I. If the Designated Transaction Representative determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any determination of the Benchmark on any date applicable to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes in respect of such determination on such date and all determinations on all subsequent dates.
- II. In connection with the implementation of a Benchmark Replacement with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes, the Designated Transaction Representative will have the right to make Benchmark Replacement Conforming Changes with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes from time to time.
- III. Any determination, decision or election that may be made by the Designated Transaction Representative pursuant to this section titled “*Effect of Benchmark Transition Event SOFR linked Floating Rate Master Issuer Notes*”, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, in each case, solely with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes, will be conclusive and binding absent manifest error, may be made in the Designated Transaction Representative’s sole discretion, and, notwithstanding anything to the contrary in the documentation relating to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes, shall become effective without consent, sanction or absence of objection from any other party (including Noteholders).
- IV. The following definitions shall apply to this section titled “*Effect of Benchmark Transition Event SOFR linked Floating Rate Master Issuer Notes*”:

Benchmark means, initially, SOFR; provided that if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to SOFR, or the then-current Benchmark, then “Benchmark” means the applicable Benchmark Replacement.

Benchmark Replacement means the first alternative set forth in the order below that can be determined by the Designated Transaction Representative as of the Benchmark Replacement Date:

- (1) the sum of: (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark for the applicable Corresponding Tenor and (b) the Benchmark Replacement Adjustment;
- (2) the sum of: (a) the ISDA Fallback Rate and (b) the Benchmark Replacement Adjustment;

- (3) the sum of: (a) the alternate rate of interest that has been selected by the Designated Transaction Representative as the replacement for the then-current Benchmark for the applicable Corresponding Tenor giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes, at such time and (b) the Benchmark Replacement Adjustment.

Benchmark Replacement Adjustment means the first alternative set forth in the order below that can be determined by the Designated Transaction Representative as of the Benchmark Replacement Date:

- (1) the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected, endorsed or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;
- (2) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, then the ISDA Fallback Adjustment;
- (3) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Designated Transaction Representative giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes at such time.

Benchmark Replacement Conforming Changes means, with respect to any Benchmark Replacement, any technical, administrative or operational changes with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes (including changes to the definition of "Interest Period", timing and frequency of determining rates and making payments of interest, changes to the definition of "Corresponding Tenor" solely when such tenor is longer than the Interest Period and other administrative matters) and any related swap agreements that the Designated Transaction Representative decides may be appropriate to reflect the adoption of such Benchmark Replacement with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes in a manner substantially consistent with market practice (or, if the Designated Transaction Representative decides that adoption of any portion of such market practice is not administratively feasible or if the Designated Transaction Representative determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Designated Transaction Representative determines is reasonably necessary).

Benchmark Replacement Date means:

- (1) in the case of paragraph (1) or (2) of the definition of "Benchmark Transition Event," the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the relevant Benchmark permanently or indefinitely ceases to provide such Benchmark, or
- (2) in the case of paragraph (3) of the definition of "Benchmark Transition Event," the date of the public statement or publication of information;

provided, however, that on or after the 60th day preceding the date on which such Benchmark Replacement Date would otherwise occur (if applicable), the Designated Transaction Representative may give written notice to holders of any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes in which the Designated Transaction Representative designates an earlier date (but not earlier than the 30th day following such notice) and represents that such earlier date will facilitate an orderly transition of any SOFR linked U.S. dollar denominated Floating Rate Master

Issuer Notes to the Benchmark Replacement, in which case such earlier date shall be the Benchmark Replacement Date.

For the avoidance of doubt, if the event giving rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination.

Benchmark Transition Event means the occurrence of one or more of the following events with respect to the then-current Benchmark (including any daily published component used in the calculation thereof):

- (1) a public statement or publication of information by or on behalf of the administrator of the Benchmark announcing that the administrator has ceased or will cease to provide the Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark;
- (2) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark, the central bank for the currency of the Benchmark, an insolvency official with jurisdiction over the administrator for the Benchmark, a resolution authority with jurisdiction over the administrator for the Benchmark or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark has ceased or will cease to provide the Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark; or
- (3) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative.

Compounded SOFR means, for purposes of determining a replacement benchmark pursuant to this section titled "*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*", the compounded average of SOFRs for the applicable Corresponding Tenor, with the rate, or methodology for this rate, and conventions for this rate (which, for example, may be compounded in arrears with a lookback and/or suspension period as a mechanism to determine the interest amount payable prior to the end of each Interest Period or compounded in advance) being established by the Designated Transaction Representative in accordance with:

- (1) the rate, or methodology for this rate, and conventions for this rate selected or recommended by the Relevant Governmental Body for determining compounded SOFR; provided that:
- (2) if, and to the extent that, the Designated Transaction Representative determines that Compounded SOFR cannot be determined in accordance with paragraph (1) above, then the rate, or methodology for this rate, and conventions for this rate that have been selected by the Designated Transaction Representative giving due consideration to any industry-accepted market practice for similar U.S. dollar denominated securitisation transactions at such time.

Corresponding Tenor with respect to a Benchmark Replacement means a tenor (including overnight) having approximately the same length (disregarding business day adjustment) as the applicable tenor for the then-current Benchmark.

Designated Transaction Representative means, with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes and a particular obligation to be

performed in connection with the transition to a Benchmark Replacement, the Master Issuer (acting on the advice of the Master Issuer Cash Manager).

Federal Reserve Bank of New York's Website means the website of the Federal Reserve Bank of New York at <http://www.newyorkfed.org>, or any successor source (for the avoidance of doubt, this website (and/or any successor source) and the contents thereof do not form part of this supplement).

Interpolated Benchmark with respect to the Benchmark, means the rate determined for the Corresponding Tenor by interpolating on a linear basis between: (1) the Benchmark for the longest period (for which the Benchmark is available) that is shorter than the Corresponding Tenor and (2) the Benchmark for the shortest period (for which the Benchmark is available) that is longer than the Corresponding Tenor.

ISDA Definitions means the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. or any successor thereto, as amended or supplemented from time to time, or any successor definitional booklet for interest rate derivatives published from time to time.

ISDA Fallback Adjustment means the spread adjustment, (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA Definitions to be determined upon the occurrence of an index cessation event with respect to the Benchmark for the applicable tenor.

ISDA Fallback Rate means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of an index cessation date with respect to the Benchmark for the applicable tenor excluding the applicable ISDA Fallback Adjustment.

Reference Time with respect to any determination of the Benchmark means (1) if the Benchmark is SOFR, 3:00 p.m. (London time) on the day that is two London business days preceding the date of such determination, and (2) if the Benchmark is not SOFR, the time determined by the Designated Transaction Representative in accordance with the Benchmark Replacement Conforming Changes.

Relevant Governmental Body means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto.

SOFR with respect to any day means the secured overnight financing rate published for such day by the Federal Reserve Bank of New York, as the administrator of the benchmark, (or a successor administrator) on the Federal Reserve Bank of New York's Website.

Term SOFR means the forward-looking term rate for the applicable Corresponding Tenor based on SOFR that has been selected or recommended by the Relevant Governmental Body.

Unadjusted Benchmark Replacement means the Benchmark Replacement excluding the applicable Benchmark Replacement Adjustment.

- V. To the extent that there is any inconsistency between the conditions set out in this section titled "*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*" and any other Condition, the statements in this section shall prevail with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes.
- VI. Nothing in this section titled "*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*" affects the rights of the Noteholders of Master Issuer Notes other than any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes.
- VII. Notwithstanding anything to the contrary in this section titled "*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*" or any Transaction Document, when implementing any replacement of the then-current Benchmark with the Benchmark

Replacement or any Benchmark Replacement Conforming Changes pursuant to this section:

- a. the Note Trustee shall not consider the interests of the Noteholders, any other Secured Creditor or any other person and shall act and rely solely, and without further enquiry or liability, on any certificate or evidence provided to it (including but not limited to any certificate which is required to be provided pursuant to the Trust Deed) by the Master Issuer or the Master Issuer Cash Manager acting on behalf of the Master Issuer and shall not be liable to the Noteholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such replacement of the then-current Benchmark with the Benchmark Replacement or any Benchmark Replacement Conforming Changes is or may be materially prejudicial to the interests of any such person; and
- b. the Note Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Note Trustee, would have the effect of (i) exposing the Note Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction and/or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Note Trustee in the Master Issuer Transaction Documents and/or these Conditions.

VIII. For the avoidance of doubt, the Master Issuer (or the Master Issuer Cash Manager, acting on behalf of the Master Issuer) may propose that a Benchmark Replacement replace the then-current Benchmark and any Benchmark Replacement Conforming Changes on more than one occasion provided that the conditions set out in this section titled "*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*" are satisfied.

(c) Without prejudice to (i) Clauses 19.1, 19.2, 19.3 and 19.4 of the Trust Deed and (ii) Clause 25.8 of the Funding Deed of Charge, subject to Clause 19.5(b) of the Trust Deed, the Note Trustee shall, without the consent of any holders of any Series or Class of Notes, be required to give its consent to any modifications to any Funding Agreement or the Master Definitions and Construction Schedule that are requested by Funding or the Cash Manager, provided that Funding or the Cash Manager, as the case may be, has certified to the Note Trustee in writing that such modifications are required in order to accommodate:

- (i) Master Issuer Notes to be issued and/or Master Issuer Term Advances to be made available by the Master Issuer to Funding under the Master Intercompany Loan Agreement;
- (ii) the entry by Funding into New Intercompany Loan Agreements, the issue of new types of notes by New Issuers or the issue of notes by Funding directly;
- (iii) the addition of other relevant Funding Secured Creditors to the Transaction Documents;
- (iv) the assignment of New Loans or their Related Security to the Mortgages Trustee;
- (v) amendments to the representations and warranties set out in Schedule 1 of the Mortgage Sale Agreement;
- (vi) changes to the Funding Reserve Fund Required Amount, the Funding Liquidity Reserve Required Amount and/or the manner in which the Funding Reserve Fund or the Funding Liquidity Reserve Fund is funded;
- (vii) different Interest Payment Dates and/or Interest Periods for any Master Issuer Notes to be issued by the Master Issuer (including modification of the Interest Payment Dates and/or Interest Periods and/or the basis for the calculation of interest in respect of any outstanding Master Issuer Notes) and/or different Interest Payment Dates and/or Interest Periods (including modification of the basis for the calculation of interest) in respect of any outstanding Master Issuer Term Advances under the Master Intercompany Loan Agreement, and consequential modifications in respect of (i) the amounts payable under, the rates for

calculating the amounts payable under and the periods for payment and the dates for payment under the Funding Swap Agreements and (ii) the amounts payable under, the rates for calculating the amounts payable under and the periods for payment under and the dates for payment under the Master Issuer Swap Agreements; and/or

- (viii) compliance by the Master Issuer, with respect only to Master Issuer Notes issued on or after 27 August 2013, with any requirements which apply to it under European Regulation 648/2012 of 4 July 2012, known as the European Market Infrastructure Regulation (**EU EMIR**) and Regulation 348/2012 of the European Parliament and Council on OTC derivatives, central counterparties and trade repositories dated 4 July 2012, as it forms part of UK domestic law by virtue of the EUWA (**UK EMIR**) and which accordingly will be mandatory under EU EMIR and/or UK EMIR irrespective of whether such modifications are materially prejudicial to the interests of the Noteholders of any Series or Class of Notes or any other Master Issuer Secured Creditor and provided such modifications do not relate to a Basic Terms Modification. The Note Trustee shall not be obliged to agree to any modification pursuant to this Condition 12.5(c)(viii) which (in the sole opinion of the Note Trustee) would have the effect of (a) exposing the Note Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction; and/or (b) increasing the obligations or duties, or decreasing the protections of the Note Trustee in the Transaction Documents and/or the Conditions of the Master Issuer Notes. The Noteholders and the Master Issuer Secured Creditors shall be deemed to have instructed the Note Trustee to concur with such EMIR amendments and shall be bound by them regardless of whether they are materially prejudicial to their interests.

Any modification, waiver, authorisation or determination made pursuant to this Condition 12.5 shall be binding on the Noteholders and, unless the Note Trustee agrees otherwise, any such modification shall be notified to the Noteholders and the Rating Agencies in accordance with **Condition 12.10** as soon as practicable thereafter.

12.6 Redenomination

The Note Trustee may agree, without the consent of the Holders of the Sterling Notes on or after the Specified Date (as defined below), to such modifications to the Sterling Notes and the Trust Deed in respect of redenomination of such Sterling Notes in euro and associated reconventioning, renominatisation and related matters in respect of such Sterling Notes as may be proposed by the Master Issuer (and confirmed by an independent financial institution approved by the Note Trustee to be in conformity with then applicable market conventions) and to provide for redemption at the euro equivalent of the sterling principal amount of the Sterling Notes. For these purposes, **Specified Date** means the date on which the United Kingdom participates in the third stage of European economic and monetary union pursuant to the Treaty establishing the European Community, as amended by the Treaty on European Union, or otherwise participates in European economic and monetary union in a manner with an effect similar to such third stage.

Any such modification shall be binding on the Holders of the Sterling Notes and, unless the Note Trustee agrees otherwise, any such modification shall be notified to such Noteholders in accordance with **Condition 12.10** as soon as practicable thereafter.

12.7 Exercise of Note Trustee's or Master Issuer Security Trustee's Functions

Where the Note Trustee or the Master Issuer Security Trustee is required, in connection with the exercise of its powers, trusts, authorities, duties and discretions under these Conditions or any Transaction Document, to have regard to the interests of the Noteholders of any Class, it shall have regard to the interests of such Noteholders as a class and, in particular but without prejudice to the generality of the foregoing, neither the Note Trustee nor the Master Issuer Security Trustee shall have regard to, or be in any way liable for, the consequences of such exercise for individual Noteholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory. In connection with any such exercise, neither the Note Trustee nor the Master Issuer Security Trustee shall be entitled to require, and no Noteholder shall be entitled to claim, from the Master Issuer or any other person, any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders.

12.8 Indemnification of the Note Trustee and the Master Issuer Security Trustee

The Trust Deed and the Master Issuer Deed of Charge set out certain provisions for the benefit of the Note Trustee and the Master Issuer Security Trustee. The following is a summary of such provisions and is subject to the more detailed provisions of the Trust Deed and the Master Issuer Deed of Charge.

The Master Issuer Transaction Documents contain provisions governing the responsibility (and relief from responsibility) of the Note Trustee and the Master Issuer Security Trustee, respectively, and providing for its indemnification in certain circumstances, including, among others, provisions relieving the Master Issuer Security Trustee from taking enforcement proceedings or enforcing the Master Issuer Security unless indemnified and/or secured and/or pre-funded to its satisfaction.

The Note Trustee and the Master Issuer Security Trustee and their related companies are entitled to enter into business transactions with the Master Issuer, the Master Issuer Cash Manager and/or the related companies of any of them and to act as note trustee or security trustee, for the holders of any new notes and/or any other person who is a party to any Master Issuer Transaction Document or whose obligations are comprised in the Master Issuer Security and/or any of their subsidiary or associated companies without accounting for any profit resulting therefrom.

Neither the Note Trustee nor the Master Issuer Security Trustee will be responsible for any loss, expense or liability which may be suffered as a result of any assets comprised in the Master Issuer Security, or any deeds or documents of title thereto, being uninsured or inadequately insured or being held by clearing organisations or their operators or by intermediaries such as banks, brokers or other similar persons on behalf of the Note Trustee and/or the Master Issuer Security Trustee, as applicable.

Furthermore, the Note Trustee and the Master Issuer Security Trustee will be relieved of liability for making searches or other inquiries in relation to the assets comprising the Master Issuer Security. The Note Trustee and the Master Issuer Security Trustee do not have any responsibility in relation to the legality and the enforceability of the trust arrangements, the related Master Issuer Security and the Transaction Documents. Neither the Note Trustee nor the Master Issuer Security Trustee will be obliged to take any action that might result in its incurring personal liabilities. Neither the Note Trustee nor the Master Issuer Security Trustee is obliged to monitor or investigate the performance of any other person under the Master Issuer Transaction Documents and is entitled to assume, until it has actual knowledge to the contrary, that all such persons are properly performing their duties, unless it receives express notice to the contrary.

Neither the Note Trustee nor the Master Issuer Security Trustee will be responsible for any deficiency that may arise because it is liable to tax in respect of the proceeds of any Master Issuer Security.

12.9 Replacement of Master Issuer Notes

If Definitive Notes are lost, stolen, mutilated, defaced or destroyed, the Noteholder can replace them at the Specified Office of any Paying Agent subject to all applicable laws and stock exchange requirements. The Noteholder will be required both to pay the expenses of producing a replacement and to comply with the Master Issuer's, the Registrar's and the Paying Agent's reasonable requests for evidence and indemnity.

If a Global Note is lost, stolen, mutilated, defaced or destroyed, the Master Issuer will deliver a replacement Global Note to the registered holder upon receipt of satisfactory evidence and surrender of any defaced or mutilated Global Note. A replacement will only be made upon payment of the expenses for a replacement and compliance with the Master Issuer's, Registrar's and Paying Agents' reasonable requests as to evidence and indemnity.

Defaced or mutilated Master Issuer Notes must be surrendered before replacements will be issued.

12.10 Notice to Noteholders

(a) Publication of Notice

Any notice to Noteholders shall be validly given if such notice is:

- (i) published on the Relevant Screen; and

- (ii) for so long as the Master Issuer Notes are admitted to trading on the main market of the London Stock Exchange and listed on the Official List of the Financial Conduct Authority, (A) published by delivery to the applicable clearing system, or (B) any notice shall also be published in accordance with the relevant listing rules and regulations.

The transfer of a Master Issuer Note will be effected without charge by or on behalf of the Master Issuer, the Registrar or any Transfer Agent, but against such indemnity as the Registrar or (as the case may be) any Transfer Agent may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such transfer.

Noteholders may not require transfers of Master Issuer Notes to be registered during the period of 15 days ending on the due date for any payment of principal or interest in respect of the Master Issuer Notes.

TARGET Business Day means a day on which the T2 system is open for the settlement of payments in euro.

Compounded Daily €STR (Index Determination)

Where **Screen Rate Determination**, **Overnight Rate** and **Index Determination** are specified as "Applicable" and the **Reference Rate** is specified as being "Compounded Daily €STR" for a Floating Rate Master Issuer Note in the applicable Final Terms, the following provisions shall apply and the Rate of Interest for each Interest Period will, subject as provided below, be Compounded Daily €STR plus or minus (as indicated in the applicable Final Terms) the Margin (if any), as calculated by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms).

Compounded Daily €STR means, in relation to an Interest Period, the rate of return of a daily compound interest investment (with the daily Euro Short-Term Rate as the Reference Rate for the calculation of interest) and will be calculated by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) on the Interest Determination Date (i) as further specified in the applicable Final Terms; or (ii) in accordance with the following formula, and the resulting percentage will be rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left(\frac{\text{€STR Index}_{\text{End}}}{\text{€STR Index}_{\text{Start}}} - 1 \right) \times \frac{360}{d}$$

where:

d means the number of calendar days from (and including) the day in relation to which €STR Index_{Start} is determined to (but excluding) the day in relation to which €STR Index_{End} is determined;

Designated Source means, as specified in the applicable Final Terms:

- (a) the €STR Administrator's Website; or
- (b) such other screen page, display page or other information service of a distributor or other information service provider that is authorised by the €STR Administrator to publish or otherwise make available the €STR Index, as specified in the applicable Final Terms, or any successor thereto or replacement thereof (and if any such screen page, display page or other information service

is temporarily unavailable, as otherwise published by such distributor or other information service provider),

provided that if the €STR Administrator's Website is specified as the Designated Source in the applicable Final Terms but ceases to so publish or make available such rate, the Designated Source shall be such other screen page, display page or other information service of a distributor or other information service provider that is authorised by the €STR Administrator to publish or otherwise make available the €STR Index, as selected by the Master Issuer and notified to Noteholders and the Principal Paying Agent in accordance with **Condition 12.10**;

€STR Index means, unless otherwise defined in the applicable Final Terms, with respect to any TARGET Business Day, the screen rate or index for compounded daily €STR rates provided by the €STR Administrator that is published, displayed or made available on the Designated Source on the relevant Interest Determination Date;

€STR Index_{Start} means, with respect to an Interest Period, the €STR Index value for the day which is p TARGET Business Days prior to the first day of such Interest Period;

€STR Index_{End} means, with respect to an Interest Period, the €STR Index value for the day which is p TARGET Business Days prior to (A) the Interest Payment Date for such Interest Period, or (B) such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period);

p means (save as specified in the applicable Final Terms) the number of TARGET Business Days included in the "Observation Look-back Period" specified in the applicable Final Terms; and

TARGET Business Day means a day on which the T2 system is open for the settlement of payments in euro.

If, as at any relevant Interest Determination Date, the relevant €STR Index is not published, displayed or made available on the Designated Source by 5.00 p.m. (Central European Time) (or, if later, by the time falling one hour after the customary or scheduled time for publication thereof in accordance with the then-prevailing operational procedures of the €STR Administrator or such other authorised distributor or information service provider, as the case may be) the Compounded Daily €STR for the applicable Interest Period for which the relevant €STR Index is not available shall be "Compounded Daily €STR" determined as set out under the section entitled "Compounded Daily €STR (Non-Index Determination)" above and as if Index Determination were specified in the applicable Final Terms as being "Not Applicable", and for these purposes: (i) the "Observation Method" shall be deemed to be "Shift"; and (ii) the "Observation Look-Back Period" shall be deemed to be equal to p TARGET Business Days, as if such alternative elections had been made in the applicable Final Terms.

If, in respect of any TARGET Business Day in the relevant €STR Observation Period or the relevant Interest Period (as the case may be), the €STR reference rate is not available on the Designated Source, such €STR reference rate shall be the €STR reference rate for the first preceding TARGET Business Day in respect of which an €STR reference rate was published on the Designated Source, as determined by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms).

Notwithstanding the paragraph above, in the event the European Central Bank publishes guidance as to (i) how the €STR reference rate is to be determined; or (ii) any rate that is to replace the €STR reference rate, the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) shall, subject to receiving written Instructions from the Master Issuer and to the extent that it is

reasonably practicable, follow such guidance in order to determine Daily €STR for the purpose of the relevant Series of Floating Rate Master Issuer Notes for so long as the €STR reference rate is not available or has not been published by the Designated Source. To the extent that any amendments or modifications to the Conditions or the Transaction Documents are required in order for the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) to follow such guidance in order to determine Daily €STR, the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) shall have no obligation to act until such amendments or modifications have been made in accordance with the Conditions and the Transaction Documents.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Principal Paying Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms), the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Period); or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Series of Floating Rate Master Issuer Notes for the first Interest Period had the Floating Rate Master Issuer Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Period).

If the relevant Series of Floating Rate Master Issuer Notes become due and payable in accordance with Condition 10, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Final Terms, be deemed to be the date on which such Floating Rate Master Issuer Notes became due and payable and the Rate of Interest on such Floating Rate Master Issuer Notes shall, for so long as any such Floating Rate Master Issuer Note remains outstanding, be that determined on such date.

Other Reference Rates

Where **Screen Rate Determination** is specified as "Applicable" for a Floating Rate Master Issuer Note and the Reference Rate is specified as being EURIBOR in the applicable Final Terms, the following provisions shall apply and the Rate of Interest for each Interest Period will, subject as provided below, be the published rate for EURIBOR which appears on the Relevant Screen Page as at 11.00 a.m. Brussels time (or such other time as specified in the applicable Final Terms) on the Interest Determination Date in question plus or minus the Margin (if any) as determined by the Agent Bank.

If the Relevant Screen Page is not available or no published rate for EURIBOR appears, unless both an Index Cessation Event and an Index Cessation Event Effective Date have occurred, the Rate of Interest will be determined by the Agent Bank using the published rate for EURIBOR which appeared on the Relevant Screen Page as at 11.00 a.m. Brussels time (or such other time as specified in the applicable Final Terms) on the last preceding Business Day prior to the Interest Determination Date for which the Relevant Screen Page was available or in respect of which such published rate was available, plus or minus the Margin (if any).

If the Relevant Screen Page is not available or no published rate for EURIBOR appears at the Specified Time, and both an Index Cessation Event and an Index Cessation Effective Date have occurred, the Rate of Interest shall be determined by the Agent Bank as if references in these Conditions to "EURIBOR" were references to the rate (inclusive of any spread(s) or adjustment(s)) that was recommended as the replacement for EURIBOR by the European Central Bank (or any successor thereof) or any relevant committee or other body

established, sponsored or approved by the European Central Bank (or any successor thereof), in each case for the purpose of recommending a replacement for such rate (and each such replacement rate having been notified in writing by the Master Issuer to the Agent Bank), provided that, if no such rate has been recommended before the end of the first Interest Determination Date following the date on which the relevant Index Cessation Event occurred, the Rate of Interest to be determined on such Interest Determination Date (and any other Interest Determination Date occurring prior to such recommendation having been made) shall be determined as the Rate of Interest as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

In this Condition:

Index Cessation Effective Date means the first date on which EURIBOR is no longer provided by the administrator of EURIBOR; and

Index Cessation Event means the occurrence of one or more of the following events in respect of EURIBOR:

(A) a public statement or publication of information by or on behalf of the administrator of EURIBOR announcing that it has ceased or will cease to provide or publish EURIBOR permanently or indefinitely, provided that, at the time of the statement or the publication, there is no successor administrator that will continue to provide EURIBOR; or

(B) a public statement or publication of information by the regulatory supervisor for the administrator of EURIBOR, the central bank for the currency of euro, an insolvency official with jurisdiction over the administrator of EURIBOR, a resolution authority with jurisdiction over the administrator of EURIBOR or a court or an entity with similar insolvency or resolution authority over the administrator of EURIBOR, which states that the administrator of EURIBOR has ceased or will cease to provide EURIBOR permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide EURIBOR.

(c) *Minimum rate of interest and/or maximum rate of interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for a Floating Rate Master Issuer Note for any Interest Period, then, in the event that the Rate of Interest for such note in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such note for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for such note for any Interest Period, then, in the event that the Rate of Interest for such note in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such note for such Interest Period shall be such Maximum Rate of Interest.

(d) *Determination of rate of interest and calculation of interest amounts*

The Agent Bank will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period (provided that no provision of these Conditions or the Paying Agent and Agency Bank Agreement shall require an Agent to do anything which may be illegal or contrary to applicable law or regulation).

The Agent Bank will calculate the amount of interest payable on the Floating Rate Master Issuer Notes in respect of each Specified Denomination (each an **Interest Amount**) for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to the Principal Amount Outstanding of each Master Issuer Note, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit (as defined in Condition 5.6 (Business Day, Business

Day Convention, Day Count Fractions and other adjustments)) of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

(e) *Notification of rate of interest and interest amounts*

The Agent Bank will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Note Trustee, the Master Issuer Security Trustee, the Master Issuer Cash Manager, the Paying Agents, the Registrar and to any stock exchange or other relevant competent authority or quotation system on which the relevant Floating Rate Master Issuer Notes are for the time being listed, quoted and/or traded or by which they have been admitted to listing and to be published in accordance with **Condition 12.10** as soon as possible after their determination but in no event later than the fourth Business Day (as defined in **Condition 5.6** (*Business Day, Business Day Convention, Day Count Fractions and other adjustments*)) thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. Any such amendment or alternative arrangements will be promptly notified to the Note Trustee and each stock exchange or other relevant authority on which the relevant Floating Rate Master Issuer Notes are for the time being listed or by which they have been admitted to listing and to the Noteholders in accordance with **Condition 12.10**.

(f) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this **Condition 5.2**, whether by the Agent Bank or the Calculation Agent (as defined in **Condition 5.2(b)(i)**) or the Note Trustee shall (in the absence of wilful default, bad faith or manifest error) be binding on the Master Issuer, the Master Issuer Cash Manager, the Principal Paying Agent, the Calculation Agent, the other Paying Agents, the Note Trustee and all Noteholders and (in the absence of wilful default or bad faith) no liability to the Master Issuer or the Noteholders shall attach to the Agent Bank or the Calculation Agent or the Note Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

5.3 **Accrual of interest**

Interest (if any) will cease to accrue on each Master Issuer Note (or in the case of the redemption of part only of a Master Issuer Note, that part only of such note) on the due date for redemption thereof unless, upon due presentation thereof, payment of principal is improperly withheld or refused in which event, interest will continue to accrue until the earlier of:

- (a) the date on which all amounts due in respect of such note have been paid; and
- (b) the seventh day after notice is duly given by the Principal Paying Agent or the U.S. Paying Agent (as the case may be) to the Holder thereof that such payment will be made, provided that subsequently, payment is in fact made.

5.4 **Deferred interest**

To the extent that, subject to and in accordance with the relevant Master Issuer Priority of Payments, the funds available to the Master Issuer to pay interest on any Series and Class (or Sub-Class) of Master Issuer Notes (other than the most senior Class (or Sub-Class) of Master Issuer Notes of any Series then outstanding) on an Interest Payment Date (after discharging the Master Issuer's liabilities of a higher priority) are insufficient to pay the full amount of such interest, payment of the shortfall attributable to such Series and Class (or Sub-Class) of Master Issuer Notes (**Deferred Interest**) will not then fall due but will instead be deferred until the first Interest Payment Date for such notes thereafter on which sufficient funds are available (after allowing for the Master Issuer's liabilities of a higher priority and subject to and in accordance with the relevant Master Issuer Priority of Payments) to fund the payment of such Deferred Interest to the extent of such available funds.

Such Deferred Interest will accrue interest (**Additional Interest**) at the rate of interest applicable from time to time to the applicable Series and Class (or Sub-Class) of Master Issuer Notes and payment of any Additional Interest will also be deferred until the first Interest Payment Date for such notes thereafter on which funds are available (after allowing for the Master Issuer's liabilities of a higher priority subject to and in

accordance with the relevant Master Issuer Priority of Payments) to the Master Issuer to pay such Additional Interest to the extent of such available funds.

Amounts of Deferred Interest and Additional Interest shall not be deferred beyond the Final Maturity Date of the applicable Series and Class (or Sub-Class) of Master Issuer Notes, when such amounts will become due and payable.

Payments of interest due on an Interest Payment Date in respect of the most senior Class of Master Issuer Notes of any Series then outstanding will not be deferred. In the event of the delivery of a Note Enforcement Notice (as described in **Condition 10**), the amount of interest in respect of such Master Issuer Notes that was due but not paid on such Interest Payment Date will itself bear interest at the applicable rate until both the unpaid interest and the interest on that interest are paid as provided in the Trust Deed.

5.5 Interest Where There is an Increase Amount of a Class Z Variable Funding Note

If, in the Floating Interest Period immediately preceding an Interest Payment Date, there has been a subscription of an Increase Amount in respect of a Class Z Variable Funding Note pursuant to **Condition 6.10** below, the Interest payable shall be determined as the sum of:

(a) the interest determined as being payable in respect of the Class Z Variable Funding Note as if the Principal Amount Outstanding were the Principal Amount Outstanding of the Class Z Variable Funding Note at the beginning of such Floating Interest Period; plus

(b) the interest determined as being payable in respect of each Increase Amount made in such Floating Interest Period calculated on the basis set out in **Condition 5.2** as if references in **Condition 5.2** to the Principal Amount Outstanding in respect of such Class Z Variable Funding Note were to the Increase Amount and the Floating Interest Period in respect of such Increase Amount commenced on the Increase Date. The Rate of Interest in respect of any Increase Amount made on an Increase Date which is not an Interest Payment Date shall be the same rate as that determined in respect of the Principal Amount Outstanding of the Class Z Variable Funding Note immediately prior to such Increase Date or such other rate as may be specified in the applicable Final Terms in respect of such Class Z Variable Funding Note.

In all other cases, the interest payable in respect of each Class Z Variable Funding Note shall be determined pursuant to **Condition 5.2** above.

5.6 Business Day, Business Day Convention, Day Count Fractions and other adjustments

In these Conditions, **Business Day** means a day which is both:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and any Additional Business Centre specified in the applicable Final Terms; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than London and any Additional Business Centre) or (2) in relation to any sum payable in euro, a day on which the real time gross settlement system operated by the Eurosystem (or any successor system) ("**T2**") is open for settlement of payments in euro.

If a **Business Day Convention** is specified for a Fixed Rate Master Issuer note or a Floating Rate Master Issuer note in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (i) in any case where Specified Periods are specified in accordance with Condition 5.2(b)(ii) (*Screen Rate Determination for Floating Rate Master Issuer notes*), the "**Floating Rate Convention**", such Interest Payment Date (A) in the case of (x)

above, shall be the last day that is a Business Day in the relevant month and the provisions of (II) below shall apply mutatis mutandis, or (B) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (I) such Interest Payment Date shall be brought forward to the immediately preceding Business Day, and (II) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or

- (ii) the "**Following Business Day Convention**", the Interest Payment Date for such note shall be postponed to the next day which is a Business Day; or
- (iii) the "**Modified Following Business Day Convention**", the Interest Payment Date for such note shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (iv) the "**Preceding Business Day Convention**", the Interest Payment Date for such note shall be brought forward to the immediately preceding Business Day; or
- (v) the "**Modified Preceding Business Day Convention**", such Interest Payment Date shall be brought forward to the immediately preceding Business Day unless it would thereby fall into the previous calendar month, in which event such Interest Payment Date shall be postponed to the next day which is a Business Day.

Day Count Fraction means, in respect of the calculation of an amount of interest for a Fixed Rate Master Issuer note or a Floating Rate Master Issuer note in accordance with this **Condition 5**, for any Interest Period:

- (a) if **Actual/Actual (ICMA)** is specified for such note in the applicable Final Terms:
 - (i) in the case of Master Issuer Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date for such notes (or, if none, the Interest Commencement Date) to (but excluding) the relevant Interest Payment Date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (A) the number of days in such Determination Period and (B) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (ii) in the case of Master Issuer Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (I) the number of days in such Determination Period and (II) the number of Determination Dates that would occur in one calendar year; and
- (iii) if **Actual/365** or **Actual/Actual (ISDA)** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);

- (iv) if **Actual/365 (Fixed)** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (v) if **Actual/365 (Sterling)** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (vi) if **Actual/360** is specified for such note in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (vii) if **30/360, 360/360 or Bond Basis** is specified for such note in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with twelve 30-day months (unless (a) the last day of the Interest Period is the 31st day of a month but the first day of the Interest Period is a day other than the 30th or 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month, or (b) the last day of the Interest Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month)); and
- (viii) if **30E/360 or Eurobond Basis** is specified for such note in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with twelve 30-day months, without regard to the date of the first day or last day of the Interest Period unless, in the case of the final Interest Period, the Final Maturity Date is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month); and
- (ix) such other Day Count Fraction as may be specified in the applicable Final Terms Document.

As used in these Conditions, **Determination Period** means each period from and including a Determination Date (as defined in the applicable Final Terms) to but excluding the next Determination Date (including where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

If "**adjusted**" is specified in the applicable Final Terms against the Day Count Fraction, interest in respect of the relevant Interest Period shall be payable in arrear on the relevant Interest Payment Date and calculated from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date, as such Interest Payment Date shall, where applicable, be adjusted in accordance with the Business Day Convention.

If "**not adjusted**" is specified in the applicable Final Terms against the Day Count Fraction, interest in respect of the relevant Interest Period shall be payable in arrear on the relevant Interest Payment Date and calculated from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date, but such Interest Payment Dates shall not be adjusted in accordance with any Business Day Convention.

sub-unit means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, euro 0.01.

6. Redemption, Purchase and Cancellation

6.1 Final Redemption

Unless previously redeemed in full as provided in this **Condition 5.66**, the Master Issuer shall redeem a Series and Class (or Sub-Class) of Master Issuer Notes at their then Principal Amount Outstanding together with all accrued interest on the Final Maturity Date in respect of such Series and Class (or Sub-Class) of Master Issuer Notes.

The Master Issuer may not redeem such notes in whole or in part prior to their Final Maturity Date except as provided in **Conditions 6.2, 6.4 or 6.5**, but without prejudice to **Condition 10**.

6.2 Mandatory Redemption

On each Interest Payment Date, other than an Interest Payment Date on which a Series and Class (or Sub-Class) of Master Issuer Notes are to be redeemed under **Condition 6.1 above**, and **Conditions 6.4 and 6.5 below** and the Master Issuer shall repay principal in respect of such notes in an amount equal to the amount (if any) repaid on such Interest Payment Date in respect of the related Term Advance, and pursuant to, the Master Intercompany Loan Agreement converted, where the Specified Currency for such notes is not sterling, into the Specified Currency at the Specified Currency Exchange Rate for such notes.

To the extent that there are insufficient funds available to the Master Issuer to repay the amount due to be paid on such Interest Payment Date the Master Issuer will be required to repay the shortfall, to the extent that it receives funds therefor (and subject to the terms of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement) on subsequent Interest Payment Dates in respect of such notes.

6.3 Note Principal Payments, Principal Amount Outstanding and Pool Factor

The principal amount redeemable (the **Note Principal Payment**) in respect of each Master Issuer Note of a particular Series and Class (or Sub-Class) on any Interest Payment Date under **Condition 6.2** shall be a proportion of the amount required as at that Interest Payment Date to be applied in redemption of such Series and Class (or Sub-Class) of Master Issuer Notes on such date equal to the proportion that the Principal Amount Outstanding of the relevant Master Issuer Note bears to the aggregate Principal Amount Outstanding of such Series and Class (or Sub-Class) of Master Issuer Notes rounded down to the nearest sub-unit (as defined in Condition 5.6 (Business Day, Business Day Convention, Day Count Fractions and other adjustments) of the Specified Currency; provided always that no such Note Principal Payment may exceed the Principal Amount Outstanding of the relevant Master Issuer Note.

On each Note Determination Date the Master Issuer shall determine (or cause the Agent Bank to determine) (a) the amount of any Note Principal Payment payable in respect of each Master Issuer Note of the relevant Series and Class (or Sub-Class) on the immediately following Interest Payment Date and (b) the Principal Amount Outstanding of each such note which shall be the Specified Denomination plus (in the case of each Class Z Variable Funding Note) the aggregate of all relevant Increase Amounts, less the aggregate amount of all Note Principal Payments in respect of such note that has been paid since the relevant Closing Date and on or prior to that Note Determination Date (the **Principal Amount Outstanding**) and (c) the fraction expressed as a decimal to the fifth decimal point (the **Pool Factor**), of which the numerator is the Principal Amount Outstanding of such note (as referred to in (b) above) and the denominator is the Specified Denomination. Each determination by or on behalf of the Master Issuer of Note Principal Payment of a Master Issuer Note, the Principal Amount Outstanding of a Master Issuer Note and the Pool Factor shall in each case (in the absence of wilful default, bad faith or manifest error) be final and binding on all persons.

The Master Issuer will cause each determination of the Note Principal Payment and the Principal Amount Outstanding and the Pool Factor in respect of a Series and Class (or Sub-Class) of Master Issuer Notes to be notified forthwith, and in any event not later than 1.00 p.m. (London time) on the Business Day immediately succeeding the Note Determination Date, to the Note Trustee, the Master Issuer Security Trustee, the Paying Agents, the Agent Bank, the Registrar and (for so long as such notes are listed on one or more stock exchanges) the relevant stock exchanges, and will cause notice of each determination of the Note Principal Payment and the Principal Amount Outstanding to be given to Noteholders in accordance with **Condition 12.10** by no later than the Business Day after the relevant Interest Payment Date.

6.4 Optional Redemption in Full

Provided a Note Enforcement Notice has not been served and subject to the provisos below, upon giving not more than 60 nor less than 30 days' prior notice to the Note Trustee, the Noteholders and the relevant Master Issuer Swap Provider(s) in accordance with **Condition 12.10**, the Master Issuer may redeem a Series and Class (or Sub-Class) of Master Issuer Notes at their aggregate Redemption Amount together with any accrued and unpaid interest in respect thereof on the following dates:

- (a) the date specified as the Step-Up Date for such notes in the applicable Final Terms and on any Interest Payment Date for such notes thereafter; or
- (b) on any Interest Payment Date on which the aggregate Principal Amount Outstanding of such notes and all other Classes of Master Issuer Notes of the same Series is less than 10 per cent. of the aggregate Principal Amount Outstanding of such Series of Master Issuer Notes as at the Closing Date on which such Series of Master Issuer Notes were issued,
- (c) the date specified as the Optional Redemption Date for such notes in the applicable Final Terms and on each Interest Payment Date for such notes thereafter,

PROVIDED THAT (in either of the cases above), on or prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that (i) it will have the funds, not subject to any interest of any other person, required to redeem such notes as aforesaid and any amounts required to be paid in priority to or *pari passu* with such notes outstanding in accordance with the terms and conditions of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement and (ii) the Repayment Tests will be satisfied following the making of such redemptions and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof (without liability and without further investigation) in which event it shall be conclusive and binding on the Noteholders and all other persons.

6.5 Optional Redemption for Tax and other Reasons

Provided a Note Enforcement Notice has not been served, if the Master Issuer at any time satisfies the Note Trustee in writing immediately prior to the giving of the notice referred to below that on the next Interest Payment Date either:

- (a) the Master Issuer would by virtue of a change in the law or regulations of the United Kingdom or any other jurisdiction (or the application or interpretation thereof) be required to deduct or withhold from any payment of principal or interest or any other amount under a Series and Class (or Sub-Class) of Master Issuer Notes any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature (other than where the relevant Holder or beneficial owner has some connection with the relevant jurisdiction other than the holding of the Master Issuer Notes); or
- (b) Funding would be required to deduct or withhold from amounts due in respect of the Term Advance under the Master Intercompany Loan Agreement which was funded by such notes any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature; and
- (c) in relation to either the events described in (a) and (b) above, such obligation of the Master Issuer or Funding (as the case may be) cannot be avoided by the Master Issuer or Funding (as the case may be) taking reasonable measures available to the Master Issuer or Funding (as the case may be),

then the Master Issuer shall use its reasonable endeavours to arrange the substitution of a company incorporated in another jurisdiction approved by the Note Trustee as principal debtor under such notes and/or as lender of such Term Advance as the case may be, upon the Note Trustee being satisfied that (1) such substitution will not be materially prejudicial to the interests of the Noteholders of any Series and Class, and (2) upon the Master Issuer Security Trustee being satisfied that (A) the position of the Master Issuer Secured Creditors will not thereby be adversely affected, and (B) such substitution would not require registration of any new security under United States securities laws or materially increase the disclosure requirements under United States law or the costs of issuance. Only if the Master Issuer is unable to arrange a substitution will the Master Issuer be entitled to redeem the Master Issuer Notes as described in this **Condition 6.5**.

Subject to the proviso below, if the Master Issuer is unable to arrange a substitution as described above and, as a result, one or more of the events described in (a) and (b) above (as the case may be) is continuing, then the Master Issuer may, having given not more than 60 nor less than 30 days' notice to the Note Trustee, the Noteholders and the relevant Master Issuer Swap Provider(s) in accordance with

Condition 12.10, redeem all (but not some only) of such notes on the immediately succeeding Interest Payment Date for such notes at their aggregate Redemption Amount together with any accrued and unpaid interest in respect thereof provided that (in either case), prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee:

- (i) a certificate signed by two directors of the Master Issuer stating the circumstances referred to in (a) or (b) and (c) above prevail and setting out details of such circumstances; and
- (ii) an opinion in form and substance satisfactory to the Note Trustee of independent legal advisors of recognised standing to the effect that the Master Issuer and/or Funding has or will become obliged to deduct or withhold such amounts as a result of such change or amendment.

The Note Trustee shall be entitled to accept such certificate and opinion as sufficient evidence (without liability and without further investigation) of the satisfaction of the circumstance set out in (a) or (b) and (c) above, in which event they shall be conclusive and binding on the Noteholders. The Master Issuer may only redeem such notes as aforesaid, if on or prior to giving such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that it will have the funds, not subject to any interest of any other person, required to redeem such notes as aforesaid and any amounts required to be paid in priority to or *pari passu* with such notes outstanding in accordance with the terms and conditions of the Master Issuer Deed of Charge and the Master Issuer Cash Management Agreement and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof in which event it shall be conclusive and binding on the Noteholders and all other persons.

In addition to the foregoing, if, at any time, the Master Issuer delivers a certificate to Funding, the Note Trustee and the Master Issuer Security Trustee to the effect that it would be unlawful for the Master Issuer to make, fund or allow to remain outstanding a Term Advance made by it under the Master Intercompany Loan Agreement and stating that the Master Issuer may require Funding to prepay the relevant Term Advance on an Interest Payment Date subject to and in accordance with the provisions of the Master Intercompany Loan Agreement to the extent necessary to cure such illegality and the Master Issuer may redeem all (but not some only) of the relevant Master Issuer Notes at their Redemption Amount together with any accrued interest upon giving not more than 60 days' nor less than 30 days' (or such shorter period as may be required under any relevant law) prior written notice to the Master Issuer Security Trustee, the Note Trustee, the relevant Master Issuer Swap Provider(s) and the Noteholders in accordance with **Condition 12.10** provided that, prior to giving any such notice, the Master Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Master Issuer to the effect that it will have the funds, not subject to the interest of any other person, required to redeem the Master Issuer Notes as provided above and any amount to be paid in priority to or *pari passu* with the Master Issuer Notes and the Note Trustee shall be entitled to accept such certificate as sufficient evidence thereof (without liability and without further investigation) in which event it shall be conclusive and binding on the Noteholders and all other persons. Such monies received by the Master Issuer shall be used to redeem the relevant Master Issuer Notes in full, together with any accrued and unpaid interest on the equivalent Interest Payment Date.

6.6 Redemption Amounts

For the purposes of this **Condition 6.6, Redemption Amount** means, in respect of any Series and Class (or Sub-Class) of Master Issuer Notes, the amount specified in relation to such notes in the applicable Final Terms or, if not so specified in respect of each Master Issuer Note, the Principal Amount Outstanding of such note.

Each Holder of Called Notes also irrevocably authorises and instructs the Master Issuer, the Registrar, DTC, Euroclear or, as the case may be, Clearstream, Luxembourg to effect the transfer of its Called Notes on the relevant Interest Payment Date to Santander UK, in accordance with the relevant Final Terms and the rules for the time being of DTC, Euroclear or, as the case may be, Clearstream, Luxembourg.

Noteholders will not be charged commissions or expenses on payments.

The Master Issuer will at all times maintain a Paying Agent with a Specified Office in London and a U.S. Paying Agent with a Specified Office in New York and a Registrar. A Holder of a Master Issuer Note shall not be entitled to any interest or other payment in respect of any delay in payment resulting from the due date for a payment not being a Business Day.

7.6 Partial Payment

If a Paying Agent makes a partial payment in respect of any Master Issuer Note, the Master Issuer shall procure and the Registrar will ensure that the amount and date of such payment are noted on the Register and, in the case of partial payment upon presentation of a Master Issuer Note, that a statement indicating the amount and date of such payment is endorsed on the relevant Master Issuer Note.

In this **Condition 8**, the **relevant date**, in respect of a payment under a Master Issuer Note, is the date on which the payment in respect thereof first becomes due or (if the full amount of the monies payable in respect of those payments under all the Master Issuer Notes due on or before that date has not been duly received by the Principal Paying Agent or the Note Trustee on or prior to such date) the date on which, the full amount of such monies having been so received, notice to that effect is duly given to Noteholders in accordance with **Condition 12.10**.

All payments in respect of the Master Issuer Notes will be made without withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature unless the Master

Issuer or any relevant Paying Agent is required by applicable law to make any payment in respect of the Master Issuer Notes subject to any such withholding or deduction. In that event, the Master Issuer or such Paying Agent shall make such payment after such withholding or deduction has been made and shall account to the relevant authorities for the amount so required to be withheld or deducted. The Note Trustee may, at its discretion and without notice at any time and from time to time, take such steps or actions and institute such proceedings against the Master Issuer or any other person as it may think fit to enforce the provisions of the Master Issuer Notes, the Trust Deed (including these Conditions) or any of the other Master Issuer Transaction Documents to which it is a party and the Note Trustee may, at its discretion without notice, at any time after the Master Issuer Security has become enforceable (including after the service of a Note Enforcement Notice in accordance with **Condition 10**), instruct the Master Issuer Security Trustee to take such steps as it may think fit to enforce the Master Issuer Security. The Note Trustee shall not be bound to take such steps or institute such proceedings or give such instructions unless:

- (a) (subject in all cases to restrictions contained in the Trust Deed to protect the interests of any higher ranking Class of Noteholders) it shall have been so directed by an Extraordinary Resolution of the Class A Noteholders, the Class B Noteholders, the Class M Noteholders, the Class C Noteholders and the Class Z Noteholders (which for this purpose means the Holders of all Series of the Class A Notes, the Class B Notes, the Class M Notes, the Class C Notes or the Class Z Notes (as applicable)) or so requested in writing by the Holders of at least 25 per cent. in aggregate Principal Amount Outstanding of the Class A Notes, the Class B Notes, the Class M Notes, the Class C Notes and the Class Z Notes (as applicable) of all Series then outstanding; and

Amounts available for distribution after enforcement of the Master Issuer Security shall be distributed in accordance with the terms of the Master Issuer Deed of Charge.

No Noteholder shall be entitled to proceed directly against the Master Issuer unless the Note Trustee or the Master Issuer Security Trustee (as the applicable), having become bound so to do, fails to do so within a reasonable period and such failure shall be continuing, provided that no Class B Noteholder, Class M Noteholder, Class C Noteholder or Class Z Noteholder will be entitled to commence proceedings for the winding-up or administration of the Master Issuer at any time unless:

- there are no outstanding Master Issuer Notes of a Class with higher priority; or
- if Master Issuer Notes of a Class with higher priority are outstanding, there is consent of Noteholders of at least one quarter of the aggregate Principal Amount Outstanding of the Master Issuer Notes outstanding of the Class or Classes of Master Issuer Notes with higher priority or pursuant to an Extraordinary Resolution of the Holders of such Class of Master Issuer Notes.

Objections made other than through the applicable clearing system must be in writing and accompanied by evidence to the Note Trustee's satisfaction (having regard to prevailing market practices) of the relevant Noteholder's holding of the Master Issuer Notes.

For the avoidance of doubt, the Master Issuer (or the Master Issuer Cash Manager, acting on behalf of the Master Issuer) may propose an Alternative Base Rate on more than one occasion provided that the conditions set out in this Condition 12.5(b) are satisfied.

Notwithstanding the provisions of Condition 5.2(b)(ii) (*Interest on Floating Rate Master Issuer Notes—Rate of interest—Screen rate determination for Floating Rate Master Issuer Notes*) and Condition 12.5(b) (*Modifications and Determinations by Note Trustee*), if the Designated Transaction

Representative determines on or prior to the relevant Interest Determination Date that a Benchmark Transition Event has occurred with respect to SOFR, then the Note Trustee shall be obliged, without the consent or sanction of the Noteholders (including without the requirement to provide to noteholders an opportunity to object) or any confirmation from any Rating Agencies, to concur with the Designated Transaction Representative, and to direct the Master Issuer Security Trustee and the Security Trustee to concur with the Designated Transaction Representative, in making any modification (other than a Basic Terms Modification, provided that neither replacing the then-current Benchmark with the Benchmark Replacement nor any Benchmark Replacement Conforming Changes (each as defined below) shall constitute Basic Terms Modifications) of these Conditions or any of the Transaction Documents solely with respect to any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to SOFR and issued on or after 13 May 2024 that the Designated Transaction Representative decides may be appropriate to give effect to the provisions set forth under this section titled “*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*” in relation only to all determinations of the rate of interest payable on any U.S. dollar denominated Floating Rate Master Issuer Notes calculated by reference to SOFR (and any related swap agreements) and issued on or after 13 May 2024:

- I. If the Designated Transaction Representative determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any determination of the Benchmark on any date applicable to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes in respect of such determination on such date and all determinations on all subsequent dates.
- II. In connection with the implementation of a Benchmark Replacement with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes, the Designated Transaction Representative will have the right to make Benchmark Replacement Conforming Changes with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes from time to time.
- III. Any determination, decision or election that may be made by the Designated Transaction Representative pursuant to this section titled “*Effect of Benchmark Transition Event SOFR linked Floating Rate Master Issuer Notes*”, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, in each case, solely with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes, will be conclusive and binding absent manifest error, may be made in the Designated Transaction Representative’s sole discretion, and, notwithstanding anything to the contrary in the documentation relating to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes, shall become effective without consent, sanction or absence of objection from any other party (including Noteholders).
- IV. The following definitions shall apply to this section titled “*Effect of Benchmark Transition Event SOFR linked Floating Rate Master Issuer Notes*”:

Benchmark means, initially, SOFR; provided that if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to SOFR, or the then-current Benchmark, then “Benchmark” means the applicable Benchmark Replacement.

Benchmark Replacement means the first alternative set forth in the order below that can be determined by the Designated Transaction Representative as of the Benchmark Replacement Date:

- (1) the sum of: (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark for the applicable Corresponding Tenor and (b) the Benchmark Replacement Adjustment;
- (2) the sum of: (a) the ISDA Fallback Rate and (b) the Benchmark Replacement Adjustment;

- (3) the sum of: (a) the alternate rate of interest that has been selected by the Designated Transaction Representative as the replacement for the then-current Benchmark for the applicable Corresponding Tenor giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes, at such time and (b) the Benchmark Replacement Adjustment.

Benchmark Replacement Adjustment means the first alternative set forth in the order below that can be determined by the Designated Transaction Representative as of the Benchmark Replacement Date:

- (1) the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected, endorsed or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;
- (2) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, then the ISDA Fallback Adjustment;
- (3) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Designated Transaction Representative giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes at such time.

Benchmark Replacement Conforming Changes means, with respect to any Benchmark Replacement, any technical, administrative or operational changes with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes (including changes to the definition of "Interest Period", timing and frequency of determining rates and making payments of interest, changes to the definition of "Corresponding Tenor" solely when such tenor is longer than the Interest Period and other administrative matters) and any related swap agreements that the Designated Transaction Representative decides may be appropriate to reflect the adoption of such Benchmark Replacement with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes in a manner substantially consistent with market practice (or, if the Designated Transaction Representative decides that adoption of any portion of such market practice is not administratively feasible or if the Designated Transaction Representative determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Designated Transaction Representative determines is reasonably necessary).

Benchmark Replacement Date means:

- (1) in the case of paragraph (1) or (2) of the definition of "Benchmark Transition Event," the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the relevant Benchmark permanently or indefinitely ceases to provide such Benchmark, or
- (2) in the case of paragraph (3) of the definition of "Benchmark Transition Event," the date of the public statement or publication of information;

provided, however, that on or after the 60th day preceding the date on which such Benchmark Replacement Date would otherwise occur (if applicable), the Designated Transaction Representative may give written notice to holders of any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes in which the Designated Transaction Representative designates an earlier date (but not earlier than the 30th day following such notice) and represents that such earlier date will facilitate an orderly transition of any SOFR linked U.S. dollar denominated Floating Rate Master

Issuer Notes to the Benchmark Replacement, in which case such earlier date shall be the Benchmark Replacement Date.

For the avoidance of doubt, if the event giving rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination.

Benchmark Transition Event means the occurrence of one or more of the following events with respect to the then-current Benchmark (including any daily published component used in the calculation thereof):

- (1) a public statement or publication of information by or on behalf of the administrator of the Benchmark announcing that the administrator has ceased or will cease to provide the Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark;
- (2) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark, the central bank for the currency of the Benchmark, an insolvency official with jurisdiction over the administrator for the Benchmark, a resolution authority with jurisdiction over the administrator for the Benchmark or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark has ceased or will cease to provide the Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark; or
- (3) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative.

Compounded SOFR means, for purposes of determining a replacement benchmark pursuant to this section titled "*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*", the compounded average of SOFRs for the applicable Corresponding Tenor, with the rate, or methodology for this rate, and conventions for this rate (which, for example, may be compounded in arrears with a lookback and/or suspension period as a mechanism to determine the interest amount payable prior to the end of each Interest Period or compounded in advance) being established by the Designated Transaction Representative in accordance with:

- (1) the rate, or methodology for this rate, and conventions for this rate selected or recommended by the Relevant Governmental Body for determining compounded SOFR; provided that:
- (2) if, and to the extent that, the Designated Transaction Representative determines that Compounded SOFR cannot be determined in accordance with paragraph (1) above, then the rate, or methodology for this rate, and conventions for this rate that have been selected by the Designated Transaction Representative giving due consideration to any industry-accepted market practice for similar U.S. dollar denominated securitisation transactions at such time.

Corresponding Tenor with respect to a Benchmark Replacement means a tenor (including overnight) having approximately the same length (disregarding business day adjustment) as the applicable tenor for the then-current Benchmark.

Designated Transaction Representative means, with respect to any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes and a particular obligation to be

performed in connection with the transition to a Benchmark Replacement, the Master Issuer (acting on the advice of the Master Issuer Cash Manager).

Federal Reserve Bank of New York's Website means the website of the Federal Reserve Bank of New York at <http://www.newyorkfed.org>, or any successor source (for the avoidance of doubt, this website (and/or any successor source) and the contents thereof do not form part of this supplement).

Interpolated Benchmark with respect to the Benchmark, means the rate determined for the Corresponding Tenor by interpolating on a linear basis between: (1) the Benchmark for the longest period (for which the Benchmark is available) that is shorter than the Corresponding Tenor and (2) the Benchmark for the shortest period (for which the Benchmark is available) that is longer than the Corresponding Tenor.

ISDA Definitions means the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. or any successor thereto, as amended or supplemented from time to time, or any successor definitional booklet for interest rate derivatives published from time to time.

ISDA Fallback Rate means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of an index cessation date with respect to the Benchmark for the applicable tenor excluding the applicable ISDA Fallback Adjustment.

Reference Time with respect to any determination of the Benchmark means (1) if the Benchmark is SOFR, 3:00 p.m. (London time) on the day that is two London business days preceding the date of such determination, and (2) if the Benchmark is not SOFR, the time determined by the Designated Transaction Representative in accordance with the Benchmark Replacement Conforming Changes.

Relevant Governmental Body means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto.

SOFR with respect to any day means the secured overnight financing rate published for such day by the Federal Reserve Bank of New York, as the administrator of the benchmark, (or a successor administrator) on the Federal Reserve Bank of New York's Website.

Term SOFR means the forward-looking term rate for the applicable Corresponding Tenor based on SOFR that has been selected or recommended by the Relevant Governmental Body.

Unadjusted Benchmark Replacement means the Benchmark Replacement excluding the applicable Benchmark Replacement Adjustment.

- V. - VI. Nothing in this section titled "*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*" affects the rights of the Noteholders of Master Issuer Notes other than any SOFR linked U.S. dollar denominated Floating Rate Master Issuer Notes.
- VII. Notwithstanding anything to the contrary in this section titled "*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*" or any Transaction Document, when implementing any replacement of the then-current Benchmark with the Benchmark

Replacement or any Benchmark Replacement Conforming Changes pursuant to this section:

- a. the Note Trustee shall not consider the interests of the Noteholders, any other Secured Creditor or any other person and shall act and rely solely, and without further enquiry or liability, on any certificate or evidence provided to it (including but not limited to any certificate which is required to be provided pursuant to the Trust Deed) by the Master Issuer or the Master Issuer Cash Manager acting on behalf of the Master Issuer and shall not be liable to the Noteholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such replacement of the then-current Benchmark with the Benchmark Replacement or any Benchmark Replacement Conforming Changes is or may be materially prejudicial to the interests of any such person; and
- b. the Note Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Note Trustee, would have the effect of (i) exposing the Note Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction and/or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Note Trustee in the Master Issuer Transaction Documents and/or these Conditions.

VIII. For the avoidance of doubt, the Master Issuer (or the Master Issuer Cash Manager, acting on behalf of the Master Issuer) may propose that a Benchmark Replacement replace the then-current Benchmark and any Benchmark Replacement Conforming Changes on more than one occasion provided that the conditions set out in this section titled "*Effect of Benchmark Transition Event on SOFR linked Floating Rate Master Issuer Notes*" are satisfied.

(c) Without prejudice to (i) Clauses 19.1, 19.2, 19.3 and 19.4 of the Trust Deed and (ii) Clause 25.8 of the Funding Deed of Charge, subject to Clause 19.5(b) of the Trust Deed, the Note Trustee shall, without the consent of any holders of any Series or Class of Notes, be required to give its consent to any modifications to any Funding Agreement or the Master Definitions and Construction Schedule that are requested by Funding or the Cash Manager, provided that Funding or the Cash Manager, as the case may be, has certified to the Note Trustee in writing that such modifications are required in order to accommodate:

- (i) Master Issuer Notes to be issued and/or Master Issuer Term Advances to be made available by the Master Issuer to Funding under the Master Intercompany Loan Agreement;

calculating the amounts payable under and the periods for payment and the dates for payment under the Funding Swap Agreements and (ii) the amounts payable under, the rates for calculating the amounts payable under and the periods for payment under and the dates for payment under the Master Issuer Swap Agreements; and/or

The Note Trustee shall not be obliged to agree to any modification pursuant to this Condition 12.5(c)(viii) which (in the sole opinion of the Note Trustee) would have the effect of (a) exposing the Note Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction; and/or (b) increasing the obligations or duties, or decreasing the protections of the Note Trustee in the Transaction Documents and/or the Conditions of the Master Issuer Notes. The Noteholders and the Master Issuer Secured Creditors shall be deemed to have instructed the Note Trustee to concur with such EMIR amendments and shall be bound by them regardless of whether they are materially prejudicial to their interests.

For these purposes, **Specified Date** means the date on which the United Kingdom participates in the third stage of European economic and monetary union pursuant to the Treaty establishing the European Community, as amended by the Treaty on European Union, or otherwise participates in European economic and monetary union in a manner with an effect similar to such third stage.

Where the Note Trustee or the Master Issuer Security Trustee is required, in connection with the exercise of its powers, trusts, authorities, duties and discretions under these Conditions or any Transaction Document, to have regard to the interests of the Noteholders of any Class, it shall have regard to the interests of such Noteholders as a class and, in particular but without prejudice to the generality of the foregoing, neither the Note Trustee nor the Master Issuer Security Trustee shall have regard to, or be in any way liable for, the consequences of such exercise for individual Noteholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory. In connection with any such exercise, neither the Note Trustee nor the Master Issuer Security Trustee shall be entitled to require, and no Noteholder shall be entitled to claim, from the Master Issuer or any other person, any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders.

The following is a summary of such provisions and is subject to the more detailed provisions of the Trust Deed and the Master Issuer Deed of Charge.

The Master Issuer Transaction Documents contain provisions governing the responsibility (and relief from responsibility) of the Note Trustee and the Master Issuer Security Trustee, respectively, and providing for its indemnification in certain circumstances, including, among others, provisions relieving the Master Issuer Security Trustee from taking enforcement proceedings or enforcing the Master Issuer Security unless indemnified and/or secured and/or pre-funded to its satisfaction.

The Note Trustee and the Master Issuer Security Trustee and their related companies are entitled to enter into business transactions with the Master Issuer, the Master Issuer Cash Manager and/or the related companies of any of them and to act as note trustee or security trustee, for the holders of any new notes and/or any other person who is a party to any Master Issuer Transaction Document or whose obligations are comprised in the Master Issuer Security and/or any of their subsidiary or associated companies without accounting for any profit resulting therefrom.

Neither the Note Trustee nor the Master Issuer Security Trustee will be responsible for any loss, expense or liability which may be suffered as a result of any assets comprised in the Master Issuer Security, or any deeds or documents of title thereto, being uninsured or inadequately insured or being held by clearing organisations or their operators or by intermediaries such as banks, brokers or other similar persons on behalf of the Note Trustee and/or the Master Issuer Security Trustee, as applicable.

Furthermore, the Note Trustee and the Master Issuer Security Trustee will be relieved of liability for making searches or other inquiries in relation to the assets comprising the Master Issuer Security. Neither the Note Trustee nor the Master Issuer Security Trustee will be obliged to take any action that might result in its incurring personal liabilities. Neither the Note Trustee nor the Master Issuer Security Trustee is obliged to monitor or investigate the performance of any other person under the Master Issuer Transaction Documents and is entitled to assume, until it has actual knowledge to the contrary, that all such persons are properly performing their duties, unless it receives express notice to the contrary.

Neither the Note Trustee nor the Master Issuer Security Trustee will be responsible for any deficiency that may arise because it is liable to tax in respect of the proceeds of any Master Issuer Security.

The Noteholder will be required both to pay the expenses of producing a replacement and to comply with the Master Issuer's, the Registrar's and the Paying Agent's reasonable requests for evidence and indemnity.

If a Global Note is lost, stolen, mutilated, defaced or destroyed, the Master Issuer will deliver a replacement Global Note to the registered holder upon receipt of satisfactory evidence and surrender of any defaced or mutilated Global Note. A replacement will only be made upon payment of the expenses for a replacement and compliance with the Master Issuer's, Registrar's and Paying Agents' reasonable requests as to evidence and indemnity.

The Note Trustee shall be at liberty to sanction some other method of giving notice to the Noteholders or any Series or Class or category of them having regard to market practice then prevailing and to the requirements of the stock exchanges on which the Master Issuer Notes are then admitted for trading and provided that notice of such other method is given to the Noteholders in such manner as the Note Trustee shall require.
