Background to our approach

Santander UK is a signatory to the Access to Banking Standard, a voluntary agreement introduced in May 2017. The Standard aims to ensure that where banks decide to close branches, their customers are communicated with openly and treated fairly.

We continue to invest in our branch network and, over the last five years, all of our largest and busiest branches across the UK have been refurbished. Increasingly however, customers are changing the way they choose to bank. In addition to using our branches, more and more people are banking with us by phone, online, on tablets and smartphones as well as at cash machines and Post Offices. As a result, some of our branches are being used less often.

We don’t take the decision to close any branch lightly and we assess each branch individually to understand the potential impact for customers, and the alternative options available to bank locally.

This leaflet outlines our approach when considering whether to keep a branch open and our specific assessment of the Eccles branch.
Branch assessment

Before reaching the decision to close the branch at Eccles, a full internal review of the branch was undertaken, including:

- The facilities in our Eccles branch and the surrounding Santander branches
- The way our Eccles branch customers are choosing to bank with us
- The availability of alternative ways a customer can bank with Santander
- The availability of other ways to bank in the local area

Supporting you

Following our announcement to close Santander’s branch at 10 The Mall, Eccles we have been contacting customers and members of the local community to communicate our decision, understand any concerns and to make sure we provide any additional support required locally.

- We wrote to 134,400 customers to notify them of the closure, including details of alternative ways to bank with Santander and where to find our impact assessment.
- We also notified community representatives in Eccles, including the local Member of Parliament.
- The Eccles branch team has spoken to customers about the alternative ways to access their accounts, offering appointments to discuss options and support with the setting up of telephone, online and mobile banking.
- Posters and leaflets have been available in branch and online, advising customers of the planned closure date and the range of alternative ways to bank with Santander.

The local Post Office representative has been advised of the closure. All Santander customers who have a Personal or Business current account can use Post Office branches for cash withdrawals, balance enquiries, cash and cheque deposits. To make cheque deposits, paying in slips and envelopes are required. Full details are available at santander.co.uk/uk/help-support/ways-to-bank/banking-at-your-post-office

Accessibility of neighbouring Santander branches and facilities including step free access have been assessed prior to the decision to close this branch.

Community Feedback

Following our announcement, three responses were received from our customers and the community groups we wrote to. The main themes were:

- Overall disappointment of the decision to close the branch
- Customers who do not wish to bank digitally
- Concern about the additional travel needed to visit other branches

We have undertaken the following activities in response to the key areas of concern:

- We are committed to offering our customers a variety of ways to bank locally with Santander, including telephone, online or mobile banking and the Post Office. Using other Santander branches is just one possible option for customers.
- The Eccles branch team has been completely focused on helping customers who are affected by the closure and has provided additional support to ensure customers understand the alternatives available. The team has also proactively contacted our elderly and registered disabled customers to offer additional help or support.
- As part of our ongoing review of the branch network, we continue to assess the branch network across a range of factors including customer usage, ATM and digital channel usage and geographic coverage. This considers the impact for all our customers transacting at the branch and takes into account alternative ways for customers to continue banking with Santander.
- For customers who are unable or do not wish to access online services, all Santander current account holders can also use the Post Office for cash and cheque deposits. We also have Telephony Advisors who are available to support customers with account management. The teams are available to assist 7am to 9pm Monday to Saturday and 8am to 1pm on Sundays. You can reach them by calling 0800 9 123 123.

Next Steps

Eccles branch will close on 29 March 2018. This decision was not taken lightly and since the announcement was made, we have notified our customers and the wider community and considered their feedback. We understand the impact the closure will have and continue to support our customers at this time.
