

Branch Closure Impact Assessment

**Santander, 43 High Street,
Linlithgow EH49 7ED**

**This branch will be closing on 31 May 2018.
We'd like to explain why, and help you understand
how you can continue banking with us.**

Background to our approach

Santander UK is a signatory to the Access to Banking Standard, a voluntary agreement introduced in May 2017. The Standard aims to ensure that where banks decide to close branches, their customers are communicated with openly and treated fairly.

We continue to invest in our branch network and, over the last five years, all of our largest and busiest branches across the UK have been refurbished. Increasingly however, customers are changing the way they choose to bank. In addition to using our branches, more and more people are banking with us by phone, online, on tablets and smartphones as well as at cash machines and Post Offices. As a result, some of our branches are being used less often.

We don't take the decision to close any branch lightly and we assess each branch individually to understand the potential impact for customers, and the alternative options available to bank locally.

This leaflet outlines our approach when considering whether to keep a branch open and our specific assessment of the Linlithgow branch.

Branch assessment

Before reaching the decision to close the branch at Linlithgow, a full internal review of the branch was undertaken, including:

- The facilities in our Linlithgow branch and the surrounding Santander branches
