

# Understanding why your branch is closing

Santander, 90 Northbrook Street,  
Newbury, Berkshire, RG14 1AA

This branch will be closing at 3pm on 29 April 2026.

We'd like to explain why, and help you understand how you can continue banking with us.

We've informed LINK, an independent industry body, about our plans to close this branch. LINK carries out Access to Cash assessments when a bank branch is to close.

We're providing local face-to-face support by introducing a Santander Local (supported by one of our Community Bankers) in your area from 30th April 2026. A Community Banker will be available each Thursday from 10am-3.30pm at The Cloth Hall, West Berkshire Museum, The Wharf, Newbury RG14 5AS.

For more information, please visit the branch or [santander.co.uk](https://www.santander.co.uk) and search 'our branches'

## Background to our approach

We last did a major review of our branches in 2024. Since then, our customers are choosing to use Mobile, Online and Telephone Banking more, and branches less.

We've now done a more recent review of our branches, looking at where they're located, how they're used and the other local banking options available.

Within our review, we looked at how the branch is being used and how customers are banking in other ways.

90% of our branch customers already use a variety of ways to do their banking.

74% of our branch customers use our Online, Mobile or Telephone Banking services.

27% of our branch customers also use another Santander branch.

We're aware of the impact of this decision, and will be here for you in person until this branch closes. We can offer support and answer any questions, so that you can make an informed decision on alternative ways to bank.

We hope this leaflet helps to provide more information about the ways you can continue to bank with us and other available local banking and cash services.

# Branch assessment

Before reaching the decision to close our Newbury branch, we looked at:

- the way our Newbury branch customers are choosing to bank with us
- the availability of other ways to bank in the local area, such as the Post Office, ATMs and Banking Hubs
- the proximity of other Santander branches in the surrounding area
- the impact it would have on our staff.
