

# Understanding why your branch is closing

Santander, 45 Hough Lane, Leyland,  
Lancashire, PR25 2SA

This branch will be closing at 3pm on 6 May 2026.

We'd like to explain why, and help you understand how you can continue banking with us.

We've informed LINK, an independent industry body, about our plans to close this branch. LINK carries out Access to Cash assessments when a bank branch is to close, and they publish the outcome of their assessment and any recommendations they make for new cash access services.

We're not leaving, our Community Banker will be available to support you once a week. We'll confirm the location, date, and time shortly.

## Background to our approach

We last did a major review of our branches in 2024. Since then, our customers are choosing to use Mobile, Online and Telephone Banking more, and branches less.

We've now done a more recent review of our branches, looking at where they're located, how they're used and the other local banking options available.

Within our review, we looked at how the branch is being used and how customers are banking in other ways.

92% of our branch customers already use a variety of ways to do their banking.

73% of our branch customers use our Online, Mobile or Telephone Banking services.

35% of our branch customers also use another Santander branch.

We're aware of the impact of this decision, and will be here for you in person until this branch closes. We can offer support and answer any questions, so that you can make an informed decision on alternative ways to bank.

We hope this leaflet helps to provide more information about the ways you can continue to bank with us and other available local banking and cash services.

# Branch assessment

Before reaching the decision to close our Leyland branch, we looked at:

- the way our Leyland branch customers are choosing to bank with us
- the availability of other ways to bank in the local area, such as the Post Office, ATMs and Banking Hubs
- the proximity of other Santander branches in the surrounding area
- the impact it would have on our staff.

# Supporting you

## How we're communicating with our customers and the local community

We're getting in touch with our customers and members of the local community to:

- share our decisions
- make sure our customers understand where additional support can be found, so that they can continue banking with us locally.

We'll be reaching out to our personal and business customers who, due to their personal circumstances, might have an increased vulnerability risk and have used the branch once or more between January 2025 and June 2025.

We'll also be reaching out to personal and business customers who have used a branch 6 times or more between January 2025 and June 2025.

We've told organisations and members of the local community, such as:

- the local MP
- local councillors
- Post Office senior representatives
- Citizens Advice Bureau
- Chamber of Commerce
- local residential and care home providers
- local housing associations
- local community groups.

For a full list of who we'll be telling, please visit [santander.co.uk/personal/support/ways-to-bank/our-branches](https://santander.co.uk/personal/support/ways-to-bank/our-branches)

Our branch managers and teams are there to help you. They can answer any questions you might have, and give you more information and support to confirm the services available with your account.
