This search, including details about your application, will be recorded on your credit file. For a short period, this may affect your ability to get credit elsewhere. If you make a joint application, the credit reference agencies will 'link' your records together. We'll look at these results and decide if it's suitable to open the account and offer credit where requested. If it's not, we'll decline your application and let you know. Pre-Contractual Explanation

What is an overdraft?

An **arranged overdraft** is a loan through your current account which happens when your balance is below zero and allows you to borrow up to an agreed limit. The amount we agree to lend depends on your personal circumstances. You can discuss a new arranged overdraft, or a limit increase for an existing arranged overdraft through Online Banking, by calling us on **0330 9 123 123** or by speaking to us in branch.

An **unarranged overdraft** is where a transaction takes your balance below zero without an arranged overdraft in place or beyond your agreed arranged overdraft limit. These transactions are automatically treated as requests for an unarranged overdraft.

When you try to make a payment that would take you into an unarranged overdraft, we decide whether to allow the payment to go through based on your individual circumstances. There are certain types of transactions we can't stop which you may incur charges for.

Details of the costs for using an overdraft can be found in your account's Key Facts Document. You can also check how much this may be by using our overdraft cost calculator available at **santander.co.uk**. You can find out if you may be eligible for an overdraft by using the eligibility tool available at **santander.co.uk**

There are other types of borrowing, such as loans and credit cards, which could provide cheaper alternatives depending on your personal circumstances. Visit our website, **santander.co.uk** to find out more.

We can ask you to repay any overdraft at any time in line with our General Terms and Conditions.

Put Simply

An overdraft lets you borrow through your current account. Having an overdraft can be useful as a back-up to help you deal with short term, unexpected costs. It is not suitable for longer term borrowing.

An **arranged overdraft** is when we agree a set amount you can borrow from us. You need to apply for an arranged overdraft before you can use one, either when you apply for a current account or at any time afterwards.

An **unarranged overdraft** is when your account either goes over your arranged overdraft limit or overdrawn without an arranged overdraft in place. We may choose to allow or reject transactions which could take you in an unarranged overdraft. There are certain types of transactions we can't stop which you may incur charges for.

The costs for using an overdraft are set out in your Key Facts Document.

We may ask you to repay all or part of your overdraft at any time, but we'll try to notify you of this before.

How is your credit file impacted by applying for or using an overdraft?

When you apply for a new or an increase to your existing overdraft, we'll perform a 'credit search'. This means we check details of your credit history with certain credit reference agencies who will keep a record of that search including details about your application with us.

If a credit search is completed but we do not give you an overdraft or overdraft increase, or you remain in an overdraft position for a long period of time, a record will stay on the files that the credit agencies keep on you and may impact other provider's decisions.

Put Simply

Because you're asking to borrow from us, we'll check your financial history with the main credit agencies. This is called a credit search. A record of the credit search stays on your file and may affect other provider's decisions.

If you don't make repayments either when due or at our request, this can affect your credit rating. This may make it more difficult or more expensive for you to get credit from us or another lender in the future.

How to request a reduction or a removal of an arranged overdraft?

An overdraft has no fixed end date but we will review it regularly and have the right to change your arranged overdraft limit at any time. You can reduce or cancel your arranged overdraft facility at any point in Online Banking, by calling us or in branch.

If you cancel your arranged overdraft you must repay the money that you have borrowed under your arranged overdraft before the cancellation can be completed. You must also pay all the fees and interest applicable to your overdraft.

Put Simply

Your arranged overdraft doesn't have a specific end date and the amount can be reduced or cancelled at any point by either yourself or us.

If you cancel your arranged overdraft, you must repay the overdraft amount and fees/interest before this can be completed.

What are overdraft alerts and why do you receive them?

We'll send you overdraft alerts to help you keep an eye on your accounts and avoid or reduce charges. We'll send them by text, push notification, and/or email, so it's important you tell us if your mobile number or email address changes. Our regulator asks us to send these alerts, so we'll auto-register you for them. You can customise them after your account has been set up.

Put Simply

There are some messages we need to send you about your overdraft due to certain regulations. We'll text these to your mobile number, send you a push notification, and/or send you an email. If you haven't provided an up to date mobile number or email address, we may not be able to provide the alert in time to help you manage, avoid or reduce charges.

Financial Services Compensation Scheme (FSCS) Information Sheet

The Financial Services Compensation Scheme ('FSCS') protects deposits made by most individuals and businesses. Your account statement will confirm whether your deposits with Santander UK plc are eligible for FSCS protection. Details of certain exclusions from the FSCS's protection are set out in the exclusions list after this information sheet.

Limit of protection

£120,000 per depositor per bank, building society or credit union.

If Santander UK plc goes out of business the eligible deposits with Santander, cahoot, Santander Business and Santander Corporate & Commercial will be added up and the £120,000 will be applied to the total balance. For example, if you hold a savings account with £80,000 and a current account with £50,000, FSCS will pay you £120,000 and you may lose £10,000.

To ensure the FSCS can pay you promptly please ensure that Santander UK plc has your up-to-date contact details including your email address.

Joint and group accounts

Each eligible account holder is entitled to £120,000 protection in total. For example, if there are two account holders, you will each be entitled to £120,000 protection, giving a total of £240,000.

Eligible deposits in business accounts are treated as if made by a single depositor. This means these types of account will only be protected up to £120,000.

Temporary high balances

If you have a 'temporary high balance' you may be entitled to more than £120,000 protection for six months from when the amount was first deposited or legally transferred. Temporary high balances are deposits connected with certain events, including:

- (a) transactions relating to the purchase and sale of your main home
- (b) major life events such as death, your marriage or civil partnership, divorce, retirement, redundancy, disability, or incapacity
- (c) compensation for personal injuries or wrongful conviction.

How the FSCS will pay you

FSCS will typically return deposits within seven business days by cheque or electronic payment into an alternative account. Payments may take longer in exceptional circumstances, for example if there is a temporary high balance, or the deposit is held on behalf of underlying beneficiaries.
