Fixed Term Savers:

- The above monthly interest rates are based on interest paid back into your Fixed Term Saver, as you'll earn interest on your interest. If you choose for your interest to be paid to an account which is not your Fixed Term Saver, your money will earn the gross rate. This rate is lower than the AER.
- Minimum opening deposit of £500 applies.
- Additional deposits, withdrawals or closure are not permitted during the fixed term period.
- Interest can be paid monthly or yearly, and we can pay interest into your Fixed Term Saver or any other account with us or another bank. Once you've chosen, you can't change your mind. AER is based on funds deposited by 1 March 2026. If you pay money in before or after this date, you may earn more or less interest than this.
- You can choose what you want to do with the money in your Fixed Term Saver up to 28 days before the term ends. We'll give you more info about your options closer to the time. If you don't tell us what you want to do, we'll transfer your money into an Everyday Saver with us.

AER stands for Annual Equivalent Rate and shows what the interest rate would be if we paid interest and added it to your account each year. The gross rate is the interest rate we pay where no income tax has been taken off.

The tax-free rate is the rate of interest payable where interest is exempt from income tax: p.a. stands for per annum.
