s, Fitch; short-term, rm)	Trigger breached (yes/no)	Consequence of a trigger breach
	Yes (S&P)	Requirement to establish and maintain a reserve fund and also to trap any Available Revenue Receipts (in accordance with the relevant waterfall) as necessary to fund the Reserve Fund up to the Reserve Fund Required Amount.
	No	Termination of the Bank Account Agreement, unless the Account Bank, within 30 London Business Days, closes the LLP Accounts with it and opens replacement accounts with a financial institution having the required ratings or obtain a guarantee of its obligations under the Bank Account Agreement from a financial institution having the required ratings (provided also that rating agency confirmations are obtained). Note that the Cash Management Agreement still refers to an S&P trigger on the bank accounts of A-1+ if the amounts on deposit in the GIC Account exceed 20% of the sterling equivalent of the Covered Bonds then outstanding, in which case the Cash Manager shall transfer the excess to the stand-by accounts (however, the rating agency criteria do not require stand-by accounts any longer, which have therefore been terminated).
	No	All further instructions by the Servicer to debit the accounts of Borrowers that are subject to direct debit bank mandates in favour of such collection accounts shall be made to another bank that has at least the required ratings or directly to the Account Bank.
	No	A Member (Santander UK or the Liquidation Member) may make a cash capital contribution to the LLP or the LLP shall offer to sell Loans in the Portfolio, such that the amount credited to the Pre-Maturity Liquidity Ledger is equal to the Required Redemption Amount for the relevant Series of Hard Bullet Covered Bonds (after taking into account the Required Redemption Amount for all other Series of Hard Bullet Covered Bonds which mature before or at the same time as that Series). No new Covered Bonds may be issued until the Pre-Maturity Test is no longer failed or the amount credited to the Pre-Maturity Liquidity Ledger is equal to the Required Redemption Amounts of all relevant Series of Hard Bullet Covered Bonds.
	No	The LLP is permitted (but not required) to sell Loans with the aim to fund or replenish the Supplemental Liquidity Reserve Ledger, up to the Supplemental Liquidity Reserve Amount.
	No	The Servicer shall use reasonable endeavours to ensure that the Customer Files and Title Deeds (unless they relate to dematerialised loans) are located separately from the customer files and title deeds of other properties and mortgages which do not form part of the Portfolio.
	No	Factor "V" in the Asset Coverage Test calculation is sized as 100% of the sum of the aggregate cleared credit balances in respect of Flexible Plus Loans in the Portfolio as at the relevant Calculation Date.
	No	Factor "W" for the sizing of the depositor set-off risk in the Asset Coverage Test is increased from 0 to 4% or such other percentage as determined from time to time. This percentage is subject to a review on each Calculation Date once the Issuer is below these required ratings.
