Event	Description of Trigger	Consequence if Trigger Breached
Issuer Event of Default	Any of the conditions, events or acts provided in Condition 9.1 of the Prospectus —Abbey Events of default	Covered Bonds will become immediately due and payable against the Issuer and a Notice to Pay will be served on the LLP. Subsequent recoveries from the Issuer are held by the LLP as security and the LLP will then be require to make payments of Guaranteed Amounts in accordance with the original payment schedule.
Interest Rate Shortfall test	The amount of income that the LLP expects to receive in the next LLP Payment Period is insufficient to cover the would be amounts due under the Intercompany Loan and to the Covered Bond Swap Provider(s) and other senior expenses ranking in priority thereto.	Standard variable rate and other discretionary rates and/or margins will be increased.
Asset Coverage Test	On a Calculation Date, the Adjusted Aggregate Loan Amount is less than the Principal Amount Outstanding of Covered Bonds	Breach of Asset Coverage Test not remedied on the next Calculation Date will result in the issuance of a Asset Coverage breach notice and if not rectified by the 3rd calculation date after the issuance of the breach notice an Issuer Event of Default will occur.
LLP Event of Default	Any of the conditions, events or acts provided in Condition 9.2 of the Prospectus—LLP Events of default.	Covered Bonds will become immediately due and payable against the LLP. Security becomes enforceable.
Yield Shortfall Test	Following an Abbey Event of Default, the Loans must yield LIBOR plus 0.15%.	Standard variable rate and other discretionary rates and/or margins will be increased.
Amortisation Test	Following a Notice to Pay, the Amortisation Test Aggregate Loan Amount will be in an amount at least equal to the Sterling Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds.	LLP Event of Default will occur.

Arrears	For the purposes of the Asset Coverage Test, arrears are calculated in accordance with standard market practice in the UK. A mortgage is identified as being in arrears when, on any due date, the overdue amounts which were due on previous due dates equal, in the aggregate, one or more full monthly payments. In making an arrears determination, the servicer calculates as of the date of determination the difference between the sum of all monthly payments that were due and payable by a borrower on any due date up to that date of determination (less the aggregate amount of all authorised underpayments made by such borrower up to such date of determination) and the sum of all payments actually made by that borrower up to that date of determination. If the result arrived at by dividing that difference (if any) by the amount of the required current monthly payment equals or exceeds 1 the account is deemed to be in arrears. Arrears classification is determined based on the number of equivalent full current monthly payments that have been missed. A borrower that has missed payments that in the aggregate equal or exceeding 2 monthly payments (but for which the aggregate of missed payments is less than 3 monthly payments) would be classified as being 2 to <3 months in arrears, and so on. An account is treated as being in default if it is 3 or more months in arrears.
Amount / Current Balance (GBP)	In relation to any Loan at any date (the current balance determination date), the aggregate at such date (but avoiding double counting) of: (i) the Initial Advance; (ii) Further Advances and/or Flexible Loan Drawings; (iii) Capitalised Expenses; (iv) Capitalised Interest; and (v) all expenses, charges, fees, premium or payment due and owing by the Borrower which have not yet been capitalised, in each case relating to such Loan less all prepayments, repayments or payments of any of the foregoing made on or prior to the amount balance determination date; and in relation to any Mortgage Account at the amount balance determination date, the aggregate at such date of the Amount balance in respect of each Loan comprised in the relevant Mortgage Account
Default	Default is defined as a property having been taken into possession.
