(1) On 23rd June 2015 the Master Definitions and Construction Agreement definitions of 'Calculation Date' and 'Calculation Period' were amended.

The Calculation Date was amended from the third London Business Day prior to each LLP Payment Date to the first London Business Day.

The Calculation Period was amended from the beriod from (and including) the first calendar day of each calendar month to (but excluding) the first calendar day of the next following calendar month.

¹² There are no minimum rating requirements on the issuer, although its ratings are linked to certain programme triggers - see the Programme Triggers section.

¹³ The interest rate swap notional is the sum of all interest rate swap notionals as at the start of the Calculation Period. Note that under an Amendment Agreement dated 24 December 2012, the interest rate swaps

may be consolidated into one "cover pool swap" at a future date, at the LLP's election.

(4) LLP receive/pay margins are an average across all interest rate swaps
