

Borrowing

Let us help you take the next step

Your borrowing options

Whether you're looking to borrow for a larger purchase or need a card that suits the way you want to shop at home or abroad, we could help you with a choice of personal loans and credit cards.

Credit cards

A credit card can be a good option for borrowing in the short term, for your everyday spending or when you're paying interest on a credit card balance elsewhere. Many cards come with useful benefits like interest free periods, cashback or could help you save on fees abroad.

Credit cards give you the flexibility to make large or small repayments, as long as you pay the minimum amount each month. But remember, interest charges can build up if you don't pay your balance in full each month.

Personal loans

A personal loan may suit you for large, one-off purchases such as a new car or home improvements, or simply to refresh your finances by consolidating existing debts into a single fixed monthly repayment, enabling you to budget with certainty.

A personal loan helps you spread the cost with the security of regular monthly repayments over a set period of time.

You can get an idea of what your repayments could be by using the loan calculator at santander.co.uk/personal/loans.

Already have a personal loan with us?

If your borrowing needs have changed since taking out your original loan with us, there are two options available to you:

1 Top up your existing loan – your new loan will pay off your existing loan and any amount left over will be paid directly into your bank account. You can only apply for this option in branch or over the phone. You will continue to make one monthly repayment.

2 Take out a separate loan – keep your existing loan going and apply for a separate loan for the amount you wish to borrow. In this case you will have two monthly repayments to make.

If you're thinking of moving your Santander Personal Loan to another provider, please contact us as we can review your borrowing needs and may be able to find an alternative solution for you. You can request a settlement figure at any time. We will send you a breakdown of the settlement figure including any charges associated with early settlement.
