

Understanding your branch closure

Santander, 12 Northgate,
Dewsbury WF13 1DT

This branch will be closing at 4pm on 12 August 2021.

We'd like to explain why, and help you understand how you can continue banking with us.

Background to our approach

Our customers are continuing to change the way they manage their money. As well as using our branches, many more of our customers find it convenient to do their day-to-day banking using Online, Mobile or Telephone Banking. As a result, customers are visiting our branches much less. This change has been happening over a number of years now and has accelerated in recent times.

Due to these changes, we have carefully and thoroughly reviewed the way we develop our services for customers and considered many factors, including where each of our branches are located and how they are used.

We know our branch network remains very important to our customers. Whilst we have made the difficult decision to close some branches, we have only done so where we know there are other facilities our customers can use and where we have another Santander branch within a few miles.

As part of this review, we have assessed each branch individually to consider the potential impact for our customers, colleagues and the alternative options available to bank locally.

We hope this leaflet helps to provide more information about our decision to close Dewsbury branch, the alternative ways to continue to bank with Santander and other local banking services available.

Adam Bishop,
Head of Branch Interactions

Branch assessment

Before reaching the decision to close Dewsbury branch, a full review of the branch was undertaken, including:

- The way our Dewsbury branch customers are choosing to bank with us.
- The proximity of other Santander branches in surrounding areas.
- The availability of alternative ways to bank with Santander, and additional ways to bank locally such as the Post Office and cash machines.
- The impact on our colleagues.

How customers use the branch

	July to December 2019	
	85%	of customers transacting at Dewsbury branch already use a variety of ways to complete their banking.
	28%	of Dewsbury branch customers also use an additional Santander branch.
	66%	of customers have transacted using our Online, Mobile or Telephone Banking services.
	72	customers have transacted six times or more and only use Dewsbury branch.

We've used data between July 2019 and December 2019 to represent normal branch usage, as data from 2020 was significantly impacted by the coronavirus pandemic. The data includes all customer transactions within the time frames stated. Online, mobile or telephone usage includes customers who have completed a payment.

97% of residents living within the Local Authority area have access to at least superfast broadband coverage.
