(1) From 1 January 2018, the non-trading repurchase agreements and non-trading reverse repurchase agreements that are held at amortised cost are now presented as separate lines in the balance sheet. Comparatives are represented accordingly.

(2) On adoption of IFRS 9, the 'financial investments' balance sheet line item was split between 'other financial assets at amortised cost' and 'financial assets at FVOCI'. This approach aligns the balance sheet line items to the IFRS 9 accounting classifications and provides a clearer understanding of our financial position.
