However, this Information Memorandum has not been approved as a base prospectus for the purposes of the Prospectus Directive and, accordingly, no offer to the public may be made and no admission to trading may be applied for on any market in the European Economic Area designated as a regulated market, in each case for the purposes of the Prospectus Directive.

The Issuer's obligations in respect of the Securities will be unconditionally and irrevocably guaranteed by Santander UK plc (the "**Guarantor**") pursuant to a Guarantee dated on or about 31 March 2015 (the "**Guarantee**").

Prospective purchasers of Securities should ensure that they understand the nature of the relevant Securities and the extent of their exposure to risks and that they consider the suitability of the relevant Securities as an investment in the light of their own circumstances and financial condition. Certain issues of Securities involve a high degree of risk and potential investors should be prepared to sustain a loss of all or part of their investment. **Prospective investors should consider carefully the risks set forth herein under "Risk Factors" prior to making an investment decision with respect to the Securities. If prospective investors are in any doubt about the risks or suitability of a particular Security, they should seek professional advice.**

The Securities, the Guarantee and, in certain cases, the Asset Amount and Entitlement (each, as defined herein) have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") or under any state securities laws and are subject to certain U.S. tax law requirements.

The Securities may not be offered, sold, resold, traded, transferred, pledged, delivered, exercised or redeemed, directly or indirectly, at any time, within the United States of America (including the States and the District of Columbia), its territories, possessions and other areas subject to its jurisdiction (the "**United States**") or to, or for the account of, or benefit of, or by, any U.S. Person (as defined below) except, in the case of Immobilised Bearer N&C Securities (as defined above) other than Permanently Restricted N&C Securities (as defined below), pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and in accordance with all applicable securities laws of any state of the United States and any other jurisdiction.

Interests in Immobilised Bearer N&C Securities of certain issues that may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. Person ("**Permanently Restricted N&C Securities**") may only be offered and sold in offshore transactions outside the United States to non-U.S. Persons in reliance on Regulation S and may not be legally or beneficially owned at any time by any U.S. Person. By its purchase of an interest in a Permanently Restricted N&C Security, each purchaser will be deemed to have agreed that it may not resell or otherwise transfer any interest in a Permanently Restricted N&C Security held by it except outside the United States in an offshore transaction to a person that is not a U.S. Person.

In addition, the Bearer N&C Securities and the Warrants, or interests therein, may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or directly or indirectly offered, sold, resold, traded, pledged, redeemed, transferred or delivered to, or for the account or benefit of, any U.S. Person.

Prevailing language in this Information Memorandum

This Information Memorandum is drawn up in the English language. In case there is any discrepancy between the English text and text written in any other language included herein, the English text stands approved for the purposes of approval by the Irish Stock Exchange and the Luxembourg Stock Exchange and will prevail. In particular, the third paragraph under the heading "*Republic of Chile*", in Spanish, on page 482 is a correct translation from English of the preceding second paragraph under the heading "*Republic of Chile*" on page 482 and, in the event of any discrepancy, the English text will prevail.

Subscription and sales and transfer restrictions

Persons into whose possession offering material comes must inform themselves about and observe any restrictions in the United States and all other relevant jurisdictions. This Information Memorandum does not constitute, and may not be used for or in connection with, an offer to any person to whom it is unlawful to make such an offer or a solicitation by anyone not authorised so to act. See "*Subscription and Sale*", "*Notice to Purchasers and Holders of N&C Securities and Transfer Restrictions*" and "*Notice to Purchasers and Holders of Warrants and Transfer Restrictions*" below.

Important information relating to the use of this Information Memorandum and offers of Securities generally

This Information Memorandum does not constitute an offer to sell or the solicitation of an offer to buy any Securities in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Information Memorandum and the offer or sale of Securities may be restricted by law in certain jurisdictions. The Issuer, the Guarantor and the Dealers do not represent that this Information Memorandum may be lawfully distributed, or that any Securities may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering, or that all actions have been taken by the Issuer, the Guarantor or the Dealers which would permit a public offering of any Securities or distribution of this Information Memorandum in any jurisdiction where action for that purpose is required. In particular, unless indicated to the contrary in the applicable Pricing Supplement, no action has been taken by the Issuer, the Guarantor or the Dealers which would permit a public offering of any Securities or distribution of this Information Memorandum in any jurisdiction where action for that purpose is required. Accordingly, no Securities may be offered or sold, directly or indirectly, and neither this Information Memorandum nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Information Memorandum or any Securities may come must inform themselves about, and observe, any such restrictions on the distribution of this Information Memorandum and the offering and sale of Securities. In particular, there are restrictions on the distribution of this Information Memorandum and the offer or sale of Securities in the United States, Chile, Hong Kong, Switzerland, Taiwan, the Dubai International Financial Centre, the United Arab Emirates (excluding the Dubai International Financial Centre) and the European Economic Area (including the United Kingdom, France, Ireland, Luxembourg, Portugal and Spain), see "*Subscription and Sale*".

This Information Memorandum has been prepared on a basis that would permit (i) an offer of N&C Securities with a denomination of less than €100,000 (or its equivalent in any other currency) or (ii) an offer of Warrants, only in circumstances where there is an exemption from the obligation under the Prospectus Directive to publish a prospectus. As a result, any offer of Securities in any Member State of the European Economic Area ("**EEA**") which has implemented the Prospectus Directive (each, a "**Relevant Member State**") must be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Securities. Accordingly, any person making or intending to make an offer of Securities in that Relevant Member State, may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive in relation to such offer. Neither the Issuer, the

Guarantor nor any Dealer have authorised, nor do they authorise, the making of any offer of Securities in circumstances in which any obligation arises for the Issuer or any Dealer to publish a prospectus for such offer.

Investment Considerations

The Securities may not be suitable for all investors.

Each potential investor in the Securities must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- has sufficient knowledge and experience to make a meaningful evaluation of the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Information Memorandum or any applicable supplement;
- has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;
- has sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities, including Securities with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- understands thoroughly the terms of the Securities and is familiar with the behaviour of any relevant indices and financial markets; and
- is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

In addition, an investment in Equity Linked Securities, Equity Index/ETF Linked Securities, Inflation Index Linked Securities, Credit Linked N&C Securities, Currency Linked Securities, Commodity Linked N&C Securities, Fund Linked Securities, Property Index Linked Securities, Interest Rate Linked Securities or other structured Securities linked to other assets or bases of reference, may entail significant risks not associated with investments in conventional securities such as debt or equity securities, including, but not limited to, the risks set out in "*Risks associated with Securities that are linked to one or more Reference Item(s)*" below.

Some Securities are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Securities which are complex financial instruments unless it has the expertise (either alone or with a financial adviser and/or other professional advisor) to evaluate how the Securities will perform under changing conditions, the resulting effects on the value of the Securities and the impact this investment will have on the potential investor's overall investment portfolio.

In making an investment decision, investors must rely on their own examination of the Issuer and the Guarantor and the terms of the Securities being offered, including the merits and risks involved.

Certain of the Dealers and their affiliates have engaged and may in the future engage in investment banking and/or commercial banking transactions with, and may perform services for the Issuer, the Guarantor and their respective affiliates.

None of the Dealers, the Issuer and the Guarantor makes any representation to any investor in the Securities regarding the legality of its investment under any applicable laws. Any investor in the Securities should satisfy itself that it is able to bear the economic risk of an investment in the Securities for an indefinite period of time.

Purchasers of such Securities are deemed to have sufficient knowledge, experience and professional advice to make their own investment decisions and to have undertaken their own legal, financial, tax, accounting and other business evaluation of the risks and merits of investments in such Securities and should ensure that they fully understand the risks associated with investments of this nature which are intended to be sold only to sophisticated investors. Purchasers of Securities are solely responsible for making their

own independent appraisal of and investigation into the business, financial condition, prospects, creditworthiness, status and affairs of any Reference Entity or Reference Item and the information relating to any Reference Entity or Reference Item and the level or fluctuation of any Reference Item(s).

SEE THE SECTION ENTITLED "*RISK FACTORS*" BELOW FOR CERTAIN INFORMATION THAT SHOULD BE CONSIDERED BY INVESTORS IN THE SECURITIES

NEITHER ANY SUCH FACT NOR THE FACT THAT AN EXEMPTION OR EXCEPTION IS AVAILABLE FOR A SECURITY OR A TRANSACTION MEANS THAT THE SECRETARY OF STATE HAS PASSED IN ANY WAY UPON THE MERITS OR QUALIFICATIONS OF, OR RECOMMENDED OR GIVEN APPROVAL TO, ANY PERSON, SECURITY OR TRANSACTION. IT IS UNLAWFUL TO MAKE, OR CAUSE TO BE MADE, TO ANY PROSPECTIVE PURCHASER, CUSTOMER OR CLIENT ANY REPRESENTATION INCONSISTENT WITH THE PROVISIONS OF THIS PARAGRAPH.

U.S. INFORMATION

The Securities have not been approved or disapproved by the United States Securities and Exchange Commission (the "SEC"), any state securities commission in the United States or any other U.S. regulatory authority, nor have any of the foregoing authorities approved this Information Memorandum or confirmed the accuracy or determined the adequacy of the information contained in this Information Memorandum. The Securities do not constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the CEA, and trading in the Securities has not been approved by the CFTC pursuant to the CEA. Any representation to the contrary is a criminal offence in the United States.

The Securities in bearer form that are debt for U.S. federal income tax purposes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to or for the account or benefit of United States persons, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and the U.S. Treasury regulations promulgated thereunder.

In making an investment decision, investors must rely on their own examination of the Issuer, the Guarantor and the terms of the Securities being offered, including the merits and risks involved.

Interests in Immobilised Bearer N&C Securities (other than Permanently Restricted N&C Securities) ("**U.S. CDIs**") as defined in the "*Form of the Securities*" below) may be offered or sold within the United States or to U.S. Persons only to QIBs in transactions exempt from the registration requirements under the Securities Act. Each U.S. purchaser of U.S. CDIs is hereby notified that the offer and sale of any U.S. CDIs to it may be made in reliance upon the exemption from the registration requirements of the Securities Act provided by Rule 144A.

Each purchaser or holder of N&C Securities represented by a Rule 144A Global N&C Security (as defined below) or any Securities issued in registered form in exchange or substitution therefor (together "**Legended N&C Securities**"), each purchaser or holder of a Regulation S Global N&C Security (as defined below) and each purchaser or holder of interests in Permanently Restricted N&C Securities, will be deemed, by its acceptance or purchase of any such Legended Securities or Permanently Restricted N&C Securities, to have made certain representations and agreements intended to restrict the resale or other transfer of such Securities as set out in "*Notice to Purchasers and Holders of N&C Securities and Transfer Restrictions*" and "*Subscription and Sale*". Unless otherwise stated, terms used in this paragraph have the meanings given to them in "*Form of the Securities*".

In addition, the offer, sale, resale, transfer, pledge or delivery of certain Securities, or any interest therein, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. Persons may constitute a violation of the CEA. Accordingly, the relevant Pricing Supplement for any Security determined to be subject to such prohibitions will specify that such Security may not at any time be offered, sold, resold, transferred, pledged or delivered in the United States or to U.S. Persons, nor may any U.S. Persons at any time trade or maintain a position in such Securities.

In respect of each issue of Legended N&C Securities, the Issuer may prepare and make available to all potential investors a further disclosure document (a "**Legended N&C Securities Disclosure Document**") and annex to that document the relevant Pricing Supplement. The Legended N&C Securities Disclosure Document shall contain additional or replicated information from that

contained in the Pricing Supplement which the Issuer deems appropriate for the purpose of the offering of such Legended N&C Securities. If such Legended N&C Securities are listed, the Issuer will not file the relevant Legended N&C Securities Disclosure Document with the relevant stock exchange, but will file the relevant Pricing Supplement in accordance with the rules of such stock exchange.

The Securities may not be acquired or held by, or acquired with the assets of, any employee benefit plan subject to Title I of the United States Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), any plan subject to Section 4975 of the United States Internal Revenue Code of 1986, as amended (the "**Code**"), an entity whose underlying assets include plan assets by reason of a plan's investment in such entity (collectively Benefit Plan Investors), or a governmental, church or non-U.S. plan subject to federal, state, local or non-U.S. laws substantially similar to Section 406 of ERISA or Section 4975 of the Code ("**Similar Law**"), unless the acquisition, holding and disposition of the Securities does not constitute a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code or violate the applicable provisions of any Similar Law. Purchasers of Securities on behalf of Benefit Plan Investors have exclusive responsibility for ensuring that their purchase and holding of the Securities does not constitute a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, and by the purchase of Securities they will be deemed to have represented that the foregoing condition has been and will be met. The applicable Pricing Supplement relating to a particular Tranche of Securities may contain more information and reflect more particular limitations respecting Section 406 of ERISA or Section 4975 of the Code. See "*Certain ERISA Considerations*".

Notwithstanding anything in this Information Memorandum to the contrary, each prospective investor (and each employee, representative or other agent of the prospective investor) may disclose to any and all persons, without limitation of any kind, the U.S. tax treatment and U.S. tax structure of any offering and all materials of any kind (including opinions or other tax analyses) that are provided to the prospective investor relating to such U.S. tax treatment and U.S. tax structure, other than any information for which non-disclosure is reasonably necessary in order to comply with applicable securities laws.

AVAILABLE INFORMATION

If the Guarantor ceases to be a reporting company under the Exchange Act (as defined below), in order to permit compliance with Rule 144A in connection with any resales or other transfers of Securities that are "restricted securities" within the meaning of the Securities Act, the Issuer will undertake in a deed poll (the "**Deed Poll**") to furnish, upon the request of a holder of such Securities or any beneficial interest therein, to such holder or to a prospective purchaser designated by him, the information required to be delivered under Rule 144A(d)(4) under the Securities Act if, at the time of the request, the Issuer and the Guarantor are neither reporting companies under Section 13 or 15(d) of the U.S. Securities Exchange Act of 1934, as amended, (the "**Exchange Act**") nor exempt from reporting pursuant to Rule 12g3-2(b) thereunder. The Guarantor is currently a reporting company under the Exchange Act.

SERVICE OF PROCESS AND ENFORCEMENT OF CIVIL LIABILITIES

The Issuer and the Guarantor are companies incorporated in England. All of their directors reside outside the United States and all or a substantial portion of the assets of the Issuer and the Guarantor are located outside the United States. As a result, it may not be possible for investors to effect service of process outside England upon the Issuer or the Guarantor, or to enforce judgments against them obtained in the United States predicated upon civil liabilities of the Issuer or the Guarantor or such directors under laws other than English including any judgment predicated upon United States federal securities laws. The Issuer and the Guarantor have been advised that there is doubt as to the enforceability in England in original actions or in actions for enforcement of judgments of United States courts of civil liabilities predicated solely upon the federal securities laws of the United States.

PRESENTATION OF FINANCIAL AND OTHER INFORMATION

The consolidated annual financial statements of the Issuer and the Guarantor for the years ended 31 December 2013 and 2014 were prepared in accordance with International Financial Reporting Standards ("**IFRS**").

In this Information Memorandum, all references to billions are references to one thousand millions. Due to rounding, the numbers presented throughout this Information Memorandum may not add up precisely, and percentages may not precisely reflect absolute figures.

All references in this document to "**EUR**", "**Euro**", "**euro**" and "**€**" are to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended; references to "**USD**", "**U.S. dollars**", "**U.S.\$**" and "**\$**" are to the currency of the United States of America; and references to "**GBP**", "**Sterling**" and "**£**" are to the currency of the United Kingdom.

In connection with the issue of any Tranche of Securities, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in the applicable Pricing Supplement may over-allot Securities or effect transactions with a view to supporting the market price of the Securities of the Series (as defined below) of which such Tranche forms part at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilisation Manager(s) (or persons acting on behalf of a Stabilisation Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Securities is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Securities and 60 days after the date of the allotment of the relevant Tranche of Securities. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

(d) neither listed nor admitted to trading on any market,

in each case, as indicated in the applicable Pricing Supplement in relation to each Series.

Governing Law:

The Securities and any non-contractual obligations arising out of or in connection with the Securities will be governed by, and construed in accordance with, English law.

Selling Restrictions:

Restrictions apply to offers, sales or transfers of Securities in various jurisdictions. See the sections headed "*Notice to Purchasers and Holders of N&C Securities and Transfer Restrictions*", "*Notice to Purchasers and Holders of Warrants and Transfer Restrictions*" and "*Subscription and Sale*" in this Information Memorandum. Additional selling restrictions may apply as specified in the applicable Pricing Supplement. In all jurisdictions offers, sales or transfers may only be effected to the extent lawful in the relevant jurisdiction.

Certain Restrictions:

Each issue of Securities, denominated in a currency in respect of which particular laws, guidelines, regulations, restrictions or reporting requirements apply, will only be issued in circumstances which comply with such laws, guidelines, regulations, restrictions or reporting requirements from time to time (see "*Notice to Purchasers and Holders of N&C Securities and Transfer Restrictions*", "*Notice to Purchasers and Holders of Warrants and Transfer Restrictions*" and "*Subscription and Sale*").

(D) Risk Factors:

Each prospective investor should consult its own financial and legal advisers about the risks associated with an investment in the Securities and the suitability of an investment in the relevant Securities in light of its particular circumstances.

Certain factors may affect the Issuer's and the Guarantor's ability to fulfil their obligations under Securities issued under the Programme. These are set out under "*Risk Factors*" in this Information Memorandum and include, but are not limited to, risks concerning the creditworthiness of the Issuer and the Guarantor, general economic conditions, competition in the financial services industry, regulatory and legislative change, operational risks, potential conflicts of interest and the risk that hedging and trading activity by the Issuer, the Guarantor or any of their affiliates may affect the value of Securities. Additionally, the risks relating to investment in the Securities depend on their features and may include, *inter alia* (as more fully described under "*Risk Factors*") risks relating to (but not limited to) operational/business risk, credit risk, liquidity risk, interest rate risk, regulatory risk, reputational risk, competition risk, unsecured obligations, market risk, hedging and potential conflicts of interest, tax liabilities, expenses and taxation, third party risk, structural risks relating to particular N&C Securities, including with respect to certain underlyings, no claim against the Reference Item, partly-paid N&C Securities, exchange rate risks, settlement disruption (including as to auction settlement in respect of Credit Linked N&C Securities), illegality and cancellation, time lag after redemption or exercise, physical delivery requirements and settlement risk, possible illiquidity of Securities, equity risk, currency risk, commodity risk, underlying volatility risk, fund risk, failure to deliver due to illiquidity, inflation risk, modification, meetings, market disruption, optional redemption (in the case of N&C Securities), minimum denomination (in the case of N&C Securities), factors affecting the value and trading price of Warrants, minimum exercise amount (in the case of Warrants), limitations on exercise (in the case of Warrants), transfer restrictions and exchange listing and legal regulation risk.

Overview of the Programme

In addition, for certain of the Securities, various events in relation to the relevant underlying asset or reference basis may lead to adjustments to or early redemption or cancellation of the Securities and there are certain factors which are material for the purpose of assessing the market risks associated with Securities issued under the Programme (see "*Risk Factors*" in this Information Memorandum).

Risk Factors

RISK FACTORS

An investment in the Securities may involve a high degree of risk. In purchasing Securities, investors assume the risk that the Issuer and the Guarantor may become insolvent or otherwise be unable to make all payments due in respect of the Securities. There are a wide range of factors which individually or together could result in the Issuer and the Guarantor becoming unable to make all payments due in respect of the Securities. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer and the Guarantor may not be aware of all relevant factors and certain factors which they currently deem not to be material may become material as a result of the occurrence of events outside the Issuer's and the Guarantor's control. The Issuer and the Guarantor have identified in this Information Memorandum a number of factors which could materially adversely affect their businesses and ability to make payments or deliveries due under the Securities.

In addition, factors which are material for the purpose of assessing the market risk associated with Securities issued under the Programme are detailed below.

The factors discussed below regarding the risks of acquiring or holding any Securities are not exhaustive, and additional risks and uncertainties that are not presently known to the Issuer or Guarantor or that the Issuer or Guarantor currently believes to be immaterial could also have a material impact on the Securities.

Prospective investors should also read the detailed information set out elsewhere in this Information Memorandum and reach their own views prior to making any investment decision.

Words and expressions defined in the "General Terms and Conditions of the N&C Securities" and the "General Terms and Conditions of the Warrants" below or elsewhere in this Information Memorandum have the same meanings in this section.

Contents of the Risk Factors

1. **Key risks with respect to an investment in the Securities**
2. **General risks relating to an investment in the Securities**
3. **Risks associated with the N&C Securities**
4. **Risks associated with the Warrants**
5. **Risks associated with Securities that are linked to one or more Reference Item(s)**
6. **Risk factors relating to the Issuer, the Guarantor and the Group**

1. Key risks with respect to an investment in the Securities

1.1 *Investors in Securities may lose up to the entire value of their investment in the Securities as a result of the occurrence of any one or more of the following events:*

- (a) the terms of the relevant Securities do not provide for full repayment of the initial purchase price upon final settlement and/or early termination of such Securities and the Reference Item(s) (as described in risk factors below) perform in such a manner that the final settlement amount and/or early termination amount is less than the initial purchase price. The pay-out formula of Securities may provide for the return of the initial purchase price at final termination. These Securities are sometimes referred to as being "capital protected" on final termination. Investors in Securities that are not "capital protected" may risk losing their entire investment if the value of the Reference Item(s) does not move in the anticipated direction. Investors in Securities that are "capital protected" may still be subject to loss of some or all of their investment in the circumstances described in (b), (c), and (d) below and may not receive any value for the time during which they hold the Securities;

Risk Factors

- (b) the Issuer and Guarantor of the relevant Securities are subject to insolvency proceedings or some other event impairing their ability to meet their obligations under the Securities;
- (c) the investor seeks to sell the relevant Securities prior to their scheduled termination, and the sale price of the Securities in the secondary market is less than the purchaser's initial investment;
- (d) the relevant Securities are subject to certain adjustments in accordance with the terms and conditions of such Securities that may result in the scheduled amount to be paid or asset(s) to be delivered upon termination being reduced to or being valued at an amount less than a purchaser's initial investment; and
- (e) amounts payable may be subject to deductions for taxes and/or expenses.

1.2 *The Securities are unsecured obligations of the Issuer and the Guarantor*

All Securities will represent direct, unconditional and unsecured obligations of the Issuer. All Securities will rank *pari passu* and without any preference among themselves and subject to any applicable statutory provisions or judicial order, at least equally with all other present and future unsecured and unsubordinated obligations of the Issuer.

The obligations of the Issuer are fully and unconditionally guaranteed by the Guarantor. It should however be noted that this Guarantee extends only to amounts which have become due and payable or obligations which are due to be performed in accordance with the General Terms and Conditions of the N&C Securities and the General Terms and Conditions of the Warrants, as the case may be. There is no assurance that any amount will become due and payable or any other relevant obligation will arise under the terms of the relevant Security (for example, in certain circumstances, interest and/or principal will cease to be payable, or the amount payable will be reduced, under the terms of the relevant Security). The obligations of the Guarantor under the Guarantee are unsubordinated and unsecured obligations of Santander UK plc and will rank *pari passu* and without any preference among themselves and subject to any applicable statutory provisions or judicial order, at least equally with all its other present and future unsubordinated and unsecured obligations of the Guarantor.

Investors should note in particular that even in respect of N&C Securities which are expressed to be "principal protected" or "capital protected" on termination and/or include a minimum redemption amount, return of an investor's initial capital investment remains dependent on the Issuer and/or the Guarantor's ability to meet their obligations in full. Where the Issuer and/or the Guarantor are unable to do so, an investor will lose some and possibly all of the amount invested. In addition any amount payable on early redemption or secondary market sale of N&C Securities may be significantly less than the amount that would otherwise be payable at maturity.

Investing in the Warrants entails significant risk and under certain circumstances, as described herein, an investor in the Warrants may lose all or any part of their investment.

1.3 *No government or other protection*

The Securities issued by Abbey National Treasury Services plc and the guarantee provided by Santander UK plc are not savings accounts or deposits of either the Issuer or Guarantor or any member of the Santander Group. The Securities are not protected by the UK Financial Services Compensation Scheme or any other government or private protection scheme.

2. *General risks relating to an investment in the Securities*

2.1 *The Securities may not be suitable for all investors*

Each potential investor in the Securities must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- have sufficient knowledge and experience to make a meaningful evaluation of the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Information Memorandum or any applicable supplement;

Risk Factors

- have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;
- have sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities, including Securities with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- understand thoroughly (if necessary, in consultation with the investor's own legal, tax, accountancy, regulatory, investment or other professional advisers) the terms of the Securities and be familiar with the behaviour of any relevant indices and financial markets; and
- be able to evaluate (either alone or with the help of a financial adviser and/or other professional advisor) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

2.2 The Issue Price of the Securities may be more than the market value of such Securities as at the Issue Date, and the price of the Securities in secondary market transactions

The Issue Price in respect of any Securities specified in the relevant Pricing Supplement may be more than the market value of such Securities as at the relevant Issue Date, and the price, if any, at which the relevant Dealer(s) or any other person willing to purchase such Securities in secondary market transactions may be lower than the Issue Price in respect of such Securities. In particular, the Issue Price in respect of any Securities may take into account several types of proceeds, benefits or costs to the Issuer, which may include amounts with respect to inducements, commissions and/or other fees relating to the issue and sale or distribution of such Securities as well as up-front payments or other amounts relating to the hedging of the Issuer's obligations under such Securities. Secondary market prices are likely to exclude such amounts. In addition, pricing models of relevant market participants may differ or produce a different result. This can cause a difference between the theoretical value of the Securities and any bid and offer prices quoted by the Issuer, the Guarantor, any Affiliate or any third party. Such differences may be greater when the Securities are initially traded on any secondary markets and may gradually decline in value during the term of the Securities.

2.3 The market value and the amount payable and/or deliverable on termination of the Securities may be adversely affected by a number of factors, and the price at which a holder of Securities may be able to sell Securities prior to termination may be at a substantial discount to the market value of such Securities on the Issue Date. A holder of such Securities may suffer a loss of some or all of the entire amount invested on termination

(a) A Security's purchase/offer price may not reflect its inherent value

Prospective investors in the Securities should be aware that the purchase/offer price of a Security does not necessarily reflect its inherent value. Any difference between a Security's purchase/offer price and its inherent value may be due to a number of different factors including, without limitation, prevailing market conditions and fees, discounts or commissions paid or accorded to the various parties involved in structuring and/or distributing the Securities, where permitted by applicable law. For further information prospective investors should refer to the party from whom they are purchasing the Securities for details of any such commission or fee payment and any potential conflicts of interest before making any purchase of the Securities. Prospective investors may also wish to seek an independent valuation of Securities prior to their purchase.

(b) Effect of credit ratings of the Issuer and/or the Guarantor

The value of the Securities is expected to be affected, in part, by investors' general appraisal of the Issuer's and the Guarantor's creditworthiness. Such perceptions are generally influenced by the ratings accorded to the Issuer's and/or Guarantor's outstanding securities by standard statistical rating services, such as Moody's Investors Service Ltd ("**Moody's**"), Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc. ("**Standard & Poor's**"), and Fitch Ratings Ltd ("**Fitch**"). A reduction in the rating, if any, accorded to outstanding debt securities of the Issuer and/or the Guarantor by one of these rating agencies could result in a reduction in the trading value of the Securities.

Risk Factors

(c) *Effect of the performance of the underlying Reference Item(s)*

Securities which are linked to the performance of any Reference Item(s) will represent an investment linked to the economic performance of the Reference Item(s) and investors should note that any return on their investment in such Securities will depend upon the performance of such Reference Item(s). Investors should not invest in any Securities if they do not fully understand how the performance of the Reference Item(s) may affect the pay-out and value of the Securities, including (i) the potential to lose all their investment, (ii) any limit on potential profits and (iii) the effects of any provision which increases exposure to the movement in price or level of the Reference Item(s) (sometimes referred to as "leverage").

If the amounts payable and/or deliverable in respect of Securities are linked to the performance of the Reference Item(s), an investor in such a Security must generally make correct predictions as to the direction, timing and magnitude of an anticipated change in the value of the Reference Item(s) or other basis which may be specified in the relevant Pricing Supplement. However, it is impossible to make such predictions with any degree of certainty, and investors in Securities must be aware that the historical performance of the Reference Item(s) should not be taken as an indication of future performance of such Reference Item(s) during the term of such Security.

In contrast to a direct investment in the Reference Item(s), Securities represent the right to receive payment and/or delivery of amounts which will be determined by reference to the performance of the Reference Item(s). Potential purchasers should also note that whilst the market value of such Securities linked to such Reference Item(s) will be influenced (positively or negatively) by such Reference Item(s), any change may not be comparable or directly proportionate to the change in value of such Reference Item(s) and any payments received by an investor pursuant to the Securities may not reflect the return an investor would receive if it actually owned the Reference Item(s).

(d) *The market value of the Securities at any time is dependent on other matters in addition to the credit risk of the Issuer and Guarantor (if any) and the performance of the Reference Item(s)*

The market value of the Securities at any time will be affected by a number of factors independent of the creditworthiness of the Issuer and Guarantor (if any) and the performance of the Reference Item(s), including:

- (i) market interest and yield rates;
- (ii) fluctuations in currency exchange rates;
- (iii) fluctuations in commodities prices;
- (iv) liquidity of the Securities and/or of any Reference Item(s) in the secondary market;
- (v) the time remaining to any redemption date, maturity date, exercise date or expiration date, as the case may be;
- (vi) where the Reference Item(s) is/are equity securities, the dividend rate on the Reference Item(s) and the financial results and prospects of the issuer of each Reference Item;
- (vii) where the Reference Item(s) is/are credit linked, the creditworthiness of the specified reference entity or entities;
- (viii) numerous other events (e.g. economic, financial, regulatory, political, terrorist or military events) in one or more jurisdictions, including factors affecting capital markets generally or the stock exchanges on which any of the Securities or Reference Item(s) may be traded.

The amount(s) which are or may be payable and/or deliverable in respect of Securities are typically expected to be but do not have to be greater than the trading price of such Securities at any time prior to termination. The difference between the trading price and such amount(s) will reflect, among other things, a "time value" for the Securities. The "time value" of the Securities will depend partly upon the length of the period remaining to termination and expectations concerning the value of the Reference Item(s).

Risk Factors

Before exercising or selling Securities, holders should carefully consider, among other things, (i) the trading price of the Securities, (ii) the value and volatility of the Reference Item(s), (iii) the time remaining to termination, (iv) the possible range of amounts payable and/or deliverable on the Securities, (v) any changes in interim interest rates and dividend yields (if any), (vi) any changes in currency exchange rates, (vii) the depth of the market or liquidity of the Reference Item(s) and (viii) any related transaction costs.

(e) ***Current market climate***

Investors should be aware of the global credit market conditions, whereby there may be a general lack of liquidity in the secondary market for many types of instruments, which may include instruments similar to the Securities. Such lack of liquidity may result in investors suffering losses on the Securities in secondary market sales even if there is no decline in the performance of the Reference Item(s) or the creditworthiness of the Issuer and/or the Group. The Issuer cannot predict when such circumstances may change and whether, if and when they do change, there will be a more liquid market for the Securities at that time.

Certain countries in Europe currently still have large sovereign debts and/or fiscal deficits and this has led to recent uncertainties in the markets as to whether or not the governments of those countries will be able pay in full and on time the amounts due in respect of those debts. These concerns might have led to significant and rapid changes in secondary market prices for sovereign debt of the affected countries (especially Greece, Spain, Portugal, Ireland and Italy) and also to significant and rapid changes in exchange rates, especially with respect to the Euro. Further, the continued concern about the fiscal positions of the governments of the affected countries has also raised concerns regarding the exposures of banks to such countries, especially banks domiciled within Europe. These concerns may lead to such banks being unable to obtain funding in the interbank market, which may cause such banks difficulty in funding their operations and potentially insolvency. If the concerns over sovereign and bank solvency increases, there is a danger that interbank funding may become generally unavailable or available to most banks only at higher interest rates. If this were to happen, investors may suffer market value and/or credit losses in respect of the Securities.

(f) ***The market value of Securities may be highly volatile***

Where the Securities reference one or more Reference Items, the holders of such Securities are exposed to the performance of such Reference Items. The price, performance or investment return of the Reference Items may be subject to sudden and large unpredictable changes over time and this degree of change is known as "volatility". The volatility of a Reference Item may be affected by national and international financial, political, military or economic events, including governmental actions, or by the activities of participants in the relevant markets. Any of these events or activities could adversely affect the value of the Securities.

(g) ***The market value of Securities and the amount payable or deliverable on the Securities may be affected due to the application of leverage or reduced exposure in the structure***

Where a formula used to determine the amount(s) payable and/or deliverable with respect to the Securities contains a multiplier participation rate or leverage factor (whether implicit or explicit) greater than one or 100.00 per cent., then the percentage change in the value of the Security may be greater than any positive and/or negative performance of the Reference Item(s). Securities which include such multiplier or leverage factor represent a very speculative and risky form of investment, since any loss in the value of the Reference Item(s) may carry the risk of a correspondingly higher loss on the Securities.

Where a formula used to determine the amount(s) payable and/or deliverable with respect to the Securities contains an explicit or implicit multiplier participation rate or factor of less than one or 100.00 per cent., then the percentage change in the value of the Security may be less than any positive and/or negative performance of the Reference Item(s). Securities which include such multiplier or leverage factor may not benefit from the full extent of any gain in the value of the Reference Item(s), since any gain in the value of the Reference Item(s) may carry the risk of a correspondingly lower gain on the Securities.

Risk Factors

(h) *Distributor(s)/Introducing Broker Fees*

Investors should note that, in certain circumstances immediately following the issue of the Securities, the secondary market price of the Securities may be less than the Issue Price and/or the offer price for a number of reasons which may include the fact that the Issue Price and/or the offer price included fees or commissions, including fees to be paid to distributor(s) and/or introducing brokers, where permitted by applicable law. See also (a) above.

2.4 *There may not always be a secondary market for the Securities*

(a) *The Issuer and the Guarantor cannot assure a trading market for the Securities will ever develop or be maintained*

The Issuer may issue Securities in different series with different terms in amounts that are to be determined. Such Securities may be unlisted or listed on a recognised stock exchange and there can be no assurance regarding the ability of Securityholders to sell their Securities or the price at which such holders may be able to sell their Securities. Investors should however, be aware that there may be a general lack of liquidity in the secondary market for many types of instruments, which may include instruments similar to the Securities may result in investors suffering losses on Securities in secondary resales even if there is no decline in the performance of the Reference Item(s) or of the Issuer or the Guarantor. The Issuer and the Guarantor cannot predict when market conditions may change and whether, if and when they do change, there will be a more or a less liquid market for the Securities as a result. If a trading market were to develop, the Securities could trade at prices that may be higher or lower than the relevant initial issue price and this may result in a return that is greater or less than any interest or other additional amounts payable in respect of the Securities, depending on many factors, including:

- the Group's financial results;
- any change in the Issuer's or the Guarantor's creditworthiness;
- the market for similar securities or instruments;
- the complexity and volatility of the Reference Items applicable to any Securities issued under the Programme;
- the method of calculating the principal, premium (if any), interest (if any) and other amounts payable or deliverable in respect of the Securities;
- the time remaining to the maturity of the N&C Securities or to exercise the Warrants;
- the outstanding amount of the Securities;
- the redemption or exercise features of the Securities; and
- the level, direction and volatility of market interest rates generally.

In addition, certain Securities have a more limited trading market and experience more price volatility because they were designed for specific investment objectives or strategies. There may be a limited number of buyers when an investor decides to sell such Securities. This may affect the price an investor receives for such Securities, or the ability of an investor to sell such Securities at all.

Application may be made to list an issue of Securities on a stock exchange, as indicated in the applicable Pricing Supplement. The fact that the Securities may be listed does not necessarily lead to greater liquidity. No assurance can be given that there will be a market for any Securities. If Securities are not traded on any stock exchange, pricing information for such Securities may be more difficult to obtain, and the liquidity and market prices of such Securities may be adversely affected. The liquidity of the Securities may also be affected by restrictions on offers and sales of Securities in some jurisdictions. Securities may be more difficult to obtain and the liquidity of the Securities may be adversely affected. Also, to the extent Securities of a particular issue are cancelled, exercised or redeemed, as the case may be, the number of Securities of such issue outstanding will decrease, resulting in a diminished liquidity for the remaining Securities of such

Risk Factors

issue. A decrease in the liquidity of an issue of Securities may cause, in turn, an increase in the volatility associated with the price of such issue of Securities.

The Issuer is not required to maintain the listing on such stock exchange or any other exchange. The price at which the Securities trade on the relevant stock exchange (or any other exchange on which they are traded or quoted) may not reflect the applicable Redemption Amount or Exercise Amount (as the case may be).

Each of the Issuer and any Dealer and any financial intermediary may, but is not obliged to, at any time purchase Securities at any price in the open market or by tender or private treaty. Any Securities so purchased may be held or resold or surrendered for cancellation. A Dealer or any financial intermediary may, but is not obliged to, be a market-maker for an issue of Securities. Even if a Dealer or any financial intermediary is a market-maker for an issue of Securities, the secondary market for such Securities may be limited. To the extent that an issue of Securities becomes illiquid, an investor may have to await termination of such Securities to realise their value.

There may be less liquidity in the secondary market for the Securities also if they are exclusively offered to retail investors without any offer to institutional investors.

- (b) ***An active secondary market in respect of the Securities may never be established or may be illiquid and this would adversely affect the value at which an investor could sell his Securities***

Securities may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Securities easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Securities that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Securities generally would have a more limited secondary market and more price volatility than conventional securities.

Each of the Issuer and any Dealer may, but is not obliged to, at any time purchase Securities at any price in the open market or by tender or private treaty. Any Securities so purchased may be held or resold or surrendered for cancellation. A Dealer may, but is not obliged to, be a market maker for an issue of Securities. Even if a Dealer is a market-maker for an issue of Securities, the secondary market for such Securities may be limited. In addition, affiliates of the Issuer (including, if applicable, any Dealer) may purchase Securities at the time of their initial distribution and from time to time thereafter.

- (c) ***The Securities are subject to selling and transfer restrictions that may be affected by the existence and liquidity of any secondary market in the Securities***

The Securities have not been, and will not be, registered under the Securities Act or any other securities laws. Accordingly, the Securities are subject to certain restrictions on the resale and other transfer thereof as set forth under "*Subscription and Sale*". As a result of such restrictions, the Issuer and the Guarantor cannot be certain of the existence of a secondary market for the Securities or the liquidity of such market if one develops. Consequently, a Securityholder must be able to bear the economic risk of an investment in such Securities for an indefinite period of time.

- 2.5 *There may be price discrepancies with respect to the Securities as between various dealers or other purchasers in the secondary market***

If at any time a third party dealer quotes a price to purchase Securities or otherwise values Securities, that price may be significantly different (higher or lower) from any price quoted by any member of the Santander Group. Furthermore, if any Securityholder sells their Securities, the Securityholder will likely be charged a commission for secondary market transactions, or the price may reflect a dealer discount.

Risk Factors

2.6 *The Securities may be terminated prior to their scheduled final termination*

In certain circumstances, the Early Redemption Amount (in the case of N&C Securities) or the Early Cancellation Amount (in the case of Warrants) payable on the termination of a Security prior to its scheduled maturity or expiration date (as the case may be) may be less than its original purchase price and could be as low as zero.

Following early termination of Securities, the holders of such Securities may not be able to reinvest the redemption or cancellation proceeds (if any) at an effective interest rate as high as any interest rate or yield (if any) on the Securities and may only be able to do so at a significantly lower rate. Investors in Securities should consider such reinvestment risk in light of other investments available at that time.

Securities may be terminated early for a number of reasons, including any of the following reasons:

- (i) the occurrence of a mandatory early termination event (e.g. the price or level of the Reference Item rises above or falls below a pre-determined barrier level), if specified in the terms and conditions of the Securities and/or the applicable Pricing Supplement;
- (ii) the exercise by the Issuer of a call option, if specified to be applicable in the relevant Pricing Supplement;
- (iii) the exercise by the Securityholder of a put option, if specified to be applicable in the relevant Pricing Supplement;
- (iv) the occurrence of certain events or other circumstances in relation to a Reference Item at the discretion of the Calculation Agent;
- (v) the Issuer determines that its performance under any Security has become unlawful in whole or in part for any reason (see N&C Security Condition 7.4 (*Redemption for illegality*) in respect of the N&C Securities and Warrant Condition 6.1 (*Cancellation for Illegality*) in respect of the Warrants);
- (vi) the Calculation Agent determines that a change in applicable law or regulation has occurred and solely by reason of the Securities being outstanding, will result in the Issuer being required to be regulated by any additional jurisdiction or regulatory authority or being subject to any additional legal requirement or regulation considered by the Issuer to be materially onerous (see N&C Security Condition 7.5 (*Regulatory Redemption Event*) in respect of the N&C Securities and Warrant Condition 6.2 (*Regulatory Cancellation Event*) in respect of the Warrants);
- (vii) in certain circumstances where the Issuer determines that it will be obliged to account for any present or future taxes, duties, assessments or governmental charges (see N&C Security Condition 7.6 (*Redemption for tax reasons*) in respect of the N&C Securities and Warrant Condition 6.5 (*Early cancellation for tax reasons*) in respect of the Warrants); or
- (viii) following an Event of Default (see N&C Security Condition 10 (*Events of Default*) in respect of the N&C Securities and Warrant Condition 7 (*Events of Default*) in respect of the Warrants).

With regard to the exercise by the Issuer of a call option, see risk factor 3.2 below.

With regard to early termination due to any of illegality, a regulatory cancellation event or tax, the Early Redemption Amount or Early Cancellation Amount (as the case may be) in respect of each Security shall (if, in the case of N&C Securities, "Market Value" is specified in the applicable Pricing Supplement and unless otherwise specified in the relevant Pricing Supplement) be an amount determined by the Calculation Agent as representing the fair market value of such Securities immediately prior to such early termination, adjusted to account fully for any reasonable expenses and costs of unwinding any underlying and/or related hedging and funding arrangements (including, without limitation any equity options, equity swaps or other Securities of any type whatsoever hedging the Issuer's obligations under the Securities). An investor in Securities should be aware that this Early Redemption Amount or Early Cancellation Amount (as the case may be) may be less than the investor's initial investment, and should also consider risk factor 1.1 (*Investors in Securities may*

Risk Factors

lose up to the entire value of their investment in the Securities as a result of the occurrence of any one or more of the following events).

2.7 Rating Agency Credit Ratings

(a) Use of credit ratings assigned to the Issuer

The long-term and short-term issuer credit ratings of the Issuer are provided in this Information Memorandum for information purposes only. Investors should note that a credit rating assigned to the Issuer may not reflect the potential impact of all of the risks related to the structure, market, type of return or suitability of the Securities as an investment but may affect the value of the Securities. Any rating agency may lower its ratings or withdraw its rating if, in the sole judgment of the rating agency, the credit quality of the Issuer has declined or is in question. In addition, at any time any rating agency may revise its relevant rating methodology with the result that, amongst other things, any rating assigned to the Issuer may be lowered. If any rating assigned to the Issuer is lowered or withdrawn, the secondary market value of any Securities may reduce. A rating is not a recommendation to buy, sell or hold any Securities and may be subject to suspension or withdrawal (or, as noted above, revision) at any time. Each rating agency may have different criteria for evaluating risk, and therefore each rating should be evaluated independently of any other rating.

(b) Relationship of the Issuer's and Guarantor's Ratings

The credit rating of the Issuer is closely aligned with the credit rating of the Guarantor due to the nature of the relationship between the entities. Any change in the rating of the Guarantor may, therefore, result in a corresponding change to the rating of the Issuer.

(c) Use of credit ratings assigned to a particular series of Securities - European regulated investors and the CRA Regulation

One or more independent credit rating agencies may also assign credit ratings to a particular Series of Securities. In general, European regulated investors are restricted under Regulation (EC) No. 1060/2009 (as amended) (the "**CRA Regulation**") from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). Certain information with respect to credit rating agencies and ratings is set out in this Information Memorandum and may be set out in the applicable Pricing Supplement.

The list of registered and certified rating agencies published by the European Securities Markets Authority ("**ESMA**") on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

(d) Credit ratings assigned to the Issuer, the Guarantor or any Securities may not reflect all the risks associated with an investment in those Securities

Any credit rating assigned to the Issuer, the Guarantor or a Series of Securities may not reflect the potential impact of all risks related to the structure, market or additional factors discussed above, and other factors that may affect the value of those Securities. A reduction in the rating, if any, accorded to outstanding debt securities of the Issuer and/or the Guarantor could result in a reduction in the trading value of the Securities. The credit rating agencies may have different rating methodologies, criteria, models and requirements from one another. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, reduced, suspended, qualified or withdrawn by the rating agency at any time.

Risk Factors

2.8 *Market disruption and settlement disruption*

(a) *Market Disruption Event and Disrupted Day*

If an issue of Securities includes provisions dealing with the occurrence of a market disruption event or a failure to open of an exchange or related exchange on a Valuation Date or an Averaging Date and the Calculation Agent determines that a market disruption event or such failure has occurred or exists on a Valuation Date or an Averaging Date, any consequential postponement of the Valuation Date or Averaging Date or any alternative provisions for valuation provided in any Securities may have an adverse effect on the value of such Securities.

(b) *Settlement Disruption Event and Failure to Deliver due to Illiquidity*

In the case of physically settled Securities (other than Credit Linked N&C Securities), if a Settlement Disruption Event occurs or exists on the Delivery Date, settlement will be postponed until the next date on which no Settlement Disruption Event occurs. The Issuer in these circumstances also has the right to pay the Disruption Cash Redemption Amount in lieu of delivering the Asset Amount or Entitlement. Such a determination may have an adverse effect on the value of the relevant Securities.

In the case of Physical Delivery N&C Securities which are Credit Linked N&C Securities, if all or some of the Deliverable Obligations included in the Asset Amount are Undeliverable Obligations and/or Hedge Disruption Obligations, then the Issuer shall continue to attempt to Deliver or, if applicable, shall attempt to Deliver where possible all or a portion of such Undeliverable Obligations or Hedge Disruption Obligations, as the case may be, up to and including (i) the 30th Business Day following the relevant Credit Settlement Date or (ii) such earlier date as the Calculation Agent may select and notify to the Securityholders taking into account the terms of any Hedging Arrangements (the "**Final Delivery Date**"), provided further that if all or a portion of such Undeliverable Obligations or Hedge Disruption Obligations, as the case may be, are not Delivered by the Final Delivery Date the Issuer shall pay in respect of each such Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, the relevant Partial Cash Settlement Amount on the Partial Cash Settlement Date as determined in accordance with Credit Linked Condition 11 (Partial Cash Settlement).

2.9 *Potential conflicts of interest*

(a) *Role of Abbey National Treasury Services plc*

Abbey National Treasury Services plc ("**ANTS**") may be acting in a number of capacities (e.g. Calculation Agent, Issuer and Dealer) in connection with the transactions described in this Information Memorandum. ANTS, acting in such capacities in connection with such transactions, shall have only the duties and responsibilities expressly agreed to by it in its relevant capacity and shall not, by virtue of its acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to hold a standard of care other than as expressly provided with respect to each such capacity. ANTS, in its various capacities in connection with the contemplated transactions, may enter into business dealings, including the acquisition of investment securities as contemplated by its constitutional and other corporate documents, from which it may derive revenues and profits in addition to the fees, if any, stated in its constitutional and other corporate documents, without any duty to account therefor.

In the ordinary course of its business, including without limitation in connection with its market making activities, the Issuer and/or any of its affiliates may effect transactions for its own account or for the account of its customers and hold long or short positions in any Reference Item(s), a component security of any Reference Item(s), or related derivatives. In addition, in connection with the offering of any Securities, the Issuer and/or any its affiliates may enter into one or more hedging transactions with respect to any Reference Item(s), a component security of any Reference Item(s), or related derivatives. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer and/or any its affiliates, the Issuer and/or any its affiliates may enter into transactions in any Reference Item(s), a component security of any Reference Item(s), or related derivatives which may affect the market price, liquidity or value of the relevant Securities and which could be deemed to be adverse to the interests of the relevant Securityholders. Such transactions could present certain conflicts of interest with the interest of holders and may affect the value of the Securities.

Risk Factors

There is no limitation or restriction on ANTS, or any of its respective Affiliates, with regard to acting as adviser (or in a similar role) to other parties or persons. This and other future activities of ANTS and/or its Affiliates may give rise to additional potential conflicts of interest.

ANTS in its capacity as Issuer and any Dealer may at the date hereof or at any time hereafter, be in possession of information in relation to a Reference Item that is or may be material in the context of the Securities and may or may not be publicly available to Securityholders. There is no obligation on the Issuer or any Dealer to disclose to Securityholders any such information.

ANTS in its capacity as Issuer of Credit-Linked Notes and/or any of its Affiliates may have existing or future business relationships with any Reference Entities or, if applicable, any of their subsidiaries or affiliates or any other person or entity having obligations to any Reference Entity (including, but not limited to, dealing, lending, depositary, risk management, advisory and banking relationships), and will pursue actions and take steps that they or it deems necessary or appropriate to protect their and/or its interests arising therefrom without regard to the consequences for a Securityholder regardless of whether any such action might have an adverse effect (including, without limitation, any action which might constitute or give rise to any breach, event of default, credit event or termination event) on any Reference Obligation.

Where the Securities, or arrangements linked thereto, are offered to the public, as the Dealer(s) and any distributors act pursuant to a mandate granted by the Issuer and they receive fees on the basis of the services performed and the outcome of the placement of the Securities, or arrangements linked thereto, potential conflicts of interest could arise.

(b) ***There may be potential conflicts of interests if intermediaries are appointed in connection with the offer or placement of the Securities***

Given that the intermediaries appointed from time to time as distributors and the other entities acting in connection with the offer or placement of the Securities act in their institutional capacity pursuant to a mandate granted by the Issuer and receive fees on the basis of the placement activity carried out and its outcome, such intermediaries generally act in a situation that may give rise to a potential conflict of interest.

To the extent permitted by applicable law, if any commissions or fees relating to the issue and sale of the Securities have been paid or are payable by the Dealer to an intermediary, then such intermediary may be obliged to fully disclose to its clients the existence, nature and amount of any such commissions or fees (including, if applicable, by way of discount) as required in accordance with laws and regulations applicable to such intermediary, including any legislation, regulation and/or rule implementing the Markets in Financial Instruments Directive, or as otherwise may apply in any non-EEA jurisdictions. Investors in Securities through an intermediary (including by way of introducing broker) should be aware that the existence of commissions that may be payable to such intermediary in respect of the Securities to the extent permitted by applicable law may give rise to conflicts of interest, as an intermediary may be interested in selling to its customers primarily Securities where it receives the highest commissions. Investors should request details of any such commission or fee payment from such intermediary and any potential conflicts of interest before making any purchase of Securities.

2.10 *Calculation Agent's discretion*

The Calculation Agent (which will likely be ANTS or an affiliate of ANTS) has a very broad discretionary authority to make various determinations and adjustments under the Securities, any of which may have an adverse effect on the value and/or the amounts payable under the Securities. For example, the Calculation Agent has a broad discretion to, without limitation, (i) determine whether a Disrupted Day, Index Adjustment Event, Potential Adjustment Event, Extraordinary Event and/or any other event and/or matters so specified in the Conditions has occurred, (ii) determine any resulting adjustments and calculations as described in the Conditions and (iii) make determinations in respect of any other matters as may be specified in the applicable Pricing Supplement. Prospective purchasers should be aware that any determinations made by the Calculation Agent may have an impact on the value and financial return of the Securities. Any such discretion exercised by, or any calculation made by, the Calculation Agent (in the absence of manifest error) shall be binding on the Issuer and all holders of the Securities.

Risk Factors

2.11 *The Conditions of the Securities contain provisions which may permit their modification without the consent of all investors*

The General Terms and Conditions of the N&C Securities and the General Terms and Conditions of the Warrants contain provisions for calling meetings of Securityholders to consider matters affecting their interests generally including, without limitation, modifications of certain provisions of the relevant Securities, Receipts or Coupons or the Agency Agreement (as the case may be). The meetings provisions permit defined majorities (as set out in N&C Securities Condition 16 (Meetings of N&C Securityholders and Modifications) and Warrant Condition 13 (Meetings of Warranholders and Modifications)) to bind all Securityholders including Securityholders who did not attend and vote at the relevant meeting and Securityholders who voted in a manner contrary to the majority.

The General Terms and Conditions of the N&C Securities and the General Terms and Conditions of the Warrants also provide that the Issuer may, without the consent of Securityholders, agree to:

- (i) certain modifications of the Securities, including:
 - (A) any modification of the provisions of the Securities, the Receipts, the Coupons or the Agency Agreement which is not prejudicial to the interests of the Securityholders; or
 - (B) any modification of any of the provisions of the Conditions, the Securities, the Receipts, the Coupons or the Agency Agreement (as the case may be) which is of a formal, minor or technical nature or is made to correct a manifest or proven error or is made to correct an error, ambiguity or omission such that, in the absence of such correction, the terms of the Securities would not otherwise represent the intended terms of the Securities on which the Securities were sold and have since traded or is to comply with mandatory provisions of applicable law; or
- (ii) the substitution of another company as principal debtor under any Securities in place of the Issuer, in certain circumstances.

2.12 *Potential investors should consider certain legal and tax consequences of investing in the Securities*

(a) *Characterisation of the Securities*

The appropriate characterisation of the Securities under various legal investment restrictions, and thus the ability of potential investors subject to those restrictions to purchase the Securities, may be subject to significant interpretative uncertainties. No representation is made as to the proper characterisation of the Securities for legal investment purposes, or for risk-weighting, securities valuation, regulatory, accounting or other financial institution regulatory regimes of any regulatory body. Potential investors should consult with their own legal advisers in determining whether, and to what extent, the Securities will constitute legal investments for them and the consequences of such an investment.

The Issuer and/or its Affiliates cannot advise on the appropriate accounting treatment or possible tax consequences of an indicative transaction. Prior to purchasing the Securities, a potential investor should discuss with its professional advisers how such purchase would or could affect them. Potential investors with any questions regarding the impact of an investment in the Securities on their tax position should consult their tax adviser. Neither the Issuer nor any of its affiliates provides tax or legal advice.

The Securities will not have the benefit of a gross-up provision in respect of withholding taxes. Securityholders will bear the risk of the imposition of any deduction or withholding with respect to payments made under the Securities.

(b) *Taxation and Expenses*

Potential purchasers and sellers of Securities should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Securities are transferred and/or any assets are delivered. Securityholders are subject to the provisions of the Conditions and payment and/or delivery of any

Risk Factors

amount due in respect of the Securities will be made subject to any tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted.

It is not possible to predict whether the tax regime on the basis of which the net values relating to any amount payable to investors pursuant to the Securities applicable as at the date of publication of the specific Pricing Supplement may be amended during the life of the Securities, nor can it be excluded that, in case of amendments, the net values indicated with respect to the Securities may differ, even substantially, from those which will effectively apply to the Securities as at the various payment dates, as indicated in the relevant Pricing Supplement.

To that end, the section "*Taxation*" in this Information Memorandum sets out a brief description of the tax regime applicable to the purchase/subscription, ownership or disposal of the Securities for certain categories of investors, based on the tax laws in force in certain jurisdictions as at the date of this Information Memorandum. Such laws remain subject to any changes in law which may occur after such date, and which could be made on a retroactive basis.

Potential purchasers who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

If Physical Delivery is specified in the applicable Pricing Supplement as applying in relation to any Securities, all expenses arising from the delivery of the relevant Asset Amount or Entitlement (as the case may be and as hereinafter defined) in respect of such Security shall be for the account of the relevant Securityholder and the Issuer is under no obligation to deliver such Asset Amount or Entitlement (as the case may be) until all such expenses have been paid to the satisfaction of the Issuer by the relevant Securityholder. Where such expenses are not paid to the Issuer's satisfaction, the Issuer has the option to proceed with delivery but in so doing has the right to deduct an amount at least equal to the aggregate unpaid expenses from the Asset Amount or Entitlement (as the case may be) to be delivered. The Issuer's delivery obligations in respect of the Securities will be discharged in full by delivery of such reduced Asset Amount or Entitlement less any such deduction.

(c) ***Hiring Incentives to Restore Employment Act Withholding***

The U.S. Hiring Incentives to Restore Employment Act (the "**HIRE Act**") imposes a 30% withholding tax on amounts attributable to U.S. source dividends that are paid or "deemed paid" under certain financial instruments if certain conditions are met. While significant aspects of the application of the relevant provisions of the HIRE Act to the Securities are uncertain, if the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld. Prospective investors should refer to the section "*Taxation – Hiring Incentives to Restore Employment Act*".

(d) ***Foreign Account Tax Compliance Act withholding may affect payments on the Securities***

Whilst the Securities are in global form and held within Euroclear Bank SA/NV or Clearstream Banking, *société anonyme* (together the "**ICSDs**"), in all but the most remote circumstances, it is not expected that the new reporting regime and potential withholding tax imposed by sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 ("**FATCA**") will affect the amount of any payment received by the ICSDs (see "*Foreign Account Tax Compliance Act*" in the "*Taxation*" section below). However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how

Risk Factors

FATCA may affect them. The Issuer's obligations under the Securities are discharged once it has made payment to, or to the order of, the common depositary or common safekeeper for the ICSDs (as bearer of the Notes), and the Issuer has therefore no responsibility for any amount thereafter transmitted through the ICSDs and custodians or intermediaries. Further, foreign financial institutions in a jurisdiction which has entered into an intergovernmental agreement with the United States (an "IGA") are generally not expected to be required to withhold under FATCA or an IGA (or any law implementing an IGA) from payments they make.

(e) ***Local transfer tax and other taxes***

French Financial Transaction Tax

Pursuant to the Article 235 ter ZD of the French Tax Code, acquisitions for consideration of equity securities in the meaning of Article L 212-1 A of the French Monetary and Financial Code or similar instruments in the meaning of Article L 211-41 of the French Monetary and Financial Code, admitted to trading on a French, European or foreign regulated market within the meaning of Articles L 421-4, L 422-1 or L 423-1 of the French Monetary and Financial Code and issued by a company having its head office in France and a market capitalisation in excess of 1 billion are subject to the French financial transactions tax (the "**French Qualifying Shares**"), levied at the rate of 0.2% (the "**French Financial Transaction Tax**"). The French Financial Transaction Tax also applies to acquisitions of securities issued by an issuer whose head office is not in France when these securities represent French Qualifying Shares (e.g. depositary receipts).

Italian Financial Transaction Tax

Pursuant to Article 1 (491 *et seq*) of Law No. 228 of 24 December 2012, an Italian financial transaction tax (the "**IFTT**") applies to (i) transfers of property rights in shares and other participating securities issued by Italian resident companies (together, "**Relevant Participating Instruments**"); (ii) transfers of property rights in financial instruments representing any such Relevant Participating Instruments, whether or not such financial instruments are issued by Italian resident issuers (such financial instruments, together with the Relevant Participating Instruments the "**Relevant Instruments**"); and (iii) derivative transactions referencing Relevant Instruments (i.e. derivative transactions having an underlying mainly represented by one or more of the Relevant Instruments or whose value is mainly linked to the Relevant Instruments) including securitised derivatives referencing Relevant Instruments (for example warrants, covered warrants and certificates) whether issued by Italian resident issuers or not.

The IFTT is due by the party acquiring ownership of the Relevant Instruments, regardless of the residence of the parties and/or where the transaction is entered into. It applies at a rate of 0.2% reduced to 0.1% if the transaction is executed on a regulated market or a multilateral trading system of a EU or EEA Member State exchanging information with the Italian tax authorities. The taxable base is the "transaction value" (i.e. the consideration agreed between the parties). However, if at the same date, a subject carries on a number of transactions involving the same instruments, the taxable base is computed based on the net balance of these transactions.

With respect to derivative transactions referencing Relevant Instruments including securitised derivatives the IFTT applies regardless of the tax residence of both the counterparties of the transactions (*ciascuna delle controparti delle operazioni*) and/or where the transaction is executed. The IFTT is levied at a fixed amount of between EUR 0.01875 and EUR 200 per transaction, that will vary depending on the features and the notional value of the securitised derivatives. A reduced IFTT (one fifth of the standard rate) will be payable in respect of transactions executed on regulated markets or multilateral trading facilities of EU Member States and of the EEA that are included in the list set out by the Ministerial Decree issued pursuant to Article 168-*bis* of TUIR.

However the IFTT does not apply where one of the parties to the transaction is the European Union, the European Central Bank ("**ECB**"), central banks of the EU Member States, foreign Central Banks or entities which manage the official reserves of a foreign State, or international bodies or entities set up in accordance with international agreements which have entered into force in Italy. Further specific exemptions exist including, *inter alia*, for (i) subjects who carry on market making activities; (ii) mandatory social security entities and pension funds set up according to Legislative Decree No. 252 of 5 December 2005; and (iii) entities merely interposed in the execution of a transaction.

Risk Factors

The IFTT shall be generally levied by the banks and other financial intermediaries (the "**Intermediaries**") that are involved, in any way, in the execution of the transaction and subsequently paid to the Italian Revenue. If more than one Intermediary is involved in the execution of the transaction, the IFTT is levied by the Intermediary who receives the order of execution from the purchaser of the Relevant Instruments or, in the case of derivative transaction or securitised derivative referencing a Relevant Instrument, from the counterparty to or purchaser of such derivative. Intermediaries not resident in Italy can appoint an Italian representative for the purposes of the IFTT. If no Intermediaries are involved in the execution of the transaction, the IFTT must be paid by each relevant party to the transaction themselves.

The return on Securities may be affected by the application of these taxes depending on the Reference Item(s) selected. Investors that are unsure about the implications of such taxes as they relate to the applicable Securities should seek professional advice.

(f) ***EU financial transaction tax***

On 14 February 2013, the European Commission issued proposals, including a draft Directive (the "**Commission's proposal**"), for a financial transaction tax ("**FTT**") to be adopted in certain participating EU member states (including Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia). If the Commission's proposal was adopted, the FTT would be a tax primarily on "financial institutions" (which could include the Issuer) in relation to "financial transactions" (which would include the conclusion or modification of derivative contracts and the purchase and sale of financial instruments).

Under the Commission's proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating member states. Generally, it would apply where at least one party is a financial institution, and at least one party is established in a participating member state. A financial institution may be, or be deemed to be, "established" in a participating member state in a broad range of circumstances, including (a) by transacting with a person established in a participating member state or (b) where the financial instrument which is subject to the financial transaction is issued in a participating member state.

The FTT may give rise to tax liabilities for the Issuer with respect to certain transactions if it is adopted based on the Commission's proposal. Examples of such transactions are the conclusion of a derivative contract in the context of the Issuer's hedging arrangements or the purchase or sale of securities (such as charged assets) or the exercise/settlement of a warrant. The Issuer is, in certain circumstances, able to pass on any such tax liabilities to holders of the relevant Securities and therefore this may result in investors receiving less than expected in respect of such Securities. It should also be noted that the FTT could be payable in relation to relevant transactions by investors in respect of Securities (including secondary market transactions) if conditions for a charge to arise are satisfied and the FTT is adopted based on the Commission's proposal. Primary market transactions referred to in Article 5(c) of Regulation EC No 1287/2006 are expected to be exempt. There is however some uncertainty in relation to the intended scope of this exemption for certain money market instruments and structured issues.

Joint statements issued by participating member states indicate an intention to implement the FTT by 1 January 2016. However, the FTT proposal remains subject to negotiation between the participating member states and the scope of any such tax is uncertain. Additional EU member states may decide to participate. Prospective holders of Securities are advised to seek their own professional advice in relation to the FTT.

(g) ***No additional amounts will be payable***

Neither the Issuer nor the Guarantor will pay any additional amounts in connection with any payments to be made under the Securities as a result of any withholding or deduction required by law.

(h) ***Withholding under the EU Savings Directive***

Under Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of other Member States details of certain payments of interest or similar income paid or secured by a person established in a Member State to or for the benefit of an individual resident in another Member State or certain limited types of entities established in another Member State.

Risk Factors

On 24 March 2014, the Council of the European Union adopted a Council Directive amending and broadening the scope of the requirements described above. Member States are required to apply these new requirements from 1 January 2017. The changes will expand the range of payments covered by the Directive, in particular to include additional types of income payable on securities. They will also expand the circumstances in which payments that indirectly benefit an individual resident in a Member State must be reported. This approach will apply to payments made to, or secured for, persons, entities or legal arrangements (including trusts) where certain conditions are satisfied, and may in some cases apply where the person, entity or arrangement is established or effectively managed outside of the European Union.

For a transitional period, Austria is required (unless during that period it elects otherwise) to operate a withholding system in relation to such payments. The changes referred to above will broaden the types of payments subject to withholding in those Member States which operate a withholding system when they are implemented.

The end of the transitional period is dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries. A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any Paying Agent (as defined in the Conditions) nor any other person would be obliged to pay additional amounts with respect to any Security as a result of the imposition of such withholding tax. The Issuer is required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the Directive.

2.13 *Legal investment considerations may restrict certain investments*

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Securities are legal investments for it, (2) Securities can be used as collateral for various types of borrowing, and (3) other restrictions apply to its purchase or pledge of any Securities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Securities under any applicable risk-based capital or similar rules.

2.14 *Hedging*

In connection with the offering of the Securities, the Issuer, the Guarantor and/or any of their affiliates or other parties may enter into one or more hedging transactions with respect to the underlying equities, indices or such other Reference Item to which payments under the Securities are related. In connection with such hedging activities or with respect to proprietary or other trading activities by the Issuer, the Guarantor and/or any of their affiliates or other parties, the Issuer, the Guarantor and/or any of its affiliates or other parties may enter into transactions in the Reference Item(s) or related derivatives which may affect the market price, liquidity or value of the Securities and which could be deemed to be adverse to the interest of the relevant Securityholders.

It may not be possible to use the Securities as a perfect hedge against the market risk associated with investing in a Reference Item. Prospective purchasers intending to purchase Securities to hedge against the market risk associated with investing in a Reference Item should recognise the complexities of utilising Securities in this manner. For example, the value of the Securities may not exactly correlate with the value of the Reference Item. Due to fluctuating supply and demand for the Securities, there is no assurance that their value will correlate with movements of the Reference Item. For these reasons, among others, it may not be possible to purchase or liquidate Securities in a portfolio at the prices used to calculate the value of any Reference Item. Please see also the Risk Factor entitled "*Potential conflicts of interest*" above.

2.15 *Postponement or alternative provisions for the valuation of a Reference Item may have an adverse effect on the value of the Securities*

If the Calculation Agent determines that any scheduled valuation date (including an averaging date) (i) falls on a day which is not a Scheduled Trading Day or any other day which is subject to adjustment in accordance with the terms and conditions of the relevant Securities and/or (ii) falls on a day in respect of which a disruption or similar event has occurred

Risk Factors

and is continuing in respect of the Reference Item which affects the valuation of such Reference Item, the Calculation Agent has broad discretion to make any consequential postponement of, or any alternative provisions for, valuation of such Reference Item provided in the terms and conditions of the Securities, including a determination of the value of such Reference Item by the Calculation Agent in its discretion, each of which may have an adverse effect on the value of the Securities.

2.16 *Where N&C Securities are issued on a partly paid basis, an investor who fails to pay any subsequent instalment of the issue price could lose all of his investment*

The Issuer may issue N&C Securities where the issue price is payable in more than one instalment. Any failure by an investor to pay any subsequent instalment of the issue price in respect of his N&C Securities could result in such investor losing some or all of his investment.

2.17 *N&C Securities issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates*

The market value of N&C Securities issued at a substantial discount (such as Zero Coupon N&C Securities) or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the N&C Securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

2.18 *Risk of Leveraged Exposure*

Leverage involves the use of a number of financial techniques to increase the exposure to an underlying Reference Item, and can therefore magnify both returns and losses. While the use of leverage allows for potential multiples of a return (assuming a return is achieved) when the underlying Reference Item moves in the anticipated direction, it will conversely magnify losses when the underlying Reference Item moves against expectations. If the relevant Securities include leverage, potential holders of such Securities should note that these Securities will involve a higher level of risk, and that whenever there are losses such losses may be higher than those of a similar security which is not leveraged. Investors should therefore only invest in leveraged Securities if they fully understand the effects of leverage and are willing to risk the potential losses that might arise as a consequence of an investment in such leveraged Security.

2.19 *Emerging Markets Risks*

Where the Securities relate to Reference Items associated with, or denominated in the currencies of, emerging market countries, investors should note that the risk of the occurrence of and the severity of the consequences of the matters described herein may be greater than they would otherwise be in relation to more developed countries. Emerging markets jurisdictions may be characterised as politically unstable and/or lacking a stable and fully developed economy and financial system and/or lacking in established rule of law. Emerging markets investments generally have greater risks than those from developed jurisdictions including political risk, economic risk, currency risk, market risk, regulatory/legal risk and shareholder risk as further described below:

- *Political risk:* The relative instability of political systems of emerging markets jurisdictions may leave them more vulnerable to public unrest and instability. Such circumstances, in turn, could lead to a reversal of some or all economic or political reform including such policies as confiscatory taxation, exchange controls or expropriation of foreign-owned assets without adequate compensation. Any such policies could have an adverse effect on the value of the Reference Item(s) and, in turn, the relevant Securities.
- *Economic risk:* Businesses and governments of emerging markets jurisdictions may be relatively inexperienced in dealing with difficult market conditions (such as the on-going global recession) and may have a limited capital base from which to borrow funds. In addition, an emerging markets jurisdiction may lack a developed banking sector and its financial institutions may not be adequately regulated. These factors, among other economic issues, could affect the functioning of the economy and have a corresponding adverse effect on the performance of the Reference Item(s) and, in turn, the relevant Securities.

Risk Factors

- *Currency risk:* Reference Item(s) or Securities denominated in the currencies of emerging markets jurisdictions may be subject to greater volatility and possibly the suspension of the ability to exchange or transfer currency, or the devaluation of the currency. See "*Risks relating to Currency Linked Securities and Currency Risk in Securities and Reference Items generally*" below.
- *Market risk:* The financial systems and markets of emerging markets jurisdictions may lack the level of transparency and liquidity found in more developed markets. As a result, such markets may suffer from extreme price volatility, price discrepancies and lack of liquidity. Any such circumstances or events may have an adverse effect on the performance of the Reference Item(s) and, in turn, the relevant Securities.
- *Regulatory/Legal risk:* In emerging markets jurisdictions there may be less government regulation of business and industry practices, stock exchanges, over-the-counter markets and market participants than in more developed countries. Legislation to safeguard the rights of private ownership and to prevent stock market manipulation may not be fully developed and regulations governing investments in securities may not exist or may be subject to inconsistent or arbitrary application or interpretation and may be subject to change with retroactive effect. The holder of a Reference Item of an emerging markets jurisdiction may not be able to pursue legal remedies in the courts of such jurisdictions. Any such circumstances or events may have an adverse effect on the performance of the Reference Item(s) and, in turn, the relevant Securities.

2.20 *Discontinuation or withdrawal of offer period*

Unless otherwise specified in the applicable Pricing Supplement, the offer period in relation to any Securities may be discontinued at any time.

In addition under certain circumstances indicated in the applicable Pricing Supplement, the Issuer and/or the other entities indicated in the Pricing Supplement will have the right to withdraw or revoke the offer, and the offer will be deemed to be null and void according to the terms indicated in the applicable Pricing Supplement. In such case, any amounts segregated by a distributor or financial intermediary as intended payment of the offer price by an investor will be released to the relevant investor by the distributor or financial intermediary but may or may not accrue interest depending on the agreements between the investor and the relevant distributor or financial intermediary or depending on the policies applied by the distributor or financial intermediary in this regard. In these circumstances, there may also be a time lag in the release of any such amounts and, unless otherwise agreed with the relevant distributor or financial intermediary, no amount will be payable as compensation and the investor may be subject to reinvestment risk.

Unless otherwise provided in the applicable Pricing Supplement, the Issuer and/or the other entities specified in the applicable Pricing Supplement may terminate the offer early by immediate suspension of the acceptance of further subscription requests. Any such termination may occur even where the maximum amount for subscription in relation to that offer (as specified in the applicable Pricing Supplement) has not been reached. In such circumstances, the early closing of the offer may have an impact on the aggregate number of Securities issued and, therefore, may have an adverse effect on the liquidity of the Securities.

Furthermore, under certain circumstances, the Issuer and/or the other entities indicated in the applicable Pricing Supplement will have the right to postpone the originally designated Issue Date. In the event that the issue date is so delayed, no compensation or amount in respect of interest shall be payable or otherwise accrue in relation to such Securities unless otherwise agreed between the investor and the relevant distributor or the policies of the distributor or financial intermediary so provide.

2.21 *Over-issuance of Securities by the Issuer*

As part of its issuing, market-making and/or trading arrangements, the Issuer may issue more Securities than those which are to be subscribed or purchased by third party investors. The Issuer (or any of its affiliates) may hold such Securities for the purpose of meeting any investor interest in the future. Prospective investors in the Securities should therefore not regard the issue size of any Series as indicative of the depth or liquidity of the market for such Series, or of the demand for such Series.

Risk Factors

2.22 *Post-issuance information*

Unless otherwise specified in the applicable Pricing Supplement and save as required by any applicable laws and regulations, the Issuer will not provide post-issuance information in relation to the Securities or the Reference Item.

2.23 *Risks relating to Inventory Securities which have been issued prior to the date of their purchase*

In the case of Securities which have been issued prior to the date of their purchase and which the Dealer has been holding from time to time on its own account ("**Inventory Securities**"), the disclosure in relation to the Reference Item(s) to which the relevant Inventory Securities may be linked as set forth in the Pricing Supplement will have been extracted by the Issuer from publicly available sources but will not have been prepared by, or on behalf of, and will not have been verified by, or on behalf of, the Issuer, the Guarantor (if applicable), the Dealer or any other member of the Santander Group, each of which will have disclaimed any responsibility for such information. Such information may be out of date and none of the Issuer, the Guarantor, the Dealer or any other member of the Santander Group shall provide any updated information in relation to the Reference Item(s). If there has been any change in the Reference Item(s) since the date of the Pricing Supplement, this may have an adverse effect on the pay-out and/or value of the relevant Inventory Securities. Furthermore, any change in the situation or condition of the Issuer and/or the Guarantor (if applicable) since the date of the Pricing Supplement will not be disclosed and may have an adverse effect on the value of the relevant Inventory Securities.

2.24 *If the United Kingdom joins the European Monetary Union prior to the maturity of the Securities, the Issuer and the Guarantor cannot assure the Securityholders that this would not adversely affect payments on the Securities*

It is possible that prior to the termination of the Securities the United Kingdom may become a participating member state in the European economic and monetary union and the euro may become the lawful currency of the United Kingdom. In that event (i) all amounts payable in respect of any Securities denominated in pounds sterling may become payable in euro; (ii) applicable provisions of law may allow or require the Issuer to re-denominate such Securities into euro and take additional measures in respect of such Securities; and (iii) the introduction of the euro as the lawful currency of the United Kingdom may result in the disappearance of published or displayed rates for deposits in pounds sterling used to determine the rates of interest on such securities or changes in the way those rates are calculated, quoted and published or displayed. It cannot be said with certainty what effect, if any, adoption of the euro by the United Kingdom would have on investors in the Securities.

Provisions relating to any such redenomination of the Securities are included in N&C Security Condition 17 (Redenomination) and Warrant Condition 15 (Redenomination). Prospective investors should familiarise themselves with these provisions and should note in particular that these provisions permit the Issuer to redenominate the Securities in euro without the consent of any Securityholders, Receiptholders or Couponholders. Such redenomination may be performed in accordance with the provisions of N&C Security Condition 17 (Redenomination) or Warrant Condition 15 (Redenomination), as applicable or, if different, the then prevailing market practice for redenomination in euro of internationally offered securities. Prospective investors should note further that the provisions of N&C Security Condition 17 (Redenomination) provide that, in the event of any such redenomination, all unmatured Coupons (whether or not attached to the Securities) and the payment obligations contained in any Securities and Receipts, in each case, issued prior to the date of the redenomination and denominated in the Specified Currency of the Securities will become void and such Securities, Receipts and Coupons will instead constitute valid exchange obligations of the Issuer for exchange for corresponding new euro-denominated Securities, Receipts and Coupons.

2.25 *If an investor holds Securities which are not denominated in the investor's home currency, he will be exposed to movements in exchange rates adversely affecting the value of his holding. In addition, the imposition of exchange controls in relation to any Securities could result in an investor not receiving payments on those Securities*

The Issuer will pay principal, interest and other amounts on the Securities and the Guarantor will make any payments under the Guarantee in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with

Risk Factors

jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Securities, (2) the Investor's Currency equivalent value of the principal payable on the Securities, and (3) the Investor's Currency equivalent market value of the Securities.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer or the Guarantor to make payments in respect of the Securities. As a result, investors may receive less interest or principal or settlement amount than expected, or no interest or principal or settlement amount.

2.26 *The Issuer and the Guarantor may rely on third parties and the Securityholders may be adversely affected if such third parties fail to perform their obligations*

The Issuer and the Guarantor may be a party to contracts with a number of other third parties that have agreed to perform services in relation to the Securities. For example, the Paying Agents and Warrant Agents have agreed to perform services in connection with the Securities; and Euroclear and Clearstream, Luxembourg have, in respect of Securities in global form deposited with them ("**Global Securities**"), agreed, *inter alia*, to accept such Global Securities as eligible for settlement and to properly service the same, and to maintain up-to-date records in respect of the total amount or number outstanding of such Global Securities. In the event that any relevant third party was to fail to perform its obligations under the respective agreements to which it is a party, the Securityholders may be adversely affected.

2.27 *The Issuer and the Guarantor may be prohibited from physically delivering bearer Securities*

The Issuer and the Guarantor may be prohibited from physically delivering definitive Securities in bearer form by the laws of a Securityholder's jurisdiction. In these circumstances, any definitive Security in bearer form, may be delivered to a nominated custodian in a jurisdiction where such prohibition does not exist. For further guidance on restrictions on physical delivery of Securities, investors should seek professional advice.

2.28 *The Securities may have a Minimum Tradeable Size*

Prospective investors should be aware that for any Security which has a Minimum Tradeable Size specified in the applicable Pricing Supplement and a smaller minimum Specified Denomination, it is possible that such Securities may only be traded in a nominal amount, for a consideration or in the number, as the case may be, that is at least equal to the Minimum Tradeable Size. In such a case, a holder who holds a nominal amount or number of Securities or wishes to transfer a nominal amount or number of Securities which is less than the Minimum Tradeable Size will be unable to sell or transfer such holding. If a holder holds a nominal amount or number of Securities that is less than the Minimum Tradeable Size, in order for such holder to sell or transfer its holding of Securities such holder would first need to purchase such additional identical Securities such that it is in a position to sell or transfer a total nominal amount or number, as the case may be, of Securities at least equal to the Minimum Tradeable Size. Investors should be aware that it may not always be possible to purchase such additional Securities and as such they may be unable to sell or transfer any such holding.

If N&C Securities which have a Minimum Tradeable Size are in definitive form, holders should be aware that definitive N&C Securities with a denomination that is less than the Minimum Tradeable Size may be illiquid or difficult to trade.

3. *Risks associated with the N&C Securities*

3.1 *Settlement risks and risk of capital loss*

The Issuer may (as specified in the applicable Pricing Supplement) be entitled to redeem N&C Securities either by payment of a cash amount ("**Cash-Settled N&C Securities**") and/or by physical delivery of all or part of a Reference Item or some other asset or property ("**Relevant Asset**") ("**Physically-Settled N&C Securities**"). In certain circumstances, the cash amount payable on Cash-Settled N&C Securities, or the value of assets or property deliverable on Physically-Settled N&C Securities, on redemption of such N&C Securities (whether at maturity or otherwise) may be less than the principal amount of the N&C Securities together with any accrued interest and may in certain circumstances be zero. In addition, in respect of any Physically-Settled N&C Securities, risk of delivery of the relevant asset or property will be the risk of the

Risk Factors

Securityholders and where any settlement disruption or other intervening event occurs this may mean that physical settlement cannot be made.

3.2 ***The inclusion of an Issuer call option in respect of Securities will generally mean that (a) the holder will not be able to participate in any future upside performance of the underlying Reference Item(s) following the effective date of the Issuer call option, (b) the market value of the Securities may be limited and (c) if the call option is exercised, the holder may not be able to reinvest the proceeds at an effective interest rate as high as any interest rate on the Securities***

If the applicable Pricing Supplement specifies that the N&C Securities are redeemable at the option of the Issuer, the Issuer may redeem such N&C Securities at times when the prevailing interest rates may be relatively low. As a consequence, the yields (if any) received upon redemption may be lower than expected, and the redeemed face amount of the N&C Securities may be lower than the purchase price for the N&C Securities paid by the Securityholder. As a consequence, part of the capital invested by the N&C Securityholder may be lost, so that the Securityholder in such case would not receive the total amount of the capital invested. Accordingly, an investor generally will not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate, if applicable, as high as that of the N&C Securities. Furthermore, during any period when the Issuer may elect to redeem the N&C Securities, the market value of those N&C Securities generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period.

N&C Securities may also be redeemed early at the applicable Early Redemption Amount where an early redemption event is provided for in the relevant Pricing Supplement. The Early Redemption Amount in respect of each N&C Security may be less than the nominal amount or unit issue price of each N&C Security and shall (unless otherwise specified in the applicable Pricing Supplement) be an amount determined by the Calculation Agent as representing the fair market value of such N&C Securities ignoring the circumstances leading to such early redemption, adjusted to account fully for any reasonable expenses and costs of unwinding any underlying and/or related hedging and funding arrangements (including, without limitation, any equity options, equity swaps or other instruments of any type whatsoever hedging the Issuer's obligations under the N&C Securities). Following any such early redemptions, an investor generally would not be able to reinvest the redemption proceeds at any effective interest rate as high as the interest rate on the relevant N&C Securities being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time. Moreover, each interest-bearing N&C Security may cease to bear interest from the interest payment date immediately preceding the date of occurrence of the event giving rise to early redemption of the N&C Securities.

3.3 ***The yield to maturity of the N&C Securities may be adversely affected by redemptions by the Issuer***

The yield to maturity of each series of N&C Securities may depend on: (i) the amount and timing of the repayment of principal or other redemption amounts on the N&C Securities or periodic payments, if any, on the N&C Securities; and (ii) the price paid by the Securityholders of each series. The yield to maturity of the N&C Securities may be adversely affected where such amounts paid by the Issuer to the Securityholders, in accordance with their terms, are lower than anticipated.

3.4 ***The N&C Securities may be redeemed early if the Issuer's performance under such N&C Securities has become unlawful or impractical in whole or in part for any reason or if certain regulatory event(s) occur, or in certain other circumstances***

In the event that the Calculation Agent determines that the performance of the obligations of the Issuer, or the obligations of the Guarantor under the N&C Securities, or any arrangements made to hedge the Issuer's obligations under the N&C Securities, has or will become unlawful, illegal or otherwise prohibited in whole or in part or a relevant change in any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power (but, if not having the force of law, only if compliance with it is in accordance with the general practice of persons to whom it is intended to apply), or in the interpretation thereof, has occurred or certain other events specified in the relevant Annex (have occurred) the Issuer may redeem or cancel the N&C Securities as at the Early Redemption Amount specified in the applicable Pricing Supplement.

Risk Factors

3.5 *Time Lag After Redemption*

Unless otherwise specified in the relevant Pricing Supplement, in the case of N&C Securities which the Issuer is required to redeem prior to the Maturity Date at the option of the Securityholder, there will be a time lag between the time a Securityholder gives the instruction to redeem and the time the applicable Optional Redemption Amount is determined by the Calculation Agent. Such time lag could be significantly longer, however, particularly in the case of a delay in the redemption of N&C Securities due to there being a limit on the maximum number of N&C Securities redeemable on any one day, following the imposition of any exchange controls or similar regulations affecting the ability to obtain or exchange any relevant currency (or basket of currencies), or following a determination by the Issuer, or the Calculation Agent, as applicable, that there should be a change or changes to the calculation of the Optional Redemption Amount, or to the terms of the N&C Securities. The applicable Optional Redemption Amount may change significantly during any such period, and such movement or movements could decrease the Optional Redemption Amount, and may result in a Securityholder not realising a return or making a greater loss than would otherwise be the case on an investment in the N&C Securities.

3.6 *Euro-system Eligibility in relation to N&C Securities*

The European Central Bank maintains and publishes a list of assets which are recognised as eligible collateral for Eurosystem monetary and intra-day credit operations. In certain circumstances, recognition may impact on (among other things) the liquidity of the reference items. Recognition (and inclusion on the list) is at the discretion of the Eurosystem and is dependent upon satisfaction of certain Eurosystem eligibility criteria and rules. If application is made to the European Control Board for any N&C Securities to be recognised and added to the list of eligible assets, there can be no assurance that such N&C Securities will be so recognised, or, if they are recognised, that they will continue to be recognised at all times during their life. None of the Issuer, any Dealer, the Book-Entry Depository or any agent makes any representation or warranty as to the eligibility of any Security for the Eurosystem.

3.7 *Investors who hold less than the minimum Specified Denomination may be unable to sell their N&C Securities and may be adversely affected if definitive N&C Securities are subsequently required to be issued*

In relation to any issue of N&C Securities which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such N&C Securities may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of N&C Securities at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time, may not receive definitive N&C Securities in respect of such holding (should definitive N&C Securities be printed) and would need to purchase a principal amount of N&C Securities at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If such N&C Securities in definitive form are issued, holders should be aware that definitive N&C Securities which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

3.8 *Certain Considerations relating to Book-Entry Interests*

Until and unless definitive N&C Securities in registered form are issued in exchange for the N&C Securities, holders of the Book-Entry Interests will not be considered the owners or holders of N&C Securities with regard to payment. To the extent the N&C Securities are issued in the form of Immobilised Bearer Global N&C Securities, the Book-Entry Depository or its nominee will be the sole holder of such N&C Securities. The Issuer, the Principal Paying Agent and the Registrar will treat the bearer of the Immobilised Bearer Global N&C Securities as the owner thereof for the purposes of receiving payments and for all other purposes. Upon receipt of amounts owing in respect of the Immobilised Bearer Global N&C Securities, the Book-Entry Depository will pay the amounts so received to the relevant clearing system(s) for onward payment to applicable owners of Book-Entry Interests in accordance with their procedures. Accordingly, holders of a Book-Entry

Risk Factors

Interest must rely on the procedures of the relevant clearing system(s) to exercise any rights and remedies of a Securityholder under the Securities.

3.9 *Limitations on ownership of Book-Entry Interests*

Ownership of European Book-Entry Interests will be limited to persons with an account with Euroclear and/or Clearstream, Luxembourg or persons who may hold interests through such participants. European Book-Entry Interests will be shown on, and transfers thereof will be affected only through records maintained in book-entry form by Euroclear and/or Clearstream, Luxembourg and their participants.

Ownership of U.S. Book-Entry Interests will be limited to persons who have an account with DTC, including Euroclear and/or Clearstream, Luxembourg, or persons who may hold interests through such participants. U.S. Book-Entry Interests will be shown on, and transfers thereof will be effected only through, records maintained in book-entry form by DTC and its participants.

The Book-Entry Interests will not be held in definitive form. Instead, DTC, Euroclear and/or Clearstream, Luxembourg (as applicable) will credit on their respective book-entry registration and transfer systems a participant's account with the interest beneficially owned by such participant. The laws of some jurisdictions, including certain states of the United States, may require that certain purchasers of securities take physical delivery of such securities in definitive form. Limitations on ownership of Book-Entry Interests may impair the ability to own, transfer or pledge Book-Entry Interests. In addition, while the Immobilised Bearer N&C Securities are in global form, holders of Book-Entry Interests will not be considered the owners or Securityholders of such N&C Securities for any purpose.

3.10 *CDI Record Date*

Whenever the Book-Entry Depository shall receive notice of any action to be taken by it as holder of an Immobilised Bearer Global N&C Security and the Issuer deems it appropriate, including in respect of any payment to be made in respect of an Immobilised Bearer Global N&C Security, the Issuer shall determine and notify the Book-Entry Depository of a record date (each a "**Record Date**") for the determination of the number of units or principal amount represented by the corresponding CDI. Subject to the provisions of the N&C Securities Depository Agreement, only the holder in whose name the relevant CDIs are recorded in the Register at the close of business on the relevant Record Date shall be entitled to (i) receive any such payment, (ii) give instructions as to any such action or (iii) act in respect of any such matter, as the case may be.

3.11 *CREST Depository Interests*

Investors who hold interests in the N&C Securities through Euroclear UK & Ireland Limited (formerly known as CRESTCo Limited) ("**CREST**") through CREST Depository Interests will not be the legal owners of the N&C Securities (the "**Underlying Securities**") to which such CREST Depository Interests relate. CREST Depository Interests are separate legal instruments from the Underlying Securities and represent indirect interests in the interests of the CREST Nominee (as defined below) in such Underlying Securities. CREST Depository Interests will be issued by the CREST Depository to investors and will be governed by English law.

The Underlying Securities (as distinct from the CREST Depository Interests representing indirect interests in such Underlying Securities) will be held in an account with a custodian. The custodian will hold the Underlying Securities through the relevant Clearance System. Rights in the Underlying Securities will be held through custodial and depository links through the relevant Clearance System. The legal title to the Underlying Securities or to interests in the Underlying Securities will depend on the rules of the relevant Clearance System in or through which the Underlying Securities are held.

CREST International Nominees Limited or another entity appointed to act as nominee (the "**CREST Nominee**") in accordance with the CREST Global Deed Poll (in the form contained in Chapter 8 of the CREST International Manual (which forms part of the CREST Manual (as defined below))) (the "**CREST Deed Poll**"), will hold the legal title to the Underlying Securities and the direct enforcement right in respect of the Underlying Securities. This could result in a holder of CREST Depository Interests receiving less than, or none of, the full amount payable in respect of the Underlying

Risk Factors

Securities in the event of any insolvency or liquidation of any relevant intermediary, in particular where the Underlying Securities held in clearing systems are not held in special purpose accounts and are fungible with other securities held in the same accounts on behalf of other customers of the relevant intermediaries.

Rights in respect of the Underlying Securities cannot be enforced by holders of CREST Depository Interests except indirectly through CREST Depository Limited or any successor thereto (the "**CREST Depository**") and the CREST Nominee who in turn can enforce rights indirectly through the intermediary depositaries and custodians described above. The enforcement of rights in respect of the Underlying Securities will therefore be subject to the local law of the relevant intermediary.

These arrangements could result in an elimination or reduction in the payments that otherwise would have been made in respect of the Underlying Securities in the event of any insolvency or liquidation of the relevant intermediary, in particular where the Underlying Securities held in clearing systems are not held in special purpose accounts and are fungible with other securities held in the same accounts on behalf of other customers of the relevant intermediaries.

If a matter arises that requires a vote of Securityholders, the Issuer (or the Guarantor, as the case may be) may make arrangements to permit the holders of Crest Depository Interests to instruct the CREST Depository to exercise the voting rights of the CREST Nominee in respect of the Underlying Securities. However, there is no guarantee that it will be possible to put such voting arrangements in place for holders of CREST Depository Interests.

Holders of CREST Depository Interests will be bound by all provisions of the CREST Deed Poll and by all provisions of or prescribed pursuant to the CREST International Manual (November 2014) issued by CREST and as amended, modified, varied or supplemented from time to time (the "**CREST Manual**") and the CREST Rules (contained in the CREST Manual) applicable to the CREST International Settlement Links Service. Holders of CREST Depository Interests must comply in full with all obligations imposed on them by such provisions.

Investors in CREST Depository Interests should note that the provisions of the CREST Deed Poll, the CREST Manual and the CREST Rules contain indemnities, warranties, representations and undertakings to be given by holders of CREST Depository Interests and limitations on the liability of the CREST Depository as issuer of the CREST Depository Interests. Holders of CREST Depository Interests may incur liabilities pursuant to or resulting from a breach of any such indemnities, warranties, representations and undertakings in excess of the money invested by them and the rights of and returns received by holders of CREST Depository Interests may differ from those of holders of Securities which are not represented by CREST Depository Interests.

Investors in CREST Depository Interests should note that holders of CREST Depository Interests may be required to pay fees, charges, costs and expenses to the CREST Depository in connection with the use of the CREST International Settlement Links Service. These will include the fees and expenses charged by the CREST Depository in respect of the provision of services by it under the CREST Deed Poll and any taxes, duties, charges, costs or expenses which may be or become payable in connection with the holding of the Underlying Securities through the CREST International Settlement Links Service.

Investors in CREST Depository Interests should note that none of the Issuer, the Guarantor, any Dealer or any Agent will have any responsibility for the performance by any intermediaries or their respective direct or indirect participants or accountholders acting in connection with CREST Depository Interests or for the respective obligations of such intermediaries, participants or accountholders under the rules and procedures governing their operations.

3.12 *The value of Fixed Rate N&C Securities may be adversely affected by movements in market interest rates*

Investment in Fixed Rate N&C Securities involves the risk that if the market interest rates subsequently increase above the rate paid on the Fixed Rate N&C Securities, this will adversely affect the value of the Fixed Rate N&C Securities.

Risk Factors

3.13 *N&C Securities which are issued with variable interest rates or which are structured to include a multiplier or other leverage factor are likely to have more volatile market values than more standard securities*

N&C Securities with floating interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market value may be more volatile than those for securities that do not include these features. An investor may receive substantially less or no interest at all on such Floating Rate N&C Securities.

3.14 *If the Issuer has the right to convert the interest rate on any N&C Securities from a fixed rate to a floating rate, or vice versa, this may affect the secondary market value of the N&C Securities concerned*

Fixed/Floating Rate N&C Securities are N&C Securities which may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the N&C Securities since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate N&C Securities may be less favourable than the then prevailing spreads on comparable floating rate notes relating to the same reference rate. In addition, the new floating rate at any time may be lower than the interest rates payable on other N&C Securities. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than the then prevailing market rates.

3.15 *Inverse Floating Rate N&C Securities will have more volatile market values than conventional Floating Rate N&C Securities*

Inverse Floating Rate N&C Securities may have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as the London Interbank Offered Rate ("LIBOR"). The market value of Inverse Floating Rate N&C Securities typically is more volatile than the market value of other more conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate N&C Securities are more volatile because an increase in the reference rate not only decreases the interest rate payable on the N&C Securities, but may also reflect an increase in prevailing interest rates, which may further adversely affect the market value of the N&C Securities.

4. Risks associated with the Warrants

4.1 *Settlement risks and risk of capital loss*

The Issuer may (as specified in the applicable Pricing Supplement) be entitled to settle Warrants either by payment of a cash amount ("**Cash-Settled Warrants**") and/or by physical delivery of all or part of a Reference Item or some other asset or property ("**Relevant Asset**") ("**Physically-Settled Warrants**"). In certain circumstances, the cash settlement amount payable on Cash-Settled Warrants, or the value of assets or property deliverable on Physically-Settled Warrants, on settlement of such Warrants (whether at expiration or otherwise) may be less than the initial amount invested and may in certain circumstances be zero. In addition, in respect of any Physically-Settled Warrants, risk of delivery of the relevant asset or property will be the risk of the Warrant holders and where any settlement disruption or other intervening event occurs this may mean that physical settlement cannot be made.

4.2 *The Warrants may be cancelled early if the Issuer's performance under such Warrants has become unlawful or impractical in whole or in part for any reason or if certain regulatory event(s) occur, or in certain other circumstances*

In the event that the Calculation Agent determines that the performance of the obligations of the Issuer, or the obligations of the Guarantor under the Warrants, or any arrangements made to hedge the Issuer's obligations under the Warrants, has or will become unlawful, illegal or otherwise prohibited in whole or in part or a relevant change in any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power (but, if not having the force of law, only if compliance with it is in accordance with the general practice of persons to whom it is intended to apply), or in the interpretation thereof, has occurred or certain other events specified in the relevant Annex, have occurred, the Issuer may settle or cancel the Warrants as at the Issuer Early Cancellation Amount specified in the applicable Pricing Supplement.

Risk Factors

4.3 *Certain Factors Affecting the Value and Trading Price of Warrants*

The Cash Settlement Amount (in the case of Cash Settled Warrants) or the difference in the value of the Entitlement and the Exercise Price (the "**Physical Settlement Value**") (in the case of Physical Delivery Warrants) at any time prior to expiration is typically expected to be different from the trading price of such Warrants at that time. The difference between the trading price and the Cash Settlement Amount or the Physical Settlement Value, as the case may be, will reflect, among other things, the "time value" of the Warrants. The "time value" of the Warrants will depend partly upon the length of the period remaining to expiration and expectations concerning the value of the Reference Item. Warrants offer hedging and investment diversification opportunities but also pose some additional risks with regard to interim value. The interim value of the Warrants varies with the price level of the Reference Item, as well as by a number of other interrelated factors, including those specified herein.

Before exercising or selling Warrants, Warrantholders should carefully consider, among other things, (i) the trading price of the Warrants, (ii) the value and volatility of the Reference Item, (iii) the time remaining to expiration, (iv) in the case of Cash Settled Warrants, the probable range of Cash Settlement Amounts, (v) any change(s) in interim interest rates and dividend yields if applicable, (vi) any change(s) in currency exchange rates, (vii) the depth of the market or liquidity of the reference index (or basket of indices), share currency (or basket of currencies), or other asset or basis of reference as specified in the applicable Pricing Supplement and (viii) any related transaction costs.

In addition, in the event that a Warrantholder does not deliver a valid Exercise Notice, in the case of Warrants other than Automatic Exercise Warrants, or an Asset Transfer Notice, in the case of Automatic Exercise Warrants, as contemplated in the Warrant Conditions, the Issuer may, but is not required to, elect to deliver to the relevant Clearance System(s) the aggregate Entitlement in respect of such Warrants, to be divided between and delivered to the relevant Warrantholders by the relevant Clearance System(s) in accordance with the rules of the relevant Clearance System(s) but no assurance is given as to the effect of such rules or other Clearance System practices for any such Warrantholders.

4.4 *Delivery of Exercise Notice*

If Automatic Exercise is not specified to be applicable in the applicable Pricing Supplement, unless an Exercise Notice has been delivered in accordance with the Warrant Conditions on or prior to the Expiration Date, the Warrants shall become void and the Issuer shall be discharged from its obligations to pay any Cash Settlement Amount or deliver any Entitlement under the Warrants. In such a case, a Warrantholder will not have any further recourse against the Issuer.

In addition, in respect of Physical Delivery Warrants where Automatic Exercise is specified to be applicable in the applicable Pricing Supplement, if no Asset Transfer Notice is delivered in accordance with the Warrant Conditions on or prior to the Expiration Date, the Conditions provide that in circumstances where the Assessed Value Payment Amount (as specified in the applicable Pricing Supplement) is greater than zero, the Warrants will be automatically exercised.

4.5 *Early Cancellation at the Option of the Issuer*

If Issuer Early Cancellation is specified to be applicable in the applicable Pricing Supplement, the Issuer may at its option cancel all the Warrants at the Issuer Early Cancellation Amount. In such a case, Warrantholders will not be able to exercise their Warrants on any Exercise Date occurring after such early cancellation of the Warrants. As a result, if the Reference Item performs positively after such early cancellation, Warrantholders will not be able to benefit from such positive performance.

4.6 *Early Exercise of Warrants*

Certain Warrants may be specified to become automatically exercised on the occurrence of certain events, including, without limitation, if the Settlement Price during a certain period is lower or greater than a specified level. In such a case, Warrants will be exercised earlier than anticipated.

Risk Factors

4.7 *For Warrants that are not automatically exercised, Warrantheolders must exercise Warrants or risk loss of investment*

Where the Conditions provide that the Warrants must be exercised in order for the purchasers of the Warrants to receive any settlement amount in respect of such Warrants, and the Warrants are not designated as "Automatic Exercise Warrants", the Warrantheolders must exercise their rights to receive payment in accordance with the Conditions and the requirements of the relevant clearing systems or the relevant Paying Agent, as applicable. Otherwise they will not receive the settlement amount (if any).

4.8 *Warrantheolders cannot exercise "European Style Warrants" during their term*

"European Style Warrants" are only exercisable on the Exercise Date and cannot be exercised during their term. Consequently, the date on which the settlement amount is calculated is predetermined in the Warrant Conditions and such Warrants cannot be exercised by the Warrantheolder on any other day during the term of the Warrants.

4.9 *Market Disruption Event and Disrupted Day*

If an issue of Warrants includes provisions dealing with the occurrence of a market disruption event or a failure to open of an exchange or related exchange on a Valuation Date or an Averaging Date and the Calculation Agent determines that a market disruption event or such failure has occurred or exists on a Valuation Date or an Averaging Date, any consequential postponement of the Valuation Date or Averaging Date or any alternative provisions for valuation provided in any Warrants may have an adverse effect on the value of such Warrants.

4.10 *Settlement Disruption Event*

In the case of Physical Settlement Warrants, if a Settlement Disruption Event occurs or exists on the Settlement Date, settlement will be postponed until the next Settlement Business Day on which no Settlement Disruption Event occurs. The Issuer in these circumstances also has the right to pay the Disruption Cash Settlement Price (as defined in the Conditions) in lieu of delivering the Entitlement. Such a determination may have an adverse effect on the value of the relevant Warrants.

4.11 *Exercise Expenses and Taxation*

A holder of Warrants must pay all Exercise Expenses (as defined in Warrant Condition 4.7 below) relating to the Warrants.

Neither the Issuer nor the Guarantor shall be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, exercise or enforcement of any Warrant and all payments made by the Issuer or the Guarantor will be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid withheld or deducted.

4.12 *Limitations on Exercise*

If so indicated in the Pricing Supplement, the Issuer will have the option to limit the number of Warrants exercisable on any date (other than the Expiration Date) to the maximum number specified in the Pricing Supplement and, in conjunction with such limitation, to limit the number of Warrants exercisable by any person or group of persons (whether or not acting in concert) on such date. In the event that the total number of Warrants being exercised on any date (other than the Expiration Date) exceeds such maximum number and the Issuer elects to limit the number of Warrants exercisable on such date, a Warrantheolder may not be able to exercise on such date all Warrants that such holder desires to exercise. In any such case, the number of Warrants to be exercised on such date will be reduced until the total number of Warrants exercised on such date no longer exceeds such maximum, such Warrants being selected at the discretion of the Issuer or in any other manner specified in the applicable Pricing Supplement. Unless otherwise specified in the Pricing Supplement, the Warrants tendered for exercise but not exercised on such date will be automatically exercised on the next date on which Warrants may be exercised, subject to the same daily maximum limitation and delayed exercise provisions.

Risk Factors

4.13 *Time Lag after Exercise*

Unless otherwise specified in the Pricing Supplement, in the case of any exercise of Warrants, there will be a time lag between the time a Warrantholder gives instructions to exercise and the time the applicable Cash Settlement Amount (in the case of Cash Settled Warrants) relating to such exercise is determined. Any such delay between the time of exercise and the determination of the Cash Settlement Amount will be specified in the applicable Pricing Supplement or the applicable Terms and Conditions. However, such delay could be significantly longer, particularly in the case of a delay in exercise of Warrants arising from any daily maximum exercise limitation, the occurrence of a market disruption event or failure to open when scheduled of an exchange or related exchange (if applicable) or following the imposition of any exchange controls or other similar regulations affecting the ability to obtain or exchange any relevant currency (or basket of currencies) in the case of Currency Linked Warrants. The applicable Cash Settlement Amount may change significantly during any such period, and such movement or movements could decrease the Cash Settlement Amount of the Warrants being exercised and may result in such Cash Settlement Amount being zero.

4.14 *Minimum Exercise Amount and Units*

If so indicated in the Pricing Supplement, a Warrantholder must tender a specified minimum number of Warrants at any one time in order to exercise Warrants. Thus, Warrantholders with fewer than the specified minimum number of Warrants will either have to sell their Warrants or purchase additional Warrants, incurring transaction costs in each case, in order to realise their investment. Furthermore, holders of such Warrants incur the risk that there may be differences between the trading price of such Warrants and the Cash Settlement Amount (in the case of Cash Settled Warrants) or the Physical Settlement Value (in the case of Physical Delivery Warrants) of such Warrants.

4.15 *Option to Vary Settlement*

If the applicable Pricing Supplement in respect of any Warrants indicates that the Issuer has an option to vary settlement in respect of such Warrants, the Issuer may, at its sole and unfettered discretion, elect (i) not to pay the relevant Warrantholders the Cash Settlement Amount, but to deliver or procure delivery of the Entitlement or (ii) not to deliver or procure delivery of the Entitlement, but to make payment of the Cash Settlement Amount on the Settlement Date to the relevant Warrantholders.

In addition, in the event that the Issuer fails to deliver any Entitlement, the Guarantor may in its sole discretion elect to pay the Guaranteed Cash Settlement Amount in lieu of delivery.

4.16 *The value of the Warrants could be adversely affected by a change in English law or administrative practice*

The Conditions are based on English law in effect as at the date of this Information Memorandum. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Information Memorandum and any such change could materially adversely impact the value of any Securities affected by it.

4.17 *Taxation*

Potential purchasers and sellers of Warrants should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Warrants are transferred and/or any asset(s) are delivered.

4.18 *Warrants with smaller Multiple Tradeable Size than Minimum Tradeable Size*

In relation to any issue of Warrants which have a Multiple Tradeable Size that is smaller than a Minimum Tradeable Size, in each case expressed in Units, it is possible that such Warrants may be traded in amounts that are not integral multiples of the applicable Minimum Tradeable Size. In such a case, a holder who, as a result of trading such amounts, holds an amount of Warrants that is less than the Minimum Tradeable Size in his account with the relevant clearing system at the relevant time, may not on-sell the Warrants in respect of such holding and would need to purchase further Warrants such that its holding amounts to a Minimum Tradeable Size.

Risk Factors

5. Risks associated with Securities that are linked to one or more Reference Item(s)

5.1 *General considerations with respect to underlying Reference Items*

The Securities may involve a high degree of risk, which include, among others, interest rate, corporate, market, foreign exchange, time value and/or political risks, as well as other risks arising from fluctuations in the values of the relevant securities (or basket of securities), index (or basket of indices), commodity (or commodity index) or other underlying assets (each a "**Reference Item**", which definition may include, where appropriate, a component security of such a Reference Item) which may be specified in the applicable Pricing Supplement, and general risks applicable to the stock market (or markets) and capital markets. Securities which are linked to the performance of the Reference Item may not provide for predetermined redemption amounts, settlement amounts and/or interest payments, but amounts payable (whether in respect of principal and/or interest or otherwise) or deliverable will be dependent upon the performance of the Reference Item(s), which itself may contain substantial risks. If the performance of the Reference Item(s) is not in accordance with an investor's expectations this could result in an investor receiving no return and losing the capital that they have invested.

Prospective purchasers of N&C Securities should recognise that their N&C Securities, other than N&C Securities having a minimum redemption amount (subject to comments above as to Issuer and Guarantor solvency and deduction of taxes and expenses), may be worthless on redemption. Purchasers should be prepared to sustain a total loss of the purchase price of their N&C Securities, except, if so indicated in the applicable Pricing Supplement, to the extent of any minimum redemption attributable to such N&C Securities (again, subject to comments above). This risk reflects the nature of the N&C Securities as an asset which, other factors held constant, tends to decline in value over time and which may become worthless when it is redeemed (except to the extent of any minimum redemption amount subject to adjustments above).

N&C Securities that are linked to a Reference Item and/or the obligations of a Reference Entity may be principal (or capital) protected or non-principal (or capital) protected. Investors in N&C Securities which are not principal (or capital) protected or in Warrants may risk losing their entire investment (including the loss of any transaction costs paid by the investor) if the value of the Reference Item and/or obligation of a Reference Entity does not move in the anticipated direction. If the N&C Securities are specified in the applicable Pricing Supplement as having a minimum redemption amount, such N&C Securities are principal (or capital) protected at maturity only and only to such extent. If Securities are redeemed or sold before their scheduled maturity or expiration, they may return less than the minimum redemption amount, the amount invested or even zero. In addition amounts payable may be subject to deductions for taxes or expenses.

Investors should note that certain Securities linked to the performance of the Reference Items may not benefit from a minimum redemption amount or minimum cash settlement amount and investors may receive less than the initial investment amount of the Securities and investors are exposed to the full loss of their investment (including the loss of any transaction costs paid by the investor).

PROSPECTIVE INVESTORS SHOULD NOTE THAT "PRINCIPAL PROTECTION" AND "CAPITAL PROTECTION" FEATURES REMAIN CONTINGENT ON THE ISSUER AND/OR THE GUARANTOR'S ABILITY TO MEET ITS OBLIGATIONS IN FULL. WHERE THE ISSUER AND/OR THE GUARANTOR IS UNABLE TO DO THIS, AN INVESTOR IN A "PRINCIPAL PROTECTED" N&C SECURITY OR A "CAPITAL PROTECTED" N&C SECURITY, WILL NOT RECEIVE BACK ALL OF THE AMOUNT INVESTED IN THE SECURITY AND MAY LOSE ALL OF THEIR INVESTMENT.

Prospective purchasers of Warrants should recognise that their Warrants may expire worthless and should be prepared to sustain a total loss of the purchase price of their Warrants.

Investments in Securities linked to the performance of a Reference Item entail significant risks and may not be appropriate for investors lacking financial expertise. Prospective investors should consult their own financial, tax and legal advisors as to the risks entailed by an investment in such Securities and the suitability of such Securities in light of their particular circumstances and ensure that their acquisition is fully consistent with their financial needs and investment policies, is lawful under the laws of the jurisdiction of their incorporation and/or in which they operate, and is a suitable investment for

Risk Factors

them to make. The Issuer believes that such Securities should only be purchased by investors that are in a position to understand the special risks that an investment in these instruments involves, in particular relating to options and derivatives and related transactions, and should be prepared to sustain a total loss of the purchase price of their Securities.

In order to realise a return upon an investment in a Security, it may be necessary that an investor must have correctly anticipated the timing and magnitude of an anticipated increase or the absence of a decrease in the value of the Reference Item(s) relative to the Issue Price, and must also be correct about when any change will occur. If the value of the Reference Item(s) does not increase, or decreases, as the case may be, before such Security is redeemed or settled, part of the investor's investment in such Security may be lost on such redemption or settlement. Other than in respect of N&C Securities which are redeemable prior to the Maturity Date at the option of the Securityholder or Bermudan Style or American Style Warrants, it is likely that the only means by which a Securityholder can realise value from its Securities prior to their Maturity Date or fixed Exercise Date is to sell such Securities at their then market price in the secondary market (if available) (see *"The Issuer and the Guarantor cannot assure a trading market for the Securities will ever develop or be maintained"* above). Assuming all other factors are held constant, the more a Warrant is "out-of-the-money" and the shorter its remaining term to expiration, the greater the risk that purchasers of such Warrants will lose all or part of their investment.

Furthermore, the value of the Reference Item(s) may be observed for valuation purposes at a particular time(s) on a particular day(s). Markets in Reference Items may move significantly in very short periods of time. As such prospective purchasers should be aware that the value observed for the Reference Item may not reflect the value of the Reference Item which has prevailed at other times on the relevant valuation day or in the period immediately preceding such day. For example, this may occur if the valuation time falls at any time during a "Flash Crash", similar in nature to that which occurred on the New York Stock Exchange on 6 May 2010, in which the relevant market moves significantly downwards before subsequently correcting shortly afterwards. Whilst the terms of the Securities may include provisions to allow postponement of valuation in the event of certain disruptions in the market, not all significant market movements will be covered by these provisions. Reference Item prices at the opening or closing of relevant markets may also be particularly volatile as traditionally many trades are executed at such time. This may itself have an effect on the Reference Item prices and consequently the Securities.

In addition, the value of any Reference Item and/or obligation of an underlying obligor (a "**Reference Entity**") may depend on a number of interrelated factors, including economic, financial and political events in one or more jurisdictions, including factors affecting capital markets generally and the stock exchange(s) on which any Reference Item and/or obligation of a Reference Entity may be traded.

If the formula used to determine any amounts payable in respect of the Securities contains a multiplier or leverage factor, the effect of any fluctuation in the value of the Reference Items, the adjustments of the Reference Entity to which the Securities are linked or indexed will be magnified. In recent years, values of certain equities, bonds, notes or other financial instruments, indices and formulae have been volatile and such volatility may be expected in the future. However, past experience is not necessarily indicative of what may occur in the future. The historical experience of the Reference Items and/or Reference Entities should not be taken as an indication of future performance of such Reference Items and/or Reference Entities during the term of such Security.

The price at which a Securityholder will be able to sell Securities prior to maturity or exercise may be at a discount, which could be substantial, to the market value of such Securities on the Issue Date, if, at such time, the market price of the Reference Item(s) and/or obligation(s) of a Reference Entity is below, equal to or not sufficiently above the market price of the Reference Item(s) and/or obligation(s) of a Reference Entity on the Issue Date. The historical market prices of any Reference Item and/or obligation of a Reference Entity should not be taken as an indication of such Reference Item's and/or obligation's future performance during the term of any Security.

Additionally, there may be regulatory and other ramifications associated with the ownership by certain investors of Securities linked to certain Reference Items, to obligations of the Reference Entity or to the potential holding of such Reference Item or Reference Obligation, where Physical Delivery Securities are envisaged pursuant to the applicable Pricing Supplement. Each purchaser of Securities must conduct its own investigation into its regulatory position with

Risk Factors

respect to the potential purchase of Securities, and none of the Issuer, the Guarantor, the Dealer or the Calculation Agent assumes any obligation or liability whatsoever to such purchaser in such regard.

None of the Issuer, Guarantor, Calculation Agent nor any Dealer provide any advice with respect to any Reference Item or any obligations of a Reference Entity nor make any representation as to its quality, credit or otherwise, and investors in the Securities must rely on their own sources of analysis, including credit analysis with respect to any Reference Item and/or Reference Entity. No investigation or review of the Reference Items, including, without limitation, any public filings made by the issuer, sponsor or obligor of the Reference Items, has been made by the Issuer or any of its Affiliates for the purposes of forming a view as to the merits of an investment linked to the Reference Items. Nor is any guarantee or express or implied warranty made in respect of the selection of the Reference Items or is any assurance or guarantee given as to the performance of the Reference Items. Potential investors should not conclude that the sale by the Issuer and/or Dealer of the Securities is any form of investment recommendation by it or any of its affiliates.

5.2 *No Claim against any Reference Item*

A Security will not represent a claim against any Reference Item and, in the event of any loss, a Securityholder will not have recourse under a Security to any Reference Item. The Securities are not in any way sponsored, endorsed or promoted by any issuer, sponsor, manager or other connected person in respect of an underlying Reference Item and such entities have no obligation to take into account the consequences of their actions on any Securityholders.

5.3 *There are certain risks in Securities that include an averaging feature*

The calculation of the performance of a Reference Item in respect of certain Securities may be based on the average of the price or level or other measure of such Reference Item over two or more Averaging Dates (as applicable). The effect of such averaging may be that the performance of the Reference Item will not increase proportionately if the price or level or other measure of the Reference Item sharply increases towards the end of the term (or temporarily during the term, or towards the end of an initial valuation period, as applicable). Accordingly, the effect of the averaging feature may be to lead to a reduced performance (and therefore a reduced return on the relevant Securities) as compared to the position where the performance of the Reference Item is measured on a single valuation date. On the other hand, a temporary decrease of price or level or other measure of the Reference Item will also not lead to a proportionate decrease of the performance of the Reference Item if the price or level or other measure of the Reference Item has been correspondingly higher on the remaining initial Averaging Dates or Averaging Dates (as applicable).

5.4 *Risks relating to Equity Linked Securities*

The Issuer may issue Equity Linked Securities where the amount of principal and/or interest or the settlement amount payable are dependent upon the price of or changes in the price of equity securities or a basket of equity securities and/or whether the price of equity securities or a basket of equity securities is equal to, above or below one or more specified levels or where, depending on the price of or change in the price of equity securities or the basket of equity securities and/or whether the price of equity securities or a basket of equity securities is equal to, above or below one or more specified levels, on redemption, settlement or cancellation, the Issuer's obligation is to deliver specified assets. Equity securities may include depositary receipts.

If the amount of principal and/or interest or the settlement amount payable are determined by reference to the least performing equity security in a basket of equity securities, then investors will not receive any benefit from the better performing equity security(ies) in the basket.

Potential investors in Equity Linked Securities should be aware that, depending on the terms of the Equity Linked Securities, (i) they may receive no interest or a limited amount of interest, (ii) a change in the price of the equity security(ies) may result in an early redemption or cancellation of their Securities (iii) payment of principal, settlement amount or interest or delivery of any specified assets may occur at a different time than expected, and (iv) they may lose all or a substantial portion of their investment. In addition, the movements in the price of the equity security or basket of equity securities may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices, and the timing of changes in the relevant price of the equity security or equity securities may affect the actual yield to investors, even if the average level is consistent with their expectations.

Risk Factors

In the case of Equity Linked Securities following the declaration by the Share Company (as defined in the Equity Linked Conditions) of the terms of any Potential Adjustment Event (as defined in the Equity Linked Conditions), the Calculation Agent will, acting in good faith and in a commercially reasonable manner, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will (i) make the corresponding adjustment, if any, to any of the terms of the relevant Conditions and/or the applicable Pricing Supplement as the Calculation Agent acting in good faith and in a commercially reasonable manner determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Share) and (ii) determine the effective date of that adjustment. Such adjustment may have an adverse effect on the value and liquidity of the affected Equity Linked Securities.

Equity Linked Securities may also be subject to certain disruption provisions. In particular, the Calculation Agent may determine that an event giving rise to a Disrupted Day (as defined in the Equity Linked Conditions) has occurred at any relevant time. Any such determination may have an effect on the timing of valuation, and consequently the value of the Equity Linked Securities, and/or may delay settlement in respect of the Securities. In addition certain extraordinary events may lead to early redemption of the Securities or to a change in the composition of the basket of equities (where applicable) in accordance with the criteria specified in the Equity Linked Conditions and such an event may have an adverse effect on the value of the Securities. Whether and how such provisions apply to the relevant Securities can be ascertained by reading the Equity Linked Conditions in conjunction with the applicable Pricing Supplement.

If the amount of principal and/or interest and/or the settlement amount payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the equity security or equity securities on principal or interest payable will be magnified.

A holder of the Securities will not be a beneficial owner of the underlying equity securities and therefore will not be entitled to receive any dividends or similar amounts paid on the underlying equity securities, nor will a Securityholder be entitled to purchase the underlying equity securities by virtue of their ownership of the Securities. Moreover, holders of the Securities will not be entitled to any voting rights or other control rights that holders of the underlying equity securities may have with respect to the issuer of such underlying equity securities. Unless otherwise specified in the applicable Pricing Supplement, the Interest Amount and/or Final Redemption Amount, and/or Cash Settlement Amount will not reflect the payment of any dividends on the underlying equity securities. Accordingly, the return on the Securities will not reflect the return an investor would realise if it actually owned the underlying equity securities and received dividends, if any, paid on those securities. Therefore, the yield to maturity based on the methodology for calculating the Final Redemption Amount (in the case of N&C Securities) will not be the same yield as would be produced if the underlying equity securities were purchased directly and held for a similar period.

Where the Securities provide for physical delivery:

- the Calculation Agent may determine that a Settlement Disruption Event is subsisting. A Settlement Disruption Event is an event beyond the control of the Issuer as a result of which, in the opinion of the Calculation Agent, the Issuer cannot make delivery of the specified assets. Any such determination may affect the value of the Securities and/or may delay settlement in respect of the Securities; and
- in the event that a Securityholder does not deliver a valid Asset Transfer Notice as contemplated in the Equity Linked Conditions (in the case of N&C Securities) or the Warrant Conditions (in the case of Warrants), the Issuer may, but is not required to, elect to deliver to the relevant Clearance System(s) the aggregate Asset Amount in respect of such N&C Securities or Entitlement in respect of such Warrants, to be divided between and delivered to the relevant Securityholders by the relevant Clearance System(s) in accordance with the rules of the relevant Clearance System(s) but no assurance is given as to the effect of such rules or other Clearance System practices for any such Securityholders.

The market price of Equity Linked Securities may be volatile and may be affected by the time remaining to the maturity date or expiration, the volatility of the equity security or equity securities, the dividend rate (if any) and the financial results and prospects of the issuer or issuers of the relevant equity security or equity securities as well as economic, financial and

Risk Factors

political events in one or more jurisdictions, including factors affecting the stock exchange(s) or quotation system(s) on which any such securities may be traded.

No Share Company or Basket Company (as such terms are defined in the Equity Linked Conditions) will have participated in the preparation of the relevant Pricing Supplement or in establishing the terms of the Equity Linked Securities and none of the Issuer, the Guarantor or any Dealer will be required to make any investigation or enquiry in connection with such offering with respect to any information concerning any such Share Company or Basket Company contained in such Pricing Supplement or in the documents from which such information was extracted. Consequently, there can be no assurance that all events occurring prior to the relevant issue date (including events that would affect the accuracy or completeness of the publicly available information described in this paragraph or in any relevant Pricing Supplement) that would affect the trading price of the share or depositary receipt (where applicable) will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such a Share Company or Basket Company could affect the trading price of the share or depositary receipt (where applicable) and therefore the trading price of the Securities.

The Issuer may vary the manner in which a particular series of Securities are redeemed or exercised, if specified in the applicable Pricing Supplement. The Issuer may, acting in good faith and in a commercially reasonable manner, elect not to pay the relevant Securityholders the Final Redemption Amount or Cash Settlement Amount or to deliver or procure delivery of the relevant Asset Amount or Entitlement, to the relevant Securityholders, as the case may be, and in lieu thereof, deliver or procure the delivery of the relevant Asset Amount or Entitlement or make payment of the Early Redemption Amount or Early Cancellation Amount to the relevant Securityholders. For N&C Securities see Equity Linked Condition 12 (Variation of Settlement) and Credit Linked Condition 24 (Variation of Settlement) herein and for Warrants see Warrant Condition 4.4 (Issuer's Option to Vary Settlement) herein.

5.5 *Risks relating to Equity Index Linked Securities*

The Issuer may issue Equity Index Linked Securities where the amount of principal and/or interest or the settlement amount payable are dependent upon the level of an equity index or equity indices and/or by whether that level is equal to, above or below one or more specified levels.

If the amount of principal and/or interest or the settlement amount payable are determined by reference to the least performing equity index in a basket of equity indices, then investors will not receive any benefit from the better performing equity index/equity indices in the basket.

Potential investors in any such Securities should be aware that, depending on the terms of the Equity Index Linked Securities, (i) they may receive no interest or a limited amount of interest, (ii) a change in the value of the equity index/equity indices may result in an early redemption or cancellation of their Securities, (iii) payment of principal, settlement amounts or interest may occur at a different time than expected, and (iv) they may lose all or a substantial portion of their investment. In addition, the movements in the level of the index or indices may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices, and the timing of changes in the relevant level of the index or indices may affect the actual return to investors, even if the average level is consistent with their expectations

Equity Index Linked Securities may be subject to certain disruption provisions. In particular, the Calculation Agent may determine that an event giving rise to a Disrupted Day (as defined in the Equity Index/ETF Linked Conditions) has occurred at any relevant time. Any such determination may have an effect on the timing of valuation, and consequently the value of the Securities, and/or may delay settlement in respect of the Securities. In addition certain extraordinary events may lead to early termination of the Securities and such an event may have an adverse effect on the value of the Securities. Whether and how such provisions apply to the Securities can be ascertained by reading the Equity Index Linked Conditions in conjunction with the applicable Pricing Supplement.

If the amount of principal and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the index or the indices on principal or interest payable will be magnified.

Risk Factors

The market price of Equity Index Linked Securities may be volatile and may depend on the time remaining to the maturity date and the volatility of the level of the index or indices. The level of the index or indices may be affected by the economic, financial and political events in one or more jurisdictions, including the stock exchange(s) or quotation system(s) on which any securities comprising the index or indices may be traded.

5.6 *Risks relating to ETF Linked Securities*

The Issuer may issue Securities where the amount of principal and/or interest or the settlement amount payable are dependent upon the price or changes in the price of units or shares in an exchange traded fund ("**ETF**") or ETFs and/or whether the price of units or shares in an ETF or ETFs is equal to, above or below one or more specified levels or where, depending on the price or changes in the price of units or shares in such ETF or ETFs and/or whether the price of units or shares in an ETF or ETFs is equal to, above or below one or more specified levels, on redemption the Issuer's obligation is to deliver specified assets ("**ETF Linked Securities**").

If the amount of principal and/or interest or the settlement amount payable are determined by reference to the least performing ETF in a basket of ETFs, then investors will not receive any benefit from the better performing ETF(s) in the basket.

Potential investors in ETF Linked Securities should be aware that, depending on the terms of the ETF Linked Securities, (i) they may receive no interest or a limited amount of interest, (ii) a change in the value of the ETF/ETFs may result in an early redemption or cancellation of their Securities, (iii) payment of principal or interest or the settlement amount or delivery of any specified assets may occur at a different time than expected, and (iv) they may lose all or a substantial portion of their investment. In addition, the movements in the price of units or shares in the ETF or ETFs may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices, and the timing of changes in the relevant price of the units or shares in the ETF or ETFs may affect the actual return to investors, even if the average level is consistent with their expectations. In addition, the ETF interests may be illiquid and this may adversely affect returns (if any) on the Securities.

ETF Linked Securities may be subject to certain disruption provisions or extraordinary event provisions. Relevant events may relate to market disruptions, or other extraordinary events in relation to the relevant ETF or ETFs and/or the corresponding underlying Index. If the Calculation Agent determines that any such event has occurred this may delay valuations under and/or settlements in respect of the Securities and consequently adversely affect the value of the Securities. In addition certain extraordinary or disruption events may lead to early termination of the Securities which may have an adverse effect on the value of such Securities. Whether and how such provisions apply to the relevant Securities can be ascertained by reading the ETF Linked Conditions in conjunction with the applicable Pricing Supplement.

If the amount of principal, interest or the settlement amount payable is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the units or shares of the ETF or ETFs on principal or interest payable will be magnified.

The market price of ETF Linked Securities may be volatile and may depend on the time remaining to the maturity date or expiration and the volatility of the price of units or shares in the ETF or ETFs. The price of units or shares in an ETF may be affected by the economic, financial and political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) (if any) on which any units in the ETF or ETFs may be traded.

ETF units may be speculative and involve a high degree of risk. Neither the Issuer nor the Guarantor gives any assurance as to the performance of ETF units. Even if the Issuer or any of its affiliates may have arrangements with an ETF manager to obtain information required to calculate the value of the ETF, it may not have access to the activities of the ETF on a continuous basis.

The underlying ETFs may have recourse to leverage, i.e., borrow amounts that represent more than 100.00 per cent. of the value of their assets to invest further in assets that involve further risks. Accordingly, a small downward movement in the value of an ETF's assets may result in a significantly larger loss of the fund.

Risk Factors

ETF managers may be eligible to earn incentive compensation. The potential for an ETF manager to earn performance based compensation may encourage such ETF manager to trade in a more speculative manner than it otherwise would.

ETF managers (including a manager that is affiliated with the Issuer) do not have any obligations to the Securityholders, or other role in connection with the Securities, including any obligation to take the needs of the Securityholders into consideration for any reason. ETF managers are not responsible for, and have not endorsed or participated in, the offering, placement, sale, purchase or transfer of the Securities. The ETF's managers are not responsible for, and will not participate in, the determination or calculation of the amounts receivable by Securityholders.

Changes to the current regulatory environment could affect the investment, operations and structure of the underlying ETFs and could adversely affect the performance of the underlying ETFs. The underlying ETFs may invest in assets that involve further risks.

Fees, deductions and charges may reduce the amount of principal and/or interest or settlement amount payable under the Securities. ETF fees will be deducted from the net asset value of the ETF, reducing the value of the ETF units. Accordingly, to the extent that the amount of principal and/or interest or settlement amount payable under the Securities is linked to the net asset value of an ETF, the relevant amount(s) payable to Securityholders will be less than it would have been absent these fees, deductions and charges, but the Issuer or one of its affiliates may be the beneficiary of such fees or obtain rebate on such fees from third parties.

There are numerous additional risks relating to Securities linked to ETFs. For all of the above reasons, investing directly or indirectly in ETFs is generally considered to be risky. If the underlying ETF does not perform sufficiently well, the value of the Securities will fall and may in certain circumstances be zero.

Prospective investors should review carefully the prospectus, information memorandum and/or offering circular (if any) issued by the relevant ETF prior to purchasing any Securities. None of the Issuer, the Guarantor, any Dealer or the Calculation Agent provides any assurance as to the creditworthiness of any relevant ETF or any such ETF's administrator, custodian, investment manager or adviser or in respect of any prospectus, information memorandum and/or offering circular (if any) issued by any relevant ETF.

5.7 *Risks relating to Currency Linked Securities and Currency Risk in Securities and Reference Items generally*

The Issuer may issue Currency Linked Securities where the amount of principal and/or interest or the settlement amount payable are dependent upon movements in currency exchange rates and/or by whether the level of one or more currency exchange rates is equal to, above or below one or more specified levels or are payable in one or more currencies which may be different from the currency in which the Securities are denominated.

If the amount of principal and/or interest or the settlement amount payable are determined by reference to the least performing currency exchange rate in a basket of currency exchange rates, then investors will not receive any benefit from the better performing currency exchange rate/rates in the basket.

Potential investors in Currency Linked Securities should be aware that, depending on the terms of the Currency Linked Securities, (i) they may receive no interest or a limited amount of interest, (ii) a change in the level of the currency exchange rate may result in an early redemption or cancellation of their Securities, (iii) payment of principal, settlement amounts or interest may occur at a different time or in a different currency than expected, and (iv) they may lose all or a substantial portion of their investment. In addition, movements in currency exchange rates may be subject to significant fluctuations that may not correlate with changes in interest rates or other indices, and the timing of changes in the exchange rates may affect the actual return to investors, even if the average level is consistent with their expectations.

Payments of principal, settlement amounts and interest or other obligations of the Issuer in respect of any Series of Securities may be restricted upon the occurrence of certain disruption events described in the applicable Pricing Supplement. A relevant disruption event may relate to the imposition of currency or exchange controls in any specified country or to a nationalisation, or any other circumstance as provided in the applicable Pricing Supplement. Following a relevant disruption event, the Issuer shall be entitled to require the Calculation Agent to adjust the Securities or to redeem

Risk Factors

or cancel the Securities early or to postpone payments or deliveries in respect of the Securities so long as the relevant disruption event continues provided that if the relevant disruption event continues for a period of two years the Securities shall expire worthless and shall be cancelled.

If the amount of principal and/or interest or settlement amount payable are dependent upon movements in currency exchange rates and are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the currency exchange rates on principal or interest payable will be magnified.

The market price of Currency Linked Securities may be volatile and, if the amount of principal and/or the settlement and/or interest payable are dependent upon movements in currency exchange rates, may depend upon the time remaining to the redemption maturity date or expiration and the volatility of currency exchange rates. Movements in currency exchange rates may be dependent upon economic, financial and political events in one or more jurisdictions.

(a) ***There is generally foreign exchange currency exposure in respect of Securities which provide for payment to be made in a currency which is different to the currency of the Reference Item(s)***

Where the terms and conditions of the Securities provide that payment under such Securities will be made in a currency which is different from the currency of the Reference Item, and such Securities do not have a "quanto" feature (i.e. the Securities themselves take no account of currency rate movements or otherwise hedge the currency risk), there are additional risks. Holders of such Securities may be exposed not only to the performance of the Reference Item but also to the performance of such foreign currency, which cannot be predicted. Investors should be aware that foreign exchange rates are, and have been, highly volatile and determined by supply and demand for currencies in the international foreign exchange markets, which are subject to economic factors, including inflation rates in the countries concerned, interest rate differences between the respective countries, economic forecasts, international political factors, currency convertibility and safety of making financial investments in the currency concerned, speculation and measures taken by governments and central banks (e.g., imposition of regulatory controls or taxes, issuance of a new currency to replace an existing currency, alteration of the exchange rate or exchange characteristics by devaluation or revaluation of a currency or imposition of exchange controls with respect to the exchange or transfer of a specified currency that would affect exchange rates and the availability of a specified currency). Foreign exchange fluctuations between a Securityholder's home currency and the relevant currency in which the repayment amount of the Securities is denominated may affect investors who intend to convert gains or losses from the exercise or sale of Securities into their home currency.

(b) ***There are risks relating to currency-protected or "quanto" Securities which provide for payment to be made in a currency which is different to the currency of the Reference Item(s)***

If one or more Reference Items are not denominated in the currency of the Securities and at the same time only the performance of the Reference Item(s) in their denominated currency is relevant to the payout on the Securities, such Securities are referred to as currency-protected Securities or Securities with a "quanto" feature. Under such feature, the investment return of the Securities depends only on the performance of the Reference Item(s) (in the relevant currency) and any change in the rate of exchange between the currency of the Reference Item(s) and the Securities is disregarded. Accordingly, the application of a "quanto" feature means that Securityholders will not have the benefit of any change in the rate of exchange between the currency of the Reference Item(s) and the Securities that would otherwise increase the performance of the Reference Item(s) in the absence of such "quanto" feature. In addition, changes in the relevant exchange rate may indirectly influence the price of the Reference Item(s) which, in turn, could have a negative effect on the return on the Securities.

(c) ***The value of the Securities can be affected by currency related events***

The value of any currency, including those currencies specified in any indicative transaction, may be affected by complex political and economic factors. The exchange rate of each currency referenced in a Currency Linked Security is at any moment a result of the supply and demand for the two currencies, and changes in the exchange rate result over time from the interaction of many factors directly or indirectly affecting economic and political conditions in the originating country of each currency, including economic and political developments in other countries. Of particular importance are the relative rates of inflation, interest rate levels, the balance of payments and the extent of governmental surpluses or deficits

Risk Factors

in such countries, all of which are in turn sensitive to the monetary, fiscal and trade policies pursued by the governments of such countries and other countries important to international trade and finance. Foreign exchange rates can either be fixed by sovereign governments or floating. Exchange rates of most economically developed nations are permitted to fluctuate in value. However, governments sometimes do not allow their currencies to float freely in response to economic forces. Governments use a variety of techniques, such as intervention by their central bank or imposition of regulatory controls or taxes, to affect the exchange rates of their respective currencies. They may also issue a new currency to replace an existing currency or alter the exchange rate or relative exchange characteristics by devaluation or revaluation of a currency. Thus, a special risk in purchasing the Securities is that the liquidity, trading value and amounts payable could be affected by the actions of the sovereign government which could change or interfere with theretofore freely determined currency valuation, fluctuations in response to other market forces and the movement of currencies across borders.

5.8 *Risks relating to Commodity Linked N&C Securities*

The Issuer may issue Commodity Linked N&C Securities where the amount of principal and/or interest payable are dependent upon the price or change in the price of a commodity, a basket of commodities, a commodity index or basket of commodity indices (each a "**Commodity Underlying**") and/or whether the price of one or more Commodity Underlyings is equal to, above or below one or more specified levels or where, depending on the price or change in the price of the relevant Commodity Underlying, on redemption the Issuer's obligation is to deliver specified assets.

Potential investors in Commodity Linked N&C Securities should be aware that, depending on the terms of the Commodity Linked N&C Securities, (i) they may receive no interest or a limited amount of interest, (ii) a change in the value of the Commodity Underlying(s) may result in an early redemption or cancellation of their Securities, (iii) payment of principal or interest or delivery of any specified assets may occur at a different time than expected, and (iv) they may lose all or a substantial portion of their investment. In addition, the movements in the price of the relevant Commodity Underlying may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices, and the timing of changes in the relevant price of the relevant Commodity Underlying may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the greater the change in the price or level of the relevant Commodity Underlying, the greater the effect on yield.

Commodity Linked N&C Securities may be subject to certain disruption provisions or extraordinary event provisions. Relevant events may relate to market disruptions, or other extraordinary events in relation to the relevant commodity or commodities. If the Calculation Agent determines that any such event has occurred this may delay valuations under and/or settlements in respect of the N&C Securities and consequently adversely affect the value of the N&C Securities. In addition certain extraordinary or disruption events may lead to early redemption of the N&C Securities which may have an adverse effect on the value of such N&C Securities. Whether and how such provisions apply to the relevant N&C Securities can be ascertained by reading the Commodity Linked Conditions in conjunction with the applicable Pricing Supplement.

If the amount of principal and/or interest or settlement amount payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the relevant Commodity Underlying on principal, interest payable or the amount of specified assets deliverable will be magnified.

If the amount of principal and/or interest or the settlement amount payable are determined by reference to the least performing commodity in a basket of commodities, then investors will not receive any benefit from the better performing commodity/commodities in the basket.

The market price of Commodity Linked N&C Securities may be volatile and may depend on the time remaining to the redemption date and the volatility of the price of the relevant Commodity Underlying. The price of commodities may be affected by economic, financial and political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) on which any such commodities may be traded.

Risk Factors

- (a) ***Factors affecting the performance of Commodities may adversely affect the value of the Securities; Commodity prices may be more volatile than other asset classes.***

The prices of commodities may be volatile, and, for example, may fluctuate substantially if natural disasters or catastrophes, such as hurricanes, fires or earthquakes, affect the supply or production of such commodities. Commodity prices are affected by a variety of factors that are unpredictable including, for example, changes in supply and demand relationships, weather patterns and extreme weather conditions, governmental programmes and policies, national and international political, military, terrorist and economic events, fiscal, monetary and exchange control programmes, changes in interest and exchange rates and changes and suspensions or disruptions of market trading activities in commodities and related contracts. Commodity prices may be more volatile than other asset classes, making investments in commodities riskier than other investments. A further explanation of some of the factors affecting the price of commodities are:

- ***Supply and demand*** - The planning and management of commodities supplies is very time consuming. This means that the scope for action on the supply side is limited and it is not always possible to adjust production swiftly to take account of demand. Demand can also vary on a regional basis. Transport costs for commodities in regions where they are needed also affect their prices. The fact that some commodities take a cyclical pattern, such as agricultural products which are only produced at certain times of the year, can also result in major price fluctuations.
- ***Liquidity*** - Not all commodities markets are liquid and able to quickly and adequately react to changes in supply and demand. The fact that there are only a few market participants in the commodities markets means that speculative investments can have negative consequences and may distort prices.
- ***Weather conditions and natural disasters*** - Unfavourable weather conditions can influence the supply of certain commodities for the entire year. This kind of supply crisis can lead to severe and unpredictable price fluctuations. Diseases and epidemics can also influence the prices of agricultural commodities.
- ***Direct investment costs*** - Direct investments in commodities involve storage, insurance and tax costs. Moreover, no interest or dividends are paid on commodities. The total returns from investments in commodities are therefore influenced by these factors.
- ***Location*** - Commodities are often produced in emerging market countries, with demand coming principally from industrialised nations. The political and economic situation is however far less stable in many emerging market countries than in the developed world. They are generally much more susceptible to the risks of rapid political change and economic setbacks. Political crises can affect purchaser confidence, which can as a consequence affect commodity prices. Armed conflicts can also impact on the supply and demand for certain commodities. It is also possible for industrialised nations to impose embargos on imports and exports of goods and services. This can directly and indirectly impact commodity prices. Furthermore, numerous commodity producers have joined forces to establish organisations or cartels in order to regulate supply and influence prices.
- ***Changes in tax rates*** - Changes in tax rates and customs duties may have a positive or a negative impact on the profit margins of commodities producers. When these costs are passed on to purchasers, these changes will affect prices.

Any interest and/or the redemption amount or settlement amount payable in respect of a Commodity Linked N&C Security may be reduced (possibly to zero) by any change in the price of the relevant Commodity Underlying. In such circumstances the amount (if any) payable on the redemption or settlement of the Commodity Linked N&C Securities may be significantly less than the holder's original investment in the relevant N&C Securities.

- (b) ***Ownership of the Securities will not entitle an investor to any rights with respect to any futures contracts or commodities included in or tracked by the Reference Item(s).***

An investor will not own or have any beneficial or other legal interest in, and will not be entitled to any rights with respect to, any of the commodities or commodity futures included in such Reference Item(s). The Issuer will not invest in any of

Risk Factors

the commodities or commodity futures contracts included in such Reference Item(s) on behalf or for the benefit of the Securityholders.

- (c) ***Commodities may reference physical Commodities or Commodity contracts, and certain Commodity contracts may be traded on unregulated or "under-regulated" exchanges.***

Commodities comprise both (i) "physical" Commodities, which need to be stored and transported, and which are generally traded at a "spot" price, and (ii) Commodity contracts, which are agreements either to (a) buy or sell a set amount of an underlying physical Commodity at a predetermined price and delivery period (which may be referred to as a delivery month), or to (b) make and receive a cash payment based on changes in the price of the underlying physical Commodity.

Commodity contracts may be traded on regulated specialised futures exchanges (such as futures contracts). Commodity contracts may also be traded directly between market participants "over-the-counter" on trading facilities that are subject to lesser degrees of regulation or, in some cases, no substantive regulation. Accordingly, trading in such "over-the-counter" contracts may not be subject to the same provisions as, and the protections afforded to, contracts traded on regulated specialised futures exchanges, and there may therefore be additional risks related to the liquidity and price histories of the relevant contracts and any Securities which reference any such Commodity contracts may have reduced liquidity or greater price volatility or be subject to more extensive market disruptions. At the same time, legislation recently enacted in the United States and pending in the European Union will increase the regulation of many of these "over-the-counter" contracts, including in some cases requiring them to be cleared and traded through regulated facilities, although the extent and nature of such regulation will differ from the regulation of futures contracts.

- (d) ***Commodity Linked N&C Securities which are linked to Commodity futures contracts may provide a different return from Commodity Linked N&C Securities linked to the relevant physical Commodity and will have certain other risks.***

The price of a futures contract on a Commodity will generally be at a premium or at a discount to the spot price of the physical Commodity. This discrepancy is due to such factors as (i) the need to adjust the spot price due to related expenses (e.g., warehousing, transport and insurance costs) and (ii) different methods being used to evaluate general factors affecting the spot and the futures markets. In addition, and depending on the Commodity, there can be significant differences in the liquidity of the spot and the futures markets. Accordingly, Commodity Linked N&C Securities which are linked to Commodity futures contracts may provide a different return from Commodity Linked N&C Securities linked to the relevant physical Commodity.

Investments in futures contracts involve certain other risks, including potential illiquidity. A holder of a futures position may find that such position becomes illiquid because certain Commodity exchanges limit fluctuations in such futures contract prices pursuant to "daily limits". Once the price of a particular futures contract has increased or decreased by an amount equal to the daily limit, positions in the contract can neither be taken nor liquidated unless holders are willing to effect trades at or within the limit. This could prevent a holder from promptly liquidating unfavourable positions and subject it to substantial losses. Futures contract prices in various Commodities occasionally have exceeded the daily limit for several consecutive days with little or no trading. Any such losses in such circumstances could have a negative adverse effect on the return of any Securities the Reference Item of which is the affected futures contract. There can be no assurance that any such disruption or any other force majeure (such as an act of God, fire, flood, severe weather conditions, act of governmental authority, or a labour dispute or shortage) will not have an adverse affect on the value of or trading in the Reference Item(s), or the manner in which it is calculated, and therefore, the value of the Securities.

In the case of a direct investment in commodity futures contracts, the invested capital may be applied in whole or in part by way of collateral in respect of the future claims of the respective counterparties under the commodity futures contracts. Such capital will generally bear interest, and the interest yield will increase the return of the investor making such direct investment. However, holders of Securities linked to the price of commodity futures contracts do not participate in such interest yields from the hypothetical fully collateralised investment in commodity futures contracts.

- (e) ***Additional risks in relation to the "rolling" of commodity futures contracts***

Commodity contracts have a predetermined expiration date, which is the date on which trading of the commodity contract ceases. Holding a commodity contract until expiration will result in delivery of the underlying physical commodity or the

Risk Factors

requirement to make or receive a cash settlement. Alternatively, "rolling" the commodity contracts means that the commodity contracts that are nearing expiration (the "**Near-dated Commodity Contracts**") are sold before they expire and commodity contracts that have an expiration date further in the future (the "**Longer-dated Commodity Contracts**") are purchased. Investments in commodities apply "rolling" of the component commodity contracts in order to maintain an ongoing exposure to such commodities.

"Rolling" can affect the value of an investment in commodities in a number of ways, including:

- (i) The investment in commodity contracts may be increased or decreased through "rolling": Where the price of a Near-dated Commodity Contract is greater than the price of the Longer-dated Commodity Contract (the commodity is said to be in "**backwardation**"), then "rolling" from the former to the latter will result in exposure to a greater number of the Longer-dated Commodity Contracts being taken. Therefore, any loss or gain on the new positions for a given movement in the prices of the commodity contract will be greater than if one had synthetically held the same number of commodity contracts as before the "roll". Conversely, where the price of the Near-dated Commodity Contract is lower than the price of the Longer-dated Commodity Contract (the commodity is said to be in "**contango**"), then "rolling" will result in exposure to a smaller number of the Longer-Dated Commodity Contract being taken. Therefore, any gain or loss on the new positions for a given movement in the prices of the commodity contract will be less than if one had synthetically held the same number of commodity contracts as before the "roll"; and
- (ii) Where a commodity contract is in contango (or, alternatively, backwardation) this may be expected to (though it may not) have a negative (or, alternatively, positive) effect over time: Where a commodity contract is in contango, then the price of the Longer-dated Commodity Contract will generally be expected to (but may not) decrease over time as it nears expiry. In such event, rolling is generally expected to have a negative effect on an investment in the commodity contract. Where a commodity contract is in backwardation, then the price of the Longer-dated Commodity Contract will generally be expected to (but may not) increase over time as it nears expiry. In such event, the investment in the relevant commodity contract can generally be expected to be positively affected.

(f) ***Effects of "Rolling" of component commodity futures contracts on commodity indices***

Commodity indices are indices which track the performance of a basket of commodity contracts on certain commodities, depending on the particular index. The weighting of the respective commodities included in a commodity index will depend on the particular index, and is generally described in the relevant index rules of the index. Commodity indices apply "rolling" of the component commodity contracts in order to maintain an ongoing exposure to such commodities. Specifically, as a commodity contract is required to be rolled pursuant to the relevant index rules, the commodity index is calculated as if exposure to the commodity contract was liquidated and exposure was taken to another commodity contract (generally a Longer-dated Commodity Contract) for an equivalent exposure. Accordingly, the same effects as described above with regard to "rolling" on the value of a commodity reference item also apply with regard to the index level of a commodity index.

(g) ***United States Commodity Futures Trading Commission "commodity pool" regulations***

Unlike *an* investment in the Securities, an investment in a collective investment vehicle that invests in futures or swap contracts on behalf of its participants may be regulated as a commodity pool and its operator may be required to be registered with and regulated by the United States Commodity Futures Trading Commission as a commodity pool operator. The Issuer will not be registered with the Commodity Futures Trading Commission as a commodity pool operator, and the Securityholders will not benefit from the Commodity Futures Trading Commission's or any non-U.S. regulatory authority's regulatory protections afforded to persons who trade in futures or swap contracts or who invest in regulated commodity pools.

Commodity indices to which Commodity Linked N&C Securities may be indexed may include over-the-counter contracts (such as swaps and forward contracts) traded on trading facilities that are subject to lesser degrees of regulation or, in some cases, no substantive regulation. As a result, trading in such contracts, and the manner in which prices and volumes are

Risk Factors

reported by the relevant trading facilities, may not be subject to the same provisions of, and the protections afforded by, the United States Commodity Exchange Act, as amended, or other applicable United States or foreign statutes and related regulations, that govern trading on regulated futures exchanges. In addition, many electronic trading facilities have only recently initiated trading and do not have significant trading histories. As a result, the trading of contracts on such facilities and the inclusion of such contracts in the relevant Commodity Index (as specified in the applicable Pricing Supplement) may be subject to certain risks not presented by most exchange-related futures contracts, including risks related to the liquidity and price histories of the relevant contracts. At the same time, legislation recently enacted in the United States and pending in the European Union will increase the regulation of many of these over-the-counter contracts, including in some cases requiring them to be cleared and traded through regulated facilities, although the extent and nature of such regulation will differ from the regulation of futures.

(h) ***Legal and regulatory changes relating to the Commodities may lead to an early redemption or early cancellation.***

Commodities are subject to legal and regulatory regimes that may change in ways that could affect the ability of the Issuer and/or any entities acting on behalf of the Issuer engaged in any underlying or hedging transactions in respect of the Issuer's obligations in relation to the Securities to hedge the Issuer's obligations under the Securities, and/or could lead to the early termination of the Securities.

Commodities are subject to legal and regulatory regimes in the United States and, in some cases, in other countries that may change in ways that could negatively affect the value of the Securities. For example, in December 2013, the Commodity Futures Trading Commission repropounded rules establishing aggregate position limits on positions in specified commodity futures contracts and economically equivalent swaps, the comment period for which was recently extended to January 22, 2015. Such rules, if finalised, could have an unpredictable impact on the value of any Commodity Linked N&C Securities. In addition, if the commodities are traded on a non-U.S. exchange, those foreign markets may be more susceptible to disruption than U.S. exchanges due to the lack of a government-regulated clearing house system and may be subject to exchange controls, expropriation, burdensome or confiscatory taxation, or moratoriums and political or diplomatic events.

In addition, if the Calculation Agent determines that an Additional Disruption Event (as defined in the Commodity Linked Conditions) has occurred, the Issuer may either (a) redeem or cancel the Securities prior to maturity or settlement by payment of an Early Redemption Amount or Early Cancellation Amount which may be less than the purchase price of the Securities or (b) amend the terms of the Securities instead as it determines appropriate to account for such event. If the payment on the Securities is accelerated, a holder's investment may result in a loss and a holder may not be able to reinvest the proceeds in a comparable investment. An Additional Disruption Event includes any legal or regulatory changes that the Calculation Agent determines have interfered with the ability of the Issuer and/or any entities acting on behalf of the Issuer engaged in any underlying or hedging transactions in respect of the Issuer's obligations in relation to the Securities to hedge the Issuer's obligations under the Securities, or if for any other reason the Issuer and/or any entities acting on behalf of the Issuer engaged in any underlying or hedging transactions in respect of the Issuer's obligations in relation to the Securities is/are unable to enter into or maintain hedge positions to hedge the Issuer's obligations under the Securities.

5.9 *Risks relating to Fund Linked Securities*

The Issuer may issue Fund Linked Securities where the amount of principal and/or interest or the settlement amount payable are dependent upon the price or changes in the price of units or shares in a fund or funds and/or whether the price of units or shares in a fund or funds is equal to, above or below one or more specified level or where, depending on the price or changes in the price of units or shares in such fund or funds and or whether the price of units or shares in a fund or funds is equal to, above or below one or more specified levels, on redemption the Issuer's obligation is to deliver specified assets.

If the amount of principal and/or interest or the settlement amount payable are determined by reference to the least performing fund in a basket of funds, then investors will not receive any benefit from the better performing fund(s) in the basket.

Risk Factors

Potential investors in Fund Linked Securities should be aware that, depending on the terms of the Fund Linked Securities, (i) they may receive no interest or a limited amount of interest, (ii) a change in the value of the units or shares in a fund or funds may result in an early redemption or cancellation of their Securities, (iii) payment of principal or interest or the settlement amount or delivery of any specified assets may occur at a different time than expected, and (iv) they may lose all or a substantial portion of their investment. In addition, the movements in the price of units or shares in the fund or funds may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices, and the timing of changes in the relevant price of the units or shares in the fund or funds may affect the actual return to investors, even if the average level is consistent with their expectations. In addition, the fund interests may be illiquid and this may adversely affect returns (if any) on the Securities.

Fund Linked Securities may be subject to certain disruption provisions or extraordinary event provisions. Relevant events may relate to market disruptions, or other extraordinary events in relation to the relevant fund or funds. If the Calculation Agent determines that any such event has occurred this may delay valuations under and/or settlements in respect of the Securities and consequently adversely affect the value of the Securities. In addition certain extraordinary or disruption events may lead to early termination of the Securities which may have an adverse effect on the value of such Securities. Whether and how such provisions apply to the relevant Securities can be ascertained by reading the Fund Linked Conditions in conjunction with the applicable Pricing Supplement.

If the amount of principal, interest or the settlement amount payable is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the units or shares of the fund or funds on principal or interest payable will be magnified.

The market price of Fund Linked Securities may be volatile and may depend on the time remaining to the maturity date or expiration and the volatility of the price of units or shares in the fund or funds. The price of units or shares in a fund may be affected by the economic, financial and political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) (if any) on which any units in the fund or funds may be traded.

Fund units, and investments in hedge funds generally, may be speculative and involve a high degree of risk. Neither the Issuer nor the Guarantor gives any assurance as to the performance of fund units. Hedge funds generally do not make information about their operations and holdings public. Even if the Issuer or any of its affiliates may have arrangements with a fund manager to obtain information required to calculate the value of the fund, it may not have access to the activities of the fund on a continuous basis or at all. There may be no regulatory requirements compelling funds to release information of the kind that would allow the Issuer, or any affiliate to value a fund or to accurately determine the value of the fund units and, consequently, the amount of principal and/or interest payable on the relevant Securities.

The Issuer and certain of its Affiliates from time to time obtain information regarding specific hedge funds that may not be available to the general public. Any such information is obtained by the Issuer and certain of its affiliates in the ordinary course of their businesses, and not in connection with the offering of the Securities (including in respect of funds that are managed by managers affiliated with the Issuer). In connection with the ordinary course of their businesses, the Issuer and certain of its affiliates may recommend, or determine not to recommend, specific hedge funds to their clients. Hedge funds as to which the Issuer and certain of its affiliates have formed investment recommendations may now or may in the future be among the underlying funds used in the redemption or payout formula of Securities. Any views that may be held by the Issuer and certain of its affiliates with respect to the expected future performance of one or more of the funds (including in respect of funds that are managed by managers affiliated with the Issuer) would not be an indication of the future expected performance of the fund, and neither the Issuer nor any of its affiliates has formed a view with respect to the expected future performance of a fund. The offering of the Securities does not constitute a recommendation by the Issuer or any of its affiliates with respect to an investment linked to an underlying fund (including in respect of funds that are managed by managers affiliated with the Issuer).

Funds may trade and invest in a broad range of investments such as debt and equity securities, commodities and foreign exchange and may enter into derivative transactions, including, without limitation, futures and options. Funds may often be illiquid and may only be traded on a monthly, quarterly or even less frequent basis. The trading strategies of Funds are often opaque. Funds, as well as the markets and instruments in which they invest, are often not subject to review by governmental authorities, self-regulatory organisations or other supervisory authorities.

Risk Factors

Investments made by the underlying funds can involve substantial risks. The nature of these investments means that the value of the fund units may fluctuate significantly during a day or over longer periods. Consequently, the performance of the fund units over a given period will not necessarily be indicative of future performance. A fund and any fund components in which it may invest may utilise, *inter alia*, strategies such as short-selling, leverage, securities lending and borrowing, investment in sub-investment grade or non-readily realisable investments, uncovered options transactions, options and futures transactions and foreign exchange transactions and the use of concentrated portfolios, each of which could, in certain circumstances, magnify adverse market developments and losses. Funds, and any fund components in which it may invest, may make investments in markets that are volatile and/or illiquid and it may be difficult or costly for positions therein to be opened or liquidated. No assurance can be given relating to the present or future performance of any fund and any fund component in which it may invest. The performance of each fund and any fund component in which it may invest is dependent on the performance of the fund managers in selecting fund components and the management of the relevant component in respect of the fund components. No assurance can be given that these persons will succeed in meeting the investment objectives of the relevant fund, that any analytical model used thereby will prove to be correct or that any assessments of the short-term or long-term prospects, volatility and correlation of the types of investment in which a fund has or may invest will prove accurate.

The underlying funds may have recourse to leverage, i.e., borrow amounts that represent more than 100.00 per cent. of the value of their assets to invest further in assets that involve further risks. Accordingly, a small downward movement in the value of a fund's assets may result in a significantly larger loss of the fund.

Fund managers may be eligible to earn incentive compensation. The potential for a fund manager to earn performance based compensation may encourage such fund manager to trade in a more speculative manner than it otherwise would.

Fund managers' investments are not verified. Neither the Issuer nor any of its affiliates is or will be responsible for verifying or ensuring that the fund's managers comply with its stated trading strategy.

Fund managers (including a manager that is affiliated with the Issuer) do not have any obligations to the Securityholders, or other role in connection with, the Securities, including any obligation to take the needs of the Securityholders into consideration for any reason. Fund managers are not responsible for, and have not endorsed or participated in, the offering, placement, sale, purchase or transfer of the Securities. The fund's managers are not responsible for, and will not participate in, the determination or calculation of the amounts receivable by Securityholders.

Hedge funds, including the underlying funds, are not subject to the same regulatory regime, or regulated to the same extent as, mutual funds or registered securities or securities offerings. Changes to the current regulatory environment could affect the investment, operations and structure of the underlying funds and could adversely affect the performance of the underlying funds. The underlying funds may invest in assets that involve further risks.

Fees, deductions and charges may reduce the amount of principal and/or interest or settlement amount payable under the Securities. Fund fees will be deducted from the net asset value of the fund, reducing the value of the fund units. Accordingly, to the extent that the amount of principal and/or interest or settlement amount payable under the Securities is linked to the net asset value of a fund, the relevant amount(s) payable to Securityholders will be less than it would have been absent these fees, deductions and charges, but the Issuer or one of its affiliates may be the beneficiary of such fees or obtain rebate on such fees from third parties.

Additional investments in, or withdrawals of amounts previously invested in, the fund may adversely affect the value of the fund units. The Issuer or one of its affiliates, in order to hedge its obligations under the Securities, may enter into a hedging transaction which may directly or indirectly involve investing in units of the underlying funds. Prospective investors should be aware that, as a result of hedging decisions by the hedging counterparty, transfers into or out of the fund by the hedging counterparty may affect the value of the fund units and, in turn, the Final Redemption Amount or Cash Settlement Amount of the Securities.

As funds may be resident in so-called off-shore jurisdictions, which have not entered into any double taxation conventions with other countries, any income of such fund may be subject to taxation in the countries of origin. As such withholding

Risk Factors

taxes are non-deductible due to the fact that such funds are not subject to income taxation in their countries of residence, this results in a reduction of the net income of such fund and may have a negative impact on the performance of such fund.

The valuation of a fund is generally controlled by the relevant fund manager or the investment adviser (as the case may be) of the fund. Valuations are performed in accordance with the terms and conditions governing the fund. Such valuations may be based upon the unaudited financial records of the fund and any accounts pertaining thereto. Such valuations may be preliminary calculations of the net asset values of the fund and accounts. The fund may hold a significant number of investments which are illiquid or otherwise not actively traded and in respect of which reliable prices may be difficult to obtain. In consequence, the relevant fund manager or the investment adviser may vary certain quotations for such investments held by the fund in order to reflect its judgment as to the fair value thereof. Therefore, valuations may be subject to subsequent adjustments upward or downward. Uncertainties as to the valuation of the fund assets and/or accounts may have an adverse effect on the net asset value of the relevant fund where such judgments regarding valuations prove to be incorrect.

There are numerous additional risks relating to Securities linked to hedge funds and other types of fund, and the applicable Pricing Supplement in respect of such Securities may include additional risk factors. For all of the above reasons, investing directly or indirectly in funds is generally considered to be risky. If the underlying fund does not perform sufficiently well, the value of the Securities will fall and may in certain circumstances be zero.

Prospective investors should review carefully the prospectus, information memorandum and/or offering circular (if any) issued by the relevant fund prior to purchasing any Securities. None of the Issuer, the Guarantor, any Dealer or the Calculation Agent provides any assurance as to the creditworthiness of any relevant fund or any such fund's administrator, custodian, investment manager or adviser or in respect of any prospectus, information memorandum and/or offering circular (if any) issued by any relevant fund.

5.10 *Risks relating to Credit Linked N&C Securities*

(a) *General risks relating to Credit Linked N&C Securities*

The Issuer may issue Credit Linked N&C Securities where the amount of principal and/or interest payable is dependent upon whether certain events (each a "**Credit Event**") have occurred in respect of one or more specified entities (a "**Reference Entity**") and, if so, on the value of certain specified assets ("**Reference Obligations**") of the Reference Entity or where, if such events have occurred, on redemption the Issuer's obligation is to deliver certain specified assets ("**Deliverable Obligations**"). In certain circumstances the Calculation Agent may determine Valuation Obligations in a similar manner to Deliverable Obligations. In such case, the Issuer is entitled to select which of the Valuation Obligations, will be used to determine the Final Price. Subject to Auction Settlement procedures, if applicable, the Issuer is entitled to select Valuation Obligation(s) for valuation which have the lowest value in the market at the relevant time, provided such obligation satisfies certain specifications and limits for qualification as a Valuation Obligation. All references in this section to Reference Obligations shall be deemed to include Valuation Obligations, as applicable.

Potential investors in Credit Linked N&C Securities should be aware that, depending on the terms of the Credit Linked N&C Securities, (i) they may receive no or a limited amount of interest, (ii) the occurrence of a Credit Event may result in an early redemption of their Securities, (iii) payment of principal or interest or delivery of any specified assets may occur at a different time than expected, and (iv) they may lose all or a substantial portion of their investment.

There may exist at times only small or no markets for the N&C Securities and for the obligations of the Reference Entity to which the N&C Securities are linked, resulting in low or non-existent volumes of trading in the N&C Securities and such obligations, and therefore a lack of liquidity and price volatility of the N&C Securities and such obligations.

In selecting any Reference Obligations hereunder, the Calculation Agent is under no obligation to the Securityholders or any other person and, provided that the obligation selected meets the applicable criteria (if any), is entitled, and indeed will endeavour, to select obligations with the lowest or highest price (depending on who is the buyer) of any obligations which meet such criteria. In making any selection, the Calculation Agent will not be liable to account to the Securityholders or

Risk Factors

any other person for any profit or other benefit to it or any of its affiliates which may result directly or indirectly from any such selection.

In selecting any substitute Reference Entity, any Valuation Date, any Quotation Amount or any Valuation Time or in making any other selection in accordance with the terms of the N&C Securities, the Calculation Agent is under no obligation to the Securityholders or any other person and provided that the relevant selection meets the criteria specified, the Calculation Agent will not be liable to account to the Securityholders or any other person for any profit or other benefit to it or any of its affiliates which may result directly or indirectly from any such selection.

In addition, the Issuer, the Guarantor and their affiliates may, for their own account and for the account of customers, engage in any kind of transactions and other business directly or indirectly involving a Reference Entity and may act with respect to such business in the same manner as it would if the N&C Securities had not been issued, regardless of whether any such action might have an adverse effect directly or indirectly on a Reference Entity. The Issuer and its affiliates may on the Issue Date of the N&C Securities or at any time thereafter be in possession of information in relation to a Reference Entity that is or may be material in the context of the issue of N&C Securities and that may not be publicly available or known to the purchasers. There is no obligation on the part of the Issuer, the Guarantor or their affiliates to disclose to the Securityholders any such relationship or information.

Upon the occurrence of a Credit Event, there is a risk of the loss of a substantial portion, or all, of the principal amount of the N&C Securities. If a Credit Event Notice is served in connection with a Credit Event of a Reference Entity, the N&C Securities may be subject to redemption at a price which may be at a considerable discount to par and could be zero. Prospective investors therefore risk losing all principal and interest on the N&C Securities. Securityholders will have no right to vote or exercise any other right or remedy with respect to the Reference Entity(ies) or any of its obligations. In the event of early redemption following the occurrence of a Credit Event, the Notes will either (i) cease to bear interest from the Interest Payment Date immediately preceding the Credit Event Determination Date if "Accrual of Interest upon Credit Event" is specified as Not Applicable in the applicable Pricing Supplement, or (ii) cease to bear interest from the Credit Event Determination Date if "Accrual of Interest upon Credit Event" is specified as being Applicable in the applicable Pricing Supplement.

Not all of the Credit Events require an actual default with respect to the Reference Entity's(ies') obligations. Thus, Securityholders could bear losses based on deterioration in the credit of the Reference Entity(ies) short of a default, subject to the provisions set out in the applicable Pricing Supplement. In the case of Additional Credit Events if specified in the applicable Pricing Supplement, including any Pass-Through Event, certain Credit Events may be due to events which are unrelated to the creditworthiness of the Reference Entity. Also, not all of the Credit Events are triggered by events which are easily ascertainable and disputes can and have arisen as to whether a specific event with respect to a Credit Event did or did not constitute a Credit Event. The Calculation Agent's determination that a Credit Event has or has not occurred will be binding on the Securityholders. The Calculation Agent's view of whether a Credit Event has occurred may be different from the view of the Securityholders or other financial institutions, rating agencies or commentators.

In the event of a Credit Event, Securityholders may receive Deliverable Obligations which may be in default. In this case, under the terms of the applicable Pricing Supplement, the Issuer will be free to deliver any obligations of the Reference Entity in respect of which such Credit Event has occurred (whether as principal, guarantor or otherwise) which satisfy the requirements for a Deliverable Obligation. Since the Deliverable Obligations will be issued, guaranteed or insured (as applicable in the context of the relevant N&C Securities) by the Reference Entity affected by a Credit Event, the value of such Deliverable Obligations at the relevant time may be considerably less than would be the case if a Credit Event had not occurred and such obligations may be in default at the time of delivery. Further, in selecting such obligations the Issuer will not be required to consider the interests of the Securityholders or mitigate the Securityholders' losses. The Issuer may have complete discretion to select the cheapest obligations of the Reference Entity so long as such obligations satisfy the requirements for a Deliverable Obligation.

The market price of Credit Linked N&C Securities may be volatile and will be affected by, amongst other things, the time remaining to the maturity date and the creditworthiness of the Reference Entity which in turn may be affected by the economic, financial and political events in one or more jurisdictions.

Risk Factors

Where the N&C Securities provide for physical delivery or where Auction Settlement is the applicable Settlement Method and physical delivery is the applicable Fallback Settlement Method (each as specified in the applicable Pricing Supplement), the Issuer may determine that the Deliverable Obligations are either (a) assets which for any reason (including, without limitation, failure of the relevant clearance system or due to any law, regulation, court order, contractual restrictions, statutory restrictions or market conditions or the non-receipt of any requisite consents with respect to the delivery of assets which are loans, the failure of a Securityholder to give the Issuer details of accounts for settlement, or a failure of any Securityholder to open or procure the opening of such accounts) it is impossible or illegal to deliver on the Credit Settlement Date ("Undeliverable Obligations"), or (b) assets which the Issuer and/or any affiliate and/or agent has not received under the terms of any underlying or related asset(s), transaction(s) and/or trading position(s) or arrangements entered into by the Issuer and/or such Affiliate and/or agent (including, if applicable, on a portfolio basis) to hedge, directly or indirectly and whether in whole or in part, the credit or other price risk or funding of the Issuer in issuing and performing its obligations in respect of the N&C Securities ("Hedge Disruption Obligations"). In accordance with Credit Linked Condition 23 (Physical Delivery), any such determination may delay settlement in respect of the N&C Securities and/or cause the obligation to deliver such specified assets to be replaced by an obligation to pay a cash amount (in accordance with Credit Linked Condition 11 (Partial Cash Settlement)), which, in either case, may affect the value of the N&C Securities and, in the case of payment of a cash amount, will affect the timing of the valuation of such N&C Securities and, as a result, the amount of the relevant amount payable on redemption. Whether and how such provisions apply to the relevant N&C Securities can be ascertained by reading the Credit Linked Conditions in conjunction with the applicable Pricing Supplement.

Upon the occurrence of a Credit Event, the Issuer may, at its option, redeem the relevant Credit Linked N&C Securities in which case the Issuer's obligation to pay principal may be replaced by an obligation to pay other amounts calculated by reference to the value of the Reference Obligation(s) and/or to deliver the Deliverable Obligation(s) and, upon the payment of such amounts or the delivery of such Deliverable Obligation(s), any claims or rights of the Securityholders relating to payment shall be extinguished. The Issuer's obligations in respect of Credit Linked N&C Securities are not dependent on the existence of credit exposure of the Issuer to a Reference Entity and the Issuer need not itself suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

If so specified in the applicable Pricing Supplement the Issuer may issue certain Portfolio Credit Linked N&C Securities, Portfolio Maturity Settled Credit Linked N&C Securities or first to default Credit Linked N&C Securities. For each such type of N&C Security more than one Reference Entity will be specified and a Securityholder takes credit risk in relation to each such Reference Entity. In the case of Portfolio Credit Linked N&C Securities and Portfolio Maturity Settled Credit Linked N&C Securities a relevant portion of each such N&C Security will be affected by the occurrence of a Credit Event in relation to a relevant Reference Entity and interest, if any, in respect of the N&C Securities will reduce as a result. In the case of Portfolio Credit Linked N&C Securities a partial redemption in cash or by delivery of relevant deliverable obligations may be made as each relevant Credit Event occurs, while in the case of Portfolio Maturity Settled Credit Linked N&C Securities amounts in respect of each Credit Event, if any, will be payable at maturity. In the case of first to default Credit Linked N&C Securities, the first Reference Entity in respect of which a Credit Event occurs will lead to redemption of the N&C Securities on the basis described above as though such N&C Securities were Credit Linked N&C Securities relating to a single Reference Entity. It should also be noted that in the case of first to default Credit Linked N&C Securities, the Calculation Agent may in certain circumstances select a substitute Reference Entity which would not otherwise be a successor to the affected Reference Entity but meets certain industry, credit spread and geographical requirements.

The Issuer's obligations in respect of Credit Linked N&C Securities are irrespective of the existence or amount of the Issuer's and/or any affiliates' credit exposure to a Reference Entity and the Issuer and/or any affiliate need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

The Issuer may vary the manner in which a particular series of N&C Securities are redeemed, as specified in the applicable Pricing Supplement. At its sole and absolute discretion, it may elect not to pay the relevant Securityholders the Credit Event Redemption Amount or to deliver or procure delivery of the relevant Deliverable Obligations to the relevant Securityholders, as the case may be, and, in lieu thereof, deliver or procure the delivery of the relevant Deliverable Obligations or make payment of the Credit Event Redemption Amount on the Credit Event Redemption Date to the

Risk Factors

relevant Securityholders. See N&C Security Condition 7 (Redemption and Purchase) below and Credit Linked Condition 24 (Variation of Settlement).

In certain circumstances, in the event that the Calculation Agent is unable to identify a Substitute Reference Obligation prior to the Extension Date, the Issuer shall have the right on or after the Extension Date to early redeem the N&C Securities at the Early Redemption Amount (determined by the Calculation Agent taking into account the creditworthiness of the Reference Entity at the time of early redemption) by notice to Securityholders which may have an adverse effect on the value of the N&C Securities.

This Information Memorandum contains Additional Terms and Conditions for Credit Linked Notes with terms based on the 2014 Credit Derivatives Definitions (the "**2014 ISDA Definitions**"). The Issuer has determined that certain provisions of the 2014 ISDA Definitions, which are intended for use by market participants in "over the counter" transactions, require amendment when incorporated in the terms of an offering of securities such as the N&C Securities. The terms and conditions of the N&C Securities also afford the Calculation Agent and the Issuer (as applicable) discretion in respect of determining certain terms that differs in substance in comparison to corresponding terms contemplated in the 2014 ISDA Definitions, including, without limitation, the date on which a Credit Event Determination Date, the Credit Settlement Date or Valuation Date will fall, (which may be determined, inter alia, by reference to the hedging arrangements) and the Settlement Suspension provisions or determination of the Quotation Amount. Therefore, a prospective investor should understand that whilst there are many similarities between the terms used in this Information Memorandum and the 2014 ISDA Definitions there are also many substantial differences and the complete terms and conditions of the N&C Securities are as set out in this Information Memorandum and the applicable Pricing Supplement. The 2014 ISDA Definitions are not incorporated by reference herein. Consequently, investing in Credit Linked N&C Securities is not necessarily equivalent to investing in a credit default swap that incorporates the 2014 ISDA Definitions.

While ISDA has published the 2014 ISDA Definitions in order to facilitate transactions and promote uniformity in the credit derivatives market, the credit derivatives market has evolved over time and is expected to continue to change. Consequently, the 2014 ISDA Definitions and the terms applied to credit derivatives, including the N&C Securities are subject to further evolution. Past events have shown that the view of market participants may differ as to how the 2014 ISDA Definitions operate or should operate. As a result of the continued evolution of the market, the N&C Securities may not conform to future market standards. Such a result may have a negative impact on the N&C Securities. Furthermore, there can be no assurances that changes to the terms applicable to credit derivatives generally will be predictable or favourable to the Issuer, the Guarantor or the Securityholders.

Pursuant to Credit Linked Condition 20 (Amendment of Credit Linked Conditions in accordance with Market Convention), the Calculation Agent may from time to time amend any provision of the Credit Linked Conditions: (i) to incorporate and/or reflect further or alternative documents or protocols from time to time published by ISDA with respect to the documentation, trading or settlement of credit derivative transactions and/or the operation or application of determinations by the ISDA Credit Derivatives Determinations Committees; and/or (ii) in any manner which the Calculation Agent determines in a commercially reasonable manner is necessary or desirable to reflect or account for market practice for credit derivative transactions and/or reflect the Hedging Arrangements of the Issuer or any of its Affiliates.

Where so specified in the applicable Pricing Supplement, the N&C Securities may incorporate certain specific terms (as amended pursuant to Credit Linked Condition 25 (Physical Settlement Matrix)) of the Credit Derivatives Physical Settlement Matrix as published by ISDA from time to time. The version of the Credit Derivatives Physical Settlement Matrix from which such terms are incorporated is as set out in the applicable Pricing Supplement. Other than those terms specifically contemplated in Credit Linked Condition 25 (Physical Settlement Matrix) and the applicable Pricing Supplement, none of the other terms contemplated in the Credit Derivatives Physical Settlement Matrix shall be incorporated into the terms of the N&C Securities.

Risk Factors

(b) *Risks relating to Auction Settlement of Credit Linked N&C Securities*

(i) *Auction Settlement*

Where the Settlement Method specified in the applicable Pricing Supplement in respect of a Series of N&C Securities is Auction Settlement and an Auction Final Price Determination Date occurs, the Auction Final Price will be determined according to an auction procedure set out in the applicable Transaction Auction Settlement Terms, a form of which will be published by ISDA on its website at www.isda.org (or any successor website thereto) from time to time and may be amended from time to time. The Auction Final Price determined pursuant to an auction may be less than the market value that would otherwise have been determined in respect of the relevant Reference Obligation. The Issuer and the Securityholders may have little or no influence in the outcome of any such auction.

(ii) *Auction Final Price and the Issuer's ability to influence the Auction Final Price*

If the N&C Securities are redeemed following the occurrence of a Credit Event, the amount payable in respect of the N&C Securities may be determined by reference to the Auction Final Price determined according to an auction procedure set out in the applicable Transaction Auction Settlement Terms. There is a possibility that the Issuer, the Calculation Agent or one of their affiliates would act as a participating bidder in any such auction. In such capacity, it may take certain actions which may influence the Auction Final Price including (without limitation): (a) providing rates of conversion to determine the applicable currency conversion rates to be used to convert any obligations which are not denominated in the auction currency into such currency for the purposes of the auction; and (b) submitting bids, offers and physical settlement requests with respect to the relevant Deliverable Obligations or Valuation Obligations, as applicable. In deciding whether to take any such action (or whether to act as a participating bidder in any auction), neither the Calculation Agent nor any of its affiliates shall be under an obligation to consider the interests of any Securityholders.

(iii) *Role of the Credit Derivatives Determinations Committee*

In respect of a Credit Event relating to a Credit Linked N&C Security, prospective purchasers should note that the Credit Derivatives Determinations Committee has the power to make binding decisions on critical issues such as whether a Credit Event has occurred, which obligations are to be valued and whether an auction should take place in accordance with and as more fully described in the Credit Derivatives Determinations Committees Rules, as published by ISDA on its website at www.isda.org (or any successor website thereto) from time to time and as amended from time to time in accordance with the terms thereof. Consequently, the payments on the N&C Securities and the timing of any such payments may be affected by any such relevant decisions if Auction Settlement is specified as the applicable Settlement Method for a Series of N&C Securities in the relevant Pricing Supplement.

(iv) *Any "Eligible Market Participant" is permitted to deliver a notice to ISDA pursuant to the Credit Derivatives Determinations Committees Rules*

The Credit Derivatives Determinations Committees Rules (the "**CDDC Rules**") provide that any "Eligible Market Participant", is permitted to deliver a notice to ISDA requesting that the Credit Derivatives Determinations Committee resolves certain matters in respect of a relevant credit derivatives transaction, including those as set out in the definitions of "Credit Event Resolution Request Date", "Repudiation/Moratorium Extension Condition" and "Successor Resolution Request Date" in Credit Linked Condition 14 (Definitions Applicable to Credit Linked N&C Securities) below. An Eligible Market Participant is (i) any party that is a party to a credit derivatives transaction that has, or is deemed to have, incorporated the 2014 ISDA Definitions or the updated 2003 ISDA Credit Derivatives Definitions (being the 2003 ISDA Credit Derivatives Definitions as supplemented by the "*2009 ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement to the 2003 ISDA Credit Derivatives Definitions*" or the "*2009 ISDA Credit Derivatives Determinations Committees, Auction Settlement and Restructuring Supplement to the 2003 ISDA Credit Derivatives Definitions*", as applicable) into the relevant confirmation (which may include, where applicable, the Issuer, the Guarantor, the Calculation Agent or one of their affiliates) or (ii) any CCP (as defined in the CDDC Rules) that has an open interest in any such credit derivatives transaction. The delivery of any such notice and any subsequent resolution made by the Credit Derivatives Determinations Committee may affect the rights of Securityholders to receive payments of interests and principal under the relevant N&C Securities, including a reduction in those payments and/or such payments being made on

Risk Factors

a date which is earlier or later than would otherwise be the case. Subject to regulatory obligations, none of the Issuer, the Guarantor or the Calculation Agent or any of its affiliates will take into account interests of Securityholders if acting as an Eligible Market Participant.

(v) ***Credit Event and Successor Backstop Dates***

In respect of a Credit Event relating to a Series of Credit Linked N&C Securities, a Credit Event will not be determined by the Credit Derivatives Determinations Committee unless a request is submitted to ISDA for the relevant Credit Derivatives Determinations Committee to consider whether the relevant event constitutes a Credit Event within sixty (60) calendar days of the occurrence of such potential Credit Event unless a Credit Event Determination Date has already occurred with respect to such event. For the purposes of the succession provisions the look-back period is ninety (90) calendar days and functions similarly. These provisions mean that there is a time limit on the ability to act on a Credit Event or succession and that it is possible that the N&C Securities could be affected by a Credit Event or succession that took place prior to the Trade Date if Auction Settlement is specified as the applicable Settlement Method for a Series of N&C Securities in the relevant Pricing Supplement.

(vi) ***Settlement Suspension, Adjustments and Interest Provisions***

The Credit Linked Conditions provide that, if, following the determination of a Credit Event Determination Date but prior to the relevant Credit Settlement Date or, to the extent applicable, a Valuation Date, there is a DC Credit Event Meeting Announcement, the Calculation Agent may at its option determine that the applicable timing requirements of the Credit Linked Conditions including, without limitation the definitions of Interest Payment Date, Credit Event Redemption Date, Valuation Date, Physical Settlement Period, PSN Cut-off Date, Valuation Obligation Observation Settlement Period, VSN Cut-off Date and any other Credit Linked Condition as determined by the Calculation Agent in its sole discretion, shall toll and be suspended and remain suspended (such period of suspension, a "**Suspension Period**") until such time as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has resolved (a) that a Credit Event has or has not occurred or (b) not to determine such matters. Once ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has made such resolution, the relevant timing requirements of the Credit Linked Conditions that have previously tolled or been suspended shall resume on the Business Day following such public announcement by ISDA.

In the event of any such Suspension Period, the Calculation Agent may make (i) such consequential or other adjustment(s) or determination(s) to or in relation to the Credit Linked Conditions as may be desirable or required either during or following any relevant Suspension Period to account for or reflect such suspension and (ii) determine the effective date of such adjustment(s) or determination(s).

In the case of interest bearing N&C Securities, the Issuer shall be obliged to pay interest calculated in accordance with N&C Security Condition 5 (Interest) and the Credit Linked Conditions provided that:

- (i) if a Suspension Period falls in any one or more Interest Period(s) or Fixed Rate N&C Security Interest Period(s), then no interest shall accrue during each portion of an Interest Period or Fixed Rate N&C Security Interest Period during which a Suspension Period exists; and
- (ii) if an Interest Payment Date falls in a Suspension Period, such Interest Payment Date will be deferred until after the end of the Suspension Period.

(vii) ***Amendment of Credit Linked Conditions in accordance with the terms of the N&C Securities***

In addition to any amendments the Calculation Agent may make from time to time to the provisions of the Credit Linked Conditions in accordance with market convention (described above), the Credit Linked Conditions themselves contain certain provisions which permit the Calculation Agent in certain circumstances to make certain adjustments to such Credit Linked Conditions. Such adjustments may affect both payments made to Securityholders under the N&C Securities and the timing of any such payments.

Risk Factors

(viii) *Failure to deliver an Asset Transfer Notice in respect of physically settled Credit Linked N&C Securities*

Where, in respect of any Credit Linked N&C Securities, Physical Settlement is specified as the relevant Settlement Method or applies as the relevant Fallback Settlement Method, and a Securityholders does not deliver a valid Asset Transfer Notice as contemplated under the Credit Linked Conditions, the Issuer may, but is not required to, elect to deliver to the relevant clearance system(s) the aggregate Asset Amount in respect of such N&C Securities, to be divided between and delivered to the relevant Securityholders by the relevant clearance system(s) in accordance with the rules of the relevant clearance system(s) but no assurance is given as to the effect of such rules or other clearance system practices for any such Securityholders.

5.11 *Risks relating to Inflation Index Linked Securities*

The Issuer may issue Inflation Index Linked Securities where the amount of principal and/or interest or the settlement amount payable are dependent upon the level of an inflation/consumer price index or indices and/or whether the level of inflation/consumer price index or indices is equal to, above or below one or more specified levels.

If the amount of principal and/or interest or the settlement amount payable are determined by reference to the least performing inflation/consumer price index in a basket of inflation/consumer price indices, then investors will not receive any benefit from the better performing inflation/consumer price indices in the basket.

Potential investors in any such Securities should be aware that depending on the terms of the Inflation Index Linked Securities (i) they may receive no interest or a limited amount of interest, (ii) a change in the value of the inflation/consumer price index/indices may result in an early redemption or cancellation of their Securities, (iii) payment of principal, interest or the settlement amount may occur at a different time than expected and (iv) they may lose all or a substantial portion of their investment. In addition, the movements in the level of the inflation/consumer price index or indices may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant level of the index or indices may affect the actual return to investors, even if the average level is consistent with their expectations.

Inflation Index Linked Securities may be subject to certain disruption provisions or extraordinary event provisions. Relevant events may relate to market disruptions, or other extraordinary events in relation to the relevant level of inflation/consumer price index or indices. If the Calculation Agent determines that any such event has occurred this may delay valuations under and/or settlements in respect of the Securities and consequently adversely affect the value of the Securities. In addition certain extraordinary or disruption events may lead to early termination of the Securities which may have an adverse effect on the value of the Securities. Whether and how such provisions apply to the relevant Securities can be ascertained by reading the Inflation Index Linked Conditions in conjunction with the applicable Pricing Supplement.

If the amount of principal and/or interest or the settlement amount payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the inflation/consumer price index or the indices on principal or interest payable will be magnified.

A relevant consumer price index or other formula linked to a measure of inflation to which the Securities are linked may be subject to significant fluctuations that may not correlate with other indices. Any movement in the level of the index may result in a reduction of the interest payable on the N&C Securities (if applicable) or, in the case of Securities with a redemption amount or settlement amount linked to inflation, in a reduction of the amount payable on redemption or settlement which in some cases could be less than the amount originally invested or zero.

The timing of changes in the relevant consumer price index or other formula linked to the measure of inflation comprising the relevant index or indices may affect the actual yield to investors on the Securities, even if the average level is consistent with their expectations.

An index to which interest payments and/or the redemption amount or settlement amount of Inflation Index Linked Securities are linked is only one measure of inflation for the relevant jurisdiction, and such Index may not correlate perfectly with the rate of inflation experienced by Securityholders in such jurisdiction.

Risk Factors

The market price of Inflation Index Linked Securities may be volatile and may depend on the time remaining to the maturity date or expiration and the volatility of the level of the index or indices. The level of the inflation/consumer price index or indices may be affected by the economic, financial and political events in one or more jurisdictions, including the stock exchange(s) or quotation system(s) on which any securities comprising the inflation/consumer price index or indices may be traded.

5.12 *Risks relating to Property Index Linked Securities*

The Issuer may issue Property Linked Securities where the amount of principal and/or interest or the settlement amount payable are dependent upon the level of a property index or indices and/or whether the level of property index or property indices is equal to, above or below one or more specified levels.

If the amount of principal and/or interest or the settlement amount payable are determined by reference to the worst performing property index in a basket of property indices, then investors will not receive any benefit from the better performing property indices in the basket.

Potential investors in any such Securities should be aware that depending on the terms of the Property Linked Securities (i) they may receive no interest or a limited amount of interest, (ii) a change in the value of the property index/indices may result in an early redemption or cancellation of their Securities, (iii) payment of principal, interest or the settlement amount occur at a different time than expected and (iv) they may lose all or a substantial portion of their investment. In addition, the movements in the level of the property index or indices may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant level of the index or indices may affect the actual return to investors, even if the average level is consistent with their expectations.

Property Linked Securities may be subject to certain disruption provisions or extraordinary event provisions. Relevant events may relate to market disruptions, or other extraordinary events in relation to the relevant property index or indices. If the Calculation Agent determines that any such event has occurred this may delay valuations under and/or settlements in respect of the Securities and consequently adversely affect the value of the Securities which may have an adverse effect on the value of the Securities. In addition certain extraordinary or disruption events may lead to early termination of the Securities. Whether and how such provisions apply to the relevant Securities can be ascertained by reading the Property Linked Conditions in conjunction with the applicable Pricing Supplement.

If the amount of principal and/or interest or the settlement amount payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the property index or the indices on principal or interest payable will be magnified.

The market price of Property Linked Securities may be volatile and may depend on the time remaining to the maturity date and the volatility of the level of the index or indices. The level of the property index or indices may be affected by the economic, financial and political events in one or more jurisdictions, including the stock exchange(s) or quotation system(s) on which any securities comprising the property index or indices may be traded.

5.13 *Risks relating to Dual Currency N&C Securities*

Investment in Dual Currency N&C Securities may be negatively affected by changes in exchange rates and exchange controls

With respect to an investment in Dual Currency N&C Securities that are denominated and/or payable in a Specified Currency, there will be significant risks associated with such an investment, including the possibility of material changes in the exchange controls by the applicable governments. The Issuer and the Guarantor have no control over the factors that generally affect these risks, such as economic, financial and political events and the supply and demand for the applicable currencies. Moreover, if payments on Dual Currency N&C Securities are determined by reference to a formula containing a multiplier or leverage factor, the effect of any change in the exchange rates between the applicable currencies will be magnified. In recent years, exchange rates between certain currencies have been highly volatile and volatility between such currencies or with other currencies may be expected in the future. Fluctuations between currencies in the past are not

Risk Factors

necessarily indicative, however, of fluctuations that may occur in the future. Depreciation of the payment currency would result in a decrease in the equivalent yield of the Dual Currency N&C Securities, in the equivalent value of the principal generally, and in the equivalent market value of the Dual Currency N&C Securities. Governmental exchange controls could affect exchange rates and the availability of the payment currency on a required payment date. Even if there are no exchange controls, it is possible that the payment currency will not be available on a required payment date due to circumstances beyond the Issuer's or the Guarantor's control.

6. Risk factors relating to the Issuer, the Guarantor and the Group

6.1 *The Group's operating results, financial condition and prospects may be materially impacted by economic conditions in the U.K.*

The Group's business activities are concentrated in the U.K. and it offers a range of banking and financial products and services to U.K. retail and corporate customers. As a consequence, the Group's operating results, financial condition and prospects are significantly affected by the general economic conditions in the U.K..

The Group's financial performance is intrinsically linked to the U.K. economy and the economic confidence of consumers and businesses. The U.K. economic recovery, along with its concomitant impacts on the Group's profitability, remains a risk. Conversely, a strengthened U.K. economic performance may increase the possibility of a higher interest rate environment. In such a scenario other market participants might offer more competitive product pricing resulting in increased customer attrition.

Adverse changes in global growth may pose the risk of a further slowdown in the UK's principal export markets which would have an adverse effect on the broader U.K. economy.

In addition, adverse changes in the credit quality of the Group's borrowers and counterparties or a general deterioration in U.K. or global economic conditions could reduce the recoverability and value of the Group's assets and require an increase in the Group's level of provisions for bad and doubtful debts. Likewise, a significant reduction in the demand for the Group's products and services could negatively impact its business and financial condition. U.K. economic conditions and uncertainties may have an adverse effect on the quality of the Group's loan portfolio and may result in a rise in delinquency and default rates. There can be no assurance that the Group will not have to increase its provisions for loan losses in the future as a result of increases in non-performing loans and/or for other reasons beyond its control. Material increases in the Group's provisions for loan losses and write-offs/charge-offs could have an adverse effect on its operating results, financial condition and prospects.

The U.K. Government has taken measures to address the rising and high level of national debt, including reducing its borrowing and public spending cuts. Credit quality could be adversely affected by a renewed increase in unemployment. Any related significant reduction in the demand for the Group's products and services, could have a material adverse effect on its operating results, financial condition and prospects.

6.2 *The Group is vulnerable to disruptions and volatility in the global financial markets*

Over the past seven years, financial systems worldwide have experienced difficult credit and liquidity conditions and disruptions leading to reduced liquidity, greater volatility (such as volatility in spreads) and, in some cases, a lack of price transparency on interbank lending rates.

Uncertainties remain concerning the outlook and the future economic environment despite recent improvements in certain segments of the global economy, including the U.K. There can be no assurance that economic conditions in these segments will continue to improve or that the global economic condition as a whole will improve significantly or at all. Such economic uncertainties could have a negative impact on the Group's business and results of operations. The acute economic risks in the eurozone are being addressed by on-going policy initiatives, and the prospects for many of the European economies are improving. Investors remain cautious and a slowing or failing of the economic recovery would likely aggravate the adverse effects of difficult economic and market conditions on the Group and on others in the financial services industry.

Risk Factors

In particular, the Group may face, among others, the following risks related to any future economic downturn:

- Increased regulation of its industry. Compliance with such regulation may increase the Group's costs, may affect the pricing of its products and services, and limit its ability to pursue business opportunities.
- Reduced demand for the Group's products and services.
- Inability of the Group's borrowers to comply fully or in a timely manner with their existing obligations.
- The process the Group uses to estimate losses inherent in its credit exposure requires complex judgments, including forecasts of economic conditions and how such conditions may impair the ability of the Group's borrowers to repay their loans. The degree of uncertainty concerning economic conditions may adversely affect the accuracy of the Group's estimates, which may, in turn, impact the reliability of the process and the sufficiency of the Group's loans loss allowances.
- The value and liquidity of the portfolio of investment securities that the Group holds may be adversely affected.
- Any worsening of the global economic conditions may delay the recovery of the international financial industry and impact the Group's operating results, financial condition and prospects.
- Adverse macroeconomic shocks may negatively impact the household income of the Group's retail customers and may adversely affect the recoverability of retail loans, resulting in increased loan losses.

Continued or worsening disruption and volatility in the global financial markets could have a material adverse effect on the Group, including its ability to access capital and liquidity on financial terms acceptable to it, if at all. If capital markets financing ceases to become available, or becomes excessively expensive, the Group may be forced to raise the rates it pays on deposits to attract more customers and it may become unable to maintain certain liability maturities. Any such increase in capital markets funding costs or deposit rates could have a material adverse effect on the Group's interest margins, liquidity and profitability.

If all or some of the foregoing risks were to materialise, this could have a material adverse effect on the Group.

6.3 *The Group is subject to liquidity requirements that could limit its operations, and changes to these requirements may further limit and adversely affect the Group's operating results, financial condition and prospects*

On 5 October 2009, the Financial Services Authority ("**FSA**") published liquidity rules that significantly broadened the scope of the existing liquidity regime. These were designed to enhance regulated firms' liquidity risk management practices. As part of these reforms, the FSA implemented requirements for financial institutions to hold prescribed levels of specified liquid assets and have in place other sources of liquidity to address institution-specific and market-wide liquidity risks that institutions may face in short-term and prolonged stress scenarios. These rules have applied to the Group since June 2010 with some subsequent technical revisions. These rules will continue to apply to the Group until implementation of the Basel III standards.

As from 1 April 2013, the Prudential Regulation Authority ("**PRA**"), an independent subsidiary of the Bank of England, took over the responsibility for micro-prudential regulation of financial institutions from the FSA. The PRA currently operates its own liquidity rules based on the following elements:

- principles of self-sufficiency and adequacy of liquidity resources;
- enhanced systems and control requirements;
- quantitative requirements, including Individual Liquidity Adequacy Standards, coupled with a narrow definition of liquid assets; and
- frequent regulatory reporting.

Risk Factors

Santander UK currently meets the minimum requirements set by the PRA. However, there can be no assurance that future changes to such requirements would not adversely impact on the Group's operating results financial condition and prospects.

Under CRD IV (as defined in paragraph 6.13 below), banks will be required to meet two new liquidity standards, comprising the Liquidity Coverage Ratio ("**LCR**") and the Net Stable Funding Ratio ("**NSFR**") metrics, which are aimed to promote:

- the short-term resilience of banks' liquidity risk profiles by ensuring they have sufficient high-quality liquid assets to survive a significant stress scenario; and
- a longer-term resilience by creating incentives for banks to fund their activities with more stable sources of funding on an on-going basis.

LCR

The LCR is intended to ensure that a bank maintains an adequate level of unencumbered, high quality liquid assets which can be used to offset the net cash outflows the bank could encounter under a short-term significant liquidity stress scenario.

The LCR will be introduced in 2015 and the minimum requirement under the CRD IV Directive will begin at 60 per cent. on 1 October 2015, rising by 10 percentage points on each of 1 January 2016 and 1 January 2017 and by 20 percentage points to reach 100 per cent. on 1 January 2018. The PRA published a consultation on implementation of the liquidity rules in November 2014, which proposes that an 80 per cent. requirement should apply from October 2015, rising to 90% on 1 January 2017. This consultation closed on 27 February 2015. The PRA intends to publish a policy statement with feedback, final rules and a supervisory statement in 2015.

NSFR

In October 2014, the Basel Committee published its final standard of the NSFR which will take effect on 1 January 2018. The NSFR is defined as the amount of available stable funding relative to the amount of required stable funding. Banks are expected to hold a NSFR of at least 100 per cent. on an on-going basis and report its NSFR at least quarterly. Ahead of its planned implementation on 1 January 2018, the NSFR will remain subject to an observation period.

There is a risk that implementing and maintaining existing and new liquidity requirements, such as through enhanced liquidity risk management systems, may incur significant costs, and more stringent requirements to hold liquid assets may materially affect the Group's lending business as more funds may be required to acquire or maintain a liquidity buffer, thereby reducing future profitability. This could in turn adversely impact on the Group's operating results financial condition and prospects.

6.4 *Exposure to U.K. Government debt could have a material adverse effect on the Group*

Like many other U.K. banks, the Group invests in debt securities of the U.K. Government largely for liquidity purposes. As of 31 December 2014, approximately 1 per cent. of the Group's total assets and 22 per cent. of its securities portfolio were comprised of debt securities issued by the U.K. Government. Any failure by the U.K. Government to make timely payments under the terms of these securities, or a significant decrease in their market value, will have a material adverse effect on the Group.

6.5 *The Group may suffer adverse effects as a result of the economic and sovereign debt tensions in the eurozone*

Eurozone markets and economies continue to show signs of fragility and volatility, with recession in some national economies. Interest rate differentials among eurozone countries indicate continued doubts about some governments' ability to fund themselves and affect borrowing rates in those economies. Further, the possibility remains that one or more eurozone countries could depart from the euro or that the euro could be abandoned as a currency altogether, which could have negative effects on both existing contractual relations and the fulfilment of obligations by the Group, its

Risk Factors

counterparties and/or its customers. This in turn would have a material adverse effect on the operating results, financial condition and prospects of the Group.

There is currently no established legal or practical framework to facilitate a member state's exit from the euro. Apart from the exit process, uncertainties that heighten the risk of re-denomination include how an exiting member state would deal with its existing euro-denominated assets and liabilities and the valuation of any newly-adopted currency against the euro.

A break-up of the eurozone could be associated with a deterioration in the economic and financial environment in the U.K. and could have a material adverse impact on the whole financial sector, creating new challenges in sovereign and corporate lending and resulting in significant disruptions in financial activities at both the market and retail levels. This could materially and adversely affect the operating results, financial condition and prospects of the Group.

The ECB and European Council have taken actions in 2012 and 2013 with the aim of reducing the risk of contagion in the eurozone and beyond. These included the creation of the Open Market Transaction facility of the ECB and the decision by eurozone governments to progress towards the creation of a banking union. In January 2015, the ECB announced an extensive quantitative easing scheme. The scheme comprises a €60bn-a-month bond-buying programme across the eurozone, such programme to last until at least September 2016, with a potential for extension if inflation in the eurozone does not meet the ECB target of 2 per cent. Notwithstanding these measures, a significant number of financial institutions throughout Europe have substantial exposures to sovereign debt issued by eurozone nations which are under financial stress. Should any of those nations default on their debt, or experience a significant widening of credit spreads, major financial institutions and banking systems throughout Europe could be destabilised, resulting in the further spread of the recent economic crisis.

The high cost of capital for some European governments impacted the wholesale markets in the U.K., which resulted in an increase in the cost of retail funding and greater competition in the savings market. In the absence of a permanent resolution of the eurozone crisis, conditions could deteriorate.

Although the Group conducts the majority of its business in the U.K., it has direct and indirect exposure to financial and economic conditions throughout the eurozone economies. In addition, general financial and economic conditions in the U.K., which directly affect the Group's operating results, financial condition and prospects, may deteriorate as a result of conditions in the eurozone.

6.6 *The Group may be exposed to unidentified or unanticipated risks despite its risk management policies, procedures and methods*

The management of risk is an integral part of the Group's activities. The Group seeks to monitor and manage its risk exposure through a variety of risk reporting systems. While the Group employs a broad and diversified set of risk monitoring and risk mitigation techniques, such techniques and strategies may not be fully effective in mitigating its risk exposure in all economic market environments or against all types of risk, including risks that the Group fail to identify or anticipate.

Some of the Group's qualitative tools and metrics for managing risk are based upon use of observed historical market behaviour by the Group. The Group applies statistical and other tools to these observations to arrive at quantifications of its risk exposures. These qualitative tools and metrics may fail to predict future risk exposures. These risk exposures could, for example, arise from factors the Group did not anticipate or correctly evaluate in its statistical models. This would limit the Group's ability to manage its risks. The Group's losses thus could be significantly greater than the historical measures indicate. In addition, the Group's quantified modelling does not take all risks into account. The Group's more qualitative approach to managing those risks could prove insufficient, exposing the Group to material, unanticipated losses. If existing or potential customers believe the Group's risk management is inadequate, they could take their business elsewhere. This could have a material adverse effect on the operating results, financial condition and prospects of the Group.

6.7 *The Group's loan portfolio is subject to risk of prepayment, which could have a material adverse effect on it*

The Group's loan portfolio is subject to prepayment risk, which results from the ability of a borrower or issuer to pay a debt obligation prior to maturity. Generally, in a declining interest rate environment, prepayment activity increases, which

Risk Factors

reduces the weighted average lives of the Group's earning assets, and could have a material adverse effect on it. The Group would also be required to amortise net premiums into income over a shorter period of time, thereby reducing the corresponding asset yield and net interest income. Prepayment risk also has a significant adverse impact on credit card and collateralised mortgage loans, since prepayments could shorten the weighted average life of these assets, which may result in a mismatch in the Group's funding obligations and reinvestment at lower yields. Prepayment risk is inherent to the Group's commercial activity and an increase in prepayments could have a material adverse effect on it.

6.8 *The value of the collateral, including real estate, securing the Group's loans may not be sufficient, and it may be unable to realise the full value of the collateral securing its loan portfolio*

The value of the collateral securing the Group's loan portfolio may significantly fluctuate or decline due to factors beyond the Group's control, including macroeconomic factors affecting the UK's economy. The residential mortgage loan portfolio is one of the Group's principal assets, comprising 79 per cent. of the Group's loan portfolio as of 31 December 2014. As a result, the Group is highly exposed to developments in the residential property market in the U.K.

The housing market has performed stronger than anticipated in 2014, with an increase in both house prices and the volume of property transactions. However, these increases have not so far resulted in strong growth in net mortgage lending in the market. Any further increase in house prices may be limited by the high level of prices relative to household earnings given the continued weakness seen in real earnings growth. The depth of the previous house price declines as well as the continuing uncertainty as to the extent and sustainability of the U.K. economic recovery will mean that losses could be incurred on loans should they go into possession.

The value of the collateral securing the Group's loan portfolio may also be adversely affected by force majeure events, such as natural disasters like floods or landslides. Any force majeure event may cause widespread damage and could have an adverse impact on the economy of the affected region and may therefore impair the asset quality of the Group's loan portfolio in that area.

The Group may also not have sufficiently up-to-date information on the value of collateral, which may result in an inaccurate assessment for impairment losses of its loans secured by such collateral. If any of the above were to occur, the Group may need to make additional provisions to cover actual impairment losses of its loans, which may materially and adversely affect its operating results, financial condition and prospects.

6.9 *Failure to successfully implement and continue to improve the Group's credit risk management systems could materially and adversely affect its business*

As a commercial bank one of the main types of risks inherent in the Group's business is credit risk. For example, an important feature of the Group's credit risk management system is to employ its own credit rating system to assess the particular risk profile of a customer. This system is primarily generated internally but, in the case of counterparties with a global presence, also builds off the credit assessment assigned by other Santander Group members. As this process involves detailed analyses of the customer or credit risk, taking into account both quantitative and qualitative factors, it is subject to human error. In exercising their judgment, the Group's employees may not always be able to assign a correct credit rating to a customer or credit risk, which may result in its exposure to higher credit risks than indicated by the Group's risk rating system.

In addition, the Group has refined its credit policies and guidelines to address potential risks associated with particular industries or types of customers, such as affiliated entities and group customers. However, the Group may not be able to detect these risks before they occur, or its employees may not be able to effectively implement the Group's credit policies and guidelines due to limited tools available to it, which may increase the Group's credit risk. Failure to effectively implement, consistently follow or continuously refine the Group's credit risk management system may result in an increase in the level of non-performing loans and a higher risk exposure for the Group, which could have a material adverse effect on it.

Risk Factors

6.10 *Exposure to U.K. political developments could have a material adverse effect on the Group.*

The outcome of any future U.K. political developments, including but not limited to any changes in government structure and policies, could affect the fiscal, monetary and regulatory landscape to which the Group is subject and therefore no assurance can be given that the Group's operating results, financial condition and prospects would not be adversely impacted as a result.

6.11 *The Group is exposed to risks faced by other financial institutions*

The Group routinely transacts with counterparties in the financial services industry, including brokers and dealers, commercial banks, investment banks, mutual funds, hedge funds and other institutional clients. Defaults by, and even rumours or questions about the solvency of, certain financial institutions and the financial services industry generally have led to market-wide liquidity problems and could lead to losses or defaults by other institutions. Many of the routine transactions the Group enters into expose it to significant credit risk in the event of default by one of its significant counterparties. The European sovereign debt crisis and the risk it poses to financial institutions throughout Europe have had, and may continue to have, an adverse effect on interbank financial transactions in general. A default by a significant financial counterparty, or liquidity problems in the financial services industry generally, could have a material adverse effect on the Group.

6.12 *Liquidity and funding risks are inherent in the Group's business and could have a material adverse effect on the Group*

Liquidity risk is the risk that the Group, although solvent, either does not have available sufficient financial resources to meet its obligations as they fall due or can secure them only at excessive cost. This risk is inherent in any retail and commercial banking business and can be heightened by a number of enterprise-specific factors, including over-reliance on a particular source of funding, changes in credit ratings or market-wide phenomena such as market dislocation. While the Group implements liquidity management processes to seek to mitigate and control these risks, unforeseen systemic market factors in particular make it difficult to eliminate completely these risks. Adverse constraints in the supply of liquidity, including inter-bank lending, which arose between 2009 and 2013, materially and adversely affected the cost of funding the Group's business, and extreme liquidity constraints affected the Group's current operations limited growth. There can be no assurance that such constraints will not reoccur.

Disruption and volatility in the global financial markets could have a material adverse effect on the Group's ability to access capital and liquidity on financial terms acceptable to it.

The Group's cost of obtaining funding is directly related to prevailing market interest rates and to its credit spreads. Increases in interest rates and the Group's credit spreads can significantly increase the cost of its funding. Changes in the Group's credit spreads are market-driven, and may be influenced by market perceptions of its creditworthiness. Changes to interest rates and the Group's credit spreads occur continuously and may be unpredictable and highly volatile.

If wholesale markets financing ceases to become available, or becomes excessively expensive, the Group may be forced to raise the rates it pays on deposits, with a view to attracting more customers, and/or to sell assets, potentially at depressed prices. The persistence or worsening of these adverse market conditions or an increase in base interest rates could have a material adverse effect on the Group's ability to access liquidity and cost of funding (whether directly or indirectly).

Although central banks around the world have made coordinated efforts to increase liquidity in the financial markets and have in place additional facilities, by taking measures such as increasing the amounts they lend directly to financial institutions, lowering interest rates and ensuring that currency swaps markets remain liquid, it is only gradually becoming known internationally how long these central bank schemes will continue or on what terms. The ECB has yet to clarify its long-term approach to liquidity support, although in the second half of 2014 it initiated the purchase of covered bonds and asset backed securities. In January 2015, the ECB announced an extensive quantitative easing scheme. The scheme comprises a €60bn-a-month bond-buying programme across the eurozone, such programme to last until at least September 2016, with a potential for extension if inflation in the eurozone does not meet the ECB target of 2 per cent.

In October 2013, the Bank of England updated its Sterling Monetary Framework to provide more transparent liquidity insurance support in exceptional circumstances. The Indexed Long Term Repo Facility will now be available to support

Risk Factors

regular bank requirements for liquidity while the Discount Window Facility has been reinforced as support for banks experiencing idiosyncratic stress. The Collateralised Term Repo Facility will be made available to support markets in the event of a market wide liquidity stress.

The Bank of England and HM Treasury announced changes to the terms of the Funding for Lending Scheme ("FLS") on 28 November 2013 to re-focus its incentives in the revised scheme towards supporting business lending in 2014. The FLS extension allowed participants to draw from the scheme from February 2014 until January 2015, but household lending in 2014 no longer generated any additional borrowing allowances as it did in the initial scheme. Instead, additional allowances only reflected lending to businesses in 2014. Any initial borrowing allowances in the FLS extension already earned by household and business lending in 2013 were unaffected. On 2 December 2014, the Bank of England and HM Treasury announced a further extension of the FLS to allow participants to borrow from the FLS until January 2016, with incentives to boost lending skewed towards small and medium sized enterprises. As at 31 December 2014, the Group has drawn £2.2bn of U.K. treasury bills under the FLS.

The availability of Bank of England facilities for U.K. financial institutions, to the extent that they provide the Group with access to cheaper and more attractive funding than other sources, reduces the Group's reliance on retail and/or wholesale markets. To the extent that the Group makes use of Bank of England facilities, any significant reduction or withdrawal of those facilities would increase the Group's funding costs.

Each of the factors described above – the persistence or worsening of adverse market conditions, and the lack of availability, or withdrawal, of such central bank schemes or an increase in base interest rates – could have a material adverse effect on the Group's liquidity and the cost of funding (whether directly or indirectly).

The Group aims for a funding structure that is consistent with its assets, avoids excessive reliance on short term wholesale funding, attracts enduring commercial deposits and provides diversification in products and tenor. The Group therefore relies, and will continue to rely, on commercial deposits to fund a significant proportion of lending activities. The ongoing availability of this type of funding is sensitive to a variety of factors outside the Group's control, such as general economic conditions and the confidence of commercial depositors in the economy, in general, and the financial services industry, and the availability and extent of deposit guarantees, as well as competition between banks for deposits. Any of these factors could significantly increase the amount of commercial deposit withdrawals in a short period of time, thereby reducing the Group's ability to access commercial deposit funding on appropriate terms, or at all, in the future.

The Group anticipates that its customers will continue to make short-term deposits (particularly demand deposits and short-term time deposits), and the Group intends to maintain its emphasis on the use of banking deposits as a source of funds. The short-term nature of this funding source could cause liquidity problems for the Group in the future if deposits are not made in the volumes it expects or are not renewed. If a substantial number of the Group's depositors withdraw their demand deposits or do not roll over their time deposits upon maturity, the Group may be materially and adversely affected.

A sudden or unexpected shortage of funds in the banking system could lead to increased funding costs, a reduction in the term of funding instruments or require the Group to liquidate certain assets. If these circumstances were to arise, this could have a material adverse effect on the Group's operating results, financial condition and prospects.

6.13 *The Group is subject to regulatory capital and leverage requirements that could limit its operations, and changes to these requirements may further limit and adversely affect its operating results, financial condition and prospects*

The Group is subject to capital adequacy requirements applicable to banks and banking groups under directly applicable EU legislation and as adopted by the PRA of the Bank of England. The Group is required to maintain a minimum ratio of Common Equity Tier 1 capital to risk-weighted assets (instead of Core Tier 1 capital to risk-weighted assets), Tier 1 capital to risk-weighted assets, total capital to risk-weighted assets and Tier 1 capital to total adjusted assets for leverage monitoring purposes. Any failure by the Group to maintain such ratios may result in administrative actions or sanctions, including potentially requirements to cease all or certain lines of new business, to raise new capital resources or, in certain circumstances, a requirement for existing capital instruments (potentially including its debt securities) to be subjected to bail-in or write down (see the Risk Factor entitled "*Bail-in and write-down powers under the Banking Act and the BRRD*" for further detail).

Risk Factors

The PRA requires the capital resources of large U.K. banks to be maintained at levels which exceed the base capital requirements prescribed by its rules and, following the PRA 2013 capital shortfall exercise, the Group has been required to hold Common Equity Tier 1 capital reserves equivalent to at least 7 per cent. of its risk-weighted assets and to maintain a minimum 3 per cent. Tier 1 leverage ratio. From 1 January 2015 further increases to capital requirements have been implemented by the PRA, partly informed by the concurrent stress testing process conducted by the PRA in 2014 and planned to be conducted annually thereafter. In the future, the PRA could, through supervisory actions (beyond the changes described below), require U.K. banks including the Group to increase their capital resources further, and could also increase capital ratios as part of the exercise of U.K. macro-prudential capital regulation tools.

Directive 2013/36/EU (the "**CRD IV Directive**") and Regulation (EU) No. 575/2013 (the "**Capital Requirements Regulation**") and, together the "**CRD IV**") legislative package implemented the changes prepared by the Basel Committee on Banking Supervision (the "**Basel Committee**") to the capital adequacy framework, known as "Basel III" in the European Union. The Capital Requirements Regulation is directly applicable in each member state of the EU (each a "**Member State**") and does not therefore require national implementing measures, whilst the CRD IV Directive must be implemented by Member States. CRD IV Directive was published in the Official Journal on 27 June 2013 and came into effect on 1 January 2014, with particular requirements to be effective by 2019. CRD IV substantially reflects the Basel III capital and liquidity standards and facilitates the applicable implementation timeframes. On 19 December 2013, the PRA published its rules and supervisory statements associated with the implementation of CRD IV, which cover prudential rules for banks, building societies and investment firms. Certain issues, however, continue to remain under discussion and certain details remain to be clarified in further binding technical standards to be issued by the European Banking Authority, which creates uncertainty as to the final impact of CRD IV capital requirements on the Group.

The Financial Policy Committee of the Bank of England ("**FPC**") set the counter-cyclical capital buffer rate at 0 per cent. from October 2014 and then subsequently announced on 16 December 2014 that the counter-cyclical buffer rate would remain at 0 per cent. The U.K. Government has stated that it intends that the FPC should also be able to require the PRA to impose additional specific capital requirements on banks to address risks to the U.K. market for banking services and the Government has indicated that it intends to provide the FPC with powers to direct the PRA to set leverage ratio requirements and buffers. The Bank of England, acting through the FPC, undertook a review of the leverage ratio during 2014, the results of which were published on 31 October 2014. The FPC recommended that it should have the power to direct the PRA to set (i) a minimum leverage ratio requirement; (ii) a supplementary leverage ratio buffer; and (iii) a countercyclical leverage ratio buffer and recommended that the PRA establish a supplementary leverage ratio buffer requirement for major domestic U.K. banks equal to 35 per cent. of each bank's risk-weighted systemic buffer. HM Treasury has consulted on draft legislation granting the FPC new powers of direction over the PRA in line with the FPC's recommendations and published a paper, dated January 2014, explaining the outcome of this consultation. The final scope of this framework, and the precise timing for its introduction, is currently unclear, however the FPC has recommended that its leverage ratio framework should be applied to systemically important institutions as soon as practicable, and to all other PRA-regulated firms in 2018, subject to a review of international progress in 2017. The FPC published a draft policy statement in February 2015 to be considered alongside Parliament's scrutiny of the associated secondary legislation. Action taken in the future by the FPC in exercise of any such powers could result in the regulatory capital requirements applied to us being increased.

Regulators in the U.K. and worldwide have also proposed that additional capital requirements should be applied to systemically important institutions to ensure that there is sufficient loss absorbing and recapitalisation capacity available in resolution. The Financial Services (Banking Reform) Act 2013 (the "**Banking Reform Act**") amended the Financial Services and Markets Act 2000 ("**FSMA**") and provides HM Treasury with the power to require a bank to issue any type of debt instruments or to ensure that any part of its debt consists of debt instruments of a particular kind. This power is in addition to the regulatory capital requirements under CRD IV. HM Treasury has indicated that it intends to use this power, as appropriate, to impose requirements for firms to meet total loss-absorbing capital ("**TLAC**") requirements proposed by the Financial Stability Board or, in accordance with the Directive 2014/59/EU providing for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms (the "**Bank Recovery and Resolution Directive**" or "**BRRD**"), Minimum Requirement for Eligible Liabilities ("**MREL**") requirements. HM Treasury has consulted on a draft Order that will regulate the exercise of this power on institutions, although in July 2014 it announced that the finalisation of detailed requirements would be delayed pending international agreement in relation to TLAC and MREL requirements. The power is expected to become exercisable on or before 1 January 2016, at which time

Risk Factors

the power may be used to introduce TLAC and MREL requirements affecting the Group. In addition, since 31 December 2014, the PRA has had the power under the FSMA to make rules requiring a parent undertaking of a bank to make arrangements to facilitate the exercise of resolution powers, including a power to require a Group to issue debt instruments. Such powers could have an impact on the liquidity of the Group's debt instruments and could materially increase the Group's of funding.

In addition to the above, regulators in the U.K. and worldwide have produced a range of proposals for future legislative and regulatory changes which could force the Group to comply with certain operational restrictions or take steps to raise further capital, or could increase the Group's expenses, or otherwise adversely affect its operating results, financial condition and prospects. These include:

- the introduction of recovery and resolution planning requirements (popularly known as "living wills") for banks and other financial institutions as contingency planning for the failure of a financial institution that may affect the stability of the financial system as set out in the PRA's final rules on recovery and resolution planning which came into force on 1 January 2014;
- the introduction of more regular and detailed reporting obligations;
- a move to pre-funding of the deposit protection scheme in the U.K.;
- proposed revisions to the approaches for determining trading book capital requirements and banking book risk-weighted assets from the Basel Committee; and
- proposed revisions to the standardised approach to credit risk ("**Standardised Approach**") by the Basel Committee to addresses certain weaknesses in the Standard Approach identified by the Basel Committee. These weaknesses include an over-reliance on external credit ratings, a lack of risk sensitivity and a lack of comparability and misalignment of treatment with exposures risk weighted under the internal ratings-based ("**IRB**") approach to credit risk. Among other revisions, the Basel Committee is proposing to impose a Standardised Approach floor on modelled credit risk capital requirements with the aims of: (i) constraining variation in risk-weighted assets across banks using the IRB approach (with respect to portfolios with similar risk profiles); and (ii) protecting against the risk that modelled parameters result in capital requirements that are too low.

These measures could have a material adverse effect on the Group's operating results, and consequently, on the Group's business, financial condition and prospects. There is a risk that changes to the U.K.'s capital adequacy regime (including any increase to the minimum leverage ratio) may result in increased minimum capital requirements, which could reduce available capital for business purposes and thereby adversely affect the Group's cost of funding, profitability and ability to pay dividends, continue organic growth (including increased lending), or pursue acquisitions or other strategic opportunities (alternatively, the Group could restructure its balance sheet to reduce the capital charges incurred pursuant to the PRA's rules in relation to the assets held, or raise additional capital but at increased cost and subject to prevailing market conditions). In addition, changes to the eligibility criteria for Tier 1 and Tier 2 capital may affect the Group's ability to raise Tier 1 and Tier 2 capital and impact the recognition of existing Tier 1 and Tier 2 capital resources in the calculation of the Group's capital position. Furthermore increased capital requirements may negatively affect the Group's return on equity and other financial performance indicators.

The Group's business could be affected if its capital is not managed effectively or if these measures limit its ability to manage its balance sheet and capital resources effectively or to access funding on commercially acceptable terms. Effective management of the Group's capital position is important to its ability to operate its business, to continue to grow organically and to pursue its business strategy.

- 6.14** *An adverse movement in the external Group's credit rating would likely increase cost of funding, require the Group to post additional collateral or take other actions under some of the Group's derivative contracts and adversely affect the Group's interest margins and results of operations*

Risk Factors

Credit ratings can in some instances affect the cost and other terms upon which the Group is able to obtain funding. Credit rating agencies regularly evaluate the Group, and their credit ratings of the institution and its debt in issue are based on a number of factors, including the Group's financial strength, the strength of the U.K. economy and conditions affecting the financial services industry generally.

Any downgrade in the Group's credit ratings could increase its borrowing costs and could require the Group to post additional collateral or take other actions under some of its derivative contracts, and could limit its access to capital markets and adversely affect its commercial business. For example, a credit rating downgrade could adversely affect the Group's ability to sell or market certain of its products, engage in certain longer-term transactions and derivatives transactions and retain its customers, particularly customers who need a minimum rating threshold in order to invest.

In addition, under the terms of certain of the Group's derivative contracts, it may be required to maintain a minimum credit rating or otherwise its counterparties may be able to terminate such contracts. Any of these results of a credit rating downgrade could, in turn, reduce the Group's liquidity and have an adverse effect on the Group, including its operating results, financial condition and prospects. For example, the Group estimates that as at 31 December 2014, if Fitch, Moody's and Standard & Poor's were concurrently to downgrade its long-term credit ratings by one notch, and thereby trigger a short-term credit rating downgrade, this could result in an outflow of £7.59bn of cash and collateral. A hypothetical two notch downgrade would result in a further outflow of £1.2bn of cash and collateral. However, while certain potential impacts are contractual and quantifiable, the full consequences of a credit rating downgrade are inherently uncertain, as they depend upon numerous dynamic, complex and inter-related factors and assumptions, including market conditions at the time of any downgrade, whether any downgrade of a firm's long-term credit rating precipitates downgrades to its short-term credit rating, and assumptions about the potential behaviours of various customers, investors and counterparties. Actual outflows could be higher or lower than this hypothetical example, depending upon certain factors including any management or restructuring actions that could be taken to reduce cash outflows and the potential liquidity impact from a loss of unsecured funding (such as from money market funds) or loss of secured funding capacity.

Although unsecured and secured funding stresses are included in the Group's stress testing scenarios and a portion of the Group's total liquid assets is held against these risks, it is still the case that a credit rating downgrade could have a material adverse effect on the Group. In addition, if certain counterparties terminated derivative contracts with the Group and the Group is unable to replace such contracts, the market risk profile of the Group could be altered.

Included in the current long-term credit ratings of Santander UK plc from Moody's and Standard & Poor's are two credit rating notches of ratings support, arising from an assumption by the rating agencies of U.K. Government intervention and of support for the bank should it be at risk of failing. On 3 February 2015, Standard & Poor's placed on CreditWatch with negative implications the long-term ratings of Santander UK plc and many other banks in the U.K., Germany and Austria, including those of the Group's main U.K. peers. CreditWatch with negative implications highlights Standard & Poor's opinion regarding the potential direction of a rating. These rating actions followed Standard & Poor's review of government support in countries which had fully implemented the BRRD. Standard & Poor's view is that there is a reduced likelihood of extraordinary government support being made available to U.K. banks in the future. It is therefore possible that Santander UK plc's long-term credit rating could be downgraded by up to two credit rating notches by Standard & Poor's in the first half of 2015. If a downgrade of the Group's long-term credit ratings (whether by Standard & Poor's and/or other rating agencies) were to occur, it could also impact the Group's short-term credit ratings. With the removal of systemic support by the U.K. Government, all things being equal, the impact on the Group's long-term credit-rating could potentially increase the cost of some of the Group's wholesale borrowing and the its ability to secure both long-term and short-term funding may be reduced.

Likewise, a downgrade of the U.K. sovereign credit rating, or the perception that such a downgrade may occur, may have a material adverse effect on the Group's operating results, financial condition, prospects and the marketability and trading value of the Group's securities. This might also impact on the Group's own credit rating, borrowing costs and its ability to secure funding. A U.K. sovereign credit rating downgrade or the perception that such a downgrade may occur could also have a material effect in depressing consumer confidence, restricting the availability, and increasing the cost, of funding for individuals and companies, further depressing economic activity, increasing unemployment and/or reducing asset prices.

Risk Factors

In light of the difficulties in the financial services industry and the financial markets, there can be no assurance that the credit rating agencies will maintain the Group's current credit ratings or outlooks. The Group's failure to maintain favourable credit ratings and outlooks could increase the Group's cost of funding and adversely affect the Group's interest margins, which could have a material negative effect on it.

6.15 *The Group's financial results are subject to fluctuations in interest rates and other market conditions, which may materially adversely affect it*

Market risk refers to the probability of variations in the Group's net interest income or in the market value of the Group's assets and liabilities due to volatility of interest rates, exchange rates or equity prices. Changes in interest rates would affect the following areas, among others, of the Group's business:

- net interest income;
- the volume of loans originated;
- the market value of the Group's securities holdings;
- gains from sales of loans and securities; and
- gains and losses from derivatives.

Variations in short-term interest rates could affect the Group's net interest income, which comprises the majority of its revenue, reducing its growth rate and potentially resulting in losses. When interest rates rise, the Group may be required to pay higher interest on its floating-rate borrowings while interest earned on its fixed-rate assets does not rise as quickly, which could cause profits to grow at a reduced rate or decline in some parts of the Group's portfolio. Interest rates are highly sensitive to many factors beyond the Group's control, including increased regulation of the financial sector, monetary policies, domestic and international economic and political conditions and other factors.

Increases in interest rates may reduce the volume of loans the Group originates. Sustained high interest rates have historically discouraged customers from borrowing and have resulted in increased delinquencies in outstanding loans and deterioration in the quality of assets. Increases in interest rates may also reduce the propensity of the Group's customers to prepay or refinance fixed-rate loans, reduce the value of the Group's financial assets and reduce gains or require the Group to record losses on sales of its loans or securities.

If interest rates decrease, although this is likely to reduce the Group's funding costs, it is likely to compress its interest margin, as well as adversely impact the Group's income from investments in securities and loans with similar maturities, which could have a negative effect on the operating results, financial condition and prospects of the Group.

The market value of a security with a fixed interest rate generally decreases when prevailing interest rates rise, which may have an adverse effect on the Group's earnings and financial condition. In addition, the Group may incur costs (which, in turn, will impact the Group's results) as it implements strategies to reduce future interest rate exposure. The market value of an obligation with a floating interest rate can be adversely affected when interest rates increase, due to a lag in the implementation of re-pricing terms or an inability to refinance at lower rates.

The Group is also exposed to foreign exchange rate risk as a result of mismatches between assets and liabilities denominated in different currencies. Fluctuations in the exchange rate between currencies may negatively affect the Group's earnings and value of the Group's assets and securities. The Group's capital is stated in pound sterling and the Group does not fully hedge its capital position against changes in currency exchange rates. Although the Group seeks to hedge most of the Group's currency risk through hedging and purchase of cross-currency swaps, these hedges do not eliminate currency risk and the Group can make no assurance that it will not suffer adverse financial consequences as a result of currency fluctuations. Significant exchange rate volatility and the depreciation of the pound sterling in particular could have an adverse impact on the Group's results of operations and its ability to meet its US dollar and euro-denominated obligations, and which could have a material adverse effect on the Group's operating results, financial condition and prospects.

Risk Factors

The Group is also exposed to equity price risk in connection with the Group's trading investments in equity securities as part of the Group's normal course of business as a commercial bank. The performance of financial markets may cause changes in the value of the Group's investment and trading portfolios. The volatility of world equity markets, due to the continued economic uncertainty and sovereign debt tensions, has had a particularly strong impact on the financial sector. Continued volatility may affect the value of the Group's investments in entities in this sector and, depending on their fair value and future recovery expectations, could become a permanent impairment, which would be subject to write-offs against the Group's results. To the extent any of these risks materialise, the Group's net interest income or the market value of the Group's assets and liabilities could be adversely affected.

6.16 ***Market conditions have resulted in, and could continue to result in, material changes to the estimated fair values of the Group's financial assets. Negative fair value adjustments could have a material adverse effect on the Group's operating results, financial condition and prospects***

In the past seven years, financial markets have been subject to significant stress resulting in steep falls in perceived or actual financial asset values, particularly due to volatility in global financial markets and the resulting widening of credit spreads. The Group has material exposures to securities, loans and other investments that are recorded at fair value and are therefore exposed to potential negative fair value adjustments. Asset valuations in future periods, reflecting then prevailing market conditions, may result in negative changes in the fair values of the Group's financial assets and these may also translate into increased impairments. In addition, the value ultimately realised by the Group on disposal may be lower than the current fair value. Any of these factors could require the Group to record negative fair value adjustments, which may have a material adverse effect on its operating results, financial condition or prospects.

In addition, to the extent that fair values are determined using financial valuation models, such values may be inaccurate or subject to change, as the data used by such models may not be available or may become unavailable due to changes in market conditions, particularly for illiquid assets and in times of economic instability. In such circumstances, the Group's valuation methodologies require it to make assumptions, judgments and estimates in order to establish fair value.

This is a challenging task as reliable assumptions are difficult to make and are inherently uncertain. Moreover, valuation models are complex, making them inherently imperfect predictors of actual results. Any consequential impairments or write-downs could have a material adverse effect on the Group's operating results, financial condition and prospects.

6.17 ***The Group has a core strategy to develop the Group's operations organically and through acquisitions, but if the Group is unable to manage such development effectively, this could have an adverse impact on its profitability***

The Group allocates management and planning resources to develop strategic plans for organic development, and to identify possible acquisitions and disposals and areas for restructuring its businesses. The Group cannot provide assurance that it will, in all cases, be able to manage its growth effectively or deliver its strategic development objectives. Challenges that may result from the Group's strategic development decisions include its ability to:

- manage efficiently the operations and employees of expanding businesses;
- maintain or grow its existing customer base;
- assess the value, strengths and weaknesses of investment or acquisition candidates;
- finance strategic opportunities, investments or acquisitions;
- fully integrate strategic investments, or newly-established entities or acquisitions, in line with its strategy;
- align its current information technology systems adequately with those of an enlarged Group;
- apply its risk management policy effectively to an enlarged Group; and
- manage a growing number of entities without over-committing management or losing key personnel.

Risk Factors

Any failure to manage the Group's development effectively, including any or all of the above challenges associated with its development plans, could have a material adverse effect on the Group's operating results, financial condition and prospects.

From time to time, the Group evaluates acquisition and partnership opportunities that the Group believes could offer additional value to its shareholders and are consistent with its business strategy. However, the Group may not be able to identify suitable acquisition or partnership candidates, and may not be able to acquire promising targets or form partnerships on favourable terms or at all. Furthermore preparations for acquisitions that the Group does not complete can be disruptive. The Group bases its assessment of potential acquisitions and partnerships on limited and potentially inexact information and on assumptions with respect to value, operations, profitability and other matters that may prove to be incorrect. The Group's ability to benefit from any such acquisitions and partnerships will depend in part on the Group's successful integration of those businesses. Such integration entails significant risks such as challenges in retaining the customers and employees of the acquired businesses, unforeseen difficulties in integrating operations and systems and unexpected liabilities or contingencies such as legal claims. The Group can give no assurances that its expectations with regards to integration and synergies will materialise. In addition, any acquisition or venture could result in the loss of key employees and inconsistencies in standards, controls, procedures and policies.

Moreover, the success of the acquisition or venture will at least in part be subject to a number of political, economic and other factors that are beyond the Group's control. Any or all of these factors, individually or collectively, could have a material adverse effect on the Group.

6.18 *Goodwill impairments may be required in relation to acquired businesses*

The Group has made business acquisitions in recent years and may make further acquisitions in the future. It is possible that the goodwill which has been attributed, or may be attributed, to these businesses may have to be written-down if the Group's valuation assumptions are required to be reassessed as a result of any deterioration in their underlying profitability, asset quality and other relevant matters.

Impairment testing in respect of goodwill is performed annually, more frequently if there are impairment indicators present, and comprises a comparison of the carrying amount of the cash-generating unit with its recoverable amount. Goodwill impairment does not however affect the Group's regulatory capital. Whilst no impairment of goodwill was recognised in 2013 or 2014, there can be no assurances that the Group will not have to write down the value attributed to goodwill in the future, which would adversely affect the Group's results and net assets.

6.19 *Competition with other financial institutions could adversely affect the Group*

The Group faces substantial competition in all parts of the Group's business, including in originating loans and in attracting deposits. The competition in originating loans comes principally from other domestic and foreign banks, mortgage banking companies, consumer finance companies, insurance companies and other lenders and purchasers of loans. The market for U.K. financial services is highly competitive and the recent financial crisis continues to reshape the banking landscape in the U.K., particularly the financial services and mortgage markets, reinforcing both the importance of a retail deposit funding base and the strong capitalisation of an institution. Lenders have moved increasingly towards a policy of concentrating on the highest quality customers and there is strong competition for these customers. The supply of credit is more limited for those potential customers without a large deposit or good credit history.

The Group expects competition to intensify in response to consumer demand, technological changes, the impact of consolidation, regulatory actions and other factors. In particular, the Independent Commission on Banking (the "ICB"), chaired by Sir John Vickers, has recommended that steps be taken to increase competition in the personal and small business banking sector (including, for example, strengthening the objectives of the Financial Conduct Authority (the "FCA") (as successor to the FSA) for the role of conduct supervision, such that it is obliged to regulate in a manner which promotes competition. On 19 December 2011, HM Treasury published its response to the ICB report, agreeing with the majority of the ICB's recommendations. The Financial Services Act 2012 amended the FSMA with effect from 1 April 2013 to include in the FCA's operational objectives the objective of promoting effective competition in the interests of consumers in the markets for regulated financial services. A strong political and regulatory will to foster consumer choice in retail financial services could lead to even greater competition in the U.K. personal and small business banking sector.

Risk Factors

Increasing competition could require that the Group increase its rates offered on deposits or lower the rates it charges on loans, which could also have a material adverse effect on the Group, including its profitability. It may also negatively affect the Group's business results and prospects by, among other things, limiting its ability to increase its customer base and expand the Group's operations and increasing competition for investment opportunities.

In addition, if the Group's customer service levels were perceived by the market to be materially below those of the Group's competitor financial institutions, the Group could lose existing and potential business. If the Group is not successful in retaining and strengthening customer relationships, it may lose market share, incur losses on some or all of its activities or fail to attract new deposits or retain existing deposits, which could have a material adverse effect on its operating results, financial condition and prospects.

If financial markets remain unstable, financial institution consolidation may continue. Financial institution consolidation could also result from the U.K. Government disposing of its stake in those financial institutions it currently controls. Such consolidation could adversely affect the Group's operating results, financial condition and prospects. There can be no assurance that this increased competition will not adversely affect the Group's growth prospects, and therefore its operations. The Group also faces competition from non-bank competitors, such as supermarkets, department stores and technology firms, and generally from other loan providers.

6.20 *The Group's ability to maintain its competitive position depends, in part, on the success of new products and services that it offers, its customers and its ability to continue offering products and services from third parties, and the Group may not be able to manage various risks it faces as it expands the Group's range of products and services that could have a material adverse effect on it*

The success of the Group's operations and the Group's profitability depends, in part, on the success of new products and services the Group offers its customers. However, the Group cannot guarantee that its new products and services will be responsive to customer demands or successful once they are offered to the Group's customers, or that they will be successful in the future. In addition, the Group's customers' needs or desires may change over time, and such changes may render its products and services obsolete, outdated or unattractive and the Group may not be able to develop new products that meet its customers' changing needs. If the Group cannot respond in a timely fashion to the changing needs of the Group's customers, it may lose customers, which could in turn materially and adversely affect it.

As the Group expands the range of its products and services, some of which may be at an early stage of development in the U.K. market, the Group will be exposed to new and potentially increasingly complex risks, including conduct risk, and development expenses. The Group's employees and risk management systems, as well as its experience and that of its partners, may not be sufficient or adequate to enable the Group to properly handle or manage such risks. In addition, the cost of developing products that are not launched is likely to affect the Group's operating results.

Further, the Group's customers may raise complaints and seek redress if they consider that they have suffered loss from the Group's products and services; for example, as a result of any alleged misselling or incorrect application of the terms and conditions of a particular product. This could in turn subject the Group to the risk of potential legal action by its customers and intervention by its regulators.

Any or all of the above factors, individually or collectively, could have a material adverse effect on it.

6.21 *If the Group is unable to effectively control the level of non-performing or poor credit quality loans in the future, or if its loan loss reserves are insufficient to cover future loan losses, this could have a material adverse effect on it*

Risks arising from changes in credit quality and the recoverability of loans and amounts due from counterparties are inherent in a wide range of the Group's businesses. Non-performing or low credit quality loans have in the past and can continue to negatively impact the Group's operating results, financial condition and prospects. The Group cannot be sure that it will be able to effectively control the level of impaired loans in the Group's total loan portfolio. In particular, the amount of the Group's reported non-performing loans may increase in the future as a result of growth in the Group's total loan portfolio, including as a result of loan portfolios that the Group may acquire in the future, or factors beyond the Group's control, such as adverse changes in the credit quality of the Group's borrowers and counterparties, a general

Risk Factors

deterioration in the U.K. or global economic conditions, the impact of political events, events affecting certain industries or events affecting financial markets and global economies.

The Group's current loan loss reserves may not be adequate to cover an increase in the amount of non-performing loans or any future deterioration in the overall credit quality of the Group's total loan portfolio. The Group's loan loss reserves are based on its current assessment of and expectations concerning various factors affecting the quality of the Group's loan portfolio. These factors include, among other things, the Group's borrowers' financial condition, repayment abilities and repayment intentions, the realisable value of any collateral, the prospects for support from any guarantor, government macroeconomic policies, interest rates and the legal and regulatory environment. As the recent global financial crisis has demonstrated, many of these factors are beyond the Group's control. As a result, there is no precise method for predicting loan and credit losses, and the Group cannot assure that its loan loss reserves will be sufficient to cover actual losses.

If the Group's assessment of and expectations concerning the above mentioned factors differ from actual developments, if the quality of the Group's total loan portfolio deteriorates, for any reason, including the increase in lending to individuals and small and medium enterprises, the volume increase in the credit card portfolio and the introduction of new products, or if the future actual losses exceed the Group's estimates of incurred losses, the Group may be required to increase its loan loss reserves, which may adversely affect it. If the Group is unable to control or reduce the level of its non-performing or poor credit quality loans, this could have a material adverse effect on it.

Interest rates payable on a significant portion of the Group's outstanding mortgage loan products fluctuate over time due to, among other factors, changes in the Bank of England base rate. As a result borrowers with variable interest rate mortgage loans are exposed to increased monthly payments when the related mortgage interest rate adjusts upward. Similarly, borrowers of mortgage loans with fixed or introductory rates adjusting to variable rates after an initial period are exposed to the risk of increased monthly payments at the end of this period. Over the last few years both variable and fixed interest rates have been at relatively low levels, which has benefited borrowers of new loans and those repaying existing variable rate loans regardless of special or introductory rates.

Future increases in borrowers' required monthly payments may result in higher delinquency rates and losses in the future. Borrowers seeking to avoid these increased monthly payments by refinancing their mortgage loans may no longer be able to find available replacement loans at comparably low interest rates. These events, alone or in combination, may contribute to higher delinquency rates and losses for the Group.

6.22 *The Group is subject to various risks associated with its derivative transactions that could have a material adverse effect on it*

The Group enters into derivative transactions for trading purposes as well as for hedging purposes. The Group is subject to various risks associated with these transactions, including, market risk, operational risk, basis risk (the risk of loss associated with variations in the spread between the asset yield and the funding and/or hedge cost) and credit or counterparty risk (the risk of insolvency or other inability of the counterparty to a particular transaction to perform its obligations thereunder, including providing sufficient collateral).

Market practices and documentation for derivative transactions in the U.K. may differ from those in other countries. In addition, the execution and performance of these transactions depends on the Group's ability to develop adequate control and administration systems and to hire and retain qualified personnel. Moreover, the Group's ability to adequately monitor, analyse and report derivative transactions continues to depend, to a great extent, on the Group's information technology systems. This factor further increases the risks associated with these transactions and could have a material adverse effect on the Group.

6.23 *Operational risks, including risks relating to data and information collection, processing, storage and security are inherent in the Group's business*

The Group's businesses depend on the ability to process a large number of transactions efficiently and accurately, and on its ability to rely on its people, digital technologies, computer and email services, software and networks, as well as the secure processing, storage and transmission of confidential and other information in its computer systems and networks. The proper functioning of financial control, accounting or other data collection and processing systems is critical to the Group's

Risk Factors

businesses and to its ability to compete effectively. Losses can result from inadequate personnel, human error, inadequate or failed internal control processes and systems or from external events that interrupt normal business operations. The Group also faces the risk that the design of its controls and procedures prove to be inadequate or are circumvented. Although the Group works with its clients, vendors, service providers, counterparties and other third parties to develop secure transmission capabilities and prevent against information security risk it routinely exchanges personal, confidential and proprietary information by electronic means, and it may be the target of attempted hacking. If the Group cannot maintain an effective data collection, management and processing system, it may be materially and adversely affected.

Infrastructure and technology resilience

The Group takes protective measures and continuously monitors and develops its systems to safeguard its technology infrastructure and data from misappropriation or corruption, but its systems, software and networks nevertheless may be vulnerable to unauthorised access, misuse, computer viruses or other malicious code and other events that could have a security impact. An interception, misuse or mishandling of personal, confidential or proprietary information sent to or received from a client, vendor, service provider, counterparty or third party could result in legal liability, regulatory action and reputational harm. Furthermore, these may require the Group to expend significant additional resources to modify its protective measures or to investigate and remediate vulnerabilities or other exposures. There can be no assurance that it will not suffer material losses from operational risks in the future, including those relating to any security breaches.

Cyber security

The Group has seen in recent years computer systems of companies and organisations being targeted, not only by cyber criminals, but also by activists and rogue states. The Group continues to face a host of cyber threats and as attempted attacks continue to evolve in scope and sophistication, it may incur significant costs in its attempt to modify or enhance its protective measures against such attacks, or to investigate or remediate any vulnerability or resulting breach. If the Group fails to effectively manage its cyber security risk, e.g. by failing to update the Group's systems and processes in response to new threats, this could harm its reputation and adversely affect the Group's operating results, financial condition and prospects.

Procedure and policy compliance

The Group manages and holds confidential personal information of customers in the conduct of its banking operations. Although the Group has procedures and controls to safeguard personal information in its possession, unauthorised disclosures could subject it to legal actions and administrative sanctions as well as damages that could materially and adversely affect its operating results, financial condition and prospects.

Further, the Group's businesses are exposed to risk from potential non-compliance with policies, employee misconduct or negligence and fraud, which could result in regulatory sanctions and serious reputational or financial harm. In recent years, a number of multinational financial institutions have suffered material losses due to the actions of 'rogue traders' or other employees. It is not always possible to deter or prevent employee misconduct, and the precautions the Group takes to detect and prevent this activity may not always be effective.

The Group may be required to report events related to information security issues (including any cyber security issues), events where customer information may be compromised, unauthorised access and other security breaches, to the relevant regulatory authorities. Any material disruption or slowdown of the Group's systems could cause information, including data related to customer requests, to be lost or to be delivered to its clients with delays or errors, which could reduce demand for its services and products and could materially and adversely affect it.

6.24 *The Group relies on recruiting, retaining and developing appropriate senior management and skilled personnel*

The Group's continued success depends in part on the continued service of key members of its management team. The ability to continue to attract, train, motivate and retain highly qualified and talented professionals is a key element of its strategy. The successful implementation of the Group's growth strategy depends on the availability of skilled management, both at its head office and in each of the Group's business units. If the Group or one of its business units or other functions fails to staff its operations appropriately or loses one or more of its key senior executives and fails to replace them in a

Risk Factors

satisfactory and timely manner, its business, financial condition and results of operations, including control and operational risks, may be adversely affected.

In addition, the financial industry has and may continue to experience more stringent regulation of employee compensation, which could have an adverse effect on the Group's ability to hire or retain the most qualified employees. If the Group fails or is unable to attract and appropriately train, motivate and retain qualified professionals, its business may also be adversely affected.

6.25 *Damage to the Group's reputation could cause harm to its business prospects*

Maintaining a positive reputation is critical to the Group's attracting and maintaining customers, investors and employees and conducting business transactions with counterparties. Damage to the Group's reputation, the reputation of Banco Santander, S.A. (as the majority shareholder in Santander UK), the reputation of affiliates operating under the "Santander" brand or any of the Group's other brands or the reputation of the U.K. or of Spain could therefore cause significant harm to the Group's business and prospects.

Harm to the Group's reputation can arise directly or indirectly from numerous sources, including, among others, employee misconduct, litigation, failure to deliver minimum standards of service and quality, compliance failures, breach of legal or regulatory requirements, unethical behaviour (including adopting inappropriate sales and trading practices), and the activities of customers and counterparties. Further, negative publicity regarding the Group, whether or not true, may result in harm to the Group's operating results, financial condition and prospects.

Actions by the financial services industry generally or by certain members of, or individuals in, the industry can also affect the Group's reputation. For example, the role played by financial services firms in the financial crisis and the seeming shift towards increasing regulatory supervision and enforcement has caused public perception of the Group and others in the financial services industry to decline.

The Group could suffer significant reputational harm if it fails to properly identify and manage potential conflicts of interest. Management of potential conflicts of interest has become increasingly complex as the Group expands its business activities through more transactions, obligations and interests with and among its customers. The failure to adequately address, or the perceived failure to adequately address, conflicts of interest could affect the willingness of customers to deal with the Group, or give rise to litigation or enforcement actions against it. Therefore, there can be no assurance that conflicts of interest will not arise in the future that could cause material harm to the Group.

6.26 *The Group's financial statements are based in part on assumptions and estimates which, if inaccurate, could cause material misstatement of the results of its operations and financial condition*

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Due to the inherent uncertainty in making estimates, actual results reported in future periods may be based upon amounts which differ from those estimates. Estimates, judgments and assumptions are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected. The accounting policies deemed critical to the Group's results and financial condition, based upon materiality and significant judgments and estimates, include impairment of loans and advances, valuation of financial instruments, goodwill impairment, provision for conduct remediation and pensions.

The valuation of financial instruments measured at fair value can be subjective, in particular where models are used which include unobservable inputs. Given the uncertainty and subjectivity associated with valuing such instruments it is possible that the results of the Group's operations and financial condition could be materially misstated if the estimates and assumptions used prove to be inaccurate.

If the judgment, estimates and assumptions the Group uses in preparing its consolidated financial statements are subsequently found to be incorrect, there could be a material effect on its results of operations and a corresponding effect on its funding requirements and capital ratios.

Risk Factors

6.27 *Changes in accounting standards could impact reported earnings*

The accounting standard setters and other regulatory bodies periodically change the financial accounting and reporting standards that govern the preparation of the Group's consolidated financial statements. These changes can materially impact how the Group records and reports its financial condition and results of operations. In some cases, the Group could be required to apply a new or revised standard retroactively, resulting in the restatement of prior period financial statements.

6.28 *The Group is subject to substantial regulation and governmental oversight which could adversely affect the Group's business and operations*

Supervision and new regulation

As a financial institution, the Group is subject to extensive financial services laws, regulations, administrative actions and policies in the U.K., the European Union and each other location in which it operates, including in the United States. As well as being subject to U.K. regulation, as part of the Santander Group, the Group is also impacted indirectly through regulation by the Banco de España (the Bank of Spain) and, at a corporate level, by the ECB (following the introduction of the Single Supervisory Mechanism in November 2014). The statutes, regulations and policies to which the Group is subject may be changed at any time. In addition, the interpretation and the application of those laws and regulations by regulators are also subject to change. Extensive legislation affecting the financial services industry has recently been adopted in regions that directly or indirectly affect the Group's business, including Spain, the United States, the European Union, Latin America and other jurisdictions, and new regulations are in the process of being implemented. The manner in which those laws and related regulations are applied to the operations of financial institutions is still evolving. Moreover, to the extent these recently adopted regulations are implemented inconsistently in the U.K., the Group may face higher compliance costs. Any legislative or regulatory actions and any required changes to the Group's business operations resulting from such legislation and regulations could result in significant loss of revenue, limit its ability to pursue business opportunities in which it might otherwise consider engaging and limit the Group's ability to provide certain products and services. They may also affect the value of assets that it holds, requiring the Group to increase its prices and therefore reduce demand for the Group's products, impose additional compliance and other costs on it or otherwise adversely affect the Group's businesses. Accordingly, there can be no assurance that future changes in regulations or in their interpretation or application will not adversely affect the Group.

During recent periods of market turmoil, there have been unprecedented levels of government and regulatory intervention and scrutiny, and changes to the regulations governing financial institutions and the conduct of business. In addition, in light of the financial crisis, regulatory and governmental authorities are considering, or may consider, further enhanced or new legal or regulatory requirements intended to prevent future crises or otherwise assure the stability of institutions under their supervision. This intensive approach to supervision has been maintained by the PRA and the FCA (as successor regulatory authorities to the FSA).

Recent proposals and measures taken by governmental, tax and regulatory authorities and future changes in supervision and regulation, in particular in the U.K., which are beyond the Group's control, could materially affect the Group's business, the value of assets and operations, and result in significant increases in operational costs. Products and services offered by the Group could also be affected. Changes in U.K. legislation and regulation to address the stability of the financial sector may also affect the competitive position of the Group, particularly if such changes are implemented before international consensus is reached on key issues affecting the industry, for instance in relation to capital requirements, including leverage and TLAC requirements (and the MREL), liquidity risk management and also the U.K. Government's introduction of the bank levy. Although the Group works closely with its regulators and continually monitors the situation, future changes in law, regulation, fiscal or other policies can be unpredictable and are beyond the Group's control. No assurance can be given generally that laws or regulations will be adopted, enforced or interpreted in a manner that will not have an adverse effect on the Group's business.

Risk Factors

Banking Reform

On 18 December 2013, the Financial Services (Banking Reform) Act 2013 (the "**Banking Reform Act**") was enacted. Among other things, the Banking Reform Act either directly, or through amendments to FSMA:

- (a) provides HM Treasury and the PRA powers to implement the ICB recommendations including by introducing of requirements for ring-fencing of core retail banking activities pursuant to which U.K. banks that undertake significant retail deposit taking activities (including us) will be required to place these deposit taking activities into a ring-fenced bank;
- (b) introduces a Senior Managers Regime and Certification Regime, replacing the Approved Persons Regime (APER) established under FSMA (as amended by the Financial Services Act 2012);
- (c) introduces a new criminal offence for reckless misconduct in the management of a bank;
- (d) establishes a new Payment Systems Regulator; and
- (e) amends the Banking Act 2009 (the "**Banking Act**") to include a bail-in stabilisation option forming part of the special resolution regime (see the Risk Factor entitled "*Bail-in and write-down powers under the Banking Act and the BRRD*" for further detail).

Secondary legislation setting out the scope of the ring fence required by the Banking Reform Act was adopted in 2014, and the PRA and the FCA are currently developing their rules in relation to the ring-fencing requirements. In January 2015, affected banks submitted preliminary plans for ring-fencing to the PRA and the FCA in response to their consultation paper on legal structure, governance and the continuity of services and facilities. Further consultations containing key details of the regime are expected in late 2015, with final rules anticipated in 2016. As the regulatory framework is still being developed, there remain key uncertainties around the final scope and effect of the requirements and, consequently, as to the specific effect on the Group, including in relation to the scope of permissible intragroup exposures. Consequently, it is too early to assess the full impact of the Banking Reform Act and any ancillary secondary legislation. However, it is expected that changes to the Group structure and business, for example, will be necessary for the Group to comply with the Banking Reform Act, and such changes could have an adverse effect on the operating results, financial condition and prospects of the Group.

Further detail on the potential risks posed by the Banking Reform can be found in the Risk Factors entitled "*The Banking Act may adversely affect the Group's business*" and "*Bail-in and write-down powers under the Banking Act and the BRRD*".

European Structural Reform

On 29 January 2014, the European Commission (the "**Commission**") published proposals on structural measures to improve the resilience of EU credit institutions which included potential separation of certain trading activities from retail banking activities and a ban on proprietary trading. The proposal currently contemplates that Member States that have already implemented ring-fencing legislation, such as the U.K., may apply for a derogation from the separation of trading activities provisions included in the proposals if they can satisfy the Commission that such local legislation meets the objectives and requirements set out in the EU proposal. On 7 January 2015, the European Parliament's Committee on Economic and Monetary Affairs published a draft report proposing amendments to the Commission's proposal, including a proposed removal of the derogation. The Commission proposal envisages that the draft Regulation will be adopted by June 2015 and that the separation requirements will become effective on 1 July 2018. The adoption of this proposal in its current, or in an amended, form may require further changes to the Group's structure and business and could require it to modify its plans in connection with compliance with the Banking Reform Act.

US Regulation

In the United States, the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "**Dodd-Frank Act**") enacted in 2010, has been implemented in part and continues to be implemented by various US federal regulatory agencies. The

Risk Factors

Dodd-Frank Act, among other things, imposes a new regulatory framework on swap transactions, including swaps of the sort that the Group enter into, requires regulators to adopt new rules governing the retention of credit risk by securitisers or originators of securitisations and significantly expands the coverage and scope of regulations that limit affiliate transactions within a banking organisation. Abbey National Treasury Services plc became provisionally registered as a swap dealer with the CFTC on 4 November 2013. Although many significant regulations applicable to swap dealers are already in effect, some of the most important rules, such as margin requirements for uncleared swaps, have not yet been implemented and the Group continues to assess how compliance with these new rules will affect its business.

In October 2014, US regulators adopted a joint final rule requiring sponsors of asset-backed securitisation transactions, which would include Santander UK in relation to its residential mortgage-backed securities programmes, to retain 5 per cent. of the credit risk of the assets subject to the securitisation. At a general level, the rule permits sponsors to satisfy the risk retention requirement through the acquisition and retention of either 5 per cent. (measured by fair value) of the most subordinated interest in the securitisation, or 5 per cent. (measured by nominal value) of each tranche of interests issued by the securitisation, or some combination of the two. The rule also permits certain exceptions and methods of compliance in respect of specific types of asset-backed securities transactions. The final rule will take effect for residential mortgage-backed securities transactions on 24 December 2015, and on 24 December 2016 for other securitisation transactions.

Within the Dodd-Frank Act, the so-called Volcker Rule prohibits "banking entities", including Santander UK from engaging in certain forms of proprietary trading or from sponsoring or investing in certain covered funds, in each case subject to certain exemptions, including exemptions permitting foreign banking entities to engage in trading and fund activities that take place solely outside of the United States. The final rules contain exclusions and certain exemptions for market-making, hedging, underwriting, trading in U.S. government and agency obligations as well as certain foreign government obligations, trading solely outside the U.S., and also permit ownership interests in certain types of funds to be retained. On 10 December 2013, the U.S. bank regulators issued final regulations implementing the Volcker Rule, and the Federal Reserve also issued an order extending the conformance period for all banking entities until 21 July 2015. On 18 December 2014 the Federal Reserve announced an additional extension of the conformance period that would give banking entities until 21 July 2016 to conform investments in and relationships with covered funds and foreign funds that may be subject to the Volcker Rule and that were in place prior to 31 December 2013, and additional extensions are possible. Banking entities must bring their activities and investments into compliance with the requirements of the Volcker Rule by the end of the applicable conformance period. The Group is assessing how the final implementing regulations for the Volcker Rule will affect the Group's businesses and have been developing and implementing plans to bring affected businesses into compliance.

Each of these aspects of the Dodd-Frank Act, as well as the changes in the U.S. banking regulations, may directly and indirectly impact various aspects of the Group business. The full spectrum of risks that the Dodd-Frank Act, including the Volcker Rule, poses to the Group is not yet known, however, such risks could be material and the Group could be materially and adversely affected by them.

Competition

In the U.K. and elsewhere, there is continuing political, competitive and regulatory scrutiny of the banking industry and, in particular, retail banking. Political involvement in the regulatory process, in the behaviour and governance of the U.K. banking sector and in the major financial institutions in which the U.K. Government has a direct financial interest is likely to continue. Under the Enterprise Regulatory Reform Act 2013, the Office of Fair Trading ("**OFT**") and the Competition Commission ("**CC**") were replaced by the Competition and Markets Authority ("**CMA**") on 1 April 2014. The CMA is now the U.K.'s main competition authority responsible for ensuring that competition and markets work well for consumers. In addition, under the Banking Reform Act, the FCA will have new powers from 1 April 2015 to enforce against breaches of the Competition Act 1998 and to refer markets to the CMA for in-depth investigation in the areas of financial services in the U.K..

Following a market study and review, the CMA is currently undertaking a Market Investigation into competition in the personal current account and SME retail banking markets that has a statutory deadline of May 2016. Given the wide ranging powers available to the CMA, this investigation may result in significant industry-wide remedies. In addition, the FCA has recently undertaken and is undertaking a number of competition related studies and reviews. When it becomes

Risk Factors

operational on 1 April 2015, the Payments Systems Regulator will also have an objective and powers equivalent to those of the FCA to promote competition in the payments industry.

The resolution of a number of issues, including regulatory reforms, investigations and reviews and court cases, affecting the U.K. financial services industry could have an adverse effect on the operating results, financial condition and prospects of the Group, or the Group's relations with its customers and potential customers.

6.29 *Changes in taxes and other assessments may adversely affect the Group*

The tax and other assessment regimes to which the Group and its customers are subject are regularly reformed, or subject to proposed reforms. Such reforms include changes in the rate of assessments and, occasionally, enactment of temporary taxes, the proceeds of which may be earmarked for designated governmental purposes. The effects of these changes and any other changes that result from enactment of additional tax reforms have not been, and cannot be, quantified and there can be no assurance that these reforms will not, once implemented, have an adverse effect upon the Group's business. Furthermore, such changes may produce uncertainty in the financial system, increasing the cost of borrowing and contributing to the increase in the Group's non-performing credit portfolio.

U.K. Bank Levy: HM Treasury introduced an annual U.K. bank levy (the "**Bank Levy**") via legislation in the Finance Act 2011. The Bank Levy is imposed on (amongst other entities) U.K. banking groups and subsidiaries, and therefore applies to the Group. The amount of the Bank Levy is based on a bank's total liabilities, excluding (amongst other things) Tier 1 capital, insured retail deposits and repos secured on sovereign debt. A reduced rate is applied to longer-term liabilities. The U.K. Government intends that the Bank Levy should raise at least £2.5bn each year. To offset the shortfall in Bank Levy receipts, and also to take account of the benefit to the banking sector of reductions in the rate of corporation tax, the rate of the Bank Levy was increased on 1 January 2012 and again on 1 January 2013. In December 2013, it was further announced that on 1 January 2014, the rate of the Bank Levy would rise to 0.156% in order to raise an estimated £2.7bn between 2014 and 2015 and an estimated £2.9bn each year between 2015 and 2016. See also risk factors entitled: "*Foreign Account Tax Compliance Act withholding may affect payments on the Securities*", "*Local transfer tax and other taxes*" and "*EU financial transaction tax*" above.

6.30 *The Group is exposed to risk of loss from legal and regulatory proceedings*

The Group faces various issues that may give rise to risk of loss from legal and regulatory proceedings. These issues, including inappropriately dealing with potential conflicts of interest, and legal and regulatory requirements, could result in claims against the Group or subject it to regulatory enforcement actions, fines and/or penalties. The current regulatory environment, with its increased supervisory focus and associated enforcement activity, combined with uncertainty about the evolution of the regulatory regime, may lead to material operational and compliance costs. These include the risk that:

- the Bank of England, the PRA and the FCA, HM Treasury, HMRC, the CMA, the Information Commissioner's Office, the FOS or the courts, may determine that certain aspects of the Group's business have not been or are not being conducted in accordance with applicable laws or regulations, or, in the case of the FOS, with what is fair and reasonable in the FOS's opinion;
- the alleged misselling of financial products, such as Payment Protection Insurance ("**PPI**"), including as a result of having sales practices and/or rewards structures that are deemed to have been inappropriate, resulting in enforcement action (including fines) or requires the Group to amend sales processes, withdraw products, or provide restitution to affected customers, all of which may require additional provisions to be recorded in the Group's financial statements and could adversely impact future revenues from affected products;
- the Group holds accounts for entities that might be or are subject to interest from various regulators, including the U.K.'s Serious Fraud Office, regulators in the U.S. and elsewhere. The Group is not currently subject to any investigation into it as a result of any such enquiries, but cannot exclude the possibility of the Group's conduct being reviewed as part of any such investigation; and
- the Group may be liable for damage to third parties harmed by the conduct of its business.

Risk Factors

The Group is from time to time subject to certain claims and party to certain legal proceedings in the normal course of its business, including in connection with its lending activities, relationships with its employees and other commercial or tax matters. These can be brought against the Group under U.K. regulatory processes or in the U.K. courts, or under regulatory processes in other jurisdictions, such as the European Union and the United States, where some of the Group entities operate. In view of the inherent difficulty of predicting the outcome of legal matters, particularly where the claimants seek very large or indeterminate damages, or where the cases present novel legal theories, involve a large number of parties or are in the early stages of discovery, the Group cannot state with confidence what the eventual outcome of these pending matters will be or what the eventual loss, fines and/or penalties related to each pending matter may be and these pending matters are not disclosed by name because they are under assessment. The Group believes that it has made adequate provisions related to these various claims and legal proceedings. These provisions are reviewed periodically. However, in light of the uncertainties involved in such claims and proceedings, there can be no assurance that the ultimate resolution of these matters will not exceed the provisions currently accrued by it. As a result, the outcome of a particular matter may be material to the Group's operating results for a particular period, depending upon, among other factors, the size of the loss or liability imposed and its level of income for that period.

The FCA carries out regular and frequent reviews of the conduct of business by financial institutions including banks. An adverse finding by a regulator could result in the need for extensive changes in systems and controls, business policies, and practices coupled with suspension of sales, withdrawal of services, customer redress, fines and reputational damage.

Failure to manage these risks adequately could have a material adverse effect on the Group's reputation, operating results, financial condition and prospects.

6.31 *The structure of the financial regulatory authorities in the U.K. and the U.K. regulatory framework that applies to the Group has been reformed and reorganised and the Group is subject to any potential resulting uncertainty and changes to the U.K. regulatory regime in general.*

Under the Financial Services Act 2012, the U.K. Government introduced a range of structural reforms to U.K. financial regulatory bodies. As a result of those reforms, as of 1 April 2013, Santander UK's primary micro-prudential supervisor is the PRA, while its conduct supervisor is the FCA. Key changes which took effect in 2014 included the transfer of consumer credit regulation to the FCA from the OFT on 1 April 2014, and the creation of the Payment Systems Regulator as an autonomous subsidiary of the FCA on 1 April 2014, which will take effect as an economic regulator from 1 April 2015.

Within the current regulatory framework Santander UK is subject to each regulators' respective supervisory regimes and approaches, and any policy development, change or new regulation which may be brought in. In turn the U.K. regulatory framework is subject to amendment or change by the U.K. Government (as occurred following the 2010 General Election, when the FSA was abolished and replaced by the current PRA/FCA structure).

The Financial Services Act 2012 also established the FPC within the Bank of England responsible for macro-prudential regulation and with a statutory objective to contribute to the achievement by the Bank of England its financial stability objective and otherwise supporting the U.K. Government's economic policy. In addition to monitoring the stability of the U.K. financial system, the FPC may exercise its statutory powers to give directions or make recommendations to the PRA and/or FCA. While the FPC is not permitted to give directions or make recommendations in relation to a specific regulated institution, any such directions and/or recommendations could impact on the U.K. banking sector, which includes Santander UK.

6.32 *Various reforms to the mortgage lending and personal loans market have been proposed which could require significant implementation costs or changes to the Group's business strategy*

In December 2011, the FSA published a consultation paper that consolidated proposals arising out of its wide-ranging "mortgage market review", which was launched in October 2009 to consider strengthening rules and guidance on, among other things, affordability assessments, product regulation, arrears charges and responsible lending.

Risk Factors

Mortgage Lending

The final rules in relation to the FCA Mortgage Market Review (the "MMR") came into force on 26 April 2014. These rules require a number of material changes to the mortgages sales process both in terms of advice provision in nearly all scenarios and significantly enhanced affordability assessment and evidencing. The new rules permit interest-only loans. However, there is a clear requirement for a clearly understood and credible strategy for repaying the capital (evidence of which the lender must obtain before making the loan).

The impact of the changes is now largely clear and in line with other lenders, the reforms presage a period of significant change for the mortgage lending business requiring changes to mortgage sales delivery systems, associated documentation and the risk assessment of prospective mortgage customers. The Group has implemented certain changes to implement the MMR requirements. However, there can be no assurance that the Group will not make any future changes to its mortgage lending business, whether as a result of the MMR or other mortgage lending reforms, and that such changes would not adversely affect us.

In March 2011, the Commission published a proposal for a directive on credit agreements relating to residential immovable property for consumers (the "**Mortgage Credit Directive**"). The Mortgage Credit Directive was published in the Official Journal on 28 February 2014 and must be implemented by Member States by 21 March 2016. The Mortgage Credit Directive requires, among other things, standard pre-contractual information, calculation of the annual percentage rate of charge in accordance with a prescribed formula, and a right of the borrower to make early repayment. HM Treasury and the FCA each published consultations in September 2014 on the necessary legislation and rules required to implement the Mortgage Credit Directive in the U.K.. They have indicated that they intend to adopt final versions of the necessary legislation and rules by the end of March 2015 and HM Treasury published a consultation response and final draft legislation in January 2015. Until the U.K. implementing legislation is adopted and the FCA rules are finalised, it is not certain what effect the adoption and implementation of the Mortgage Credit Directive will have on the Group's mortgage business. As a result, the Group may be required to make further changes to its mortgage lending business to comply with the reforms and such reforms could therefore have an adverse effect on the Group's operating results, financial condition and prospects.

Consumer Credit

On 1 April 2014, consumer credit regulation (which includes regulation of new and existing second charge mortgages), was transferred from the OFT to the FCA in accordance with the provisions under the Financial Services Act 2012. Firms that held an OFT licence and had registered with the FCA by 31 March 2014, including Santander UK, have been granted an interim permission under the new regime and must apply to the FCA for full authorisation during an application period notified by the FCA. Under the new regime: (i) carrying on certain credit-related activities (including in relation to servicing credit agreements) otherwise than in accordance with permission from the FCA will render the credit agreement unenforceable without FCA approval; and (ii) the FCA has the power to make rules providing that contracts made in contravention of its rules on cost and duration of credit agreements or in contravention of its product intervention rules, are unenforceable. If Santander UK is not granted full authorisation by the FCA, or if the FCA were to impose certain conditions attached to such authorisation, this could have an adverse effect on the Group's operating results, financial condition and prospects.

6.33 *Potential intervention by the FCA, the PRA or an overseas regulator may occur, particularly in response to customer complaints.*

The PRA and the FCA now have a more outcome-focused regulatory approach than their predecessor the FSA. This involves more proactive enforcement and more punitive penalties for infringement. As a result, the Group and other PRA and/or FCA-authorized firms face increased supervisory intrusion and scrutiny (resulting in increasing internal compliance costs and supervision fees), and in the event of a breach of their regulatory obligations are likely to face more stringent penalties.

In particular, the FCA has a strong focus on consumer protection, and it is taking a more interventionist approach in its increasing scrutiny of product terms and conditions. FSMA (as amended by the Financial Services Act 2012) gives the

Risk Factors

FCA the power to make temporary product intervention rules either to improve a firm's systems and controls in relation to product design, product management and implementation, or to address problems identified with products which may potentially cause significant detriment to consumers because of certain product features or firms' flawed governance and distribution strategies. Such rules may prevent firms from entering into product agreements with consumers until such problems have been rectified.

The regulatory regime requires the Group to be in compliance across all aspects of the Group's business, including the training, authorisation and supervision of personnel, systems, processes and documentation. If the Group fails to be compliant with relevant regulations, there is a risk of an adverse impact on the Group's business from sanctions, fines or other action imposed by the regulatory authorities. Customers of financial services institutions, including customers of the Group, may seek redress if they consider that they have suffered loss as a result of the misselling of a particular product, or through incorrect application of the terms and conditions of a particular product. Given the inherent unpredictability of litigation and the evolution of judgments by the FOS, it is possible that an adverse outcome in some matters could have a material adverse effect on the operating results, financial condition and prospects of the Group arising from any penalties imposed or compensation awarded, together with the costs of defending such an action.

Under the Financial Services Act 2010, the FCA has the power to require authorised firms, including the Group, to establish a customer redress scheme if it considers that consumers have suffered loss or damage as a consequence of a regulatory failing, including misselling.

In recent years there have been several industry-wide issues in which the FSA (now the FCA) has intervened directly. One such issue is the misselling of PPI. In August 2010, the FSA published a policy statement entitled "The assessment and redress of Payment Protection Insurance complaints" (the "**Policy Statement**"). The Policy Statement contained rules which altered the basis on which regulated firms (including Santander UK and certain members of the Group) must consider and deal with complaints in relation to the sale of PPI and potentially increased the amount of compensation payable to customers whose complaints are upheld. A legal challenge of these rules by the British Bankers' Association (the "**BBA**") was unsuccessful. In light of this and the consequential increase in claims levels the Group performed a detailed review of the Group's provision requirements in the first half of 2011 and as a result, revised the Group's provision for PPI complaint liabilities to reflect the new information. The overall effect of the above was a substantial increase in the provision requirement for 2011. No additional provisions were made for PPI in 2012 or in 2013. In 2014, a total charge of £140m, including related costs, was made for further conduct remediation. Of this, £95m related to PPI, following a review of recent claims activity, which indicated that claims are now expected to continue for longer than originally anticipated. The FCA has announced that it will gather evidence on current trends in PPI to assess the current process for PPI complaints. It will consider whether any new intervention is necessary and report on the matter in the summer of 2015.

Given the above, the ultimate financial impact on the Group of the claims arising from PPI complaints is still uncertain and will depend on a number of factors, including the implementation of the Policy Statement, the rate at which new complaints arise, the length of any complaints, the content and quality of the complaints (including the availability of supporting evidence) and the average uphold rates and redress costs. The Group can make no assurance that expenses associated with PPI complaints will not exceed the provision the Group has made relating to these claims. More generally, the Group can make no assurance that its estimates for potential liabilities, based on the key assumptions the Group used, are correct, and the reserves taken as a result may prove inadequate. If the Group were to incur additional expenses that exceed provisions for PPI liabilities or other provisions, these expenses could have a material adverse effect on the operating results, financial condition and prospects of the Group.

All the above is similarly relevant to any future industry-wide misselling or other issues that could affect the Group, such as the sale of other retail financial products and interest-rate derivative products sold to SMEs. This may lead from time to time to: (i) significant direct costs or liabilities (including in relation to misselling); and (ii) changes in the practices of such businesses which benefit customers at a cost to shareholders.

Decisions taken by the FOS (or any overseas equivalent that has jurisdiction) could, if applied to a wider class or grouping of customers, have a material adverse effect on the Group's operating results, financial condition and prospects.

Risk Factors

The Financial Services and Markets Act 2000 (Designated Consumer Bodies) Order 2013 (the "**Order**") was made on 16 December 2013 and came into force on 1 January 2014. The Order designates the National Association of Citizens Advice Bureaux, the Consumers' Association, the General Consumer Council for Northern Ireland and the National Federation of Self Employed and Small Businesses as consumer bodies that may submit a "super-complaint" to the FCA. A "super-complaint" is a complaint made by any of these designated consumer bodies to the FCA on behalf of consumers of financial services where it considers that a feature, or a combination of features, of the market for financial services in the U.K. is seriously damaging the interests of these customers. Complaints about damage to the interests of individual consumers will continue to be dealt with by the FOS. If a "super-complaint" were made against the Group under this Order, any response published or action taken by the FCA could have a material adverse effect on the Group's operating results, financial condition and prospects.

6.34 *Bail-in and write down powers under the Banking Act and the BRRD*

The Banking Reform Act as of 31 December 2014 amended the Banking Act to introduce a U.K. bail-in power. On 6 May 2014, the EU Council of the European Union adopted the BRRD, which contains a similar bail-in power and requires Member States to provide resolution authorities with the power to write down the claims of unsecured creditors of a failing institution and to convert unsecured debt claims to equity (subject to certain parameters). The BRRD provides that resolution authorities shall not exercise these write down or conversion powers in relation to secured liabilities. The U.K. Government decided to implement the BRRD bail-in power from 1 January 2015 (with the exception of provisions requiring contractual recognition of U.K. bail-in powers in foreign law governed liabilities which will be implemented through FCA and PRA rules between February 2015 and 1 January 2016) and has introduced secondary legislation which came into force on 1 January 2015 to amend the U.K. bail-in power to implement the BRRD.

The U.K. bail-in power is an additional power available to the U.K. resolution authorities under the special resolution regime provided for in the Banking Act to enable them to recapitalise a failed institution by allocating losses to such institution's shareholders and unsecured creditors subject to the rights of such shareholders and unsecured creditors to be compensated under a bail-in compensation order, which is based on the principle that such creditors should receive no less favorable treatment than they would have received, had the bank entered into insolvency immediately before the coming into effect of the bail-in power. The bail-in power includes the power to cancel or write-down (in whole or in part) certain liabilities (including the Securities) or modify the terms of certain contracts (including the Securities) for the purposes of reducing or deferring the liabilities of a U.K. bank under resolution and the power to convert certain liabilities (including the Securities) from one form to another. The conditions for use of the U.K. bail-in power are generally that (i) the regulator determines the relevant U.K. bank is failing or likely to fail, (ii) it is not reasonably likely that any other action can be taken to avoid such a U.K. bank's failure and (iii) the relevant U.K. resolution authority determines that it is in the public interest to exercise the bail-in power. Certain liabilities are excluded from the scope of the bail-in powers, including liabilities to the extent that they are secured.

According to the Banking Act, as well as similar principles in the BRRD, the relevant U.K. resolution authority should have regard to the insolvency treatment principles when exercising the U.K. bail-in power in respect of the Securities. The insolvency treatment principles are that (i) the exercise of the U.K. bail-in power should be consistent with treating all liabilities of the bank in accordance with the priority that they would enjoy on a liquidation and (ii) any creditors who would have equal priority on a liquidation should bear losses on an equal footing with each other. HM Treasury may, by order, specify further matters or principles to which the relevant U.K. resolution authority must have regard when exercising the U.K. bail-in power. These principles may be specified in addition to, or instead of, the insolvency treatment principles. If the relevant U.K. resolution authority departs from the insolvency treatment principles when exercising the U.K. bail-in power, it must report to the Chancellor of the Exchequer stating the reasons for its departure.

The bail-in power under the Banking Act and the BRRD may potentially be exercised in respect of any unsecured debt securities issued by a financial institution under resolution or by a relevant member of the Group, regardless of when they were issued. Accordingly, the bail-in power under the Banking Act and the BRRD could be exercised in respect of the Group's debt securities. The occurrence of circumstances in which bail-in powers would need to be exercised in respect of the Group would likely have a negative impact on its business.

Risk Factors

The BRRD also contains a mandatory write-down power which requires Member States to grant powers to resolution authorities to recapitalise institutions and/or their EEA parent holding companies that are in severe financial difficulty or at the point of non-viability by permanently writing-down Tier 1 or Tier 2 capital instruments issued by such institutions and/or their EEA parent holding companies, or converting those capital instruments into shares. The mandatory write-down provision has been implemented in the U.K. through the Banking Act 2009. Before determining that any institution has reached a point of non-viability (and accordingly, before taking any form of resolution action or applying any resolution power set out in the BRRD), the U.K. resolution authorities have the power (and are obliged when specified conditions are determined to have been met) to write down, or convert Tier 1 and Tier 2 capital instruments issued by that institution into CET1 capital instruments. These measures could be applied to certain of the Group's debt securities; the occurrence of circumstances in which write down powers would need to be exercised in respect of us would be likely to have a negative impact on the Group's business.

In addition, the BRRD provides for resolution authorities to have the power to require institutions and groups to make structural changes to ensure legal and operational separation of "critical functions" from other functions where necessary, or to require institutions to limit or cease existing or proposed activities in certain circumstances. If used in respect of the Groups or its holding company, these ex ante powers could have a negative impact on the Group's business.

6.35 *The Group is responsible for contributing to compensation schemes in the U.K. in respect of banks and other authorised financial services firms that are unable to meet their obligations to customers*

In the U.K., the Financial Services Compensation Scheme ("FSCS") was established under FSMA and is the U.K.'s statutory fund of last resort for customers of authorised financial services firms. The FSCS can pay compensation to customers if a PRA or FCA-authorized firm is unable, or likely to be unable, to pay claims against it (for instance, an authorised bank is unable to pay claims by depositors). The FSCS is funded by levies on firms authorised by the PRA or the FCA, including Santander UK and other members of the Group.

Following the default of a number of authorised financial services firms since 2008, the FSCS borrowed funds totalling approximately £18bn from HM Treasury to meet the compensation costs for customers of those firms. It is expected that the substantial majority of the principal will be repaid from funds the FSCS levies from asset sales, surplus cash flow or other recoveries in relation to assets of the firms that defaulted. However, the FSCS estimates that the assets of these failed institutions are insufficient, and, to the extent that there remains a shortfall, is recovering this shortfall by levying firms authorised by the PRA or the FCA in instalments. The first instalment was in scheme year 2013/14, and the Group made a first capital contribution in August 2013. The second instalment was in scheme year 2014/15, and we made a second capital contribution in August 2014. For the year ended 31 December 2014, the Group charged £91m to the income statement in respect of the costs of the FSCS.

In the event that the FSCS raises further funds from authorised firms or increases the levies to be paid by such firms or the frequency at which the levies are to be paid, the associated cost to the Group may have a material adverse effect on the Group's operating results, financial condition and prospects. The recent measures taken to protect the depositors of deposit-taking institutions involving the FSCS, such as the borrowing from HM Treasury mentioned above, have resulted in a significant increase in the levies made by the FSCS on the industry and such levies may continue to go up if similar measures are required to protect depositors of other institutions. In addition, following amendments to the preferred credit status of depositors that came into force on 31 December 2014, the FSCS stands in the place of depositors of a failing institution and has preferred status over an institution's other creditors.

In addition, regulatory reform initiatives in the U.K. and internationally may result in further changes to the FSCS, which could result in additional costs and risks for the Group. For instance, in July 2013, the Council of the European Union announced its intention that revisions to the EU Deposit Guarantee Scheme Directive should be adopted by the end of 2013. The recast EU Deposit Guarantee Scheme Directive (the "DGSD"), which was published in the Official Journal on 12 June 2014 and entered into force on 2 July 2014, introduced a tighter definition of deposits and includes a requirement that the Deposit Guarantee Scheme pay customers within a week and a requirement that banks must be able to provide information on the aggregated deposits of a depositor. These revisions are likely to affect the methodology employed by the FSCS for determining levies on institutions. In addition, the DGSD also requires Member States to ensure that by 3 July 2014 the available financial means of deposit guarantee schemes reach a minimum target level of 0.8 per cent. of the

Risk Factors

covered deposits of their members and requires deposit guarantee schemes to be ex-ante funded. In October 2014, the PRA published a consultation paper on the implementation of the DGSD. In its consultation paper, the PRA confirmed the U.K. Government's announced intention to use the existing bank levy to meet the ex-ante funding requirements in the DGSD. Changes as a result of this may affect the profitability of the Company (and other members of the Group required to contribute to the FSCS).

FSCS levies are collected by the FCA as part of a single payment by firms covering the FCA, the PRA, the FOS and the FSCS fees. It is possible that future policy of the FSCS and future levies on the firms authorised by the FCA or PRA may differ from those at present and that this could lead to a period of some uncertainty for members of the Group. In addition, it is possible that other jurisdictions where the Group operates could introduce or amend their similar compensation, contributory or reimbursement schemes. As a result of any such developments, the Group may incur additional costs and liabilities which may adversely affect its operating results, financial condition and prospects.

6.36 *The Banking Act, may adversely affect the Group's business*

The Banking Act came into force on 21 February 2009. The special resolution regime set out in the Banking Act provides HM Treasury, the Bank of England, the PRA and the FCA (and their successor bodies) with a variety of powers for dealing with U.K. deposit taking institutions (and, in certain circumstances, their holding companies) that are failing or likely to fail, including: (i) to take a bank or bank holding company into temporary public ownership; (ii) to transfer all or part of the business of a bank to a private sector purchaser; or (iii) to transfer all or part of the business of a bank to a "bridge bank". The special resolution regime also comprises a separate insolvency procedure and administration procedure each of which is of specific application to banks. These insolvency and administration measures may be invoked prior to the point at which an application for insolvency proceedings with respect to a relevant institution could be made.

In addition, pursuant to recent amendments made to the Banking Act, which came into force on 1 August 2014, provision has been made for, various tools to be used in respect of a wider range of U.K. entities, including investment firms and certain banking group companies, provided that certain conditions are met. Secondary legislation specifies that the Banking Act powers can be applied to investment firms that are required to hold initial capital of €730,000 and to certain U.K. incorporated non-bank companies in the Group.

If an instrument or order were made under the Banking Act in respect of Santander UK, such instrument or order (as the case may be) may (among other things): (i) result in a compulsory transfer of shares or other securities or property of Santander UK; (ii) impact on the rights of the holders of shares or other securities in Santander UK or result in the nullification or modification of the terms and conditions of such shares or securities; or (iii) result in the de-listing of Santander UK's shares and/or other securities. In addition, such an order may affect matters in respect of Santander UK's and/or other aspects of Santander UK's shares or other securities which may negatively affect the ability of Santander UK to meet its obligations in respect of such shares or securities.

Further, amendments to the Insolvency Act 1986 and secondary legislation have introduced changes to the treatment and ranking of certain debts with the result that certain eligible deposits will rank in priority to the claims of ordinary (i.e. non-preferred) unsecured creditors in the event of an insolvency. This may negatively affect the ability of Santander UK to meet its obligations in respect of its unsecured creditors in an insolvency scenario.

6.37 *Any failure to effectively improve or upgrade the Group's information technology infrastructure and management information systems in a timely manner could have a material adverse effect on it*

The Group's businesses and its ability to remain competitive depends to a significant extent upon the functionality of its information technology systems (including Partenon, the global banking information technology platform utilised by Santander UK and Banco Santander, S.A), and on the Group's ability to upgrade and expand the capacity of the Group's information technology on a timely and cost-effective basis. The proper functioning of the Group's financial control, risk management, credit analysis and reporting, accounting, customer service and other information technology systems, as well as the communication networks between its branches and main data processing centres, are critical to the Group's businesses and its ability to compete. The Group must continually make significant investments and improvements in its information technology infrastructure in order to remain competitive. The Group cannot be certain that in the future it will

Risk Factors

be able to maintain the level of capital expenditure necessary to support the improvement, expansion or upgrading of its information technology infrastructure as effectively as its competitors, this may result in a loss of the competitive advantages that it believes its information technology systems provide. Any failure to effectively improve, expand or upgrade the Group's information technology infrastructure and management information systems in a timely manner could have a material adverse effect on it.

6.38 *The Group relies on third parties for important infrastructure support, products and services*

Third party vendors provide key components of the Group's business infrastructure such as loan and deposit servicing systems, internet connections and network access. Any problems caused by these third parties, including as a result of them not providing the Group their services for any reason, or performing their services poorly, could adversely affect the Group's ability to deliver products and services to customers and otherwise conduct business. Replacing these third party vendors could also entail significant delays and expense.

6.39 *The Group engages in transactions with our subsidiaries or affiliates that others may not consider to be on an arm's-length basis.*

The Group and its subsidiaries and affiliates have entered into a number of services agreements pursuant to which the Group render services, such as administrative, accounting, finance, treasury, legal services and others. The Group relies upon certain outsourced services (including information technology support, maintenance and consultancy services in connection with Partenon) provided by certain other members of the Banco Santander, S.A. group.

English law applicable to public companies and financial groups and institutions, as well as the articles of association of the Group, provide for several procedures designed to ensure that the transactions entered into with or among the financial subsidiaries of the Group do not deviate from prevailing market conditions for those types of transactions, including the requirement that the board of directors of the Group approve such transactions. The Group is likely to continue to engage in transactions with its subsidiaries or affiliates (including its controlling shareholder). Future conflicts of interests between the Group and any of its subsidiaries or affiliates, or among its subsidiaries and affiliates, may arise, which conflicts are not required to be and may not be resolved in the Group's favour.

6.40 *The Group may fail to detect or prevent money laundering and other financial crime activities due to not correctly identifying its financial crime risks and failing to implement effective controls to mitigate those risks. This could expose the Group to heavy fines, additional regulatory scrutiny, increased liability and reputational risk*

The Group is obligated to comply with applicable anti-money laundering ("AML") anti-terrorism, sanctions and other laws and regulations in the jurisdictions in which we operate. These laws and regulations require the Group, among other things, to conduct full customer due diligence regarding sanctions and politically-exposed person screening, keep its customer, account and transaction information up to date and have implemented effective financial crime policies and procedures detailing what is required from those responsible. The Group's requirements also include AML training for its staff, reporting suspicious transactions and activity to appropriate law enforcement following full investigation by the Suspicious Activity Reporting Unit.

Financial crime has become the subject of enhanced regulatory scrutiny and supervision by regulators globally. AML sanctions, laws and regulations are increasingly complex and detailed and have become the subject of enhanced regulatory supervision, requiring improved systems, sophisticated monitoring and skilled compliance personnel.

The Group has developed policies and procedures aimed at detecting and preventing the use of its banking network for money laundering and financial crime related activities. These require implementation and embedding within the business effective controls and monitoring which require on-going changes to systems and operational activities. Financial crime is continually evolving, and the expectation of regulators is increasing. This requires similarly proactive and adaptable responses from us so that we are able to effectively deter threats and criminality. Even known threats can never be fully eliminated, and there will be instances where we may be used by other parties to engage in money laundering and other illegal or improper activities. In addition, the Group relies heavily on its staff to assist it by spotting such activities and reporting them, and its staff have varying degrees of experience in recognising criminal tactics and understanding the level of sophistication of criminal organisations. Where the Group outsource any of its customer due diligence, customer

Risk Factors

screening or anti financial crime operations, the Group remains responsible and accountable for full compliance and any breaches. Where the Group is unable to apply the necessary scrutiny and oversight there remains a risk of regulatory breach.

Where the Group is unable to fully comply with applicable laws, regulations and expectations its regulators and relevant law enforcement agencies have the ability and authority to impose significant fines and other penalties on it, including requiring a complete review of its business systems, day to day supervision by external consultants and ultimately the revocation of the Group's banking licence.

The reputational damage to the business and global brand of the Group would be severe if it was found to have breached AML or sanctions requirements. The Group's reputation could also suffer if it is unable to protect its customers or its business from being used by criminals for illegal or improper purposes.

6.41 *Changes in the Group's pension liabilities and obligations could have a materially adverse effect on it*

The Group provides retirement benefits for many of its former and current employees in the U.K. through a number of defined benefit pension schemes established under trust. The Group is the principal employer under these schemes, but the Group has only limited control over the rate at which it pays into such schemes. Under the U.K. statutory funding requirements, employers are usually required to contribute to the schemes at the rate they agree with the scheme trustees, although if they cannot agree, such rate can be set by the Pensions Regulator. The scheme trustees may, in the course of discussions about future valuations, seek higher employer contributions. The scheme trustees' power in relation to the payment of pension contributions depends on the terms of the trust deed and rules governing the pension schemes.

The Pensions Regulator has the power to issue a financial support direction to companies within a group in respect of the liability of employers participating in the U.K. defined benefit pension plans where that employer is a service company, or is otherwise "insufficiently resourced" (as defined for the purposes of the relevant legislation). As some of the employers within the Group are service companies, if they become insufficiently resourced, other companies within the Group which are connected with or an associate of those employers are at risk of a financial support direction in respect of those employers' liabilities to the defined benefit pension schemes in circumstances where the Pensions Regulator properly considers it reasonable to issue one. Such a financial support direction could require the companies to guarantee or provide security for the pension liabilities of those employers, or could require additional amounts to be paid into the relevant pension schemes in respect of them.

The Pensions Regulator can also issue contribution notices if it is of the opinion that an employer has taken actions, or failed to take actions, deliberately designed to avoid meeting its pension promises or which are materially detrimental to the scheme's ability to meet its pension promises. A contribution notice can be moved to any company that is connected with or an associate of such employer in circumstances where the Regulator considers it reasonable to issue. The risk of a contribution notice being imposed may inhibit the Group's freedom to restructure or to undertake certain corporate activities.

In a judgment handed down on 18 December 2013, the U.K. High Court has held that, where multiple group companies are potential targets for the Pensions Regulator's power to issue contribution notices, the aggregate total of the contributions required by those notices was not limited to the amount required to fully fund the deficit in the relevant pension scheme under section 75 of the Pensions Act 1995 ("**Section 75**"). Although such a limit still applies in relation to a single contribution notice, this judgment means that, where there is more than one target for the Pensions Regulator's powers, each of the contribution notices it could issue to those targets can be for the full amount of the Section 75 funding deficit and, further, the scheme may, under such multiple contribution notices, recover more than the actual or notional employer debt, potentially creating a surplus for the scheme. The High Court's decision reopens the issue of schemes having a superior priority position over other creditors and further legal developments are expected as a result of the December 2013 judgment.

Should the value of assets to liabilities in respect of the defined benefit schemes operated by the Group record a deficit, due to a reduction in the value of the pension fund assets (depending on the performance of financial markets) or an increase in the pension fund liabilities due to changes in mortality assumptions, the rate of increase of salaries, discount rate

Risk Factors

assumptions, inflation, the expected rate of return on plan assets, or other factors, could result in the Group having to make increased contributions to reduce or satisfy the deficits which would divert resources from use in other areas of its business and reduce Santander UK's capital resources. While the Group can control a number of the above factors, there are some over which it has no or limited control. Although the trustees of the defined benefit pension schemes are obliged to consult with the Group before changing the pension schemes' investment strategy, the trustees have the final say and ultimate responsibility for investment strategy rests with them. The Group's principal defined pension scheme is the Santander (UK) Group Pension Scheme and its corporate trustee is Santander (UK) Group Pension Scheme Trustee Limited (the "**Pension Scheme Trustee**"), a wholly-owned subsidiary of Santander UK. As at 31 December 2014, the Pension Scheme Trustee had 14 directors, comprising seven Santander UK appointed directors and seven member-elected directors. Investment decisions are delegated by the Pension Scheme Trustee to a common investment fund, managed by Santander (CF) Trustee Limited, a private limited company owned by seven Pension Scheme Trustee directors, four appointed by Santander UK and three by the Pension Scheme Trustee. The Pension Scheme Trustee directors' principal duty, within the investment powers delegated to them, is to act in the best interest of the members of the Santander UK Group Pension Scheme and not that of Santander UK. Any increase in the Group's pension liabilities and obligations could have a material adverse effect on its operating results, financial condition and prospects.

The ongoing changes in the U.K. supervision and regulatory regime and particularly the implementation of the ICB's recommendations may require the Group to make changes to its structure and business which could have an impact on its pension schemes or liabilities. For a discussion of the ICB's recommendations see "*The Group is subject to substantial regulation and governmental oversight which could adversely affect the Group's business and operations*".

6.42 *Disclosure controls and procedures over financial reporting may not prevent or detect all errors or acts of fraud.*

Disclosure controls and procedures over financial reporting are designed to reasonably assure that information required to be disclosed by the Group in reports filed or submitted under the US Securities Exchange Act of 1934, as amended (the "**Exchange Act**") is accumulated and communicated to management, and recorded, processed, summarised and reported within the time periods specified in the US Securities and Exchange Commission's rules and forms. The Group adopted the Committee of Sponsoring Organisations of the Treadway Commission (COSO) internal control – integrated framework with effect from 15 December 2014, replacing the previous framework. The revised framework is designed to recognise the many changes in business and operating environments since the issuance of the original framework and is intended to broaden and enhance the application of controls over financial reporting.

There are however inherent limitations to the effectiveness of any system of disclosure controls and procedures, including the possibility of human error and the circumvention or overriding of the controls and procedures. Accordingly, even effective disclosure controls and procedures can only provide reasonable assurance of achieving their control objectives.

Consequently, the Group businesses are exposed to risk from potential non-compliance with policies, employee misconduct or negligence and fraud, which could result in regulatory sanctions and serious reputational or financial harm. In recent years, a number of multinational financial institutions have suffered material losses due to the actions of 'rogue traders' or other employees. It is not always possible to deter employee misconduct and the precautions the Group takes to prevent and detect this activity may not always be effective. As a result of the inherent limitations in the control system, misstatements due to error or fraud may occur and not be detected.

Form of Securities

The N&C Securities of each Series will initially be represented by a global security in bearer form.

Bearer N&C Securities will be issued outside the United States to non-U.S. Persons in reliance on Regulation S and may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. Person. Permanently Restricted N&C Securities will be issued through Citibank, N.A., London Branch in its capacity as Book-Entry Depository (the "**Book-Entry Depository**") pursuant to an amended and restated N&C Securities Depository Agreement dated on or about the date of this Information Memorandum (the "**N&C Securities Depository Agreement**") outside the United States to non-U.S. Persons in reliance on Regulation S and may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. Person. Immobilised Bearer N&C Securities (other than Permanently Restricted N&C Securities) will be issued through the Book-Entry Depository pursuant to the N&C Securities Depository Agreement only (a) outside the United States in offshore transactions to non-U.S. Persons in reliance on the exemption from registration provided by Regulation S and/or (b) within the United States or to, or for the account or benefit of, U.S. Persons that are QIBs in reliance on Rule 144A, as described in "*Form of the Securities*".

The Warrants will be represented by a Permanent Global Warrant in registered form which will be held by a common depository for Euroclear and Clearstream, Luxembourg and will be registered in its name. Payments in respect of the Warrants represented thereby will be made by or on behalf of the Issuer to the common depository as registered holder. Any such payments will discharge the Issuer's obligations in respect thereof. Definitive Warrants will not be issued. The Warrants, or interests therein, may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or directly or indirectly offered, sold, resold, traded, pledged, redeemed, transferred or delivered to, or for the account or benefit of, any U.S. Person.

CREST Depository Interests

If CREST Depository Instruments are specified in the Pricing Supplement, investors may hold indirect interests in the N&C Securities (such N&C Securities being "**Underlying Securities**") through CREST (being the system for the paperless settlement of trades and the holding of uncertificated securities operated by Euroclear UK & Ireland Limited or any successor thereto in accordance with the United Kingdom Uncertificated Securities Regulations 2001, as amended) by holding dematerialised depository interests ("**CREST Depository Interests**").

CREST Depository Interests are independent securities constituted under English law issued, held, settled and transferred through Euroclear UK and Ireland Limited (formerly known as CRESTCo Limited) ("**CREST**"). CREST Depository Interests are issued by CREST Depository Limited or any successor thereto (the "**CREST Depository**") pursuant to the Global Deed Poll dated 25 June 2001 (in the form contained in Chapter 8 of the CREST International Manual (which forms part of the "**CREST Manual**")) (as subsequently modified, supplemented and/or restated) (the "**CREST Deed Poll**").

General Description of the Programme

CREST Depository Interests represent indirect interests in the Underlying Securities to which they relate and holders of CREST Depository Interests will not be the legal owners of the Underlying Securities. Holders of CREST Depository Instruments will not be entitled to deal directly in the N&C Securities and, accordingly, all dealings in the N&C Securities will be effected through CREST in relation to the holding of CREST Depository Interests.

The Underlying Securities (as distinct from the CREST Depository Interests representing indirect interests in such Underlying Securities) will be held in an account with a custodian. The custodian will hold the Underlying Securities through the relevant Clearance System. Rights in the Underlying Securities will be held through custodial and depository links through the relevant Clearance System. The legal title to the Underlying Securities or to interests in the Underlying Securities will depend on the rules of the relevant Clearance System in or through which the Underlying Securities are held.

CREST International Nominees Limited or another entity appointed to act as nominee in accordance with the CREST Deed Poll (the "**CREST Nominee**") will hold the legal title to the Underlying Securities and the direct enforcement right in respect of the Underlying Securities. This could result in a holder of CREST Depository Interests receiving less than, or none of, the full amount payable in respect of the Underlying Securities in the event of any insolvency or liquidation of any relevant intermediary, in particular where the Underlying Securities held in clearing systems are not held in special purpose accounts and are fungible with other securities held in the same accounts on behalf of other customers of the relevant intermediaries.

The rights of the holders of CREST Depository Interests in respect of their indirect interests in the relevant N&C Securities will be governed by the arrangements between CREST and Euroclear Bank S.A., Euroclear Bank N.V. and/or Clearstream Banking, SA, Luxembourg or any other clearing system specified in the Pricing Supplement in respect of the relevant N&C Securities in which the Underlying Securities are held, including the CREST Deed Poll executed by the CREST Depository. These rights are different from those of holders of N&C Securities which are not represented by CREST Depository Interests.

CREST Depository Interests are further described in the section entitled "*Book-Entry Clearance Systems and Settlement*".

Governing Law

The Securities and any non-contractual obligations arising out of or in connection with the Securities will be governed by, and construed in accordance with, English law.

1. FORM, DENOMINATION AND TITLE

1.1 FORM

Other than in the case of Book-Entry Interests, CDIs and Definitive Registered N&C Securities, the N&C Securities will be issued in bearer form in the currency (the "**Specified Currency**") and denominations (the "**Specified Denomination(s)**") specified in the applicable Pricing Supplement or (if so indicated in the applicable Pricing Supplement) in security units, and, in the case of definitive N&C Securities, serially numbered. N&C Securities of one Specified Denomination may not be exchanged for N&C Securities of another Specified Denomination. Unless otherwise specified in the applicable Pricing Supplement, the N&C Securities will be issued in classic global note ("**CGN**") form.

Each Tranche of N&C Securities in bearer form will be initially issued in the form of a temporary global security (a "**Temporary Bearer Global N&C Security**") or, if so specified in the applicable Pricing Supplement, a permanent global security (a "**Permanent Bearer Global N&C Security**") and, together with a Temporary Bearer Global N&C Security, a "**Bearer Global N&C Security**") which, in either case, will:

- (a) if the Global N&C Securities are intended to be issued in new global note ("**NGN**") form, as stated in the applicable Pricing Supplement, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the "**Common Safekeeper**") for Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**"); or
- (b) if the Global N&C Securities are intended to be issued in CGN form, be delivered on or prior to the original issue date of the Tranche to a common depositary (the "**Common Depositary**") for, Euroclear and Clearstream, Luxembourg.

The N&C Securities issued as bearer securities in immobilised form ("**Immobilised Bearer N&C Securities**") of each Tranche offered and sold in reliance on Regulation S, which will be sold in offshore transactions to non-U.S. Persons outside the United States, will initially be represented by a global security in bearer form (a "**Regulation S Global N&C Security**").

In the event that the applicable Pricing Supplement specifies that a Tranche of N&C Securities is eligible for sale in the United States or to, or for the benefit of, U.S. Persons, Immobilised Bearer N&C Securities of such Tranche will initially be represented by a global security in bearer form (a "**Rule 144A Global N&C Security**").

Interests in Immobilised Bearer N&C Securities of certain issues that may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. Person will initially be represented by a global security in bearer form (a "**Permanently Restricted Global N&C Security**") and, together with the Regulation S Global N&C Securities and the Rule 144A Global N&C Securities, the "**Immobilised Bearer Global N&C Securities**").

The Immobilised Bearer Global N&C Securities will initially be issued in bearer form, without interest coupons, and title thereto will pass by delivery. If any Securities are issued as Immobilised Bearer Global N&C Securities, then the entire Series of which they form part will be issued as Immobilised Bearer Global N&C Securities. Pursuant to an amended and restated N&C securities depositary agreement (such agreement as amended and/or supplemented and/or restated from time

Pursuant to the terms of the N&C Securities Depository Agreement, the Book-Entry Depository will hold any Immobilised Bearer Global N&C Security for the holders of the CDIs and owners of the Book-Entry Interests as bare trustee and the owners of the Book-Entry Interests will accordingly be tenants in common in respect of the CDIs to the extent of the Book-Entry Interests in respect of which they are owners. The Book-Entry Depository shall have only those rights, discretions, duties, obligations and responsibilities expressly specified in the N&C Securities Depository Agreement and the Conditions and, other than holding any Immobilised Bearer Global N&C Security as bare trustee, as aforesaid, does not assume any relationship of trust for or with the owners of the Book-Entry Interests or any other person. In particular, the Book-Entry Depository may not extinguish, cancel or otherwise terminate this arrangement other than pursuant to the terms of the N&C Securities Depository Agreement and the Conditions. Holders of Book-Entry Interests are deemed to have notice of and shall be bound by the terms of the N&C Securities Depository Agreement.

1.3 Coupons attached

Definitive Bearer N&C Securities are issued with Coupons and, if applicable, Receipts attached, unless they are Zero Coupon N&C Securities or non-interest bearing N&C Securities in which case references to Coupons and Couponholders in these Conditions are not applicable. The applicable Pricing Supplement will specify whether settlement shall be by way of cash payment ("**Cash Settled N&C Securities**") or by physical delivery ("**Physical Delivery N&C Securities**"). N&C Security may, if specified in the applicable Pricing Supplement, allow N&C Securityholders upon redemption of such N&C Securities to elect for settlement by way of cash payment or by way of physical delivery or by such other method of settlement as is specified in the applicable Pricing Supplement. Those N&C Securities where the N&C Securityholder has elected for cash payment will be Cash Settled N&C Securities and those N&C Securities where the N&C Securityholder has elected for physical delivery will be Physical Delivery N&C Securities. The rights of an N&C

Subject as set out below, title to the Definitive Bearer N&C Securities, Receipts and Coupons will pass by delivery and title to the Definitive Registered N&C Securities will pass upon registration of transfers in the books of the Register, which is kept by the Registrar, in accordance with the provisions of the Agency Agreement. The Issuer, the Guarantor, and the Paying Agents will (except as otherwise required by law) deem and treat the bearer of any Definitive Bearer N&C Security, Receipt or Coupon and the registered holder of any Definitive Registered N&C Security as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global N&C Security, without prejudice to the provisions set out in the next succeeding paragraph.

1.5 Title to Securities represented by a Bearer Global N&C Security

References to DTC (as defined below), Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any successor operator and/or successor clearing system and/or any additional or alternative clearing system specified in Part B of the applicable Pricing Supplement or otherwise approved by the Issuer, the Guarantor, the Registrar and the Paying Agents (each a "**Clearance System**").

1.6 Title to Securities represented by an Immobilised Bearer Global N&C Security

In respect of Immobilised Bearer Global N&C Securities to be settled through Euroclear and/or Clearstream, Luxembourg ("**European Immobilised Bearer N&C Securities**" or "**Permanently Restricted Immobilised Bearer N&C Securities**", as the case may be) which are deposited with the Book-Entry Depository, the Book-Entry Depository will issue registered certificated depositary interests ("**European CDIs**" or "**Permanently Restricted CDIs**", as the case may be) to a common depository for Euroclear and Clearstream, Luxembourg, or its nominee, and will record the European CDIs or the Permanently Restricted CDIs, as the case may be, in the books and records of the Registrar in the name of the nominee of the common depository. Ownership of interests in the European Immobilised Bearer Global N&C Securities or the Permanently Restricted Immobilised Bearer N&C Securities deposited with the Book-Entry Depository (the "**European Book-Entry Interests**" or the "**Permanently Restricted Book-Entry Interests**", respectively) will be limited to persons with an account with Euroclear and/or Clearstream, Luxembourg or persons who may hold interests through such participants. European Book-Entry Interests will be shown on, and transfers thereof will be affected only through records maintained in book-entry form by Euroclear and/or Clearstream, Luxembourg and their participants.

In respect of Immobilised Bearer Global N&C Securities to be settled through DTC (as defined below) ("**U.S. Immobilised Bearer Global N&C Securities**") which are deposited with the Book-Entry Depository, the Book-Entry Depository will issue registered certificateless depositary interests ("**U.S. CDIs**" and, together with European CDIs and

General Terms and Conditions of the N&C Securities

Permanently Restricted CDIs, "CDIs") to the Depository Trust Company ("DTC") or its nominee Cede & Co. and will record the U.S. CDIs in the books and records of the Registrar in the name of Cede & Co. as nominee of DTC. For so long as DTC or its nominee is the registered owner or holder of interests in the U.S. Immobilised Bearer Global N&C Securities deposited with the Book-Entry Depository (the "U.S. Book-Entry Interests" and, together with the European Book-Entry Interests and the Permanently Restricted Book-Entry Interests, the "Book-Entry Interests"), DTC or such nominee, as the case may be, will be considered the sole owner or holder of the U.S. Book-Entry Interests for all purposes under the Agency Agreement except to the extent that, in accordance with DTC's published rules and procedures, any ownership rights may be exercised by its participants or beneficial owners through participants.

2. TRANSFER

2.1 Transfers of interests in Immobilised Bearer Global N&C Securities

Transfers of Book-Entry Interests will be effected by DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and in turn by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of beneficial transferors and transferees of such interests. A Book-Entry Interest will, subject to compliance with all applicable legal and regulatory restrictions, be transferable for registered N&C Securities in definitive form or for a Book-Entry Interest in another N&C Security only in the authorised denominations (in the case of N&C Securities) or number of security units (in the case of Certificates) set out in the applicable Pricing Supplement and only in accordance with the rules and operating procedures for the time being of DTC, Euroclear or Clearstream, Luxembourg, as the case may be, and in accordance with the terms and conditions specified in the Agency Agreement.

Pursuant to the N&C Securities Depository Agreement, the Immobilised Bearer Global N&C Securities may be transferred only to a successor to the relevant Book-Entry Depository.

Unless and until Book-Entry Interests are exchanged for Definitive Registered N&C Securities, the CDIs held by DTC or its nominee or the common depository or its nominee for Euroclear and Clearstream, Luxembourg may not be transferred except as a whole to a nominee or a successor approved by the Issuer.

Book-Entry Interests will be subject to certain restrictions on transfer and certification requirements and may bear a legend regarding such restrictions.

All transfers of Book-Entry Interests between participants in DTC, participants in Euroclear or participants in Clearstream, Luxembourg will be effected by DTC, Euroclear or Clearstream, Luxembourg, as applicable, pursuant to customary procedures and subject to the applicable rules and procedures established by DTC, Euroclear or Clearstream, Luxembourg and their respective participants.

Subject to the foregoing, a Book-Entry Interest (other than a Permanently Restricted Book-Entry Interest) in one of the Immobilised Bearer Global N&C Securities (other than a Permanently Restricted Global N&C Security) may be transferred to a person who takes delivery thereof in the form of a Book-Entry Interest (other than a Permanently Restricted Book-Entry Interest) in another of the Immobilised Bearer Global N&C Securities (other than a Permanently Restricted Global N&C Security) by means of an instruction originated through DTC, Euroclear or Clearstream, Luxembourg, as applicable. Any Book-Entry Interest that is so transferred will, upon transfer, cease to be a Book-Entry Interest in the first-mentioned Immobilised Bearer Global N&C Security and become a Book-Entry Interest in the other Immobilised Bearer Global N&C Security and will thereafter be subject to all transfer restrictions, if any, and other procedures applicable to Book-Entry Interests in such other Immobilised Bearer Global N&C Security for as long as it remains such a Book-Entry Interest. In connection with such transfer, appropriate adjustments will be made to reflect a decrease in the principal amount at maturity or number of units of the first-mentioned Immobilised Bearer Global N&C Security and a corresponding increase in the principal amount at maturity or number of units of the other Immobilised Bearer Global N&C Security, as applicable. In addition, where a transfer of a Book-Entry Interest is made which requires the conversion of a U.S. Book-Entry Interest to a European Book-Entry Interest (or vice versa), appropriate adjustments will be made to reflect such conversion.

Book-Entry Interests in an Immobilised Bearer Global N&C Security may in certain circumstances be exchanged for Definitive Registered N&C Securities upon receipt by the Registrar of instructions from a Paying Agent. It is expected that

General Terms and Conditions of the N&C Securities

such instructions of the Paying Agent will be based upon directions received by DTC, Euroclear or Clearstream, Luxembourg, as applicable, from the participant which owns the relevant Book-Entry Interests. Definitive Registered N&C Securities issued in exchange for a Book-Entry Interest will, except as otherwise determined by the Issuer in compliance with applicable law, be subject to certain restrictions on transfer and certification requirements and may bear a legend regarding such restrictions.

2.2 Transfers of Definitive Registered N&C Securities

Subject as provided in N&C Security Conditions 2.4 (Costs of registration), 2.5 (Transfers of interests in European Book-Entry Interests) and 2.6 (Transfers of interests in Legended N&C Securities) below, upon the terms and subject to the terms and conditions set forth in the Agency Agreement, a Definitive Registered N&C Security may be transferred in whole or in part in the authorised denominations set out in the applicable Pricing Supplement. In order to effect any such transfer:

- (A) the holder or holders must:
 - (i) surrender the Definitive Registered N&C Security for registration of the transfer of the Definitive Registered N&C Security (or the relevant part of the Definitive Registered N&C Security) at the specified office of the Registrar or any Transfer Agent, with the form of transfer thereon duly executed by the holder or holders thereof or his or their attorney or attorneys duly authorised in writing; and
 - (ii) complete and deposit such other certifications as may be required by the Registrar or, as the case may be, the relevant Transfer Agent; and
- (B) the Registrar or, as the case may be, the relevant Transfer Agent must, after due and careful enquiry, be satisfied with the documents of title and the identity of the person making the request.

Any such transfer will be subject to such reasonable regulations as the Issuer and the Registrar may from time to time prescribe (the initial such regulations being set out in Schedule 8 to the Agency Agreement). Subject as provided above, the Registrar or, as the case may be, the relevant Transfer Agent will, within three (3) business days (being for the purposes of these Conditions a day on which banks are open for business in the city where the specified office of the Registrar or, as the case may be, the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations) authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail to such address as the transferee may request, a new Definitive Registered N&C Security for the same aggregate nominal amount or number of units as the Definitive Registered N&C Security (or the relevant part of the Definitive Registered N&C Security) transferred. In the case of a transfer of part only of a Definitive Registered N&C Security, a new Definitive Registered N&C Security in respect of the balance of the Definitive Registered N&C Security not transferred will be so authenticated and delivered or (at the risk of the transferor) sent by uninsured mail to such address as the transferor may request.

2.3 Registration of transfer upon partial redemption

In the event of a partial redemption of N&C Securities under N&C Security Condition 7 (Redemption and Purchase), the Issuer shall not be required to register the transfer of any Definitive Registered N&C Security, or part of a Definitive Registered N&C Security, called for partial redemption.

2.4 Costs of registration

N&C Securityholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than by normal uninsured mail and except that the Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration.

"Legended N&C Security" means N&C Securities (whether in definitive registered form or represented by a U.S. Book-Entry Interest) sold in private transactions to QIBs in accordance with the requirements of Rule 144A which bear a legend specifying certain restrictions on transfer (a **"Legend"**).

4. STATUS OF THE GUARANTEE

The obligations of the Guarantor under the Guarantee are direct, unconditional, unsecured and unsubordinated obligations of the Guarantor and rank *pari passu* with all present and future direct, unconditional, unsecured and unsubordinated obligations (including those arising under deposits received in its banking business) of the Guarantor, without any preference among themselves and without any preference one above the other by reason of priority of date of issue, currency of payment or otherwise, except for obligations given priority by law.

Subject as provided below and in the Guarantee, the Guarantor has unconditionally and irrevocably:

- (a) guaranteed to each N&C Securityholder all obligations of the Issuer in respect of such N&C Securityholder's N&C Securities as and when such obligations become due; and

Where:

5.2 Interest on Fixed Rate N&C Securities

- (a) If no Fixed Coupon Amount or Broken Amount is specified in the applicable Pricing Supplement, the following provisions shall apply with respect to a Fixed Rate N&C Security:

Each Fixed Rate N&C Security will bear interest from (and including) the Interest Commencement Date (which unless otherwise specified in the applicable Pricing Supplement shall be the Issue Date) at the rate(s) (expressed as a percentage) equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

Such interest will be payable in respect of each Fixed Rate N&C Security Interest Period. In these Conditions and for the purposes of Fixed Rate N&C Securities only, **"Fixed Rate N&C Security Interest Period"** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If a Business Day Convention is specified in the applicable Pricing Supplement and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day (as defined in N&C Security Condition 5.7 below), then, if the Business Day Convention specified is:

- (i) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (ii) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or

General Terms and Conditions of the N&C Securities

- (iii) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

Unless Day Count Fraction is specified as "Not Applicable" in the applicable Pricing Supplement, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (i) in the case of Fixed Rate N&C Securities which are represented by a Global N&C Security, the aggregate outstanding nominal amount of the Fixed Rate N&C Securities represented by such Global N&C Security or, if they are Partly Paid N&C Securities, the aggregate amount paid up; or
- (ii) in the case of Fixed Rate N&C Securities in definitive form held by each N&C Securityholder, the aggregate outstanding nominal amount of such Fixed Rate N&C Securities held by such N&C Securityholder,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure in accordance with the Rounding Convention (as specified in N&C Security Condition 6 (Payments) below). Where the Specified Denomination of a Fixed Rate N&C Security in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate N&C Security shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

- (b) If a Fixed Coupon Amount or Broken Amount is specified in the applicable Pricing Supplement, the amount of interest payable on each Interest Payment Date in respect of the Fixed Rate N&C Security Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Pricing Supplement, amount to the Broken Amount so specified.

5.3 Interest on Floating Rate N&C Securities and Variable Interest Rate N&C Securities

(A) Interest Payment Dates

Each Floating Rate N&C Security and Variable Interest Rate N&C Security will bear interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (i) the Specified Interest Payment Date(s) in each year, as specified in the applicable Pricing Supplement; or
- (ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Pricing Supplement, each date (each such date, together with each Specified Interest Payment Date, an "**Interest Payment Date**") which falls the number of months or other period specified as the Specified Period in the applicable Pricing Supplement after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In these Conditions, "**Interest Period**" means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Pricing Supplement and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day (as defined in N&C Security Condition 5.7 below), then, if the Business Day Convention specified is:

- (a) in any case where Specified Periods are specified in accordance with N&C Security Condition 5.3(A)(ii) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B)

General Terms and Conditions of the N&C Securities

below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or

- (b) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (c) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (d) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

(B) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate N&C Securities and Variable Interest Rate N&C Securities will be determined in the manner specified in the applicable Pricing Supplement.

(i) *ISDA Determination for Floating Rate N&C Securities*

Where ISDA Determination is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be (x) the relevant ISDA Rate (y) plus or minus (as indicated in the applicable Pricing Supplement) the Margin (if any) the result of which will be (z) multiplied by the Rate Multiplier (if any, provided the Rate of Interest may not be less than zero). For the purposes of this sub paragraph (i), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Principal Paying Agent or other person specified in the applicable Pricing Supplement, under an interest rate swap transaction if the Principal Paying Agent or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions (as defined below) and under which:

- (a) the Floating Rate Option is as specified in the applicable Pricing Supplement;
- (b) the Designated Maturity is that period specified in the applicable Pricing Supplement; and
- (c) the relevant Reset Date is the day as specified in the applicable Pricing Supplement.

For the purposes of this sub-paragraph (i), (x) "**Euro-zone**" means the region comprised of member states of the European Union ("**Member States**") that adopt the single currency in accordance with the Treaty establishing the European Community, as amended by the Treaty on European Union and the Treaty of Amsterdam and (y) "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

Where ISDA Determination is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, unless otherwise stated in the applicable Pricing Supplement, the Minimum Rate of Interest shall be deemed to be zero.

General Terms and Conditions of the N&C Securities

(ii) *Screen Rate Determination for Floating Rate N&C Securities*

(a) Where Screen Rate Determination is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be (x) either:

(i) the offered quotation; or

(ii) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being either the London interbank offered rate ("**LIBOR**") or the European interbank offered rate ("**EURIBOR**"), as specified in the applicable Pricing Supplement) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at 11:00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR), on the Interest Determination Date (as specified in the applicable Pricing Supplement) in question, in each case (y) plus or minus (as indicated in the applicable Pricing Supplement) the Margin (if any), the result of which will be (z) multiplied by the Rate Multiplier (if any), all as determined by the Principal Paying Agent or other person as specified in the applicable Pricing Supplement and provided the Rate of Interest may not be less than zero. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Paying Agent (or other person as specified in the applicable Pricing Supplement) for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (i) above, no such offered quotation appears or, in the case of (ii) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

(iii) *Bank of England Base Rate Determination for Floating Rate N&C Securities*

Where Bank of England Base Rate Determination is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be (x) the Bank of England Base Rate (y) plus or minus (as indicated in the applicable Pricing Supplement) the Margin (if any), the result of which will be (z) multiplied by the Rate Multiplier (if any) all as determined by the Calculation Agent.

"Bank of England Base Rate" means the most recent published rate for deposits for a period equal to the Designated Maturity (as specified in the applicable Pricing Supplement) which appears on the Relevant Screen Page (as specified in the applicable Pricing Supplement) as of 5:00 p.m., London time, on the Interest Determination Date (as specified in the applicable Pricing Supplement) or, if such Relevant Screen Page is not available, such replacement page as the Calculation Agent shall select, or if the Calculation Agent determines no suitable replacement page exists, the rate determined by the Calculation Agent in good faith and in a commercially reasonable manner.

(iv) If the Reference Rate from time to time in respect of Floating Rate N&C Securities or Variable Interest Rate N&C Securities is specified in the applicable Pricing Supplement as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such N&C Securities will be determined as provided in the applicable Pricing Supplement.

General Terms and Conditions of the N&C Securities

(C) *Minimum Rate of Interest and/or Maximum Rate of Interest*

If the applicable Pricing Supplement specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (B) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest. If no other Minimum Rate of Interest for any Interest Period is specified in the applicable Pricing Supplement, then the Minimum Rate of Interest in respect of such Interest Period shall be deemed to be zero and in no event shall the Rate of Interest for such calculation period in accordance with N&C Security Condition 5.3(B) above be less than zero.

If the applicable Pricing Supplement specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (B) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(D) *Determination of Rate of Interest and calculation of Interest Amounts*

The Principal Paying Agent (or other person as specified in the applicable Pricing Supplement), in the case of Floating Rate N&C Securities, and the Calculation Agent, in the case of Variable Interest Rate N&C Securities will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. In the case of Variable Interest Rate N&C Securities, the Calculation Agent will notify the Principal Paying Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

Unless Day Count Fraction is specified as "Not Applicable" in the applicable Pricing Supplement, the Principal Paying Agent (or other person as specified in the applicable Pricing Supplement), in the case of Floating Rate N&C Securities, and the Calculation Agent, in the case of all other Variable Interest Rate N&C Securities, will calculate the amount of interest (the "**Interest Amount**") payable on the N&C Securities for the relevant Interest Period by applying the Rate of Interest to:

- (a) in the case of Floating Rate N&C Securities and Variable Interest Rate N&C Securities which are represented by a Global N&C Security, the aggregate outstanding nominal amount of the applicable N&C Securities represented by such Global N&C Security (or, if they are Partly Paid N&C Securities, the aggregate amount paid up) multiplied, in the case of Partial Redemption N&C Securities, by the Outstanding Partial Redemption Nominal Percentage;
- (b) in the case of Floating Rate N&C Securities and Variable Interest Rate N&C Securities which are in definitive form held by each N&C Securityholder, the aggregate outstanding nominal amount of such Floating Rate N&C Securities or Variable Interest Rate N&C Securities (as applicable) held by such N&C Securityholder multiplied, in the case of Partial Redemption N&C Securities, by the Outstanding Partial Redemption Nominal Percentage;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure in accordance with the Rounding Convention (as specified in N&C Security Condition 6 (Payments) below). Where the Specified Denomination of a Floating Rate N&C Security or a Variable Interest Rate N&C Security in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such N&C Security shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding. In such case, the Calculation Agent will notify the Principal Paying Agent of the Interest Amount for the relevant Interest Period as soon as practicable after calculating the same.

General Terms and Conditions of the N&C Securities

(E) *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Pricing Supplement, the Rate of Interest for such Interest Period shall be calculated by the Principal Paying Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Pricing Supplement) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Pricing Supplement), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Principal Paying Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

"**Designated Maturity**" means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(F) *Notification of Rate of Interest and Interest Amounts*

The Principal Paying Agent (or other person as specified in the applicable Pricing Supplement) will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange and/or market on which the relevant Floating Rate N&C Securities or a Variable Interest Rate N&C Securities are for the time being listed and/or admitted to trading and notice thereof to be published in accordance with N&C Security Condition 14 (Notices) as soon as possible after their determination but in no event later than the fourth (4th) London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will promptly be notified to each stock exchange and/or market on which the relevant Floating Rate N&C Securities or Variable Interest Rate N&C Securities are for the time being listed and/or admitted to trading and to the N&C Securityholders in accordance with N&C Security Condition 14 (Notices). For the purposes of this paragraph, the expression "**London Business Day**" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business (including dealings in foreign exchange and foreign currency deposits) in London.

(G) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this N&C Security Condition 5.3 (Interest on Floating Rate N&C Securities and Variable Interest Rate N&C Securities), whether by the Principal Paying Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantor, the Principal Paying Agent, the Calculation Agent (if applicable), the other Paying Agents and all N&C Securityholders, Receiptholders and Couponholders and (in the absence of wilful default or bad faith) no liability to the Issuer, the Guarantor, the N&C Securityholders, the Receiptholders or the Couponholders shall attach to the Principal Paying Agent or the Calculation Agent (if applicable) in connection with the exercise or non exercise by it of its powers, duties and discretions pursuant to such provisions.

General Terms and Conditions of the N&C Securities

5.5 Interest on Partly Paid N&C Securities

In the case of Partly Paid N&C Securities (other than Partly Paid N&C Securities which are Zero Coupon N&C Securities and other than Rule 144A Global N&C Securities, which may not be offered or sold on a partly paid basis), interest will accrue as aforesaid on the paid up nominal amount of such N&C Securities and otherwise as specified in the applicable Pricing Supplement.

5.6 Accrual of interest

Subject to the following paragraph, in respect of each N&C Security interest will be deemed to have accrued only on the relevant Interest Payment Date on which it falls due and not in any other circumstances.

Subject as provided in any Annex, each N&C Security (or in the case of the redemption of part only of a N&C Security, that part only of such N&C Security) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue on the relevant amount of principal on a daily basis at an overnight market rate of interest for the Specified Currency as selected by the Calculation Agent acting in good faith and a commercially reasonable manner and on the basis of the applicable Day Count Fraction or, if Day Count Fraction is specified as "Not Applicable" in the applicable Pricing Supplement, at such day count fraction as would customarily apply to the calculation of interest on securities denominated in the Specified Currency as selected by the Principal Paying Agent (or other person as specified in the applicable Pricing Supplement), in the case of Fixed Rate N&C Securities and Floating Rate N&C Securities, or the Calculation Agent, in the case of all other Variable Interest Rate N&C Securities acting in good faith and in a commercially reasonable manner, until whichever is the earlier of:

- (A) the date on which all amounts due in respect of such N&C Security have been paid and/or all assets deliverable in respect of such N&C Security have been delivered; and
- (B) five (5) days after the date on which the full amount of the moneys payable in respect of such N&C Security has been received by the Principal Paying Agent or the Registrar, as the case may be, and/or all assets in respect of such N&C Security have been delivered and notice to that effect has been given to the N&C Securityholders in accordance with N&C Security Condition 14 (Notices).

Unless otherwise provided in the applicable Pricing Supplement, or as above, the principal financial centre of any currency for the purpose of these Conditions shall be as provided in the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Associations, Inc. and as amended and updated as at the Issue Date of the first Tranche of the N&C Securities (the "**ISDA Definitions**").

General Terms and Conditions of the N&C Securities

5.8 Interest calculations without a day count fraction

If any amount of interest is to be determined and Day Count Fraction is specified as "Not Applicable" in the applicable Pricing Supplement such amount of interest will be calculated as specified in the applicable Pricing Supplement and any reference to a Day Count Fraction in this N&C Security Condition 5 will be deemed not to apply.

5.9 Fixed Income Benchmark

If the applicable Pricing Supplement specifies that a Rate of Interest is to be determined in accordance with this N&C Security Condition 5.9 then, in respect of any relevant Interest Determination Date or Reset Date specified in the applicable Pricing Supplement for which that Rate of Interest is to be determined, the Rate of Interest will be determined for these purposes only in accordance with this N&C Security Condition 5 (Interest) on the following basis:

- (a) the Securities are deemed to be Floating Rate N&C Securities to which Screen Rate Determination or ISDA Determination or Bank of England Base Rate Determination applies as specified under the heading "Fixed Income Benchmark" in the applicable Pricing Supplement;
- (b) if Screen Rate Determination applies the Reference Rate will mean the relevant LIBOR, EURIBOR or other rate as specified under the heading "Fixed Income Benchmark" in the applicable Pricing Supplement and the Relevant Screen Page will be as specified under the heading "Fixed Income Benchmark" in the applicable Pricing Supplement;
- (c) if ISDA Determination applies the Floating Rate Option and the Designated Maturity will be deemed to be the relevant option and period respectively specified under the heading "Fixed Income Benchmark" in the applicable Pricing Supplement;
- (d) if Bank of England Base Rate Determination applies the Designated Maturity and Relevant Screen Page will be deemed to be the relevant period and page respectively specified under the heading "Fixed Income Benchmark" in the applicable Pricing Supplement;
- (e) each day on which the Rate of Interest is to be determined will be deemed to be an Interest Determination Date or a Reset Date;
- (f) each of the Margin, the Minimum Rate of Interest, the Maximum Rate of Interest and the Additional Business Centre, if any, will be the values or centres specified as such under the heading "Fixed Income Benchmark" in the applicable Pricing Supplement;
- (g) the Calculation Agent will be the party making all Rate of Interest determinations and, where Screen Rate Determination applies, notwithstanding the final paragraph of N&C Security Condition 5.3(B)(ii), if the Calculation Agent is unable to determine the Rate of Interest in accordance with N&C Security Condition 5.3(B)(ii) the Rate of Interest will be determined by the Calculation Agent in good faith and in a commercially reasonable manner as the rate it determines would have prevailed but for the relevant disruption or other event.

5.10 Partial Redemption N&C Securities

- (a) Partial Redemption N&C Securities pay interest as provided in this N&C Security Condition 5.10 (such interest "**Partial Interest**") and, if specified in the applicable Pricing Supplement, as provided in N&C Security Condition 5.3 above.
- (b) Each Partial Redemption N&C Security will bear Partial Interest from (and including) the Interest Commencement Date (which unless otherwise specified in the applicable Pricing Supplement shall be the Issue Date) at the rate(s) (expressed as a percentage) equal to the Partial Rate(s) of Interest. Partial Interest will be payable in arrear on the Partial Interest Payment Date(s) in each year up to (but excluding) the Partial Redemption Date (as specified in the applicable Pricing Supplement).

General Terms and Conditions of the N&C Securities

Partial Interest will be payable in respect of each Partial Redemption N&C Security Interest Period. In these Conditions and for the purposes of Partial Redemption N&C Securities only, "**Partial Redemption N&C Security Interest Period**" means the period from (and including) a Partial Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Partial Interest Payment Date.

If a Business Day Convention is specified in the applicable Pricing Supplement and (x) if there is no numerically corresponding day in the calendar month in which a Partial Interest Payment Date should occur or (y) if any Partial Interest Payment Date would otherwise fall on a day which is not a Business Day (as defined in N&C Security Condition 5.7 above), then, if the Business Day Convention specified is:

- (i) the Following Business Day Convention, such Partial Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (ii) the Modified Following Business Day Convention, such Partial Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Partial Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (iii) the Preceding Business Day Convention, such Partial Interest Payment Date shall be brought forward to the immediately preceding Business Day.

Partial Interest shall be calculated in respect of any period by applying the Partial Rate of Interest to:

- (i) in the case of Partial Redemption N&C Securities which are represented by a Global N&C Security, the aggregate outstanding nominal amount of the Partial Redemption N&C Securities represented by such Global N&C Security multiplied by the Partial Redemption Nominal Percentage; or
- (ii) in the case of Partial Redemption N&C Securities in definitive form held by each N&C Securityholder the aggregate outstanding nominal amount of such Partial Redemption N&C Securities held by such N&C Securityholder multiplied by the Partial Redemption Nominal Percentage,

and unless Day Count Fraction is specified to be "Not Applicable", in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure in accordance with the Rounding Convention (as specified in N&C Security Condition 6 (*Payments*) below). Where the Specified Denomination of a Partial Redemption N&C Security in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Partial Redemption N&C Security shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

- (c) If the Partial Redemption N&C Securities are in definitive form, the amount of Partial Interest payable on each Interest Payment Date in respect of the Partial Redemption N&C Security Interest Period ending on (but excluding) such date will amount to the Partial Interest Fixed Coupon Amount. Payments of Partial Interest on any Partial Interest Payment Date will, if so specified in the applicable Pricing Supplement amount to the Partial Interest Broken Amount so specified.
- (d) For the purposes of Partial Redemption N&C Securities, "**Partial Redemption Nominal Percentage**" means the percentage specified as such in the applicable Pricing Supplement.

6. PAYMENTS

6.1 Payments in respect of Definitive Bearer N&C Securities

- (A) *Payments in respect of Definitive Bearer N&C Securities*

Subject as provided below:

General Terms and Conditions of the N&C Securities

- (i) payments in a Specified Currency other than euro or U.S. Dollars will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency;
- (ii) payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque; and

In no event will payment in respect of Definitive Bearer N&C Security be made by a cheque mailed to an address in the United States. All payments of interest in respect of Definitive Bearer N&C Securities will be made to accounts located outside the United States except as may be permitted by United States tax law in effect at the time of such payment without detriment to the Issuer.

(B) *Payment of Principal and Interest in respect of Definitive Bearer N&C Securities, Receipts and Coupons*

Payments of principal in respect of Definitive Bearer N&C Securities will (subject as provided below) be made in the manner provided in N&C Security Condition 6.1(A) (Payments in respect of Definitive Bearer N&C Securities) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Definitive Bearer N&C Securities, and payments of interest in respect of Definitive Bearer N&C Securities will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)).

Payments of instalments of principal (if any) in respect of Definitive Bearer N&C Securities, other than the final instalment, will (subject as provided below) be made in the manner provided in N&C Security Condition 6.1(A) (Payments in respect of Definitive Bearer N&C Securities) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in N&C Security Condition 6.1(A) (Payments in respect of Definitive Bearer N&C Securities) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Definitive Bearer N&C Security in accordance with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment together with the Definitive Bearer N&C Security to which it appertains. Receipts presented without the Definitive Bearer N&C Security to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any Definitive Bearer N&C Security becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

(C) *Missing Unmatured Coupons*

Fixed Rate N&C Securities and Partial Redemption N&C Securities in definitive bearer form (other than Dual Currency N&C Securities, Variable Interest Rate N&C Securities or Long Maturity N&C Securities (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of ten (10) years after the Relevant Date (as defined in N&C Security Condition 9 (Prescription)) in respect of such principal (whether or not such Coupon would otherwise have become void under N&C Security Condition 9(Prescription))

General Terms and Conditions of the N&C Securities

or, if later, five (5) years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

(D) *Unmatured Coupons and Talons void*

Upon any Fixed Rate N&C Security or Partial Redemption N&C Security in definitive bearer form becoming due and repayable prior to its Maturity Date, all unmaturing Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate N&C Security, Variable Interest Rate N&C Security or Long Maturity N&C Security in definitive bearer form becomes due and repayable, unmaturing Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A "**Long Maturity N&C Security**" is a Fixed Rate N&C Security or Partial Redemption N&C Security (other than a Fixed Rate N&C Security or Partial Redemption N&C Security which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such N&C Security shall cease to be a Long Maturity N&C Security on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such N&C Security.

If the due date for redemption of any Definitive Bearer N&C Security is not an Interest Payment Date, interest (if any) accrued in respect of such N&C Security from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against presentation and surrender of the relevant Definitive Bearer N&C Security.

(E) *Payments of Principal and Interest in respect of Global N&C Securities*

A record of each payment made against presentation or surrender of any Global N&C Securities, distinguishing between any payment of principal and any payment of interest, will be made on such Global N&C Securities by the Paying Agent to which it was presented and such record shall be *prima facie* evidence that the payment in question has been made.

No payments of principal, interest or other amounts due in respect of a Global N&C Security will be made by mail to an address in the United States or by transfer to an account maintained in the United States.

6.2 Payments in respect of Immobilised Bearer Global N&C Securities

Payments of any amounts owing in respect of the Immobilised Bearer Global N&C Securities (including principal, interest and instalments, if any) will be made by the Issuer in the Settlement Currency to the relevant Paying Agent. The relevant Paying Agent will, in turn, make such payments to the Custodian in its capacity as the bearer of the relevant Immobilised Bearer Global N&C Securities and the amount so received by the Custodian is forwarded by it to the Book-Entry Depository in accordance with the terms of the N&C Securities Depository Agreement. Upon receipt of any such amounts, the Book-Entry Depository will pay the amounts so received to DTC or the common depository for Euroclear and/or Clearstream, Luxembourg, as applicable, which will distribute such payments to participants in accordance with their procedures.

The Issuer, the Principal Paying Agent and the Registrar will treat the bearer of the Immobilised Bearer Global N&C Securities as the owners thereof for the purpose of receiving payments and for all other purposes. Consequently, none of the Issuer, the Book-Entry Depository, any Agent, the Registrar or any agent of the Issuer, any Agent or the Registrar has or will have any responsibility or liability for:

General Terms and Conditions of the N&C Securities

- (B) DTC, Euroclear, Clearstream, Luxembourg or any participant or indirect participant.

Payments by participants to owners of Book-Entry Interests held through participants are the responsibility of such participants.

In the event any Immobilised Bearer Global N&C Security (or any portion thereof) is redeemed, the Book-Entry Depository will, through DTC, Euroclear or Clearstream, Luxembourg, as applicable, redeem an equal amount of the Book-Entry Interests in such Immobilised Bearer Global N&C Security from the amount received by it in respect of the redemption of such Immobilised Bearer Global N&C Security. The redemption price payable in connection with the redemption of such Book-Entry Interests will be equal to the amount received by the Book-Entry Depository in connection with the redemption of such Immobilised Bearer Global N&C Securities (or any portion thereof). If fewer than all of the N&C Securities are to be redeemed at any time, DTC, Euroclear and Clearstream, Luxembourg will credit their respective participants' accounts on a proportionate basis (with adjustments to prevent fractions) or by lot or on such other basis as they deem fair and appropriate.

6.3 Payments in respect of Definitive Registered N&C Securities

- (A) *Payments of principal in respect of Definitive Registered N&C Securities*

Payments of principal (other than instalments of principal prior to the final instalment) in respect of each Definitive Registered N&C Security will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Definitive Registered N&C Security at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account of the holder (or the first named of joint holders) of the Definitive Registered N&C Security appearing in the register of holders of the Definitive Registered N&C Security maintained by the Registrar (the "**Register**") at the close of business on the fifteenth (15th) calendar day (whether or not such fifteenth day is a business day) before the relevant due date (the "**Record Date**"). Notwithstanding the previous sentence, if (i) a holder does not have a Designated Account or (ii) the nominal amount of the N&C Securities held by a holder is less than U.S.\$100,000 (or its approximate equivalent in any other Specified Currency), payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank. For these purposes, "**Designated Account**" means the account maintained by a holder with a designated bank and identified as such in the Register and "**Designated Bank**" means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency and (in the case of a payment in euro) any bank which processes payments in euro.

- (B) *Payments of interest and instalments in respect of Definitive Registered N&C Securities*

Payments of interest and payments of instalments of principal (other than the final instalment) in respect of each Definitive Registered N&C Security will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Definitive Registered N&C Security appearing in the Register at the close of business on the Record Date at his address shown in the Register on the Record Date and at his risk. Upon application of the holder to the specified office of the Registrar not less than three (3) business days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Definitive Registered N&C Security, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) and instalments of principal (other than the final instalment) in respect of the Definitive Registered N&C Securities which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each

General Terms and Conditions of the N&C Securities

Definitive Registered N&C Security on redemption and the final instalment of principal will be made in the same manner as payment of the principal amount of such Definitive Registered N&C Security.

Holders of Definitive Registered N&C Securities will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Definitive Registered N&C Security as a result of a cheque posted in accordance with this N&C Security Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of principal or interest in respect of the Definitive Registered N&C Securities.

(C) *Payment by the DTC*

All amounts payable to DTC or its nominee as registered holder of a U.S. CDI in respect of N&C Securities denominated in a Specified Currency other than U.S. dollars shall be paid by transfer by the Registrar to an account in the relevant Specified Currency of the Exchange Agent on behalf of DTC or its nominee for payment in such Specified Currency for conversion into U.S. dollars in accordance with the provisions of the Agency Agreement.

6.4 General provisions applicable to payments

- (A) The holder of a Global N&C Security shall be the only person entitled to receive payments or to make a claim in respect of N&C Securities represented by such Global N&C Security and the Issuer or, as the case may be, the Guarantor will be discharged by payment to, or to the order of, the holder of such Global N&C Security in respect of each amount so paid. Each of the persons shown in the records of DTC, Euroclear or Clearstream, Luxembourg or the relevant clearance system specified in the applicable Pricing Supplement, as the beneficial holder of a particular nominal amount or number of units of N&C Securities represented by such Global N&C Security must look solely to DTC, Euroclear or Clearstream, Luxembourg or the relevant clearance system specified in the applicable Pricing Supplement, as the case may be, for his share of each payment so made by the Issuer or, as the case may be, the Guarantor to, or to the order of, the holder of such Global N&C Security.
- (B) Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of N&C Security Condition 8 (Taxation) and (ii) any withholding or deduction required: (a) pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code (or any regulations thereunder or official interpretations thereof) or an intergovernmental agreement between the United States and another jurisdiction facilitating the implementation thereof (or any law implementing such an intergovernmental agreement); and (b) pursuant to Section 871(m) of the Code. Any such amounts withheld or deducted will be treated as paid for all purposes under the N&C Securities, and no additional amounts will be paid on the Securities with respect to any such withholding or deduction.

6.5 Place of Payment

Notwithstanding the foregoing provisions of this N&C Security Condition 6, if any amount of principal and/or interest in respect of N&C Securities (other than those in definitive registered form) is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such N&C Securities will be made at the specified office of a Paying Agent in the United States if:

- (A) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Bearer N&C Securities in the manner provided above when due;
- (B) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and

General Terms and Conditions of the N&C Securities

- (C) such payment is then permitted under United States law without involving, in the opinion of the Issuer and the Guarantor, adverse tax consequences to the Issuer or the Guarantor.

Any amount payable in respect of an N&C Security which exceeds the sum subscribed represents an amount payable by the Issuer (i) as consideration for the use of the sum subscribed by the Issuer and (ii) as compensation for and in recognition that in certain circumstances the amount repayable on maturity may be less than the sum subscribed or that the amount paid in excess of the sum subscribed may have been less than the prevailing rate of interest (generally payable by the Issuer) at the time when the N&C Securities were issued.

6.6 Payment Days

Subject to N&C Security Condition 5.3(A) (Interest Payment Dates), if the date for payment (the "**Relevant Payment Date**") of any amount in respect of any N&C Security, Receipt or Coupon is not a Payment Day, the holder thereof will instead be entitled to payment on the relevant day determined in accordance with the relevant Payment Day Convention as set out below and will not be entitled to any further interest or other payment in respect of any delay.

- (c) the Payment Day Convention is specified as "Preceding" in the applicable Pricing Supplement, the holder thereof shall be entitled to payment on the Payment Day immediately preceding the Relevant Payment Date (the "**Adjusted Date for Payment**"),

Provided That, in the event that any day upon which a valuation or determination is required to be made for the purposes of determining the amount of the payment to be made in respect of the Relevant Payment Date (each such date a "**Relevant Valuation Date**") would, as a result of the adjustment anticipated in paragraph (b) or (c) above, fall after the second Business Day preceding the Adjusted Date for Payment, N&C Securityholders will not be entitled to the relevant payment due in respect of the Relevant Payment Date until the day falling two (2) Business Days following the last occurring Relevant Valuation Date.

"**Payment Day**" means any day which (subject to N&C Security Condition 9 (Prescription)):

Reasonable measures shall not include anything which has any material impact on the business of the Issuer or the Guarantor, as the case may be, or which would cause the Issuer or the Guarantor, as the case may be, to incur any material costs, and

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer or, as the case may be, the Guarantor would be obliged to account for any such taxes, duties, assessments or governmental changes were a payment in respect of the N&C Securities then due.

Payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque;
- (f) if the N&C Securities are Fixed Rate N&C Securities and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on an Interest Payment Date, it will be calculated:
 - (i) in the case of the N&C Securities represented by a Global N&C Security, by applying the Rate of Interest to the aggregate outstanding nominal amount of the N&C Securities represented by such Global N&C Security; and
 - (ii) in the case of definitive N&C Securities, by applying the Rate of Interest to the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate N&C Security in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate N&C Security shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding;

- (g) if the N&C Securities are Floating Rate N&C Securities, the applicable Pricing Supplement will specify any relevant changes to the provisions relating to interest; and
- (h) such other changes shall be made to this Condition as the Issuer may decide, after consultation with the Principal Paying Agent or the Registrar, as applicable, and as may be specified in the notice, to conform it to conventions then applicable to instruments denominated in euro.

The Issuer's obligations in respect of this Warrant have been guaranteed by the Guarantor pursuant to a guarantee (such guarantee, as modified, supplemented and/or restated from time to time, the "**Guarantee**") dated 31 March 2015 and executed by the Guarantor. The original Guarantee is held by the Principal Warrant Agent at its specified office.

The Pricing Supplement for this Warrant (or the relevant provisions thereof) are set out in Part A of the Pricing Supplement attached to or endorsed on this Warrant which supplement these General Terms and Conditions of the Warrants (the "**Warrants**", which term shall include one or more Annex(es) in the form annexed hereto (each an "**Annex**") if specified as applicable herein and/or in such Pricing Supplement) may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with these Conditions, replace or modify the Conditions for the purposes of this Warrant. Any reference to "**Warrantholders**" or "**holders**" in relation to any Warrants shall mean the holders of the Warrants and shall, in relation to any Warrants represented by a Global Warrant, be construed as provided below.

The rights of a holder as described in this paragraph may be subject to the Issuer's right to vary settlement as indicated in the applicable Pricing Supplement.

Warrants, or interests therein, may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or directly or indirectly offered, sold, resold, traded, pledged, redeemed, transferred or delivered to, or for the account or benefit of, any U.S. Person.

In these Conditions, and unless otherwise expressed to the contrary:

"**U.S. Person**" means any person who is a "U.S. person" as defined in Regulation S, the Interpretive Guidance and Policy Statement Regarding Compliance with Certain Swap Regulations promulgated by the Commodity Futures Trading Commission (the "**CFTC**") pursuant to the United States Commodity Exchange Act of 1936, as amended (the "**CEA**"), or (iii) a person other than a "Non-United States person" as defined in CFTC Rule 4.7 (each such person, a "**U.S. Person**").

1.3 Transfers of Warrants

Transfers of Warrants may not be effected after the exercise of such Warrants pursuant to Warrant Condition 5 (Exercise Procedure).

The Warrants shall only be transferred in Clearstream, Luxembourg or Euroclear in Units, with each Unit representing 1 Warrant. The applicable Pricing Supplement will also specify the Minimum Tradeable Size and, if applicable, the Multiple Tradeable Size expressed in Units. Any transfers may only be made in the Minimum Tradeable Size and the Multiple Tradeable Size in excess thereof specified in the applicable Pricing Supplement.

Any reference herein to Clearstream, Luxembourg and/or Euroclear shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system, specified in the applicable Pricing Supplement or as may otherwise be approved by the Issuer and Principal Warrant Agent, and notified to the Warrantholders in accordance with Warrant Condition 11 (Notices).

Transfers of Warrants may only be made, upon certification (in the form from time to time available from any Warrant Agent) to the Principal Warrant Agent by the transferor thereof that such transfer is being made to a person other than a U.S. Person in an offshore transaction pursuant to Regulation S.

If the Principal Warrant Agent subsequently determines or is subsequently notified by the Issuer that (i) the Warrantholder was in breach, at the time given, of any representation or agreement given by such Warrantholder or (ii) a transfer or attempted transfer of any Warrants was consummated that did not comply with the transfer restrictions set forth in this Warrant Condition 13, the purported transfer shall be absolutely null and *void ab initio* and shall vest no rights in the purported transferee (such purported transferee, a "Disqualified Transferee") and the last preceding Warrantholder that was not a Disqualified Transferee shall be restored to all rights as a Warrantholder in such Warrants retroactively to the date of

General Terms and Conditions of the Warrants

transfer of such Warrants by such Warrantholder. The Calculation Agent will make any adjustments to the Conditions as it determines appropriate to reflect any such event.

References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any successor operator and/or successor clearing system and/or any additional or alternative clearing system specified in Part B of the applicable Pricing Supplement or otherwise approved by the Issuer, the Guarantor and the Warrant Agents and notified to the Warrantholders in accordance with Warrant Condition 11 (Notices) (each a "**Clearance System**").

2. STATUS OF THE WARRANTS

The Warrants are direct, unconditional, unsecured and unsubordinated obligations of the Issuer and rank *pari passu* and without any preference among themselves and (subject to any applicable statutory provisions or judicial order) at least equally with all other present and future direct, unconditional, unsecured and unsubordinated obligations of the Issuer.

3. STATUS OF THE GUARANTEE

The obligations of the Guarantor under the Guarantee are direct, unconditional, unsecured and unsubordinated obligations of the Guarantor and rank *pari passu* with all present and future direct, unconditional, unsecured and unsubordinated obligations (including those arising under deposits received in its banking business) of the Guarantor, without any preference among themselves and without any preference one above the other by reason of priority of date of issue, currency of payment or otherwise, except for obligations given priority by law.

Subject as provided below and in the Guarantee, the Guarantor has unconditionally and irrevocably:

- (a) guaranteed to each Warrantholder all obligations of the Issuer in respect of such Warrantholder's Warrants as and when such obligations become due; and
- (b) agreed that if and each time that the Issuer fails to satisfy any obligation under such Warrants as and when such obligation becomes due, the Guarantor will (without requiring the relevant Warrantholder first to take steps against the Issuer or any other person) make or cause to be made such payment or satisfy or cause to be satisfied such obligation punctually when and as the same shall become due and payable or due to be satisfied, as the case may be, as though the Guarantor were the principal obligor in respect of such obligation.

As more fully set forth in the Guarantee, the Guarantor shall at all times have the right, in its sole and unfettered discretion, to elect not to deliver or procure delivery of the Entitlement (as specified in the applicable Pricing Supplement) to the holders of Physical Delivery Warrants when the same shall become due and deliverable, but in lieu thereof to make payment in respect of each Physical Delivery Warrant to the holder(s) of such Physical Delivery Warrant of an amount determined by the Guarantor in good faith and in a commercially reasonable manner to be equal to the fair market value of the assets to which the Entitlement in respect of the relevant Warrant relates less such Warrant's *pro rata* share of the costs of unwinding any underlying related hedging and/or funding arrangements of the Issuer and/or Guarantor (the "**Guaranteed Cash Settlement Amount**"). Any payment of the Guaranteed Cash Settlement Amount in lieu of the relevant Entitlement shall constitute a complete discharge of the Guarantor's obligations in respect of the relevant Warrants save as to any other cash amounts due in respect of such Warrants.

The expression "exercise", "due exercise" and related expressions shall be construed to apply to any European Style Warrants to which Automatic Exercise applies in accordance with this provision.

General Terms and Conditions of the Warrants

5 (Exercise Procedure), at or prior to 10.00 a.m., Luxembourg or Brussels time, as the case may be, on the Expiration Date, and which in the determination of the Calculation Agent is "In-The-Money", shall be exercised by the Principal Warrant Agent on behalf of the relevant Warrantholder on the Expiration Date. The expression "exercise", "due exercise" and related expressions shall be construed to apply to any Bermudan Style Warrants to which Automatic Exercise applies in accordance with this provision.

With respect to a Bermudan Style Warrant, the "**Actual Exercise Date**" means (i) the Exercise Date, or if such Exercise Date is not an Exercise Business Day, the immediately following Exercise Business Day, on which an Exercise Notice is delivered prior to 10.00 a.m., Luxembourg or Brussels time (as appropriate), to Clearstream, Luxembourg or Euroclear, as the case may be, and the copy thereof so received by the Principal Warrant Agent or, (ii) if Automatic Exercise is specified as applying in the applicable Pricing Supplement and there is no earlier Actual Exercise Date under (i) above and Automatic Exercise occurs on the Expiration Date in accordance with the preceding paragraph, the Expiration Date. If any Exercise Notice is received by Clearstream, Luxembourg or Euroclear, as the case may be, or if the copy thereof is received by the Principal Warrant Agent, in each case, after 10.00 a.m., Luxembourg or Brussels time (as appropriate), on any Exercise Date, or if such Exercise Date is not an Exercise Business Day, the immediately following Exercise Business Day, such Exercise Notice will be deemed to have been delivered on the next Exercise Date (or if such Exercise Date is not an Exercise Business Day, the immediately following Exercise Business Day), which Exercise Date (or if such Exercise Date is not an Exercise Business Day, the immediately following Exercise Business Day) shall be deemed to be the Actual Exercise Date, provided that any such Warrant in respect of which no Exercise Notice has been delivered in the manner set out in Warrant Condition 5 (Exercise Procedure) at or prior to 10.00 a.m. Luxembourg or Brussels time (as appropriate) on the Expiration Date shall (i) if Automatic Exercise is not specified as applying in the applicable Pricing Supplement, become void or (ii) Automatic Exercise is specified as applying in the applicable Pricing Supplement, be automatically exercised on the Expiration Date, subject as provided above.

If the Warrants are Cash Settled Warrants, unless otherwise specified in the Pricing Supplement, each Unit entitles its holder, upon due exercise, to receive from the Issuer on the Settlement Date a Cash Settlement Amount calculated by the Calculation Agent (which shall not be less than zero) equal to:

- (i) where Averaging is not specified in the applicable Pricing Supplement:
 - (a) if such Units represent Call Warrants,

(Settlement Price less Exercise Price) multiplied by, in the case of Currency Linked Warrants only, the Unit Nominal Amount; and
 - (b) if such Units represent Put Warrants,

(Exercise Price less Settlement Price) multiplied by, in the case of Currency Linked Warrants only, the Unit Nominal Amount.
- (ii) where Averaging is specified in the applicable Pricing Supplement:

General Terms and Conditions of the Warrants

- (a) if such Units represent Call Warrants,
 - ((i) the arithmetic mean of the Settlement Prices for all the Averaging Dates less (ii) Exercise Price) multiplied by, in the case of Currency Linked Warrants only, the Unit Nominal Amount; and
- (b) if such Units represent Put Warrants,
 - ((i) Exercise Price less (ii) the arithmetic mean of the Settlement Prices for all the Averaging Dates) multiplied by, in the case of Currency Linked Warrants only, the Unit Nominal Amount.

Any amount determined pursuant to the above, if not an amount in the Specified Currency, will be converted into the Specified Currency at the Exchange Rate specified in the applicable Pricing Supplement for the purposes of determining the Cash Settlement Amount.

(B) Rounding provisions

If "**Rounded Up**" is specified in the applicable Pricing Supplement, Warrants exercised at the same time by the same Warrantholder will be aggregated for the purposes of determining the aggregate Cash Settlement Amount payable in respect of such Warrants, with the resultant amount rounded up to the nearest sub-unit.

If "**Rounded Down**" is specified in the applicable Pricing Supplement, Warrants exercised at the same time by the same Warrantholder will be aggregated for the purposes of determining the aggregate Cash Settlement Amount payable in respect of such Warrants, with the resultant amount rounded down to the nearest sub-unit.

For this purpose, "**sub-unit**" means (i) for any non-euro denominated Warrants, the lowest amount of the Specified Currency that is available as legal tender in the country of such currency and (ii) for any euro denominated Warrants, one cent.

(1) Asset Transfer Notices

In relation to Physical Delivery Warrants, in order to obtain delivery of the Entitlement on the Settlement Date in respect of each Warrant upon due exercise and subject to payment of the relevant Exercise Price and any other sums payable, the relevant Warrantholder must deliver to Euroclear or Clearstream, Luxembourg (as applicable), with a copy to the Principal Warrant Agent and the Calculation Agent not later than the close of business in each place of reception on or prior to 10:00 a.m. Luxembourg or Brussels time (as appropriate) on the Expiration Date, a duly completed Asset Transfer Notice in the form set out in the Warrant Agreement, together, in the case of any Physical Delivery Warrants that are not specified in the applicable Pricing Supplement to be Automatic Exercise, an Exercise Notice as specified in Warrant Condition 5.1(a).

General Terms and Conditions of the Warrants

- (ii) specify the number of Warrants and, if applicable, Units which are the subject of such notice and the number of the Warrantholder's account at Euroclear or Clearstream, Luxembourg, as the case may be, to be debited with such Warrants and irrevocably instruct and authorise Euroclear or Clearstream, as the case may be, to debit the relevant Warrantholder's account on or before the Settlement Date;
- (iii) include an undertaking to pay all Exercise Expenses (as defined in Warrant Condition 4.7) and an authority to Euroclear or Clearstream, Luxembourg, as the case may be, to debit a specified account of the Warrantholder with Euroclear or Clearstream, Luxembourg, as the case may be, in respect thereof and to pay such Exercise Expenses;
- (iv) include such details as are required for delivery of the Entitlement which may include account details and/or the name and address of any person(s) into whose name evidence of the Entitlement is to be registered and/or any bank, broker or agent to whom documents evidencing the Entitlement are to be delivered and specify the name and number of the Warrantholder's account to be credited with any cash payable by the Issuer, either in respect of any cash amount constituting the Entitlement or any dividends relating to the Entitlement or as a result of the occurrence of a Settlement Disruption Event and the Issuer electing to pay the Disruption Cash Settlement Price;

- (vi) authorise the production of such certification in any applicable administrative or legal proceedings,

all as provided in the Warrant Agreement.

(2) Verification of the Warrantholder

Upon receipt of an Asset Transfer Notice, Euroclear or Clearstream, Luxembourg, as the case may be, shall verify that the person delivering the Asset Transfer Notice is the holder of the Warrants described therein according to its records. Subject thereto, Euroclear or Clearstream, Luxembourg, as the case may be, will confirm to the Principal Warrant Agent the series number and number of Warrants which are the subject of such notice, the relevant account details and the details for the delivery of the Entitlement of each Warrant. Upon receipt of such confirmation, the Principal Warrant Agent will inform the Issuer thereof. Euroclear or Clearstream, Luxembourg as the case may be will on or before the Settlement Date debit the securities account of the relevant Warrantholder with the relevant Warrants.

(3) Determinations

Any determination as to whether an Asset Transfer Notice is duly completed and in proper form shall be made by Euroclear or Clearstream, Luxembourg, as the case may be, in consultation with the Principal Warrant Agent, and shall be conclusive and binding on the Issuer, the Principal Warrant Agent(s) and the relevant Warrantholder. Subject as set out below, any Asset Transfer Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Warrant Agent immediately after being delivered or sent as provided in Warrant Condition 11 below, shall be null and void.

General Terms and Conditions of the Warrants

If such Asset Transfer Notice is subsequently corrected to the satisfaction of Euroclear or Clearstream, Luxembourg, as the case may be, in consultation with the Principal Warrant Agent, it shall be deemed to be a new Asset Transfer Notice submitted at the time such correction was delivered as provided above.

No Asset Transfer Notice may be withdrawn after receipt thereof by the relevant Clearance System or the Principal Warrant Agent, as the case may be, as provided above. After delivery of an Asset Transfer Notice, the relevant Warrantholder may not transfer the Warrants which are the subject of such notice.

(4) Delivery

(a) Subject to:

- (i) an Asset Transfer Notice having been duly delivered as provided above on or prior to the Expiration Date together, in the case of any Physical Delivery Warrants that are not specified in the applicable Pricing Supplement to be Automatic Exercise, an Exercise Notice having been duly delivered as specified in Warrant Condition 5.1(a); and
- (ii) all Exercise Expenses having been paid or otherwise accounted for to the satisfaction of the Issuer by the relevant Warrantholder,

the Issuer shall, at the risk of the relevant Warrantholder, deliver or procure the delivery of the Entitlement for each Warrant, pursuant to the details specified in the Asset Transfer Notice or in such commercially reasonable manner as the Calculation Agent shall in its sole discretion determine and notify to the person designated by the Warrantholder in the relevant Asset Transfer Notice, on the applicable Settlement Date (such date, subject to adjustment in accordance with this Warrant Condition, the "**Settlement Date**"). Where the Asset Transfer Notice stipulates that the Entitlement should be delivered to a specified clearing system, the Issuer's or the Guarantor's obligation to deliver such Entitlement will be discharged by delivery to, or to the order of, the relevant clearing system and each of the persons shown in the records of the relevant clearing system as the account holder must look solely to the relevant clearing system for his share of any Entitlement so delivered.

(b) If a Warrantholder fails to deliver an Asset Transfer Notice as provided herein with a copy to the Warrant Agent, on or prior to the Expiration Date, then:

- (i) the Issuer may elect, in its sole discretion to deliver or procure the delivery of the aggregate Entitlements for all such affected Warrants, at the risk of the relevant Warrantholder, to, or to the order of, the relevant Clearance System(s) in which the Warrants are held (and this may be after the date fixed for cancellation) and its obligation to deliver any such Entitlement so delivered shall be discharged thereby. Each of the persons shown in the records of the relevant Clearance System as the holder of a particular amount of the Warrants must look solely to the relevant Clearance System for his share of each such Entitlement so delivered to, or to the order of, such Clearance System. For the purposes of paragraph (5) below, each Clearance System will be deemed to be a single Warrantholder and each Clearance System will be requested to divide and deliver such Entitlements in accordance with its rules; or
- (ii) the Entitlement will be delivered as soon as practicable after the Settlement Date at the risk of such Warrantholder in the manner provided in paragraph (a) above. For the avoidance of doubt, in such circumstances such Warrantholder shall not be entitled to any payment as a result of such delivery falling after the Settlement Date and no liability in respect thereof shall attach to the Issuer.

(c) To the extent that the Issuer is not satisfied that the Exercise Expenses have been or will be paid in full by the relevant Warrantholder on or prior to the relevant Settlement Date, the Issuer may, in its sole discretion, elect to reduce the Entitlement(s) to be delivered by an amount(s) which by market value (determined at the time of reduction by reference to such valuation sources as the Issuer determines

General Terms and Conditions of the Warrants

appropriate) in aggregate is at least equal to the aggregate Exercise Expenses that it determines, in its sole discretion, have not been paid or otherwise accounted for (the Entitlement as so reduced, the "**Reduced Entitlement**"). Where the Issuer elects to make such a reduction, in accordance with this Warrant Condition 4.3(A)(4)(c), the Issuer's obligation to deliver the Entitlement(s) shall be discharged in full by delivery of the Reduced Entitlement in accordance with the provisions of this Warrant Condition 4.3(A)(4)(c). The provisions of paragraphs (5) and (6) of this Warrant Condition 4.3(A) and the provisions of Warrant Condition 4.3(B) shall apply *mutatis mutandis* to any such delivery of the Reduced Entitlement.

(5) General

For the purpose of determining the Entitlements in respect of the Warrants, Warrants held by the same Warrantholder will be aggregated. The aggregate Entitlement(s) to be delivered in respect of each such aggregated holding will be rounded down to the nearest whole unit of the Relevant Asset (or, where there is more than one type of Relevant Asset, each of the Relevant Assets), as the case may be, in such manner as the Calculation Agent shall determine. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered but in lieu thereof the Issuer shall pay to the Warranholders in respect of their respective holding an additional amount in the Specified Currency equal to the fair market value of such fraction(s) in such manner as shall be determined by the Calculation Agent acting in good faith and in a commercially reasonable manner and notified to Warranholders in accordance with Warrant Condition 11 (Notices).

Following the Settlement Date of a Share or other Relevant Asset, all dividends on such Share or other distributions with respect to such other the Relevant Asset to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares or other Relevant Asset executed on the Settlement Date and to be delivered in the same manner as such relevant Shares. Any such dividends to be paid to a Warrantholder will be paid to the account specified by the Warrantholder in the relevant Asset Transfer Notice or otherwise paid to the relevant Clearance System for the account of Warranholders.

For such period of time after delivery of the Entitlement as the Issuer or any person acting on behalf of the Issuer shall continue to be the legal owner of the securities comprising the Entitlement (the "**Intervening Period**"), none of the Issuer, the Warrant Agents or any other person shall at any time (i) be under any obligation to deliver or procure delivery to any Warrantholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities or obligations, (ii) be under any obligation to exercise or procure exercise of any or all rights attaching to such securities or obligations or (iii) be under any liability to a Warrantholder in respect of any loss or damage which such Warrantholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities or obligations comprised in such Entitlement or otherwise as specified in the applicable Pricing Supplement.

(6) Settlement Disruption

If, in the opinion of the Calculation Agent, delivery of the Entitlement using the method of delivery specified in the applicable Pricing Supplement or such commercially reasonable manner as the Calculation Agent has determined is not practicable by reason of a Settlement Disruption Event (as defined below) having occurred and continuing on the Settlement Date, then the Settlement Date shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event unless there is a Settlement Disruption Event on each of the ten (10) Settlement Business Days immediately following the original date that, but for such Settlement Disruption Event, would have been a valid Settlement Date. In that case, (a) if the Entitlement can be delivered in any other commercially reasonable manner, as determined by the Calculation Agent, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Warrant by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Settlement Date shall be the first day on which settlement of a sale of Relevant Assets comprising the Entitlement executed on that tenth (10) Clearance System Business Day would customarily take place using such

General Terms and Conditions of the Warrants

other commercially reasonable manner, and (b) if the Relevant Assets comprising the Entitlement cannot be delivered in any other commercially reasonable manner, then the Settlement Date will be postponed until delivery can be effected in the manner contemplated in the Asset Transfer Notice or in any other commercially reasonable manner, as determined by the Calculation Agent. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Settlement Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Settlement Date. For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Warrant by payment to the relevant Warrantholder of the Disruption Cash Settlement Price (as defined below) on the fifth (5th) Business Day following the date that notice of such election is given to the Warrantholders in accordance with Warrant Condition 11 (Notices). Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Warrantholders in accordance with Warrant Condition 11 (Notices). The Calculation Agent shall give notice as soon as practicable to the Warrantholders in accordance with Warrant Condition 11 (Notices) that a Settlement Disruption Event has occurred. No Warrantholder shall be entitled to any payment in respect of the relevant Warrant in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

(B) Definitions specific to Physical Delivery

4.4 Issuer's Option to Vary Settlement

If the applicable Pricing Supplement indicates that the Issuer has an option to vary settlement in respect of the Warrants, upon a valid exercise of a Warrant in accordance with the Conditions, the Issuer may at its sole and unfettered discretion in respect of such Warrant, elect not to pay the relevant Warrantholders the Cash Settlement Amount or to deliver or procure delivery of the Entitlement to the relevant Warrantholders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Cash Settlement Amount on the Settlement Date to the relevant Warrantholders, as the case may be. Notification of such election will be given to Warrantholders no later than 10.00 a.m. (London time) on the second Business Day following the Actual Exercise Date.

4.5 General

In relation to any Warrants where Automatic Exercise is specified as applying in the applicable Pricing Supplement, the expressions "exercise", "due exercise" and related expressions shall be construed to apply to any such Warrants which are automatically exercised in accordance with the above provisions.

None of the Issuer, the Guarantor, the Calculation Agent and the Warrant Agents shall have any responsibility for any errors or omissions in the calculation of any Cash Settlement Amount or of any Entitlement.

(e) *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of a Fixed Income Benchmark Period in the applicable Pricing Supplement, the Rate of Interest for such Fixed Income Benchmark Period shall be calculated by the Principal Paying Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Pricing Supplement) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Pricing Supplement), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Fixed Income Benchmark Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Fixed Income Benchmark Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Principal Paying Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

Other than in the case of Automatic Exercise, Warrants may only be exercised by the delivery, (which may include the sending by fax), of a duly completed exercise notice (an "**Exercise Notice**") in the form set out in the Warrant Agreement (copies of which form may be obtained from Clearstream, Luxembourg, Euroclear and the Warrant Agents during normal office hours) to Clearstream, Luxembourg or Euroclear, as the case may be, with a copy to the Principal Warrant Agent in accordance with the provisions set out in Warrant Condition 4.1 (Exercise Period) and this Warrant Condition 5.1 (Exercise Notice).

Upon receipt of an Exercise Notice, Clearstream, Luxembourg or Euroclear, as the case may be, shall verify that the person exercising the Warrants is the holder thereof according to the books of Clearstream, Luxembourg or Euroclear, as the case may be. Subject thereto, Clearstream, Luxembourg or Euroclear, as the case may be, will confirm to the Principal Warrant Agent the series number and number Units representing the Warrants being exercised and the account details, if applicable, for the payment of the Cash Settlement Amount or, as the case may be, the details for the delivery of the Entitlement of each Unit being exercised. Upon receipt of such confirmation, the Principal Warrant Agent will inform the Issuer thereof. Clearstream, Luxembourg or Euroclear, as the case may be, will on or before the Settlement Date debit the account of the relevant Warrantholder with the Warrants being exercised. If the Warrants are American Style Warrants or Bermudan Style Warrants, upon exercise of less than all the Warrants constituted by the Global Warrant, the Common Depositary will, on the instructions of, and on behalf of, the Principal Warrant Agent, note such exercise on the Schedule to the Global Warrant and the number of Warrants so constituted shall be reduced by the cancellation *pro tanto* of the Warrants so exercised.

5.3 Settlement

(A) Cash Settled Warrants

The Issuer shall on the Settlement Date pay or cause to be paid the Cash Settlement Amount (if any) for each duly exercised Warrant:

- (i) to the Warrantholder's account specified in the relevant Exercise Notice, or
- (ii) where no Exercise Notice is received, Automatic Exercise is specified as applying in the applicable Pricing Supplement and Automatic Exercise has occurred in respect of the Warrants to the Warrantholder's account with Clearstream, Luxembourg or Euroclear, as applicable, in accordance with the rules of Clearstream, Luxembourg or Euroclear,

in each case, for value on the Settlement Date less any Exercise Expenses.

(B) Physical Delivery Warrants.

Subject to payment of the aggregate Exercise Prices and compliance with the provisions of Warrant Condition 4.3(A) with respect to Physical Delivery Warrants, with regard to each of the relevant Warrants, the Issuer shall on the Settlement Date deliver, or procure the delivery of, the Entitlement for each duly exercised Warrant pursuant to the details specified in the relevant Asset Transfer Notice. Subject as provided in Warrant Condition 4.3(A), the Entitlement shall be delivered and evidenced in such manner as set out in the applicable Pricing Supplement.

5.4 Determinations

Any determination as to whether an Exercise Notice is duly completed and in proper form shall be made by Clearstream, Luxembourg or Euroclear, as the case may be, in consultation with the Principal Warrant Agent, and shall be conclusive and binding on the Issuer, the Warrant Agents and the relevant Warrantholder. Subject as set out below, any Exercise Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Warrant Agent immediately after being delivered or sent to Clearstream, Luxembourg or Euroclear, as the case may be, as provided in Warrant Condition 5.1 above, shall be null and void.

If such Exercise Notice is subsequently corrected to the satisfaction of Clearstream, Luxembourg or Euroclear, as the case may be, in consultation with the Principal Warrant Agent, it shall be deemed to be a new Exercise Notice submitted at the time such correction was delivered to Clearstream, Luxembourg or Euroclear, as the case may be, and the Principal Warrant Agent.

Clearstream, Luxembourg or Euroclear, as the case may be, shall use its best efforts promptly to notify the Warrantholder submitting an Exercise Notice and/or Asset Transfer Notice, as applicable, if, in consultation with the Principal Warrant Agent, it has determined that either such Exercise Notice or Asset Transfer Notice, as applicable, is incomplete or not in proper form. In the absence of negligence or wilful misconduct on its part, none of the Issuer, the Guarantor, the Warrant Agents, Clearstream, Luxembourg or Euroclear shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Warrantholder.

5.5 Delivery of an Exercise Notice

Delivery of an Exercise Notice shall constitute an irrevocable election by the relevant Warrantholder to exercise the number of Warrants specified therein. After the delivery of such Exercise Notice, such exercising Warrantholder may not transfer such Warrants.

5.6 Automatic Exercise

If Automatic Exercise is specified as applying in the applicable Pricing Supplement and if no Exercise Notice or Asset Transfer Notice, as applicable, is delivered in respect of the relevant Warrants, where the Warrants are, in the determination of the Calculation Agent, "In-The-Money", such Warrants shall be automatically exercised.

5.7 Exercise Risk

Exercise of the Warrants is subject to all applicable laws, regulations and practices in force on the relevant Exercise Date and none of the Issuer, the Guarantor and the Warrant Agents shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer, the Guarantor and the Warrant Agents shall under any circumstances be liable for any acts or defaults of Clearstream, Luxembourg or Euroclear in relation to the performance of its duties in relation to the Warrants.

5.8 Minimum and Maximum Number of Warrants Exercisable

(A) American Style Warrants

This paragraph (A) applies only to American Style Warrants.

- (i) The number of Warrants exercisable by any Warrantholder on any Actual Exercise Date or, in the case of Automatic Exercise, the number of Warrants held by any Warrantholder and exercised by Automatic Exercise on the Expiration Date, in each case, as determined by the Issuer, must not be less than the Minimum Exercise Number specified in the applicable Pricing Supplement and, if specified in the applicable Pricing Supplement, if a number greater than the Minimum Exercise Number, must be an integral multiple of the number specified in the applicable Pricing Supplement. Any Exercise Notice which purports to exercise Warrants in breach of this provision shall be void and of no effect.
- (ii) If the Issuer determines that the number of Warrants being exercised on any Actual Exercise Date by any Warrantholder or a group of Warrantholders (whether or not acting in concert) exceeds the Maximum Exercise Number (a number equal to the Maximum Exercise Number being the "**Quota**"), the Issuer may deem the Actual Exercise Date for the first Quota of such Warrants, selected at the discretion of the Issuer, to be such day and the Actual Exercise Date for each additional Quota of such Warrants (and any remaining number thereof) to be each of the succeeding Exercise Business Days until all such Warrants have been attributed with an Actual Exercise Date, provided, however, that the deemed Actual Exercise Date for any such Warrants which would thereby fall after the Expiration Date shall fall on the Expiration Date. In any case where more than the Quota of Warrants are exercised on the same day by Warrantholder(s), the order of settlement in respect of such Warrants shall be at the sole discretion of the Issuer.

General Terms and Conditions of the Warrants

(B) European Style Warrants

This paragraph (B) applies only to European Style Warrants.

The number of Warrants exercisable by or on behalf of any Warrantholder on the Exercise Date, as determined by the Issuer, must be equal to the Minimum Exercise Number specified in the applicable Pricing Supplement and, if specified in the applicable Pricing Supplement, if a number greater than the Minimum Exercise Number, must be an integral multiple of the number specified in the applicable Pricing Supplement. Any Exercise Notice which purports to exercise Warrants in breach of this provision shall be void and of no effect.

(C) Bermudan Style Warrants

This paragraph (C) applies only to Bermudan Style Warrants.

- (i) The number of Warrants exercisable by any Warrantholder on any Actual Exercise Date or, in the case of Automatic Exercise, the number of Warrants held by any Warrantholder and exercised by Automatic Exercise on the Expiration Date, in each case, as determined by the Issuer, must not be less than the Minimum Exercise Number specified in the applicable Pricing Supplement and, if specified in the applicable Pricing Supplement, if a number greater than the Minimum Exercise Number, must be an integral multiple of the number specified in the applicable Pricing Supplement. Any Exercise Notice which purports to exercise Warrants in breach of this provision shall be void and of no effect.
- (ii) If the Issuer determines that the number of Warrants being exercised on any Actual Exercise Date by any Warrantholder or a group of Warrantholders (whether or not acting in concert) exceeds the Maximum Exercise Number (a number equal to the Maximum Exercise Number being the "**Quota**"), the Issuer may deem the Actual Exercise Date for the first Quota of such Warrants, selected at the discretion of the Issuer, to be such day and the Actual Exercise Date for each additional Quota of such Warrants (and any remaining number thereof) to be each of the succeeding Exercise Date until all such Warrants have been attributed with an Actual Exercise Date, provided, however, that the deemed Actual Exercise Date for any such Warrants which would thereby fall after the Expiration Date shall fall on the Expiration Date. In any case where more than the Quota of Warrants are exercised on the same day by Warrantholder(s), the order of settlement in respect of such Warrants shall be at the sole discretion of the Issuer.

6. EARLY CANCELLATION

In the case of Warrants listed on the Official List of the Luxembourg Stock Exchange and admitted to trading on the Euro MTF market of the Luxembourg Stock Exchange which are cancelled in accordance with this Condition, the Issuer shall forthwith publish a notice on the website of the Luxembourg Stock Exchange regarding such cancellation.

6.1 Cancellation for Illegality

In the event that the Calculation Agent determines that the performance of the obligations of the Issuer under the Warrants or the obligations of the Guarantor under the Guarantee, or any arrangements made to hedge the Issuer's obligations under the Warrants, has or will become unlawful, illegal or otherwise prohibited in whole or in part as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power, or the interpretation thereof, the Issuer may (such option being an "**Illegality Cancellation**"), having given not less than 10 nor more than 30 calendar days' notice (or such other notice period as may be specified in the applicable Pricing Supplement) to the Warrantholders in accordance with Warrant Condition 11 (Notices) (which notice shall be irrevocable), on the expiry of such notice cancel all, but not some only, of the Warrants, each Warrant being cancelled at the Early Cancellation Amount.

Should any one or more of the provisions contained in these Conditions be or become invalid, the validity of the remaining provisions shall not in any way be affected thereby.

General Terms and Conditions of the Warrants

6.2 Regulatory Cancellation Event

In the event that the Calculation Agent determines that a change in applicable law or regulation has occurred which results, or will result, solely by reason of the Warrants being outstanding, in the Issuer being required to be regulated by any additional jurisdiction or regulatory authority, or being subject to any additional legal requirement or regulation considered by the Issuer to be materially onerous to it, the Issuer having given not less than 10 nor more than 30 calendar days' notice (or such other notice period as may be specified in the applicable Pricing Supplement) to the Warrantheolders in accordance with Warrant Condition 11 (Notices) (which notice shall be irrevocable) may (such option being a "**Regulatory Cancellation**"), on the expiry of such notice cancel all, but not some only, of the Warrants, each Warrant being cancelled at the Early Cancellation Amount referred to in Warrant Condition 6.3 below. Payment shall be made in such manner as shall be notified to Warrantheolders in accordance with Warrant Condition 11 (Notices).

6.3 Force Majeure or act of State

In the event that the Calculation Agent determines that by reason of a Force Majeure Event occurring after the Issue Date it becomes impossible or impracticable for the Issuer, the Guarantor or the Calculation Agent to perform in whole or in part its obligations under the Warrants and/or any related hedging arrangements, the Issuer may (such option being a "**Force Majeure Cancellation**"), having given not less than 10 nor more than 30 calendar days' notice (or such other notice period as may be specified in the applicable Pricing Supplement) to the Warrantheolders in accordance with Warrant Condition 11 (Notices) (which notice shall be irrevocable), on the expiry of such notice cancel all, but not some only, of the Warrants, each Warrant being cancelled at the Early Cancellation Amount. Payment shall be made in such manner as shall be notified to Warrantheolders in accordance with Warrant Condition 11 (Notices).

As used herein:

"**Affiliate**" means, in relation to any entity (the "**First Entity**"), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes "**control**" means ownership of a majority of the voting power of an entity or person or, if the Calculation Agent determines appropriate, the power to direct or cause the direction of the management and policies of the First Entity, whether by contract, or otherwise.

"**Associated Costs**" means, in respect of a Warrant, an amount equal to such Warrant's *pro rata* share of the total amount of any and all Costs associated or incurred by the Issuer, any Affiliate and/or Hedging Party (as applicable) in connection with such early cancellation, including, without limitation, any Costs associated with unwinding, substituting, re-establishing and/or incurring any funding relating to the Warrants and any Costs associated with unwinding, substituting, re-establishing and/or incurring any hedge positions relating to the Warrant, all as determined by the Calculation Agent in its discretion.

"**Early Cancellation Amount**" means, in respect of a Warrant, the fair market value of such Warrant plus any Exercise Price paid in respect of such Warrant, less any Associated Costs, as determined by the Calculation Agent in its discretion.

"**Force Majeure Event**" means an event or circumstance which prevents in whole or in part the performance by the Issuer, the Guarantor and/or the Calculation Agent of its obligations under the Warrants and/or related hedging arrangements including, without limitation a system failure, fire, natural or man-made disaster, act of God, act of State, armed conflict, act of terrorism, riot or labour disruption.

"**Hedging Party**" means the Issuer and/or any Affiliate and/or any other party which conducts hedging arrangements in respect of the Issuer's obligations in respect of the Warrants from time to time.

6.4 Early Cancellation at the Option of the Issuer

If Issuer Early Cancellation is specified as being applicable in the applicable Pricing Supplement, the Issuer may, subject to and in accordance with, the terms specified in the applicable Pricing Supplement, having given (a) not less than 15 nor more than 30 calendar days' notice to the Warrantheolders in accordance with Warrant Condition 11 and (b) not less than 15 calendar days before the giving of the notice referred to in (a) above, notice to the Principal Warrant Agent (or such other

General Terms and Conditions of the Warrants

notice periods as may be specified in the applicable Pricing Supplement) (which notices shall be irrevocable and shall specify the date fixed for cancellation), cancel all of the Warrants then outstanding on any Issuer Early Cancellation Date and at the Issuer Early Cancellation Amount(s) specified in, or determined in the manner specified in, the applicable Pricing Supplement. The Issuer Early Cancellation Amount will be the amount specified in the applicable Pricing Supplement.

6.5 Early cancellation for tax reasons

The Issuer may cancel (such option being referred to as a "**Tax Cancellation**") all, but not some only, of the Warrants at any time, on giving not less than 10 nor more than 30 calendar days' notice (or such other notice period as may be specified in the applicable Pricing Supplement) to the Principal Warrant Agent and, in accordance with Warrant Condition 11 (Notices), the Warrantholders (which notice shall be irrevocable), if:

- (a) in respect of any future payment by the Issuer which may arise in respect of the Warrants, the Issuer has or will become obliged to account for any tax, duty, withholding or other payment as provided or referred to in Warrant Condition 9 (Expenses and Taxation) or the Guarantor, if making payment itself would be or would become obliged to account for any tax, duty, withholding or other payment as provided or referred to in Warrant Condition 9 (Expenses and Taxation); and
- (b) such obligation cannot be avoided by the Issuer or, as the case may be, the Guarantor taking reasonable measures available to it. Reasonable measures shall not include anything which has any material impact on the business of the Issuer or the Guarantor, as the case may be, or which would cause the Issuer or the Guarantor, as the case may be, to incur any material costs, and

provided that no such notice of cancellation shall be given earlier than 30 days prior to the earliest date on which the Issuer or, as the case may be, the Guarantor would be obliged to account for such tax, duty, withholding or other payment were a payment in respect of the Warrants then due.

Warrants cancelled pursuant to this Warrant Condition will be cancelled at their Early Cancellation Amount referred to in Warrant Condition 6.3 above. Payment shall be made in such manner as shall be notified to Warrantholders in accordance with Warrant Condition 11 (Notices).

7. EVENTS OF DEFAULT

7.1 If (a) any of the following events shall occur and be continuing and (b) holders of at least twenty-five per cent. (25%) (by number) of the Warrants then outstanding so request the Issuer by notice in relation to the same event given in accordance with Warrant Condition 11 (Notices), then upon the date of such notice requirement in (b) above being satisfied or, in the case of an event as described in (ii) above, on expiry of the relevant time period specified therein, the relevant event shall be treated as an "Event of Default" and unless (in the case of (i) or (ii) above) the relevant default(s) or failure(s) shall have been cured by the Issuer or the Guarantor prior to receipt of such written notice, all but not some only of the Warrants shall be cancelled at an amount in respect of each Warrant equal to the fair market value of a Warrant, calculated without regard to the creditworthiness of the Issuer or the Guarantor at such time, less any Associated Costs all as determined by the Calculation Agent in its discretion. For the purposes of (a) above, the relevant events are:

- (i) default is made for a period of 30 days or more in the payment of any cash settlement or delivery of any Entitlement due in respect of the Warrants or any of them. The Issuer and Guarantor shall not, however, be in default if such sums were not paid or such Entitlement was not delivered in order to comply with a mandatory law, regulation or order of any court of competent jurisdiction. Where there is doubt as to the validity or applicability of any such law, regulation or order, the Issuer or, as the case may be, the Guarantor will not be in default if it acts on the advice given to it during such 30 day period by an independent legal adviser; or
- (ii) the Issuer or the Guarantor fails to perform or observe any of its other obligations under the Warrants, the Guarantee or the Warrant Agreement (as the case may be) and such failure continues for the period of 60 days next following the notice requirement as described in (b) above being satisfied; or

General Terms and Conditions of the Warrants

- (iii) an effective resolution is passed or an order is made for the winding-up or dissolution of the Issuer or the Guarantor (except for the purposes of a reconstruction or amalgamation where the entity resulting from such reconstruction or amalgamation assumes all the rights and obligations of, as the case may be, the Issuer (including its obligations under the Warrants) or the Guarantor (including its obligations under the Guarantee)).

7.2 Any default by the Issuer or the Guarantor, other than the events described in Warrant Condition 7.1(i), may be waived by the written consent of holders of a majority (by number) of the Warrants then outstanding affected thereby, or by resolution adopted by a majority (by number) of such Warrants then outstanding present or represented at a meeting of holders of the Warrants affected thereby at which a quorum is present, as provided in the Warrant Agreement.

8. PURCHASES

The Issuer, the Guarantor or any of their respective Affiliates (as defined above) may, but is not obliged to, at any time purchase Warrants at any price in the open market or otherwise, in accordance with applicable laws and regulations. Such Warrants may be held, reissued, resold or, at the option of the Issuer or the Guarantor, surrendered for cancellation.

9. EXPENSES, TAXATION AND PROVISION OF INFORMATION

9.1 A holder of Warrants must pay all Exercise Expenses relating to such Warrants as provided above.

9.2 Neither the Issuer nor the Guarantor shall be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, exercise or enforcement of any Warrant and/or, if applicable, the delivery or transfer of the Entitlement relating to such Warrant, and all payments made by the Issuer or Guarantor shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted.

9.3 Notwithstanding any other provision in the Conditions, the Issuer or, as the case may be, the Guarantor or the relevant Paying Agent shall be permitted to withhold or deduct any amounts required: (a) pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code (or any regulations thereunder or official interpretations thereof) or an intergovernmental agreement between the United States and another jurisdiction facilitating the implementation thereof (or any law implementing such an intergovernmental agreement); and (b) pursuant to Section 871(m) of the Code. Any such amounts withheld or deducted will be treated as paid for all purposes under the Warrants, and no additional amounts will be paid on the Securities with respect to any such withholding or deduction.

10. AGENTS

The names of the initial Warrant Agents and their initial specified offices are set out below. If any additional Agents are appointed in connection with any Series, the names of such Agents will be specified in Part B of the applicable Pricing Supplement.

10.1 Warrant Agents

Each of the Issuer and the Guarantor reserves the right to vary or terminate the appointment of any Warrant Agent and/or approve any change in the specified office through which any Warrant Agent acts and/or appoint additional or other Warrant Agents, provided that:

- (A) there will at all times be a Principal Warrant Agent; and
- (B) so long as the Warrants are listed on any stock exchange or admitted to trading by any other relevant authority, there will at all times be a Warrant Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or other relevant authority.

Notice of any variation, termination, appointment or change in Warrant Agent will be given to the Warrantholders of the relevant Series of Warrants promptly by the Issuer in accordance with Warrant Condition 11 (Notices).

General Terms and Conditions of the Warrants

In acting under the Warrant Agreement, the Agents act solely as agents of the Issuer and the Guarantor, and do not assume any obligation to, or relationship of agency or trust with, any Warrantheolders. The Warrant Agreement contains provisions permitting any entity into which any Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor Agent.

10.2 Calculation Agent

In relation to each issue of Warrants, the Calculation Agent acts solely as agent of the Issuer and the Guarantor and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Warrantheolders. All calculations and determinations made in respect of the Warrants by the Calculation Agent under the Conditions shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the Guarantor and the Warrantheolders.

In exercising its discretion under the Conditions, the Calculation Agent shall act in good faith and in a commercially reasonable manner. The exercise of the Calculation Agent's discretion under the Conditions are necessary because certain circumstances or events (e.g. a material modification or disruption to the underlying asset or reference basis to which the Warrants are linked) may occur subsequent to the issuance of the Warrants or the time at which hedging arrangements are made which may materially affect the costs to the Issuer and/or a Hedging Party of maintaining the relevant Warrants or relevant hedging arrangements. Such circumstances or events may not have been reflected in the pricing of the Warrants. In addition, as a result of certain circumstances or events (e.g. price unavailability or material disruption to any reference source) it may no longer be reasonably practicable or otherwise appropriate for certain valuations in respect of the underlying asset or otherwise reference basis to be made in connection with the Warrants, and thus making it necessary for the Calculation Agent to exercise its discretion in such a case.

The Calculation Agent may, with the consent of the Issuer, delegate any of its obligations and functions to a third party as it deems appropriate.

10.3 Determinations by the Issuer or the Guarantor

The Issuer's ability to perform its obligations under the Warrants may be hedged by the Issuer entering into certain hedging arrangements with a Hedging Party. In relation to the discretion of the Issuer in respect of the method of settlement under the Conditions, the exercise of any such discretion is necessary to enable the Issuer to settle the Warrants taking into account its hedging arrangements. Certain events (e.g. failure by the Hedging Party to deliver the relevant underlying assets) beyond the control of the Issuer may occur and such events may materially increase the costs of the Issuer to perform its obligations under the Warrants and consequently require modifications or other actions under the Warrants.

In exercising its discretion under the Conditions, the Issuer or the Guarantor, as the case may be, shall act in good faith and in a commercially reasonable manner. The exercise of the Issuer's or the Guarantor's discretion under the Conditions is necessary because certain circumstances or events (e.g. material modification or disruption to the underlying asset or reference basis to which the Warrants are linked) may occur subsequent to the issuance of the Warrants or the time at which hedging arrangements are made which may materially affect the costs to the Issuer and/or a Hedging Party of maintaining the relevant Warrants or relevant hedging arrangements. Such circumstances or events may not have been reflected in the pricing of the Warrants. In addition, as a result of certain circumstances or events (e.g. price unavailability or material disruption to any reference source), it may no longer be reasonably practicable or otherwise appropriate for certain valuations in respect of the underlying asset or otherwise reference basis to be made in connection with the Warrants, and thus making it necessary for the Issuer or the Guarantor to exercise its discretion in such a case.

Any determination made by the Issuer or the Guarantor pursuant to the Conditions shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the Guarantor and the Warrantheolders.

11. NOTICES

All notices regarding the Warrants will be deemed to be validly given if published in one leading English language daily newspaper of general circulation in London. It is expected that such publication will be made in the Financial Times in London. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange or any other relevant authority on which the Warrants are for the time being listed or by

General Terms and Conditions of the Warrants

which they have been admitted to listing. For as long as there are Warrants listed on the Official List of the Luxembourg Stock Exchange and admitted to trading on the Euro MTF Market of the Luxembourg Stock Exchange, and the rules of the Luxembourg Stock Exchange so require, all notices relating to such Warrants will be published on the Luxembourg Stock Exchange's website (www.bourse.lu). Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers. If publication as provided above is not practicable, notice will be given in such other manner as the Issuer deems appropriate. Any such notice will be deemed to have been given on the date of such notice.

Notice may be given (and so long as the rules of any stock exchange on which the Warrants are listed, or the rules of any other relevant authority by which the Warrants have been admitted to listing, permit) by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg (instead of by way of publication or mailing) for communication by them to the holders of the Warrants provided that, in addition, for so long as any Warrants are listed on a stock exchange or admitted to listing by any other relevant authority and the rules of that stock exchange or other relevant authority so require, such notice will be published in the manner required by the rules of that stock exchange or other relevant authority. Any such notice shall be deemed to have been given to the holders of the Warrants on the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg, as the case may be.

Notices to be given by any Warrantholder shall be given to the Principal Warrant Agent through Clearstream, Luxembourg or Euroclear, as the case may be, in writing or by facsimile or electronically or in such other manner as the Principal Warrant Agent, Clearstream, Luxembourg, and/or Euroclear, as the case may be, may approve for this purpose.

12. SUBSTITUTION

12.1 Substitution of Issuer

The Issuer (or any previously substituted company as issuer from time to time) shall, without the consent of the Warranholders, be entitled at any time to substitute for the Issuer any other company (the "**Substitute Issuer**") as principal obligor in respect of all obligations arising from or in connection with the Warrants provided that (i) all actions, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Warrants represent valid, legally binding and enforceable obligations of the Substitute Issuer have been taken, fulfilled and done and are in full force and effect; (ii) the Substitute Issuer shall have assumed all obligations arising from or in connection with the Warrants and shall have become a party to the Warrant Agreement, with any consequential amendments, as if it had been an original party to it; (iii) the obligations of the Substitute Issuer in respect of the Warrants shall be unconditionally and irrevocably guaranteed by the Guarantor; (iv) each stock exchange or listing authority on which the Warrants are listed shall have confirmed that following the proposed substitution of the Substitute Issuer, the Warrants would continue to be listed on such stock exchange; and (v) the Issuer shall have given at least 14 calendar days' prior notice of the date of such substitution to the Warranholders in accordance with Warrant Condition 11 (Notices).

12.2 Substitution of Guarantor

The Guarantor (or any previously substituted company as guarantor from time to time) shall, without the consent of the Warranholders, be entitled at any time to substitute for the then Guarantor (the "**Current Guarantor**") any other company (the "**Substitute Guarantor**") as guarantor in respect of all obligations of the Issuer in respect of the Warrants provided that (i) the creditworthiness of the Substitute Guarantor at such time is at least equal to the creditworthiness of Santander UK plc (or if different, of the Current Guarantor), as determined in good faith by the Guarantor by reference to, *inter alia*, the long term senior debt ratings (if any) assigned by Standard & Poor's Ratings Services, a division of The McGraw Hill Companies, Inc., and/or Moody's Investors Service Ltd. and/or Fitch Ratings Limited, or any successor rating agent or agencies thereto, to the Substitute Guarantor, (ii) the Substitute Guarantor having entered into a guarantee (the "**Substitute Guarantee**") in respect of the Warrants in substantially the same form as the Guarantee and such other documents (if any) as may be necessary to give full effect to the substitution (the "**Documents**") and (without limiting the generality of the foregoing) pursuant to which the Substitute Guarantor shall undertake in favour of each Warranholder to be bound by these Warrant Conditions and the provisions of the Warrant Agreement as fully as if the Substitute Guarantor had been named in these Warrant Conditions, the Documents and the Warrant Agreement as the guarantor in respect of the Warrants in place of Santander UK plc (or if different, of the Current Guarantor); (iii) the Substitute Guarantee and the Documents

General Terms and Conditions of the Warrants

having been delivered to the Principal Warrant Agent; (iv) each stock exchange or listing authority on which the Warrants are listed shall have confirmed that following the proposed substitution of the Substitute Guarantor, the Warrants would continue to be listed on such stock exchange; and (v) the Guarantor shall have given at least 14 calendar days' prior notice of the date of such substitution to the Warrantholders in accordance with Warrant Condition 11 (Notices).

12.3 Substitution of Branch

The Issuer shall have the right upon notice to the Warrantholders in accordance with Warrant Condition 11 (Notices) to change the branch or office through which it is acting for the purpose of the Warrants, the date of such change to be specified in such notice provided that no change can take place prior to the giving of such notice.

13. MEETINGS OF WARRANTHOLDERS AND MODIFICATIONS

The Warrant Agreement contains provisions for convening meetings of the Warrantholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Warrant Agreement) of a modification of the Warrants or any of the provisions of the Warrant Agreement or the Guarantee. Such a meeting may be convened by the Issuer or the Guarantor at any time and shall be convened by the Issuer at the request of Warrantholders holding not less than five per cent. (5%) (by number) of the Warrants for the time being outstanding. The quorum at any such meeting (i) in respect of matters other than the passing of an Extraordinary Resolution (as described in (ii) below), is one or more persons holding or representing in the aggregate not less than twenty per cent. (20%) in nominal amount or number of unit of the N&C Securities for the time being outstanding, or, at any adjourned such meeting two or more persons present in person and holding warrants (or voting certificates or proxy), or (ii) for passing an Extraordinary Resolution is one or more persons holding or representing in the aggregate not less than fifty per cent. (50%) (by number) of the Warrants for the time being remaining unexercised, or at any adjourned such meeting two or more persons holding or representing in the aggregate not less than 10 per cent. (10%) (by number) of the Warrants for the time being remaining unexercised. The Warrant Agreement provides that (i) a resolution passed at a meeting duly convened and held in accordance with the Warrant Agreement by a majority consisting of not less than three-fourths of the votes cast on such resolution, (ii) a resolution in writing signed by or on behalf of the holders of not less than three-fourths in number of the Warrants for the time being outstanding or (iii) consent given by way of electronic consents through the relevant clearing system(s) (in a form satisfactory to the Warrant Agent) by or on behalf of the holders of not less than three-fourths in number of the Warrants for the time being remaining unexercised, shall, in each case, be effective as an Extraordinary Resolution of the Warrantholders. An Extraordinary Resolution passed by the Warrantholders will be binding on all the Warrantholders, whether or not they are present at any meeting and whether or not they voted on the resolution.

The Principal Warrant Agent and the Issuer may agree, without the consent or sanction of the Warrantholders to:

- (A) any modification of (except as mentioned above) the provisions of the Warrants or the Warrant Agreement which is not prejudicial to the interests of the Warrantholders; or
- (B) any modification of any of the provisions of these Conditions, the Warrants or the Warrant Agreement which is of a formal, minor or technical nature or is made to correct a manifest or proven error or is to comply with mandatory provisions of applicable law.

Any such modification shall be binding on the Warrantholders and any such modification shall be notified to the Warrantholders in accordance with Warrant Condition 11 (Notices) as soon as practicable thereafter.

14. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Warrantholders to create and issue further Warrants having terms and conditions the same as the Warrants or the same in all respects save for the issue price and date of issue thereof and so as to be consolidated and form a single Series with the outstanding Warrants.

General Terms and Conditions of the Warrants

15. REDENOMINATION

If redenomination is specified as applicable in the applicable Pricing Supplement, the Issuer may, without the consent of the Warrantholders, on giving prior notice to the Principal Warrant Agent, Euroclear and Clearstream, Luxembourg and at least 30 days' prior notice to the Warrantholders in accordance with Warrant Condition 11 (Notices):

- (A) elect that, with effect from the Adjustment Date specified in the notice, certain terms of the Warrants shall be redenominated in euro;

The election will have effect as follows:

- (b) where the Exchange Rate and/or any other terms of these Conditions are expressed in or, in the case of the Exchange Rate, contemplate the exchange from or into, the currency (the "**Original Currency**") of a country which is participating in the third stage of European Economic and Monetary Union, such Exchange Rate and/or any other terms of the Conditions shall be deemed to be expressed in or, in the case of the Exchange Rate, converted from or, as the case may be into, euro at the Established Rate; and

- (B) require that the Calculation Agent make such adjustments to the weighting and/or the Settlement Price and/or the Exercise Price and/or any other terms of the Conditions and/or the Pricing Supplement as the Calculation Agent, may determine to be appropriate to account for the effect of the third stage of European Economic and Monetary Union on the weighting and/or the Settlement Price and/or the Exercise Price and/or such other terms of the Conditions.

Notwithstanding the foregoing, none of the Issuer, the Guarantor, if any, the Calculation Agent and the Warrant Agents shall be liable to any Warrantholder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith;

- (a) require the Calculation Agent to determine an exchange rate (or alternative method for determining the exchange rate) for conversion of that Reference Item Currency into the Specified Currency or Settlement Currency, as applicable, taking into consideration all available information that, acting in good faith and in a commercially reasonable manner, it deems relevant and/or make such other adjustments to the Conditions as it determines appropriate to account for the Currency Event; and/or

"Reference Items" means any equity security, index, fund, reference entity and/or obligation, inflation index, commodity, commodity index, property index or other relevant asset or reference basis to which the Securities are linked (in whole or in part).

In the event that a Reference Item Currency in respect of a Reference Item ceases to be the currency most closely associated with such Reference Item (in the determination of the Calculation Agent), the Issuer may determine the appropriate adjustment(s), if any, to be made to any one or more of the Conditions to account for such circumstance and determine the effective date of such adjustment(s). Details of any such adjustment(s) shall be notified to Securityholders in accordance with N&C Security Condition 14 (Notices) or Warrant Condition 11 (Notices), as applicable, provided that any failure by the Issuer to provide such notice shall not affect the validity of any such adjustment(s).

"Valuation Postponement" means, in respect of any Valuation Date, that the Calculation Agent will determine the Specified Rate on first succeeding FX Business Day that is not a Disrupted Day, unless each of the number of consecutive FX Business Days equal to the Specified Maximum Days of Disruption immediately following the Scheduled Valuation Date is a Disrupted Day. In that case:

- (i) the last such consecutive FX Business Day shall be deemed to be the relevant Valuation Date, notwithstanding the fact that such day is a Disrupted Day; and
- (ii) the Calculation Agent shall determine the relevant Specified Rate on such day in accordance with the next applicable Disruption Fallback or if no such Disruption Fallback is specified in the applicable Pricing Supplement, Calculation Agent Determination.

"**Potential Adjustment Event**" means any of the following:

- (g) any other event having, in the opinion of the Calculation Agent, a diluting or concentrative effect on the theoretical value of the relevant Shares.

Following the declaration by the Basket Company or Share Company, as the case may be, of the terms of any Potential Adjustment Event, the Calculation Agent will, acting in good faith and in a commercially reasonable manner, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will (i) make the corresponding adjustment, if any, to any one or more of (a) any Relevant Asset and/or the Asset Amount (in each case with respect to Physical Delivery N&C Securities), (b) any Relevant Asset and/or Entitlement (in each case with respect to Physical Delivery Warrants) and/or (c) any of the other terms of the Conditions and/or the applicable Pricing Supplement as the Calculation Agent acting in good faith and in a commercially reasonable manner determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Share) and (ii) determine the effective date of that adjustment. In its determinations of the existence and extent of any dilutive or concentrative effect on the theoretical value of the Shares relating to any Potential Adjustment Event, and any related adjustments to the terms of the Securities, the Calculation Agent may take into account any amounts of Local Taxes that would, in the determination of the Calculation Agent, be withheld from or paid or otherwise incurred by an Offshore Investor in connection with such Potential Adjustment Event. The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange.

Upon the making of any such adjustment by the Calculation Agent, the Calculation Agent shall give notice as soon as reasonably practicable under the circumstances to (i) the Issuer and the Principal Paying Agent or Principal Warrant Agent,

Equity Annex

(b) **Consequences of an Extraordinary Event**

If any Extraordinary Event occurs in relation to a Share, the Issuer acting in good faith and in a commercially reasonable manner may take the action described in (i), (ii), or (iii) below:

- (i) require the Calculation Agent to determine, acting in good faith and in a commercially reasonable manner, the appropriate adjustment, if any, to be made to any one or more of (A) any Relevant Asset and/or the Asset Amount (in each case with respect to Physical Delivery N&C Securities), (B) any Relevant Asset and/or Entitlement (in each case with respect to Physical Delivery Warrants) and (C) or any of the other terms of the Conditions and/or the applicable Pricing Supplement to account for such Extraordinary Event, as the case may be, and determine the effective date of that adjustment. The relevant adjustments may include, without limitation, adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares or to the Securities, or selecting a replacement share and making any relevant adjustments in relation thereto. The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Extraordinary Event made by any options exchange to options on the Shares traded on that options exchange and the Calculation Agent may take into account any amounts of Local Taxes that would, in the determination of the Calculation Agent, be withheld from or paid or otherwise incurred by an Offshore Investor in connection with such Extraordinary Event; or
- (ii) where the Securities relate to a basket of Shares or assets, on giving notice to Securityholders in accordance with N&C Security Condition 14 (Notices) or Warrant Condition 11 (Notices), as applicable, redeem (in the case of N&C Securities) or cancel, as the case may be, each Security in part. If a Security is so redeemed (in the case of N&C Securities) or cancelled in part the portion (the **"Partial Amount"**) of each such Security representing the

Equity Annex

affected Share(s) shall be redeemed (in the case of N&C Securities) or cancelled, as the case may be, and the Issuer will (x) pay to each Securityholder in respect of each Security held by him an amount equal to the fair market value of the Partial Amount, taking into account prevailing market prices and/or exchange prices of the affected Share and/or the relevant Extraordinary Event less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner and (y) require the Calculation Agent to determine, acting in good faith and in a commercially reasonable manner, the appropriate adjustment, if any, to be made to any of the terms of the Conditions and/or the applicable Pricing Supplement to account for such redemption (in the case of N&C Securities) or cancellation in part. For the avoidance of doubt the remaining part of each such Security after redemption (in the case of N&C Securities) or cancellation and adjustment shall remain outstanding with full force and effect (if applicable, as so adjusted). Payments will be made in such manner as shall be notified to the Securityholders in accordance with N&C Security Condition 14 (Notices) or Warrant Condition 11 (Notices), as applicable; or

- (iii) on giving notice to Securityholders in accordance with N&C Security Condition 14 (Notices) or Warrant Condition 11 (Notices), as applicable, redeem (in the case of N&C Securities) or cancel (in the case of Warrants) all but not some only of the Securities, each Security being redeemed, in the case of N&C Securities, or cancelled, in the case of Warrants, at the Early Redemption Amount, in the case of N&C Securities, or Early Cancellation Amount, in the case of Warrants, which shall be determined by taking into account the relevant Extraordinary Event all as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner. Payments will be made in such manner as shall be notified to the Securityholders in accordance with N&C Security Condition 14 (Notices) or Warrant Condition 11 (Notices), as applicable; or
- (iv) following such adjustment to the settlement terms of options on the Shares traded on such exchange(s) or quotation system(s) as the Issuer in its sole discretion shall select (the "**Options Exchange**"), require the Calculation Agent to make a corresponding adjustment to any one or more of (A) any Relevant Asset and/or the Asset Amount (in each case with respect to Physical Delivery N&C Securities), (B) any Relevant Asset and/or Entitlement (in each case with respect to Physical Delivery Warrants) and/or (C) any of the other terms of the Conditions and/or the applicable Pricing Supplement, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Options Exchange. If options on the Shares are not traded on the Options Exchange, the Calculation Agent will make such adjustment, if any, to any one or more of (I) any Relevant Asset and/or the Asset Amount (in each case with respect to Physical Delivery N&C Securities), (II) any Relevant Asset and/or Entitlement (in each case with respect to Physical Delivery Warrants) and/or (III) any of the other terms of the Conditions and/or the applicable Pricing Supplement as the Calculation Agent acting in good faith and in a commercially reasonable manner determines appropriate, with reference to the rules and precedents (if any) set by the Options Exchange to account for such Extraordinary Event, as the case may be, that in the determination of the Calculation Agent would have given rise to an adjustment by the Options Exchange if such options were so traded; or
- (v) if the applicable Pricing Supplement provides that "Share Substitution" is applicable, then on or after the relevant Merger Date, Tender Offer Date, or such other appropriate date (taking into account the Extraordinary Event) as the Calculation Agent may select, the Calculation Agent may adjust the terms of the Conditions and/or the applicable Pricing Supplement to include a share selected by it in accordance with the criteria for share selection set out below (the "**Substitute Shares**") in place of the Share(s) (the "**Affected Share(s)**") which are affected by the relevant Extraordinary Event and the Substitute Shares will be deemed to be "**Shares**" and the relevant issuer of such shares, a "**Share Company**" or a "**Basket Company**" for the purposes of the Securities, and the Calculation Agent will make such adjustment, if any, to the Relevant Asset, the Asset Amount, in the case of N&C Securities, the Entitlement, in the case of Warrants, any weighting applied to the Substitute Shares, any of the terms of the Conditions and/or the applicable Pricing Supplement as the Calculation Agent acting in good faith and in a commercially reasonable manner determines appropriate and shall determine the effective date (the "**Substitution Date**") for such substitution, provided that in the event that any amount payable under the Securities was to be determined by reference to an initial price or value of the Affected Share (the "**Initial Price**"), and unless the Calculation Agent determines this would be inappropriate or impracticable (in which

Equity Annex

case, the Calculation Agent may select such other methodology as it determines appropriate), the Initial Price of each Substitute Share will be determined by the Calculation Agent in accordance with the following formula;

$$\text{Initial Price} = A \times (B/C)$$

Where:

"A" is the official closing price of the relevant Substitute Share on the relevant Exchange on the Substitution Date;

"B" is the Initial Price of the relevant Affected Share; and

"C" is the official closing price of the relevant Affected Share on the relevant Exchange on the Substitution Date.

Such substitution and the relevant adjustment to the basket of Shares or assets will be deemed to be effective as of the date selected by the Calculation Agent (the "**Substitution Date**") acting in good faith and in a commercially reasonable manner and specified in the notice referred to in the final paragraph of this Equity Linked Condition 5 which may, but need not, be the Merger Date or Tender Offer Date or the date of such Extraordinary Event, as applicable.

Unless the Calculation Agent determines this would be inappropriate (in which case, the Calculation Agent may select such other methodology as it determines appropriate), the weighting of each Substitute Share will be equal to the weighting of the relevant Affected Share.

In order to be selected as a Substitute Share, the relevant share must be a share which, as determined in good faith and in a commercially reasonable manner by the Calculation Agent:

1. is not already comprised in the basket of Shares or assets;
2. the relevant issuer in respect of which belongs to a similar economic sector as the Share Company or Basket Company in respect of the Affected Share; and
3. the relevant issuer in respect of which is of comparable market capitalisation and international standing as the Share Company or Basket Company in respect of the Affected Share ignoring for this purpose the occurrence of the relevant Merger Event, Tender Offer or Extraordinary Event.

Upon the occurrence of an Extraordinary Event, the Issuer shall give notice as soon as practicable to the Securityholders in accordance with N&C Security Condition 14 (Notices) or Warrant Condition 11 (Notices), as applicable, stating the occurrence of the Extraordinary Event giving details thereof and the action proposed to be taken in relation thereto, *provided that* any failure to give, or non-receipt of, such notice will not affect the validity of the Extraordinary Event or the proposed action.

6. CORRECTION OF SHARE PRICE

With the exception of any corrections published after the day which is three (3) Exchange Business Days prior to the Maturity Date, in the case of N&C Securities, or Settlement Date, in the case of Warrants, if the price of the relevant Share published on a given day and used or to be used by the Calculation Agent to make any determination under the Securities, is subsequently corrected and the correction published by the relevant Exchange within one Settlement Cycle after the original publication, the Calculation Agent may make any adjustments to the Conditions and/or adjust any subsequent payments under the Securities, as it may determine appropriate to take into account such correction(s). The price to be used shall be the price of the relevant Share as so corrected. Corrections published after the day which is three (3) Exchange Business Days prior to a due date for payment under the Securities calculated by reference to the price of a Share, will be disregarded by the Calculation Agent for the purposes of determining the relevant amount to be paid.

Consequences of an Additional Disruption Event

- (a) If an Additional Disruption Event occurs, the Issuer acting in good faith and in a commercially reasonable manner may take the action described in (i), or (ii) below:
 - (i) require the Calculation Agent to determine acting in good faith and in a commercially reasonable manner the appropriate adjustment, if any, to be made to any one or more of (A) any Relevant Asset and/or the Asset Amount (in each case with respect to Physical Delivery N&C Securities), (B) any Relevant Asset and/or Entitlement (in each case with respect to Physical Delivery Warrants) and/or (C) any of the other terms of the Conditions and/or the applicable Pricing Supplement to account for the Additional Disruption Event and determine the effective date of that adjustment. Without limitation, the Calculation Agent may take into account any amounts of Local Taxes that would, in the determination of the Calculation Agent, be withheld from or paid or otherwise incurred by an Offshore Investor in connection with such Additional Disruption Event; or
 - (ii) redeem or cancel the Securities, as the case may be, by giving notice to the Securityholders in accordance with N&C Security Condition 14 (Notices) or Warrant Condition 11 (Notices), as applicable. If the Securities are so redeemed or cancelled, as the case may be, the Issuer will pay an amount to each Securityholder in respect of each Security held by him which amount shall be the Early Redemption Amount, in the case of N&C Securities, or Early Cancellation Amount, in the case of Warrants, determined by taking into account the Additional Disruption Event. Payments will be made in such manner as shall be notified to the Securityholders in accordance with N&C Security Condition 14 (Notices) or Warrant Condition 11 (Notices), as applicable.
- (b) Upon the occurrence of an Additional Disruption Event, the Issuer shall give notice as soon as practicable to the Securityholders in accordance with N&C Security Condition 14 (Notices) or Warrant Condition 11 (Notices), as applicable stating the occurrence of the Additional Disruption Event giving details thereof and the action proposed to be taken in relation thereto provided that any failure to give, or non-receipt of, such notice will not affect the validity of the Additional Disruption Event or the proposed action.

Subject thereto, Euroclear or Clearstream, Luxembourg as the case may be will confirm to the Principal Paying Agent the series number and number of N&C Securities which are the subject of such notice, the relevant account details and the details for the delivery of the Asset Amount of each N&C Security. Upon receipt of such confirmation, the Principal Paying Agent will inform the Issuer thereof. Euroclear or Clearstream, Luxembourg as the case may be will on or before the Delivery Date debit the securities account of the relevant N&C Securityholder with the relevant N&C Securities.

(3) Determinations and Delivery Expenses

Any determination as to whether an Asset Transfer Notice is duly completed and in proper form shall be made, in the case of N&C Securities represented by a Global N&C Security, by Euroclear or Clearstream, Luxembourg, as the case may be or, in the case of N&C Securities in definitive form, by the relevant Paying Agent or the Registrar, as the case may be, in each case in consultation with the Principal Paying Agent, and shall be conclusive and binding on the Issuer, the Principal Paying Agent(s) and the relevant N&C Securityholder. Subject as set out below, any Asset Transfer Notice so

Equity Annex

determined to be incomplete or not in proper form, or which is not copied to the Principal Paying Agent immediately after being delivered or sent as provided in paragraph (1) above, shall be null and void.

If such Asset Transfer Notice is subsequently corrected to the satisfaction of, in the case of N&C Securities represented by a Global N&C Security, Euroclear or Clearstream, Luxembourg, as the case may be, or, in the case of N&C Securities in definitive form, by the relevant Paying Agent or the Registrar, as the case may be, in each case in consultation with the Principal Paying Agent, it shall be deemed to be a new Asset Transfer Notice submitted at the time such correction was delivered as provided above.

No Asset Transfer Notice may be withdrawn after receipt thereof by the relevant Clearance System, the Registrar or a Paying Agent, as the case may be, as provided above. After delivery of an Asset Transfer Notice, the relevant N&C Securityholder may not transfer the N&C Securities which are the subject of such notice.

All costs, taxes, duties and/or expenses including any applicable depositary charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or other costs, duties or taxes which the Calculation Agent determines may be or would be, or would have been incurred (i) in connection with the redemption of the N&C Securities and/or the delivery of the Asset Amount in respect of such N&C Securities and (ii) by the Issuer or any Affiliate had such entity unwound or varied any underlying related hedging arrangements in respect of the N&C Security ("**Delivery Expenses**") shall be for the account of the relevant N&C Securityholder and no Asset Amount will be deliverable until the relevant Delivery Expenses have been met or otherwise accounted for to the satisfaction of the Issuer.

- (4) Delivery
 - (a) Subject to:
 - (i) an Asset Transfer Notice having been duly delivered as provided above on or prior to the Equity Cut-Off Date; and
 - (ii) all Delivery Expenses having been paid or otherwise accounted for to the satisfaction of the Issuer by the relevant N&C Securityholder,

the Issuer shall, at the risk of the relevant N&C Securityholder, deliver or procure the delivery of the Asset Amount for each N&C Security, pursuant to the details specified in the Asset Transfer Notice or in such commercially reasonable manner as the Calculation Agent shall in its sole discretion determine and notify to the person designated by the N&C Securityholder in the relevant Asset Transfer Notice, on the date fixed for redemption (such date, subject to adjustment in accordance with this Equity Linked Condition, the "**Delivery Date**"). Where the Asset Transfer Notice stipulates that the Asset Amount should be delivered to a specified clearing system, the Issuer's or the Guarantor's obligation to deliver such Asset Amount will be discharged by delivery to, or to the order of, the relevant clearing system and each of the persons shown in the records of the relevant clearing system as the account holder must look solely to the relevant clearing system for his share of any Asset Amount so delivered.

- (b) If a N&C Securityholder fails to give an Asset Transfer Notice as provided herein with a copy to the Principal Paying Agent, on or prior to the Equity Cut-Off Date, then:
 - (i) the Issuer may elect, in its sole discretion to deliver or procure the delivery of the aggregate Asset Amounts for all such affected N&C Securities, at the risk of the relevant N&C Securityholder, to, or to the order of, the relevant Clearance System(s) in which the N&C Securities are held (and this may be after the date fixed for redemption) and its obligation to deliver any such Asset Amount so delivered shall be discharged thereby. Each of the persons

Equity Annex

shown in the records of the relevant Clearance System as the holder of a particular amount of the N&C Securities must look solely to the relevant Clearance System for his share of each such Asset Amount so delivered to, or to the order of, such Clearance System. For the purposes of paragraph (5) below, each Clearance System will be deemed to be a single N&C Securityholder and each Clearance System will be requested to divide and deliver such Asset Amounts in accordance with its rules; or

- (ii) the Asset Amount will be delivered as soon as practicable after the date fixed for redemption (in which case, such date of delivery shall be the Delivery Date) at the risk of such N&C Securityholder in the manner provided in paragraph (a) above. For the avoidance of doubt, in such circumstances such N&C Securityholder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Delivery Date falling after the date fixed for redemption and no liability in respect thereof shall attach to the Issuer.
- (c) To the extent that the Issuer is not satisfied that the Delivery Expenses have been or will be paid in full by the relevant N&C Securityholder on or prior to the relevant Delivery Date, the Issuer may, in its sole discretion, elect to reduce the Asset Amount(s) to be delivered by an amount(s) which by market value (determined at the time of reduction by reference to such valuation sources as the Issuer determines appropriate) in aggregate is at least equal to the aggregate Delivery Expenses that it determines, in its sole discretion, have not been paid or otherwise accounted for (the Asset Amount as so reduced, the "**Reduced Asset Amount**"). Where the Issuer elects to make such a reduction, in accordance with this Equity Linked Condition 11(A)(4)(c), the Issuer's obligation to deliver the Asset Amount(s) shall be discharged in full by delivery of the Reduced Asset Amount in accordance with the provisions of this Equity Linked Condition 11(A)(4). The provisions of paragraphs (5) and (6) of this Equity Linked Condition 11(A) and the provisions of Equity Linked Condition 11(B) shall apply *mutatis mutandis* to any such delivery of the Reduced Asset Amount.

(5) General

For the purpose of determining the Asset Amounts in respect of the N&C Securities, N&C Securities held by the same N&C Securityholder will be aggregated. The aggregate Asset Amount(s) to be delivered in respect of each such aggregated holding will be rounded down to the nearest whole unit of the Relevant Asset (or, where there is more than one type of Relevant Asset, each of the Relevant Assets), as the case may be, in such manner as the Calculation Agent shall determine. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered but in lieu thereof the Issuer shall pay to the N&C Securityholders in respect of their respective holding an additional amount in the Specified Currency equal to the fair market value of such fraction(s) in such manner as shall be determined by the Calculation Agent acting in good faith and in a commercially reasonable manner and notified to N&C Securityholders in accordance with N&C Security Condition 14 (Notices).

Following the Delivery Date of a Share all dividends on the relevant Shares to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the Delivery Date and to be delivered in the same manner as such relevant Shares. Any such dividends to be paid to a N&C Securityholder will be paid to the account specified by the N&C Securityholder in the relevant Asset Transfer Notice as referred to in Equity Linked Condition 11(A)(1) or otherwise paid to the relevant Clearance System for the account of N&C Securityholders.

For such period of time after delivery of the Asset Amount as the Issuer or any person acting on behalf of the Issuer shall continue to be the legal owner of the securities comprising the Asset Amount (the "**Intervening Period**"), none of the Issuer, the Paying Agents, the Registrar or any other person shall at any time (i) be under any obligation to deliver or procure delivery to any N&C Securityholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment

Equity Annex

whatsoever received by that person in respect of such securities or obligations, (ii) be under any obligation to exercise or procure exercise of any or all rights attaching to such securities or obligations or (iii) be under any liability to a N&C Securityholder in respect of any loss or damage which such N&C Securityholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities or obligations comprised in such Asset Amount or otherwise as specified in the applicable Pricing Supplement.

(6) Settlement Disruption

If, in the opinion of the Calculation Agent, delivery of the Asset Amount using the method of delivery specified in the applicable Pricing Supplement or such commercially reasonable manner as the Calculation Agent has determined is not practicable by reason of a Settlement Disruption Event (as defined below) having occurred and continuing on the Delivery Date, then the Delivery Date shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event unless there is a Settlement Disruption Event on each of the ten (10) Settlement Business Days immediately following the original date that, but for such Settlement Disruption Event, would have been a valid Delivery Date. In that case, (a) if the Asset Amount can be delivered in any other commercially reasonable manner, as determined by the Calculation Agent, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant N&C Security by delivering the Asset Amount using such other commercially reasonable manner as it may select and in such event the Delivery Date shall be the first day on which settlement of a sale of Relevant Assets comprising the Asset Amount executed on that tenth (10) Clearance System Business Day would customarily take place using such other commercially reasonable manner, and (b) if the Relevant Assets comprising the Asset Amount cannot be delivered in any other commercially reasonable manner, then the Delivery Date will be postponed until delivery can be effected in the manner contemplated in the Asset Transfer Notice or in any other commercially reasonable manner, as determined by the Calculation Agent. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Asset Amount, the Delivery Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Delivery Date. For so long as delivery of the Asset Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant N&C Security by payment to the relevant N&C Securityholder of the Disruption Cash Redemption Amount (as defined below) on the fifth (5th) Business Day following the date that notice of such election is given to the N&C Securityholders in accordance with N&C Security Condition 14 (Notices). Payment of the Disruption Cash Redemption Amount will be made in such manner as shall be notified to the N&C Securityholders in accordance with N&C Security Condition 14 (Notices). The Calculation Agent shall give notice as soon as practicable to the N&C Securityholders in accordance with N&C Security Condition 14 (Notices) that a Settlement Disruption Event has occurred. No N&C Securityholder shall be entitled to any payment in respect of the relevant N&C Security in the event of any delay in the delivery of the Asset Amount due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

- (7) If any Security represented by a Rule 144A Global N&C Security is to be redeemed by delivery of an Asset Amount, the relevant provisions relating to such delivery shall be set out in the applicable Pricing Supplement.

12. VARIATION OF SETTLEMENT

This Equity Linked Condition 12 will only apply to N&C Securities.

If the applicable Pricing Supplement indicates that the Issuer has the option to vary settlement in respect of the N&C Securities, the Issuer may acting in good faith and in a commercially reasonable manner in respect of each such N&C Security give notice pursuant to N&C Security Condition 14 (Notices) no later than the second (2) Business Day prior to the Maturity Date that the N&C Securities shall be (x) Cash Settled N&C Securities instead of Physical Delivery N&C Securities or (y) Physical Delivery N&C Securities instead of Cash Settled N&C Securities and in this case the provisions of Equity Linked Condition 1(b)(A) or (B) (*Equity Linked Redemption N&C Securities*) respectively shall apply.

Equity Index/ETF Annex

2. EXCHANGE TRADED FUNDS

These Equity Index/ETF Conditions will apply to any Exchange Traded Fund or ETF in relation to which they are specified as applying in the applicable Pricing Supplement. For each such Exchange Traded Fund a Related Index will be specified in the applicable Pricing Supplement. In this case all references to an Index in these Equity Index/ETF Conditions will be deemed to refer to each such Related Index.

3. MARKET DISRUPTION

"Market Disruption Event" means, in relation to Securities relating to a single Index or Exchange Traded Fund or basket containing any Index or Exchange Traded Fund:

- (a) in respect of a Composite Index:
 - (i) (x) the occurrence or existence, in respect of any Component Security, of:
 - (A) a Trading Disruption in respect of such Component Security, which the Calculation Agent determines is material, at any time during the one hour period that, for purposes of determining an Opening Level, begins at or, for purposes of determining a Closing Level, Intraday Level or Observation Level, ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded;
 - (B) an Exchange Disruption in respect of such Component Security, which the Calculation Agent determines is material, at any time during the one hour period that, for purposes of determining an Opening Level, begins at or, for purposes of determining a Closing Level, Intraday Level or Observation Level, ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded; or
 - (C) an Early Closure in respect of such Component Security; and
 - (y) the aggregate of all Component Securities in respect of which a Trading Disruption, an Exchange Disruption or an Early Closure occurs or exists comprises 20.00 per cent. or more of the level of such Index; or
- (ii) the occurrence or existence, in each case, in respect of futures or options contracts relating to such Index, of: (a) a Trading Disruption; (b) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one hour period that, for purposes of determining an Opening Level, begins at or, for purposes of determining a Closing Level, Intraday Level or Observation Level, ends at the Valuation Time in respect of the Related Exchange; or (c) an Early Closure.

For the purposes of determining whether a Market Disruption Event exists in respect of a Component Security at any time, if a Market Disruption Event occurs in respect of such Component Security at that time, then the relevant percentage contribution of that Component Security to the level of such Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that Component Security to (y) the overall level of such Index, in each case using the official opening weightings as published by the Index Sponsor as part of the market "opening data"; and

- (b) in the case of Non-Composite Indices or an ETF Share, the occurrence or existence of (1) at any time during the one hour period that, for purposes of determining an Opening Level, begins at or, for purposes of determining a Closing Level, Intraday Level or Observation Level ends at the relevant Valuation Time (i) a Trading Disruption or (ii) an Exchange Disruption, which in either case the Calculation Agent determines is material, or (2) an Early Closure.

Equity Index/ETF Annex

For the purposes of determining whether a Market Disruption Event exists at any time, if a Market Disruption Event occurs in respect of a Component Security included in such Index at any time, then the relevant percentage contribution of that Component Security to the level of such Index shall be based on a comparison of (x) the portion of the level of such Index attributable to that Component Security and (y) the overall level of the Index, in each case immediately before the occurrence of such Market Disruption Event. For the purposes of determining whether a Market Disruption Event in respect of such Index exists at any time, if a Market Disruption Event occurs in respect of a Component Security included in such Index at any time, then the relevant percentage contribution of that Component Security to the level of such Index shall be based on a comparison of (i) the portion of the level of such Index attributable to that Component Security and (ii) the overall level of the Index, in each case immediately before the occurrence of such Market Disruption Event. The Calculation Agent shall give notice as soon as practicable to the Securityholders in accordance with N&C Security Condition 14 (Notices) or Warrant Condition 11 (Notices), as applicable, of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day would have been an Averaging Date or a Valuation Date.

4. ADJUSTMENTS TO AN INDEX

(a) **Successor Index Sponsor Calculates and Reports an Index**

If a relevant Index is:

- (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent; or
- (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index,

then in each case that Index (the "**Successor Index**") will be deemed to be the Index.

(b) **Modification and Cessation of Calculation of an Index**

If, in the determination of the Calculation Agent,

- (i) on or prior to the last Valuation Date or the last Averaging Date or Scheduled Observation Date, the relevant Index Sponsor makes or announces that it will make a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation, contracts or commodities and other routine events) (an "**Index Modification**"); or
- (ii) the relevant Index Sponsor permanently cancels a relevant Index and no Successor Index exists (an "**Index Cancellation**"); or
- (iii) on any Valuation Date or any Averaging Date or Scheduled Observation Date, the Index Sponsor or (if applicable) the successor sponsor fails to calculate and announce a relevant Index (an "**Index Disruption**" and, together with an Index Modification and an Index Cancellation, and any Additional Index Adjustment Event, each an "**Index Adjustment Event**");

then the Issuer may take the action in (A), (B) or (C) below:

- (A) require the Calculation Agent to determine if such Index Adjustment Event has a material effect on the Securities and, if so, shall calculate the relevant Index/ETF Level using, in lieu of a published level for that Index, or the related ETF, the level for that Index or ETF as at the Valuation Time on that Valuation Date or Averaging Date or Scheduled Observation Date, as the case may be, as determined by the Calculation Agent which in the case of an Index will be determined in accordance with the formula for and method of calculating that Index last in effect prior to the change, failure or cancellation, but using only those Component Securities that comprised that Index immediately prior to

Equity Index/ETF Annex

that Index Adjustment Event and in the case of an ETF will be determined as the fair market value of the relevant ETF;

- (B) require the Calculation Agent to replace the affected Index/ETF by a new Index/ETF provided that such new index or ETF is (a) representative of the same economic or geographic sector (as the case may be), and (b) to the extent possible, representative of securities/components listed on one or more exchanges of one or more OECD countries and make relevant adjustments to the Conditions to account for such replacement; or
- (C) on giving notice to Securityholders in accordance with N&C Security Condition 14 (Notices) or Warrant Condition 11 (Notices), as applicable, redeem or cancel, as the case may be, all but not some only of the Securities, each Security being redeemed by payment of the relevant Early Redemption Amount, in the case of N&C Securities, or relevant Early Cancellation Amount, in the case of Warrants.

(c) **Notice**

The Calculation Agent shall, as soon as practicable, notify the relevant Agent of any determination made by it pursuant to paragraph (b) above and the action proposed to be taken in relation thereto and such Agent shall make available for inspection by Securityholders copies of any such determinations.

5. CORRECTION OF INDEX OR ETF SHARE PRICE

With the exception of any corrections published after the day which is three (3) Exchange Business Days prior to (i) in the case of N&C Securities, the Maturity Date or (ii) in the case of Warrants, the Settlement Date, if the level of an Index or ETF published on a given day and used or to be used by the Calculation Agent to make any determination under the Securities, is subsequently corrected and the correction published by the relevant Index Sponsor, Exchange or Related Exchange within one Settlement Cycle after the original publication, the level to be used for calculation of any relevant value in relation to the Securities shall be the level of the Index or ETF Share as so corrected and the Calculation Agent may make any relevant adjustment to the Conditions or any subsequent amount payable under the Securities to account therefor, as the Calculation Agent determines appropriate in good faith and in a commercially reasonable manner

6. POTENTIAL ADJUSTMENT EVENTS

"Potential Adjustment Event" means in respect of ETF Shares any of the following:

- (a) a subdivision, consolidation or reclassification of relevant ETF Shares (unless resulting in a Merger Event or, if Tender Offer is specified as applying in the applicable Pricing Supplement, a Tender Offer) or a free distribution or dividend of any such ETF Shares to existing holders by way of bonus, capitalisation or similar issue;
- (b) a distribution, issue or dividend to existing holders of the relevant ETF Shares of (A) such ETF Shares or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the ETF equally or proportionately with such payments to holders of such ETF Shares or (C) share capital or other securities of another issuer acquired or owned (directly or indirectly) by the ETF, as a result of a spin-off or other similar transaction or (D) any other type of securities, rights or certificates or other assets, in any case for payment (in cash or in other consideration) at less than the prevailing market price as determined by the Calculation Agent;
- (c) an Extraordinary Dividend as determined by the Calculation Agent;
- (d) a repurchase by the ETF Issuer or any of its subsidiaries of ETF Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or
- (e) any other event having, in the opinion of the Calculation Agent, a diluting or concentrative effect on the theoretical value of the relevant ETF Shares.

Equity Index/ETF Annex

Following the declaration by the ETF Issuer of the terms of any Potential Adjustment Event, the Calculation Agent will, acting in good faith and in a commercially reasonable manner, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the ETF Shares and, if so, will (i) make the corresponding adjustment, if any, to any one or more of (a) any Relevant Asset and/or the Asset Amount (in each case with respect to Physical Delivery N&C Securities), (b) any Relevant Asset and/or Entitlement (in each case with respect to Physical Delivery Warrants) and/or (c) any of the other terms of the Conditions and/or the applicable Pricing Supplement as the Calculation Agent acting in good faith and in a commercially reasonable manner determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant ETF Share) and (ii) determine the effective date of that adjustment. In its determinations of the existence and extent of any dilutive or concentrative effect on the theoretical value of the ETF Shares relating to any Potential Adjustment Event, and any related adjustments to the terms of the Securities, the Calculation Agent may take into account any amounts of Local Taxes that would, in the determination of the Calculation Agent, be withheld from or paid or otherwise incurred by an Offshore Investor in connection with such Potential Adjustment Event. The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the ETF Shares traded on that options exchange.

- (a) if **"Omission"** is specified as applying in the applicable Pricing Supplement, then such date will be deemed not to be an Averaging Date for the purposes of determining the relevant Index/ETF Level provided that, if through the operation of this provision no Averaging Date would occur, then the provisions of the definition of "Valuation Date" will apply for purposes of determining the relevant level, price or amount on the final Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day; or
- (b) if **"Postponement"** is specified as applying in the applicable Pricing Supplement, then the provisions of the definition of "Valuation Date" will apply for the purposes of determining the relevant level, price or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date; or

If the first succeeding Valid Date has not occurred for a number of consecutive Scheduled Trading Days equal to the Specified Maximum Days of Disruption immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date, then (A) that last such consecutive Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether such Scheduled Trading Day is already an Averaging Date), and (B) the Calculation Agent shall determine the relevant level or price for that Averaging Date in accordance with sub-paragraph (a)(ii) of the definition of "Valuation Date" below;
 - (ii) where the Securities relate to a basket of assets, the Averaging Date for each Index or ETF not affected by the occurrence of a Disrupted Day shall be the originally designated Averaging Date (the "**Scheduled Averaging Date**") and the Averaging Date for each Index or ETF affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date (as defined below) in relation to such Index or ETF. the Issuer shall, at the risk of the relevant N&C Securityholder, deliver or procure the delivery of the Asset Amount for each N&C Security, pursuant to the details specified in the Asset Transfer Notice or in such commercially reasonable manner as the Calculation Agent shall in its sole discretion determine and notify to the person designated by the N&C Securityholder in the relevant Asset Transfer Notice, on the date fixed for redemption (such date, subject to adjustment in accordance with this Equity Index/ETF Linked Condition, the "**Delivery Date**"). Where the Asset Transfer Notice stipulates that the Asset Amount should be delivered to a specified clearing system, the Issuer's or the Guarantor's obligation to deliver such Asset Amount will be discharged by delivery to, or to the order of, the relevant clearing system and each of the persons shown in the records of the relevant clearing system as the account holder must look solely to the relevant clearing system for his share of any Asset Amount so delivered.

- (b) If a N&C Securityholder fails to give an Asset Transfer Notice as provided herein with a copy to the Principal Paying Agent, on or prior to the Equity Index/ETF Cut-Off Date, then:
 - (i) the Issuer may elect, in its sole discretion to deliver or procure the delivery of the aggregate Asset Amounts for all such affected N&C Securities, at the risk of the relevant N&C Securityholder, to, or to the order of, the relevant Clearance System(s) in which the N&C Securities are held (and this may be after the date fixed for redemption) and its obligation to deliver any such Asset Amount so delivered shall be discharged thereby. such circumstances such N&C Securityholder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Delivery Date falling after the date fixed for redemption and no liability in respect thereof shall attach to the Issuer.

- (c) To the extent that the Issuer is not satisfied that the Delivery Expenses have been or will be paid in full by the relevant N&C Securityholder on or prior to the relevant Delivery Date, the Issuer may, in its sole discretion, elect to reduce the Asset Amount(s) to be delivered by an amount(s) which by market value (determined at the time of reduction by reference to such valuation sources as the Issuer determines appropriate) in aggregate is at least equal to the aggregate Delivery Expenses that it determines, in its sole discretion, have not been paid or otherwise accounted for (the Asset Amount as so reduced, the "**Reduced Asset Amount**"). Where the Issuer elects to make such a reduction, in accordance with this Equity Index/ETF Linked Condition 10(A)(4)(c), the Issuer's obligation to deliver the Asset Amount(s) shall be discharged in full by delivery of the Reduced Asset Amount in accordance with the provisions of this Equity Index/ETF Linked Condition 10(A)(4). The provisions of paragraphs (5) and (6) of this Equity Index/ETF Linked Condition 10(A) and the provisions of Equity Index/ETF Linked Condition 10(B) shall apply mutatis mutandis to any such delivery of the Reduced Asset Amount.

- (5) General

For the purpose of determining the Asset Amounts in respect of the N&C Securities, N&C Securities held by the same N&C Securityholder will be aggregated. The aggregate Asset Amount(s) to be delivered in respect of each such aggregated holding will be rounded down to the nearest whole unit of the Relevant Asset (or, where there is more than one type of Relevant Asset, each of the Relevant Assets), as the case may be, in such manner as the Calculation Agent shall determine. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered but in lieu thereof the Issuer shall pay to the N&C Securityholders in respect of their respective holding an additional amount in the Specified Currency equal to the fair market value of such fraction(s) in such manner as shall be determined by the Calculation Agent acting in good faith and in a commercially reasonable manner and notified to N&C Securityholders in accordance with N&C Security Condition 14 (Notices).

Following the Delivery Date of a ETF Share all dividends on the relevant ETF Shares to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the Delivery Date and to be delivered in the same manner as such relevant Shares. Any such dividends to be paid to a N&C Securityholder will be paid to the account specified by the N&C Securityholder in the relevant Asset Transfer Notice as referred to in Equity Index/ETF Linked Condition 10(A)(1) or otherwise paid to the relevant Clearance System for the account of N&C Securityholders.

For such period of time after delivery of the Asset Amount as the Issuer or any person acting on behalf of the Issuer shall continue to be the legal owner of the securities comprising the Asset Amount (the "Intervening Period"), none of the Issuer, the Paying Agents, the Registrar or any other person shall at any time (i) be under any obligation to deliver or procure delivery to any N&C Securityholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities or obligations, (ii) be under any obligation to exercise or procure exercise of any or all rights attaching to such securities or obligations or (iii) be under any liability to a N&C Securityholder in respect of any loss or damage which such N&C Securityholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities or obligations comprised in such Asset Amount or otherwise as specified in the applicable Pricing Supplement.

Equity Index/ETF Annex

(6) Settlement Disruption

If, in the opinion of the Calculation Agent, delivery of the Asset Amount using the method of delivery specified in the applicable Pricing Supplement or such commercially reasonable manner as the Calculation Agent has determined is not practicable by reason of a Settlement Disruption Event (as defined below) having occurred and continuing on the Delivery Date, then the Delivery Date shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event unless there is a Settlement Disruption Event on each of the ten (10) Settlement Business Days immediately following the original date that, but for such Settlement Disruption Event, would have been a valid Delivery Date. In that case, (a) if the Asset Amount can be delivered in any other commercially reasonable manner, as determined by the Calculation Agent, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant N&C Security by delivering the Asset Amount using such other commercially reasonable manner as it may select and in such event the Delivery Date shall be the first day on which settlement of a sale of Relevant Assets comprising the Asset Amount executed on that tenth (10) Clearance System Business Day would customarily take place using such other commercially reasonable manner, and (b) if the Relevant Assets comprising the Asset Amount cannot be delivered in any other commercially reasonable manner, then the Delivery Date will be postponed until delivery can be effected in the manner contemplated in the Asset Transfer Notice or in any other commercially reasonable manner, as determined by the Calculation Agent. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Asset Amount, the Delivery Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Delivery Date. For so long as delivery of the Asset Amount is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant N&C Security by payment to the relevant N&C Securityholder of the Disruption Cash Redemption Amount (as defined below) on the fifth (5th) Business Day following the date that notice of such election is given to the N&C Securityholders in accordance with N&C Security Condition 14 (Notices). Payment of the Disruption Cash Redemption Amount will be made in such manner as shall be notified to the N&C Securityholders in accordance with N&C Security Condition 14 (Notices). The Calculation Agent shall give notice as soon as practicable to the N&C Securityholders in accordance with N&C Security Condition 14 (Notices) that a Settlement Disruption Event has occurred. No N&C Securityholder shall be entitled to any payment in respect of the relevant N&C Security in the event of any delay in the delivery of the Asset Amount due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

(7) If any Security represented by a Rule 144A Global N&C Security is to be redeemed by delivery of an Asset Amount, the relevant provisions relating to such delivery shall be as set out in the applicable Pricing Supplement.

1. FUND LINKED N&C SECURITIES

This Fund Linked Condition 1 will apply to N&C Securities only.

(a) Fund Linked Interest N&C Securities

Unless previously redeemed or purchased and cancelled in accordance with the N&C Security Conditions or as specified in the applicable Pricing Supplement and subject to this Funds Annex, each Fund Linked Interest N&C Security will bear interest in the manner specified in the applicable Pricing Supplement and the N&C Security Conditions.

(b) Fund Linked Redemption N&C Securities

Unless previously redeemed or purchased and cancelled, each N&C Security will be redeemed by the Issuer by payment of the Final Redemption Amount specified in, or determined in the manner specified in, the applicable Pricing Supplement, on the Maturity Date.

If Maturity Date Extension is specified as applying in the applicable Pricing Supplement then, if the Redemption Payment Date in relation to the Valuation Date or last occurring Averaging Date has not occurred on or prior to the second (2nd) Currency Business Day preceding the Scheduled Maturity Date, the Maturity Date shall be postponed and shall occur on the seventh (7th) Currency Business Day following (i) the Redemption Payment Date in relation to the Valuation Date or last occurring Averaging Date or (ii) if earlier, the last day of the Cut-off Period.

2. FUND LINKED WARRANTS

This Fund Linked Condition 2 will apply to Warrants only.

Funds Annex

If Settlement Date Extension is specified as applying in the applicable Pricing Supplement then, if the Redemption Payment Date in relation to the Valuation Date or last occurring Averaging Date has not occurred on or prior to the second (2nd) Currency Business Day preceding the originally scheduled Settlement Date, the Settlement Date shall be postponed and shall occur on the seventh (7th) Currency Business Day following (i) the Redemption Payment Date in relation to the Valuation Date or last occurring Averaging Date or (ii) if earlier, the last day of the Cut-off Period.

3. **POTENTIAL ADJUSTMENT EVENTS**

If any Potential Adjustment Event exists or occurs at any time, the Calculation Agent will, in good faith and in a commercially reasonable manner, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Fund Interest Units or amount of the Fund Interest and, if so, the Issuer may require the Calculation Agent to (i) make the corresponding adjustment(s), if any, to any one or more of (a) in the case of N&C Securities, the Final Redemption Amount and/or (b) the relevant number of units of the Reference Fund and/or any of the other terms of these Fund Linked Conditions, the N&C Security Conditions or Warrant Conditions, as applicable, and/or the applicable Pricing Supplement as the Calculation Agent in good faith and in a commercially reasonable manner determines appropriate to account for that diluting or concentrative effect and (ii) determine the effective date(s) of the adjustment(s).

Upon making any such adjustment pursuant to this Fund Linked Condition 3, the Calculation Agent shall give notice as soon as practicable to Securityholders in accordance with N&C Security Condition 14 (Notices) or Warrant Condition 11 (Notices), as applicable, stating the adjustment to be taken and giving details of the Potential Adjustment Event.

4. **CONSEQUENCES OF AN EXTRAORDINARY FUND EVENT AND/OR AN ADDITIONAL EXTRAORDINARY FUND EVENT**

If, in the determination of the Calculation Agent, an Extraordinary Fund Event(s) and/or Additional Extraordinary Fund Event(s) has occurred or exists, the Issuer may either:

- (i) require the Calculation Agent to (1) make the corresponding adjustment(s) (each an "**Adjustment**"), if any, to any one or more of (a) in the case of N&C Securities, any Interest Amount, Final Redemption Amount and/or the relevant number of units of the Reference Fund and/or (b) any of the other terms of these Fund Linked Conditions, the N&C Security Condition 14 (Notices) or Warrant Condition 11 (Notices), as applicable, and/or the applicable Pricing Supplement as the Calculation Agent in good faith and in a commercially reasonable manner determines appropriate to account for the relevant Extraordinary Fund Event or Additional Extraordinary Fund Event and (2) determine the effective date(s) of the adjustment(s) and such Adjustments may include, without limitation:
 - (A) in the case of N&C Securities, partially cancelling the N&C Securities and determining any partial cancellation amount (if any) in relation thereto;
 - (B) adjusting any method for calculating a Settlement Price or any other relevant level or value;
 - (C) delaying any determination or payment until the Calculation Agent determines that no Extraordinary Fund Event and/or Additional Extraordinary Fund Event exists;
 - (D) replacing an affected Fund Interest (the "**Affected Fund Interest**") with a replacement fund interest (the "**Replacement Fund Interest**") with a value as determined by the Calculation Agent equal to the Removal Value for the Affected Fund Interest and in a fund which in the determination of the Calculation Agent has similar characteristics, investment objectives and policies to those applicable to the Reference Fund in respect of the Affected Fund Interest immediately prior to the occurrence of the Extraordinary Fund Event and/or Additional Extraordinary Fund Event; and/or
 - (E) in the case of N&C Securities, redeeming all, but not some only, of the N&C Securities on an amortised basis by making a series of partial redemption payments, in respect of each N&C Security, each such payment reflecting an N&C Security's *pro rata* share of any partial realisation amount in

Funds Annex

cash or in kind or (b) in the case of Warrants, partially cancelling all, but not some only, of the Warrants by making a series of partial cancellation amount payments, in respect of each Warrant, each such payment reflecting a Warrant's pro rata share of any partial realisation amount in cash or in kind, adjusted, if appropriate, to take account of the economic characteristics of the Warrants, including its option characteristic (in each case, a "**Partial Realisation Amount**") which the Calculation Agent determines would be received by a Hypothetical Investor holding the relevant Fund Interest in circumstances where a Fund Insolvency Event has occurred or exists or a Reference Fund has otherwise determined to make partial payments or deliveries in respect of any Fund Interest which may, without limitation, be made by or on behalf of a Reference Fund to reflect the realisation or liquidation of the Reference Fund's assets or positions.

Each such payment in respect of the Securities shall be made on such date and on such terms following each corresponding receipt of a Partial Realisation Amount by a Hypothetical Investor as the Calculation Agent shall notify to Securityholders. However, where any Partial Realisation Amount is a non-cash amount, the relevant Securities payment shall only be made following such time (if any) as the Calculation Agent determines a Hypothetical Investor could reasonably realise the relevant Partial Realisation Amount for cash proceeds. It should be noted that any such partial payments on the Securities may be significantly delayed (in some cases for a number of years) and may be zero, including in the event the Calculation Agent determines any such realisation could not be reasonably made. Each such partial payment shall be net of a Security's *pro rata* share of any relevant fees, costs or taxes which the Calculation Agent determines a Hypothetical Investor would suffer or would be required to pay in respect of any such realisation of the Fund Interest or a Partial Realisation Amount; or

- (ii) (a) in the case of N&C Securities, redeem all, but not some only, of the N&C Securities, each nominal amount of N&C Securities equal to the Calculation Amount or unit of N&C Securities, as the case may be, being redeemed at the Early Redemption Amount or (b) in the case of Warrants, cancel all, but not some only, of the Warrants, each Warrant being cancelled at the Early Cancellation Amount, in each case on the seventh (7) Currency Business Day following an applicable Redemption Payment Date or, if later following the date as of which the Calculation Agent determines a Hypothetical Investor could reasonably realise the relevant Fund Interest in full, as determined by the Calculation Agent.

If the Calculation Agent replaces an Affected Fund Interest with a Replacement Fund Interest, such replacement shall take effect on the first reasonably practicable date following the Removal Date for such Affected Fund Interest on which the Calculation Agent determines that a Hypothetical Investor could acquire the Replacement Fund Interest in full and the Calculation Agent shall determine all related Adjustments to the Securities to account for such replacement.

Upon making an Adjustment or following any determination by the Issuer to redeem or cancel, as the case may be, the Securities pursuant to this Fund Linked Condition 4, the Calculation Agent shall give notice as soon as practicable to the Securityholders in accordance with N&C Security Condition 14 (Notices) or Warrant Condition 11 (Notices), as applicable, stating the adjustment or other action to be taken and giving brief details of the Extraordinary Fund Event and/or Additional Extraordinary Fund Event (as applicable).

5. CORRECTION OF FUND INTEREST PRICES

With the exception of any corrections published after the day which is three (3) Currency Business Days prior to the Maturity Date, in the case of N&C Securities, or Settlement Date, in the case of Warrants, (the "**Correction Cut-off Date**"), if (i) any price published by or on behalf of a Reference Fund with respect to any Fund Interest on a given day and used or to be used by the Calculation Agent to make any determination under the Securities, is subsequently corrected and the correction is published by or on behalf of the Reference Fund after the original publication, or (ii) a Reference Fund with respect to any Fund Interest adjusts the Redemption Proceeds that would have been paid to a Hypothetical Investor redeeming the number of Fund Interest Units or amount of Fund Interest that is subject to valuation, and such adjustment would be reflected in either an additional payment to such Hypothetical Investor, or a claim for repayment of excess Redemption Proceeds made against such Hypothetical Investor, the Calculation Agent may in good faith and in a

Funds Annex

commercially reasonable manner make any relevant Adjustment (as defined in Fund Linked Condition 4 above) to the Conditions or any subsequent amount payable under the Securities to account therefor. Corrections published on or after the Correction Cut-off Date will be disregarded by the Calculation Agent for the purposes of determining the relevant amount to be paid.

CREDIT ANNEX

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED N&C SECURITIES

The terms and conditions applicable to Credit Linked N&C Securities shall comprise the General Terms and Conditions of the N&C Securities (the "N&C Security Conditions") and the additional Terms and Conditions set out below (the "Credit Linked Conditions") and the Terms and Conditions as set out in each other Annex which is specified as applicable in the applicable Pricing Supplement, (together with the N&C Security Conditions and the Credit Linked Conditions, the "Conditions"), in each case subject to completion and/or amendment in the applicable Pricing Supplement. In the event of any inconsistency between the N&C Security Conditions and the Credit Linked Conditions, the Credit Linked Conditions set out below shall prevail. In the event of any inconsistency between (i) the N&C Security Conditions and/or the Credit Linked Conditions and (ii) the Pricing Supplement, the Pricing Supplement shall prevail.

Where Restructuring is specified in the applicable Pricing Supplement as being an applicable Credit Event and Credit Linked Condition 15 (Credit Event Notice after Restructuring Credit Event) is applicable, there may be more than one Credit Event Determination Date in respect of the same Reference Entity as further described in Credit Linked Condition 15 (Credit Event Notice after Restructuring Credit Event) below. In addition, in the case of a Portfolio Credit Linked N&C Security or a Portfolio Maturity Settled Credit Linked N&C Security, there may be multiple Credit Event Determination Dates, but, other than as set out in the preceding sentence, only one Credit Event Determination Date in respect of each Reference Entity. A Credit Event Determination Date in respect of more than one Reference Entity may occur on any one date. For the avoidance of doubt, the provisions set out in these Credit Linked Conditions set out the mechanics that apply in respect of one Reference Entity and where applicable, shall apply severally to each Reference Entity for a Portfolio Credit Linked N&C Security or a Portfolio Maturity Settled Credit Linked N&C Security. References below to a numbered N&C Security Condition are to such numbered section of the N&C Security Conditions and references to a numbered Credit Linked Condition are to such numbered section as set out in this Credit Annex.

Defined terms used in this Credit Annex or the related section of the applicable Pricing Supplement where the same term may be used in another Annex to the Conditions (e.g. Valuation Date) shall have the meanings given in these Credit Linked Conditions or in the section of the applicable Pricing Supplement relating to Credit Linked N&C Securities.

For the avoidance of doubt, the Credit Linked Conditions shall not apply to Warrants.

Unless otherwise stated in these Credit Linked Conditions or in the applicable Pricing Supplement, in the event that any day specified in the section "Credit Linked Redemption N&C Securities" in the applicable Pricing Supplement or the last day of any period calculated by reference to calendar days falls on a day that is not a Business Day, such day or last day shall be subject to adjustment in accordance with the applicable Business Day Convention.

In the case of Credit Linked N&C Securities for which more than one Reference Entity is specified in the applicable Pricing Supplement, all references to "the Reference Entity" herein shall be construed to refer to the Reference Entity in respect of which the relevant determination falls to be made at any relevant time and all related provisions and determinations will be construed accordingly.

Certain elections in respect of Credit Linked N&C Securities and one or more Reference Entities may be made by specifying "See Physical Settlement Matrix" in respect of the relevant line items in the applicable Pricing Supplement. In this case the provisions of Credit Linked Condition 25 (Physical Settlement Matrix) apply.

For the avoidance of doubt no Credit Linked N&C Securities will be considered frustrated, or otherwise void or voidable (whether for mistake or otherwise) solely because:

- (a) any relevant Reference Entity does not exist on, or ceases to exist on or following, the Trade Date; and/or
- (b) Obligations, Deliverable Obligations, Valuation Obligations or the Reference Obligation do not exist on, or cease to exist on or following, the Trade Date.

Credit Annex

1. REDEMPTION OF CREDIT LINKED N&C SECURITIES

Unless previously redeemed in whole or purchased and cancelled and subject to the provisions of this Annex, each unit or nominal amount of N&C Securities equal to the Calculation Amount will be redeemed by the Issuer at its Outstanding Redemption Amount (which may be zero) on the Maturity Date.

For the purposes of Credit Linked N&C Securities, "**Maturity Date**" means, subject to Credit Linked Condition 21 (Early Redemption of Reference Obligation only N&C Securities following a Substitution Event), the latest to occur of:

- (i) the Scheduled Maturity Date;
- (ii) the last Credit Event Redemption Date capable of occurring;
- (iii) the last Credit Settlement Date or Final Delivery Date capable of occurring;
- (iv) the last Partial Cash Settlement Date capable of occurring;
- (v) the fifth (5th) Business Day following the last Repudiation/Moratorium Evaluation Date capable of occurring;
- (vi) the fifth (5th) Business Day following the last Grace Period Extension Date capable of occurring;
- (vii) the last DC Determination Postponement Date capable of occurring; and
- (viii) the last Postponed Maturity Date capable of occurring.

If a Credit Event Determination Date has occurred then (subject as provided in Credit Linked Condition 2 (Auction Settlement) and Credit Linked Condition 24 (Variation of Settlement)) (i) if Cash Settlement is specified in the applicable Pricing Supplement, the provisions of Credit Linked Condition 3 (Cash Settlement) shall apply, (ii) if Physical Delivery is specified in the applicable Pricing Supplement, the provisions of Credit Linked Condition 4 (Physical Settlement) shall apply or (iii) if Auction Settlement is specified in the applicable Pricing Supplement, the provisions of Credit Linked Condition 2 (Auction Settlement) shall apply, in each case, in respect of the relevant Credit Event.

2. AUCTION SETTLEMENT

Where Auction Settlement is specified as the applicable Settlement Method in the applicable Pricing Supplement and a Credit Event Determination Date occurs on or prior to the Auction Final Price Determination Date, the Issuer shall give notice (such notice an "**Auction Settlement Notice**") to the Securityholders in accordance with N&C Security Condition 14 (Notices), and, subject to (i) any adjustment in accordance with Credit Linked Condition 15 (Credit Event Notice after Restructuring Credit Event) and (ii) any prior redemption in accordance with Credit Linked Condition 21 (Early Redemption of Reference Obligation only N&C Securities following a Substitution Event), redeem the Credit Event Portion of all but not some only of the N&C Securities, the Credit Event Portion of each unit or nominal amount of N&C Securities equal to the Calculation Amount being redeemed at the Credit Event Redemption Amount determined in the manner specified in the applicable Pricing Supplement on the Credit Event Redemption Date.

Unless settlement has occurred in accordance with the paragraph above, if:

- (a) an Auction Cancellation Date occurs;
- (b) a No Auction Announcement Date occurs (and in circumstances where such No Auction Announcement Date occurs pursuant to paragraphs (b) or (c)(ii) of the definition of No Auction Announcement Date, the Issuer has not exercised the Movement Option);

Credit Annex

- (c) a DC Credit Event Question Dismissal occurs; or
- (d) a Credit Event Determination Date was determined pursuant to paragraph (a)(i) of the definition of Credit Event Determination Date or paragraph (a) of the definition of Non-Standard Credit Event Determination Date and no Credit Event Resolution Request Date has occurred on or prior to the date falling three (3) Business Days after such Credit Event Determination Date,

then:

- (A) if Fallback Settlement Method – Cash Settlement is specified as applicable in the applicable Pricing Supplement, the Issuer shall redeem the relevant Credit Event Portion(s) of the N&C Securities in accordance with Credit Linked Condition 3 (Cash Settlement) below; or
- (B) if Fallback Settlement Method – Physical Delivery is specified as applicable in the applicable Pricing Supplement, the Issuer shall redeem the relevant Credit Event Portion(s) of the N&C Securities in accordance with Credit Linked Condition 4 (Physical Settlement) below.

If the N&C Securities are partially redeemed, each relevant N&C Security or, if the N&C Securities are represented by a Global N&C Security, such Global N&C Security, shall be endorsed to reflect such partial redemption. If the Calculation Agent, at any time, determines that the aggregate nominal amount of the N&C Securities is thereby reduced to zero, the Issuer's obligations in respect of such N&C Securities shall immediately be discharged and the Issuer shall have no further liability in respect thereof.

If a Credit Event Determination Date has occurred and the N&C Securities become redeemable in whole or in part in accordance with this Credit Linked Condition 2 (Auction Settlement), upon payment of the Credit Event Redemption Amounts in respect of the N&C Securities, the Issuer shall have discharged its obligations in respect of the relevant Credit Event Portion of the N&C Securities and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount(s) may be less than the Calculation Amount of a Credit Linked N&C Security. Any shortfall shall be borne by the Securityholders and no liability shall attach to the Issuer or the Guarantor.

3. CASH SETTLEMENT

Subject as provided in these Credit Linked Conditions, if a Credit Event Determination Date has occurred, and (i) Cash Settlement is specified as the applicable Settlement Method in the applicable Pricing Supplement or (ii) Credit Linked Condition 2(A) (Auction Settlement) above applies then, subject to any prior redemption in accordance with Credit Linked Condition 21 (Early Redemption of Reference Obligation only N&C Securities following a Substitution Event), the Issuer shall give notice (such notice a "**Cash Settlement Notice**") to the Securityholders in accordance with N&C Security Condition 14 (Notices) such notice to include the details of the relevant Reference Entity, and:

- (a) in respect of N&C Securities which are not Portfolio Maturity Settled Credit Linked N&C Securities, redeem the Credit Event Portion of all but not some only of the N&C Securities, and pay in respect of the Credit Event Portion for each unit or nominal amount of N&C Securities equal to the Calculation Amount, the Credit Event Redemption Amount specified in, or determined in the manner specified in, the applicable Pricing Supplement on the Credit Event Redemption Date; or
- (b) in respect of N&C Securities which are Portfolio Maturity Settled Credit Linked N&C Securities, redeem the aggregate of all Credit Event Portions (determined to and including the Maturity Date) of all but not some only of the N&C Securities and pay in respect of the aggregated Credit Event Portions for each unit or nominal amount of N&C Securities equal to the Calculation Amount, an amount equal to the aggregate of all Credit Event Redemption Amounts (determined to and including the Maturity Date) specified in, or determined in the manner specified in, the applicable Pricing Supplement, on the Maturity Date.

For the avoidance of doubt settlement in accordance with this Credit Linked Condition 3 (as provided above) shall occur upon the occurrence of the relevant Credit Event Determination Date notwithstanding that the related Cash Settlement Notice may be given later, and in some cases significantly later, than the Credit Event Determination Date.

Credit Annex

If the N&C Securities are partially redeemed, each relevant N&C Security or, if the N&C Securities are represented by a Global N&C Security, such Global N&C Security, shall be endorsed to reflect such partial redemption. If the Calculation Agent, at any time, determines that the aggregate nominal amount of the N&C Securities is thereby reduced to zero, the Issuer's obligations in respect of such N&C Securities shall immediately be discharged and the Issuer shall have no further liability in respect thereof.

In relation to any redemption (whether in whole or in part) of N&C Securities under this Credit Linked Condition 3, if the Issuer receives a Calculation Agent Valuation Settlement Notice from the Calculation Agent, the Issuer shall, on receipt of such notice, give notice (such notice a "**Notice of Valuation Settlement**") to the Securityholders in accordance with N&C Security Condition 14 (Notices).

In the Notice of Valuation Settlement, the Issuer shall specify the Valuation Obligations and the corresponding Outstanding Principal Balance(s) or Due and Payable Amount(s), as applicable, that it reasonably expects to use to determine the Final Price. For the avoidance of doubt, the Issuer shall be entitled to select any of the Valuation Obligations, irrespective of their market value provided that it satisfies the applicable Valuation Obligation Category and Valuation Obligation Characteristics on the date of its selection as a Valuation Obligation, any obligation selected as a Valuation Obligation pursuant to paragraph (a) of the definition of Valuation Obligation may constitute a Valuation Obligation for the purposes hereof notwithstanding that it does not satisfy such requirements subsequent to such date.

Asset Package Delivery will apply if an Asset Package Credit Event occurs, unless (i) such Asset Package Credit Event occurs prior to the Credit Event Backstop Date determined in respect of the Credit Event specified in the Credit Event Notice or DC Credit Event Announcement applicable to the Credit Event Determination Date, or (ii) if the Reference Entity is a Sovereign, no Package Observable Bond exists immediately prior to such Asset Package Credit Event. Notwithstanding the foregoing, if (i) "Sovereign No Asset Package Delivery" is specified as applicable in the applicable Pricing Supplement, or (ii) "Sovereign No Asset Package Delivery" is specified as "See Physical Settlement Matrix" in the applicable Pricing Supplement and the relevant ISDA Physical Settlement Matrix states that the "2014 Sovereign No Asset Package Delivery Supplement to the 2014 ISDA Credit Derivatives Definitions" is applicable, it shall be deemed that no Package Observable Bond exists with respect to a Reference Entity that is a Sovereign (even if such a Package Observable Bond has been published by ISDA) and accordingly, Asset Package Delivery shall not apply thereto. If Asset Package Delivery applies, the relevant Asset Package will be deemed to be a Valuation Obligation and the composition of the Asset Package and the Valuation Reference Holding in respect of the Credit Event Portion for each unit of nominal amount of N&C Securities equal to the Calculation Amount will be determined by reference to the relevant Prior Valuation Obligation or Package Observable Bond specified as Valuation Obligation(s) in the relevant Notice of Valuation Settlement or Valuation Settlement Amendment Notice, as applicable. For the purposes of determining the Final Price, the Asset Package shall be treated as having the same currency, Outstanding Principal Balance and Due and Payable Amount (as applicable) as the Prior Valuation Obligation or Package Observable Bond to which it corresponds had immediately prior to the Asset Package Credit Event and if the relevant Asset Package is zero the relevant Final Price, or portion thereof determined by reference to the Asset Package, will be deemed to be zero. Where appropriate the Calculation Agent may make any adjustment in relation to provisions for valuation and determination of the Final Price to take account of the relevant Asset Package.

The Issuer may, from time to time, amend a Notice of Valuation Settlement by delivering a notice to Securityholders in accordance with N&C Security Condition 14 (Notices), (each such notification, a "**Valuation Settlement Amendment Notice**") that the Issuer is replacing, in whole or in part, one or more Valuation Obligations specified in the Notice of Valuation Settlement or a prior Valuation Settlement Amendment Notice, as applicable. A Valuation Settlement Amendment Notice shall specify each replacement Valuation Obligation (each, a "**Replacement Valuation Obligation**") and shall also specify the Outstanding Principal Balance or Due and Payable Amount (determined on the same basis as in the definition of Valuation Reference Holding) of each Valuation Obligation identified in the Notice of Valuation Settlement or a prior Valuation Settlement Amendment Notice, as applicable, that is being replaced or the equivalent Currency Amount of any such amount (with respect to each such Valuation Obligation, the "**Replaced Valuation Obligation Outstanding Amount**"). The Replacement Valuation Obligation(s), taken together, shall have an aggregate Replaced Valuation Obligation Outstanding Amount at least equal to the Outstanding Principal Balance(s) and/or Due and Payable Amount(s) (or the equivalent Currency Amount(s) of any such amount(s)) of the Valuation Obligations being replaced. Each such Valuation Settlement Amendment Notice must be delivered on or

Credit Annex

prior to the first Valuation Date (determined without reference to any change resulting from such Valuation Settlement Amendment Notice). Notwithstanding the foregoing, (i) the Issuer may correct any errors or inconsistencies contained in the Notice of Valuation Settlement or any Valuation Settlement Amendment Notice, as applicable, by notice to Securityholders in accordance with N&C Security Condition 14 (Notices), prior to the relevant first Valuation Date; and (ii) if Asset Package Delivery is applicable, the Issuer shall on the VSN Effective Date, or as soon as reasonably practicable thereafter (but in any case, prior to the first Valuation Date), notify the Securityholders (in accordance with N&C Security Condition 14 (Notices)) of the detailed description of the Asset Package, if any, that shall be used to determine the Final Price *in lieu* of the Prior Valuation Obligation or Package Observable Bond, if any, specified as Valuation Obligation(s) in the Notice of Valuation Settlement or Valuation Settlement Amendment Notice, as applicable, it being understood in each case that any such notice of correction shall not constitute a Valuation Settlement Amendment Notice.

If “Mod R” is specified as applicable in the applicable Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then a Valuation Obligation may be included in the Valuation Reference Holding only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date in each case as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements.

If "Mod Mod R" is specified as applicable in the applicable Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Valuation Obligation is a Prior Valuation Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Valuation Obligation may be included in the Valuation Reference Holding only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements. For the purposes of this paragraph only and notwithstanding the foregoing, in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

If a Credit Event Determination Date has occurred and the N&C Securities become redeemable in whole or in part in accordance with this Credit Linked Condition 3 (Cash Settlement), upon payment of the Credit Event Redemption Amounts in respect of the N&C Securities, the Issuer shall have discharged its obligations in respect of the relevant Credit Event Portion of the N&C Securities and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount(s) may be less than the Calculation Amount of an N&C Security. Any shortfall shall be borne by the Securityholders and no liability shall attach to the Issuer or the Guarantor.

4. PHYSICAL SETTLEMENT

Subject as provided in these Credit Linked Conditions, if a Credit Event Determination Date occurs and (i) Physical Delivery is specified as the applicable Settlement Method in the applicable Pricing Supplement or (ii) Credit Linked Condition 2(B) (Auction Settlement) above applies then, subject to any prior redemption in accordance with Credit Linked Condition 21 (Early Redemption of Reference Obligation only N&C Securities following a Substitution Event), the Issuer shall, following the receipt of a Calculation Agent Physical Settlement Notice, give notice (such notice a "**Notice of Physical Settlement**") to the Securityholders in accordance with N&C Security Condition 14 (Notices), such notice to include the details of the relevant Reference Entity, and redeem the Credit Event Portion of all but not some only of the N&C Securities and Deliver in respect of the Credit Event Portion for each unit or nominal amount of N&C Securities equal to the Calculation Amount the Deliverable Obligations comprising the Asset Amount on the Credit Settlement Date, subject to and in accordance with the N&C Security Conditions, and Credit Linked Conditions 10 (Maturity Date Extension) and 23 (Physical Delivery).

If the N&C Securities are partially redeemed, each relevant N&C Security or, if the N&C Securities are represented by a Global N&C Security, such Global N&C Security, shall be endorsed to reflect such partial redemption. If the Calculation Agent, at any time, determines that the aggregate nominal amount of the N&C Securities is thereby

Credit Annex

reduced to zero, the Issuer's obligations in respect of such N&C Securities shall immediately be discharged and the Issuer shall have no further liability in respect thereof.

For the avoidance of doubt settlement in accordance with this Credit Linked Condition 4 (as provided above) shall occur upon the occurrence of a Credit Event Determination Date notwithstanding that the related Notice of Physical Settlement may be given later, and in some cases significantly later, than the Credit Event Determination Date.

The relevant Asset Package, if applicable, will be deemed to be a Deliverable Obligation and the composition of the Asset Package and the Asset Amount in respect of the Credit Event Portion for each unit or nominal amount of N&C Securities equal to the Calculation Amount will be determined by reference to the relevant Prior Deliverable Obligation or Package Observable Bond specified in the relevant Notice of Physical Settlement or Physical Settlement Amendment Notice, as applicable. Asset Package Delivery will apply if an Asset Package Credit Event occurs, unless (i) such Asset Package Credit Event occurs prior to the Credit Event Backstop Date determined in respect of the Credit Event specified in the Credit Event Notice or DC Credit Event Announcement applicable to the relevant Credit Event Determination Date, or (ii) if the Reference Entity is a Sovereign, no Package Observable Bond exists immediately prior to such Asset Package Credit Event. Notwithstanding the foregoing, if (i) "Sovereign No Asset Package Delivery" is specified as applicable in the applicable Pricing Supplement, or (ii) "Sovereign No Asset Package Delivery" is specified as "See Physical Settlement Matrix" in the applicable Pricing Supplement and the relevant ISDA Physical Settlement Matrix states that the "2014 Sovereign No Asset Package Delivery Supplement to the 2014 ISDA Credit Derivatives Definitions" is applicable, it shall be deemed that no Package Observable Bond exists with respect to a Reference Entity that is a Sovereign (even if such a Package Observable Bond has been published by ISDA) and accordingly, Asset Package Delivery shall not apply thereto. Where Asset Package Delivery applies, the Calculation Agent may make any adjustment in relation to provisions for physical delivery and determination of the Asset Amount that it determines to be necessary or desirable to take account of the relevant Asset Package.

In the Notice of Physical Settlement, the Issuer shall specify the Deliverable Obligations comprising the Asset Amount that it reasonably expects to Deliver. For the avoidance of doubt, the Issuer shall be entitled to select any of the Deliverable Obligations to constitute the Asset Amount, irrespective of their market value.

The Issuer may, from time to time, following receipt of a Calculation Agent Physical Settlement Amendment Notice, amend a Notice of Physical Settlement by delivering a notice to Securityholders in accordance with N&C Security Condition 14 (Notices) (each such notification, a "**Physical Settlement Amendment Notice**") that the Issuer is replacing, in whole or in part, one or more Deliverable Obligations specified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, (to the extent the relevant Deliverable Obligation has not been Delivered as of the date of such Physical Settlement Amendment Notice). A Physical Settlement Amendment Notice shall specify each replacement Deliverable Obligation that the Issuer will (subject to Credit Linked Condition 23 (Physical Delivery)) Deliver (each, a "**Replacement Deliverable Obligation**") and shall also specify the Outstanding Principal Balance or Due and Payable Amount (determined on the same basis as in the definition of Asset Amount) of each Deliverable Obligation identified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, that is being replaced or the equivalent Currency Amount of any such amount (with respect to each such Deliverable Obligation, the "**Replaced Deliverable Obligation Outstanding Amount**"). The Replacement Deliverable Obligation(s), taken together, shall have an aggregate Replaced Deliverable Obligation Outstanding Amount at least equal to the Outstanding Principal Balance(s) and/or Due and Payable Amount(s) (or the equivalent Currency Amount(s) of any such amount(s)) of the Deliverable Obligations being replaced. Each such Physical Settlement Amendment Notice must be delivered on or prior to the Credit Settlement Date (determined without reference to any change resulting from such Physical Settlement Amendment Notice). Notwithstanding the foregoing, (i) the Issuer may correct any errors or inconsistencies contained in the Notice of Physical Settlement or any Physical Settlement Amendment Notice, as applicable, by notice to Securityholders in accordance with N&C Security Condition 14 (Notices) prior to the relevant Delivery Date; and (ii) if Asset Package Delivery is applicable, the Issuer shall on the relevant PSN Effective Date, or as soon as reasonably practicable thereafter (but in any case, prior to the Delivery Date), notify the Securityholders (in accordance with N&C Security Condition 14 (Notices)) of the detailed description of the Asset Package, if any, that the Issuer will Deliver in lieu of the Prior Deliverable Obligation or Package Observable Bond, if any, specified in the Notice of Physical Settlement or Physical Settlement Amendment Notice, as applicable, it being understood in each case that any such notice of correction shall not constitute a Physical Settlement Amendment Notice.

Credit Annex

If "Mod R" is specified as applicable in the applicable Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then a Deliverable Obligation may be included in the Asset Amount only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date in each case as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements.

If "Mod Mod R" is specified as applicable in the applicable Pricing Supplement and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Deliverable Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation may be included in the Asset Amount only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements. For the purposes of this paragraph only and notwithstanding the foregoing, in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

If a Credit Event Determination Date has occurred and the N&C Securities become redeemable in whole or in part in accordance with this Credit Linked Condition 4 (Physical Settlement), upon Delivery of the Deliverable Obligations Deliverable and/or payment of the Partial Cash Settlement Amounts, as the case may be, the Issuer shall have discharged its obligations in respect of the relevant Credit Event Portion of the N&C Securities and shall have no other liability or obligation whatsoever in respect thereof. The value of such Deliverable Obligations and/or the Partial Cash Settlement Amount may be less than the Calculation Amount of an N&C Security. Any shortfall shall be borne by the Securityholders and no liability shall attach to the Issuer or the Guarantor.

5. FIRST TO DEFAULT N&C SECURITIES

Unless (i) otherwise stated in the applicable Pricing Supplement or (ii) the Securities are Portfolio Credit Linked N&C Securities or Portfolio Maturity Settled Credit Linked N&C Securities, subject as provided in these Credit Linked Conditions if (a) First to Default is specified as applicable in the applicable Pricing Supplement and (b) more than one Reference Entity is specified in the applicable Pricing Supplement, a Credit Event Determination Date may only occur and an Auction Settlement Notice, Cash Settlement Notice or Physical Settlement Notice (as applicable) may only be delivered on one occasion. If a Credit Event Determination Date occurs in respect of more than one Reference Entity on the same date, other than in the case of Portfolio Credit Linked N&C Securities or Portfolio Maturity Settled Credit Linked N&C Securities, the Calculation Agent shall, for the purposes of the N&C Securities, determine which Reference Entity is the Reference Entity in respect of which a Credit Event Determination Date shall occur for the purposes of the N&C Securities.

6. INTEREST

Subject as provided below each of the N&C Securities will bear interest pursuant to and in accordance with N&C Security Condition 5 (Interest), provided that (i) for the purposes of determining the interest amounts in respect of Portfolio Credit Linked N&C Securities and Portfolio Maturity Settled Credit Linked N&C Securities, the aggregate outstanding nominal amount of the N&C Securities shall be deemed to be the Weighted Average Outstanding Redemption Amount on the relevant Interest Payment Date and (ii) in the case of interest bearing N&C Securities other than Portfolio Credit Linked N&C Securities or Portfolio Maturity Settled Credit Linked N&C Securities, if a Credit Event Determination Date occurs, then (x) if "Accrual of Interest upon a Credit Event" is specified as Not Applicable in the applicable Pricing Supplement, each N&C Security shall cease to bear interest from the Interest Payment Date immediately preceding the Credit Event Determination Date, or if the Credit Event Determination Date is an Interest Payment Date such Interest Payment Date (but the Issuer shall only be obliged to make payment of such interest on the Credit Event Redemption Date or Credit Settlement Date, as applicable, and no further amount shall be payable in respect of any such delay) or, if the Credit Event Determination Date falls prior to the first Interest Payment Date, no interest shall accrue on the N&C Securities; or (y) if "Accrual of Interest upon a Credit Event" is specified as being Applicable in the applicable Pricing Supplement, each N&C Security shall cease to bear interest from the Credit Event Determination Date. For the avoidance of doubt the above provisions are subject to adjustment in certain circumstances as provided in these Credit Linked Conditions and including the final paragraph of the definition of

Credit Annex

Credit Event Determination Date in Credit Linked Condition 14 (Definitions Applicable to Credit Linked N&C Securities).

If in respect of any Credit Event Determination Date, the relevant adjustment to the interest payable contemplated in accordance with the Credit Linked Condition 6 is not made on the corresponding Interest Payment Date, the Calculation Agent may make such adjustment(s) to these Terms and Conditions (including any adjustment to future amounts due (including interest (if any) or principal)) as may be required to achieve as far as practicable the same economic position for Securityholders as would have prevailed had the correct amount of interest been paid.

For the purposes of this Credit Linked Condition 5:

"Weighted Average Outstanding Redemption Amount" means, on any Interest Payment Date, the quotient of (a) the sum of the Outstanding Redemption Amount determined in respect of each day in the immediately preceding Interest Period or Fixed Rate N&C Security Interest Period, as applicable (provided that for the purposes of this Credit Linked Condition 5 only, the Outstanding Redemption Amount shall be deemed to be reduced by each Credit Event Portion on the related Credit Event Determination Date, rather than the related Credit Event Redemption Date or Credit Settlement Date in respect of a Portfolio Credit Linked N&C Security or the date on which the Final Price or Auction Final Price, as applicable, is calculated in respect of a Portfolio Maturity Settled Credit Linked N&C Security) (as numerator) and (b) the actual number of days in such Interest Period or Fixed Rate N&C Security Interest Period, as applicable (as denominator).

7. **REPUDIATION/MORATORIUM EXTENSION**

9. CREDIT DERIVATIVES DETERMINATIONS COMMITTEE EXTENSION

If, in the determination of the Calculation Agent, a Credit Event Resolution Request Date or a Potential Credit Event has occurred and the Credit Derivatives Determinations Committee has not made its determination on or prior to the Scheduled Maturity Date then the Calculation Agent shall notify Securityholders in accordance with N&C Security Condition 14 (Notices) that the Maturity Date has been postponed to a date (the "**DC Determination Postponement Date**") being the day falling five (5) Business Days after: (i) if the Credit Derivatives Determinations Committee Resolves that a Credit Event has occurred, fifteen (15) Business Days following the relevant DC Credit Event Announcement; (ii) if the Credit Derivatives Determinations Committee Resolves that a Credit Event has not occurred, the second (2nd) Business Day following the relevant DC No Credit Event Announcement; or, as applicable, (iii) fifteen (15) Business Days following the DC Credit Event Question Dismissal (the date of the relevant DC Credit Event Announcement, DC No Credit Event Announcement or DC Credit Event Dismissal, as applicable, the "**DC Determination Cut-off Date**") and:

- (i) where a Credit Event has not occurred on or prior to the DC Determination Cut-off Date:
 - (A) Credit Linked Condition 1 (Redemption of Credit Linked N&C Securities) shall apply; and
 - (B) in the case of interest bearing N&C Securities, the Issuer shall be obliged to pay interest calculated as provided herein, accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or if none the Interest Commencement Date to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the DC Determination Postponement Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or

In the Partial Cash Settlement Notice, the Issuer must give details of why it is unable to deliver the relevant Undeliverable Obligations or Hedge Disruption Obligation, as the case may be.

Unless otherwise specified in the applicable Pricing Supplement, for the purposes of this Credit Linked Condition 11 (Partial Cash Settlement) only, the following terms shall be defined as follows:

"Full Quotation" means, in relation to any Undeliverable Obligation or Hedge Disruption Obligation and in accordance with the Quotation Method, each firm quotation expressed as a percentage obtained from a Quotation Dealer at the Valuation Time, to the extent reasonably practicable, for an amount of the Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, with an Outstanding Principal Balance or Due and Payable Amount equal to the Quotation Amount.

"Indicative Quotation" means, in accordance with the Quotation Method, each quotation obtained from a Quotation Dealer at the Valuation Time for (to the extent reasonably practicable) an amount of the Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, equal to the Quotation Amount, which reflects such Quotation Dealer's reasonable assessment of the price of such Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, based on such factors as such Quotation Dealer may consider relevant, which may include historical prices and recovery rates.

"Market Value" means, with respect to an Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, on a Valuation Date, (i) if more than three (3) Full Quotations are obtained, the arithmetic mean of such Full Quotations, disregarding the Full Quotations having the highest and lowest values (and, if more than one (1) such Full Quotations have the same highest or lowest value, then one (1) of such highest or lowest Full Quotations shall be disregarded); (ii) if exactly three (3) Full Quotations are obtained, the Full Quotation remaining after disregarding the highest and lowest Full Quotations (and, if more than one (1) such Full Quotations have the same highest value or lowest value, then one (1) of such highest or lowest Full Quotations shall be disregarded); (iii) if exactly two (2) Full Quotations are obtained, the arithmetic mean of such Full Quotations; (iv) if fewer than two (2) Full Quotations are obtained and a Weighted Average Quotation is obtained, such Weighted Average Quotation; (v) if Indicative Quotations are specified as applying in the applicable Pricing Supplement and exactly three (3) Indicative Quotations are obtained, the Indicative Quotation remaining after disregarding the highest and lowest Indicative Quotations (and, if more than one (1) such Indicative Quotations have the same highest or lowest value, then one (1) of such highest or lowest Indicative Quotations shall be disregarded); (vi) if fewer than two (2) Full Quotations are obtained and no Weighted Average Quotation is obtained (and, if Indicative Quotations are applicable, fewer than three (3) Indicative Quotations are obtained) then, subject to paragraph (a) of the definition of "Quotation" below, an amount as determined by the Calculation Agent on the next Business Day on which at least two (2) Full Quotations or a Weighted Average Quotation or, if applicable, three (3) Indicative Quotations are obtained; and (viii) if the Quotations are deemed to be zero, the Market Value shall be zero.

"Partial Cash Settlement Amount" is deemed to be, for an Undeliverable Obligation or a Hedge Disruption Obligation, as the case may be, an amount calculated by the Calculation Agent equal to the greater of (i) (A) the Outstanding Principal Balance, the Due and Payable Amount or the Currency Amount, as applicable, of each Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, multiplied by (B) the Final Price with respect to such Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, determined as provided in this Credit Linked Condition, less (C) Unwind Costs, if any, (but excluding any Unwind Costs already taken into account in calculating the relevant Asset Amount), and (ii) zero, Provided That where (a) a relevant Undeliverable Obligation or Hedge Disruption Obligation forms part of the Asset Package and (b) the Calculation Agent determines in its sole discretion that a Final Price cannot be reasonably determined in respect of such Undeliverable Obligation or

Credit Annex

Hedge Disruption Obligation, then the Partial Cash Settlement Amount (i) shall be an amount calculated by the Calculation Agent in its sole discretion equal to the fair market value of the relevant Undeliverable Obligation or Hedge Disruption Obligation less Unwind Costs, if any, (but excluding any Unwind Costs already taken into account in calculating the relevant Asset Amount) by reference to such source(s) as it determines appropriate and (ii) may be zero.

"Partial Cash Settlement Date" means, subject to Credit Linked Condition 12 (Settlement Suspension), the day falling five (5) Business Days after (a) the date on which the Calculation Agent determines that the provisions of this Credit Linked Condition apply to the relevant Undeliverable Obligation or Hedge Disruption Obligation or, if later, (b) the calculation of the Final Price, in each case in respect of such Undeliverable Obligations or Hedge Disruption Obligation, as the case may be.

"Quotation" means each Full Quotation, the Weighted Average Quotation and, if Indicative Quotations are specified as applying in the applicable Pricing Supplement, each Indicative Quotation obtained and expressed as a percentage of the Outstanding Principal Balance or Due and Payable Amount, as applicable, of the relevant Undeliverable Obligation or Hedge Disruption Obligation with respect to a Valuation Date in the manner that follows:

- (a) The Calculation Agent shall attempt to obtain Full Quotations with respect to each Valuation Date from five (5) or more Quotation Dealers. - (b) If the Calculation Agent is unable to obtain two (2) or more Full Quotations or a Weighted Average Quotation (or, if Indicative Quotations are specified as applying in the applicable Pricing Supplement, three (3) Indicative Quotations) on the same Business Day on or prior to the tenth (10th) Business Day following the Valuation Date, the Quotations shall be deemed to be any Full Quotation obtained from a Quotation Dealer at the Valuation Time on such tenth (10th) Business Day or, if no Full Quotation is obtained, the weighted average of any firm quotations (or, if applicable, Indicative Quotations) for the Undeliverable Obligation or the Hedge Disruption Obligation, as the case may be, obtained from Quotation Dealers at the Valuation Time on such tenth (10th) Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations (or, if applicable, Indicative Quotations) were not obtained on such day.
- (c) All Quotations shall be obtained in accordance with the specification or determination made pursuant to the definition of Accrued Interest in Credit Linked Condition 14 (Definitions Applicable to Credit Linked N&C Securities) below.

"Quotation Amount" is deemed to be, with respect to each type or issue of Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, an amount equal to the Outstanding Principal Balance or Due and Payable Amount (or, in either case, its equivalent in the relevant Obligation Currency which shall be converted by the Calculation Agent by reference to exchange rates in effect at the time that the relevant Quotation is being obtained), as applicable, of such Undeliverable Obligation or Hedge Disruption Obligation, as the case may be.

Credit Annex

The Calculation Agent will make all calculations and determinations required to be made under this definition of Successor on the basis of Eligible Information and will, as soon as practicable after such calculation or determination, make such calculation or determination available for inspection by Securityholders at the specified office of the Principal Paying Agent. In calculating the percentages used to determine whether an entity qualifies as a Successor under paragraph (a) above, if there is a Steps Plan, the Calculation Agent shall consider all related successions in respect of such Steps Plan in aggregate as if forming part of a single succession.

Where pursuant to paragraph (a)(iii), (a)(iv), (a)(vi) or (b) above, more than one Successor has been identified, the Calculation Agent shall adjust such of these Terms and Conditions and/or the applicable Pricing Supplement as it shall determine to be appropriate to reflect that the Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it adjusts such of these Terms and Conditions and/or the applicable Pricing Supplement in such a manner as to reflect the adjustment to and/or division of any credit derivative transaction(s) related to or underlying the N&C Securities under the provisions of the 2014 ISDA Credit Derivatives Definitions.

Where First to Default is specified as applicable in the applicable Pricing Supplement, the additional provisions (1) – (3) below will also apply. These provisions are in addition to and without prejudice to the rights of the Issuer under the provisions of Credit Linked Condition 13 (Redemption following a Merger Event) which will apply where Merger Event is specified as applying in the applicable Pricing Supplement. In particular the Issuer may in each case determine in its sole discretion which of such provisions apply in the case of a Merger Event occurring.

(1) *Substitution Not Applicable*: Where any Reference Entity (the "**Surviving Reference Entity**") (other than the Reference Entity for which a Successor falls to be determined pursuant to this definition of "Successor") would be a Successor to any other Reference Entity (the "**Legacy Reference Entity**") in accordance with this definition of "Successor" and Substitution is specified as Not Applicable in the applicable Pricing Supplement, such Surviving Reference Entity shall be deemed a Successor to the Legacy Reference Entity.

(2) *Substitution Applicable*: Where any Reference Entity (the "**Surviving Reference Entity**") (other than the Reference Entity for which a Successor falls to be determined pursuant to this definition of "Successor") would be a Successor to any other Reference Entity (the "**Legacy Reference Entity**") in accordance with this definition of Successor and Substitution is specified as Applicable in the applicable Pricing Supplement:

- (c) such Surviving Reference Entity shall be deemed not to be a Successor to the Legacy Reference Entity; and

If two or more entities (each, a "**Joint Potential Successor**") jointly succeed to a Relevant Obligation (the "**Joint Relevant Obligation**") either directly or as a provider of a Relevant Guarantee, then (i) if the Joint Relevant Obligation was a direct obligation of the Reference Entity, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as direct obligor or obligors, or (ii) if the Joint Relevant Obligation was a Relevant Guarantee, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as guarantor or guarantors, if any, or otherwise by each Joint Potential Successor in equal parts.

For the purposes of this definition of "Successor", "**succeed**" means, with respect to the Reference Entity and its Relevant Obligations, that an entity other than the Reference Entity (i) assumes or becomes liable for such Relevant Obligations whether by operation of law or pursuant to any agreement (including, with respect to a Reference Entity that is a Sovereign, any protocol, treaty, convention, accord, concord, entente, pact or other agreement), or (ii) issues Bonds or incurs Loans (the "**Exchange Bonds or Loans**") that are exchanged for Relevant Obligations, and in either case the Reference Entity is not thereafter a direct obligor or a provider of a Relevant Guarantee with respect to such Relevant Obligations or such Exchange Bonds or Loans, as applicable. For purposes of this definition of "Successor", "**succeeded**" and "**succession**" shall be construed accordingly. In the case of an exchange offer, the determinations required pursuant to paragraph (a) of this definition of "Successor" shall be made on the basis of the outstanding principal balance of Relevant Obligations exchanged and not on the basis of the outstanding principal balance of the Exchange Bonds or Loans.

 - (B) the Asset Amount(s) will be Delivered as soon as practicable after the relevant Scheduled Credit Settlement Date (in which case, such date of Delivery shall be deemed to be the relevant Credit Settlement Date) at the risk of such Securityholder in the manner provided below, Provided That if, in respect of an N&C Security, a Securityholder fails to give an Asset Transfer Notice prior to the day falling 180 calendar days after the Cut Off Date, the obligations of the Issuer and the Guarantor in respect of such N&C Security shall be discharged and neither the Issuer nor the Guarantor shall have any liability in respect thereof. For the avoidance of doubt, in such circumstances such Securityholder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Credit Settlement Date falling after the date fixed for redemption and no liability in respect thereof shall attach to the Issuer.
- (iii) To the extent that the Issuer is not satisfied that the Delivery Expenses have been or will be paid in full by the relevant Securityholder on or prior to the relevant Credit Settlement Date, the Issuer may, in its sole discretion, elect to reduce the Asset Amount(s) to be Delivered to that Securityholder by an amount(s) which by market value (determined at the time of reduction by reference to such valuation sources as the Issuer determines appropriate) in aggregate is at least equal to the aggregate Delivery Expenses that it determines, in its sole discretion, have not been paid or otherwise accounted for (the Asset Amount as so reduced, the "**Reduced Asset Amount**"). Where the Issuer elects to make such a reduction, in accordance with this Credit Linked Condition 23(e)(iii) the Issuer's obligation to Deliver the Asset Amount(s) shall be discharged in full by Delivery of the Reduced Asset Amount(s) in accordance with the provisions of this Credit Linked Condition 23(e). The provisions of these Credit Linked Conditions shall apply mutatis mutandis to any such Delivery of the Reduced Asset Amount.

Credit Annex

- (iv) For the purpose of determining the Asset Amounts in respect of a Credit Event Portion, N&C Securities held by the same Securityholder will be aggregated. The aggregate Asset Amount(s) to be delivered in respect of each such aggregated holding will be rounded down to the nearest whole unit of the relevant Deliverable Obligation (or, where there is more than one type of Deliverable Obligation, each of the Deliverable Obligations), as the case may be, in such manner as the Calculation Agent shall determine. Therefore, fractions of the Deliverable Obligation or of each of the Deliverable Obligations, as the case may be, will not be delivered but in lieu thereof the Issuer shall pay to the Securityholders in respect of their respective holding an additional amount in the Specified Currency equal to the fair market value of such fraction(s) in such manner as shall be determined by the Calculation Agent in good faith and in a commercially reasonable manner and notified to Securityholders in accordance with N&C Security Condition 14 (Notices).
- (v) Delivery of the Asset Amount in respect of any Credit Event Portion is subject to all applicable laws, regulations and practices in force on the relevant Credit Settlement Date and none of the Issuer, the Guarantor or any of their Affiliates or agents and the Paying Agents shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer, the Guarantor or any of their Affiliates or agents and the Paying Agents shall under any circumstances be liable for any acts or defaults of Euroclear or Clearstream, Luxembourg in relation to the performance of their duties in relation to the N&C Securities.

(f) ***General***

After Delivery of any Asset Amount in respect of an N&C Security and for the Intervening Period, none of the Issuer, the Guarantor, the Calculation Agent and any other person shall at any time (i) be under any obligation to deliver or procure delivery to any Securityholder or any subsequent beneficial owner of such N&C Security any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of the securities, obligations or Deliverable Obligations included in such Asset Amount, (ii) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to such securities, obligations or Deliverable Obligations included in such Asset Amount or (iii) be under any liability to a Securityholder or any subsequent beneficial owner of such N&C Security in respect of any loss or damage which such Securityholder, or subsequent beneficial owner, may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities, obligations or Deliverable Obligations included in such Asset Amount.

(g) ***Undeliverable Obligations and Hedge Disruption Obligations***

In relation to each Deliverable Obligation constituting an Asset Amount, the Issuer will Deliver or procure the Delivery of the relevant Deliverable Obligation in accordance with this Credit Linked Condition 23 on the relevant Credit Settlement Date provided that if all or some of the Deliverable Obligations included in such Asset Amount in respect of any Credit Event Portion are Undeliverable Obligations and/or Hedge Disruption Obligations, then the Issuer shall continue to attempt to Deliver or, if applicable, shall attempt to Deliver where possible all or a portion of such Undeliverable Obligations or Hedge Disruption Obligations, as the case may be, up to and including (i) the 30th Business Day following the relevant Credit Settlement Date or (ii) such earlier date as the Calculation Agent may select and notify to the Securityholders in accordance with N&C Security Condition 14 (Notices), taking into account the terms of any Hedging Arrangements (the "**Final Delivery Date**"), provided further that if all or a portion of such Undeliverable Obligations or Hedge Disruption Obligations, as the case may be, are not Delivered by the Final Delivery Date the provisions of Credit Linked Condition 11 (Partial Cash Settlement) shall apply.

Defined terms used in this Inflation Index Annex or the related section of the Pricing Supplement where the same term may be used in another Annex (e.g. Determination Date, Hedging Party, Final Valuation Date or Averaging Date) shall have the meanings given in this Inflation Index Annex or in the section of the Pricing Supplement relating to Inflation Index Linked N&C Securities notwithstanding the same terms being used in another Annex or section of the Pricing Supplement.

1. INFLATION INDEX LINKED N&C SECURITIES

This Inflation Index Linked Condition 1 will apply to N&C Securities only.

(a) Inflation Index Linked Interest N&C Securities

Unless previously redeemed or purchased and cancelled in accordance with the N&C Security Conditions or as specified in the applicable Pricing Supplement and subject to these Inflation Index Linked Conditions, each Inflation Index Linked Interest N&C Security will bear interest in the manner specified in the applicable Pricing Supplement and the Conditions.

(b) Inflation Index Linked Redemption N&C Securities

Unless previously redeemed or purchased and cancelled, each N&C Security will be redeemed by the Issuer by payment of the Final Redemption Amount specified in, or determined in the manner specified in, the applicable Pricing Supplement and the Conditions on the Maturity Date (subject as provided below).

2. KEY DATES AND BASKETS

(a) Key Dates

The applicable Pricing Supplement may specify a number of key dates (each a "Key Date") in respect of which an Inflation Index valuation is to be made. For each Key Date the relevant Reference Month, Determination Date(s), Inflation Cut-Off Date and, where applicable, End Date will be specified. The Calculation Agent will apply the provision of these Inflation Index Linked Conditions separately in each case to make the relevant Inflation Index valuation in relation to each Key Date accordingly. Each such Inflation Index level determined will be deemed to be an Observation Level, as specified in the applicable Pricing Supplement.

Inflation Index Annex

(b) **Baskets**

The applicable Pricing Supplement may specify that the N&C Securities or Warrants, as applicable, relate to a single asset or a basket of assets. These Inflation Index Linked Conditions will apply to valuation and determinations in relation to each Inflation Index which forms the single asset or a constituent of the basket of assets referred to above.

3. INFLATION INDEX DELAY AND DISRUPTION PROVISIONS

(a) **Delay in Publication**

If the Calculation Agent determines that a Delayed Index Level Event in respect of an Inflation Index has occurred with respect to any Determination Date, then the Relevant Level for such Inflation Index with respect to the relevant Reference Month subject to such Delayed Index Level Event (the "**Substitute Index Level**") shall be determined by the Calculation Agent as follows:

- (i) if "Related Bond" is specified as applicable for such Inflation Index in the relevant Pricing Supplement, the Calculation Agent shall determine the Substitute Index Level by reference to the corresponding index level determined under the terms and conditions of the relevant Related Bond;
- (ii) if (I) "Related Bond" is not specified as applicable for such Inflation Index in the relevant Pricing Supplement, or (II) the Calculation Agent is not able to determine a Substitute Index Level under (i) above, the Calculation Agent shall determine the Substitute Index Level by reference to the following formula:

$$\text{Substitute Index Level} = \text{Base Level} \times \left(\frac{\text{Latest Level}}{\text{Reference Level}} \right); \text{ or}$$

- (iii) otherwise in accordance with any formula specified in the relevant Pricing Supplement,

in each case as of such Determination Date,

where:

"**Base Level**" means, in respect of an Inflation Index, the level of such Inflation Index (excluding any "flash" estimates) published or announced by the relevant Inflation Index Sponsor in respect of the month which is 12 calendar months prior to the month for which the Substitute Index Level is being determined.

"**Latest Level**" means, in respect of an Inflation Index, the latest level of such Inflation Index (excluding any "flash" estimates) published or announced by the relevant Inflation Index Sponsor prior to the month in respect of which the Substitute Index Level is being determined.

"**Reference Level**" means, in respect of an Inflation Index, the level of such Inflation Index (excluding any "flash" estimates) published or announced by the relevant Inflation Index Sponsor in respect of the month that is 12 calendar months prior to the month in respect of the Latest Level.

The Issuer shall give notice to Securityholders, in accordance with N&C Security Condition 14 (Notices) or Warrant Condition 11 (Notices), as applicable, of any Substitute Index Level calculated pursuant to this Inflation Index Linked Condition 3.

If the Relevant Level (as defined below) is published or announced at any time on or after the relevant Inflation Cut-off Date, such Relevant Level will not be used in any calculations. The Substitute Index Level so determined pursuant to this Inflation Index Linked Condition 3 will be the definitive level for that Reference Month.

Inflation Index Annex

(b) **Cessation of Publication**

If the Calculation Agent determines that the level for the Inflation Index has not been published or announced for two (2) consecutive months, the Inflation Index Sponsor announces that it will no longer continue to publish or announce the Inflation Index or the Inflation Index Sponsor otherwise cancels the Inflation Index, then the Calculation Agent shall determine a successor inflation index (the "**Successor Inflation Index**") (in lieu of any previously applicable Inflation Index) for the purposes of the Inflation Index Linked Securities by using the following methodology:

- (i) if at any time (other than after an early cancellation event has been designated by the Calculation Agent pursuant to Inflation Index Linked Condition 3(b)(v) below), a successor inflation index has been designated by the calculation agent (or equivalent) pursuant to the terms and conditions of the Related Bond, such successor inflation index shall be designated a "Successor Inflation Index" notwithstanding that any other Successor Inflation Index may previously have been determined under Inflation Index Linked Conditions 3(b)(ii), 3(b)(iii) or 3(b)(iv) below;
- (ii) if a Successor Inflation Index has not been determined pursuant to Inflation Index Linked Condition 3(b)(i) above, and a notice has been given or an announcement has been made by the Inflation Index Sponsor, specifying that the Inflation Index will be superseded by a replacement Inflation Index specified by the Inflation Index Sponsor, and the Calculation Agent determines that such replacement index is calculated using the same or substantially similar formula or method of calculation as used in the calculation of the previously applicable Inflation Index, such replacement index shall be the Inflation Index for purposes of the Inflation Index Linked Securities from the date that such replacement Inflation Index comes into effect;
- (iii) if a Successor Inflation Index has not been determined pursuant to Inflation Index Linked Conditions 3(b)(i) or 3(b)(ii) above, the Calculation Agent shall ask five leading independent dealers to state what the replacement index for the Inflation Index should be. If four or five responses are received and, of those four or five responses, three or more leading independent dealers state the same index, this index will be deemed the "Successor Inflation Index". If three responses are received and two or more leading independent dealers state the same index, this index will be deemed the "Successor Inflation Index". If fewer than three responses are received or no Successor Inflation Index is determined pursuant to this Inflation Index Linked Condition 3(b)(iii), the Calculation Agent will proceed to Inflation Index Linked Condition 3(b)(iv) below;
- (iv) if no replacement index or Successor Inflation Index has been determined under Inflation Index Linked Conditions 3(b)(i), 3(b)(ii) or 3(b)(iii) above by the next occurring Inflation Cut-Off Date, the Calculation Agent, subject as provided below, will determine an appropriate alternative index from such Inflation Cut-Off Date, and such index will be deemed a "Successor Inflation Index"; or
- (v) if the Calculation Agent determines that there is no appropriate alternative index in relation to Inflation Index Linked Securities, the Issuer acting in good faith and in a commercially reasonable manner discretion may either (1) require the Calculation Agent to determine acting in good faith and in a commercially reasonable manner the appropriate adjustment, if any, to be made to the terms of the Securities to account for this event or (2) on giving notice to Securityholders in accordance with N&C Security Condition 14 (Notices) or Warrant Condition 11 (Notices), as applicable, the Issuer shall redeem or cancel, as applicable all but not some only of the Inflation Index Linked Securities, each Inflation Index Linked Security being redeemed or cancelled, as applicable by payment of the relevant Early Redemption Amount, in the case of N&C Securities, or Early Cancellation Amount, in the case of Warrants. Payments will be made in such manner as shall be notified to the Securityholders in accordance with N&C Security Condition 14 (Notices) or Warrant Condition 11 (Notices), as applicable.

Inflation Index Annex

(c) **Rebasing of the Inflation Index**

If the Calculation Agent determines that the Inflation Index has been or will be rebased at any time, the Inflation Index as so rebased (the "**Rebased Index**") will be used for purposes of determining the level of the Inflation Index from the date of such rebasing; provided, however, that the Calculation Agent shall make adjustments as are made by the calculation agent (or equivalent) pursuant to the terms and conditions of the Related Bond, if "Related Bond" is specified as applicable in the applicable Pricing Supplement, to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Inflation Index before it was rebased, or, if "Related Bond" is not specified as applicable in the applicable Pricing Supplement, the Calculation Agent shall make adjustments to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Inflation Index before it was rebased.

(d) **Material Modification Prior to Last Occurring Inflation Cut-Off**

If, on or prior to the last occurring Inflation Cut-Off Date, the Inflation Index Sponsor announces that it will make a material change to the Inflation Index then the Calculation Agent shall make any such adjustments, if "Related Bond" is specified as applicable in the applicable Pricing Supplement, consistent with adjustments made to the Related Bond, or, if "Related Bond" is not specified as applicable in the applicable Pricing Supplement, only those adjustments to the Inflation Index necessary for the modified Inflation Index to continue as the Inflation Index.

(e) **Manifest Error in Publication**

To the extent that it has sufficient time and it is reasonable to do so prior to the relevant Maturity Date, in the case of N&C Securities, or Settlement Date, in the case of Warrants, if, within thirty (30) calendar days of publication, the Calculation Agent determines that the Inflation Index Sponsor has corrected the level of the Inflation Index to remedy a manifest error in its original publication, the Calculation Agent may, in its discretion, make such adjustments to the terms of the Inflation Index Linked Securities as it determines appropriate to account for the correction and will notify the Securityholders of any such adjustments in accordance with N&C Security Condition 14 (Notices) or Warrant Condition 11 (Notices), as applicable.

4. ADDITIONAL DISRUPTION EVENTS

"**Additional Disruption Event**" means any of Change in Law, Hedging Disruption, Increased Cost of Hedging and/or any Specified Additional Disruption Event in each case if specified as applying to Inflation Index Linked Securities in the applicable Pricing Supplement.

- (a) If an Additional Disruption Event occurs, the Issuer acting in good faith and in a commercially reasonable manner may either:
- (i) require the Calculation Agent to determine acting in good faith and in a commercially reasonable manner the appropriate adjustment, if any, to be made to any of the terms of the Securities to account for the Additional Disruption Event and determine the effective date of that adjustment;
 - (ii) in the case of N&C Securities, redeem the N&C Securities by giving notice to the Securityholders in accordance with N&C Security Condition 14 (Notices). If the N&C Securities are so redeemed the Issuer will pay each N&C Securityholder the Early Redemption Amount in respect of each N&C Security held by him. Payments will be made in such manner as will be notified to the N&C Securityholders in accordance with N&C Security Condition 14 (Notices); or
 - (iii) in the case of Warrants, cancel the Warrants by giving notice to the Warrantholders in accordance with Warrant Condition 11 (Notices). If the Warrants are so cancelled the Issuer will pay each Warrantholder the Early Cancellation Amount in respect of each Warrant held by him determined taking into account the Additional Disruption Event. Payments will be made in such manner as will be notified to the Warrantholders in accordance with Warrant Condition 11 (Notices).

Inflation Index Annex

- (b) Upon the occurrence of an Additional Disruption Event, the Issuer will give notice as soon as practicable to the Securityholders in accordance with N&C Security Condition 14 (Notices) (in the case of N&C Securities) or Warrant Condition 11 (Notices) (in the case of Warrants) stating the occurrence of the Additional Disruption Event (including giving details thereof) and the action proposed to be taken in relation thereto provided that any failure to give, or non-receipt of, such notice will not affect the validity of the Additional Disruption Event or the proposed action.

 - (B) Commodity Trading Disruption;
 - (C) Disappearance of Commodity Reference Price;
 - (D) Commodity Tax Disruption;
 - (E) any additional Market Disruption Events as specified in the applicable Pricing Supplement; and
- (ii) with respect to all Commodities other than Bullion:
 - (A) Material Change in Formula;
 - (B) Material Change in Content; and
- (iii) with respect to a Commodity Index:
 - (A) a temporary or permanent failure by the applicable exchange or other price source to announce or publish (x) the Commodity Reference Price or (y) closing price for any futures contract included in the Commodity Index;
 - (B) a material limitation, suspension or disruption of trading in one or more of the futures contracts included in the Commodity Index which results in a failure by the exchange on which each applicable futures contract is traded to report a closing price for such contract on the day on which such event occurs or any succeeding day on which it continues; or
 - (C) the closing price for any futures contract included in the Commodity Index is a "limit price", which means that the closing price for such contract for a day has increased or decreased from the previous day's closing price by the maximum amount permitted under applicable exchange rules.

(b) **Disruption Fallback**

"Disruption Fallback" means a source or method that may give rise to an alternative basis for determining the Relevant Price in respect of a specified Commodity Reference Price when a Market Disruption Event occurs or exists on a day that is a Pricing Date in respect of the relevant Securities. A Disruption Fallback is applicable if it is specified in the applicable Pricing Supplement or, if no Disruption Fallback is specified in the applicable Pricing Supplement, the following Disruption Fallbacks will be deemed to have been specified and be applicable and shall mean subject as provided in the final paragraph of this Commodity Linked Condition 2:

- (i) with respect to a relevant Commodity, (in the following order):
 - (A) Fallback Reference Price (if applicable);
 - (B) Delayed Publication or Announcement and Postponement (each to operate concurrently with the other and each subject to a period of consecutive Commodity Business Days (or Bullion Business Days in respect of Bullion) specified as the applicable Specified Maximum Days of Disruption provided, however, that the price determined by Postponement shall be the Relevant Price only if Delayed Publication or Announcement does not yield a Relevant Price within the Specified Maximum Days of Disruption); and

Commodity Annex

- (C) Calculation Agent Determination;
- (ii) with respect to a Commodity Index the Calculation Agent shall determine the Relevant Price subject as provided below by:
 - (A) using:
 - I. with respect to each futures contract included in the Commodity Index which is not affected by the Market Disruption Event on such Pricing Date, the closing prices of each such futures contract on the applicable exchange on such Pricing Date; and
 - II. with respect to each futures contract included in the Commodity Index which is affected by the Market Disruption Event on such Pricing Date, the closing prices of each such futures contract on the first Futures Trading Day following such Pricing Date on which no Market Disruption Event is occurring with respect to such futures contract,

in each case as of the Fallback Pricing Date.

- (B) If a Fallback Pricing Date is specified in the applicable Pricing Supplement to be applicable to any Pricing Date for a Commodity Index, and if:
 - I. following adjustment of such Pricing Date on account of the Scheduled Pricing Date not being a Trading Day, the Pricing Date would otherwise fall after the specified Fallback Pricing Date, then such Fallback Pricing Date shall be deemed to be such Pricing Date for such Commodity Index. If such Fallback Pricing Date is not a Trading Day for the Commodity Index, then the Calculation Agent will determine the Commodity Reference Price for the applicable Commodity Index, taking into consideration the latest available level of the Commodity Index and any other information that, acting in good faith and in a commercially reasonable manner, it deems relevant of such Commodity Index on such Fallback Pricing Date, and such determination by the Calculation Agent pursuant to this Commodity Linked Condition 2 shall be deemed to be the Commodity Reference Price for such Commodity Index in respect of the relevant Pricing Date; and/or
 - II. the closing price of a futures contract comprised in the Commodity Index would otherwise be used for the purposes of determining the Commodity Reference Price above would fall after the specified Fallback Pricing Date following the adjustment set out in (A)(II) above, then the closing price of such futures contract will instead be taken on such Fallback Pricing Date, and such closing price for the Fallback Pricing Date will be determined by the Calculation Agent, taking into consideration the latest available closing price for such futures contract, and any other information that, acting in good faith and in a commercially reasonable manner, it deems relevant.

Subject as provided below, the Calculation Agent shall determine the Relevant Price by reference to the closing prices determined in (A)I and (A)II above or as provided in (B) above using the then current method for calculating the Commodity Reference Price.

Where a Market Disruption Event with respect to one or more futures contracts included in the Commodity Index has occurred on the Scheduled Pricing Date and continues to exist for a number of Trading Days equal to the Specified Maximum Days of Disruption, the Calculation Agent shall determine the Relevant Price on the final such Trading Day. In calculating the Relevant Price as set out herein, the Calculation Agent shall use the formula for calculating the Commodity Reference Price last in effect prior to the Market Disruption Event.

Commodity Annex

If any Disruption Fallbacks are specified in the applicable Pricing Supplement, unless otherwise provided in the Pricing Supplement, then only that or those (as the case may be) Disruption Fallbacks shall apply and if two or more Disruption Fallbacks are specified, those Disruption Fallbacks shall apply in the order as specified in the relevant Pricing Supplement, such that if the Calculation Agent determines that the Commodity Reference Price cannot be determined by applying a Disruption Fallback, then the next Disruption Fallback specified shall apply, provided in all cases that, if the Commodity Reference Price cannot be determined using any Disruption Fallback so specified, then Calculation Agent Determination shall be deemed to apply.

3. FALLBACK PRICING DATES

In respect of a Commodity, and notwithstanding any other terms of the Commodity Linked Conditions applicable to a Commodity, if a Fallback Pricing Date is specified in the relevant Pricing Supplement to be applicable to any Pricing Date and if, following adjustment of the original date on which the Pricing Date was scheduled to fall pursuant to the applicable Commodity Business Day Convention (or Bullion Business Day Convention) or, following the application of a Disruption Fallback pursuant to Commodity Linked Condition 2 (Market Disruption and Disruption Fallback) or adjustment of the Pricing Date pursuant to Commodity Linked Condition 4(a) (Common Pricing), the determination of a Commodity Reference Price, or the Pricing Date in respect of a Commodity, as applicable, would otherwise fall after the specified Fallback Pricing Date in respect of the Commodity, then the Fallback Pricing Date shall be deemed to be the Pricing Date for the Commodity.

If the Fallback Pricing Date is not a Commodity Business Day (or a Bullion Business Day), the Commodity Reference Price of such Commodity shall be subject to Calculation Agent Determination on such Fallback Pricing Date, and such determination by the Calculation Agent pursuant to this Commodity Linked Condition 3 shall be deemed to be the Commodity Reference Price in respect of the relevant Pricing Date.

4. TERMS RELATING TO CALCULATION OF PRICES

(a) Common Pricing

With respect to Commodity Linked N&C Securities relating to a Basket of Commodities, if "Common Pricing" is specified in the applicable Pricing Supplement as:

- (i) "Applicable", then no date will be a Pricing Date unless such date is a day on which all referenced Commodity Reference Prices (for which such date would otherwise be a Pricing Date) are scheduled to be published or announced, as determined on the Trade Date of the N&C Securities;
- (ii) "Not Applicable", then if the Calculation Agent determines that a Market Disruption Event (as defined above) has occurred or exists on the Pricing Date in respect of any relevant Commodity and/or Commodity Index (each an "**Affected Commodity**"), the Relevant Price of each Commodity and/or Commodity Index within the basket which is not affected by the occurrence of a Market Disruption Event shall be determined on its Scheduled Pricing Date and the Relevant Price for each Affected Commodity shall be determined in accordance with the first applicable Disruption Fallback that provides a Relevant Price.

All determinations made by the Calculation Agent pursuant to this Commodity Linked Condition will be conclusive and binding on the Securityholders and the Issuer except in the case of manifest error.

(b) Correction to Published Prices

For purposes of determining or calculating the Relevant Price for any day, if the price published or announced on a given day and used or to be used by the Calculation Agent to determine a Relevant Price is subsequently corrected and the correction is published or announced by the person responsible for that publication or announcement within 30 calendar days (or 90 calendar days, in connection with a weather index) after the original publication or announcement (or, if earlier the day falling two (2) Commodity Business Days (in the case of a Commodity), Bullion Business Days (in the case of Bullion) or Trading Days (in the case of a Commodity

Commodity Annex

Index) preceding the date on which payment or delivery of any amount to be calculated by reference to such Relevant Price is due), the Calculation Agent may, in its sole discretion, use such corrected price in such calculation.

5. ADJUSTMENTS TO A COMMODITY INDEX

(a) **Successor Index Sponsor Calculates and Reports a Commodity Index**

If a relevant Commodity Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor (the "**Successor Index Sponsor**") acceptable to the Issuer, or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Commodity Index, then in each case that index (the "**Successor Index**") will be deemed to be the Commodity Index.

(b) **Modification and Cessation of Calculation of a Commodity Index**

If (in the determination of the Calculation Agent) on or prior to a Pricing Date (i) the relevant Index Sponsor makes a material change in the formula for or the method of calculating a relevant Commodity Index or in any other way materially modifies that Commodity Index (other than a modification prescribed in that formula or method to maintain that Commodity Index in the event of changes in constituent commodities and weightings and other routine events), or (ii) the Index Sponsor permanently cancels a relevant Commodity Index or (iii) the Index Sponsor fails to calculate and announce a relevant Commodity Index and there is no Successor Index Sponsor or Successor Index then the Calculation Agent may at its option (in the case of (i)) and shall (in the case of (ii) and (iii)) (such events (i) (ii) and (iii) to be collectively referred to as "**Index Adjustment Events**") calculate the Relevant Price using in lieu of the published level for that Commodity Index, the level for that Commodity Index as at the relevant determination date as determined by the Calculation Agent in accordance with the formula for and method of calculating that Commodity Index last in effect prior to the relevant Index Adjustment Event, but using only those futures contracts that comprised that Commodity Index immediately prior to the relevant Index Adjustment Event (other than those futures contracts that have ceased to be listed on any relevant exchange).

(c) **Commodity Index Substitution**

If the Calculation Agent determines, in its sole discretion, that it is not reasonably practicable or commercially reasonable (taking into account the costs involved) to calculate or continue to calculate the Commodity Index pursuant to the preceding paragraph, the Calculation Agent may rebase the N&C Securities against another index or basket of indices, as applicable, determined by the Calculation Agent to be comparable to the relevant Commodity Index, and, following such rebasing, the Calculation Agent will make such adjustment(s) that it determines to be appropriate, if any, to any variable, calculation methodology, valuation, settlement, payment terms or any other terms of the N&C Securities to account for such rebasing.

(d) **Early Redemption**

If the Calculation Agent determines, in its sole discretion, that there is no such index or basket of indices comparable to the relevant Commodity Index, and/or that application of the preceding paragraphs would not achieve a commercially reasonable result, the Calculation Agent may determine that the N&C Securities shall be redeemed, in which event the Issuer will cause to be paid to each holder in respect of each N&C Security held by it an amount equal to the Early Redemption Amount (as defined in N&C Security Condition 7.7 (Early Redemption Amounts) and specified in the applicable Pricing Supplement).

(e) **Notices**

On making any such adjustment or determination, the Calculation Agent shall give notice as soon as practicable to the Holders stating the adjustment to any amount payable under the N&C Securities, the determination and/or

Commodity Annex

any of the other relevant terms and giving brief details of the Index Adjustment Event, provided that any failure to give such notice shall not affect the validity of the Index Adjustment Event or any action taken.

6. COMMODITY INDEX DISCLAIMER

The N&C Securities are not sponsored, endorsed, sold, or promoted by the Commodity Index or the Index Sponsor and no Index Sponsor makes any representation whatsoever, whether express or implied, either as to the results to be obtained from the use of the Commodity Index and/or the levels at which the Commodity Index stands at any particular time on any particular date or otherwise. 7. CONSEQUENCES OF AN ADDITIONAL DISRUPTION EVENT

Following the determination by the Calculation Agent that an Additional Disruption Event has occurred, the Calculation Agent may, acting in good faith and in a commercially reasonable manner:

- (a) determine to make such adjustment to the interest, redemption, settlement, payment or any other terms of the N&C Securities as the Calculation Agent determines appropriate to account for such Additional Disruption Event; and/or

References below to a numbered N&C Security Condition or Warrant Condition, as the case may be, are to such numbered section of the N&C Security Conditions or Warrant Conditions, as applicable, and references to a numbered Property Index Linked Condition are to such numbered section as set out in this Property Index Annex.

Defined terms used in this Property Index Annex or the related section of the Pricing Supplement where the same term may be used in another Annex (e.g. Index Level, Final Valuation Date or Averaging Date) will have the meanings given in this Property Index Annex or in the section of the Pricing Supplement relating to Property Index Linked Securities notwithstanding the same terms being used in another Annex or section of the Pricing Supplement.

1. PROPERTY INDEX LINKED N&C SECURITIES

This Property Index Linked Condition 1 will only apply to N&C Securities.

(a) Property Index Linked Interest N&C Securities

Unless previously redeemed or purchased and cancelled in accordance with the N&C Security Conditions or as specified in the applicable Pricing Supplement and subject to these Property Index Linked Conditions, each Property Index Linked Interest N&C Security will bear interest in the manner specified in the applicable Pricing Supplement and the Conditions.

(b) Property Index Linked Redemption N&C Securities

Unless previously redeemed or purchased and cancelled, each N&C Security will be redeemed by the Issuer by payment of the Final Redemption Amount specified in, or determined in the manner specified in, the applicable Pricing Supplement and the Conditions on the Maturity Date (subject as provided below).

2. KEY DATES AND BASKETS

(a) Key Dates

The applicable Pricing Supplement may specify a number of key dates (each a "Key Date") in respect of which a Property Index valuation is to be made. For each Key Date the relevant Cure Period and, where applicable, Publication Date will be specified. The Calculation Agent will apply the provision of these Property Index Linked Conditions separately in each case to make the relevant Property Index valuation in relation to each Key

Property Index Annex

Date accordingly. Each such Property Index level determined will be deemed to be an Observation Level as specified in the applicable Pricing Supplement.

(b) **Baskets**

The applicable Pricing Supplement may specify that the N&C Securities or Warrants, as applicable, relate to a single asset or a basket of assets. These Property Index Linked Conditions will apply to valuation and determinations in relation to each Property Index which forms the single asset or a constituent of the basket of assets referred to above.

3. **PROPERTY INDEX DELAY AND DISRUPTION PROVISIONS**

(a) **Rebasing of the Property Index**

If the Calculation Agent determines that a Property Index has been or will be Rebased at any time (the Property Index as so Rebased, the "**Rebased Index**"), the Rebased Index will be used for the purposes of determining the level of the Property Index from the date of such Rebasing, provided however that the Calculation Agent will adjust the terms of the Securities so that the use of the Rebased Index reflects what would have been the performance of the Property Index had the Rebasing not occurred save that any such Rebasing will not affect any prior payments or valuations (if any) under the Securities.

(b) **Error in Publication**

If the Calculation Agent determines that an Error in Publication has occurred with respect to the Property Index, the Calculation Agent may, to the extent that it has sufficient time and it is reasonable to do so, (a) use the corrected level of the Property Index to make any relevant calculations and/or (b) make any necessary adjustments to the relevant Index Level and such other terms of the Securities as it in good faith and in a commercially reasonable manner determines to be appropriate to account for such Error in Publication.

For these purposes:

An "**Error in Publication**" will occur if the Property Index Sponsor announces that an error has occurred with respect to the Index Level as published on any Publication Date; the Index Level for such Publication Date is corrected to remedy such error; and the correction is published by the Property Index Sponsor at any time prior to the Maturity Date, in the case of N&C Securities, or the Settlement Date, in the case of Warrants. An Error in Publication will not include a routine revision in the level of the Property Index in a regularly scheduled republication of the Property Index, such a scheduled republication not being relevant for the purposes of these Property Index Linked Conditions.

(c) **Delay in Publication**

If any relevant Index Level has not been announced by the second Business Day preceding the date on which any amount calculated in whole or in part by reference to such Index Level falls to be due and payable pursuant to the Securities (a "**Property Index Linked Payment Date**") then such amount will not be payable on such Property Index Linked Payment Date and the following will apply:

- (i) if a Cure Period is specified as Applicable in the applicable Pricing Supplement, then:
- (1) if the Property Index Sponsor publishes the relevant Index Level within the Cure Period, such Property Index Linked Payment Date will be deferred until the second Business Day following the date of publication of the relevant Index Level and all relevant amounts will be calculated by reference to such Index Level;
 - (2) if the Property Index Sponsor publishes a Provisional Index Level within the Cure Period, then such Property Index Linked Payment Date will be deferred until the second Business

Property Index Annex

Day following the end of the Cure Period and (unless (i) above then applies) such Provisional Index Level of the Property Index will apply for the purposes of the Securities and all relevant amounts will be calculated by reference to such Provisional Index Level; or

- (3) if the Property Index Sponsor fails to publish either the Index Level or a Provisional Index Level prior to the end of the Cure Period, a Delayed Publication Disruption Event will occur and Property Index Linked Condition 3(e) below will apply; or
- (ii) if Cure Period is specified as Not Applicable in the applicable Pricing Supplement, then:
 - (1) if the Property Index Sponsor publishes a Provisional Index Level prior to the second Business Day preceding the Property Index Linked Payment Date, such Provisional Index Level will apply for the purposes of the Securities and all relevant amounts will be calculated by reference to such Provisional Index Level; or
 - (2) if the Property Index Sponsor fails to publish a Provisional Index Level prior to the second Business Day preceding the Property Index Linked Payment Date, a Delayed Publication Disruption Event will occur and Property Linked Condition 3(e) below will apply.

No additional interest will accrue as a result of a deferral of any Property Index Linked Payment Date.

The Calculation Agent will give notice to Securityholders as soon as practicable in accordance with N&C Security Condition 14 (Notices) (in the case of N&C Securities) or Warrant Condition 11 (Notices) (in the case of Warrants) of (i) a delay in publication pursuant to this Property Index Linked Condition 3(c) and (ii) any amounts that are payable to such Securityholders as a result of the delayed publication of the Index Level pursuant to Property Index Linked Condition 3(c)(i) or (ii) above.

For these purposes:

"**Cure Period**" means, in respect of any Property Index Linked Payment Date, the period, if any, specified as such in the applicable Pricing Supplement.

(d) **Methodology Adjustment and Index Discontinuance**

If the Property Index Sponsor announces that it has changed the methodology in calculating a Property Index and:

- (a) nonetheless continues the publication of an index based on the original methodology (such Property Index, a "**Replacement Property Index**") such Replacement Property Index will apply in lieu of the original Property Index in relation to the Securities; or
- (b) discontinues publication of the Property Index based on the original methodology (an "**Index Discontinuance**"), Property Index Linked Condition 3(e) below will apply.

(e) **Index Disruption Procedure**

Following the occurrence of an Index Disruption Event, the Issuer will, acting in good faith and in a commercially reasonable manner, determine whether or not the Securities will continue or be cancelled.

If the Issuer determines that the Securities will continue, the Calculation Agent may make such adjustment to the terms of the Securities which it considers, (acting in good faith and in a commercially reasonable manner, to be appropriate in order to preserve for the Securityholders the economic value of the Securities. Without limitation this may include (i) selecting a replacement Property Index (such Property Index, a "**Replacement Property Index**") and, following the selection of such, determining the appropriate level for such Replacement Property Index and the date on which such Replacement Property Index will take effect in relation to the Securities or (ii)

Property Index Annex

adjusting any method for determination or calculating payments under the Securities. If the Issuer determines that the Securities will be cancelled it will redeem (in the case of N&C Securities) or cancel (in the case of Warrants) the Securities by giving notice to the Securityholders in accordance with N&C Security Condition 14 (Notices) (in the case of N&C Securities) or Warrant Condition 11 (Notices) (in the case of Warrants). If the Securities are so redeemed or cancelled, as the case may be, the Issuer will pay each Securityholder the Early Redemption Amount (in the case of N&C Securities) or the Early Cancellation Amount (in the case of Warrants) in respect of each Security held by such Securityholder. Payments will be made in such manner as will be notified to the Securityholders in accordance with N&C Security Condition 14 (Notices) (in the case of N&C Securities) or Warrant Condition 11 (Notices) (in the case of Warrants).

4. NOTICE

In the event that the provisions of Property Index Linked Conditions 3(a), 3(b), 3(c), 3(d), and/or 3(e) above apply in respect of the Securities, the Issuer will give notice to Securityholders as soon as practicable in accordance with N&C Security Condition 14 (Notices) (in the case of N&C Securities) or Warrant Condition 11 (Notices) (in the case of Warrants) of the occurrence of the relevant event and the action proposed in relation thereto.

5. ADDITIONAL DISRUPTION EVENT

"Additional Disruption Event" means any of Change in Law, Hedging Disruption and/or Increased Cost of Hedging, Specified Additional Disruption Event, in each case if specified as applying to Property Linked Securities in the applicable Pricing Supplement.

- (a) If an Additional Disruption Event occurs, the Issuer acting in good faith and in a commercially reasonable manner may either:
 - (i) require the Calculation Agent to determine acting in good faith and in a commercially reasonable manner the appropriate adjustment, if any, to be made to any of the terms of the Securities to account for the Additional Disruption Event and determine the effective date of that adjustment;
 - (ii) in the case of N&C Securities, redeem the N&C Securities by giving notice to the Securityholders in accordance with N&C Security Condition 14 (Notices). If the N&C Securities are so redeemed the Issuer will pay each N&C Securityholder the Early Redemption Amount in respect of each N&C Security held by him. Payments will be made in such manner as will be notified to the N&C Securityholders in accordance with N&C Security Condition 14 (Notices); or
 - (iii) in the case of Warrants, cancel the Warrants by giving notice to the Warrantholders in accordance with Warrant Condition 11 (Notices). If the Warrants are so cancelled the Issuer will pay each Warrantholder the Early Cancellation Amount in respect of each Warrant held by him determined taking into account the Additional Disruption Event. Payments will be made in such manner as will be notified to the Warrantholders in accordance with Warrant Condition 11 (Notices).
- (b) Upon the occurrence of an Additional Disruption Event, the Issuer will give notice as soon as practicable to the Securityholders in accordance with N&C Security Condition 14 (Notices) (in the case of N&C Securities) or Warrant Condition 11 (Notices) (in the case of Warrants) stating the occurrence of the Additional Disruption Event (including giving details thereof) and the action proposed to be taken in relation thereto provided that any failure to give, or non-receipt of, such notice will not affect the validity of the Additional Disruption Event or the proposed action.

Immobilised Bearer N&C Securities of certain issues may be issued through the Book-Entry Depositary (as defined below) both outside the United States to non-U.S. Persons (as defined below) in reliance on Rule 903 or 904 of Regulation S ("**Regulation S N&C Securities**") and within the United States to "qualified institutional buyers" ("**QIBs**") within the meaning of Rule 144A ("**Rule 144A**") under the Securities Act ("**Rule 144A N&C Securities**"). In addition, interests in (i) Bearer N&C Securities or (ii) Immobilised Bearer N&C Securities of certain issues ("**Permanently Restricted N&C Securities**") may only be offered and sold in offshore transactions outside the United States to non-U.S. Persons, and may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. Person and may not be legally or beneficially owned at any time by any U.S. Person.

Bearer N&C Securities

Each Tranche of Bearer N&C Securities will initially be represented by either a temporary bearer global N&C Security (a "**Temporary Bearer Global N&C Security**") or a permanent bearer global N&C Security (a "**Permanent Bearer Global N&C Security**") and, together with the Temporary Bearer Global N&C Security, the "**Bearer Global N&C Securities**") as indicated in the applicable Pricing Supplement of the N&C Securities, which, in either case, will:

- (i) if the Bearer Global N&C Securities are intended to be issued in new global note ("**NGN**") form, as stated in the applicable Pricing Supplement, be delivered on or prior to the original issue date of the Tranche to a common safekeeper for Euroclear Bank S.A./N.V. ("**Euroclear**") and Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**"); or
- (ii) if the Bearer Global N&C Securities are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to a common depositary (the "**Common Depositary**") for Euroclear and Clearstream, Luxembourg.

Where the Bearer Global N&C Securities issued in respect of any Tranche are in NGN form, the applicable Pricing Supplement will also indicate whether such Bearer Global N&C Securities are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Bearer Global N&C Securities are to be so held does not necessarily mean that the Securities of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg, as indicated in the applicable Pricing Supplement.

In the case of each Tranche of Securities in bearer form the relevant Pricing Supplement will specify whether U.S. Treasury Regulation § 1.163-5(c)(2)(i)(C) (or any successor U.S. Treasury Regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010) ("**TEFRA C**") or U.S. Treasury Regulation § 1.163-5(c)(2)(i)(D) (or any successor U.S. Treasury Regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010) ("**TEFRA D**") apply in relation to the Securities, or if the Securities do not have a maturity of more than one year, that TEFRA does not apply.

Whilst any Bearer N&C Security is represented by a Temporary Bearer Global N&C Security, payments of principal, interest (if any) and any other amount payable in respect of the N&C Securities due prior to the Exchange Date (as defined below) will be made against presentation of the Temporary Bearer Global N&C Security (if the Temporary Bearer Global N&C Security is not intended to be issued in NGN form) only to the extent that certification to the effect that the beneficial owners of interests in such Bearer N&C Security are not United States persons or persons who have purchased for resale to any United States person, as required by U.S.

Form of the Securities

Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent. If a Permanent Bearer Global N&C Security is issued directly (rather than exchanged from a Temporary Bearer Global N&C Security), then that issuance must, on the earlier of the date of the first payment of interest by the issuer or the date of delivery by the issuer of the obligation in definitive form, comply with the same certification requirements as a Temporary Bearer Global N&C Security, described above.

In respect of each Tranche of N&C Securities in respect of which a Temporary Bearer Global N&C Security is issued, on and after the date (the "**Exchange Date**") which is 40 days after the Temporary Bearer Global N&C Security is issued, interests in such Temporary Bearer Global N&C Security will be exchangeable (free of charge) upon a request as described therein for either:

- (i) interests in a Permanent Bearer Global N&C Security of the same Series; or
- (ii) Definitive Bearer N&C Securities (as defined in the General Terms and Conditions of the N&C Securities) of the same Series (as defined in the General Terms and Conditions of the N&C Securities) with, where applicable, receipts, interest coupons and talons attached (as indicated in the applicable Pricing Supplement and subject, in the case of Definitive Bearer N&C Securities, to such notice period as is specified in the applicable Pricing Supplement).

In each case, such exchange shall be made against certification of non-U.S. beneficial ownership as described above, unless such certification has already been given. Purchasers in the United States and certain United States persons, as defined in the U.S. Internal Revenue Code of 1986 and the U.S. Treasury regulations promulgated thereunder, will not be able to receive Definitive Bearer N&C Securities or interests in a Permanent Bearer Global N&C Security. The holder of a Temporary Bearer Global N&C Security will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due presentation and certification, exchange of the Temporary Bearer Global N&C Security for an interest in a Permanent Bearer Global N&C Security or for Definitive Bearer N&C Securities is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global N&C Security will be made through Euroclear and/or Clearstream, Luxembourg against presentation or surrender (as the case may be) of the Permanent Bearer Global N&C Security (if the Permanent Bearer Global N&C Security is not intended to be issued in NGN form) without any requirement for certification.

The applicable Pricing Supplement will specify that a Permanent Bearer Global N&C Security will be exchangeable (free of charge), in whole but not in part, for Definitive Bearer N&C Securities with, where applicable, receipts, interest coupons and talons attached upon either:

- (1) not less than 60 days' written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global N&C Security) to the Principal Paying Agent, or
- (2) only upon the occurrence of an Exchange Event (as defined below).

No Definitive Bearer N&C Securities will be sent by post or otherwise delivered to any location in the United States or its possessions in connection with such exchange.

For these purposes, "**Exchange Event**" means that:

- (1) an Event of Default (as defined in N&C Security Condition 10 (Events of Default)) has occurred and is continuing;
- (2) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any such case, no alternative clearing system satisfactory to the Issuer and the Principal Paying Agent is available; or
- (3) the Issuer or the Guarantor has or will become subject to adverse tax consequences which would not be suffered were the N&C Securities represented by the Permanent Bearer Global N&C Security in definitive form.

Form of the Securities

The Issuer will promptly give notice to the Securityholders in accordance with N&C Security Condition 14 (Notices) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global N&C Security) may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (3) above, the Issuer or the Guarantor may also give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

The following legend will appear on all Bearer Global N&C Securities (other than Immobilised Bearer N&C Securities or Temporary Global N&C Securities), receipts, talons and interest coupons relating to such N&C Securities where TEFRA D is specified in the applicable Pricing Supplement:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

N&C Securities which are represented by a Bearer Global N&C Security will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

In relation to any Tranche of N&C Securities under the Programme, the Issuer may elect to specify for an issue of N&C Securities a minimum authorised denomination of €100,000 and integral multiples of €1,000 (or such other amount as is specified in the applicable Pricing Supplement) in excess thereof up to and including €199,000 (or such other amount as is specified in the applicable Pricing Supplement). In such case, no N&C Securities in definitive form will be issued with a denomination above €199,000 (or such other amount as is specified in the applicable Pricing Supplement). So long as such N&C Securities are represented by a Temporary Bearer Global N&C Security or Permanent Bearer Global N&C Security and the relevant clearing systems so permit, the N&C Securities will be tradeable only in the relevant minimum authorised denomination and higher integral multiples of €1,000 (or such other amount as is specified in the applicable Pricing Supplement), notwithstanding that no Definitive Bearer N&C Securities will be issued with a denomination above €199,000 (or such other amount as is specified in the applicable Pricing Supplement).

If a Global Bearer N&C Security is exchangeable for a Definitive Bearer N&C Security at the option of the Securityholders, the N&C Securities shall be tradeable only in principal amounts of at least the Specified Denomination (as defined in the General Terms and Conditions of the N&C Securities) (or if more than one Specified Denomination, the lowest Specified Denomination).

Immobilised Bearer N&C Securities

To facilitate the issuance of N&C Securities which are to be eligible for sale into the United States to QIBs, the Issuer will arrange for N&C Securities to be issued as bearer securities in an immobilised form ("**Immobilised Bearer N&C Securities**"). The Immobilised Bearer N&C Securities of each Tranche offered and sold in reliance on Regulation S, which will be sold in offshore transactions to non-U.S. Persons outside the United States, will initially be represented by a global security in bearer form (a "**Regulation S Global N&C Security**"). If any Securities are issued as Immobilised Bearer Global N&C Securities, then the entire Series of which they form part will be issued as Immobilised Bearer Global N&C Securities.

In the event that the applicable Pricing Supplement specifies that a Tranche of N&C Securities is eligible for sale in the United States or to, or for the account or benefit of, U.S. Persons, Immobilised Bearer N&C Securities of such Tranche will initially be represented by a global security in bearer form (a "**Rule 144A Global N&C Security**"). Interests in such a Rule 144A Global N&C Security will only be offered and sold in private transactions in the United States to QIBs in compliance with Rule 144A.

Interests in Immobilised Bearer N&C Securities of certain issues that may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. Person will initially be represented by a global security in bearer form (a "**Permanently Restricted Global N&C Security**" and, together with Regulation S Global N&C Securities and the Rule 144A Global N&C Securities, the "**Immobilised Bearer Global N&C Securities**"). Any offer, sale, resale, trade, pledge, redemption, transfer or delivery of an interest in a Permanently Restricted Global N&C Security made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. Person will not be recognised. Interests in Permanently Restricted Global N&C Securities may not be legally or beneficially owned at any time by any U.S. Person and accordingly may only be offered and sold outside the United States to non-U.S. Persons in reliance on Regulation S.

Form of the Securities

Interests in a Permanently Restricted Global N&C Security may not be held otherwise than through Euroclear or Clearstream, Luxembourg, and such Permanently Restricted Global N&C Securities will bear a legend regarding such restrictions on transfer.

The Immobilised Bearer Global N&C Securities will initially be issued in bearer form, without interest coupons, and title thereto will pass by delivery. Pursuant to an N&C securities depository agreement (such agreement as amended and/or supplemented and/or restated from time to time, the "**N&C Securities Depository Agreement**") dated on or about the date of this Information Memorandum between the Issuer, Citibank, N.A., London Branch (the "**Book-Entry Depository**"), Citibank, N.A., London Branch (the "**Custodian**") and Citigroup Global Markets Deutschland AG (the "**Registrar**"), the Immobilised Bearer Global N&C Securities of each Series will on issue be deposited with the Book-Entry Depository and held by the Custodian on behalf of the Book-Entry Depository.

In respect of Immobilised Bearer Global N&C Securities to be settled through Euroclear and/or Clearstream, Luxembourg ("**European Immobilised Bearer Global N&C Securities**" or "**Permanently Restricted Immobilised Bearer Global N&C Securities**", as the case may be) which are deposited with the Book-Entry Depository, the Book-Entry Depository will issue registered certificated depository interests ("**European CDIs**" or "**Permanently Restricted CDIs**", as the case may be) to a common depository for Euroclear and Clearstream, Luxembourg, or its nominee, and will record the European CDIs or Permanently Restricted CDIs, as the case may be, in the books and records of the Registrar in the name of the common depository or its nominee, as applicable. Ownership of interests in the European Immobilised Bearer Global N&C Securities or the Permanently Restricted Immobilised Bearer Global N&C Securities deposited with the Book-Entry Depository (the "**European Book-Entry Interests**" or "**Permanently Restricted Book-Entry Interests**", respectively) will be limited to persons with an account with Euroclear and/or Clearstream, Luxembourg or persons who may hold interests through such participants. European Book-Entry Interests will be shown on, and transfers thereof will be affected only through records maintained in book-entry form by Euroclear and/or Clearstream, Luxembourg and their participants.

In respect of Immobilised Bearer Global N&C Securities to be settled through DTC ("**U.S. Immobilised Bearer Global N&C Securities**") which are deposited with the Book-Entry Depository, the Book-Entry Depository will issue registered certificateless depository interests ("**U.S. CDIs**" and, together with European CDIs and Permanently Restricted CDIs, "**CDIs**") to the Depository Trust Company ("**DTC**") or its nominee Cede & Co. and will record the U.S. CDIs in the books and records of the Registrar in the name of Cede & Co. as nominee of DTC. For so long as DTC or its nominee is the registered owner or holder of interests in the U.S. Immobilised Bearer Global N&C Securities deposited with the Book-Entry Depository (the "**U.S. Book-Entry Interests**" and, together with the European Book-Entry Interests, the "**Book-Entry Interests**"), DTC or such nominee, as the case may be, will be considered the sole owner or holder of the U.S. Book-Entry Interests for all purposes under the Agency Agreement except to the extent that, in accordance with DTC's published rules and procedures, any ownership rights may be exercised by its participants or beneficial owners through participants.

Subject as set out below, the Book-Entry Interests will not be held in definitive form. Instead, DTC, Euroclear and/or Clearstream, Luxembourg (as applicable) will credit on their respective book-entry registration and transfer systems a participant's account with the interest beneficially owned by such participant. The laws of some jurisdictions, including certain states of the United States, may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may impair the ability to own, transfer or pledge Book-Entry Interests. In addition, while the Immobilised Bearer N&C Securities are in global form, holders of Book-Entry Interests will not be considered the owners or holders of such N&C Securities for any purpose.

Interests in an Immobilised Bearer Global N&C Security will be exchangeable (free of charge), in whole but not in part, for N&C Securities in definitive registered form without receipts, interest coupons or talons attached only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means:

- (i) an Event of Default has occurred and is continuing;
- (ii) in the case of Immobilised Bearer N&C Securities registered in the name of a nominee for DTC, either DTC has notified the Issuer that it is unwilling or unable to continue to act as depository for the N&C Securities and no alternative clearing system is available or DTC has ceased to constitute a clearing agency registered under the Exchange Act;
- (iii) in the case of Immobilised Bearer N&C Securities registered in the name of a nominee for a common depository for Euroclear and Clearstream, Luxembourg, the Issuer has been notified that (x) either Euroclear or Clearstream, Luxembourg

Form of the Securities

is unwilling or unable to continue to act as depository for the N&C Securities and no alternative clearing system is available or (y) both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any such case, no successor clearing system is available;

- (iv) the Book-Entry Depository is at any time unwilling or unable to continue as Book-Entry Depository in respect of any Immobilised Bearer N&C Securities or its appointment as such under the N&C Securities Depository Agreement is (or is to be) terminated and no successor is appointed by the Issuer within 90 days; or
- (v) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the N&C Securities represented by the Global N&C Security in definitive registered form.

The Issuer will promptly give notice to Securityholders in accordance with N&C Security Condition 14 (Notices) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, DTC, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Immobilised Bearer Global N&C Security) may give notice to the Registrar (or request that the Principal Paying Agent does so) requesting exchange and, in the event of the occurrence of an Exchange Event as described in (v) above, the Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar.

In such an event, the Issuer (or the Registrar on behalf of the Issuer) will exchange the Book-Entry Interests in the relevant Immobilised Bearer Global N&C Security for N&C Securities in definitive form, registered in the name or names and issued in any approved denominations, requested by or on behalf of DTC, Euroclear and/or Clearstream, Luxembourg, as applicable (in accordance with their respective customary procedures and based upon directions received from participants reflecting the beneficial ownership of Book-Entry Interests), and which may bear a restrictive legend unless such legending is not required by applicable law.

To the extent permitted by law, the Issuer, the Principal Paying Agent and the Registrar shall be entitled to treat the holder of any N&C Security as the absolute owner thereof.

Transfer of Interests

Pursuant to the N&C Securities Depository Agreement, the Immobilised Bearer Global N&C Securities may be transferred only to a successor to the relevant Book-Entry Depository.

Unless and until Book-Entry Interests are exchanged for N&C Securities in definitive registered form, the CDIs held by a nominee for DTC or for the common depository for Euroclear and Clearstream, Luxembourg may not be transferred except as a whole to a nominee or a successor approved by the Issuer.

Book-Entry Interests will be subject to certain restrictions on transfer and certification requirements, as described under "*Notice to Purchasers and Holders of N&C Securities and Transfer Restrictions*".

All transfers of Book-Entry Interests between participants in DTC, participants in Euroclear or participants in Clearstream, Luxembourg will be effected by DTC, Euroclear or Clearstream, Luxembourg, as applicable, pursuant to customary procedures and subject to the applicable rules and procedures established by DTC, Euroclear or Clearstream, Luxembourg and their respective participants.

Subject to the foregoing, a Book-Entry Interest in one of the Immobilised Bearer Global N&C Securities may be transferred to a person who takes delivery thereof in the form of a Book-Entry Interest in another of the Immobilised Bearer Global N&C Securities (except for a Book-Entry Interest in a Permanently Restricted Global N&C Security) by means of an instruction originated through DTC, Euroclear or Clearstream, Luxembourg, as applicable. Any Book-Entry Interest that is so transferred will, upon transfer, cease to be a Book-Entry Interest in the first-mentioned Immobilised Bearer Global N&C Security and become a Book-Entry Interest in the other Immobilised Bearer Global N&C Security and will thereafter be subject to all transfer restrictions, if any, and other procedures applicable to Book-Entry Interests in such other Immobilised Bearer Global N&C Security for as long as it remains such a Book-Entry Interest. In connection with such transfer, appropriate adjustments will be made to reflect a decrease in the principal amount at maturity of the first-mentioned Immobilised Bearer Global N&C Security and a corresponding increase in the principal amount at maturity of the other Immobilised Bearer Global N&C Security, as applicable. In addition, where a transfer of a Book-Entry Interest

Form of the Securities

is made which requires the conversion of a U.S. Book-Entry Interest to a European Book-Entry Interest (or vice versa), appropriate adjustments will be made to reflect such conversion. A Book-Entry Interest in a Permanently Restricted Global N&C Security may not be transferred to a person who takes delivery thereof in the form of a Book-Entry Interest in any other of the Immobilised Bearer Global N&C Securities and *vice versa*. Accordingly, a Book-Entry Interest in a Permanently Restricted Global Immobilised Bearer N&C Security may not be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. Person, and any offer, sale, resale, trade, pledge, redemption, transfer or delivery made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. Person will not be recognised.

Book-Entry Interests in an Immobilised Bearer Global N&C Security may be exchanged for N&C Securities in definitive registered form upon receipt by the Registrar of instructions from the Principal Paying Agent. It is expected that such instructions of the Principal Paying Agent will be based upon directions received by DTC, Euroclear or Clearstream, Luxembourg, as applicable, from the participant which owns the relevant Book-Entry Interests. N&C Securities in a definitive registered form issued in exchange for a Book-Entry Interest will, except as otherwise determined by the Issuer in compliance with applicable law, be subject to the restrictions described under "*Notice to Purchasers and Holders of N&C Securities and Transfer Restrictions*" and will bear the legend referred to thereunder.

Immobilised Bearer N&C Securities are also subject to the restrictions on transfer set forth therein and will bear a legend regarding such restrictions. See "*Notice to Purchasers and Holders of N&C Securities and Transfer Restrictions*" and "*Subscription and Sale*".

General

Pursuant to the Agency Agreement (as defined under the General Terms and Conditions of the N&C Securities), the Principal Paying Agent shall arrange that, where a further Tranche of N&C Securities is issued which is intended to form a single Series with an existing Tranche of N&C Securities at a point after the Issue Date of the further Tranche, the N&C Securities of such further Tranche shall be assigned a common code and ISIN and, where applicable, a CUSIP and CINS number which are different from the common code, ISIN, CUSIP and CINS assigned to N&C Securities of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of any applicable period that by law or regulation would require such N&C Securities of such Tranche not to be fungible.

An N&C Security may be accelerated by the holder thereof in certain circumstances described in N&C Security Condition 10. In such circumstances, where any N&C Security is still represented by a Global N&C Security and the Global N&C Security (or any part thereof) has become due and repayable in accordance with the General Terms and Conditions of the N&C Securities and payment in full of the amount due has not been made in accordance with the provisions of the Global N&C Security then from 8.00 p.m. (London time) on such day holders of interests in such Global N&C Security credited to their accounts with Euroclear and/or Clearstream, Luxembourg and/or DTC, as the case may be, will become entitled to proceed directly against the Issuer on the basis of statements of account provided by Euroclear and/or Clearstream, Luxembourg and/or DTC on and subject to the terms of a deed of covenant (the "**Deed of Covenant**") dated 31 March 2015 and executed by the Issuer.

Any reference herein to Euroclear, Clearstream, Luxembourg and/or DTC shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Pricing Supplement or as may otherwise be approved by the Issuer and the Principal Paying Agent or Registrar, as the case may be.

Any reference herein to DTC, Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, except in relation to N&C Securities issued in NGN form, be deemed to include a reference to any successor operator and/or successor clearing system and/or any additional or alternative clearing system specified in the applicable Pricing Supplement.

Any reference herein to the common depositary, depositary or, as applicable, common safekeeper shall, whenever the context so permits, be deemed to include references to any successor common depositary, depositary or, as applicable, common safekeeper or any additional or alternative common depositary, depositary or, as applicable, common safekeeper as is approved by the Issuer, the Guarantor and the Principal Paying Agent and the Registrar.

Any reference herein to the nominee or, as applicable, common nominee shall, whenever the context so permits, be deemed to include references to any successor nominee or, as applicable, common nominee or any additional or alternative nominee or, as applicable, common nominee as is approved by the Issuer, the Guarantor, the Principal Paying Agent and the Registrar.

Form of the Securities

The Issuer and the Guarantor may agree with any Dealer that Securities may be issued in a form not contemplated by the General Terms and Conditions of the N&C Securities or General Terms and Conditions of the Warrants.

Form of the Warrants

Each Series of Warrants will be in registered form and will be represented by a Permanent Global Warrant which will be deposited with a depository (a "**Common Depositary**") on behalf of Euroclear and Clearstream, Luxembourg. Definitive Warrants will not be issued.

Warrants, or interests therein, may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or directly or indirectly offered, sold, resold, traded, pledged, redeemed, transferred or delivered to, or for the account or benefit of, any U.S. Person.

Use of Proceeds

USE OF PROCEEDS

The net proceeds from each issue of Securities will be applied by the Issuer for its general corporate purposes. If, in respect of an issue, there is a particular identified use of proceeds, this will be stated in the applicable Pricing Supplement.

Book-Entry Clearance Systems

BOOK-ENTRY CLEARANCE SYSTEMS AND SETTLEMENT

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Euroclear or Clearstream, Luxembourg (together, the "Clearance Systems") currently in effect. The information in this section concerning the Clearance Systems has been obtained from sources that the Issuer and the Guarantor believe to be reliable. The Issuer and the Guarantor accept responsibility for the information contained in this section. Each of the Issuer and the Guarantor confirms that the information contained in this section has been accurately reproduced as far as each of the Issuer and the Guarantor is aware and is able to ascertain from information published by the above sources, and that no facts have been omitted which would render the reproduced information inaccurate or misleading. Investors wishing to use the facilities of any of the Clearance Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearance System. None of the Issuer, the Guarantor, the Dealers and the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Securities held through the facilities of any Clearance System or for maintaining, supervising or reviewing any records or payments relating to such beneficial ownership interests.

Book-entry Systems

DTC

DTC has advised the Issuer and the Guarantor that it is a limited purpose trust company organised under the New York Banking Law, a "banking organisation" within the meaning of the New York Banking Law, a member of the Federal Reserve System a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to Section 17A of the Exchange Act. DTC holds and provides asset servicing for securities that its participants ("**Participants**") deposit with DTC. DTC also facilitates the post trade settlement among Participants of sales and other securities transactions in deposited securities through electronic computerised book-entry changes between Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations ("**Direct Participants**"). DTC is a wholly-owned subsidiary of the Depository Trust & Clearing Corporation ("**DTCC**"). DTC, in turn, is owned by a number of Direct Participants and Members of the National Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation and Emerging Markets Clearing Corporation ("**NSCC**", "**GSCC**", "**MBSCC**" and "**EMCC**", also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. Access to the DTC System is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("**Indirect Participants**"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Direct or Indirect Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Under the rules, regulations and procedures creating and affecting DTC and its operations (the "**Rules**"), DTC makes book-entry transfers of Rule 144A Global N&C Securities among Direct Participants on whose behalf it acts with respect to Securities accepted into DTC's book-entry settlement system ("**DTC Securities**", which term shall include, for the purposes of this "Book-Entry Clearance Systems" section, certificated depositary interests and certificateless depositary interests (together "**CDIs**") issued by the Book-Entry Depository in respect of Immobilised Bearer Global N&C Securities pursuant to the terms of the N&C Securities Depository Agreement) as described below and receives and transmits distributions of principal and interest on DTC Securities. The Rules are on file with the United States Securities and Exchange Commission. Direct Participants and Indirect Participants with which beneficial owners of DTC Securities ("**Owners**") have accounts with respect to the DTC Securities are required to make book-entry transfers and receive and transmit such payments on behalf of their respective Owners. Accordingly, although Owners who hold DTC Securities through Direct Participants or Indirect Participants will not possess Rule 144A Global N&C Securities, the Rules, by virtue of the requirements described above, provide a mechanism by which Direct Participants can receive payments and transfer their interest with respect to the DTC Securities.

Purchases of DTC Securities under the DTC System must be made by or through Direct Participants, which will receive a credit for the DTC Securities on DTC's records. The ownership interest of each actual purchaser of each DTC Security ("**Beneficial Owner**") is in turn to be recorded on the Direct and Indirect Participant's records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction,

Book-Entry Clearance Systems

as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Securities are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Securities, except in the event that use of the book-entry system for the DTC Securities is discontinued.

To facilitate subsequent transfers, all DTC Securities deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other nominee as may be requested by an authorised representative of DTC. The deposit of DTC Securities with DTC and their registration in the name of Cede & Co. or such other nominee effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such DTC Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping an account of their holdings of DTC Securities on behalf of their customers.

Delivery of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the DTC Securities of a Series are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such Series to be redeemed.

Neither DTC nor Cede & Co. nor such other nominee will consent or vote with respect to DTC Securities. Under its usual procedures, DTC will mail an omnibus proxy to the Issuer as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the DTC Securities are credited on the record date (identified in a listing attached to the omnibus proxy).

Principal and interest payments on the DTC Securities will be made to Cede & Co., or such other nominee as may be requested by an authorised representative of DTC. DTC's practice is to credit Direct Participants' accounts on the due date for payment in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on the due date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Direct or Indirect Participant and not of DTC or its nominee or the Issuer or the Guarantor, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to Cede & Co., or such other nominee as may be requested by an authorised representative of DTC is the responsibility of the Issuer or the Guarantor, disbursement of such payments to Direct Participants is the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants. Neither the Issuer nor the Guarantor accept any responsibility or liability for any such payments to be made by DTC or by Direct or Indirect Participants.

Euroclear and Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective participants may settle trades with each other.

Euroclear and Clearstream, Luxembourg customers are world-wide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Book-entry Ownership of and Payments in respect of DTC Securities

Subject as set out below in respect of Immobilised Bearer Global N&C Securities, if a Rule 144A Global N&C Security is to be registered in the name of a nominee of DTC, the Issuer will apply to DTC in order to have each Tranche of Securities represented by

Book-Entry Clearance Systems

Rule 144A Global N&C Securities accepted in its book-entry settlement system. Upon the issue of any Rule 144A Global N&C Securities, DTC or its custodian will credit, on its internal book-entry system, the respective nominal amounts or number of the individual beneficial interests represented by such Rule 144A Global N&C Securities to the accounts of DTC Participants. Such accounts initially will be designated by or on behalf of the relevant Dealer. Ownership of beneficial interests in a Rule 144A Global N&C Security will be held through Direct Participants or Indirect Participants of DTC, including the respective depositories of Euroclear and Clearstream, Luxembourg. Ownership of beneficial interests in a Rule 144A Global N&C Security will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

Immobilised Bearer Global N&C Securities

Payments of any amounts owing in respect of Immobilised Bearer Global N&C Securities (including principal and interest, if any) will be made by the Issuer in the Specified Currency to the relevant Paying Agent. The relevant Paying Agent will, in turn, make such payments to or to the order of the Book-Entry Depository in its capacity as bearer of the relevant Immobilised Bearer Global N&C Securities. Upon receipt of such amounts, the Book-Entry Depository will pay the amounts so received to DTC or the common depository for Euroclear and Clearstream, Luxembourg, as applicable, which will distribute payments to participants in accordance with their procedures, as detailed above.

The Issuer will treat the bearer of the Immobilised Bearer Global N&C Securities as the owner thereof for the purposes of receiving payments and for all other purposes. None of the Issuer, the Book-Entry Depository or any agent of the Issuer has or will have any responsibility or liability for:

- (a) any aspect of the records of DTC, Euroclear, Clearstream, Luxembourg or any direct or indirect participant relating to, or payments made on account of, a Book-Entry Interest in any Immobilised Bearer Global N&C Securities or for maintaining, supervising or reviewing any of the records of DTC, Euroclear, Clearstream, Luxembourg or any direct or indirect participant relating to, or payments made on account of, a Book-Entry Interest in any Immobilised Bearer Global N&C Securities; or
- (b) DTC, Euroclear, Clearstream, Luxembourg or any direct or indirect participant.

Transfers of Securities Represented by Global Securities

Transfers of any interests in Securities represented by a Global Security or a CDI within DTC, Euroclear and Clearstream, Luxembourg will be effected in accordance with the customary rules and operating procedures of the relevant Clearance System and, in the case of CDIs, in accordance with the provisions of the N&C Securities Depository Agreement. The laws in some States within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Securities represented by a Global Security or a CDI to such persons may depend upon the ability to exchange such Securities for Securities in definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Securities represented by a Global Security or a CDI to pledge such Securities to persons or entities that do not participate in the DTC system or to otherwise take action in respect of such Securities may depend upon the ability to exchange such Securities for Securities in definitive form. The ability of any holder of Securities represented by a Global Security to resell, pledge or otherwise transfer such Securities may be impaired if the proposed transferee of such Securities is not eligible to hold such Securities through a Direct or Indirect Participant in the DTC system.

Subject to compliance with the transfer restrictions applicable to the Rule 144A Global N&C Securities described under "*Notice to Purchasers and Holders of N&C Securities and Transfer Restrictions*" and "*Subscription and Sale*", cross-market transfers between DTC, on the one hand, and directly or indirectly through Euroclear or Clearstream, Luxembourg accountholders, on the other, will be effected by the relevant Clearance System in accordance with its rules and through action taken by the Registrar, the Principal Paying Agent and any custodian ("**Custodian**") with whom the relevant Bearer Global N&C Securities have been deposited.

On or after the Issue Date for any Series, transfers of Securities of such Series between accountholders in Euroclear and Clearstream, Luxembourg and transfers of Securities of such Series between participants in DTC will generally have a settlement date three business days after the trade date. The customary arrangements for delivery versus payment will apply to such transfers.

Book-Entry Clearance Systems

Cross-market transfers between accountholders in Euroclear or Clearstream, Luxembourg and DTC Participants will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Euroclear and Clearstream, Luxembourg, on the other, transfers of interests in the relevant Bearer Global Securities will be effected through the Registrar, the Principal Paying Agent and the Custodian receiving instructions (and where appropriate certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. In the case of crossmarket transfers, settlement between Euroclear or Clearstream, Luxembourg accountholders and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a delivery free of payment basis and arrangements for payment must be made separately.

DTC, Euroclear and Clearstream, Luxembourg have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Global Securities in bearer form among participants and accountholders of DTC, Euroclear and Clearstream, Luxembourg. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Issuer, the Guarantor, the Agents or any Dealer will be responsible for any performance by DTC, Euroclear or Clearstream, Luxembourg or their respective Direct or Indirect Participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Securities represented by Global Securities in bearer form or for maintaining, supervising or reviewing any records relating to such beneficial interests.

The Issuer will not be responsible for the operation of the clearing arrangements which is a matter for the clearing institutions, their nominees, their participants and the investors.

Euroclear UK & Ireland Limited

Following their delivery into a clearing system, interests in N&C Securities may be delivered, held and settled in Euroclear UK & Ireland Limited (formerly known as CRESTCo Limited) ("**CREST**") by means of the creation of dematerialised depository Interests ("**CREST Depository Interests**") representing the interests in the relevant N&C Securities ("**Underlying Securities**"). The CREST Depository Interests will be issued by CREST Depository Limited or any successor thereto (the "**CREST Depository**") to holders of the CREST Depository Interests and will be constituted and governed by English law. CREST International Nominees Limited or another entity appointed to act as nominee in accordance with the CREST Deed Poll (the "**CREST Nominee**") will hold the legal title to the Underlying Securities and the direct enforcement right in respect of the Underlying Securities.

The CREST Depository Interests will represent indirect interests in the interest of the CREST Nominee in the Underlying Securities. Pursuant to the CREST Manual (as defined below), N&C Securities held in global form by the Common Depository may be settled through CREST, and the CREST Depository will issue CREST Depository Interests. The CREST Depository Interests will be independent securities which may be held and transferred through CREST.

Interests in the Underlying Securities will be credited to the CREST Nominee's account with Euroclear and the CREST Nominee will hold such interests as nominee for the CREST Depository which will issue CREST Depository Interests to the relevant CREST participants.

Each CREST Depository Interest will be treated by the CREST Depository as if it were one Underlying Security, for the purposes of determining all rights and obligations and all amounts payable in respect thereof. The CREST Depository will pass on to holders of CREST Depository Interests any interest or other amounts received by it as holder of the Underlying Securities on trust for such holder. Holders of CREST Depository Interests will also be able to receive from CREST notices of meetings of holders of Underlying Securities and other relevant notices issued by the Issuer or the Guarantor (as the case may be).

Transfers of interests in Underlying Securities by a CREST participant to a participant of Euroclear or Clearstream, Luxembourg will be effected by cancellation of the CREST Depository Interests and transfer of an interest in such N&C Securities underlying the CREST Depository Interests to the account of the relevant participant with Euroclear or Clearstream, Luxembourg. The CREST Depository Interests will have the same ISIN as the ISIN of the Underlying Securities and will not require a separate admission to the Official List of the Irish Stock Exchange or the Luxembourg Stock Exchange.

Holders of CREST Depository Interests are referred to Chapter 8 of the CREST Manual which contains the form of the CREST Deed Poll to be entered into by the CREST Depository. The rights of the holder of CREST Depository Interests will be governed by the arrangements between CREST, Euroclear, Clearstream, Luxembourg and the Issuer including the CREST Deed Poll executed by the

Book-Entry Clearance Systems

CREST Depository. These rights may be different from those of holders of N&C Securities which are not represented by CREST Depository Interests.

If issued, CREST Depository Interests will be delivered, held and settled in CREST, by means of the CREST International Settlement Links Service (the "**CREST International Settlement Links Service**"). The settlement of the CREST Depository Interests by means of the CREST International Settlement Links Service has the following consequences for holders of CREST Depository Interests:

- (i) holders of CREST Depository Interests will not be the legal owners of the Underlying Securities. The CREST Depository Interests are separate legal instruments from the Underlying Securities to which they relate and represent an indirect interest in such Underlying Securities;
- (ii) the Underlying Securities themselves (as distinct from the CREST Depository Interests representing indirect interests in such Underlying Securities) will be held in an account with a custodian. The custodian will hold the Underlying Securities through a clearing system. Rights in the Underlying Securities will be held through custodial and depository links through the appropriate clearing systems. The legal title to the Underlying Securities or to interests in the Underlying Securities will depend on the rules of the clearing system in or through which the Underlying Securities are held;
- (iii) rights under the Underlying Securities cannot be enforced by holders of CREST Depository Interests except indirectly through the intermediary depositories and custodians described above. The enforcement of rights under the Underlying Securities will therefore be subject to the local law of the relevant intermediary. The rights of holders of CREST Depository Interests to the Underlying Securities are represented by the entitlements against the CREST Depository which (through the CREST Nominee) holds interests in the Underlying Securities. This could result in an elimination or reduction in the payments that otherwise would have been made in respect of the Underlying Securities in the event of any insolvency or liquidation of the relevant intermediary, in particular where the Underlying Securities held in clearing systems are not held in special purpose accounts and are fungible with other securities held in the same accounts on behalf of other customers of the relevant intermediaries;
- (iv) the CREST Depository Interests issued to holders of CREST Depository Interests will be constituted and issued pursuant to the CREST Deed Poll. Holders of CREST Depository Interests will be bound by all provisions of the CREST Deed Poll and by all provisions of or prescribed pursuant to, the CREST International Manual dated November 2014 as amended, modified, varied or supplemented from time to time (the "**CREST Manual**") and the CREST Rules (the "**CREST Rules**") (contained in the CREST Manual) applicable to the CREST International Settlement Links Service and such holders must comply in full with all obligations imposed on them by such provisions;
- (v) the provisions of the CREST Deed Poll, the CREST Manual and the CREST Rules contain indemnities, warranties, representations and undertakings to be given by holders of CREST Depository Interests and limitations on the liability of the issuer of the CREST Depository Interests, the CREST Depository;
- (vi) holders of CREST Depository Interests may incur liabilities resulting from a breach of any such indemnities, warranties, representations and undertakings in excess of the money invested by them. The attention of holders is drawn to the terms of the CREST Deed Poll, the CREST Manual and the CREST Rules, copies of which are available from CREST at 33 Cannon Street, London EC4M 5SB or by calling +44 (0) 207 849 0000 or from the CREST website at www.euroclear.com/site/public/EUI;
- (vii) holders of CREST Depository Interests may be required to pay fees, charges, costs and expenses to the CREST Depository in connection with the use of the CREST International Settlement Links Service. These will include the fees and expenses charged by the CREST Depository in respect of the provision of services by it under the CREST Deed Poll and any taxes, duties, charges, costs or expenses which may be or become payable in connection with the holding of the N&C Securities through the CREST International Settlement Links Service;

Book-Entry Clearance Systems

- (viii) neither the Issuer, the Guarantor, the Dealer nor any Paying Agent will have any responsibility for the performance by any intermediaries or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations; and
- (ix) N&C Securities issued in temporary global form exchangeable for a Permanent Global Bearer N&C Security will not be eligible for CREST settlement as CREST Depository Interests. As such, investors investing in the Underlying Securities through CREST Depository Interests will only receive the CREST Depository Interests after such Temporary Bearer Global N&C Security is exchanged for a Permanent Bearer Global N&C Security, which could take up to 40 days after the issue of the N&C Securities.

Taxation

TAXATION

1. United Kingdom Taxation

The following applies only to persons who are the beneficial owners of Securities and is a summary of the Issuer's understanding of current law and published HM Revenue and Customs ("HMRC") practice in the United Kingdom relating only to United Kingdom withholding tax treatment of payments of principal and interest in respect of the N&C Securities and certain aspects of United Kingdom taxation in respect of the Warrants. It does not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of the Securities. Some aspects do not apply to certain classes of person (such as dealers and persons connected with the Issuer) to whom special rules may apply. The United Kingdom tax treatment of prospective Securityholders depends on their individual circumstances and may be subject to change in the future. The summaries set out below are general in nature, and may be subject in any given case to specific rules to the contrary or to anti-avoidance rules. The precise tax treatment of a Securityholder in respect of a Security will also depend for each issue on the terms of the Security, as specified in the Terms and Conditions of the Security as amended and supplemented by the applicable Pricing Supplement. Prospective Securityholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice.

Payment of Interest on the N&C Securities

Withholding on account of United Kingdom tax

The Issuer, provided that it continues to be a bank for the purposes of section 991 of the Income Tax Act 2007 ("ITA 2007") and provided that the interest on the N&C Securities is paid in the ordinary course of its business within the meaning of section 878 of ITA 2007, will be entitled to make payments of interest without withholding or deduction for or on account of United Kingdom income tax.

Payments of interest on the N&C Securities may be made without deduction of or withholding on account of United Kingdom income tax provided that the N&C Securities are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of ITA 2007. The Irish Stock Exchange is a recognised stock exchange. N&C Securities will be treated as listed on the Irish Stock Exchange if they are admitted to the Official List of the Irish Stock Exchange and admitted to trading on the Global Exchange Market of the Irish Stock Exchange. The Luxembourg Stock Exchange is a recognised stock exchange. N&C Securities will be treated as listed on the Luxembourg Stock Exchange if they are included in the Official List of the Luxembourg Stock Exchange and admitted to trading on the Euro MTF Market. Provided, therefore, that the N&C Securities are and remain so listed, interest on the N&C Securities will be payable without withholding or deduction on account of United Kingdom tax whether or not the Issuer carries on a banking business in the United Kingdom and whether or not the interest is paid in the ordinary course of its business.

Interest on the N&C Securities may also be paid without withholding or deduction on account of United Kingdom tax where interest on the N&C Securities is paid by a company and, at the time the payment is made, the Issuer reasonably believes (and any person by or through whom interest on the N&C Securities is paid reasonably believes) that the beneficial owner is within the charge to United Kingdom corporation tax as regards the payment of interest; provided that HMRC has not given a direction (in circumstances where it has reasonable grounds to believe that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.

Interest on the N&C Securities may also be paid without withholding or deduction on account of United Kingdom tax where the maturity of the N&C Securities is less than 365 days and these N&C Securities do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days.

In other cases, an amount must generally be withheld from payments of interest on the N&C Securities which have a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20.00 per cent.). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a holder of an N&C Security, HMRC can issue a notice to the Issuer to pay interest to the holder of an N&C Security without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

Taxation

References to "Interest" in this section means interest as that term is understood for United Kingdom tax purposes. Other considerations may apply to payments under the N&C Securities which are not treated as "interest" for such purposes.

Payments in respect of the Warrants

Withholding on account of United Kingdom tax

Payments made on the exercise of Warrants may be made without deduction or withholding on account of United Kingdom income tax where such payments are not regarded as interest, manufactured payments or annual payments for United Kingdom tax purposes.

Even if such payments were to be regarded as interest for United Kingdom tax purposes, payments made by the Issuer on the exercise of Warrants issued by the Issuer may be made without deduction or withholding on account of United Kingdom income tax, provided that the Issuer continues to be a bank within the meaning of section 991 of ITA 2007, and provided that any such interest is paid in the ordinary course of its business as discussed above.

Furthermore, the Issuer should not be required to deduct sums for or on account of United Kingdom income tax from payments made on the exercise of Warrants issued by the Issuer which are derivative contracts, the profits and losses arising from which are calculated in accordance with the provisions of Part 7 of the Corporation Tax Act 2009.

Taxation of Profits and Gains of United Kingdom resident individuals

The tax treatment of a particular series of Warrants in the hands of United Kingdom resident individuals will depend on the proper classification of those Warrants for United Kingdom tax purposes. Prospective holders should seek their own professional advice in respect of how any particular series of Warrants should be classified for United Kingdom tax purposes.

Deeply discounted securities

If the Warrants constitute "deeply discounted securities" for the purposes of Chapter 8 of Part 4 Income Tax (Trading and Other Income) Act 2005 ("**ITTOIA 2005**"), any gain realised on exercise or transfer of the Warrants by a holder who is within the charge to United Kingdom income tax in respect of the Warrants will generally be taxable as income but such holder will not be able to claim relief from income tax in respect of costs incurred on the acquisition, transfer or exercise, or losses incurred on the transfer or exercise, of the Warrants.

Qualifying options

Gains arising to an individual as a result of acquiring then exercising or otherwise disposing of a "qualifying option" are generally charged to tax under the capital gains tax rules in the Taxation of Chargeable Gains Act 1992 ("**TCGA 1992**"). Options which are listed on a recognised stock exchange at the time of disposal are qualifying options. The Warrants should satisfy this listing requirement if they are listed as described under the heading "*Payment of Interest on the N&C Securities*" above.

Provided, therefore, that the Warrants are options and remain so listed, an individual holding such a Warrant (a "**Qualifying Warrant**") should be charged to tax on any gain made on the disposal of the Qualifying Warrant under the capital gains tax rules in TCGA 1992, described below. This means that such a Warrantholder should, on the disposal of a Qualifying Warrant, be entitled to make a tax-free gain in any tax year equal to the annual exempt amount (which is £11,000 for the tax year 2014-15), assuming the annual exemption has not been utilised in relation to another gain in the same year.

The base cost of a Qualifying Warrant for capital gains tax purposes will generally be calculated by reference to the amount paid for a Qualifying Warrant by a Warrantholder. Accordingly, on the disposal of a Qualifying Warrant by sale, a Warrantholder should, subject to the availability of the annual exempt amount (see above), be charged to capital gains tax on the chargeable gain arising on the disposal (calculated by comparing the amount received on disposal with the base cost).

In the case of a Cash Settled Warrant, the exercise of the Qualifying Warrant will be treated as a disposal. The cash amount received on the exercise will be treated as the consideration for the disposal. The amount paid for a Qualifying Warrant will be treated as the base cost for the purposes of calculating any capital gain arising on the exercise of the Qualifying Warrant.

Taxation

Physically settled qualifying options

In the case of a Physical Delivery Warrant which is a Qualifying Warrant where the Entitlement is also an asset which is within the charge to capital gains tax, the acquisition of the Warrant and the acquisition of the new asset on the exercise of such a Warrant is treated as a single transaction for capital gains tax purposes, so that, the base cost of the new asset is calculated by reference to the amount paid for the Qualifying Warrant plus the amount paid for the new asset on exercise. The exercise of such a Qualifying Warrant is not treated as a disposal of the Warrant. Accordingly, no charge to capital gains tax will arise on the exercise of such a Qualifying Warrant. However, a disposal of the new asset acquired on the exercise of a Warrant may give rise to a charge to capital gains tax, if a gain arises on that disposal.

Other Warrants

Prospective Warrantheolders should seek their own professional advice in respect of the tax treatment of a Warrant which does not fall into any of the categories described above.

Individual Savings Accounts ("ISAs"), Self-invested Personal Pensions ("SIPPs") and Small Self-administered Schemes ("SSASs")

Warrants will not qualify for inclusion within an ISA.

The Warrants should generally be capable of being held within a SIPP or a SSAS that is a registered pension scheme. However, Warrantheolders should obtain independent advice in relation to the tax treatment of Warrants held within such a SIPP or SSAS.

Taxation of Profits and Gains of United Kingdom resident companies

Parts 5 to 7 of the Corporation Tax Act 2009 apply to "loan relationships" and "derivative contracts" of United Kingdom resident companies and of United Kingdom permanent establishments of non-resident companies. Subject to certain exceptions, where any of Parts 5 to 7 apply to an investment, all income, profits and gains will generally be taxed on an income basis (whether they arise from acquiring, holding, disposing or exercising rights under the contract) consistently with the way those profits are recognised in accordance with United Kingdom generally accepted accounting practice or international financial reporting standards. Accordingly, any income, profit or gains in relation to Warrants which fall within the loan relationships or derivative contracts tax regimes in Parts 5, 6 or 7 will generally be charged to tax as income.

Prospective Warrantheolders should seek their own professional advice in respect of the tax treatment of a Warrant which does not fall into any of these categories.

Stamp Duty and Stamp Duty Reserve Tax ("SDRT") in respect of the Securities

A charge to stamp duty or SDRT may, in certain circumstances, arise on the issue, transfer and/or settlement of Securities and SDRT may also be payable in relation to any agreement to transfer Securities. This will depend upon the Terms and Conditions of the relevant Securities (as amended and supplemented by the applicable Pricing Supplement). Securityholders should take their own advice from an appropriately qualified professional adviser in this regard.

Reporting of information in respect of the Securities

HMRC has powers, in certain circumstances, to obtain information about: payments derived from securities (whether income or capital); certain payments of interest (including the amount payable on the redemption of a deeply discounted security); and securities transactions.

The persons from whom HMRC can obtain information include: a person who receives (or is entitled to receive) a payment derived from securities; a person who makes such a payment (received from, or paid on behalf of another person); a person by or through whom interest is paid or credited; a person who effects or is a party to securities transactions (which includes an issue of securities) on behalf of others; registrars or administrators in respect of securities transactions; and each registered or inscribed holder of securities.

Taxation

The information HMRC can obtain includes: details of the beneficial owner of securities; details of the person for whom the securities are held, or the person to whom the payment is to be made (and, if more than one, their respective interests); information and documents relating to securities transactions; and, in relation to interest paid or credited on money received or retained in the United Kingdom, the identity of the security under which interest is paid. HMRC is generally not able to obtain information (under its power relating solely to interest) about a payment of interest to (or a receipt for) a person that is not an individual. This limitation does not apply to HMRC's power to obtain information about payments derived from securities.

HMRC has indicated that it will not use its information-gathering power on interest to obtain information about amounts payable on the redemption of deeply discounted securities which are paid before 6 April 2015.

In certain circumstances the information which HMRC has obtained using these powers may be exchanged with tax authorities in other jurisdictions.

EU Savings Directive

Under Council Directive 2003/48/EC on the taxation of savings income (which has been implemented into U.K. law), Member States are required to provide to the tax authorities of other Member States details of certain payments of interest or similar income paid or secured by a person established in a Member State to or for the benefit of an individual resident in another Member State or certain limited types of entities established in another Member State.

On 24 March 2014, the Council of the European Union adopted a Council Directive amending and broadening the scope of the requirements described above. Member States are required to apply these new requirements from 1 January 2017. The changes will expand the range of payments covered by the Directive, in particular to include additional types of income payable on securities. They will also expand the circumstances in which payments that indirectly benefit an individual resident in a Member State must be reported. This approach will apply to payments made to, or secured for, persons, entities or legal arrangements (including trusts) where certain conditions are satisfied, and may in some cases apply where the person, entity or arrangement is established or effectively managed outside of the European Union.

For a transitional period, Austria is required (unless during that period it elects otherwise) to operate a withholding system in relation to such payments. The changes referred to above will broaden the types of payments subject to withholding in those Member States which operate a withholding system when they are implemented.

The end of the transitional period is dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries. A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

2. Luxembourg Taxation

The following information is of a general nature only and is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. The information contained within this section is limited to Luxembourg withholding tax issues and prospective investors in the Securities should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a withholding tax or a tax of a similar nature, or to any other concepts, refers to Luxembourg tax law and/or concepts only.

Taxation

Withholding Tax

(i) Non-resident holders of Securities

Under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Securities, nor on accrued but unpaid interest in respect of the Securities, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Securities held by non-resident holders of Securities.

(ii) Resident holders of Securities

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (the "**Relibi Law**"), there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Securities, nor on accrued but unpaid interest in respect of Securities, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Securities held by Luxembourg resident holders of Securities.

Under the Relibi Law, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to an individual beneficial owner who is a resident of Luxembourg or to a residual entity (within the meaning of the laws of 21 June 2005 implementing Council Directive 2003/48/EC of 3 June 2003 on the taxation of savings income and ratifying the treaties entered into by Luxembourg and certain dependent and associated territories of EU Member States (the "**Territories**"), as amended) established in an EU Member State (other than Luxembourg) or one of the Territories and securing such payments for the benefit of such individual beneficial owner will be subject to a withholding tax of 10 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Securities coming within the scope of the Relibi Law will be subject to a withholding tax at a rate of 10 per cent.

3. Spanish Taxation

The following summary is of a general nature and is included herein solely for information purposes. It is based on the laws presently in force in Spain, though it is not intended to be, nor should it be construed to be, legal or tax advice. This section does not constitute a complete description of all the tax issues that may be relevant in making the decision to invest in the Securities or of all the tax consequences that may derive from the subscription, acquisition, holding, transfer, redemption or reimbursement of the Securities and does not purport to describe the tax consequences applicable to categories of investors subject to special tax rules. Prospective investors in the Securities should therefore consult their own professional advisers as to the effects of state, regional or local law in Spain, to which they may be subject.

Individuals with Tax Residence in Spain

N&C Securities

Personal Income Tax

Personal Income Tax is levied on an annual basis on the worldwide income obtained by Spanish resident individuals, whatever the source is and wherever the relevant payer is established. Therefore any income that Spanish N&C Securityholders may receive under the N&C Securities will be subject to Spanish taxation.

Both interest periodically received and income arising on the disposal, redemption or reimbursement of the N&C Securities obtained by individuals who are tax resident in Spain will be regarded as financial income for tax purposes (i.e. a return on investment derived from the transfer of own capital to third parties).

Both types of income will be included in the savings part of the taxable income subject to Personal Income Tax and will be taxed at the following tax rates: (i) for financial income up to EUR 6,000: 20 per cent. as from 1 January 2015 and 19 per cent. as from 1 January 2016 onwards; (ii) for financial income from EUR 6,001 to EUR 50,000: 22 per cent. as from 1 January 2015 and 21 per

Taxation

cent. as from 1 January 2016 onwards; and (iii) for any amount in excess of EUR 50,000: 24 per cent. as from 1 January 2015 and 23 per cent. as from 1 January 2016 onwards.

Spanish N&C Securityholders shall compute the gross interest obtained in the savings part of the taxable base of the tax period in which it is due, including amounts withheld, if any.

Income arising on the disposal, redemption or reimbursement of the N&C Securities will be calculated as the difference between: (a) their disposal, redemption or reimbursement value; and (b) their acquisition or subscription value. Costs and expenses effectively borne by the N&C Securityholder on the acquisition and transfer of the N&C Securities may be taken into account for calculating the relevant taxable income, provided that they can be duly justified.

Likewise, expenses relating to the management and deposit of the N&C Securities, if any, will be tax-deductible, excluding those pertaining to discretionary or individual portfolio management.

Losses that may derive from the transfer of the N&C Securities cannot be offset if the investor acquires homogeneous securities within the two-month period prior or subsequent to the transfer of the N&C Securities, until he/she transfers such homogeneous securities.

Additionally, tax credits for the avoidance of international double taxation may apply in respect of taxes paid outside Spain on income deriving from the N&C Securities, if any.

Wealth Tax

Individuals with tax residence in Spain are subject to an annual Wealth Tax each 31 December which is levied on their total net wealth, regardless of the location of their assets (such as the N&C Securities) or of where their rights may be exercised.

Wealth Tax has been temporarily restored for the tax periods 2014 and 2015. General marginal tax rates currently range between 0.2 and 2.5 per cent., although the tax situation may vary depending on any applicable regional tax laws and some reductions could apply. N&C Securityholders with tax residence in Spain who are under the obligation to pay Wealth Tax must take into account the value of the N&C Securities which they hold as at 31 December each year, when calculating their Wealth Tax liabilities.

Inheritance and Gift Tax

Inheritance and Gift Tax is levied on the transfer of N&C Securities upon death or by gift to Spanish tax resident individuals, with the taxpayer being the transferee (i.e. heirs and donees). It is calculated taking into account several circumstances, such as the age and previous net worth of the heir or donee and the kinship with the deceased person or donor. General tax rates currently range between 7.65 and 34 per cent. depending on the particular circumstances, although the final tax payable may increase up to 81.6 per cent. This is nevertheless subject to the specific rules passed by the relevant Spanish regions with respect to this tax.

Warrants

Personal Income Tax

The premium or amount paid for the subscription of the Warrants would not be considered as a deductible expense, but as the acquisition value, which would include the expenses and commissions, inherent to the acquisition, paid by the acquirer.

Income obtained by the Warrantholders on the transfer of the Warrants before the expiration date, will be considered as capital gains or losses in accordance with the provisions of the Spanish Personal Income Tax Law. The gain or loss shall be calculated as the difference between the transfer value, once any expenses and commissions paid by the taxpayer have been deducted, and the acquisition value, as defined above.

Upon the exercise of the Warrants, income obtained would be considered as a capital gain or loss, which will be calculated as the difference between (i) the value of the cash and/or the market value of the physical amount(s) due in respect of the relevant Warrants once any expenses and commissions paid by the taxpayer have been deducted; and (ii) the acquisition value, as defined above.

Taxation

Failure to exercise any Warrants on the expiration date would give rise to a capital loss on the acquisition value.

Income derived from the transfer or exercise of the Warrants will be included in the savings part of the taxable income subject to Personal Income Tax and will be taxed at the following tax rates: (i) for financial income up to EUR 6,000: 20 per cent. as from 1 January 2015 and 19 per cent. as from 1 January 2016 onwards; (ii) for financial income from EUR 6,001 to EUR 50,000: 22 per cent. as from 1 January 2015 and 21 per cent. as from 1 January 2016 onwards; and (iii) for any amount in excess of EUR 50,000: 24 per cent. as from 1 January 2015 and 23 per cent. as from 1 January 2016 onwards.

Wealth Tax

Individuals with tax residence in Spain are subject to an annual Wealth Tax each 31 December which is levied on their total net wealth, regardless of the location of their assets (such as the Warrants) or of where their rights may be exercised.

Wealth Tax has been temporarily restored for the tax periods 2014 and 2015. General marginal tax rates currently range between 0.2 and 2.5 per cent., although the tax situation may vary depending on any applicable regional tax laws and some reductions could apply. Warrant holders with tax residence in Spain who are under the obligation to pay Wealth Tax must take into account the value of the Warrants which they hold as at 31 December each year, when calculating their Wealth Tax liabilities.

Inheritance and Gift Tax

Inheritance and Gift Tax is levied on the transfer of the Warrants upon death or by gift to Spanish tax resident individuals, with the taxpayer being the transferee (i.e. heirs and donees). It is calculated taking into account several circumstances, such as the age and previous net worth of the heir or donee and the kinship with the deceased person or donor. General tax rates currently range between 7.65 and 34 per cent. depending on the particular circumstances, although the final tax payable may increase up to 81.6 per cent. This is nevertheless subject to the specific rules passed by the relevant Spanish regions with respect to this tax.

Legal Entities with Tax Residence in Spain

N&C Securities

Corporate Income Tax

Both interest periodically received and income arising on the disposal, redemption or reimbursement of the N&C Securities obtained by entities which are resident for tax purposes in Spain shall be computed as taxable income of the tax period in which they accrue.

The general tax rate is 28 per cent. in year 2015 and 25 per cent. from year 2016 onwards. Special rates apply in respect of certain types of entities (such as qualifying collective investment institutions).

Tax credits for the avoidance of international double taxation may apply in respect of taxes paid outside Spain on income deriving from the N&C Securities, if any.

Warrants

Corporate Income Tax

As a general rule, income obtained either through the transfer or the exercise of the Warrants and obtained by taxpayers subject to Corporate Income Tax will be included in their taxable income under the general provisions described for the N&C Securities.

Individuals and Legal Entities with no Tax Residence in Spain

N&C Securities

A non-resident N&C Securityholder, who has a permanent establishment in Spain to which the N&C Securities are effectively connected with, is subject to Spanish Non-Resident Income Tax on any income under the N&C Securities, including both interest periodically received and income arising on the disposal, redemption or reimbursement of the N&C Securities. In general terms, the

Taxation

tax rules applicable to individuals and legal entities with no tax residence in Spain but acting through a permanent establishment in Spain are the same as those applicable to Spanish tax resident Corporate Income Tax payers (see "*Corporate Income Tax*" above).

Warrants

As a general rule, income obtained by a permanent establishment located in Spain of a non-resident would be subject to taxation in a similar way to that applicable to Spanish tax resident Corporate Income Tax payers (see "*Corporate Income Tax*" above).

Spanish withholding tax

Where a financial institution (either resident in Spain or acting through a permanent establishment in Spain) acts as depositary of the Securities or intervenes as manager in the collection of any income under the Securities, such financial institution will be responsible for making the relevant withholding on account of Spanish tax on any income deriving from the N&C Securities (income from the Warrants will not be subject to withholding tax in Spain). Generally the withholding tax rate in Spain is 20 per cent. (it will be reduced to 19 per cent, as from 1 January 2016 onwards).

Amounts withheld in Spain, if any, can be credited against the final Spanish Personal Income Tax liability, in the case of Spanish tax resident individual N&C Securityholders, or against the final Spanish Corporate Income Tax liability, in the case of Spanish corporate N&C Securityholders, or against the final Non-Resident Income Tax liability, in the case of a Spanish permanent establishment of a non-resident N&C Securityholder. However, N&C Securityholders who are Corporate Income Tax payers or Non-Resident Income Tax payers acting through a permanent establishment in Spain to which the N&C Securities are effectively connected can benefit from a withholding tax exemption when the N&C Securities are listed on an OECD official stock exchange. This would be the case as the N&C Securities are expected to trade on the Global Exchange Market of the Irish Stock Exchange and the Euro MTF Market of the Luxembourg Stock Exchange.

Furthermore, such financial institution may become obliged to comply with the formalities set out in the Regulations on Spanish Personal Income Tax (Royal Decree 439/2007, of 30 March) and Corporate Income Tax (Royal Decree 1777/2004, of 30 July) when intervening in the transfer or reimbursement of the N&C Securities.

Indirect taxation

The acquisition, transfer, redemption, reimbursement and exchange of the Securities will be exempt from Transfer Tax and Stamp Duty as well as Value Added Tax.

4. U.S. Taxation

U.S. FEDERAL INCOME TAXATION

The following summary describes certain U.S. federal income tax considerations that may be relevant to a holder who purchases an N&C Security, but does not purport to be a comprehensive description of all of the tax considerations that may be relevant to any particular investor in an N&C Security including tax considerations that arise from rules of general application to all taxpayers or to certain classes of investors or that are generally assumed to be known by investor. In particular, this summary deals only with "U.S. holders" of N&C Securities and addresses only those holders who purchase in the initial offering at the applicable issue price and in whose hands the N&C Securities, or the stock, debt, commodity or other property underlying the N&C Securities would be capital assets for U.S. federal income tax purposes. In addition, this discussion assumes that the N&C Securities that are treated as options for U.S. federal income tax purposes, when issued, are not significantly "in-the-money".

This summary also does not discuss the U.S. federal income tax treatment of a U.S. holder who is a member of a class of holders subject to special rules, such as a dealer in securities, commodities or derivative financial instruments, a trader in securities, commodities or derivative financial instruments that elects to use a mark-to-market method of accounting for securities or commodities holdings, a bank, a life insurance company, a tax-exempt organisation, entities that are treated for U.S. federal income tax purposes as partnerships or other pass-through entities, an investor who purchases an N&C Security with respect to stock in a company that is treated as a passive foreign investment company ("**PFIC**") for U.S. federal income tax purposes, an investor who purchases an N&C Security and holds any other position (whether long or short, direct or indirect) in any asset underlying such option, an investor who purchases an N&C Security that is part of a hedging transaction or that has been hedged against currency

Taxation

risk, an investor who purchases an N&C Security that is part of a straddle or conversion transaction for U.S. federal income tax purposes, an investor who purchases or sells N&C Securities as part of a wash sale for U.S. federal income tax purposes, and an investor whose functional currency for U.S. federal income tax purposes is not the U.S. dollar.

As a consequence of the foregoing, it should be particularly noted that this summary does not address the special tax considerations that apply to an investment in a combination of N&C Securities with respect to the same underlying assets. Further, this summary does not address alternative minimum tax consequences, Medicare contribution tax on net investment income consequences or the indirect effects on the holders of equity interests in a holder of an N&C Security.

Any of the foregoing circumstances might substantially alter the tax consequences described below, and, in some instances, may require specific identification of positions in the relevant N&C Security before the close of the day on which they are acquired. For example, if the straddle rules were to apply, a U.S. holder of an N&C Security might be required to (i) recognise all or a portion of any gain on such N&C Security that would otherwise be long-term or short-term capital gain, as ordinary income or, if applicable, short-term capital gain, (ii) defer all, or a portion, of any loss realised upon the sale, exchange, exercise, cancellation or lapse of such N&C Security and (iii) capitalise any interest or carrying charges incurred by such U.S. holder with respect to such N&C Security.

Special tax rules apply to a United States person, as defined in the U.S. Internal Revenue Code of 1986 and the U.S. Treasury regulations promulgated thereunder, that invests in a debt instrument that is not in "registered form" (as specially defined for applicable U.S. federal income tax purposes). Accordingly, this summary does not address the U.S. federal income tax consequences of an investment by a U.S. holder in a N&C Security that is (or a component of which is) a Bearer N&C Security (other than an Immobilised Bearer N&C Security). U.S. holders should consult their tax advisers with regard to debt instruments that are not in registered form.

This summary does not address the material U.S. federal income tax consequences of every type of N&C Security which may be issued under the Programme. Additional U.S. federal income tax consequences, if any, applicable to a particular N&C Security may be set forth in the applicable Pricing Supplement.

The rules governing the taxation of option transactions and derivative financial instruments are complex and depend on a taxpayer's particular circumstances. U.S. holders are strongly urged to consult their tax advisers concerning the U.S. federal, state, local, foreign and other national tax consequences of the ownership and disposition of N&C Securities in their particular circumstances. U.S. holders should also consult their tax advisers as to the possibility of changes of law affecting taxation of derivative financial instruments with contingent payments, including prepaid forward contracts. Prospective investors should consult their tax advisers regarding the U.S. federal, state, local and foreign tax consequences of acquiring, owning and disposing of the N&C Securities in light of such investor's own circumstances, including such investor's status as a U.S. holder or non-U.S. holder (as defined below), as well as any other estate, gift, or other tax consequences that may arise under the laws of any state, local, foreign or other taxing jurisdiction.

For purposes of this discussion, a "U.S. holder" means a beneficial owner of an N&C Security that is:

- (i) a citizen or individual resident of the United States, as defined in Section 7701(b) of the U.S. Internal Revenue Code of 1986 (the "Code"),
- (ii) a corporation, including any entity treated as a corporation for U.S. federal income tax purposes, created or organised in or under the laws of the United States, any State thereof or the District of Columbia;
- (iii) an estate the income of which is subject to U.S. federal income tax without regard to its source;
- (iv) a trust if (x) a court within the United States is able to exercise primary supervision over the administration of the trust, and one or more United States persons have the authority to control all substantial decisions of the trust, or (y) such trust has a valid election in effect under applicable U.S. Treasury Regulations to be treated as a United States person;
- (v) otherwise subject to U.S. federal income taxation on a net income basis in respect of the N&C Security.

Taxation

If a partnership holds an N&C Security, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. Partners in partnerships holding an N&C Security should consult their tax advisers regarding the U.S. federal income tax consequences of acquiring, owning, exchanging and disposing of the N&C Securities.

This summary is based upon the Code, existing and proposed regulations promulgated thereunder, and published rulings and court decisions, all as in effect and existing on the date of this Information Memorandum and all of which are subject to change at any time with retrospective or prospective effect.

Classification of the N&C Securities

Depending on the terms of an N&C Security, such N&C Security could be treated as one or more of the following: (i) a prepaid forward contract (which, depending on the terms, may be subject to embedded options), (ii) a combination of a loan and a prepaid forward contract, (iii) an outright or constructive ownership interest in the property underlying such N&C Security, or (iv) a debt instrument with or without contingent payments. Additional U.S. federal income tax consequences applicable to a particular issuance of N&C Securities may be set forth in the applicable Pricing Supplement.

The Issuer generally intends to treat N&C Securities issued under the Programme as debt, but other tax treatment may be indicated in the applicable Pricing Supplement. No ruling is being requested from the U.S. Internal Revenue Service ("IRS") with respect to the N&C Securities, and the treatment of the N&C Securities described below is not binding on the IRS or the courts. As a result, significant aspects of the U.S. federal income tax consequences of an investment in the N&C Securities are uncertain and holders may be subject to a variety of U.S. tax consequences depending on the subject and the terms of the N&C Securities. *Holders should consult their own advisers about the tax consequences of purchasing N&C Securities, particularly whether the N&C Securities being acquired could be treated as another type of financial instrument.*

Debt

The following is a summary of the principal U.S. federal income tax consequences of the ownership of N&C Securities treated as debt for U.S. federal tax purposes.

Payment of Interest

Interest on an N&C Security, whether payable in U.S. dollars or a currency, composite currency or basket of currencies other than U.S. dollars ("**foreign currency**" interest on a "**Foreign Currency Security**"), other than interest on a "**Discount Security**" that is not "qualified stated interest" (each as defined below under "*Original Issue Discount — General*"), will be taxable to a U.S. holder as ordinary income at the time it is received or accrued, depending on the U.S. holder's method of accounting for tax purposes. Interest paid by the Issuer on the N&C Securities and original issue discount ("**OID**"), if any, accrued with respect to the N&C Securities (as described below under "*Original Issue Discount*") generally will constitute income from sources outside the United States subject to the rules regarding the foreign tax credit allowable to a U.S. holder. Prospective purchasers should consult their tax advisers concerning the foreign tax credit implications of any payment of foreign taxes in respect of the N&C Securities.

Original Issue Discount

General

The following is a summary of the principal U.S. federal income tax consequences of the ownership of N&C Securities issued with OID. The following summary does not discuss N&C Securities that are characterised as contingent payment debt instruments for U.S. federal income tax purposes (see "*Contingent Payment Debt Instruments*" below). *To the extent the Issuer determines that an N&C Security constitutes a "Contingent Payment Debt Instrument", a more detailed description of the tax considerations relevant to U.S. holders of contingent debt obligations may be provided in the applicable Pricing Supplement.*

An N&C Security, other than an N&C Security with a term of one year or less, will generally be treated as issued with OID (a "**Discount Security**") if the excess of the N&C Security's "stated redemption price at maturity" over its issue price is equal to or more than a *de minimis* amount (0.25 per cent. of the N&C Security's stated redemption price at maturity multiplied by the number of complete years to its maturity). An obligation that provides for the payment of amounts other than qualified stated interest before maturity (an "**instalment obligation**") will be treated as a Discount Security if the excess of the N&C Security's stated redemption

Taxation

price at maturity over its issue price is equal to or greater than 0.25% of the N&C Security's stated redemption price at maturity multiplied by the weighted average maturity of the N&C Security. An N&C Security's weighted average maturity is the sum of the following amounts determined for each payment on an N&C Security (other than a payment of qualified stated interest): (i) the number of complete years from the issue date until the payment is made multiplied by (ii) a fraction, the numerator of which is the amount of the payment and the denominator of which is the N&C Security's stated redemption price at maturity. Generally, the issue price of an N&C Security will be the first price at which a substantial amount of N&C Securities included in the issue of which the N&C Security is a part is sold to persons other than bond houses, brokers, or similar persons or organisations acting in the capacity of underwriters, placement agents, or wholesalers. The stated redemption price at maturity of an N&C Security is the total of all payments provided by the N&C Security that are not payments of "qualified stated interest." A qualified stated interest payment is generally any one of a series of stated interest payments on an N&C Security that are unconditionally payable at least annually at a single fixed rate, or a variable rate (as described below under "*Variable Interest Rate Securities*"), applied to the outstanding principal amount of the N&C Security. Solely for the purposes of determining whether an N&C Security has OID, the Issuer will be deemed to exercise any call option that has the effect of decreasing the yield on the N&C Security, and the U.S. holder will be deemed to exercise any put option that has the effect of increasing the yield on the N&C Security. If an N&C Security has *de minimis* OID, a U.S. holder must include the *de minimis* amount in income as stated principal payments are made on the N&C Security, unless the U.S. holder makes an election to treat all interest as OID.

U.S. holders of Discount Securities must include OID in income calculated on a constant-yield method before the receipt of cash attributable to the income, and generally will have to include in income increasingly greater amounts of OID over the life of the Discount Securities. The amount of OID includible in income by a U.S. holder of Discount Securities is the sum of the daily portions of OID with respect to the Discount Securities for each day during the taxable year or portion of the taxable year on which the U.S. holder holds the Discount Securities. The amount of OID allocable to an accrual period (and pro rata to every day in the accrual period) equals the excess of (a) the product of the Discount Security's adjusted issue price at the beginning of the accrual period and the Discount Security's yield to maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) over (b) the sum of the payments of qualified stated interest on the Discount Security allocable to the accrual period. The "adjusted issue price" of a Discount Security at the beginning of any accrual period is the issue price of the Discount Security increased by (x) the amount of accrued OID for each prior accrual period and decreased by (y) the amount of any payments previously made on the Discount Security that were not qualified stated interest payments.

Election to Treat All Interest as Original Issue Discount

A U.S. holder may elect to include in gross income all interest that accrues on an N&C Security using the constant-yield method described above under "*Original Issue Discount — General*" with certain modifications. For purposes of this election, interest includes stated interest, OID, *de minimis* OID, market discount, *de minimis* market discount, as adjusted by any amortisable bond premium (described below under "*N&C Securities Purchased at a Premium*") or acquisition premium. If a U.S. holder makes this election for the N&C Security, then, when the constant-yield method is applied, the issue price of the N&C Security will equal its cost, the issue date of the N&C Security will be the date of acquisition, and no payments on the N&C Security will be treated as payments of qualified stated interest. This election will generally apply only to the N&C Security with respect to which it is made and may not be revoked without the consent of the IRS. However, if the N&C Security has amortisable bond premium, the U.S. holder will be deemed to have made an election to apply amortisable bond premium against interest for all debt instruments with amortisable bond premium, other than debt instruments the interest on which is excludible from gross income, held as of the beginning of the taxable year to which the election applies or any taxable year thereafter.

Variable Interest Rate Securities

Some of the N&C Securities that provide for interest at variable rates ("**Variable Interest Rate Securities**") will bear interest at a "qualified floating rate" and thus will be treated as "variable rate debt instruments" under Treasury Regulations governing accrual of OID. A Variable Interest Rate Security will qualify as a "variable rate debt instrument" if (a) its issue price does not exceed the total noncontingent principal payments due under the Variable Interest Rate Security by more than a specified *de minimis* amount and (b) it provides for stated interest, paid or compounded at least annually, at current values of (i) one or more qualified floating rates, (ii) a single fixed rate and one or more qualified floating rates, (iii) a single objective rate, or (iv) a single fixed rate and a single objective rate that is a qualified inverse floating rate.

Taxation

A "qualified floating rate" is any variable rate where variations in the value of the rate can reasonably be expected to measure contemporaneous variations in the cost of newly borrowed funds in the currency in which the Variable Interest Rate Security is denominated. A fixed multiple of a qualified floating rate will constitute a qualified floating rate only if the multiple is greater than 0.65 but not more than 1.35, whether or not a variable rate is increased or decreased by a fixed rate. A variable rate that would otherwise constitute a qualified floating rate but which is subject to one or more restrictions such as a maximum numerical limitation (i.e., a cap) or a minimum numerical limitation (i.e., a floor) may, under certain circumstances, fail to be treated as a qualified floating rate unless the cap or floor is fixed throughout the term of the N&C Security.

An "objective rate" is a rate that is not itself a qualified floating rate but which is determined using a single fixed formula and which is based on objective financial or economic information (e.g., one or more qualified floating rates or the yield of actively traded personal property). A rate will not qualify as an objective rate if it is based on information that is within the control of the Issuer (or a related party) or that is unique to the circumstances of the Issuer (or a related party), such as dividends, profits or the value of the Issuer's stock (although a rate does not fail to be an objective rate merely because it is based on the credit quality of the Issuer).

A qualified inverse floating rate is any objective rate which is equal to a fixed rate minus a qualified floating rate, as long as variations in the rate can reasonably be expected to inversely reflect contemporaneous variations in the qualified floating rate.

A qualified floating rate or objective rate in effect at any time during the term of the instrument must be set at a "current value" of that rate – the value of the rate on any day that is no earlier than 3 months prior to the first day on which that value is in effect and no later than 1 year following that first day.

A Variable Interest Rate Security that provides for stated interest at either a single qualified floating rate or a single objective rate throughout the term thereof and that qualifies as a "variable rate debt instrument" will generally not be treated as having been issued with OID unless the Variable Interest Rate Security is issued at a "true discount" (i.e., at a price below the N&C Security's stated principal amount) in excess of a specified *de minimis* amount. OID on a Variable Interest Rate Security arising from true discount is allocated to an accrual period using the constant yield method described above.

In general, any other Variable Interest Rate Security that qualifies as a "variable rate debt instrument" will be converted into an equivalent fixed rate debt instrument for purposes of determining the amount and accrual of OID and qualified stated interest on the Variable Interest Rate Security. Such a Variable Interest Rate Security must be converted into an equivalent fixed rate debt instrument by substituting any qualified floating rate or qualified inverse floating rate provided for under the terms of the Variable Interest Rate Security with a fixed rate equal to the value of the qualified floating rate or qualified inverse floating rate, as the case may be, as of the Variable Interest Rate Security's issue date. Any objective rate (other than a qualified inverse floating rate) provided for under the terms of the Variable Interest Rate Security is converted into a fixed rate that reflects the yield that is reasonably expected for the Variable Interest Rate Security. In the case of a Variable Interest Rate Security that qualifies as a "variable rate debt instrument" and provides for stated interest at a fixed rate in addition to either one or more qualified floating rates or a qualified inverse floating rate, the fixed rate is initially converted into a qualified floating rate (or a qualified inverse floating rate, if the Variable Interest Rate Security provides for a qualified inverse floating rate). Under these circumstances, the qualified floating rate or qualified inverse floating rate that replaces the fixed rate must be such that the fair market value of the Variable Interest Rate Security as of the Variable Interest Rate Security's issue date is approximately the same as the fair market value of an otherwise identical debt instrument that provides for either the qualified floating rate or qualified inverse floating rate rather than the fixed rate. Subsequent to converting the fixed rate into either a qualified floating rate or a qualified inverse floating rate, the Variable Interest Rate Security is converted into an equivalent fixed rate debt instrument in the manner described above.

Once the Variable Interest Rate Security is converted into an equivalent fixed rate debt instrument pursuant to the foregoing rules, the amount of OID and qualified stated interest, if any, are determined for the equivalent fixed rate debt instrument by applying the general OID rules to the equivalent fixed rate debt instrument and a U.S. holder of the Variable Interest Rate Security will account for the OID and qualified stated interest as if the U.S. holder held the equivalent fixed rate debt instrument. In each accrual period, appropriate adjustments will be made to the amount of qualified stated interest or OID assumed to have been accrued or paid with respect to the equivalent fixed rate debt instrument in the event that these amounts differ from the actual amount of interest accrued or paid on the Variable Interest Rate Security during the accrual period.

If a Variable Interest Rate Security, such as an N&C Security the payments on which are determined by reference to an index, does not qualify as a "variable rate debt instrument", then the Variable Interest Rate Security will be treated as a contingent payment debt

Taxation

instrument. Prospective purchasers should consult with their own tax advisers concerning the proper U.S. federal income tax treatment of Variable Interest Rate Securities that are treated as contingent payment debt.

Short-Term N&C Securities

In the case of an N&C Security with a term of one year or less (a "**short-term security**"), the OID rules treat none of the interest payable as qualified stated interest and all of the interest will be included in the N&C Security's stated redemption price at maturity. Thus, all short-term securities will have OID.

In general, an individual or other cash basis U.S. holder of a short-term security is not required to accrue OID for U.S. federal income tax purposes unless it elects to do so (but may be required to include any stated interest in income as the interest is received). In the case of a U.S. holder not required and not electing to include OID in income currently, any gain realised on the sale or retirement of the short-term security will be ordinary income to the extent of the OID accrued on a straight-line basis (unless an election is made to accrue the OID under the constant-yield method) through the date of sale or retirement. U.S. holders who are not required to accrue OID (and do not elect to accrue OID) on short-term securities will be required to defer deductions for interest on borrowings allocable to such securities (in an amount not exceeding the deferred income) until the securities mature or are disposed of in a taxable transaction. Accrual basis U.S. holders and certain other U.S. holders are required to accrue OID on short-term securities with a term of one year or less on a straight-line basis or, if the U.S. holder so elects, under the constant-yield method (based on daily compounding).

N&C Securities Purchased at a Premium

A U.S. holder that purchases an N&C Security for an amount in excess of its principal amount, or for a Discount Security, its stated redemption price at maturity, may elect to treat the excess as "amortisable bond premium", in which case the amount required to be included in the U.S. holder's income each year with respect to interest on the N&C Security will be reduced by the amount of amortisable bond premium allocable (based on the N&C Security's yield to maturity) to that year. Any election to amortise bond premium shall apply to all bonds (other than bonds the interest on which is excludable from gross income for U.S. federal income tax purposes) held by the U.S. holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. holder, and is irrevocable without the consent of the IRS. A U.S. holder that does not elect to take bond premium into account currently will recognise a capital loss when the N&C Security matures.

Purchase, Sale and Retirement of N&C Securities

A U.S. holder's tax basis in an N&C Security will generally be its cost, increased by the amount of any OID included in the U.S. holder's income with respect to the N&C Security and reduced by (i) the amount of any payments that are not qualified stated interest payments, and (ii) the amount of any amortisable bond premium applied to reduce interest on the N&C Security.

A U.S. holder will generally recognise gain or loss on the sale, exchange, retirement or other taxable disposition of an N&C Security equal to the difference between the amount realised on the disposition and the U.S. holder's adjusted tax basis in the N&C Security. Except to the extent described above under "*Original Issue Discount—Short-Term N&C Securities*" or attributable to accrued but unpaid interest or changes in exchange rates, gain or loss recognised on the sale or retirement of an N&C Security will be capital gain or loss and generally will be treated as from U.S. sources for purposes of the U.S. foreign tax credit limitation and may be taxable at reduced rates in the case of a U.S. holder that is an individual, estate or trust, if the N&C Security is held for more than one year. The deductibility of capital losses is subject to limitations.

Foreign Currency Securities

Interest

If an interest payment is denominated in, or determined by reference to, a foreign currency, the amount of income recognised by a cash basis U.S. holder will be the U.S. dollar value of the interest payment, based on the exchange rate in effect on the date of receipt, regardless of whether the payment is in fact converted into U.S. dollars.

An accrual basis U.S. holder may determine the amount of income recognised with respect to an interest payment denominated in, or determined by reference to, a foreign currency in accordance with either of two methods. Under the first method, the amount of

Taxation

income accrued will be based on the average exchange rate in effect during the interest accrual period (or, in the case of an accrual period that spans two taxable years of a U.S. holder, the part of the period within the taxable year).

Under the second method, the U.S. holder may elect to determine the amount of income accrued on the basis of the exchange rate in effect on the last day of the accrual period (or, in the case of an accrual period that spans two taxable years, the exchange rate in effect on the last day of the part of the period within the taxable year). Additionally, if a payment of interest is actually received within five business days of the last day of the accrual period, an electing accrual basis U.S. holder may instead translate the accrued interest into U.S. dollars at the exchange rate in effect on the day of actual receipt. Any such election will apply to all debt instruments held by the U.S. holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. holder, and will be irrevocable without the consent of the IRS.

Upon receipt of an interest payment (including a payment attributable to accrued but unpaid interest upon the sale or retirement of an N&C Security) denominated in, or determined by reference to, a foreign currency, the U.S. holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) equal to the difference between the amount received (translated into U.S. dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into U.S. dollars.

OID

OID for each accrual period on a Discount Security that is denominated in, or determined by reference to, a foreign currency, will be determined in the foreign currency and then translated into U.S. dollars in the same manner as stated interest accrued by an accrual basis U.S. holder, as described above under "*Foreign Currency Securities—Interest*". Upon receipt of an amount attributable to OID (whether in connection with a payment on the N&C Security or a sale of the N&C Security), a U.S. holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) equal to the difference between the amount received (translated into U.S. dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into U.S. dollars.

Bond Premium

Bond premium on an N&C Security that is denominated in, or determined by reference to, a foreign currency, will be computed in units of the foreign currency, and any such bond premium that is taken into account currently will reduce interest income in units of the foreign currency.

On the date bond premium offsets interest income, a U.S. holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) measured by the difference between the spot rate in effect on that date, and on the date the N&C Securities were acquired by the U.S. holder.

Purchase, Sale and Retirement of Foreign Currency Securities

As discussed above under "*Purchase, Sale and Retirement of N&C Securities*", a U.S. holder will generally recognise gain or loss on the sale or retirement of an N&C Security equal to the difference between the amount realised on the sale or retirement and its tax basis in the N&C Security. A U.S. holder's tax basis in a Foreign Currency Security will be determined by reference to the U.S. dollar cost of the N&C Security. The U.S. dollar cost of an N&C Security purchased with foreign currency will generally be the U.S. dollar value of the purchase price on the date of purchase or, in the case of N&C Securities traded on an established securities market, as defined in the applicable Treasury Regulations, that are purchased by a cash basis U.S. holder (or an accrual basis U.S. holder that so elects), on the settlement date for the purchase.

The amount realised on a sale or retirement for an amount in foreign currency will be the U.S. dollar value of this amount on the date of sale or retirement or, in the case of N&C Securities traded on an established securities market, as defined in the applicable Treasury Regulations, sold by a cash basis U.S. holder (or an accrual basis U.S. holder that so elects), on the settlement date for the sale. Such an election by an accrual basis U.S. holder must be applied consistently from year to year and cannot be revoked without the consent of the IRS.

A U.S. holder will recognise U.S. source exchange rate gain or loss (taxable as ordinary income or loss) on the sale or retirement of an N&C Security equal to the difference, if any between the U.S. dollar values of the U.S. holder's purchase price for the N&C

Taxation

Security (or, if less, the principal amount of the N&C Security) (i) on the date of sale or retirement and (ii) the date on which the U.S. holder acquired the N&C Security. Any such exchange rate gain or loss will be realised only to the extent of total gain or loss realised on the sale or retirement.

Disposition of Foreign Currency

Foreign currency received as interest on an N&C Security or on the sale or retirement of an N&C Security will generally have a tax basis equal to its U.S. dollar value at the time the interest is received or at the time of the sale or retirement. Foreign currency that is purchased will generally have a tax basis equal to the U.S. dollar value of the foreign currency on the date of purchase. Any gain or loss recognised on a sale or other disposition of a foreign currency (including its use to purchase N&C Securities or upon exchange for U.S. dollars) will be U.S. source ordinary income or loss.

Substitution of Issuer

The terms of the N&C Securities provide that, in certain circumstances, the obligations of the Issuer under the N&C Securities may be assumed by another entity. Any such assumption might be treated for U.S. federal income tax purposes as a deemed disposition of N&C Securities by a U.S. holder in exchange for new N&C Securities issued by the new obligor. As a result of this deemed disposition, a U.S. holder could be required to recognise capital gain or loss for U.S. federal income tax purposes equal to the difference, if any, between the issue price of the new N&C Securities (as determined for U.S. federal income tax purposes), and the U.S. holder's tax basis in the N&C Securities. U.S. holders should consult their tax advisers concerning the U.S. federal income tax consequences to them of a change in obligor with respect to the N&C Securities.

Other Treatments

Tax Treatment of Prepaid Forward Contracts (With or Without a Loan)

If any N&C Securities are treated as prepaid forward contracts (with or without a loan) for U.S. federal income tax purposes, the following description should apply to such N&C Securities.

Interest Payments

Payments of interest (if any) will be taxable to a U.S. holder as ordinary interest income at the time such payments are accrued or are received (in accordance with the U.S. holder's regular method of tax accounting).

Physical Settlement

If the N&C Securities are treated as (prepaid) forward contracts, a U.S. holder who receives underlying stock or debt pursuant to the settlement of an N&C Security that the U.S. holder has purchased will generally not recognise gain or loss on such settlement. The U.S. holder will generally be treated as acquiring the property underlying the N&C Security, as of the date of settlement, in exchange for the amount that it paid to acquire the N&C Securities.

Cash Settlement, Sale, or Other Disposition of the N&C Securities

If the N&C Securities are treated in whole or in part as prepaid forward contracts, upon the receipt of cash upon settlement of an N&C Security or upon the sale or other disposition of such N&C Security, a U.S. holder generally will recognise taxable gain or loss equal to the difference between the amount realised (generally, the amount of cash received) and such U.S. holder's tax basis in the N&C Security. In general, a U.S. holder's tax basis in an N&C Security will equal the amount that such U.S. holder paid to acquire the N&C Security. Subject to the discussion below under "*Constructive Ownership*," any such gain or loss generally will be long-term capital gain or loss if the N&C Security was held for more than one year at the time of settlement or at the time of sale or other disposition.

Constructive Ownership

Some or all of the net long-term capital gain arising from certain "constructive ownership" transactions may be characterised as ordinary income, in which case an interest charge would be imposed on any such ordinary income. These rules have no immediate

Taxation

application to forward contracts in respect of most property underlying the N&C Securities, because they are only applicable to the extent that the underlying property directly or indirectly includes shares of issuers treated as PFICs or as certain other "pass-through" entities. These rules, however, grant discretionary authority to the U.S. Treasury Department (the "**Treasury**") to expand the scope of "constructive ownership" transactions to include forward contracts in respect of the stock of all corporations, in addition to forward contracts in respect of any debt instrument. The rules also separately direct the Treasury to promulgate regulations excluding a forward contract that does not convey "substantially all" of the economic return on any underlying asset from the scope of "constructive ownership" transactions. It is not possible to predict whether such regulations will be promulgated by the Treasury, or the form or effective date that any regulations that may be promulgated might take.

Interest in the Underlying Property

Depending on the terms of particular N&C Securities, a U.S. holder could be treated as owning the property underlying those N&C Securities for U.S. federal income tax purposes. In that event, for example, in the case of Equity Index/ETF Linked Securities, the U.S. holder would be required to recognise appropriate amounts of capital gain on the disposition of any shares included in the underlying index each time that the particular index is rebalanced. In such a case, such U.S. holder also would be subject to tax on dividends on shares included in the Index in an amount equal to the gross dividends paid by the companies whose shares are included in the Index. In addition, any current expenses (including any withholding taxes) in respect of shares included in the Index would be treated as if made directly by the U.S. holder, and the deductibility of such expenses (or creditability of such withholding taxes) could be subject to certain limitations.

Contingent Payment Debt Instruments

If any N&C Securities are treated as contingent payment debt instruments, the tax consequences to a U.S. holder would be determined under U.S. Treasury Regulations governing contingent payment debt instruments (the "**Contingent Payment Regulations**"). The Contingent Payment Regulations are complex, but very generally apply the OID rules of the Code to a contingent payment debt instrument by requiring that OID be accrued by the U.S. holder every year at a "comparable yield" for the issuer of the instrument, determined at the time of issuance of the obligation. In addition, the Contingent Payment Regulations require that a projected payment schedule, which results in such a "comparable yield" be determined by the issuer. Further, a U.S. holder will be required to make adjustments to income accruals to account for differences between the actual payments received by the U.S. holder and the projected amounts of such payments. To the extent that the actual payments received by a U.S. holder exceed the projected payments on a contingent debt instrument in any taxable year, the owner of that instrument will recognise ordinary interest income for that taxable year equal to the amount of such excess. In addition, any gain realised on the sale, exchange or redemption of a contingent payment debt instrument will be treated as ordinary income. Any loss realised on such sale, exchange or redemption will be treated as an ordinary loss to the extent that the U.S. holder's OID inclusions with respect to the obligation exceed prior reversals of such inclusions required by the adjustment mechanism described above. Any loss realised in excess of such amount generally will be treated as a capital loss.

Loan and One or More Options

If any N&C Securities are treated as a combination of a loan (or deposit) and one or more options, in general, payments of interest (if any) will be taxable to a U.S. holder as ordinary interest income at the time that such payments are accrued or are received (in accordance with the U.S. holder's regular method of tax accounting), while payments in respect of the options would be taxable in a manner described below.

Premium. Premium paid by a U.S. holder in respect of an option will generally be treated as a non-deductible capital expenditure and premium received by a U.S. holder in respect of an option that it is deemed to write will generally not be includible in income upon receipt. As described in the following two sections, the amount of such premium will be taken into account upon the sale, transfer, cash settlement, or lapse of the N&C Security.

Physical Settlement. A U.S. holder who receives the underlying property pursuant to the exercise of an option that the U.S. holder has purchased will generally not recognise gain or loss on such exercise. Instead, the U.S. holder will generally be treated as purchasing the underlying property as of the exercise date in exchange for the sum of the exercise price and the amount of the premium that the U.S. holder paid for the option. The U.S. holder's holding period for the underlying property will begin on the day after the date of exercise or, in the case of stock or corporate securities, on the exercise date.

Taxation

A U.S. holder who delivers the property underlying an option pursuant to the exercise of such option that the U.S. holder has written will generally be treated as selling the underlying property as of the exercise date. Accordingly, such a U.S. holder will generally recognize capital gain or loss equal to the difference between (i) the sum of the exercise price and the amount of the premium that the U.S. holder received for the option and (ii) the U.S. holder's tax basis in the underlying property. Such capital gain or loss generally will be long-term capital gain or loss if the underlying property was held for more than one year.

Sale, Transfer, Cash Settlement, or Lapse. A U.S. holder who has purchased an option will generally recognize capital gain or loss upon the sale, transfer, cash settlement or lapse of the option in an amount equal to the difference between (i) the amount realized by the investor from such sale, transfer, settlement, or lapse and (ii) the amount of the premium that the investor paid for the option. Such capital gain or loss will be long-term capital gain or loss if the option was held for more than one year.

Mark-to-Market Rules. Under Section 1256 of the Code, special mark-to-market and character rules apply in the case of certain "nonequity" options and foreign currency contracts. Unless the N&C Securities (other than N&C Securities denominated in a currency other than the U.S. dollar) are listed on a "qualified board or exchange" for purposes of Section 1256 of the Code, however, these mark-to-market rules will not be applicable to U.S. holders of the N&C Securities. Where relevant, the application of the Section 1256 of the Code rules to N&C Securities denominated in a currency other than the U.S. dollar may be discussed in the applicable Pricing Supplement.

Possible Alternative Tax Treatment

If an N&C Security is treated as a unit consisting of a loan and a forward contract, a U.S. holder could be required to accrue a significant amount of OID on a current basis during the period in which it holds the N&C Security.

It is also possible that future regulations or other IRS guidance would require a U.S. holder to accrue income on the N&C Securities on a current basis. The IRS and the Treasury issued proposed regulations that require the current accrual of income with respect to contingent non-periodic payments made under certain notional principal contracts. The preamble to the regulations states that the "wait and see" method of tax accounting does not properly reflect the economic accrual of income on such contracts, and requires a current accrual of income with respect to some contracts already in existence at the time the proposed regulations were released. While the proposed regulations do not apply to prepaid forward contracts, the preamble to the proposed regulations expresses the view that similar timing issues exist in the case of prepaid forward contracts. If the IRS published future guidance requiring current accrual of income with respect to contingent payments on prepaid forward contracts, it is possible that a U.S. holder could be required to accrue income over the term of the N&C Securities.

On 7 December, 2007, the IRS released a notice (Notice 2008-2) that may affect the taxation of holders of the N&C Securities. According to the notice, the IRS and the Treasury are actively considering whether the U.S. holder of an instrument such as certain N&C Securities should be required to accrue ordinary income on a current basis, and they are seeking taxpayer comments on the subject. It is not possible to determine what guidance they will ultimately issue, if any. It is possible, however, that under such guidance, U.S. holders of the N&C Securities will ultimately be required to accrue income currently and this could be applied on a retroactive basis. The IRS and the Treasury are also considering other relevant issues, including whether additional gain or loss from such N&C Securities should be treated as ordinary or capital, and whether the special "constructive ownership rules" of Section 1260 of the Code might be applied to such N&C Securities. U.S. holders are urged to consult their tax advisers concerning the significance, and the potential impact, of the above considerations. The Issuer intends to continue treating the N&C Securities for U.S. federal income tax purposes in accordance with the treatment described in this Information Memorandum unless and until such time as the Treasury and IRS determine that some alternative treatment is more appropriate.

N&C Securities Denominated in a Specified Currency Other Than the U.S. Dollar

Payments of premium, exercise price, sale proceeds, and cash settlement amounts in respect of N&C Securities that are denominated in a currency other than the U.S. dollar will be subject to special U.S. tax rules regarding foreign currency transactions.

If appropriate, additional U.S. federal income tax consequences may be set forth in the applicable Pricing Supplement. U.S. holders should consult their own tax advisers concerning the application of these rules in their particular circumstances.

Taxation

Information Reporting and Backup Withholding

The relevant Agent may be required to file information returns with the IRS with respect to payments made to certain holders under, or in respect of, the N&C Securities. In addition, certain U.S. holders may be subject to backup withholding tax in respect of such payments if they do not provide their taxpayer identification numbers to the relevant Agent or otherwise comply with the applicable backup withholding requirements.

Backup withholding is not an additional tax. Any amounts withheld from a payment to a holder under the backup withholding rules will be allowed as a credit against the holder's United States federal income tax liability and may entitle the holder to a refund of any excess amounts withheld under the backup withholding rules by timely filing the appropriate claim for refund with the IRS and furnishing all required information.

Foreign Financial Asset Reporting

Certain U.S. holders that own "specified foreign financial assets" that meet certain U.S. dollar value thresholds generally are required to file an information report with respect to such assets with their tax returns. The N&C Securities generally will constitute specified foreign financial assets subject to these reporting requirements unless the N&C Securities are held in an account at certain financial institutions. U.S. holders are urged to consult their tax advisers regarding the application of these disclosure requirements to their ownership of the N&C Securities.

Reportable Transactions

A U.S. taxpayer that participates in a "reportable transaction" will be required to disclose its participation to the IRS. A U.S. holder may be required to treat a foreign currency exchange loss from the N&C Securities as a reportable transaction if the loss exceeds U.S.\$50,000 in a single taxable year, if the U.S. Holder is an individual or trust, or higher amounts for other non-individual U.S. Holders. Accordingly, if a U.S. holder realises a loss on any N&C Security (or, possibly, aggregate losses from the N&C Securities) satisfying the monetary thresholds discussed above, the U.S. holder could be required to file an information return with the IRS, and failure to do so may subject the U.S. holder to penalties. In addition, the Issuer and its advisers may also be required to disclose the transaction to the IRS, and to maintain a list of U.S. holders, and to furnish this list and certain other information to the IRS upon written request. Prospective purchasers are urged to consult their tax advisers regarding the application of these rules to their ownership of the N&C Securities.

5. Hiring Incentives to Restore Employment Act

The U.S. Hiring Incentives to Restore Employment Act introduced Section 871(m) of the Code which treats a "dividend equivalent" payment as a dividend from sources within the United States. Under Section 871(m), such payments generally would be subject to a 30% U.S. withholding tax that may be reduced by an applicable tax treaty, eligible for credit against other U.S. tax liabilities or refunded, provided that the beneficial owner timely claims a credit or refund from the IRS. A "dividend equivalent" payment is (i) a substitute dividend payment made pursuant to a securities lending or a sale-repurchase transaction that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, (ii) a payment made pursuant to a "specified notional principal contract" that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, and (iii) any other payment determined by the IRS to be substantially similar to a payment described in (i) and (ii). Proposed U.S. Treasury Regulations expand the scope of withholding under Section 871(m) beginning 1 January 2016.

While significant aspects of the application of Section 871(m) to the Securities are uncertain, if the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld.

Prospective investors should consult their tax advisers regarding the potential application of Section 871(m) to the Securities.

6. Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the Code ("**FATCA**") impose a new reporting regime and potentially a 30% withholding tax with respect to certain payments to any non-U.S. financial institution (a "foreign financial institution", or "**FFI**" (as defined by FATCA))

Taxation

that does not become a "**Participating FFI**" by entering into an agreement with the IRS to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA. The Issuer and Guarantor are classified as FFIs.

The new withholding regime is now in effect for payments from sources within the United States and will apply to "**foreign passthru payments**" (a term not yet defined) no earlier than 1 January 2017. This withholding would potentially apply to payments in respect of (i) any Securities characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued after the date that is six months after the date on which final U.S. Treasury Regulations defining the term foreign passthru payments are filed with the Federal Register (the "**grandfathering date**"), or which are materially modified after the grandfathering date and (ii) any Securities characterised as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Securities are issued on or before the grandfathering date, and additional Securities of the same series are issued after that date, the additional Securities may not be treated as grandfathered, which may have negative consequences for the existing Securities, including a negative impact on market price.

The United States and a number of other jurisdictions have entered into intergovernmental agreements to facilitate the implementation of FATCA (each, an "**IGA**"). Pursuant to FATCA and the "Model 1" and "Model 2" IGAs released by the United States, an FFI in an IGA signatory country could be treated as a "**Reporting FI**" not subject to withholding under FATCA on any payments it receives. Further, an FFI in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being "**FATCA Withholding**") from payments it makes. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS. The United States and the United Kingdom have entered into an agreement (the "**US-UK IGA**") based largely on the Model 1 IGA.

If the Issuer and Guarantor are treated as Reporting FIs pursuant to the US-UK IGA they do not anticipate that they will be obliged to deduct any FATCA Withholding on payments they make. There can be no assurance, however, that the Issuer and Guarantor will be treated as Reporting FIs, or that they would in the future not be required to deduct FATCA Withholding from payments they make. The Issuer, Guarantor and financial institutions through which payments on the Securities are made may be required to withhold FATCA Withholding if any FFI through or to which payment on such Securities is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA.

Whilst the Securities are in global form and held within the ICSDs, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Securities by the Issuer, the Guarantor, any paying agent and the common depository or common safekeeper, given that each of the entities in the payment chain between the Issuer and the participants in the ICSDs is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Securities. The documentation expressly contemplates the possibility that the Notes may go into definitive form and therefore that they may be taken out of the ICSDs. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA Withholding. However, definitive Notes will only be printed in remote circumstances.

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and model IGAs, all of which are subject to change or may be implemented in a materially different form. Prospective investors should consult their tax advisers on how these rules may apply to the Issuer and to payments they may receive in connection with the Securities.

PROSPECTIVE SECURITYHOLDERS WHO ARE IN ANY DOUBT AS TO THEIR TAX POSITION OR WHO MAY BE SUBJECT TO TAX IN ANY RELEVANT JURISDICTION SHOULD SEEK INDEPENDENT PROFESSIONAL ADVICE.

Certain ERISA Considerations

CERTAIN ERISA CONSIDERATIONS

Unless otherwise provided in the applicable Pricing Supplement, the N&C Securities should be eligible for purchase by employee benefit plans and other plans subject to Title I of the United States Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), and/or the provisions of section 4975 of the Code and by governmental, church and non-U.S. plans that are subject to state, local, other federal law of the United States or non-U.S. law that is substantially similar to ERISA or the Code ("**Similar Law**") subject to consideration of the issues described in this section. ERISA imposes certain requirements on "employee benefit plans" (as defined in section 3(3) of ERISA) subject to ERISA, including entities such as collective investment funds and separate accounts whose underlying assets include the assets of such plans (collectively, "**ERISA Plans**"), and on those persons who are fiduciaries with respect to ERISA Plans. Investments by ERISA Plans are subject to ERISA's general fiduciary requirements, including the requirements of investment prudence and diversification and the requirement that an ERISA Plan's investments be made in accordance with the documents governing the ERISA Plan. The prudence of a particular investment must be determined by the responsible fiduciary of an ERISA Plan by taking into account the ERISA Plan's particular circumstances and all of the facts and circumstances of the investment including, but not limited to, the matters discussed under "*Risk factors*".

Section 406 of ERISA and section 4975 of the Code prohibit certain transactions involving the assets of an ERISA Plan (as well as those plans that are not subject to ERISA but which are subject to section 4975 of the Code, such as individual retirement accounts (together with ERISA Plans, the "**Plans**")) and certain persons (referred to as "**parties in interest**" or "**disqualified persons**") having certain relationships to such Plans, unless a statutory or administrative exemption is applicable to the transaction. A party in interest or disqualified person, including a Plan fiduciary, who engages in a prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code.

The Issuer, the Guarantor, the Dealers, the Agents or any other party to the transactions referred to in this Information Memorandum may be parties in interest or disqualified persons with respect to many Plans. Prohibited transactions within the meaning of section 406 of ERISA or section 4975 of the Code may arise if any of the N&C Securities is acquired or held by a Plan, including but not limited to where the Issuer, the Guarantor, the Dealers, the Agents or any other party to such transactions is a party in interest or a disqualified person. Certain exemptions from the prohibited transaction provisions of section 406 of ERISA and section 4975 of the Code may be applicable, however, depending in part on the type of Plan fiduciary making the decision to acquire any N&C Securities and the circumstances under which such decision is made. Included among these exemptions are section 408(b)(17) of ERISA and section 4975(d)(20) of the Code (relating to transactions between a person that is a party in interest (other than a fiduciary or an affiliate that has or exercises discretionary authority or control or renders investment advice with respect to assets involved in the transaction) solely by reason of providing services to the plan, provided that there is adequate consideration for the transaction), Prohibited Transaction Class Exemption ("**PTCE**") 91-38 (relating to investments by bank collective investment funds), PTCE 84-14 (relating to transactions effected by a qualified professional asset manager), PTCE 95-60 (relating to transactions involving insurance company general accounts), PTCE 90-1 (relating to investments by insurance company pooled separate accounts) and PTCE 96-23 (relating to transactions determined by in-house asset managers). Prospective investors should consult with their advisors regarding the prohibited transaction rules and these exceptions. There can be no assurance that any of these exemptions or any other exemption will be available with respect to any particular transaction involving any N&C Securities.

Governmental plans (as defined in section 3(32) of ERISA) and certain church plans (as defined in section 3(33) of ERISA) and non-U.S. plans (as described in section 4(b)(4) of ERISA), while not subject to the fiduciary responsibility provisions of ERISA or the prohibited transaction provisions of section 406 of ERISA and section 4975 of the Code, may nevertheless be subject to Similar Law. Fiduciaries of any such plans should consult with their counsel before purchasing the N&C Securities to determine the need for, if necessary, and the availability of, any exemptive relief under any Similar Law.

Accordingly, except as otherwise provided in the applicable Pricing Supplement, each purchaser and subsequent transferee of any N&C Securities will be deemed by such purchase or acquisition of any such N&C Securities to have represented and warranted, on each day from the date on which the purchaser or transferee acquires such N&C Securities (or any interest therein) through and including the date on which the purchaser or transferee disposes of such N&C Securities (or any interest therein), either that (a) it is not a Plan or any entity whose underlying assets include, or are deemed for purposes of ERISA or the Code to include, the assets of any Plan or a governmental, church or non-U.S. plan which is subject to any Similar Law or (b) its acquisition, holding and disposition of such N&C Securities (or any interest therein) will not constitute or result in a prohibited transaction under section 406

Certain ERISA Considerations

of ERISA or section 4975 of the Code (or, in the case of a governmental, church or non-U.S. plan subject to Similar Law, a violation of any Similar Law) for which an exemption is not available.

Each Plan fiduciary who is responsible for making the investment decisions whether to purchase or commit to purchase and to hold any of the N&C Securities should determine whether, under the documents and instruments governing the Plan, an investment in such N&C Securities is appropriate for the Plan, taking into account the overall investment policy of the Plan and the composition of the Plan's investment portfolio. Any Plan proposing to invest in such N&C Securities (including any governmental, church or non-U.S. plan) should consult with its counsel to confirm that such investment will not constitute or result in a non-exempt prohibited transaction and will satisfy the other requirements of ERISA and the Code (or, in the case of a governmental, church or non-U.S. plan, any Similar Law).

The sale of any N&C Securities to a Plan is in no respect a representation by the Issuer, the Guarantor, the Dealers, the Agents or any other party to the transactions that such an investment meets all relevant legal requirements with respect to investments by Plans generally or any particular Plan, or that such an investment is appropriate for Plans generally or any particular Plan.

Any further ERISA considerations with respect to the N&C Securities may be found in the relevant Pricing Supplement.

SUBSCRIPTION AND SALE

The Dealers have in an amended and restated Programme Agreement (such Programme Agreement as modified and/or supplemented and/or restated from time to time, the "**Programme Agreement**") dated on or about the date of this Information Memorandum agreed with the Issuer and the Guarantor a basis upon which the Issuer may from time to time agree to issue Securities. Any such agreement will extend to those matters stated under "*Form of the Securities*", "*General Terms and Conditions of the N&C Securities*" and "*General Terms and Conditions of the Warrants*". In the Programme Agreement, the Issuer (failing which, the Guarantor) has agreed to reimburse the Dealers for certain of their expenses in connection with the issue of Securities under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith. The price and amount of Securities to be issued under the Programme will be determined by the Issuer and the relevant Dealer(s) at the time of issue in accordance with prevailing market conditions. The Securities may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Programme Agreement also provides for Securities to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers. If a Tranche of Securities is syndicated, the details of such syndication will be specified in the applicable Pricing Supplement.

In connection with the issue of any Tranche of Securities, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in the applicable Pricing Supplement may over-allot or effect transactions with a view to supporting the market price of the Securities of the Series (as defined below) of which such Tranche forms part at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilisation Manager(s) (or persons acting on behalf of a Stabilisation Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Securities is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Securities and 60 days after the date of the allotment of the relevant Tranche of Securities.

SELLING RESTRICTIONS

1. The Americas

United States of America

Each Dealer has acknowledged, and each further Dealer appointed under the Programme Agreement will be required to acknowledge, that the Securities have not been and will not be registered under the Securities Act, and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. Persons except in accordance with Regulation S or, in respect of the Securities described below, in accordance with Rule 144A under the United States Securities Act of 1933, as amended (the "**Securities Act**") or pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Except as otherwise provided, terms used in the preceding sentence have the meanings given to them by Regulation S under the Securities Act.

A "**U.S. Person**" means any person who is (i) in respect of each Security that is an Immobilised Bearer N&C Security (other than a Permanently Restricted N&C Security), a "U.S. person" as defined in Regulation S under the Securities Act ("**Regulation S**") or (ii) in respect of each Security that is (a) a Bearer N&C Security, (b) a Permanently Restricted N&C Security or (c) a Warrant, a "U.S. person" as defined in Regulation S, the Interpretive Guidance and Policy Statement Regarding Compliance with Certain Swap Regulations promulgated by the Commodity Futures Trading Commission (the "**CFTC**") pursuant to the United States Commodity Exchange Act of 1936, as amended (the "**CEA**") or a person other than a "Non-United States person" as defined in CFTC Rule 4.7 (each such person, a "**U.S. Person**").

Securities in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to United States Persons, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder.

Each Dealer has agreed, and each further Dealer appointed under the Programme Agreement will be required to agree, that except as permitted by the Programme Agreement: (a) it has not offered, sold or delivered Securities and it will not offer, sell or deliver Securities (i) as part of their distribution at any time or (ii) otherwise (except for Bearer N&C Securities,

Subscription and Sale

Permanently Restricted N&C Securities and Warrants) until 40 days after the completion of the distribution of all Securities of the relevant Tranche, within the United States or to, or for the account or benefit of U.S. Persons and only in accordance with Rule 903 of Regulation S or, in the case of Immobilised Bearer N&C Securities (other than Permanently Restricted N&C Securities) if applicable, Rule 144A under the Securities Act and (b) that it will not at any time offer, sell or deliver Bearer N&C Securities, Permanently Restricted N&C Securities or Warrants, or any interest therein, within the United States or to, or for the benefit or account of, U.S. Persons, and it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration that purchases Securities from it or through it during the distribution compliance period, if any, a confirmation or notice setting forth the restrictions on offers and sales of the Securities within the United States or to or for the account or benefit of U.S. Persons.

Interests in the Immobilised Bearer N&C Securities other than Permanently Restricted N&C Securities are being offered and sold only (a) outside the United States to persons other than U.S. Persons ("foreign purchasers", which term includes dealers or other professional fiduciaries in the United States acting on a discretionary basis for foreign beneficial owners, other than an estate or trust) pursuant to Regulation S and (b) to "qualified institutional buyers" ("**QIBs**") within the meaning of Rule 144A, in compliance with Rule 144A.

The Bearer N&C Securities and the Permanently Restricted N&C Securities may not at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. Person and may not be legally or beneficially owned at any time by any U.S. Person. Accordingly, the Bearer N&C Securities and the Permanently Restricted N&C Securities may only be offered and sold in offshore transactions outside the United States to persons that are not U.S. Persons pursuant to Regulation S. Any offer, sale, resale, trade, pledge, redemption, transfer or delivery of Bearer N&C Securities or Permanently Restricted N&C Securities made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. Person will not be recognised.

Except as otherwise provided, terms used in this United States sub-section of "*Selling Restrictions*" have the meanings given to them by Regulation S.

In addition, until 40 days after the completion of the distribution of all N&C Securities (other than Bearer N&C Securities and Permanently Restricted N&C Securities) comprising any Tranche, an offer or sale of such N&C Securities within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Further, no Warrants of any series, or interests therein or Entitlement with respect thereto, may at any time be offered, sold, resold, traded, pledged, redeemed, transferred or delivered, directly or indirectly, in the United States of America (including the states and the District of Columbia), its territories, its possessions and other areas subject to its jurisdiction (the "**United States**") or directly or indirectly offered, sold, resold, traded, pledged, redeemed, transferred or delivered to, or for the account or benefit of, a U.S. Person.

Offers, sales, resales or deliveries of Warrants of any series, or interests therein or any Entitlement with respect thereto, directly or indirectly, in the United States or to, or for the account or benefit of U.S. Persons would constitute a violation of United States securities laws unless made in compliance with the registration requirements of the Securities Act or pursuant to an exemption therefrom. In addition, in the absence of relief from the CFTC, offers, sales, resales, trades or deliveries of Warrants of any series, or interests therein or any Entitlement with respect thereto, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. Persons, may constitute a violation of CEA. Consequently, no U.S. Person may at any time trade or maintain a position in the Warrants, and any offer, sale, resale, trade, pledge, redemption, transfer or delivery of any Securities of any series, or interests therein or any Entitlement with respect thereto, made, directly or indirectly, within the United States or to, or for the account or benefit of, a U.S. Person will not be recognised.

Prior to the delivery of any Entitlement in respect of any Warrants to be settled by way of physical delivery, the holder thereof will be required to represent that, *inter alia*, it is not a U.S. Person, the Warrant was not redeemed on behalf of a U.S. Person and no cash, securities or other property have been or will be delivered within the United States or to, or the account or benefit of, a U.S. Person in connection with any exercise thereof (see Warrant Condition 4.3).

Subscription and Sale

Each issuance of Securities shall be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer may agree as a term of the issuance of such Securities, which additional selling restrictions shall be set out in the applicable Pricing Supplement.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that neither the Issuer nor the Securities have been, and will not be registered at the Chilean Securities and Insurance Commission (*Superintendencia de Valores y Seguros de Chile*) (the "SVS") pursuant to *Ley No. 18,045 de Mercado de Valores* (Securities Market Act), as amended, of the Republic of Chile and, accordingly, each Dealer has represented and agreed that it has not offered or sold, and will not offer or sell, any Securities within Chile or to, or for the account or benefit of persons in Chile except in circumstances which have not resulted and will not result in a public offering in Chile within the meaning of Chilean law.

- (b) The subject matter of the offer are securities not registered with the *Registro de Valores* (Securities Registry) of the SVS, nor with the *Registro de Valores Extranjeros* (Registry of Foreign Securities) of the SVS, due to the Securities not being subject to the oversight of the SVS;
- (c) Since the Securities are not registered in Chile there is no obligation by the Issuer to deliver public information about the Securities in Chile; and
- (d) The Securities may not be sold in a public offering in Chile unless they are registered in the Securities Registry or the Registry of Foreign Securities of the SVS.

De conformidad con la Norma de Carácter General N° 336 (la "NCG 336") de la Superintendencia de Valores y Seguros de Chile (la "SVS"), los valores pueden ser ofrecidos privadamente a ciertos "inversionistas calificados" a los que se refiere la NCG 336. En consecuencia, los valores podrán ser ofrecidos a potenciales inversionistas en Chile, sujeto a las siguientes requisitos:

- (a) *La oferta de los valores se encuentra acogida a la Norma de Carácter General N° 336 de la SVS;*
- (b) *La oferta versa sobre valores no inscritos en el Registro de Valores o en el Registro de Valores Extranjeros que lleva la SVS, por lo que tales valores no están sujetos a la fiscalización de esa Superintendencia;*
- (c) *Por tratarse de valores no inscritos en Chile no existe la obligación por parte del emisor de entregar en Chile información pública sobre los mismos; y*
- (d) *Estos valores no podrán ser objeto de oferta pública en Chile mientras no sean inscritos en el Registro de Valores o en el Registro de Valores Extranjeros que lleva la SVS.*

As a result of the above restrictions, purchasers of Securities in Chile are advised to consult legal counsel prior to making any purchase, offer, sale, resale or other transfer of such Securities.
