Our Terms of Business

Non-advised

For the majority of our products we only provide you with information, not advice, to help you decide if a product is right for you. On products where we do provide advice, we will make this clear to you. Some products are only available via specific channels (e.g. internet only).

Put Simply

We will provide you with a 'non-advised' service, which means we will give you information to help you make your decision.

Regulated

We are authorised and regulated by the Prudential Regulation Authority (PRA) and also regulated by the Financial Conduct Authority (FCA). Our Financial Services Register number is 106054. You can check this on the Financial Services Register by visiting the FCA's website www.fca.org.uk/register. We are a member of the Financial Services Compensation Scheme (FSCS) – ask for a leaflet in branch for more information. We adhere to the Standards of Lending Practice which are monitored and enforced by the LSB: www.lendingstandardsboard.org.uk.

Put Simply

We are authorised and regulated by the Prudential Regulation Authority and also regulated by the Financial Conduct Authority. We are also a member of the Financial Services Compensation Scheme.

Confidentiality

We treat any information you give us confidentially. On joint applications your information may be shared with the other applicant and you must have their permission to provide their information. We may share the information with other companies in the Santander Group, our associated companies and with our service providers and agents, some of whom may be in other countries. We may do this so they can manage your account and to help us develop and improve our products and services. We will ensure your information is used in line with our own strict confidentiality policies and as required under the UK data protection legislation. Information may be shared with our regulators for regulatory purposes. We may use the information to provide you with products and services and for marketing purposes. If you don't want to receive marketing information, just tell us. If we decide to send you marketing about a credit product, we'll check your details at the credit reference agencies to see if it is appropriate to send you the marketing, but a record of this will not be seen by other lenders searching your file. You have a number of rights under data protection legislation. For more information on these ask for a copy of the 'Using My Personal Data' booklet.

Put Simply

The information you give us is treated confidentially, in line with data protection legislation. For more information on your rights you can ask for a copy of the 'Using My Personal Data' booklet.

Credit and other checks

If you apply for a credit / loan product we will perform a 'credit search', where we check details of your credit history with certain credit reference agencies, who will keep a record of that search (including details about your application with us, whether or not it is successful). For a short period of time this can affect your ability to get credit elsewhere. If the results indicate that the credit product that you are seeking would not be suitable, your application may be declined and we will tell you. If your application is accepted we may file details about you and how you manage your account at credit reference agencies. If you are applying for credit with another person (such as with a spouse or business partner), a financial link between the two of you will be created at the credit reference agency. For more information, a leaflet called 'Your application and credit scoring' is available on request. For all applications we will need to carry out some checks, including fraud checks and checking your identity. We'll check your details with fraud prevention and credit reference agencies to check your identity and application details, prevent and investigate crime, trace and recover debt, check insurance claims and for analysis and testing.

Put Simply

If you apply for a credit product, we will carry out a credit search to make a decision on your application and this will be recorded on your credit file. Records will be linked together on joint applications.

Monitoring of communications

Subject to applicable laws, we'll monitor and record your calls, emails, text messages, social media messages and other communications in relation to your dealings with us. We'll do this for regulatory compliance, self-regulatory practices, crime prevention and detection, to protect the security of our communications systems and procedures, to check for obscene or profane content, for quality control and staff training, and when we need to see a record of what's been said. We may also monitor activities on your account where necessary for these reasons and this is justified by our legitimate interests or our legal obligations.

You're free at any time to change your mind and withdraw your consent. The consequence might be that we can't do certain things for you.

Sharing of your personal data

Subject to applicable data protection law we may share your personal data with:

- The Santander group of companies* and associated companies in which we have shareholdings;
- Sub-contractors and other persons who help us provide our products and services;
- Companies and other persons providing services to us;
- Our legal and other professional advisors, including our auditors;
- Fraud prevention agencies, credit reference agencies, and debt collection agencies when we open your account and periodically during your account or service management;
- Other organisations who use shared databases for income verification and affordability checks and to manage/collect arrears;
- Government bodies and agencies in the UK and overseas (e.g. HMRC who may in turn share it with relevant overseas tax authorities and with regulators e.g. the Prudential Regulation Authority, the Financial Conduct Authority, the Information Commissioner's Office);
- Courts, to comply with legal requirements, and for the administration of justice;
- In an emergency or to otherwise protect your vital interests;
- To protect the security or integrity of our business operations;
- To other parties connected with your account e.g. guarantors and other people named on the application including joint account holders who will see your transactions;
- When we restructure or sell our business or its assets or have a merger or re-organisation;
- Market research organisations who help to improve our products or services;
- Payment systems (e.g. Visa or Mastercard) if we issue cards linked to your account, your account is linked to a card on another current account, or as a result of a transfer to another account you receive a card. The Payment systems may transfer your personal data to others as necessary to operate your account and for regulatory purposes, to process transactions, resolve disputes and for statistical purposes, including sending your personal data overseas; and
- Anyone else where we have your consent or as required by law.

International transfers

Your personal data may be transferred outside the UK and the European Economic Area. While some countries have adequate protections for personal data under applicable laws, in other countries steps will be necessary to ensure appropriate safeguards apply to it. These include imposing contractual obligations of adequacy or requiring the recipient to subscribe or be certified with an 'international framework' of protection. Further details can be found in the 'Using My Personal Data' booklet.

Identity verification and fraud prevention checks

The personal data we've collected from you at application or at any stage will be shared with fraud prevention agencies who will use it to prevent fraud and money-laundering and to verify your identity. If fraud is detected, you could be refused certain services, finance or employment in future. We may also search and use our internal records for these purposes. Further details on how your personal data will be used by us and these fraud prevention agencies, and your data protection rights, can be found in the 'Using My Personal Data' booklet.

Credit reference checks

If you've applied for a credit product then in order to process your application, we'll perform credit and identity checks on you at your home address with one or more credit reference agencies. To do this we'll supply your personal data to the credit reference agencies and they'll give us information about you. When we carry out a search at the credit reference agencies they'll place a footprint on your credit file. A credit search may either be: a) a quotation search where a soft footprint is left. This has no effect on your credit score, and lenders are unable to see this; or b) a hard footprint where you've agreed/requested Santander to proceed with your application for credit. This footprint will be viewable by other lenders and may affect your ability to get credit elsewhere. (A credit search is not carried out if you are under 18 or you apply for a Basic Current Account.) We'll also continue to exchange information about you with credit reference agencies while you have a relationship with us. The credit reference agencies may in turn share your personal information with other organisations. Details about your application (whether or not it's successful) will be recorded and we'll give details of your accounts and how you manage them to credit reference agencies. If you do not repay any debt in full or on time, they'll record the outstanding debt and supply this information to others performing similar checks, to trace your whereabouts and to recover debts that you owe. Records remain on file for 6 years after they are closed, whether settled by you or defaulted. A financial association link between joint applicants will be created at the credit reference agencies. This will link your financial records and be taken into account in all future applications by either or both of you until either of you apply for a notice of disassociation with the credit reference agencies.

The identities of the credit reference agencies, and the ways in which they use and share personal information is explained in more detail in the 'Using My Personal Data' booklet, or via the Credit Reference Agency Information Notice (CRAIN) document which can be accessed via any of the following links:

- experian.co.uk/crain
- equifax.co.uk/crain
- transunion.co.uk/crain

Your marketing preferences and related searches

We'll use your home address, phone numbers, email address and social media (e.g. Facebook, Google and message facilities in other platforms) to contact you according to your preferences. You can change your preferences or unsubscribe at any time by contacting us. In the case of social media messages you can manage your social media preferences via that social media platform. If you're over 18, we may search the files at credit reference agencies before sending marketing communications or doing marketing in-branch to you about credit. The credit reference agencies don't record this particular search or show it to other lenders and it won't affect your credit rating. We do this as part of our responsible lending obligations which is within our legitimate interests. If you have previously told us that you don't want information on other products and services or to be included in market research, we'll continue to respect your wishes.

Automated decision making and processing

Automated decision making involves processing your personal data without human intervention to evaluate your personal situation such as your economic position, personal preferences, interests or behaviour, for instance in relation to transactions on your accounts, your payments to other providers, and triggers and events such as account opening anniversaries and maturity dates. We may do this to decide what marketing communications and marketing in-branch is suitable for you, to analyse statistics and assess lending and insurance risks. All this activity is on the basis of our legitimate interests, to protect our business, and to develop and improve our products and services, except as follows; when we do automated decision making including profiling activity to assess lending and insurance risks, this will be performed on the basis of it being necessary to perform the contract with you or to take steps to enter into that contract. Further details can be found in the 'Using My Personal Data' booklet.

Criteria used to determine retention periods (whether or not you become a customer)

The following criteria are used to determine data retention periods for your personal data:

- **Retention in accordance with legal and regulatory requirements.** We'll retain your personal data after your account, policy or service has been closed or has otherwise come to an end based on our legal and regulatory requirements.
