

Understanding your branch closure

Santander, Queen Mary University of London, Christopher France House, Westfield Way, Mile End, London E1 4NS

This branch temporarily closed 18 March 2020 and has permanently closed with immediate effect.

We'd like to explain why, and help you understand how you can continue banking with us.

Background to our approach

Over the last few years, increasingly our customers are changing the way they manage their money. As well as using our branches, more and more people find it convenient to do their day to day banking using online, mobile or telephone banking. As a result, customers are visiting our branches less.

Given this change in our customer's requirements we've undertaken a comprehensive review of our University branch network. This review incorporates analysis and consideration of many factors including where each of our University branches are located and how they are used by our customers. Our branch network remains very important to us and our customers and we're committed to continuing to invest in and develop our branches. However we will be focusing our investment in those locations where our customers need and use our branches the most.

We can assure you that we don't take the decision to close any branch lightly and we assess each branch individually to consider the potential impact for customers and the alternative options available to bank locally.

We hope this leaflet helps to provide more information about our decision to close Queen Mary University of London branch.

Branch assessment

Before reaching the decision to close this branch, a comprehensive internal review was undertaken. Our analysis and considerations included:

- the way our Queen Mary University of London customers are choosing to bank with us
- the availability and proximity of additional Santander branches in surrounding areas
- the availability of alternative ways to bank with Santander
- access to alternative ways to bank in the local area such as the Post Office and cash machines
- the level of facilities provided in the branch.

As a result of our assessment and following careful consideration, we have taken the difficult decision to close Queen Mary University of London branch with immediate effect.
