

Understanding your branch closure

Santander, 12 Orchard Walk,
Runcorn WA7 2BS

This branch will be closing at 4pm on 1 July 2021.

We'd like to explain why, and help you understand how you can continue banking with us.

Background to our approach

Our customers are continuing to change the way they manage their money. As well as using our branches, many more of our customers find it convenient to do their day-to-day banking using Online, Mobile or Telephone Banking. As a result, customers are visiting our branches much less. This change has been happening over a number of years now and has accelerated in recent times.

Due to these changes, we have carefully and thoroughly reviewed the way we develop our services for customers and considered many factors, including where each of our branches are located and how they are used.

We know our branch network remains very important to our customers. Whilst we have made the difficult decision to close some branches, we have only done so where we know there are other facilities our customers can use and where we have another Santander branch within a few miles.

As part of this review, we have assessed each branch individually to consider the potential impact for our customers, colleagues and the alternative options available to bank locally.

We hope this leaflet helps to provide more information about our decision to close Runcorn branch, the alternative ways to continue to bank with Santander and other local banking services available.

Adam Bishop,
Head of Branch Interactions

Branch assessment

Before reaching the decision to close Runcorn branch, a full review of the branch was undertaken, including:

- The way our Runcorn branch customers are choosing to bank with us.
- The proximity of other Santander branches in surrounding areas.
- The availability of alternative ways to bank with Santander, and additional ways to bank locally such as the Post Office and cash machines.
- The impact on our colleagues.

How customers use the branch

	July to December 2019	
	91%	of customers transacting at Runcorn branch already use a variety of ways to complete their banking.
	30%	of Runcorn branch customers also use an additional Santander branch.
	75%	of customers have transacted using our Online, Mobile or Telephone Banking services.

Community Feedback

Following our announcement 2 responses were received from the customers and community groups we wrote to.

The main themes were:

- Overall disappointment at the decision to close the branch.
- Concern about the additional travel needed to visit other branches and ATMs.
- Customers who do not wish or are not able to bank digitally.

We have undertaken the following activities in response to the key areas of concern:

- We are committed to offering our customers a variety of ways to bank locally with Santander, including Telephone, Online or Mobile Banking and the Post Office. Using other Santander branches is just one possible option for customers.
- The Runcorn branch team has been completely focused on helping customers who are affected by the closure and has provided additional support to ensure customers understand the alternatives available. The team has also proactively contacted our elderly customers, regular branch users, customers with a power of attorney or disability registered with us and customers with supported banking in place.
- For customers who are unable or do not wish to access online services, all Santander business, current and savings account card holders can also use all Post Office branches for cash and cheque deposits, withdrawals and to check their account balance. We also have Telephony Advisors who are available to support customers with account management. You can reach them by calling **0800 9 123 123**. We offer a voice recognition facility in Telephone Banking where passwords are not required.
