

Santander Branch Closure Impact Assessment

73 Palmerston Road, Southsea, Hampshire, PO5 3AJ

About Santander

Santander is fully committed to investing in its branch network and over the last three years all of the largest and busiest branches across the UK have been refurbished.

Increasingly however, customers are changing the way they choose to bank with us. In addition to our branches, more and more people are using a range of ways to bank with us including by phone, online, on tablets and smartphones as well as at cash machines and post offices.

Some of our branches are being used less often. This review outlines our approach when considering whether to keep a branch open and our specific review of the Southsea branch.

Access to Banking Protocol

Santander UK is a member of the British Bankers' Association (BBA) and is a signatory to the Access to Banking Protocol which was introduced in May 2015. This is an industry-wide initiative, which aims to ensure that where banks close branches they do so responsibly and with consideration of the impact on local communities.

We don't take the decision to close any branch lightly. For each individual case, we undertake a comprehensive review to understand the potential impact for customers, and the alternative options available to bank locally. Where we do decide to close a branch, we notify customers in advance and engage with the local community, ensuring other ways to bank locally are available. All of our impact assessments are available via our website santander.co.uk.

Branch review

Before reaching a decision to close the branch in Southsea a full internal review of the local area was undertaken, including:

- An assessment of the branch facilities in Southsea and our nearby branches
- The way customers are choosing to bank with us
- The availability of alternative ways a customer can bank with us
- The availability of other ways to bank in the local area.

of customers use Online, Mobile or Telephone Banking services

Community Engagement

Following our announcement to close the branch, we contacted customers and members of the local community to share our decision and to understand the impact it may have:

- We notified community representatives in Southsea including the local Member of Parliament, Flick Drummond MP; the Portsmouth City Council representatives for Southsea Central Ward; the Post Office; Citizen Advice Bureau; Hampshire Chamber of Commerce and the local office of Age UK.
- We wrote to circa 9,000 branch customers to let them know of the closure.
- Posters have been displayed in the branch advising customers of the planned closure dates.
- Leaflets have been provided in the branch outlining the range of alternative ways to bank with us, as well as details of nearby Santander branches.
- Our Branch Manager and team have talked to customers using the branch to explain the alternative options, providing help and guidance where needed.
- Customers have been introduced to our teams in the neighbouring branches in Portsmouth.

Community feedback

- Following our communications, customers have expressed disappointment about the loss of their local branch and the need to travel to neighbouring branches. In total, responses have been received from 8 customers.
- No comments were received from the community representative letters we sent (accurate at date of publication).

Our response and actions taken

- The Southsea branch team have spoken to customers about the alternative ways to access their accounts including using our Online, Mobile and Telephone Banking services as well as using the Post Office.
- A Post Office representative has been advised of the closure. All Santander customers who have a personal current account can use Post Office branches for cash withdrawals, balance enquiries, cash or cheque deposits. Customers wishing to make cash deposits may need to order a new card. To make cheque deposits, paying in slips and envelopes are required. Full details are available at santander.co.uk/help-support/ways-to-bank/banking-at-your-post-office
- Accessibility of neighbouring Santander branches and facilities have been assessed prior to closure and both Portsmouth branches provide step free access for customers.

Our decision

Following our review of both the Southsea branch and other branches within the local area, we made the decision to proceed with the closure of Southsea branch. This decision was not taken lightly and since the announcement was made we have engaged with our customers and the wider community to listen to feedback and understand the impact the closure will have. We concluded that since customers are using the branch less in comparison to other branches in the area, we will proceed with the closure on 12 May 2016.

Customers will have the option not only to use any Santander branch to do their banking, including the Portsmouth and Cosham branches, which are a short distance away, but can also bank through the Post Office, cash machines, Online, Mobile and Telephone Banking.

Customer account numbers and sort codes will stay the same and any standing orders, Direct Debits, cards and PINs will all continue unchanged.
