

Branch Closure Impact Assessment

Santander, 139-143 Stoke Newington High Street, N16 0PG

This branch will be closing on 28 September 2017.
We'd like to explain why, and help you understand
how you can continue banking with us.

Background

Santander UK is a member of UK Finance and is a signatory to the new Access to Banking Standard, a voluntary agreement introduced in May 2017. This aims to ensure that where banks decide to close branches, their customers are communicated with openly and treated fairly.

We don't take the decision to close any branch lightly. We undertake a comprehensive review of each branch to understand the potential impact for customers, and the alternative options available to bank locally. We notify customers and the local community in advance of the branch closure. Branch Closure Impact Assessments can be found on our website santander.co.uk/uk/about-santander-uk/media-centre/press-releases and printed versions are available at the closing branch.

Our approach

We're fully committed to investing in our branch network and, over the last four years, all of our largest and busiest branches across the UK have been refurbished. Increasingly however, customers are changing the way they choose to bank with us. In addition to our branches, more and more people are banking with us by phone, online, on tablets and smartphones as well as at cash machines and post offices.

As a result, some of our branches are being used less often. This review outlines our approach when considering whether to keep a branch open and our specific assessment of the Stoke Newington branch.

Branch assessment

Before reaching a decision to close the branch at Stoke Newington, a full internal review was undertaken, including:

- The facilities in our Stoke Newington and neighbouring branches
- The way customers are choosing to bank with us at this branch
- The availability of alternative ways a customer can bank with us
- The availability of other ways to bank in the local area

Our findings identified that 92% of customers at Stoke Newington branch already use a variety of ways to complete their banking transactions, with just 8% of customers solely using this branch for their banking needs. For this branch, 47% of customers have chosen to transact online, by telephone or using their mobile in the six months to March 2017, as customers increasingly opt to complete day-to-day banking transactions in a range of alternative ways.

Customers are using the Stoke Newington branch less in comparison to other branches including Dalston and Hackney.

For these reasons, we've made the decision to close the branch at Stoke Newington on 28 September 2017.
