Understanding your branch closure

Santander, 127-129 High Street, Wandsworth, London, SW18 4JB

This branch will be closing on 30 May 2019. We'd like to explain why, and help you understand how you can continue banking with us.

Background to our approach

Over the last five years, we've continually invested in our branch network. All of our busiest branches across the UK have been refurbished and we've introduced improved services for our customers, including our new touch screen cash machines. Increasingly however, more of our customers are changing the way they manage their money. As well as using our branches, more and more people find it convenient to do their day to day banking using online, mobile or telephone banking. As a result, customers are visiting our branches less.

Given this change in our customer's requirements we've undertaken a comprehensive review of our branch network. This review incorporates analysis and consideration of many factors including where each of our branches are located and how they are used by our customers. Our branch network remains very important to us and our customers and we're committed to continuing to invest in and develop our branches. However we will be focusing our investment in those locations where our customers need and use our branches the most.

We can assure you that we don't take the decision to close any branch lightly and we assess each branch individually to consider the potential impact for customers and the alternative options available to bank locally.

We hope this leaflet helps to provide more information about our decision to close Wandsworth branch.

Santander

Branch assessment

Before reaching the decision to close this branch, a comprehensive internal review was undertaken. Our analysis and considerations included:

- the way our Wandsworth customers are choosing to bank with us
- the availability and proximity of additional Santander branches in surrounding areas
- the availability of alternative ways to bank with Santander
- access to alternative ways to bank in the local area such as the Post Office and cash machines
- the level of facilities provided in the branch
- property considerations such as expiry of a lease for the branch premises.

As a result of our assessment and following careful consideration, we have taken the difficult decision to close Wandsworth branch on 30 May 2019.
